The Purpose of the Public Hearing is to consider a moratorium regarding any signs and or variances to signs in the Village of Parish.

Mayor Heagle was hoping that Kevin Dwyer would be there as he is on the Planning Board. He stated he went to the Planning Board meeting and feels the Village needs to institute the moratorium into effect until the Village Board and Planning Boards can work out this issue. Mayor Heagle feels it needs to fit building size not business size. He said they have to consider regulations if there is more than one business in one building. He is waiting for the State to set their regulations.

Trustee Allardice asked what the moratorium would mean.

Mayor Heagle stated that a sign no larger than 2ft x 3ft would be the standard for now. He stated the Planning Board is working on the Zoning Laws update with Matt Johnson from Tug Hill and waiting for State regulations.

Meeting was closed at 7:11 pm.

Respectfully submitted,

Patricia French,
Village Clerk
