2

00:00:20.310 --> 00:00:21.030

Village of Parish: You have a question.

3

00:00:22.380 --> 00:00:27.240

Village of Parish: Remember we had to have somebody expect okay for

4

00:00:29.850 --> 00:00:32.310

Village of Parish: its kind in the disease realm.

5

00:00:37.320 --> 00:00:37.860

Village of Parish: Somebody

6

00:00:40.650 --> 00:00:40.890

Village of Parish: Get

7

00:00:42.300 --> 00:00:43.320

Village of Parish: A mood board.

8

00:00:45.720 --> 00:00:47.130

Village of Parish: It's the same world.

9

00:00:49.950 --> 00:00:52.290

Paul Baxter: Thomas in the session here if you want to talk to Tom

10

00:00:52.770 --> 00:00:54.420

11

00:00:54.720 --> 00:00:56.520

Village of Parish: Yeah, we're almost done.

12

00:00:59.610 --> 00:01:02.250

Tom Bullard: Well done. I second that motion to adjourn.

13

00:01:04.080 --> 00:01:04.860

Village of Parish: You would

14

00:01:07.500 --> 00:01:09.960

Village of Parish: Expect it another challenge any cooler.

15

00:01:13.980 --> 00:01:17.010

Village of Parish: Change Everything else is just, okay, that's

16

00:01:18.690 --> 00:01:19.110

Village of Parish: All right.

17

00:01:20.550 --> 00:01:21.870

Village of Parish: So what are we going to deal with that.

18

00:01:24.210 --> 00:01:25.320

Village of Parish: Well, it should be done.

19

00:01:31.980 --> 00:01:32.970

Village of Parish: Having to get us to

20

00:01:36.450 --> 00:01:38.100

Tom Bullard: Where we are we talking about the

21

00:01:39.270 --> 00:01:41.910

Tom Bullard: Main list. Ah, that North railroad Street.

22

00:01:42.180 --> 00:01:44.490

Village of Parish: We're talking about a generator quote

23

00:01:45.630 --> 00:01:51.900

Tom Bullard: Right, that's the main list station that North three hour show we lose power that that generated. So

24

00:01:51.930 --> 00:01:57.630

Village of Parish: Vital. Okay. The thing is, it didn't town which generator. It was

25

00:01:57.990 --> 00:02:00.750

Tom Bullard: Yeah, it's the one on North through our

26

00:02:01.140 --> 00:02:04.200

Village of Parish: Right, because I did the one at the plant a years ago or so.

27

00:02:04.920 --> 00:02:05.250

Yeah.

28

00:02:06.600 --> 00:02:09.510

Tom Bullard: Yeah, the heater was out, we had a an error.

29

00:02:09.840 --> 00:02:10.800

Village of Parish: For a

30

00:02:12.750 --> 00:02:13.410

Village of Parish: While anyway.

31

00:02:15.210 --> 00:02:21.810

Village of Parish: If it's got to be done. I, you know, I'm not going to be around forever, so we might as well get used to having these people do it.

32

00:02:23.400 --> 00:02:28.710

Tom Bullard: And they're more reasonable that somebody to Syracuse going out and finding stuff to do.

33

00:02:29.490 --> 00:02:31.590

Village of Parish: This VM shaver. You know where they're out of

34

00:02:32.910 --> 00:02:34.110

Tom Bullard: They are their local

35

00:02:35.430 --> 00:02:36.030

Tom Bullard: Middle

36

00:02:37.260 --> 00:02:37.530

Tom Bullard: Yeah.

37

00:02:40.290 --> 00:02:41.010

Village of Parish: I think they do.

38

00:02:42.150 --> 00:02:42.330

Tom Bullard: The

39

00:02:43.350 --> 00:02:50.040

Tom Bullard: Math anymore late, but that Alex is the guy that's local here. He lives in Veneto

40

00:02:51.660 --> 00:02:54.000

Village of Parish: Well, doesn't Mindy Graham work for them.

41

00:02:56.280 --> 00:02:56.550

Village of Parish: As

42

00:03:00.570 --> 00:03:03.390

Village of Parish: Well, we just, we got to get it done so.

43

00:03:05.580 --> 00:03:06.450

Village of Parish: Make a motion.

44

00:03:07.860 --> 00:03:08.220

Village of Parish: So,

45

00:03:15.240 --> 00:03:17.790

Village of Parish: We don't have anything more to contribute.

46

00:03:19.980 --> 00:03:25.260

Tom Bullard: Just send an email out to let you know that we are moving along on the airline project.

47

00:03:26.580 --> 00:03:37.170

Tom Bullard: We emptied the big white tank that's out there by the by the by the reactor shop back tomorrow. We're going to move in that because it's reading the line to the new airline

48

00:03:38.730 --> 00:03:49.590

Tom Bullard: Materials being delivered next Wednesday. And we're going to what we're going to do is we're going to, because we have to. There's a minimum amount of concrete that you got to order on the concrete Stanton for the

49

00:03:50.970 --> 00:04:09.570

Tom Bullard: Care for the airline, we're going to add a sidewalk that goes from that Baxter way off the effluent pit and also I pad for the propane tanks and a area around that some tips from the drying bed for the drying visit pumps into the building, we're going to add a

50

00:04:11.160 --> 00:04:21.120

Tom Bullard: pan around that that will be that'll force the water into that pit, rather than having that stand around outside out there like because that backyard gets real wet.

51

00:04:24.660 --> 00:04:25.680

Village of Parish: And what's the sidewalk.

52

00:04:27.780 --> 00:04:43.110

Tom Bullard: Sidewalk is goes back from the steps to the effluent during the one that's a bitch to freakin get the slowly move going that way. So it's much easier for you to have a sidewalk. Plus, we'll get to him for a minimum of four yards a concrete.

53

00:04:44.220 --> 00:04:44.880

Village of Parish: Okay. Oh.

54

00:04:45.150 --> 00:04:51.000

Tom Bullard: The actions are about two yards and so we will use up the rest of it on site.

55

00:04:55.140 --> 00:04:56.820

Tom Bullard: At the four yards of concrete.

56

00:04:56.820 --> 00:05:02.520

Tom Bullard: Was was part of the original price of the unit any i mean that that's not going to add anything extra.

57

00:05:03.720 --> 00:05:04.050

Village of Parish: Right.

58

00:05:04.110 --> 00:05:05.130

Tom Bullard: It's, it's

59

00:05:06.750 --> 00:05:09.420

Village of Parish: Just the question. We didn't know anything about it before.

60

00:05:10.320 --> 00:05:12.090
Village of Parish: Well, do

61

00:05:12.960 --> 00:05:13.680
Tom Bullard: You want it.

62

00:05:14.010 --> 00:05:14.400
Tom Bullard: You know,

63

00:05:14.430 --> 00:05:15.060
Yeah, that's

64

00:05:16.080 --> 00:05:16.650
Tom Bullard: Just coming

65

00:05:17.010 --> 00:05:20.070
Village of Parish: To us it up like the guy says, get it done.

66

00:05:22.050 --> 00:05:35.820
Tom Bullard: And then we're continuing working with the engineers. We had a zoom meeting with them. Last week we discussed certain you know what was going on with a plan, they're looking at different avenues. I'm sure that they got a report coming to you soon.

67

00:05:38.820 --> 00:05:39.330
Village of Parish: Okay.

68

00:05:40.650 --> 00:05:42.090
Village of Parish: Thank you. Okay.

69

00:05:47.190 --> 00:05:47.850
Village of Parish: Have our

70

00:05:48.900 --> 00:05:55.470
Village of Parish: Meeting on June 8 will be will be here, and we've been discussing issues for the

71

00:05:56.640 --> 00:05:57.600
Village of Parish: Questions we have

72

00:05:58.800 --> 00:06:14.010

Village of Parish: As I was saying, send a response letter regarding the violations non compliance back to Mr mechanical address to us. We haven't had bill yet but game a sob story to tell us what tell him what the situation is and

73

00:06:15.930 --> 00:06:29.190

Village of Parish: Finance and our out because we've been doing Band Aid effects. So hopefully they'll take it into consideration. Alright, emotion, on the report from the emotion that we accept it.

74

00:06:33.060 --> 00:06:35.010

Village of Parish: Right and coach.

75

00:06:38.880 --> 00:06:40.260

Village of Parish: For you have in front of you.

76

00:06:42.210 --> 00:06:43.230

Village of Parish: Right to the point

77

00:07:09.240 --> 00:07:12.870

Village of Parish: Comes in. It comes in May. It's about the people still

78

00:07:26.190 --> 00:07:26.700

Village of Parish: This time

79

00:07:52.380 --> 00:07:52.800

For

80

00:07:54.960 --> 00:07:56.520

Village of Parish: The blueberry.

81

00:08:11.970 --> 00:08:13.050

Village of Parish: pulse, motor here.

82

00:08:16.230 --> 00:08:17.070

Village of Parish: Early stages.

83

00:08:18.180 --> 00:08:22.500

Village of Parish: You're fishing keeping here meeting minimum size and

84

00:08:24.030 --> 00:08:28.950

Village of Parish: Yada yada refunds from the conference has been issued a refund.

85

00:08:30.420 --> 00:08:32.730

Village of Parish: They did the planning board on Monday by zoom

86

00:08:35.280 --> 00:08:36.720

Village of Parish: Posting the transcripts.

87

00:08:38.040 --> 00:08:49.200

Village of Parish: textual counselors as a session for the ability to know that girl can post it to the town website domain name religion.

88

00:08:50.370 --> 00:08:54.660

Village of Parish: Is here close to notice about the status of town village offices.

89

00:08:55.920 --> 00:09:05.010

Village of Parish: First phase trans positioning from that and then to the governor had given the different phases, or stages of opening up across the state.

90

00:09:05.790 --> 00:09:18.690

Village of Parish: And you will receive that if I forwarded it to you, but you can if you don't have attended a webinar today, the State Comptroller policies and procedures for municipalities and districts

91

00:09:20.580 --> 00:09:22.410

Village of Parish: You know, we're both on that and

92

00:09:24.690 --> 00:09:27.000

Village of Parish: Good information and stuff that some

93

00:09:29.490 --> 00:09:31.770

Village of Parish: More policy to right after the

94

00:09:34.050 --> 00:09:34.620

Village of Parish: Webinar.

95

00:09:36.060 --> 00:09:47.580

Village of Parish: Or have a bit more powerful they've they've come up with the thing. So I've got to go through what we've already got. And

then we can develop more policies, policies, procedures that internet now.

96

00:09:48.750 --> 00:09:49.980

Village of Parish: Now, and are interested in

97

00:09:51.450 --> 00:09:59.610

Village of Parish: Trying to develop them and they said, Don't rewrite don't redo the with the wheel spin invented don't redo so that's good. All we have to do is find a

98

00:10:00.300 --> 00:10:17.130

Village of Parish: site where they have them and we can just apply it to our size and municipalities. We don't have a binder folder with some policies and procedures probably be a good thing started something. So we've got our folder. But as we add more probably gonna put it in a binder make it more more

99

00:10:18.420 --> 00:10:20.790

Village of Parish: efficient and effective.

100

00:10:22.950 --> 00:10:30.090

Village of Parish: Webinars we're having read pretty regular basis. It was a very good one today and policies and procedures, but she went through it so fast.

101

00:10:31.320 --> 00:10:42.330

Village of Parish: And I normally do, but I downloaded. I think I forwarded to you as a PowerPoint. They used to presenting something the village wants to consider some new

102

00:10:42.780 --> 00:10:50.490

Village of Parish: And some equipment to your computers and may be able to participate in meetings over the Internet, which would make it much more effective and

103

00:10:51.660 --> 00:11:03.000

Village of Parish: Hopefully we'll have committees in meetings, but I guess I can think of for computers that benefits me upgrade Marin, the village clerk treasurer and the wastewater treatment plant, let us know.

104

00:11:06.090 --> 00:11:09.450

Village of Parish: Questions, comments of emotion. Emotion.

105

00:11:16.650 --> 00:11:21.420

Village of Parish: Before I forget, thanks. Jackie, for helping on this know like all

106

00:11:23.010 --> 00:11:23.580

Village of Parish: The others.

107

00:11:24.150 --> 00:11:27.270

Village of Parish: Okay, Jackie. Oh, good. Yep. Thank you.

108

00:11:29.160 --> 00:11:34.860

Village of Parish: Until we get our own equipment. I guess we're going to be able to be dependent on other sources. All right.

109

00:11:37.140 --> 00:11:42.660

Village of Parish: Unfinished Business in the village with carp, they're still as far as we know, going on with

110

00:11:45.870 --> 00:11:46.470

Village of Parish: Think I'm

111

00:11:49.050 --> 00:11:55.470

Village of Parish: Going to depend now around stops and then maybe we just have like a farmers market instead of because we have to be distance

112

00:11:57.660 --> 00:12:09.030

Village of Parish: What we're gonna wait and make with the instead of yes we do you think maybe we could have done it metropark we have to wait and see. Sure, I welcome signs are the

113

00:12:12.030 --> 00:12:22.380

Village of Parish: Signs for the students are supposed to be up here, the banners, the first week of June. Okay. And they were asking for private donations for some of that all sorts of you. So we could get more

114

00:12:23.490 --> 00:12:24.780

Village of Parish: Than his first week of June.

115

00:12:26.280 --> 00:12:29.100

Village of Parish: Did they get businesses to contributor. I don't

116

00:12:31.740 --> 00:12:46.680

Village of Parish: Know if the business is a pretty difficult to get money out of around here. So be interesting to see if they get much and the welcome center on the back burner for now. Okay, we'll see where that goes on or project I'm

117

00:12:48.630 --> 00:12:53.370

Village of Parish: Kind of zoom meeting on the 30th of April presented the

118

00:12:54.390 --> 00:13:09.150

Village of Parish: For proposals that were there and discuss each, and then I have. We're going to do a follow up meeting on the 11th, which was cancelled and following that Mr. Miller and I think see to what he contacted Carrie to

119

00:13:10.230 --> 00:13:24.780

Village of Parish: Suggest that they could shed some light on the proposals that they submitted know where that went. I don't know. And where the status of the proposals, is it right now. I don't know. They have a meeting tomorrow night. Maybe they'll be discussing on the agenda. I'm not sure.

120

00:13:25.950 --> 00:13:33.240

Village of Parish: They do have deadline dates that they have to work within and they did say to us talking, he and he said, you know,

121

00:13:33.870 --> 00:13:44.400

Village of Parish: It's on a first come, first basis. So this and you get in the better you looking so hopefully that'll get them motivated, but I'm not sure whether or the board is standing on any of this.

122

00:13:45.870 --> 00:13:48.660

Village of Parish: Knowledge elections have been rescheduled to September.

123

00:13:49.710 --> 00:13:58.320

Village of Parish: So they pushed it off the phone. Hopefully that data will be effective Community yard sale community cleanup.

124

00:13:59.640 --> 00:14:02.100

Village of Parish: Is probably on hold for right now, Mary.

125

00:14:05.670 --> 00:14:11.070

Village of Parish: What have you guys decided anything about the community cleanup day. Yeah.

126

00:14:12.930 --> 00:14:15.870

Village of Parish: Well, you're canceling it until later. Okay.

127

00:14:17.340 --> 00:14:19.890

Village of Parish: Well for scoring. Absolutely. And

128

00:14:21.840 --> 00:14:36.150

Village of Parish: I think they should have it so I took a while. But everybody wants me to have it. Everybody wants me to have it after if they going to have a garage sale. I don't want that everybody's on society here.

129

00:14:38.430 --> 00:14:43.170

Village of Parish: Or if you were whoever's in JOHN AND I ARE

130

00:14:44.670 --> 00:14:50.850

Village of Parish: Okay, okay. But you got to have a consensus of opinion. Okay. You got it.

131

00:14:51.630 --> 00:15:00.300

Village of Parish: I got an opinion. Pretty sure it's all working to the yard. We can do the cleanup yard sale seats, usually the way we do in the spring with yard sale.

132

00:15:01.470 --> 00:15:02.550

Village of Parish: Manner convenience.

133

00:15:03.570 --> 00:15:06.930

Village of Parish: But if we still everything the way it is right now.

134

00:15:08.550 --> 00:15:10.740

Village of Parish: Yeah, we're thinking about doing it in

135

00:15:12.540 --> 00:15:16.860

Village of Parish: June or July or maybe on your August, you know,

136

00:15:20.700 --> 00:15:21.420

Village of Parish: Step away.

137

00:15:26.760 --> 00:15:28.830

Village of Parish: After summer you get rid of the junk that you

138

00:15:30.000 --> 00:15:31.140

Village of Parish: don't fit in the fall and

139

00:15:33.270 --> 00:15:34.380

Village of Parish: Always in the back.

140

00:15:37.980 --> 00:15:39.210

Village of Parish: Got myself do gave me some

141

00:15:40.710 --> 00:15:45.690

Mary Ann Phillips: So what's your suggestion. I'm gonna, I'm listening because I'm going to ask my board tomorrow night as well.

142

00:15:45.960 --> 00:15:55.440

Mary Ann Phillips: I have no problem doing it, June six, I mean, that's when we plan on doing it. But if we're going to find if we're not fine. What, what do you want to happen because I know the the grass.

143

00:15:55.890 --> 00:16:00.660

Mary Ann Phillips: Grass. Yes, I'm going to be till later it's not necessarily connected to the grind.

144

00:16:01.500 --> 00:16:11.010

Village of Parish: We're not in the class of people was

206

00:22:27.990 --> 00:22:32.250

Village of Parish: So we don't have to worry about. We don't, you don't have any more straight

207

00:22:33.750 --> 00:22:34.080

Village of Parish: Over

208

00:22:37.260 --> 00:22:38.400

Village of Parish: To contact the

209

00:22:47.220 --> 00:22:47.670

Village of Parish: Yeah.

210

00:22:53.850 --> 00:23:03.180

Village of Parish: Webinar policy procedures. All right, this is what I'm saying that they made the print up the PowerPoint and it was a good one talked about a lot of the policies that

211

00:23:03.780 --> 00:23:13.500

Village of Parish: Should be in effect, some of the things that have to be done and then they have requirements and then suggesting controls and things that to be

212

00:23:13.920 --> 00:23:21.990

Village of Parish: Looked at, in one of the things they pointed out, which I thought was interesting is policies and procedures for vehicle and I'm sure we have nothing on my

213

00:23:22.740 --> 00:23:33.780

Village of Parish: Truck nothing to head out of used to it, but any vehicle that we have, you know, in terms of who uses when using mileage and all that kind of stuff. It's never been a problem but

214

00:23:34.980 --> 00:23:44.940

Village of Parish: Now with maybe we've been fortunate, there hasn't been a problem using credit cards, we don't have credit cards, we have one that I think we use for fuel nets all but

215

00:23:45.390 --> 00:23:53.760

Village of Parish: Seven, eight minutes. Apologies. I have a number of those kinds of things. And then when they were addressing to use internet use those kinds of things that

216

00:23:56.310 --> 00:24:02.970

Village of Parish: We really haven't had to deal with. But I suppose if we were bigger municipalities, they become real issues to be dealt with.

217

00:24:05.280 --> 00:24:14.310

Village of Parish: You know feelings or anything about that, that you think we need to dress and make sure that we're on top of, let me know otherwise. So, in time, we'll get those to

218

00:24:15.060 --> 00:24:24.270

Village of Parish: You for this talk. Yeah. Okay. And there was a number of sites on there that were part of the webinar. So you might want to check the different ones in their

219

00:24:26.580 --> 00:24:31.590

Village of Parish: Maintenance requests we had a request from then we need a new vacuum cleaner.

220

00:24:32.970 --> 00:24:43.320

Village of Parish: And the one that we've got. Is it works, but it doesn't have a good section to it. So he was requesting another vacuum cleaner vacuum cleaner, you know,

221

00:24:45.660 --> 00:24:49.830

Village of Parish: I don't know. Do you ever watch TV is no one up tell

222

00:24:54.990 --> 00:24:55.980

Village of Parish: Me the hoses o'clock.

223

00:25:13.740 --> 00:25:16.350

Village of Parish: Know, knowing they run anywhere from

224

00:25:18.240 --> 00:25:23.130

Village of Parish: You know, what do you go get it, go share one or just playing back and use them out.

225

00:25:25.440 --> 00:25:27.120

Village of Parish: Three offices upstairs.

226

00:25:28.620 --> 00:25:31.290

Village of Parish: main office in court room here to

227

00:25:35.130 --> 00:25:35.670

Village of Parish: Number one.

228

00:25:38.130 --> 00:25:52.230

Village of Parish: chick fil a was running about, getting worse. More hundred on. Oh yeah, he said he has an industrial one into vacuum in the shampoo. Sure, but it Sears and he said he doesn't believe he could get base anywhere for

229

00:25:55.260 --> 00:25:58.110

Village of Parish: ME HIT based on line. Yeah, probably.

230

00:25:59.730 --> 00:26:07.860

Village of Parish: Do other things that you can do everything you can just need all kinds of values like a model number of spanking or someone to find them. You

231

00:26:09.990 --> 00:26:12.270

Village of Parish: Will that solve this problem with the data online.

232

00:26:13.620 --> 00:26:18.780

Village of Parish: Presence. I don't know what he's. I mean, he told me he has this vacuum, whether it's, you know,

233

00:26:19.860 --> 00:26:21.750

Village of Parish: Okay, what don't do big data.

234

00:26:23.730 --> 00:26:37.530

Village of Parish: Size. You never said, where he got it or what you just said the industrial went home that was also a shampoo. But it was a serious brand and he didn't think anyone could ever get any more banking banks for so

235

00:26:39.870 --> 00:26:43.590

Village of Parish: serial number and everything we've got a bag in there with have a number on it.

236

00:26:46.470 --> 00:26:49.680

Village of Parish: Google it on chat for everybody.

237

00:26:52.230 --> 00:27:03.000

Village of Parish: I mean, you know, if he actually does have it. It's not one of those fantasies or something like, oh, we don't know. I don't know, there's anything wrong with the vacuum cleaner that I gave

238

00:27:08.400 --> 00:27:10.470

Village of Parish: The book every three, four months.

239

00:27:13.560 --> 00:27:25.080

Village of Parish: Alright. Continuing on, and we'll see where we go with that we can find out I have the shared copier in the office, we use with the town and you have the information that the

240

00:27:26.130 --> 00:27:28.050

Village of Parish: Company responded to Kelly.

241

00:27:29.310 --> 00:27:39.900

Village of Parish: And we've kind of village work together and within a six month basis. The town's been paying for six months on the village will pick up in July.

242

00:27:41.190 --> 00:27:41.940

Village of Parish: And

243

00:27:43.500 --> 00:27:48.300

Village of Parish: Then the least for another year to two years interested in getting your thoughts on that so

244

00:27:52.950 --> 00:27:55.170

Village of Parish: Emotion to continue working with the

245

00:28:00.840 --> 00:28:02.250

Village of Parish: Dog already made emotion, but

246

00:28:07.110 --> 00:28:08.190

Village of Parish: You talk to you.

247

00:28:14.280 --> 00:28:16.230

Village of Parish: All in favor of this. Thank you.

248

00:28:17.490 --> 00:28:20.580

249

00:28:21.960 --> 00:28:22.530
