Village of Parish: People

34

00:04:38.040 --> 00:04:38.250

All

39

00:05:28.080 --> 00:05:28.590

Village of Parish: Trying to get

40

00:05:30.330 --> 00:05:33.810

Village of Parish: not here yet. But I'll keep an eye open for him as he shows

43

00:06:12.660 --> 00:06:14.160

Village of Parish: To me the other day I got two

44

00:06:15.870 --> 00:06:18.690

Village of Parish: And a variety of topics covered that.

45

00:06:19.740 --> 00:06:20.370

Village of Parish: Relate to us.

46

00:06:21.690 --> 00:06:22.080

Village of Parish: Now,

47

00:06:23.580 --> 00:06:24.210

Village of Parish: Of interest.

48

00:06:25.470 --> 00:06:30.990

Village of Parish: Yeah, a lot of that will cover last morsel of it.

49

00:06:33.690 --> 00:06:39.750

Village of Parish: And tomorrow night's Tumblr meeting my quite a bit of interest to

50

00:06:42.240 --> 00:06:44.670

Village of Parish: Anticipate where information.

51

00:06:50.670 --> 00:06:51.870

Village of Parish: Is there and available.

52

00:06:53.760 --> 00:06:57.510

Village of Parish: On the water. Right. Yes. And you are talking

53

00:06:58.590 --> 00:06:58.800

Village of Parish: From

54

00:06:59.940 --> 00:07:02.550

Village of Parish: Watertown will be there hearing them.

55

00:07:16.050 --> 00:07:18.840

Village of Parish: Sewer water report the camera.

56

00:07:23.640 --> 00:07:26.250

Village of Parish: Was conducted similar the average

57

00:07:35.580 --> 00:07:36.450

Village of Parish: So,

58

00:07:44.550 --> 00:07:44.940

Village of Parish: Much

59

00:07:46.920 --> 00:07:54.720

Village of Parish: Fire going back in June 25 there was one column for this month through the streets of station.

60

00:07:57.000 --> 00:08:14.040

Village of Parish: I had a memo from Ken and a conversation with time, the DEC today talked about the notice of violation that wouldn't be selling as for the syllable solids violation and upcoming consent order, the order

61

00:08:16.410 --> 00:08:19.920

Village of Parish: To get points for grants. I know this is oppressive system.

62

00:08:21.960 --> 00:08:34.530

Village of Parish: consent order gives us 20 points towards getting some kind of help 20 points a deal when you look at the scoring system unfortunately only send a file with a concern or we talked about it in terms of that.

63

00:08:35.610 --> 00:08:40.410

Village of Parish: He would work to keep the fine and 1000 knowledge which is the minimum plan. I can give them any

64

00:08:41.520 --> 00:08:42.390

Village of Parish: Situation.

65

00:08:46.530 --> 00:08:47.460

Village of Parish: conference call.

66

00:08:52.200 --> 00:08:54.630

Village of Parish: Will be upcoming it gets arranged

67

00:08:58.320 --> 00:09:01.230

Village of Parish: For future projects listed there and they realize

68

00:09:04.890 --> 00:09:06.690

Village of Parish: Results of the testing.

69

00:09:10.440 --> 00:09:12.240

Village of Parish: Have anything that he wants to say

70

00:09:19.350 --> 00:09:23.340

Tom: There are no the dog squeaky squeaky toy. What was the question.

71

00:09:23.940 --> 00:09:26.430

Village of Parish: There anything you want to contribute to your report.

72

00:09:26.760 --> 00:09:39.300

Tom: I really we're continuing to work on the airline. We got the temporary thing set up a temporary or setup we board a hole through the wall between the blower room and the

73

00:09:42.870 --> 00:09:48.450

Tom: Influence room will get the second home tomorrow and we finally got all the materials that we had some trouble.

74

00:09:48.840 --> 00:10:07.590

Tom: Getting some of these materials in because of the coven thing. I mean, I'm sure everybody's had that problem. But I think we're all set. As of now, all the cement springboard sidewalks in we're pretty good shape. We're looking hopefully the finished the airline by the end of next week.

75

00:10:10.740 --> 00:10:11.310

Village of Parish: Was good

76

00:10:12.300 --> 00:10:16.380

Tom: Oh, well, you know, it's just a rough sidewalk and, you know,

77

00:10:16.920 --> 00:10:20.460

Tom: Okay, so it was, it was really hot. That day like

78

00:10:21.720 --> 00:10:22.560

Village of Parish: Mine does look good.

79

00:10:23.160 --> 00:10:23.880

Tom: Oh, thank you.

80

00:10:24.360 --> 00:10:25.740

Village of Parish: For the tubes do that.

81

00:10:26.850 --> 00:10:31.020

Tom: While the tubes, you won't even see those truths. When we get done putting the pipe on there.

82

00:10:32.160 --> 00:10:34.650

Village of Parish: Are you going to put dirt all out there.

83

00:10:35.730 --> 00:10:37.320

Tom: Now you'll see when we get done.

84

00:10:37.440 --> 00:10:43.140

Tom: We have standards. Add to that to that we have to add to that those tubes.

85

00:10:43.740 --> 00:10:44.190

All right.

86

00:11:02.400 --> 00:11:02.820

Right there.

87

00:11:12.000 --> 00:11:12.840

Village of Parish: We're just you.

88

00:11:14.310 --> 00:11:16.410

Village of Parish: Know maybe I just stopped the session.

89

00:11:17.910 --> 00:11:19.200

Tom: Know I'm sure I'm sure you

90

00:11:20.190 --> 00:11:27.870

Village of Parish: Must have just knocked down or something then next couple in the next well but the end of the month, we wanted to see if I can get up.

91

00:11:28.950 --> 00:11:31.710

Village of Parish: I think I never you guys will all be hired and stuff.

92

00:11:32.460 --> 00:11:33.060

Tom: Oh, good.

93

00:11:33.450 --> 00:11:34.050

Village of Parish: There we go.

94

00:11:35.340 --> 00:11:38.940

Village of Parish: But when you're going to have the pipe out of the way so we can put it right there.

95

00:11:39.990 --> 00:11:40.620

Tom: Next week,

96

00:11:41.280 --> 00:11:42.180

Village of Parish: Next week, okay.

97

00:11:44.970 --> 00:11:51.750

Village of Parish: Very good. Thank you, Tim. I spoke to me, give me a call and they're a great rental review is

98

00:11:51.750 --> 00:11:52.530

Tom: under way.

99

00:11:53.820 --> 00:12:04.320

Village of Parish: He had spoken to Ken about the steel fighting versus the stainless steel and it was agreed for the pricing on that one, because it was just beyond

100

00:12:05.070 --> 00:12:14.880

Village of Parish: Our capability. So they both agreed that it was sensible, the way we're going to still clapping is okay and I have read and one of the

101

00:12:15.690 --> 00:12:29.100

Village of Parish: Maintenance magazines. It needs to be addressed or maintained on a regular basis. So we need to be sure that it's being monitored and if it needs maintenance that gets included in the work that has to get done.

102

00:12:30.780 --> 00:12:39.930

Village of Parish: He said that the environmental or the engineering, of course, will be available next month for August. So the brain. He'll be here for us.

103

00:12:48.390 --> 00:12:52.290

Village of Parish: Questions emotion. Emotion we accepted as a

104

00:13:00.300 --> 00:13:00.660

Village of Parish: Hi.

105

00:13:03.210 --> 00:13:08.220

Village of Parish: Everybody should have received the report box. I'm here to answer any questions.

106

00:13:10.290 --> 00:13:10.980

Village of Parish: And the way things

107

00:13:33.210 --> 00:13:33.930

Village of Parish: Or additions.

108

00:13:35.040 --> 00:13:35.790

Village of Parish: Additions

109

00:13:49.980 --> 00:13:52.530

Village of Parish: Everybody sitting home building something or trying to

110

00:13:59.640 --> 00:14:02.160

Village of Parish: Make a motion to accept it as a present.

111

00:14:26.040 --> 00:14:26.430

Village of Parish: Here.

112

00:14:28.650 --> 00:14:38.550

Village of Parish: Okay, the total Commission offices are still operating in a 50% occupancy level with the schedule for the Watertown based path where at any given time.

113

00:14:39.120 --> 00:14:49.920

Village of Parish: Half the staff is in order to office happens so working from home and technical staff that are available for meetings. We're you dispel the as evidence by met him down to talk to you tonight so

114

00:14:51.600 --> 00:15:06.420

Village of Parish: governor's executive order, allowing remote meetings and public hearings finding such as soon as that extended until August 6 and we're doing tonight. And if there's any other time that will be helpful in the planning board with that as well. Please keep that in mind.

115

00:15:07.500 --> 00:15:16.410

Village of Parish: I thought I mentioned that since the local government conference and our cancelation the local government captains, we've been trying to bring you some of the content that we would have had a campus through

116

00:15:16.740 --> 00:15:22.020

Village of Parish: Zoom conferences and webinars and such. And I thought I'd mentioned that the mission has the

117

00:15:22.500 --> 00:15:37.170

Village of Parish: YouTube channel where past webinars and other training materials available for you to review at your convenience. So have a look at that link if you're interested or just go to YouTube and you search on toggle. I think you'll find it.

118

00:15:38.460 --> 00:15:38.760

Village of Parish: The

119

00:15:40.350 --> 00:15:51.630

Village of Parish: Issue of the Tokyo Commission's annual report Headwaters went off during the period that I was not able to travel for work in 10 meetings. So everybody should have returned to copy that looks like this.

120

00:15:52.110 --> 00:16:07.680

Village of Parish: Should have gotten in the mail. But if you did not get a copy, let me know. I'd be happy to give you a copy. And I'd also like to check what information we have on file for you for a mailing address so that you get it in the future and other such mailing knows me now.

121

00:16:10.020 --> 00:16:12.090

Village of Parish: Some people might have got it by email, rather than my

122

00:16:18.150 --> 00:16:18.780

Village of Parish: Information

123

00:16:33.750 --> 00:16:35.100

Village of Parish: Is when you talk about

124

00:16:38.550 --> 00:16:40.770

Village of Parish: Custom development for you on the computer fraud.

125

00:16:41.790 --> 00:16:44.070

Village of Parish: It's their first, as I mentioned previously,

126

00:16:45.390 --> 00:16:50.370

Village of Parish: Microsoft stopped updating Windows seven. Earlier this year, which meant that computers running Windows seven.

127

00:16:50.910 --> 00:17:00.240

Village of Parish: We upgraded her place. Now, in some cases, the computers were old enough that it was more practical thing to replace them rather than deal with the complications that sometimes go along with upgrades.

128

00:17:01.080 --> 00:17:10.890

Village of Parish: And then the coronavirus came along and that change things. And one thing to put money in your life to spend on a computer, but it's another thing to have the revenue expect that spending. And as you probably heard

129

00:17:11.490 --> 00:17:16.500

Village of Parish: Some of those revenues are looking chart. So I thought I'd take another look at your existing computers.

130

00:17:17.250 --> 00:17:24.600

Village of Parish: And see what we might be able to do to use them to Windows 10 rather than spend the money on replacing and I'm pleased to report this path.

131

00:17:25.110 --> 00:17:42.870

Village of Parish: Both the village place computer and the village creditors computer took to that. Well, the conversion and I heard no complaints and when I tested them afterwards they look like they were working just fine. So we may have saved the village somebody by

132

00:17:44.580 --> 00:17:50.550

Village of Parish: Have to make on those right now, no computer to go. They do need to be replaced. Sooner or later, but the main

133

00:17:51.120 --> 00:18:01.500

Village of Parish: Well, that was the thing I noticed Harry right after that, oh, where's computer has been upgraded to Windows 10 I think was a year ago, and that is working.

134

00:18:02.130 --> 00:18:19.380

Village of Parish: Satisfactorily as well, although that is a little bit older than the computer generation. The clerk and the treasure around so probably she needs a new computer sooner than the clerk for treasure above the one down at the wastewater treatment. But that's a very next point in my

135

00:18:20.970 --> 00:18:21.750

Village of Parish: Reading ahead.

136

00:18:23.550 --> 00:18:31.110

Village of Parish: Sorry about that. Yeah, the one computer where it might still be necessary to consider replacement and sooner rather than later, as in this fiscal year.

137

00:18:31.620 --> 00:18:42.840

Village of Parish: And hopefully sooner than that isn't wastewater treatment they have an old computer. They're using down, they're still working. But it's not currently supported by Microsoft. So it's not secure

138

00:18:43.500 --> 00:18:50.610

Village of Parish: When he replaces the village clerks computer that computer with to become the new wastewater treatment that computer, but that is not

139

00:18:51.360 --> 00:18:59.520

Village of Parish: Taking to the windows 10 upgrade. Unfortunately, it was fine. When I left service with a village work that was in the Windows seven computer

140

00:18:59.940 --> 00:19:10.260

Village of Parish: And we don't want to continue using it as a Windows seven computer. So I'd like to talk to you about how we want to proceed to replace it definitely does need replacement and

141

00:19:10.740 --> 00:19:18.390

Village of Parish: When you put money in your budget for computer replacement. So you might need to juggle a little bit, but I think that would be a wise place to spend some money.

142

00:19:19.140 --> 00:19:29.370

Village of Parish: I didn't talk to Tom about some various options on computer replacement one services or found a call tiger direct that have very good

143

00:19:29.970 --> 00:19:36.300

Village of Parish: Very competitive prices and we're talking about brand name computers like bells and blue nobles and so on.

144

00:19:36.720 --> 00:19:43.230

Village of Parish: The only problem is, I haven't figured out yet how that would be paid for, because I think they might require a credit card.

145

00:19:43.740 --> 00:19:50.010

Village of Parish: And I think probably that would not be a tax exempt purchase, which would mean as when we did put it on a credit card.

146

00:19:50.700 --> 00:19:57.090

Village of Parish: It would be, it would involve reversing somebody or tails tactic that otherwise.

147

00:19:57.660 --> 00:20:04.890

Village of Parish: Might not have to pay. However, some of these computers are as much as 50% cheaper than going and buying that same computer do so.

148

00:20:05.370 --> 00:20:13.710

Village of Parish: We might be spending \$20 in sales tax but saving \$200 in the purchase price. And like I said, the whole time and I have had

149

00:20:14.310 --> 00:20:22.650

Village of Parish: Long term satisfactory experiences with dealing with a particular vendor and I can take a look around and see if we can find some other place where we might be able to buy one and

150

00:20:24.090 --> 00:20:30.300

Village of Parish: Have the village pay for it directly in around having to pay sales tax. We don't have to take that tonight, but I wanted to

151

00:20:30.930 --> 00:20:39.720

Village of Parish: Talk to you about my strong recommendation to replace that computer and it sounds Okay view I can continue to investigate what that is and

152

00:20:40.080 --> 00:20:48.030

Village of Parish: You can either authorize you to go ahead of its hundred \$500 or we could make back next month's meeting, whatever your preferences. I make a motion that we

153

00:20:50.100 --> 00:20:50.760

Village of Parish: Are looking

154

00:20:52.860 --> 00:21:02.190

Village of Parish: Like, we should be able to find one for \$500 and go ahead and start looking in whatever you did before.

155

00:21:04.860 --> 00:21:07.020

Village of Parish: And I will, I will get you guys's

156

00:21:12.300 --> 00:21:13.440

Village of Parish: Alex, I think we can do in

157

00:21:17.940 --> 00:21:26.940

Village of Parish: Here, replacing nine I can't go to the plan now because the actually the computer that I had intended that was for that plan.

158

00:21:28.620 --> 00:21:41.640

Village of Parish: Is the same generation is the village clerks computer that is not now up to that. So I don't know what the differences between your computer and her for computer. It's the same Bell, it's the same. I think it's the

159

00:21:42.960 --> 00:21:43.830

Village of Parish: Link to the

160

00:21:45.480 --> 00:21:56.010

Village of Parish: Model. Is there a call. But it's, I noticed when I was up working on yours recently that that appear to be the same generation is the one that you're using, which is working, but this one for some reason.

161

00:21:56.910 --> 00:22:07.350

Village of Parish: So, so sometimes computers that appear the same with the same model number are a little bit different terms of the components, they wind up sticking in. And for that reason, sometimes they're not competitive.

162

00:22:08.640 --> 00:22:19.680

Village of Parish: But yeah, your, your competitor competitor. Like I said, to be honest, it's on its last legs. Okay so old. So basically we're going to have to get something for down there. All the wastewater treatment plant.

163

00:22:22.500 --> 00:22:23.130

Village of Parish: Sure we're playing

164

00:22:24.990 --> 00:22:36.210

Village of Parish: So while you're looking new row seating fun just better than what I would be fine there. And like I said, the mayor's computer is fine as long as you're satisfied with it.

165

00:22:37.560 --> 00:22:45.390

Village of Parish: As long as it continues to work, then I'd say continue to use it as long as it does, but at some point in time we should think about

166

00:22:47.040 --> 00:22:52.770

Village of Parish: Replacing it because there's there's two types of computers. I've been thinking I've been doing the same thing with a town.

167

00:22:53.550 --> 00:23:00.660

Village of Parish: And the town has a computer that's in a position where if it broke. They wouldn't be out of business that that

168

00:23:01.620 --> 00:23:11.550

Village of Parish: Wasn't the place tomorrow, but in the mayor's case use that all the time. I'm using it for email and webinars and so on. So you wouldn't want to be for a significant period of time.

169

00:23:11.970 --> 00:23:18.180

Village of Parish: Without that beautiful that's a case of the computer where you want to replace it if you can. Before else

170

00:23:19.020 --> 00:23:33.510

Village of Parish: Has it not showing any signs of failure right now. I think it's probably good until your next fiscal year. Although starts developing problems you might want to revisit that assumption but your computer would not be good.

171

00:23:35.640 --> 00:23:36.600

Village of Parish: Because it's just

172

00:23:38.190 --> 00:23:45.570

Village of Parish: If I took a look at how old it is. I was guessing it's probably or five years old now, maybe more than that. I didn't look at manufacturing

173

00:23:46.050 --> 00:23:56.430

Village of Parish: I'm going to guess it's probably about at all. Let me see. It's going to the has to be loaded. Yeah, because I because I was off the plane.

174

00:23:57.060 --> 00:24:09.780

Village of Parish: Of the board for two years. Now let's for. Yeah. And I've been on for for about six years. Yeah, I was. I was on their on their we authorize it. I think she got it.

175

00:24:11.760 --> 00:24:14.520

Village of Parish: I think he did the one down here to go because I think

176

00:24:15.120 --> 00:24:21.330

Village of Parish: There were we did the same kind of swapping yeah we're, we're in the mayor's gear was getting older, one of the fears of those being

177

00:24:21.660 --> 00:24:34.710

Village of Parish: Discontinued here on up getting shipped into the mayor's office and one guy shutdowns yeah come to the water treatment yet. Like I said, it's that is a game that we can play one more time. I

178

00:24:36.990 --> 00:24:38.190

Village of Parish: Do you mind if

179

00:24:39.390 --> 00:24:48.900

Village of Parish: I take me time to shift people over from one computer to another. And I don't know, they don't invest that kind of time into a computer that you're only going after next year.

180

00:24:49.830 --> 00:24:58.920

Village of Parish: When I do something like that. I prefer to just the timing couldn't be able to use three to five years, rail and having to do it on a regular basis because that transition

181

00:25:00.150 --> 00:25:11.160

Village of Parish: does take time out of my available time I've been spending a lot of it recently and I saved you probably \$1,000 through what I was able to accomplish with the treasures computer in the

182

00:25:13.410 --> 00:25:16.770

Village of Parish: Parks compete computer so we appreciate you would

183

00:25:19.470 --> 00:25:24.450

Village of Parish: Just so many powers to do. Yeah, and I try to spend them.

184

00:25:26.580 --> 00:25:27.720

Village of Parish: Right. There's emotional

185

00:25:32.490 --> 00:25:42.600

Village of Parish: All Just Get that now coordinate with a time on that. And we'll come up with a recommendation, you're comfortable with that for next meeting will do that otherwise we'll talk

186

00:25:45.060 --> 00:25:48.180

Village of Parish: To be the will have something for you before that. And if we could, like I said,

187

00:25:55.440 --> 00:25:55.680

Village of Parish: Not

188

00:25:58.380 --> 00:26:00.420

Village of Parish: Really doing so much for parish.

189

00:26:03.660 --> 00:26:11.760

Village of Parish: And then up on the balcony going through all your. And again, trying to figure out what could be reused and one of it is just so old and so on.

190

00:26:15.030 --> 00:26:20.190

Village of Parish: To the town or village, sometimes I can't tell whether something was town or village is that I want to know.

191

00:26:21.030 --> 00:26:31.320

Village of Parish: I've been getting rid of things I've been knowing what the data model was serial number is, in some cases just curiosity mistake was made. So 3D printers that I got rid of 40 which are all it

192

00:26:32.880 --> 00:26:41.730

Village of Parish: Was a canon printer with that serial number I'm estimating that was probably about 20 years old, he will attack or death get six calls, see where the serial number there.

193

00:26:42.120 --> 00:26:47.100

Village of Parish: That one has a manufacturer did OUT OF AUGUST 29 so I know that was 20 years old.

194

00:26:47.640 --> 00:26:54.720

Village of Parish: And the Hewlett Packard desk at a 40 seed, which was manufactured in April of 2000 so again the 20 year old computer

195

00:26:55.140 --> 00:27:04.170

Village of Parish: I don't know whether any of those are town or village computers. So I'm going to report that down as well as the village. So if you have an inventory of any time with those

196

00:27:05.040 --> 00:27:16.110

Village of Parish: Printers and model numbers. If you can take it from the roster and those have been retired to the to the landfill or the transfer station recycling. I took him to the electronic

197

00:27:17.430 --> 00:27:28.470

Village of Parish: So those are all computers that none of them even had the newer style USB connector or printer partners that modern printers expecting us so

198

00:27:29.940 --> 00:27:33.570

Village of Parish: Most of the 20 year old they are without balance.

199

00:27:36.360 --> 00:27:37.260

Village of Parish: And now it's all

200

00:27:40.260 --> 00:27:40.710

Village of Parish: Except as

201

00:27:41.940 --> 00:27:42.300

Village of Parish: I said,

202

00:27:46.200 --> 00:27:46.770

Village of Parish: Okay, no.

203

00:27:49.200 --> 00:27:52.650  
Village of Parish: Problem. Sure. Oh, look there. That's okay. Yeah.

204  
00:28:02.160 --> 00:28:03.840  
Village of Parish: OK, so the zoning law.

205  
00:28:05.400 --> 00:28:06.510  
Village of Parish: Law on the

206  
00:28:07.710 --> 00:28:09.030  
Village of Parish: Years put off and

207  
00:28:10.050 --> 00:28:11.100  
Village of Parish: ever changing

208  
00:28:13.710 --> 00:28:16.290  
Village of Parish: So what I have tonight is the latest

209  
00:28:17.400 --> 00:28:19.140  
Village of Parish: Proposed version.

210  
00:28:25.470 --> 00:28:28.380  
Village of Parish: So we finally figured out what was actually in effect.

211  
00:28:30.480 --> 00:28:31.800  
Village of Parish: Yes. Yep.

212  
00:28:33.960 --> 00:28:46.860  
Village of Parish: We figured out what was it affects now and that's all been put together and that's on your website, the map. The map and the text on the website is the what's actually the official law.

213  
00:28:48.510 --> 00:28:55.410  
Village of Parish: For parish and that never included the mobile home park overland

214  
00:28:56.910 --> 00:29:04.380  
Village of Parish: And a few other things, there's some things that were changed the planning board proposed changes to some things on the sign section.

215  
00:29:10.230 --> 00:29:10.770

Village of Parish: Yeah.

216

00:29:11.820 --> 00:29:12.120

Village of Parish: Yeah.

217

00:29:13.590 --> 00:29:21.960

Village of Parish: And it. Yeah, it kind of went away and now it's coming back. But this represents the latest and greatest including the map.

218

00:29:24.390 --> 00:29:40.680

Village of Parish: To what to do with the thing is is having both again putting up the science section has yup that's been proposed for some of you, changes. So that would be on page 23

219

00:29:43.770 --> 00:29:47.610

Village of Parish: Page 2526 anything new was in red.

220

00:29:51.960 --> 00:29:59.640

Village of Parish: Red it's it's new and if it's in red, and with a strikeout through it. It's proposed to go away. So, okay.

221

00:30:01.170 --> 00:30:03.960

Village of Parish: So this is something you're probably going to want to work at

222

00:30:06.960 --> 00:30:10.380

Village of Parish: It's going to be tough to go through all of this in what you know tonight.

223

00:30:13.530 --> 00:30:19.110

Village of Parish: So this is going to be something you're going to want to look at and have, of course, have your town your village attorney look at

224

00:30:22.440 --> 00:30:26.760

Village of Parish: 300. Okay, I'm sorry.

225

00:30:28.050 --> 00:30:29.940

Village of Parish: Is it Steve, is it okay

226

00:30:31.590 --> 00:30:33.900

Village of Parish: This other website to access that

227

00:30:36.510 --> 00:30:44.610

Village of Parish: One. The new one is not just the proposed wine. So I don't know if we can email me a copy. That's fine. I think it will get it. Okay.

228

00:30:45.870 --> 00:30:46.680

Village of Parish: Um,

229

00:30:48.510 --> 00:31:04.950

Village of Parish: So the big, the big thing here is, as you know, the, the village. The idea was to for forever and ever. The village prohibited manufactured halts which is not technically not legal in New York State.

230

00:31:07.320 --> 00:31:15.330

Village of Parish: You have to. It used to be that you had to allow them somewhere in the village.

231

00:31:16.620 --> 00:31:22.380

Village of Parish: And you could even you could limit them to mobile home or manufactured home parks, if you wanted to.

232

00:31:23.820 --> 00:31:27.660

Village of Parish: Since we since we started doing this, though. The last changed.

233

00:31:28.710 --> 00:31:35.400

Village of Parish: And now you have to allow manufactured homes anywhere you allow single family homes.

234

00:31:37.140 --> 00:31:45.660

Village of Parish: With some restrictions, but some restrictions and has to be on a permanent foundation foundation and meets the same aesthetic quality of the houses around there.

235

00:31:46.140 --> 00:31:57.000

Village of Parish: And if we wanted to, we can be pretty nitpicky about that. Yeah, no, no. There are ways to combat like how do you like age restrictions and stuff like that.

236

00:31:59.040 --> 00:32:08.550

Village of Parish: Well, that depends. Let's take a look at all the houses in the surrounding area and see if there's any commonalities, things like that, that they're all true stories.

237

00:32:09.570 --> 00:32:25.770

Village of Parish: Something we can argue if they're all final signing something we can argue, they'll have a certain type of setup for and it was like Wait shutters something to meet with the aesthetic quality. There are roadblocks. It can be put up but

238

00:32:27.240 --> 00:32:28.260

Village of Parish: The questions go with

239

00:32:30.420 --> 00:32:31.620

Village of Parish: A LEGAL CHALLENGE.

240

00:32:39.810 --> 00:32:45.180

Village of Parish: Somebody will tell me what I what I proposed in here for your

241

00:32:46.290 --> 00:32:50.280

Village of Parish: Consideration is if you look on page 14

242

00:32:53.250 --> 00:33:01.020

Village of Parish: This is something that the town of Viana does that's if you know where that is that's down to Constantia so the beach.

243

00:33:02.340 --> 00:33:06.690

Village of Parish: They have a minimum dwelling width of 22 feet.

244

00:33:09.660 --> 00:33:17.370

Village of Parish: So that's to get along. See if there were that idea of that manufactured hearts would have to fit in.

245

00:33:18.450 --> 00:33:26.490

Village of Parish: That you could you could try saying that every they've got to be 22 feet wide and all flowing out to be 22

246

00:33:29.460 --> 00:33:35.550

Village of Parish: So that is the the new red row at the bottom of that schedule be

247

00:33:38.190 --> 00:33:39.360

Village of Parish: Now, I know we have

248

00:33:41.670 --> 00:33:45.360

Village of Parish: Saying you gotta be 10. Don't be from the property.

249

00:33:46.680 --> 00:33:50.460

Village of Parish: Yo, your setbacks. Yeah, yeah, those will all still apply.

250

00:33:52.620 --> 00:33:58.860

Village of Parish: By now, you would have this minimum with which wouldn't apply in the manufactured home park.

251

00:34:00.540 --> 00:34:08.880

Village of Parish: So in the manufactured home park overlay. You can still build a manufacturing on our and not have that minimum what

252

00:34:11.850 --> 00:34:28.860

Village of Parish: That's that was sort of the my best attempt at doing that, you know, doing this, allowing still allowing for the narrow manufactured home but it's got to be in the manufacturing Park somewhere in the manufactured home overlap.

253

00:34:31.980 --> 00:34:36.750

Village of Parish: So I'll send you a Steve. I'll send you that, thank you so much and get to get your

254

00:34:37.770 --> 00:34:47.910

Village of Parish: Opinion on that. But we, if we go to the map here you can see where this is what was the one he aided by the Planning Board has the manufactured home car.

255

00:34:50.280 --> 00:34:55.410

Village of Parish: What is up to the north going north of the gross know whatever whatever road that is

256

00:34:56.640 --> 00:34:57.270

Village of Parish: Coming.

257

00:35:03.750 --> 00:35:08.580

Village of Parish: So we have no we have that on the map. And then we have a new article

258

00:35:09.660 --> 00:35:13.620

Village of Parish: Which is Article nine, on page 29. That is the whole

259

00:35:15.090 --> 00:35:19.170

Village of Parish: List of standards for manufactured home parks.

260

00:35:20.760 --> 00:35:24.600

Village of Parish: And you probably like you've seen this before. Maybe, maybe not.

261

00:35:26.310 --> 00:35:35.400

Village of Parish: We have standards in there that manufacturing parts have a maximum size of 20 sites you say it's got to be 6000 square feet at least

262

00:35:38.490 --> 00:35:40.560

Village of Parish: So we have that whole list of standards.

263

00:35:46.620 --> 00:35:51.090

Village of Parish: So basically, you got to have a license in order to

264

00:35:52.380 --> 00:36:00.840

Village of Parish: Have somebody you know matter. Let's say I bought enough land to do that. I gotta have a license in order to

265

00:36:02.130 --> 00:36:05.730

Village of Parish: Put, put the poses in there. Right. Yes. Yep.

266

00:36:06.840 --> 00:36:12.210

Village of Parish: That you've got to comply with all of this standards and Article nine

267

00:36:13.920 --> 00:36:21.630

Village of Parish: You've got to get a special use permit. So that requires the whole special use permit public hearing and

268

00:36:23.130 --> 00:36:24.300

Village of Parish: And that's a \$300

269

00:36:27.690 --> 00:36:28.080

Village of Parish: Plan to get

270

00:36:29.460 --> 00:36:37.260

Village of Parish: Sent to the county says it's going to be within 500 feet of a County Highway, you know, the whole county hot. Yeah, that is

271

00:36:38.640 --> 00:36:38.910

Yep.

272

00:36:40.860 --> 00:36:41.400

Village of Parish: Yep.

273

00:36:42.510 --> 00:36:44.520

Village of Parish: On the map area.

274

00:36:45.900 --> 00:36:48.300

Village of Parish: Happened. We didn't have rules and

275

00:36:52.410 --> 00:37:07.980

Village of Parish: Like, it looks like no one will be smoking. Hallo, I think they just though one girl at the top we put a little section in there. And then we also did it on 26 which is the double line of the top of the areas. Well, how can we, I mean, it doesn't look like it's very far.

276

00:37:09.570 --> 00:37:26.310

Village of Parish: How can we didn't, didn't go by our own way so that it was easier to determine whether somebody could put something in there. I think that was that's just a we took the we took county route 26 and just offered it on the computer.

277

00:37:27.480 --> 00:37:32.910

Village of Parish: I'm saying, I mean, it's our many feet that is 200 feet. I think on each side.

278

00:37:34.140 --> 00:37:37.350

Village of Parish: Yeah, because you know that top line that is kind of curve.

279

00:37:38.730 --> 00:37:57.720

Village of Parish: That's 26 as well because 26 turns turns around there. Yeah. Yeah. I don't know why we went on the others on both sides of that. I'm not sure. You know, so yeah. It easier for anybody who's in the code enforcement position going to go their own way than the take a lot and divided in half.

280

00:37:59.610 --> 00:38:12.960

Village of Parish: Maybe something we should look at. Same thing with that other line is I think smoking all roads is like a little tiny corner

of it and ally. We just didn't, you know, keep it at that roadway. Yep.  
Um,

281

00:38:15.000 --> 00:38:20.130

Village of Parish: Can you draw that out for us or show us, just so I know exactly what you're talking about.

282

00:38:27.930 --> 00:38:37.560

Village of Parish: If this road here. This is a road, you don't know this will be hollow, I believe. So this little section is really small. If we just limited it right to this road. Yeah.

283

00:38:38.250 --> 00:38:53.040

Village of Parish: And same thing I'm 26 instead of going over because I know most of these are last that would be divided. Yes. So another way. There's another small Rodin to like they they're divided by the village boundary. I guess right know that that

284

00:38:54.090 --> 00:38:55.230

Village of Parish: Could be, you know,

285

00:38:57.630 --> 00:39:04.890

Village of Parish: Yeah, you did right either pond is. It's rented out but you can still taking upon

286

00:39:07.740 --> 00:39:13.020

Village of Parish: That might be that little blue line, you know, it's always like all these other ones are normally by

287

00:39:14.010 --> 00:39:24.600

Village of Parish: Both sides. The larger lot i don't know what we did with all your that yeah here it looks like the village boundary splits those lots. Right. So some of those might be, but we could we could sniff it off.

288

00:39:25.260 --> 00:39:30.990

Village of Parish: Right. My bad roadway instead of. Yeah, that's something you know you guys but it's hard to enforce

289

00:39:35.490 --> 00:39:37.980

Village of Parish: Something up or to the side. Yeah.

290

00:39:39.900 --> 00:39:44.430

Village of Parish: Yeah, that's for you and anything else. Anything else in here.

291

00:40:05.220 --> 00:40:06.450

Village of Parish: Just incorporated

292

00:40:08.100 --> 00:40:16.440

Village of Parish: What you would you would you would go through the process to to amend the law to include everything in right here.

293

00:40:17.970 --> 00:40:19.440

Village of Parish: That you wanted to include

294

00:40:20.820 --> 00:40:23.400

Village of Parish: And I have the process here.

295

00:40:25.590 --> 00:40:29.250

Village of Parish: This is the kind of goes through the whole process.

296

00:40:33.000 --> 00:40:34.830

Village of Parish: There are a number of steps, of course.

297

00:40:41.070 --> 00:40:49.050

Village of Parish: But yeah, the first. Now the first thing to get back on the ball on the on the track with this would be the Village Board.

298

00:40:50.550 --> 00:40:52.800

Village of Parish: Then you make sure you're happy with all of us.

299

00:40:54.720 --> 00:40:59.520

Village of Parish: The run it by privilege attorney, make sure he's happy with all of this.

300

00:41:00.540 --> 00:41:05.340

Village of Parish: When everybody's happy. Then you start the, the amendment process that I just handed out

301

00:41:07.110 --> 00:41:13.950

Village of Parish: And that includes, you've got to do the seeker review which isn't that big a deal. You got to send it to the County Planning Board.

302

00:41:15.540 --> 00:41:17.310

Village of Parish: Then you've got to have a public hearing

303

00:41:21.600 --> 00:41:22.500

Village of Parish: And then you vote.

304

00:41:23.760 --> 00:41:24.570

Village of Parish: To adopt.

305

00:41:26.520 --> 00:41:29.250

Village of Parish: We can we can help you through every, every step of that.

306

00:41:48.510 --> 00:41:51.000

Village of Parish: We gotta, we gotta send notice

307

00:41:53.220 --> 00:41:57.000

Village of Parish: Each City Town Village in County.

308

00:41:58.020 --> 00:41:58.500

Village of Parish: That

309

00:42:00.510 --> 00:42:04.920

Village of Parish: The borders, your borders, like so. Okay. Okay. Yeah.

310

00:42:08.880 --> 00:42:11.160

That'd be Mexico square

311

00:42:13.410 --> 00:42:13.950

Room.

312

00:42:22.140 --> 00:42:27.570

Village of Parish: But since CDs, since you're just a village here. I think it would just be

313

00:42:28.860 --> 00:42:32.790

Village of Parish: The town, and I don't know if you border Hastings at all or

314

00:42:35.370 --> 00:42:36.240

Village of Parish: No, we don't.

315

00:42:43.320 --> 00:42:44.370

Village of Parish: So that makes a lot easier.

316

00:42:46.200 --> 00:42:48.990

Village of Parish: Any state park. There's no none of those

317

00:43:13.530 --> 00:43:14.220

Village of Parish: Patrick's day

318

00:43:15.720 --> 00:43:16.560

Village of Parish: Marketing

319

00:43:36.810 --> 00:43:41.910

Village of Parish: So yeah, I don't know how what you what you want to set as sort of the next

320

00:43:43.590 --> 00:43:46.170

Village of Parish: Milestone on us. If you want to

321

00:43:47.730 --> 00:43:50.160

Village of Parish: Meet again on it. Next month and then

322

00:43:51.360 --> 00:43:53.070

Village of Parish: Or if you want to try this if you want to

323

00:43:57.720 --> 00:44:03.330

Village of Parish: You can you can meet next month on this and if everybody's in agreement on it, then you can start

324

00:44:04.560 --> 00:44:05.190

Village of Parish: US. US.

325

00:44:10.050 --> 00:44:11.970

Village of Parish: Yeah, I think next month because that gives us

326

00:44:14.970 --> 00:44:18.840

Village of Parish: 2033 God is more than

327

00:44:21.990 --> 00:44:25.500

Village of Parish: 3042 but I will email.

328

00:44:26.610 --> 00:44:26.910

Village of Parish: Yep.

329

00:44:35.190 --> 00:44:41.550

Village of Parish: Thank you guys for all your hard work. Yeah, sure. And the planning. Planning Board and a lot of that a lot on this. Wow.

330

00:44:43.350 --> 00:44:45.150

Village of Parish: That was for the time sequence.

331

00:44:51.240 --> 00:45:01.110

Village of Parish: You can keep moving. Yeah, if you keep moving. You could probably have your cover hearing at your September meeting.

332

00:45:02.460 --> 00:45:04.770

Village of Parish: And possibly adopted that

333

00:45:06.180 --> 00:45:15.090

Village of Parish: Keep going. Yep, I believe, that sounds good and not September and October, but quite probably September.

334

00:45:17.040 --> 00:45:19.230

Village of Parish: Just seems like it's been on board for so long.

335

00:45:27.570 --> 00:45:27.870

Village of Parish: To get

336

00:45:32.010 --> 00:45:41.730

Village of Parish: To be changed to September, I believe, I think. So it's election September 23 23rd to the

337

00:45:45.180 --> 00:45:55.980

22nd, 23rd.

338

00:46:01.380 --> 00:46:01.950

Village of Parish: Okay.

339

00:46:03.060 --> 00:46:10.140

Village of Parish: Man, why you're here. Can we discuss the issue that kind of came up with a new home and turn it into the village. Sure.

340

00:46:16.230 --> 00:46:21.330

Village of Parish: Here as well. And I'll tell them, right. Yeah, I can.  
I don't know what to tell her.

341

00:46:25.110 --> 00:46:25.980

Village of Parish: To discuss that.

342

00:46:27.780 --> 00:46:32.820

Village of Parish: I mean, as we said how aggressively. Do we want to  
take this

343

00:46:34.500 --> 00:46:42.960

Village of Parish: They have a doing permanence foundation and they leave  
the aesthetic quality of neighborhood that says

344

00:46:44.640 --> 00:46:45.270

Village of Parish: Okay, no.

345

00:46:46.950 --> 00:46:47.640

Village of Parish: In my house.

346

00:46:48.990 --> 00:46:49.950

Village of Parish: Last name or

347

00:46:54.540 --> 00:46:54.990

Village of Parish: The other way.

348

00:46:57.420 --> 00:47:00.240

Village of Parish: Besides planning or the village food or who

349

00:47:01.410 --> 00:47:06.060

Village of Parish: Can give me the final approval, gotta be the illusion.  
It's, it's basically

350

00:47:07.290 --> 00:47:18.210

Village of Parish: It's in my hands. But if I agree to it. Now, would go  
against the current zoning law, and that's where it got kind of  
confusing. Right. Um, because there's only law is

351

00:47:19.350 --> 00:47:21.630

Village of Parish: Say illegal right I'm

352

00:47:23.160 --> 00:47:25.950

Village of Parish: The soul of the you can open yourself up. Mm hmm.

353

00:47:27.660 --> 00:47:34.920

Village of Parish: Well, you'd have to, you'd have to turn it down and then yes recourse would be

354

00:47:38.070 --> 00:47:51.210

Village of Parish: Legal Action. I don't know if she. Yeah. Or she didn't feel first maybe go to the Zoning Board of appeals for an interpretation. Yeah, saying that, you know, the zoning laws just, you know, right. So that's always the

355

00:47:52.920 --> 00:48:12.600

Village of Parish: Right. She has a cause of action go forward, even if we've got the law written, they can supersede the governor signed that other law. Yes, yes. And 15 that she gave us clearly stating we're allowed to be more open, we can't be. You can't be more respect.

356

00:48:13.830 --> 00:48:18.360

Village of Parish: According to this new one. Now we can set certain parameters.

357

00:48:19.590 --> 00:48:26.610

Village of Parish: Review user base consolidates. Now, does that mean a pad or does that mean you gotta have Elise across as well so

358

00:48:28.410 --> 00:48:39.540

Village of Parish: Let's think that's just a foundation. We have a little leeway here is quiet. So we can say things that make it more difficult. You can say things that make it easier

359

00:48:40.710 --> 00:48:51.270

Village of Parish: We are interpreting the law. Okay, so why doesn't have any state laws foundation is defined as this it says solid foundation. That's it.

360

00:48:53.130 --> 00:48:53.640

Village of Parish: So,

361

00:48:54.660 --> 00:49:01.950

Village of Parish: I don't think it's been litigated. From what I read that, I don't think there's any precedent like that foundation as well. I thought they

362

00:49:05.370 --> 00:49:08.190

Village of Parish: I know trailers now at the heavy

363

00:49:09.510 --> 00:49:10.110

Village of Parish: Airport.

364

00:49:11.910 --> 00:49:21.540

Village of Parish: Trailer, you can still leave the wheel. I mean everything and you can move it whenever you want, but just set it on their data center that must be permanently.

365

00:49:22.350 --> 00:49:41.880

Village of Parish: So my interpretation of that at the very, very least is no wheels full, full pour concrete foundation. Yeah, that's my interpretation of the family. Good. I agree with that. But that we could we could do. Well, that is best. You know what was happening was they were both be there.

366

00:49:43.170 --> 00:49:54.750

Village of Parish: And in two or three years later, they start going because they didn't put it right i mean they did book tours. I am didn't go deep into the exact term is permanently effects. So no, we

367

00:49:56.160 --> 00:50:02.760

Village of Parish: Haven't wheels on it and that sure isn't that going to affect with the instead of quality and so she's going towards

368

00:50:04.950 --> 00:50:15.780

Village of Parish: Not modular route because Mars lives where they bring it in sections. So it's not a manufactured home on wheels. I don't believe it's I think wasn't

369

00:50:16.770 --> 00:50:37.530

Village of Parish: She was a picture at all right, you're just talking to people and they gave her this law, right. So, so, maybe, maybe I should say the next step is show us what it looks like. I mean basically art. When you look up in the verbiage for manufactured home the verbiage is using yes he

370

00:50:39.150 --> 00:50:49.140

Village of Parish: Does a US modular manufactured and mobile interchange at some point they stopped using the word mobile and then they just replace to completely start calling and manufacture

371

00:50:49.890 --> 00:51:05.730

Village of Parish: Ever since 2000 I think 13 mobile home is not even though they do have mobile phones. They're still there, still mobile homes, but they're not like automated fashion. So, New York State has changed definition of what that is. Okay, so, so in other words they can use to buy

372

00:51:06.780 --> 00:51:17.580

Village of Parish: What you're saying because it changed me because I know when I was in the business of building, you know that mobile home can be two by two by manufacturer on

373

00:51:18.270 --> 00:51:32.340

Village of Parish: How to be at least a two by four and now I believe it has to be a two by six because they're saying fours or not, you know, if you put up a regular house. Yeah, I don't, you know, so

374

00:51:37.980 --> 00:51:40.680

Village of Parish: Is she's had it for years. Um,

375

00:51:42.300 --> 00:51:55.170

Village of Parish: And she was. She wants to sell the property, but right now I don't think she can sell it. So she wants to put something out there and sell it. I believe she bought it attacks auction. I can't think so.

376

00:51:58.410 --> 00:52:04.650

Village of Parish: That's when they had an old home alone, but this one with a different. Yeah, I think so. Okay.

377

00:52:05.730 --> 00:52:14.970

Village of Parish: There's, there's two lucky last right across from aerosols. Yeah, it's the one further west. Correct. Okay, now I know where it is.

378

00:52:17.520 --> 00:52:32.340

Village of Parish: We don't have no idea. I think what we think the best tactic would be initials. What you're planning on putting in. So that means this and right now I told her she couldn't because of the zoning off, which is what I have to fall.

379

00:52:34.320 --> 00:52:34.650

Village of Parish: Off.

380

00:52:35.850 --> 00:52:43.200

Village of Parish: Telling you need to change your mind, just like we just like to see what it looks like so you can compare it to the aesthetic quality.

381

00:52:44.370 --> 00:52:59.550

Village of Parish: If you're in a competitive streak so nearby hostess. You can also go to the point on to all nearby houses full basement. Yeah, exactly. They do, they do and you can literally say, you know, to meet this you need to put on before foundation said

382

00:53:01.530 --> 00:53:12.990

Village of Parish: Her eyes upon those blocks and she wants to put something there have to have that belief. So if we're if we're kind of creating it for everyone. Right. Well, that's the way my

383

00:53:15.090 --> 00:53:15.570

Village of Parish: Screen.

384

00:53:16.620 --> 00:53:22.950

Village of Parish: So normally, I wouldn't have to leave and come to the board with any of this. I just say yes.

385

00:53:24.090 --> 00:53:33.990

Village of Parish: But in one hand and he says that backs, you're going to do it because it didn't it when I guess the alarm and she showed me that new law. You can thousand 15 from the governor

386

00:53:35.040 --> 00:53:48.660

Village of Parish: It throws everything off. So I need permission if I'm going to allow anything to go against this law. But he said, well, that's why we need right just ask for more information provided me with

387

00:53:50.550 --> 00:53:52.860

Village of Parish: That way you don't have to make a decision.

388

00:53:54.720 --> 00:53:58.710

Village of Parish: To come in on a tree or anything, because otherwise, how are they going to do a helicopter.

389

00:53:59.880 --> 00:54:09.870

Village of Parish: No mobile phones are one of the main fashion now that they've changed the definition of mobile. So there's not time. That's just said, man.

390

00:54:10.980 --> 00:54:21.210

Village of Parish: This module home or manufacture on the two different types of New York State laws and for some reason they found that it was I think prejudicial to keep going mobile

391

00:54:22.290 --> 00:54:31.980

Village of Parish: They may come on wheels. They take the wheels off so Foundation, but it's basically what else helps is the size of it.

392

00:54:33.150 --> 00:54:38.130

Village of Parish: mobile homes old 14 by some of these many square feet of that like 90

393

00:54:39.480 --> 00:54:48.420

Village of Parish: But I know there's a cheaper tough right the taxes on at a cheaper. So I need a minimum 1960 I believe in the village.

394

00:54:50.940 --> 00:55:01.560

Village of Parish: I can choose the two of them quite a bit because they're so close. But hey, have they have they worship God between the mobile and this is not going to be one of those 14 by 17

395

00:55:02.130 --> 00:55:09.540

Village of Parish: She's gonna, I believe, make it wider than that because you know i think that's good. At least from at least from the email, they

396

00:55:10.290 --> 00:55:25.050

Village of Parish: did not include a picture does not include fans. You just said that she was working on getting a really no basis to say why I'm saying this, but it feels like from what you're saying it's going to be a more healthy looking like that's that was it.

397

00:55:26.250 --> 00:55:35.130

Village of Parish: But there's no evidence to suggest that I'm one of the graph right straws, but two people came up with the same information based upon. So I think that's a good time. All right.

398

00:55:35.760 --> 00:55:55.950

Village of Parish: You guys, you know. Yeah, that's what I thought she was looking for something in a look more like a house. Yeah. So in a look at, okay, Brother issue whatsoever, but I think we need to see one picture. So next door is sold in excess of 150,000 I want to just got the first page. Oh, wow. Yep. For

399

00:55:58.650 --> 00:55:59.850  
Village of Parish: Your next door neighbor.

400  
00:56:02.610 --> 00:56:14.880  
Village of Parish: 333035 or something, it's all for 116 because this is 3035 West Main Street for their own it further.

401  
00:56:16.200 --> 00:56:24.330  
Village of Parish: On in the year so hundred 70 yes not that big a house. Now it's too little. There's a little guest house and cool so that

402  
00:56:25.710 --> 00:56:29.130  
Village of Parish: Yeah, that was the case. Yeah.

403  
00:56:30.300 --> 00:56:35.250  
Village of Parish: There we go. So once I obtain information from her as to what this looks like.

404  
00:56:36.300 --> 00:56:40.620  
Village of Parish: I'll have to bring it back to you next meeting at the very least we'll just talk

405  
00:56:41.700 --> 00:56:55.260  
Village of Parish: Okay, sounds great. Well, and we'll discuss the time. I just want to give her a plan. So I can lease it for her and let her know where we are on this, you discussed it with the board and the builder Kearney and just like

406  
00:56:57.510 --> 00:57:00.930  
Village of Parish: To see that that's the definition of the law. Sounds good to me.

407  
00:57:04.320 --> 00:57:05.670  
Village of Parish: Well, thank you. Sure.

408  
00:57:07.590 --> 00:57:15.840  
Village of Parish: So, well, yeah, we'll find our next one sign off on this and if we do, then we can start the formal process. Sounds good.

409  
00:57:18.150 --> 00:57:19.650  
Village of Parish: Maybe the Kobe thing will be over right now.

410  
00:57:21.990 --> 00:57:22.950

Village of Parish: Is wishful thinking.

411

00:57:25.200 --> 00:57:25.680

Village of Parish: Harry Potter.

412

00:57:28.680 --> 00:57:29.280

Village of Parish: Okay.

413

00:57:30.360 --> 00:57:30.630

Village of Parish: Thanks.

414

00:57:36.210 --> 00:57:36.630

Village of Parish: Thank you.

415

00:57:43.740 --> 00:57:46.620

Village of Parish: Again, we got water project.

416

00:57:47.850 --> 00:57:49.890

Village of Parish: I don't know if we know anything other than

417

00:57:51.270 --> 00:57:53.790

Village of Parish: What we here at the meetings I heard anything other than

418

00:57:56.760 --> 00:57:59.790

Village of Parish: Extras will be District one

419

00:58:02.310 --> 00:58:03.360

Village of Parish: Michigan saying I'm

420

00:58:04.380 --> 00:58:20.790

Village of Parish: Not sure what she meant she met with the talent. I'm not the one paying the bill and we paid for the last one. Okay. The whole bill within your test. Yeah. Yeah, we did. We did we we paid out the allotment. That was the free specific one.

421

00:58:21.870 --> 00:58:31.170

Village of Parish: That one there. She's been enlightening to same disappointing beginning again there was an article in Camden paper.

422

00:58:34.380 --> 00:58:35.400

Village of Parish: For the last

423

00:58:38.190 --> 00:58:44.700

Village of Parish: project budget will double told the water project budget will double double

424

00:58:47.820 --> 00:58:49.350

Village of Parish: So why wouldn't

425

00:58:52.050 --> 00:58:54.450

Village of Parish: They want to put more money in your pocket.

426

00:58:57.390 --> 00:58:58.350

Village of Parish: All the extra

427

00:59:01.200 --> 00:59:04.830

Village of Parish: Reports from water that we

428

00:59:06.870 --> 00:59:20.670

Village of Parish: Went through and that would be a cost center. They don't have to go even long way investigation. So we search the Jackal search that out. You may cap is now I'm going to get to the engineer, just give it to them with the meeting tomorrow. My

429

00:59:21.900 --> 00:59:23.490

Village of Parish: Theory, we are

430

00:59:24.750 --> 00:59:27.780

Village of Parish: The keys will be at the meeting or something, right.

431

00:59:29.040 --> 00:59:34.590

Village of Parish: I was planning on that one. Now it's a virtual meeting. We're difficult

432

00:59:36.450 --> 00:59:46.260

Village of Parish: Yeah, I thought, we'll just email or fax or scan one portion of it and satisfactory think that was a little boring when

433

00:59:47.640 --> 00:59:53.310

Village of Parish: We send off the borings and see if that's sufficient any more than enough to come down at

434

00:59:55.080 --> 00:59:56.220

Village of Parish: the boring part of thing.

435

00:59:57.660 --> 01:00:00.870

Village of Parish: So look at this figure out there tomorrow.

436

01:00:04.170 --> 01:00:09.540

Village of Parish: wastewater treatment plant mowing Nick is where we're going. And we're done. But it needs it again.

437

01:00:11.100 --> 01:00:12.330

Village of Parish: Good rain or it's

438

01:00:18.180 --> 01:00:18.450

Quite

439

01:00:19.800 --> 01:00:21.090

Village of Parish: reserved by distress.

440

01:00:24.180 --> 01:00:24.750

Village of Parish: Around the week.

441

01:00:26.910 --> 01:00:29.580

Village of Parish: Around WEEDS. WEEDS grow in Christ as

442

01:00:31.140 --> 01:00:32.310

Village of Parish: Well, I don't think he goes

443

01:00:34.560 --> 01:00:36.510

Village of Parish: To an extra other than just annoying.

444

01:00:37.980 --> 01:00:38.910

Village of Parish: Do any trimming that

445

01:00:41.100 --> 01:00:44.670

Village of Parish: He hasn't yet because they because they ones that are on the fence.

446

01:00:45.630 --> 01:01:00.060

Village of Parish: Let me get stuff there. Right. Some places. Yeah. Well, I can see going around that the devil is there much longer talking. I was talking about that. The other day, he said he's gonna he's gonna get his trailer then probably take it down in the winter.

447

01:01:01.830 --> 01:01:02.670

Village of Parish: Because he's got a hell.

448

01:01:07.500 --> 01:01:08.010

Okay.

449

01:01:09.360 --> 01:01:10.950

Village of Parish: NEXT NIGHT doesn't have a problem with

450

01:01:12.360 --> 01:01:13.050

Village of Parish: This

451

01:01:16.770 --> 01:01:19.890

Village of Parish: Well, I do know when they get when they get this project done

452

01:01:21.900 --> 01:01:35.520

Village of Parish: I'm going to make sure that they got everything smoothed up you can see whether they're going with that track track all you know they got a little potholes over the place. I want all that all that's got to be smooth.

453

01:01:38.520 --> 01:01:39.960

Village of Parish: My boss. Sure.

454

01:01:40.590 --> 01:01:42.840

Tom: Will make it look like we're in there.

455

01:01:44.970 --> 01:01:45.600

Village of Parish: What do you say,

456

01:01:46.110 --> 01:01:48.630

Tom: Make it look like we weren't even there.

457

01:01:48.840 --> 01:01:49.410

God

458

01:01:53.970 --> 01:01:54.390

Village of Parish: Okay.

459

01:01:57.780 --> 01:01:59.310

Village of Parish: All right, we discussed the

460

01:01:59.400 --> 01:02:05.010

Village of Parish: library board appointment with Jackie being on the library board. We didn't give an official boat.

461

01:02:08.310 --> 01:02:10.530

Can't have consensus that we didn't know emotion.

462

01:02:12.750 --> 01:02:15.330

Village of Parish: Emotion. Well, that's what we're about. Now, so

463

01:02:17.730 --> 01:02:18.450

Village of Parish: I thought we did

464

01:02:21.840 --> 01:02:24.210

Village of Parish: Okay, for the record. Gotcha.

465

01:02:25.500 --> 01:02:26.070

All right.

466

01:02:38.790 --> 01:02:43.140

Village of Parish: Now it does not here and she can't vote. Can we still vote on that because there's only there's

467

01:02:45.000 --> 01:02:48.120

Village of Parish: Was just asking. Yeah, but she's not in right now. I get that.

468

01:02:50.820 --> 01:02:53.370

Village of Parish: Okay, we do a roll call on that.

469

01:02:54.540 --> 01:02:54.990

One.

470

01:02:57.600 --> 01:02:59.370

Village of Parish: Trustee Chatterton. Yay.

471

01:03:01.020 --> 01:03:03.240

Yay near Perkins. No.

472

01:03:04.320 --> 01:03:04.680

No.

473

01:03:08.580 --> 01:03:09.000

Okay.

474

01:03:10.980 --> 01:03:11.550

The mission.

475

01:03:16.560 --> 01:03:20.070

Village of Parish: Is there something I can ask my wife about

476

01:03:24.060 --> 01:03:26.160

Village of Parish: Conflict, a real conflict of interest.

477

01:03:27.300 --> 01:03:29.160

Village of Parish: Then you're gonna have to put your resignation.

478

01:03:30.960 --> 01:03:31.740

Village of Parish: Out personal

479

01:03:39.000 --> 01:03:39.450

Village of Parish: Okay.

480

01:03:41.760 --> 01:03:49.890

Village of Parish: Oh, a tree removal Church Street in union. We're still trying to get some assistance on that we did, I did you get a bid from

481

01:03:51.870 --> 01:03:54.300

Village of Parish: Jeremiah brown. No. Okay.

482

01:03:55.980 --> 01:03:57.210

Village of Parish: He said he wanted

483

01:04:01.140 --> 01:04:02.280

Village of Parish: To trade or three

484

01:04:07.020 --> 01:04:09.150

Village of Parish: And we spoke with the invoice.

485

01:04:10.830 --> 01:04:18.900

Village of Parish: Town and Craig is looking at Western row in and they didn't have the equipment. They didn't have the equipment, because the trees are so huge.

486

01:04:19.770 --> 01:04:33.450

Village of Parish: And one of them was scheduling and time. So, this one doesn't have one big enough. Right. So what are these are these are right around the corner corner there Sri have a low side all three of them. The 30 day

487

01:04:35.580 --> 01:04:38.940

Village of Parish: The way I understand it that the old homeowners. They embrace

488

01:04:40.770 --> 01:04:41.940

Village of Parish: It. I understand that. Right.

489

01:04:50.730 --> 01:04:56.610

Village of Parish: Because, because we don't take them. It's in our bylaws, we don't take down. This is on the line.

490

01:04:58.770 --> 01:05:00.630

Village of Parish: Still the homeowners.

491

01:05:01.950 --> 01:05:02.940

Village of Parish: Property, yo.

492

01:05:06.300 --> 01:05:07.500

Village of Parish: We're going to share the cost of

493

01:05:09.240 --> 01:05:20.940

Village of Parish: All that the display. We shared across. That's all right. But I mean, if we had to pay for the whole thing, because it's in a contract that we don't have. We don't do sidewalks and we don't do trees.

494

01:05:23.040 --> 01:05:23.400

Village of Parish: Thing.

495

01:05:24.930 --> 01:05:26.040

Village of Parish: While we can share the car.

496

01:05:29.310 --> 01:05:38.700

Village of Parish: THAT'S ABOUT TO THINK ONE OF THOSE THINGS DOWN YOU PROBABLY BE 3000 so between the two. It will be probably going to be right around

497

01:05:39.180 --> 01:05:51.660

Village of Parish: It's going to be ready around probably six or six countries. You'd be surprised with a cop, you know. Yeah, if you have a profession. We have a fly by night guy, he might go

498

01:05:56.790 --> 01:05:58.650

Village of Parish: Live with my brow.

499

01:06:00.360 --> 01:06:01.710

Village of Parish: And I will walk away.

500

01:06:03.150 --> 01:06:04.170

Village of Parish: A little bit shocked. Yeah.

501

01:06:05.700 --> 01:06:06.450

Village of Parish: I got insurance.

502

01:06:09.060 --> 01:06:11.100

Village of Parish: So I call him and having

503

01:06:15.690 --> 01:06:17.760

Know somebody say, yeah.

504

01:06:19.620 --> 01:06:23.400

Village of Parish: What else of our problems is we're, we're a missile palace.

505

01:06:24.720 --> 01:06:37.800

Village of Parish: And state of New York. She's gonna have workman's comp yeah don't need any place else. And you gotta have a bore you with too good. Of course kickin a tree down and go ahead. One guy right so

506

01:06:39.570 --> 01:06:40.770

Village of Parish: Appreciate us. Okay.

507

01:06:45.210 --> 01:06:50.610

Village of Parish: Yeah, whatever information to get with you. Good. Okay, roadmap down, it can

508

01:06:51.750 --> 01:06:54.600

Village of Parish: I haven't heard anything back from

509

01:06:56.220 --> 01:06:56.730

Village of Parish: Anybody

510

01:07:02.760 --> 01:07:08.580

Village of Parish: On bread Murphy's Law Murphy's Law only one put in. I put the end of two weeks and

511

01:07:12.180 --> 01:07:12.870

Village of Parish: Read murky.

512

01:07:13.980 --> 01:07:17.940

Village of Parish: Installation some reading is the only one that's

513

01:07:22.890 --> 01:07:23.820

Village of Parish: How I mean that

514

01:07:25.800 --> 01:07:27.480

Village of Parish: Tony didn't put a bit

515

01:07:29.370 --> 01:07:29.700

Village of Parish: Okay.

516

01:07:43.290 --> 01:07:51.540

Village of Parish: Records disposal cleaning records from Jackie went down and active devices and get it all ready for disposal and

517

01:07:52.650 --> 01:07:58.860

Village of Parish: Graciously took it over to the county, you get a bill for \$30 so don't

518

01:08:01.680 --> 01:08:08.790

Village of Parish: Worry. Okay, so that was a step in the right direction and anything else on all business now on the new

519

01:08:10.350 --> 01:08:20.910

Village of Parish: York State Archives I think I forwarded that information to you, but we have a new local government retention schedule that has to be approved.

520

01:08:22.080 --> 01:08:28.500

Village of Parish: What we see is revising and consolidating local government records retention and this

521

01:08:29.910 --> 01:08:37.470

Village of Parish: This position scandals issuing a single comprehensive schedule and local governments must adapt.

522

01:08:40.590 --> 01:08:46.230

Village of Parish: GS one prior to utilizing it and local governments will have

523

01:08:47.250 --> 01:08:47.670

Village of Parish: All

524

01:08:48.720 --> 01:08:53.580

Village of Parish: four month period to adapt and reschedule retention. So I have a

525

01:08:54.720 --> 01:08:58.980

Village of Parish: proposal on a model, model resolution that we can

526

01:09:01.860 --> 01:09:04.020

Village of Parish: Know we discussed it there was more than tripling one on property, but then we said that I think that was

567

01:13:58.680 --> 01:14:17.580

Village of Parish: The January, February one that because it's no longer the person who was initially law. We have to go out to the estate, so it'd be too, at this point, we've lost the ability to go after the person you should probably be dead, as opposed to this point all that's been settled, but

568

01:14:20.070 --> 01:14:24.060

Village of Parish: Actually still it's still in such a hurry. So the court.

569

01:14:25.140 --> 01:14:28.980

Village of Parish: Yeah, probably. Yeah, probably will probably remain

570

01:14:31.650 --> 01:14:32.280

Village of Parish: Because a

571

01:14:33.330 --> 01:14:34.020

Village of Parish: Girlfriend

572

01:14:37.500 --> 01:14:42.900

Village of Parish: Over on our it goes up for auction and installing probably. How does that work for whoever buys that property.

573

01:14:44.550 --> 01:14:55.050

Village of Parish: The proceeds. So they'll pay off what so whenever they always because of taxes, they'll pay whatever the proceeds go hang off the taxes first and then the remainder will get the buy in.

574

01:14:56.130 --> 01:14:59.910

Village of Parish: Between the two is saying I was at home and whoever whoever as

575

01:15:00.960 --> 01:15:07.800

Village of Parish: Well, if it ever gets out of our way, which probably well let's say they decided to whoever wants it gets it and it sold at auction.

576

01:15:09.030 --> 01:15:20.700

Village of Parish: They still have a legal right to know. So if they fail to pay the taxes and sold at auction, they have a right to the proceeds of what they've lost. I actually okay I gotcha. I just, you know,

577

01:15:24.780 --> 01:15:25.680

Village of Parish: You'd be surprised.

578

01:15:31.080 --> 01:15:34.620

Village of Parish: Right, New York State Department of Health.

579

01:15:35.730 --> 01:15:39.060

Village of Parish: Has come up as a safety plan template.

580

01:15:40.530 --> 01:15:51.330

Village of Parish: With that owners hours and days doing it's not mandated, but it is advice. So I have put together when I can.

581

01:15:52.350 --> 01:15:58.350

Village of Parish: And will put this in your mailbox so that everybody in the building is aware of the kinds of things that are

582

01:16:00.660 --> 01:16:08.820

Village of Parish: Mandated expected required and whatever has to be done as resolving the Department of Health in your State Department of Health.

583

01:16:11.070 --> 01:16:29.910

Village of Parish: And term guidance for office space work during the public health emergency. There's a whole bunch of stuff planning your recovery reopening government during the pandemic. So try to correlate all that stuff together and about two pages, maybe

584

01:16:31.230 --> 01:16:34.140

Village of Parish: Has been married Larry Kasdan in time consuming.

585

01:16:36.690 --> 01:16:37.590

Village of Parish: And I think it

586

01:16:38.760 --> 01:16:46.020

Village of Parish: Will work I'll make it available to everybody that's in the building needs patties and it should be posted on bulletin board and

587

01:16:46.920 --> 01:17:00.870

Village of Parish: All the cleaning requirements that has to be done and then whoever's using particular site, whether it's in the gym or here. It's got to be clean. Down, down, does all that kind of stuff, but it's going to be recorded and documented and what

588

01:17:02.190 --> 01:17:04.350

Village of Parish: What, what is he using for clean

589

01:17:07.740 --> 01:17:11.340

Village of Parish: You know soap and water just water. Now he's got other

590

01:17:12.390 --> 01:17:24.600

Village of Parish: Stuff and at the bottom here. Well, that's what I mean. What is he using with Barclays Barclay. The gallons of this factor and they'll be effective disinfecting

591

01:17:25.980 --> 01:17:28.320

Village of Parish: Don't know the brand name or a it's in my office.

592

01:17:29.610 --> 01:17:34.140

Village of Parish: With that sanitized. Okay. Well, I have a lady to Ashley.

593

01:17:44.430 --> 01:17:46.560

Village of Parish: Board of Directors, I think.

594

01:17:54.390 --> 01:17:54.750

Village of Parish: I think

595

01:17:55.830 --> 01:17:58.500

Village of Parish: If I think America you so much for

596

01:18:00.480 --> 01:18:01.110

Village of Parish: Your Commission.

597

01:18:02.340 --> 01:18:03.990

Village of Parish: Which used to be on it.

598

01:18:05.460 --> 01:18:09.300

Village of Parish: Alright, so those that information will be made available.

599

01:18:11.730 --> 01:18:26.670

Village of Parish: And then we have these sessions people that come into the building have to sign in for the tracking purposes, such that if something does come up, we can track the people that are here and contact the county and all that so

600

01:18:29.100 --> 01:18:29.310

Village of Parish: It's

601

01:18:32.790 --> 01:18:33.930

Village of Parish: Not like the room maybe

602

01:18:35.670 --> 01:18:40.710

Village of Parish: Talking to the other day and and grosses to direct. She said that

603

01:18:43.380 --> 01:18:46.560

Village of Parish: One that you know she sent a babysitter. Right.

604

01:18:47.580 --> 01:18:54.090

Village of Parish: Now hugest what God is having a disease. The Colbert

605

01:18:55.680 --> 01:19:05.790

Village of Parish: And then she said she took her kids to the daycare center if she would work because her boss told her she get we'll get 120 people caught it from including

606

01:19:08.760 --> 01:19:09.570

Village of Parish: The vocabulary.

607

01:19:11.970 --> 01:19:25.590

Village of Parish: So we have received information webinar or nightmares webinar invited to bite into a zoom. Now this was on the 14th. But as it says, they'd be first in a series of for

608

01:19:26.190 --> 01:19:41.430

Village of Parish: That will satisfy the yearly requirement for this training on the on the webinar. We don't you still have the option to do it. Stay tuned for the next webinar link one week before the class scheduled on July 20 so

609

01:19:43.290 --> 01:19:44.520

Village of Parish: Jack is already done it.

610

01:19:45.930 --> 01:19:52.920

Village of Parish: That way, but you do see what is, what is it that same thing. It's just such a bad one new law.

611

01:19:54.150 --> 01:19:55.110

Village of Parish: I think a good, a good

612

01:19:58.980 --> 01:20:01.620

Village of Parish: So now carpet not doing anything because

613

01:20:03.120 --> 01:20:11.430

Village of Parish: Because of everything going on, but I see that on. They're going to have the line sales, the 22nd and 23rd of August. Oh, no.

614

01:20:12.600 --> 01:20:27.690

Village of Parish: We use a hammer and clean up the week after. But that'll be Labor Day weekend. So we want to do anything about waiting till like the first week of September as a cleaner to make sure I don't think so. We can I think everybody's home cleaning, you need to have that

615

01:20:29.100 --> 01:20:30.240

Village of Parish: When did you suggest

616

01:20:31.620 --> 01:20:32.040

Village of Parish: I don't know.

617

01:20:34.200 --> 01:20:43.290

Village of Parish: 22nd, 23rd heaven. No, I was told they were born. And this just came out last night, August 22 23rd Saturday and Sunday.

618

01:20:44.910 --> 01:20:45.870

Village of Parish: And then next weekend.

619

01:20:47.580 --> 01:20:50.880

Village of Parish: Okay, 22nd and 23rd.

620

01:20:54.840 --> 01:20:55.530

Village of Parish: September 7

621

01:20:58.590 --> 01:21:00.510

Village of Parish: Correct, yes. So, yeah.

622

01:21:01.980 --> 01:21:06.870

Village of Parish: 29th of August, go. Let's make it before the graduate

623

01:21:10.290 --> 01:21:11.880

Village of Parish: I think we should have it on the 29

624

01:21:12.930 --> 01:21:14.070

Village of Parish: To do like we're always

625

01:21:16.680 --> 01:21:17.490

Village of Parish: Thinking of ones.

626

01:21:20.640 --> 01:21:31.350

Village of Parish: With it, as I said, Well, I don't know where I don't know how or why people thought that has always been after the garage sale because it hasn't because

627

01:21:32.460 --> 01:21:41.190

Village of Parish: When I first started, it was before we, before the grass, it was somebody had an idea, one of the town had no idea.

628

01:21:44.130 --> 01:21:51.630

Village of Parish: Why do you want it before, because I don't want all that crap that you're trying to solve it on. Well, if it doesn't

629

01:21:54.360 --> 01:21:59.910

Village of Parish: pay the bill, we're paying them, yo. So complimenting community with

630

01:22:02.220 --> 01:22:02.670

Village of Parish: Tommy

631

01:22:13.380 --> 01:22:13.830

Village of Parish: Tommy

632

01:22:15.540 --> 01:22:16.110

Village of Parish: Because I

633

01:22:17.670 --> 01:22:18.060

Village of Parish: Do it.

634

01:22:21.390 --> 01:22:28.680

Village of Parish: And they're on to the 22nd, 23rd. That's what it says. Yeah. Alright, so we will the 29th work then

635

01:22:32.730 --> 01:22:35.190

Village of Parish: What's the 29th Saturday, they're

636

01:22:40.170 --> 01:22:41.280

Village of Parish: Going to get a hold of.

637

01:22:45.900 --> 01:22:48.840

Village of Parish: Go to get a hold of this may have to go through the

638

01:22:52.050 --> 01:22:59.340

Village of Parish: Pounds of cherries. So they need to make all these decisions. I know that they told me also responsibility.

639

01:23:02.100 --> 01:23:03.090

Village of Parish: Meaning they're

640

01:23:04.560 --> 01:23:06.960

Village of Parish: All probably not so much stuff that

641

01:23:09.720 --> 01:23:13.200

Village of Parish: She said she said for Lester let her know

642

01:23:15.210 --> 01:23:16.320

Village of Parish: She wanted it after the

643

01:23:17.670 --> 01:23:19.140

Village of Parish: Election. I knew they were going I

644

01:23:20.550 --> 01:23:21.270

Village of Parish: Will just tell me

645

01:23:24.690 --> 01:23:25.980

Village of Parish: See if the government mandates.

646  
01:23:30.780 --> 01:23:31.980  
Village of Parish: See this morning. Yeah.

647  
01:23:34.800 --> 01:23:35.370  
Village of Parish: I do

648  
01:23:36.930 --> 01:23:38.400  
Village of Parish: I have to take July.

649  
01:23:39.540 --> 01:23:40.410  
Village of Parish: I'm happy that we're

650  
01:23:41.490 --> 01:23:42.450  
Village of Parish: Not happy, where am

651  
01:23:44.220 --> 01:23:44.970  
Village of Parish: I think that back.

652  
01:23:46.590 --> 01:23:48.840  
Village of Parish: A year away. Well, no, I

653  
01:23:50.790 --> 01:23:55.980  
Village of Parish: Wasn't the one year there. We get a lot of stuff. They were going away and the guy offered in late

654  
01:23:58.620 --> 01:24:01.890  
Village of Parish: Teens know 50 cents for a frame.

655  
01:24:02.940 --> 01:24:07.290  
Village of Parish: Ended up in a. Don't forget to thank you very much to get out of it and put it in the scar.

656  
01:24:12.840 --> 01:24:15.600  
Village of Parish: She said, all right, third away. They get 70 cents.

657  
01:24:17.880 --> 01:24:18.270  
Village of Parish: Rather

658  
01:24:25.350 --> 01:24:25.650  
Village of Parish: Long

659

01:24:28.410 --> 01:24:30.240

Village of Parish: Before they

660

01:24:31.590 --> 01:24:33.600

Village of Parish: Came to me the most.

661

01:24:35.280 --> 01:24:46.980

Village of Parish: Famous 21,274 wastewater treatment plants. And if we don't. Now then, by next month. It would be one of

662

01:24:48.420 --> 01:24:52.680

Village of Parish: The i don't know i'm not sure, Kevin. This gave me this.

663

01:24:54.060 --> 01:24:54.630

Village of Parish: Sentence.

664

01:24:56.550 --> 01:24:57.060

Village of Parish: Was only

665

01:25:00.660 --> 01:25:04.560

Village of Parish: Yeah. What was it for now this is there any payment.

666

01:25:05.580 --> 01:25:07.890

Village of Parish: UFC. Oh, no, no, no.

667

01:25:10.620 --> 01:25:13.230

Village of Parish: Okay, so I make a motion that we accept

668

01:25:15.540 --> 01:25:17.430

Village of Parish: Their mental facilities corporations.

669

01:25:19.110 --> 01:25:19.530

Village of Parish: Second,

670

01:25:22.230 --> 01:25:26.070

Village of Parish: Thank you. Right. It's during the anything else in a business.

671

01:25:27.330 --> 01:25:31.470

Village of Parish: Case to remember August 10th. We have a wastewater treatment plant meeting.

672

01:25:37.740 --> 01:25:38.670

Village of Parish: Thanks for meeting.

673

01:25:43.470 --> 01:25:44.370

Village of Parish: Open Meetings.

674

01:25:50.340 --> 01:25:50.700
