83

00:12:46.860 --> 00:12:49.290

Public Hearing the issue. The purpose of the hearing.

84

00:12:50.970 --> 00:13:05.430

Village of Parish: Post adoption and amendments to the village of parishes zoning law and zoning map envision involves manufactured homes and manufactured home parent overlay for the area of route 26 months if the customer.

85

00:13:08.910 --> 00:13:11.430

Village of Parish: Response and comments to discuss

86

00:13:13.830 --> 00:13:24.510

Village of Parish: Today to the zoning law was in the village of parish regarding manufacturing article relay changes to regulate manufacturing mobile home signage and other minor edits.

87

00:13:29.670 --> 00:13:30.450

Village of Parish: Comments.

88

00:13:31.980 --> 00:13:32.790

Village of Parish: Response

89

00:13:38.700 --> 00:13:42.270

Village of Parish: Oh, you know what this is about work we've been working in

90

00:13:44.610 --> 00:13:46.950

Village of Parish: Mobile, mobile homes.

91

00:13:48.210 --> 00:13:49.380

Village of Parish: Within the village.

92

00:13:50.820 --> 00:14:00.210

Village of Parish: But rather than having them in the village. We have a acreage out, find the grist mill that were designated as we're going to designate as mobile

93

00:14:03.030 --> 00:14:08.310

Village of Parish: They want to come in. This is the new sewing. LAUGH  
This is the area with the main part

94

00:14:09.480 --> 00:14:12.360

Village of Parish: Manufactured home park overlay Michelle my degrees,  
just

95

00:14:13.560 --> 00:14:13.770

Village of Parish: So,

96

00:14:15.240 --> 00:14:21.540

Village of Parish: People can see Chris Mullins, the eating plan road.  
Does that take you into the park area.

97

00:14:23.220 --> 00:14:33.690

Village of Parish: Oh, acceptance or five. Not sure if a pond road is in.  
Yeah, I'm not familiar with that row and so was it listed on the map  
there. No.

98

00:14:38.670 --> 00:14:41.850

Village of Parish: Might end on the road. I think it might to

99

00:14:43.110 --> 00:14:44.640

Village of Parish: The northern terminus.

100

00:14:46.740 --> 00:14:47.130

Village of Parish: So,

101

00:14:48.180 --> 00:14:58.890

Village of Parish: Rather than having them in the village is a designated  
space that they can within that village that's still within the village.  
So the last part there.

102

00:15:00.030 --> 00:15:00.360

Village of Parish: Or you

103

00:15:01.710 --> 00:15:04.320

Village of Parish: Want to put up a manufactured home. You go there.

104

00:15:06.090 --> 00:15:15.390

Village of Parish: Okay, touch your toes can go anywhere now because that's that's the state law. We can't keep them, but we do have rules and regulations. Like, I think we said

105

00:15:16.560 --> 00:15:20.040

Village of Parish: Had to be so many square feet. Yes. So that will

106

00:15:24.570 --> 00:15:24.990

Village of Parish: Correct.

107

00:15:40.050 --> 00:15:43.110

Village of Parish: Know that you have any of the information leading up to the

108

00:15:44.370 --> 00:15:49.290

Village of Parish: To bring you up to snuff and. Yep. I've got a copy of the draft text.

109

00:15:56.190 --> 00:15:59.430

Village of Parish: Everything that all the changes are noted noted in red.

110

00:16:36.960 --> 00:16:37.260

All

111

00:16:41.070 --> 00:16:42.060

Village of Parish: Right now our

112

00:16:44.760 --> 00:16:45.450

Village of Parish: Webcam

113

00:16:46.530 --> 00:16:50.340

Village of Parish: Becky and get some Bullard. Okay. That would be

114

00:16:51.960 --> 00:16:52.500

Village of Parish: more reasonable.

115

00:16:53.880 --> 00:17:00.450

Village of Parish: And Tom. Just so you know the planning board comes up with most of these ideas.

116  
00:17:01.920 --> 00:17:03.780  
Village of Parish: And then passes that are

117  
00:17:04.860 --> 00:17:08.760  
Village of Parish: Too many, many meetings to the village ORIGINAL CREW.

118  
00:17:09.810 --> 00:17:16.560  
Village of Parish: So that's where it originates in the planning board and then it moves. That's what generates the zoning.

119  
00:17:18.030 --> 00:17:27.180  
Village of Parish: And they turned it down three times and then you can do with it disapprove of it but just so you have a history that that started originally planning for

120  
00:17:30.990 --> 00:17:34.200  
Jacquie'Murphy: A vote on this tonight or past us, or do we have to wait.

121  
00:17:34.770 --> 00:17:37.830  
Village of Parish: You can vote on it tonight if the public hearing

122  
00:17:43.140 --> 00:17:43.980  
Emotion and close

123  
00:17:55.620 --> 00:17:56.040  
Your

124  
00:18:01.380 --> 00:18:01.770  
Pleasure.

125  
00:18:06.420 --> 00:18:07.110  
Front of you.

126  
00:18:19.980 --> 00:18:20.910  
Village of Parish: Musi we accept

127  
00:18:24.000 --> 00:18:25.380  
Village of Parish: Jackie. Did you get a copy

128  
00:18:25.860 --> 00:18:27.330

Jacquie'Murphy: No, I didn't. Okay.

129

00:18:37.230 --> 00:18:37.740

Second,

130

00:19:00.960 --> 00:19:07.800

Village of Parish: Fail to point out for number is 10 lower I guess I've known Tom that long.

131

00:19:10.170 --> 00:19:22.140

Village of Parish: But hopefully you'll get to know that you know anybody has called after the net Johnson, he does, or I've never my bad for me. Those are heavy works or social zoning kind of paper for us. We've

132

00:19:22.950 --> 00:19:32.400

Village of Parish: Had to make changes in the village, and then code officer, you might be familiar with Jimmy, your turn. Okay. And is that college is not doing it last time when

133

00:19:37.260 --> 00:19:46.500

Village of Parish: We had the replacement of bulbs upstairs and Dave to hear that for some good things to work the light bulbs. We had some to

134

00:19:47.670 --> 00:19:49.470

Village of Parish: Take care of that for us and

135

00:19:50.670 --> 00:19:55.410

Village of Parish: And then JD dinner sexual harassment training class for us. So thank you.

136

00:19:58.290 --> 00:19:58.770

Village of Parish: Debbie

137

00:20:00.870 --> 00:20:05.190

Jacquie'Murphy: I think we're seeing if possible. You could access it via zoom

138

00:20:05.190 --> 00:20:06.930

Jacquie'Murphy: Or is a recorded. How does that

139

00:20:07.020 --> 00:20:20.910

Jacquie'Murphy: How does that work on the villain website so okay website and you go to the page for minutes on the 20 there's this whole section

for recordings, and most of the recordings are recordings of the zoom meeting.

140

00:20:21.270 --> 00:20:28.590

Village of Parish: Okay, but there's also several the last three of those right now or the harassment workshop, the video.

141

00:20:28.620 --> 00:20:31.740

Jacquie'Murphy: You guys are on the honor system. You better watch the whole thing.

142

00:20:34.710 --> 00:20:36.870

Village of Parish: I ran. I ran all the time.

143

00:20:39.780 --> 00:20:40.470

Between you and her

144

00:20:44.610 --> 00:20:45.690

They get a certificate

145

00:20:48.360 --> 00:20:56.970

Jacquie'Murphy: I'd have to give it to them. I just need to make sure that, like I said, they're on the honor system as to whether or not they actually do it. Trust me.

146

00:21:05.340 --> 00:21:08.040

Okay, so it is there if you need it.

147

00:21:09.420 --> 00:21:12.870

Yet why thanks Paul. Thanks, Jackie for doing that.

148

00:21:16.170 --> 00:21:25.350

And I emailed out the types of concern in the county were just discussing that earlier than those one today was priced Jaffer need us. We go with

149

00:21:26.220 --> 00:21:40.110

Dunkin Donuts Walmart Phoenix, there was a fire, calm down there. That's just BS and langstone the American Legion make will be a restaurant. So getting us today being

150

00:21:41.970 --> 00:21:47.940

Heard and be prepared with her masks and so on the one here is any any problems.

151

00:21:50.190 --> 00:21:52.410

Or anything else worries.

152

00:21:53.670 --> 00:21:54.600

Legislator hold

153

00:22:02.850 --> 00:22:12.630

Tom Bullard: First off I'd like to thank Neil for bringing CALM DOWN THE  
THE OTHER DAY. Nice to see him. NICE TO MEET YOU, JOHN Welcome aboard the  
board.

154

00:22:15.090 --> 00:22:17.610

Tom Bullard: We went around in quite a few

155

00:22:20.070 --> 00:22:20.640

Tom Bullard: Quite a few.

156

00:22:22.500 --> 00:22:32.070

Tom Bullard: Over our going with Canon and myself and the operator and  
the only walk around and look over a few things and everything.  
Everything I think

157

00:22:33.300 --> 00:22:36.480

Tom Bullard: They have a board member know exactly planted.

158

00:22:41.190 --> 00:22:49.830

Tom Bullard: All right, so what we're dealing with is the plan at this  
particular time is the change in temperatures are really screwed up. I  
mean, one day.

159

00:22:50.250 --> 00:22:58.170

Tom Bullard: 20 or 30 and then like Friday is going to be 60 and the  
temperature doesn't affect the bugs and affects the way that plan  
operates. Well, we had a

160

00:23:00.030 --> 00:23:13.020

Tom Bullard: Colon failure. A couple weeks ago because we're trying to  
find a chase it down, trying to keep it similar at least consistent, but  
the weather than stay consistent. So we have to

161

00:23:14.490 --> 00:23:16.170

Tom Bullard: Adjust as we go along.

162

00:23:17.280 --> 00:23:25.200

Tom Bullard: Looking at paint. Number two, I want to bring that back up again that tape to is in need of major repairs and or replacement

163

00:23:26.790 --> 00:23:33.390

Tom Bullard: It's such a major step, not just replacing the diffusers like we did the other day and the valves

164

00:23:34.560 --> 00:23:35.670

Tom Bullard: This is such a major

165

00:23:36.780 --> 00:23:41.580

Tom Bullard: Project that the DC will probably want to be involved with any improvements that we do.

166

00:23:42.960 --> 00:23:52.800

Tom Bullard: And the tech needs to be FDA inspected and then rebuild. Basically, I mean, take your rate down and I showed them the real time. We talked about that. I mean, the plumbing.

167

00:23:53.940 --> 00:23:54.540

Tom Bullard: The rush

168

00:23:55.710 --> 00:24:03.990

Tom Bullard: Over the years old and we're looking at 250 to 300 K with far as getting the tank.

169

00:24:05.010 --> 00:24:07.080

Tom Bullard: There are other. There are other

170

00:24:08.490 --> 00:24:23.970

Tom Bullard: Things we could probably do the engineer would have to get water the DC for approval and the engineer develop a plan of what we could do with it and then we'd go out to bid on again we have to start looking at them.

171

00:24:26.400 --> 00:24:28.050

Tom Bullard: Because we're going to need some funding on this.

172

00:24:29.790 --> 00:24:34.920

Tom Bullard: Is not a quick fix type deal. So that's really renowned

173

00:24:35.460 --> 00:24:39.840

Village of Parish: As possible, because if something happens to the other team.

174

00:24:43.710 --> 00:24:46.740

Tom Bullard: Right, well we be scrambling then

175

00:24:48.510 --> 00:24:50.580

Jacque'Murphy: What was that dollar figure you gave, Tom.

176

00:24:50.850 --> 00:24:55.980

Tom Bullard: 250,000 to 303 50,000

177

00:25:10.470 --> 00:25:11.220

Tom Bullard: A new project.

178

00:25:14.280 --> 00:25:18.690

Tom Bullard: To get the plan up doors gotta beat so I'm sure that's all going to be part of

179

00:25:19.770 --> 00:25:20.970

Tom Bullard: This proposal, so

180

00:25:21.960 --> 00:25:23.340

Tom Bullard: You're talking about a package.

181

00:25:23.370 --> 00:25:26.430

Tom Bullard: Plant that that would facilitate the ability

182

00:25:27.840 --> 00:25:28.980

Tom Bullard: For expansion to

183

00:25:45.870 --> 00:25:46.230

Tom Bullard: Take

184

00:25:50.190 --> 00:25:51.690

Tom Bullard: digester out almost

185

00:25:52.740 --> 00:25:56.730

Tom Bullard: almost empty two days ago to make room for our

186

00:25:58.410 --> 00:26:02.850

Tom Bullard: We have to drag Ben's available at that are empty right now that we've cleaned out

187

00:26:04.020 --> 00:26:07.650

Tom Bullard: So we're, we're ready for the winter will be fine, I'm sure.

188

00:26:10.560 --> 00:26:12.510

Tom Bullard: Why not, but

189

00:26:13.860 --> 00:26:28.800

Tom Bullard: That brings us up to the generator just there. And my annual service on both the generators. We were having a problem generator at the wastewater glass and it's one of the circuit boards was bad replacing that

190

00:26:32.850 --> 00:26:37.560

Tom Bullard: The generator one but won't shut off.

191

00:26:39.150 --> 00:26:39.510

So,

192

00:26:42.900 --> 00:26:57.330

Tom Bullard: That's no, that's the one that the plant itself that down with the with the one by their by their creation that that was checked out. And it's good. Excellent. Operation operational.

193

00:27:00.000 --> 00:27:02.280

Tom Bullard: The way I Can I just talk to Alex

194

00:27:13.260 --> 00:27:14.100

Tom Bullard: Any questions.

195

00:27:22.380 --> 00:27:26.370

Village of Parish: When I get it, I won't be this week, but next week we're going to get that out of

196

00:27:26.790 --> 00:27:27.210

All right.

197

00:27:28.470 --> 00:27:30.000

Tom Bullard: Well, welcome aboard.

198

00:27:31.560 --> 00:27:33.600

Village of Parish: And I you know I gotta kind of

199

00:27:34.830 --> 00:27:38.370

Village of Parish: Figure out what I can do, because they gotta, I gotta be down there.

200

00:27:42.420 --> 00:27:45.330

Village of Parish: Unless we can get it down there when you guys are down there.

201

00:27:45.750 --> 00:27:46.050

Well,

202

00:27:47.250 --> 00:27:48.030

Tom Bullard: The combination

203

00:27:49.650 --> 00:27:54.300

Tom Bullard: Yeah, the driver driver this thing called the office and they know

204

00:27:58.620 --> 00:27:58.980

Village of Parish: The rest of

205

00:28:00.600 --> 00:28:01.050

Village of Parish: This week,

206

00:28:01.620 --> 00:28:03.690

Tom Bullard: This week, or next week. It's Wednesday Thursday.

207

00:28:05.460 --> 00:28:06.450

Tom Bullard: Sometime next week.

208

00:28:12.600 --> 00:28:13.230

Village of Parish: I'll finish.

209

00:28:18.420 --> 00:28:27.480

Tom Bullard: And that is actually saving us as far as the temperature change the temperature goes down the

210

00:28:29.880 --> 00:28:37.380

Tom Bullard: Oxygen. So the air can be shut down a little bit. And then, but it just hasn't been consistent enough where we can adjust

211

00:28:38.670 --> 00:28:41.400

Tom Bullard: The temperature goes up, we need more oxygen so

212

00:28:42.810 --> 00:28:49.140

Tom Bullard: The bugs are, I think, if this keeps up with a separate you going up and down the bugs. You're going to go on strike, and we're going to be in trouble.

213

00:28:59.910 --> 00:29:00.540

Village of Parish: Okay.

214

00:29:01.980 --> 00:29:02.490

Tom Bullard: Thank you.

215

00:29:07.440 --> 00:29:08.490

Tom Bullard: Dr right now.

216

00:29:11.520 --> 00:29:13.230

Tom Bullard: He passes.

217

00:29:15.930 --> 00:29:17.610

Tom Bullard: Quarantine himself for

218

00:29:19.440 --> 00:29:20.820

Tom Bullard: 10 days or something like that.

219

00:29:23.070 --> 00:29:25.800

Tom Bullard: So negative and the other operator there.

220

00:29:35.490 --> 00:29:35.970

Tom Bullard: Thank you.

221

00:29:50.430 --> 00:29:50.880

Yes.

222

00:29:53.580 --> 00:29:56.220

Village of Parish: Basically I'm going to just cut it down.

223

00:29:57.780 --> 00:30:03.330

Village of Parish: As a copy of this as well. So building permits were issued in October.

224

00:30:05.130 --> 00:30:12.060

Village of Parish: For permits were completed out with certificates of compliance issue 26 building inspection were performed

225

00:30:13.200 --> 00:30:17.520

Village of Parish: Violation was corrected and six new violations were issued did not

226

00:30:17.700 --> 00:30:18.030

Hear

227

00:30:19.260 --> 00:30:23.040

Village of Parish: Also three zoning permits or sense we're issue.

228

00:30:24.330 --> 00:30:31.770

Village of Parish: And basically, in November we have started performing our fire safety inspections throughout the town in the village.

229

00:30:33.120 --> 00:30:34.350

Village of Parish: Let me know how that goes.

230

00:30:37.050 --> 00:30:58.680

232

00:31:15.930 --> 00:31:18.090

Village of Parish: Any questions from any board members.

233

00:31:19.680 --> 00:31:21.300

Jacquie'Murphy: I was like, you're staying pretty busy.

234

00:31:22.470 --> 00:31:24.060  
Village of Parish: Always trying to anyways.

235  
00:31:26.160 --> 00:31:29.820  
Village of Parish: I made emotion. We accepted as he read it.

236  
00:31:31.200 --> 00:31:31.530  
Village of Parish: Okay.

237  
00:31:32.550 --> 00:31:32.820  
All right.

238  
00:31:34.230 --> 00:31:34.680  
Jacquie'Murphy: All right.

239  
00:31:34.710 --> 00:31:46.830  
Village of Parish: Anybody has any questions on the web properties or where you're doing stuff, give me a call, give the report from the mayor, come see me around quite a bit. I know you got

240  
00:31:48.300 --> 00:31:53.430  
Village of Parish: There it goes. You know we got emotion on the floor. No, no, no.

241  
00:31:55.620 --> 00:32:06.780  
Village of Parish: Okay thank you don't have anything to the language of somebody has a while back noise ordinance negative lighting Christmas tree lights.

242  
00:32:08.280 --> 00:32:17.820  
Village of Parish: Nothing like that to my knowledge, the only only miss that. I know you can have a flashing. You know who signs that plaque. Right. Yeah, there's

243  
00:32:19.260 --> 00:32:20.430  
Village of Parish: A sign ordinance.

244  
00:32:21.570 --> 00:32:23.220  
Village of Parish: What you would have to

245  
00:32:24.630 --> 00:32:30.270  
Village of Parish: Look and see on a per basis as to what they have what's allowed no it's I don't have it right

246

00:32:31.470 --> 00:32:39.630

Village of Parish: Now, because I know it's time to time. I'm just talking about ordinary lighting know not to my knowledge in

247

00:32:41.400 --> 00:32:43.470

Village of Parish: The town right do you have issues.

248

00:32:45.060 --> 00:32:46.350

Village of Parish: A nuisance all night long.

249

00:32:47.730 --> 00:32:53.370

Village of Parish: Break down piston awesome and say, Oh Christmas lights. I don't know. Christmas.

250

00:32:54.420 --> 00:32:54.900

Village of Parish: Christmas.

251

00:32:56.340 --> 00:33:00.720

Village of Parish: Yeah, nothing, nothing, to my knowledge about that zone me

252

00:33:01.860 --> 00:33:04.350

Village of Parish: A lot right there. I don't think there's anything from lighting.

253

00:33:09.450 --> 00:33:13.260

Village of Parish: Only hazard to drivers.

254

00:33:14.850 --> 00:33:16.980

Village of Parish: Do T type. Yeah, yeah.

255

00:33:19.170 --> 00:33:21.150

Village of Parish: Okay, thank you.

256

00:33:53.820 --> 00:33:54.870

Village of Parish: trustees who are here.

257

00:33:57.480 --> 00:34:01.290

Village of Parish: For just a legend. What I've been up to us last month.

258

00:34:02.790 --> 00:34:11.340

Village of Parish: My participants on working with towns, a propeller budgets for their next school year. Definitely that all throughout FYI, because

259

00:34:12.030 --> 00:34:18.630

Village of Parish: You know we coming up in the time you'll be getting ready for your next fiscal year we'll probably start on that after the first of the year.

260

00:34:19.290 --> 00:34:25.410

Village of Parish: I was on the controllers website and they said that the text limit numbers for villages for that year.

261

00:34:25.920 --> 00:34:40.470

Village of Parish: Shouldn't be available in December. They don't have them up yet, but the number of phone is here with the tax levy. Then it was 1.56% which is down from the 2% maximum and then the to retire.

262

00:34:41.550 --> 00:34:47.880

Village of Parish: I would expect that it would probably be under 2% privileges as well. But we know about December.

263

00:34:49.200 --> 00:34:56.400

Village of Parish: The total Commission offices are still operating at a 50% occupancy level with a schedule with Watertown based staff.

264

00:34:56.880 --> 00:35:05.760

Village of Parish: Were at any given time, half a step is in the Watertown office and the rest are working full time all working full time, but only half of them are allowed to be in our offices monitor

265

00:35:06.900 --> 00:35:11.850

Village of Parish: And Tokyo step are available for meetings. Your municipality, as Matt is here tonight.

266

00:35:13.410 --> 00:35:20.520

Village of Parish: I mentioned the training with total commission is offered to local planning boards and Zoning Board of appeals to help them with their annual training our requirements.

267

00:35:21.600 --> 00:35:26.310

Village of Parish: These training sessions have been placed on the Tokyo YouTube channel afterwards. And we're currently live in the house.

268

00:35:26.880 --> 00:35:38.880

Village of Parish: Who do the same thing we were talking about earlier with Jackie and her training session. I'll do we certify that the people who watch it after the fact, actually watched it and should get credit for it.

269

00:35:40.710 --> 00:35:48.840

Village of Parish: When we're doing them live. You can sign up in advance and get them into the session, just like we do with the zoom session. So we know you're there and

270

00:35:50.070 --> 00:35:58.380

Village of Parish: There throughout the entire thing. But if you're watching it after the fact, on zoom. We don't have a good way of tracking that. So we're looking at means that other

271

00:35:59.970 --> 00:36:07.410

Village of Parish: organizations like ours, have done to validate people as watching it. So we know that they actually didn't watch the videos.

272

00:36:08.640 --> 00:36:12.180

Village of Parish: And so again we're working on our training calendar for next year.

273

00:36:13.950 --> 00:36:20.400

Village of Parish: The government executive order, allowing remote meetings and public hearings via means like a zoom has been extended until December 3 he's been

274

00:36:21.000 --> 00:36:32.610

Village of Parish: Renewing it on a month by month basis most recent we will talk this through December 3 you have any upcoming meetings where that would be helpful, let me know. And of course the Grange resume for tonight's meeting.

275

00:36:34.920 --> 00:36:44.040

Village of Parish: The next seminar house only governments meeting has been scheduled for this next Friday, November 20 at 3:30pm at the Art LB municipal building on bridge street now.

276

00:36:44.940 --> 00:36:57.300

Village of Parish: You will be in person with social distancing in mass usage, although we may be involved. There's somebody who's interested in attending that wanted to attend be as inside may, I'm going to talk to the chairman. If you want to set that up.

277

00:36:58.770 --> 00:36:59.250

Village of Parish: For that

278

00:37:00.360 --> 00:37:06.990

Village of Parish: Topics will include moving forward with a contractor to enhance meeting coverage and the extension of our current in our municipal agreement.

279

00:37:08.370 --> 00:37:14.550

Village of Parish: Going along with that as we get closer to implementing having a contract to help me with media coverage in the seminar reserved

280

00:37:15.300 --> 00:37:21.180

Village of Parish: If you have anybody in mind, who you think might be able and interested in serving that function will be FA zero 1010

281

00:37:21.870 --> 00:37:28.590

Village of Parish: One thing I've learned from my counterparts and the other Council of governments that have had contractors to help them covering meetings is

282

00:37:28.980 --> 00:37:38.370

Village of Parish: Because some of our best candidates through word of mouth advertising. So I'm spreading the word about that. So if you know of anybody keep keep us in mind the picture that's it along.

283

00:37:40.020 --> 00:37:46.590

Village of Parish: I've emailed the bell for senator every Council of Governments membership for calendar year 23 to the village. That was last week.

284

00:37:47.430 --> 00:37:57.360

Village of Parish: I system. The village clinic wasn't transition to the new word processing programming adjusting document formats or proper plan that was a Wednesday afternoon. So I was happy to be of assistance.

285

00:37:58.350 --> 00:38:05.670

Village of Parish: And ma. Last but not least, village trustee Jackie Murphy recently conducted a training session on harassment issues in the village.

286

00:38:06.810 --> 00:38:26.400

Village of Parish: Made available via zoom a little difficulty attend in person. I was able to arrange for a zoom session for that training session and I posted the video, audio and transcript of the session to those websites on the 2020 minutes taking website. And that's all for tonight.

287

00:38:27.090 --> 00:38:28.500

Jacquie'Murphy: Thank you, Paul for doing that.

288

00:38:29.010 --> 00:38:31.050

Village of Parish: Oh boy was actually

289

00:38:34.320 --> 00:38:44.010

Village of Parish: If you go to documents and minutes. There's a entry under there. Four minutes for 2020 right there right at the bottom. If I go to Jackie house and harass her with that because

290

00:38:49.410 --> 00:38:50.040

Village of Parish: The

291

00:38:52.650 --> 00:39:00.660

Village of Parish: Last 1.5 1.56 for the town's for next year and I can, I can also report you that the Tom actually wrote their number in less than that.

292

00:39:01.980 --> 00:39:14.910

Village of Parish: Years, they've had the past a tax levy limit override. And this year, they were very, very close to their figuring that are numbers and they were able to bring the number in below the tax cap lucky number

293

00:39:15.960 --> 00:39:17.610

Jacquie'Murphy: Good, so

294

00:39:17.670 --> 00:39:19.830

Village of Parish: Who is at home taxpayers will

295

00:39:26.070 --> 00:39:26.310

Village of Parish: Know,

296

00:39:27.390 --> 00:39:34.560

Village of Parish: That this is a general trend with all the towns. I work with every is trying to be very careful with their budget for next year because there are so many unknowns.

297

00:39:35.640 --> 00:39:39.090

Village of Parish: Going on that we're relatively lucky, thus far, and as we were County.

298

00:39:39.540 --> 00:39:45.270

Village of Parish: That our sales tax revenues don't seem to suffer the way some of the other comments have. I don't know if you've heard of numbers of accounting

299

00:39:45.690 --> 00:39:55.800

Village of Parish: But I understand that our numbers have not been there are other companies that have suffered in comparison. But so, but what happens in 2021 is anybody's guess

300

00:39:58.560 --> 00:39:59.130

Village of Parish: Questions.

301

00:40:02.310 --> 00:40:03.480

Village of Parish: So far report.

302

00:40:06.840 --> 00:40:07.620

Village of Parish: On favor

303

00:40:08.820 --> 00:40:10.410

Village of Parish: Okay. All right. Thank you, Tom.

304

00:40:12.000 --> 00:40:12.480

Village of Parish: All right.

305

00:40:14.460 --> 00:40:21.720

Village of Parish: Presentation discussions concerns unfinished business resolution for manufactured homes.

306

00:40:24.030 --> 00:40:24.780

Village of Parish: Public Hearing

307

00:40:25.890 --> 00:40:29.310

Village of Parish: Solution. I mean, we accept it.

308

00:40:31.980 --> 00:40:34.200

Village of Parish: Big of an area. Is this not a big

309

00:40:40.770 --> 00:40:54.660

Village of Parish: Deal. It's only like 2000 feet as well. Yes, very big only put about will be figured out, you can put in, maybe six yeah it's mobile or 400 feet wide.

310

00:40:56.310 --> 00:41:09.360

Village of Parish: 200 feet back from the side of the center line of 26 and then whatever that distances from the, from the grist mill up to the top of the order Don Draper village.

311

00:41:11.640 --> 00:41:28.500

Village of Parish: Is it. No, it's not a huge area. What would happen if we did max it out and reset capacity we just redo and add to that or would you always correct. Yeah, you can, you know, you can always a members only math bigger

312

00:41:30.090 --> 00:41:33.840

Village of Parish: The kind of hard all this owns that land.

313

00:41:36.750 --> 00:41:38.580

Village of Parish: Yeah, I believe you guys

314

00:41:41.550 --> 00:41:45.390

Village of Parish: I don't know what he on the western side of her 27 because you're

315

00:41:48.090 --> 00:41:48.510

Village of Parish: Telling

316

00:41:49.590 --> 00:41:50.340

Village of Parish: Me nisa

317

00:41:51.450 --> 00:41:53.040

Village of Parish: Or the west coast. The East and

318

00:41:55.170 --> 00:42:00.750

Village of Parish: The West Side. I don't know that there's the other side. There's not much in between there and at one any

319

00:42:02.100 --> 00:42:04.380

Village of Parish: Anything in there and there is a house.

320

00:42:17.010 --> 00:42:17.640

Village of Parish: I mean, I'm one

321

00:42:19.980 --> 00:42:21.720

Village of Parish: You can tell it over. Yeah.

322

00:42:25.920 --> 00:42:27.000

Village of Parish: Sir, okay.

323

00:42:28.320 --> 00:42:32.490

Village of Parish: We post on network want to move

324

00:42:34.830 --> 00:42:35.820

Village of Parish: To review it.

325

00:42:38.040 --> 00:42:40.050

Oh yes, I'm

326

00:42:42.750 --> 00:42:43.710

Village of Parish: feeling emotionally

327

00:42:46.020 --> 00:42:46.500

Intense

328

00:42:47.610 --> 00:42:52.860

Village of Parish: You know, you don't think you need anything, so you're not taking any action tonight so you don't do

329

00:42:53.970 --> 00:42:54.360

Village of Parish: So,

330

00:43:02.910 --> 00:43:09.420

Village of Parish: Water Project committee members. David and Jackie or water committee members, what's happening. I

331

00:43:10.260 --> 00:43:11.850

Jacquie'Murphy: Have no idea. I haven't heard anything

332

00:43:15.720 --> 00:43:19.020

Jacquie'Murphy: Supposed to be a public hearing on December 2 year

333

00:43:25.140 --> 00:43:27.030  
December 2 at 630

334

00:43:31.980 --> 00:43:32.190  
Jacquie'Murphy: Yeah.

335

00:43:38.790 --> 00:43:41.880  
That mailing went out and probably will be getting that

336

00:43:45.300 --> 00:43:46.860  
Report from somebody receiver.

337

00:43:49.980 --> 00:43:51.390  
Village of Parish: Haven't been a part of any kind of

338

00:43:51.930 --> 00:43:53.550  
Jacquie'Murphy: Input never heard

339

00:43:57.660 --> 00:43:58.500  
I haven't heard anything

340

00:44:08.520 --> 00:44:12.390  
Okay. All right. Well, I guess we'll find out.

341

00:44:16.260 --> 00:44:20.520  
Village of Parish: Library construction progress. Jackie, how they go in with them.

342

00:44:20.850 --> 00:44:24.270  
Jacquie'Murphy: We're doing pretty well they're working right in this weather.

343

00:44:29.190 --> 00:44:30.060  
Jacquie'Murphy: All I can tell you

344

00:44:34.530 --> 00:44:35.880  
Village of Parish: The library now shut down.

345

00:44:37.170 --> 00:44:37.800  
Jacquie'Murphy: Yes.

346

00:44:39.690 --> 00:44:41.400

Jacquie'Murphy: They're going to go back to the grab and go

347

00:44:43.020 --> 00:44:43.410

Jacquie'Murphy: I think

348

00:44:47.430 --> 00:44:49.020

Jacquie'Murphy: I think this this week.

349

00:44:50.550 --> 00:44:52.110

Village of Parish: We're going to do what grab and go

350

00:44:52.620 --> 00:44:53.040

Village of Parish: Yeah.

351

00:44:53.970 --> 00:45:03.780

Jacquie'Murphy: We're not going to have walk in ours who just either go online or call up and order what what you want and then I'll have them ready for you to just pick them off.

352

00:45:06.420 --> 00:45:07.470

Jacquie'Murphy: Yes. No.

353

00:45:16.710 --> 00:45:20.040

Village of Parish: Wonder they anticipate this library addition to be completed.

354

00:45:22.680 --> 00:45:23.670

Village of Parish: Spring, summer.

355

00:45:24.690 --> 00:45:35.970

Jacquie'Murphy: Yeah, well, they're right now. They're just putting on it back end, but they're not gonna do anything final until it's better whether to knock out that wall.

356

00:45:52.830 --> 00:45:55.320

Jacquie'Murphy: Phases because that's how they're gonna get their money.

357

00:46:04.140 --> 00:46:08.250

Will be utilized in addition to the library, something that's long overdue.

358

00:46:16.620 --> 00:46:17.100

Village of Parish: Okay.

359

00:46:17.130 --> 00:46:28.680

Jacquie'Murphy: Anything I was, I was looking to see if I could tell you one they were gonna make that effective yeah for the other, but I cannot find it. Okay, that was not an email. Yeah.

360

00:46:29.820 --> 00:46:30.900

Village of Parish: All right, well, thank you.

361

00:46:33.450 --> 00:46:36.420

Village of Parish: Our wastewater treatment plant our truck stands

362

00:46:39.840 --> 00:46:40.140

Village of Parish: Out.

363

00:46:45.600 --> 00:46:49.980

Village of Parish: Is already put in almost \$600

364

00:46:52.140 --> 00:46:53.850

Village of Parish: We are all Robin Wright.

365

00:46:56.250 --> 00:46:58.230

Village of Parish: Can be broken down into the same thing. Okay.

366

00:47:04.680 --> 00:47:05.310

Village of Parish: I agree.

367

00:47:09.090 --> 00:47:09.450

Village of Parish: Sure.

368

00:47:16.650 --> 00:47:17.880

Village of Parish: That we were told.

369

00:47:28.890 --> 00:47:29.850

Village of Parish: Emotions and so

370

00:47:31.800 --> 00:47:32.280

Village of Parish: That the

371

00:47:34.890 --> 00:47:42.660

Village of Parish: Emotion that we put the truck up for sale. Right. Second. All in favor. Did you hear that Jackie. Yes.

372

00:47:52.470 --> 00:47:55.080

Village of Parish: Thank you for checking it out and get that taken care of.

373

00:47:56.130 --> 00:47:57.960

Village of Parish: There for a long time. Well, I would have

374

00:47:59.130 --> 00:48:00.900

Village of Parish: Told that we weren't before

375

00:48:04.320 --> 00:48:07.800

Village of Parish: We can dispose of it every time and see what we can do.

376

00:48:09.570 --> 00:48:19.200

Village of Parish: It no parking crosswalk curbing it's notice we've got great signs out there and listen when we get crosswalk paint cross the street.

377

00:48:21.300 --> 00:48:22.110

Village of Parish: Across the street.

378

00:48:30.630 --> 00:48:31.140

Jacquie'Murphy: Yesterday,

379

00:48:37.980 --> 00:48:38.400

pizza shop.

380

00:48:39.750 --> 00:48:42.960

Village of Parish: I don't know. I didn't. There was supposed to be fun.

381

00:48:46.350 --> 00:48:53.430

Village of Parish: You know, yeah, these people in their corner and somebody took down the issue he hit it or took it down. I don't know exactly why.

382

00:48:54.930 --> 00:48:55.110

Jacquie'Murphy: We

383

00:48:55.440 --> 00:48:58.290

Village of Parish: Just need to put their bag to be no parking between there and

384

00:49:00.030 --> 00:49:01.440

Village of Parish: The other three quarters of

385

00:49:02.640 --> 00:49:03.900

Village of Parish: The four corners. I got

386

00:49:05.670 --> 00:49:10.980

Village of Parish: A whitening lightning from here to the corner there. They got them on 123

387

00:49:12.690 --> 00:49:22.050

Village of Parish: Sexy DOJ and he said they'd be out working. So I did. I asked them about the handicap. No problem. So I'll have to call again and see

388

00:49:23.160 --> 00:49:31.860

Village of Parish: We don't have those second place will need them for for how here in front. We have a sign, but it's pretty well worn, you can't even see it. So,

389

00:49:32.850 --> 00:49:40.710

Village of Parish: And he said we can do replacement science. And so I don't know if it's going to be us to get that replacement science we can't put up new signage.

390

00:49:41.160 --> 00:49:50.340

Village of Parish: That was the question next door neighbor, because we had cars parked in front of his driveway. So sign will not saying that.

391

00:49:51.060 --> 00:50:04.410

Village of Parish: The park in front of the driveway. The GOP didn't like it because they didn't put the sign up. Oh, so I don't know how it got when I think about that. I'm sure they would love to sign there. And right now, but I asked the Quixote.

392

00:50:05.580 --> 00:50:11.250

Village of Parish: John that I spoke to him. He said that new science has to come from the do it. We can do replacements and

393

00:50:12.510 --> 00:50:30.510

Village of Parish: Sign up and then the curbing over at the insurance company they put that curb and and it is not the custom compliant. So he wasn't too concerned that they didn't want to decide what crosswalks there.

394

00:50:31.710 --> 00:50:42.390

Village of Parish: They would change it. They said they would oblige. If we insisted, or somebody insisted, but being that if the water is going to go through and they're going to change the Caribbean.

395

00:50:43.290 --> 00:50:50.550

Village of Parish: But not those thousands of dollars or whatever it takes to change the Caribbean, and then to pull it all out and water does make a lot of sense.

396

00:50:52.140 --> 00:50:53.130

Village of Parish: For for right now.

397

00:50:59.070 --> 00:50:59.700

Village of Parish: In your own

398

00:51:01.110 --> 00:51:09.150

Village of Parish: Words analysis as close until further notice. Please has the knowledge or some other still for some family emergency room again.

399

00:51:14.340 --> 00:51:15.810

Village of Parish: We don't know how long from

400

00:51:16.920 --> 00:51:19.800

Village of Parish: Japan. Hopefully not, as long as the last

401

00:51:23.910 --> 00:51:29.040

Village of Parish: Christmas decorations nails done some pricing for us. Okay.

402

00:51:33.000 --> 00:51:33.720

Village of Parish: So Mark,

403

00:51:34.770 --> 00:51:44.430

Village of Parish: The ones. I'm thinking I'm only getting two days you're going to next year and the year after and then maybe even start putting

404

00:51:45.570 --> 00:51:46.650

Village of Parish: On the ground.

405

00:51:47.730 --> 00:51:53.820

Village of Parish: You know, like pumpkins and some other types of holidays, stuff like that.

406

00:51:56.370 --> 00:51:58.650

Village of Parish: I'm looking at right now. Once a reindeer.

407

00:52:00.600 --> 00:52:01.680

Village of Parish: Jumping reindeer.

408

00:52:25.740 --> 00:52:26.910

Village of Parish: King. The King heavy

409

00:52:28.110 --> 00:52:36.660

Village of Parish: I mean really happy. But it depends on who we get a Humvee pull it up. We can get a truck. The bucket on it. We probably use

410

00:52:38.820 --> 00:52:40.200

Village of Parish: If I get there by that.

411

00:52:41.610 --> 00:52:49.170

Village of Parish: I think I can't because he said most of the stuff is also this stuff. He says in sac. Yeah, this is that a Syracuse. Yeah.

412

00:52:51.720 --> 00:52:58.260

Village of Parish: Know that have a warehouse. Oh no. Yeah, the warehouse. I'm not a, not a showcase

413

00:52:59.490 --> 00:53:06.810

Village of Parish: Okay, jumping reindeer and leaping reindeer is 458 hours.

414

00:53:09.330 --> 00:53:09.600

Village of Parish: La

415

00:53:10.860 --> 00:53:12.570  
Village of Parish: La, la, yeah.

416  
00:53:13.980 --> 00:53:14.430  
Village of Parish: Excuse me.

417  
00:53:17.310 --> 00:53:17.640  
Village of Parish: Yeah.

418  
00:53:21.240 --> 00:53:21.990  
Village of Parish: So we don't have

419  
00:53:26.850 --> 00:53:27.570  
Village of Parish: Includes

420  
00:53:29.610 --> 00:53:31.440  
Village of Parish: The name already

421  
00:53:34.830 --> 00:53:40.650  
Village of Parish: Hardware isn't good already. So you want to do the  
pole rattling

422  
00:53:43.980 --> 00:53:44.310  
Village of Parish: 50 bucks.

423  
00:53:47.850 --> 00:53:51.030  
Village of Parish: So think about getting 11 reindeer.

424  
00:53:54.870 --> 00:53:55.200  
And

425  
00:53:58.140 --> 00:53:58.650  
Marches

426  
00:54:08.580 --> 00:54:10.740  
Village of Parish: Okay so living room Ranger.

427  
00:54:11.940 --> 00:54:12.930  
Village of Parish: What I say was

428  
00:54:15.420 --> 00:54:17.490

Village of Parish: To be a doctor.

429

00:54:20.790 --> 00:54:22.440

Village of Parish: The other one could be

430

00:54:24.210 --> 00:54:26.790

Village of Parish: Either a Christmas ball.

431

00:54:27.990 --> 00:54:28.740

Village of Parish: No, no, I

432

00:54:32.160 --> 00:54:32.640

Village of Parish: Screwed up

433

00:54:33.960 --> 00:54:39.810

Village of Parish: The death over \$1,000 I shooting star which is

434

00:54:42.090 --> 00:54:43.620

Village of Parish: 392

435

00:54:46.440 --> 00:54:46.710

Yeah.

436

00:54:52.230 --> 00:54:54.300

Village of Parish: Or a Christmas candle.

437

00:54:55.680 --> 00:54:58.020

Village of Parish: Which is 437

438

00:54:59.370 --> 00:55:01.320

Jacque'Murphy: What does the shooting star look like

439

00:55:05.580 --> 00:55:08.880

Village of Parish: It's a star without let's behind it.

440

00:55:12.390 --> 00:55:12.720

Village of Parish: Yes.

441

00:55:14.250 --> 00:55:15.810

Village of Parish: We can look it up. Yeah.

442

00:55:20.430 --> 00:55:21.240

Village of Parish: May have to

443

00:55:22.410 --> 00:55:24.810

Village of Parish: I didn't bring a book with me the book and the website.

444

00:55:26.250 --> 00:55:36.390

Village of Parish: Because website does not give website does not give you prices to ask for those using the design, design, everything is affected.

445

00:55:39.600 --> 00:55:40.470

Village of Parish: Your bow.

446

00:55:42.870 --> 00:55:46.890

Jacquie'Murphy: What do you think, Catherine about what would you rather have the candle or the star.

447

00:55:48.390 --> 00:55:48.810

Village of Parish: Me.

448

00:55:49.380 --> 00:55:50.880

Village of Parish: Catherine. Oh.

449

00:55:51.570 --> 00:55:52.470

Jacquie'Murphy: Talking to the mirror.

450

00:55:53.940 --> 00:55:56.610

I guess I'd have to see what we got. What we're looking at

451

00:56:01.860 --> 00:56:05.640

Village of Parish: The bigger picture. Okay. That'd be good and we know we're looking at

452

00:56:05.700 --> 00:56:06.600

Jacquie'Murphy: Okay. All right.

453

00:56:11.160 --> 00:56:11.730

Village of Parish: Okay.

454

00:56:12.720 --> 00:56:16.560

Jacquie'Murphy: We're gonna put us. I'm not sure how long will it take you to get them now.

455

00:56:17.400 --> 00:56:18.090

Village of Parish: A couple of days.

456

00:56:18.690 --> 00:56:19.200

Right.

457

00:56:20.490 --> 00:56:24.510

Jacquie'Murphy: That's why every vote on it tonight for you to purchase.

458

00:56:25.380 --> 00:56:27.510

Jacquie'Murphy: After we decide to design

459

00:56:28.710 --> 00:56:30.900

Village of Parish: And then we can decide on the design later.

460

00:56:31.290 --> 00:56:33.120

Jacquie'Murphy: Okay, alright. That sounds good to me.

461

00:56:35.940 --> 00:56:36.180

Yeah.

462

00:56:40.200 --> 00:56:40.650

Jacquie'Murphy: Okay.

463

00:56:42.390 --> 00:56:43.350

Jacquie'Murphy: tomorrow, Thursday.

464

00:56:43.800 --> 00:56:48.480

Village of Parish: Well yeah, I know I got, I got a our five day our

465

00:56:49.770 --> 00:56:50.730

Village of Parish: doctors appointment at

466

00:56:52.260 --> 00:56:53.190

Village of Parish: Nine o'clock in the morning.

467

00:56:57.960 --> 00:56:58.950

Village of Parish: So I read the book down

468

00:57:01.170 --> 00:57:02.460

Village of Parish: There motion them for this.

469

00:57:03.120 --> 00:57:06.810

Jacquie'Murphy: All right, I'll make a motion that we purchase to know a light for a

470

00:57:09.930 --> 00:57:10.320

Second,

471

00:57:12.930 --> 00:57:13.320

Jacquie'Murphy: I

472

00:57:13.740 --> 00:57:17.670

Village of Parish: Between the two of them they should be right around 1000

473

00:57:18.180 --> 00:57:18.570

Right.

474

00:57:20.700 --> 00:57:21.960

Village of Parish: Because I actually

475

00:57:25.770 --> 00:57:26.850

Village of Parish: Actually I have about

476

00:57:29.100 --> 00:57:37.320

Village of Parish: 420 yeah almost \$505,000

477

00:57:39.390 --> 00:57:43.950

Village of Parish: Well, I don't want to use it all up. I figure we because we don't know.

478

00:57:46.860 --> 00:57:47.220

Village of Parish: When

479

00:57:48.300 --> 00:57:49.830

Village of Parish: To send us a bill for that lights.

480

00:57:51.420 --> 00:58:00.300

Jacquie'Murphy: Right now carpet called me and asked if they can get into the gym. This weekend to get you aren't get everything and they're gonna decorate this weekend.

481

00:58:03.180 --> 00:58:04.260

Oh, okay.

482

00:58:06.990 --> 00:58:07.200

Are you

483

00:58:08.490 --> 00:58:11.880

Jacquie'Murphy: Here. Yeah, nine o'clock on Sunday morning.

484

00:58:14.370 --> 00:58:22.740

Village of Parish: We are where we're thinking about some of this stuff. I miss, they also got other things in here that is not Christmas really

485

00:58:23.910 --> 00:58:24.300

Like

486

00:58:26.400 --> 00:58:27.660

Village of Parish: Halloween.

487

00:58:29.460 --> 00:58:31.680

Village of Parish: They are things from Fourth of July.

488

00:58:34.440 --> 00:58:35.790

Village of Parish: They have anchors.

489

00:58:41.790 --> 00:58:47.790

Village of Parish: Now if you really want to go with a thing over the highway. They can do that too.

490

00:58:49.980 --> 00:58:54.390

Village of Parish: 14,000

491

00:58:56.160 --> 00:58:58.800

Village of Parish: This sounds good. Sounds like a good start and then

492

00:58:58.860 --> 00:59:00.270

Jacquie'Murphy: You just do have year

493

00:59:01.290 --> 00:59:01.830

Village of Parish: Yeah.

494

00:59:03.810 --> 00:59:07.680

Village of Parish: Today, we can talk about getting stuff for the partners, you know,

495

00:59:08.970 --> 00:59:10.080

Village of Parish: Alright, well thank you

496

00:59:13.140 --> 00:59:14.580

So we can decide on which one

497

00:59:17.280 --> 00:59:21.660

Village of Parish: Social media our Facebook status and where we're at with that.

498

00:59:25.980 --> 00:59:26.280

Village of Parish: Good.

499

00:59:27.600 --> 00:59:43.800

Steve Ganetis: Hello, yes. So I've done a couple of minor, minor things such as reporting the information to Facebook and things like that. I still have not gotten. I was hoping to do a phone number to the sender crack z and d, er,

500

00:59:45.660 --> 01:00:03.420

Steve Ganetis: And I just need her phone number and contact information. I've got her address. But I'm wondering if maybe a phone call first then nasty gram then cease and desist then reporter to Facebook. If it doesn't fail and by a reporter. I mean actually instituted a takedown order.

501

01:00:05.310 --> 01:00:07.050

Village of Parish: To her numbers tomorrow. See

502

01:00:11.010 --> 01:00:12.120

Steve Ganetis: An email would work too.

503

01:00:13.800 --> 01:00:14.340

Steve Ganetis: If you have it.

504

01:00:23.430 --> 01:00:24.420  
Hopefully that will

505

01:00:25.530 --> 01:00:27.660  
Village of Parish: draw people in the right direction or get her.

506

01:00:28.740 --> 01:00:31.050  
Village of Parish: get this resolved. Anyways, thank you, Steve.

507

01:00:32.280 --> 01:00:49.650  
Steve Ganetis: My pleasure. Hopefully Facebook just listens to my did like three reports for variety of reasons, using their in green. The in the UI system. So we'll see if there's support does it, but I'm not that whole full I think we're gonna have to do a little more. Okay.

508

01:00:50.850 --> 01:00:52.680  
Village of Parish: Did you just go on Facebook and report it.

509

01:00:53.820 --> 01:01:02.610  
Steve Ganetis: Yep. Nothing too special about that, although I did claim to be the village attorney. So hey, you guys could likely to be the village attorney to it has not the exact same effect.

510

01:01:07.230 --> 01:01:07.710  
Village of Parish: Thank you.

511

01:01:08.970 --> 01:01:09.630  
My pleasure.

512

01:01:13.980 --> 01:01:14.370  
Alright.

513

01:01:19.740 --> 01:01:30.000  
Village of Parish: Church Street. We had contact your grid or the smaller contacted grid two trees came down one on Union and one on church.

514

01:01:30.990 --> 01:01:42.210  
Village of Parish: Deal one on Union that needs to come down and I guess it's no center to center church. Okay. I looked at it today. When I was like okay well if I they got the tackle that guy.

515

01:01:43.350 --> 01:01:50.700

Village of Parish: Didn't do anything more than all there. Okay, so she wants to know where we go with us.

516

01:01:52.140 --> 01:02:00.990

Village of Parish: Now, hello minutes as well LEGALLY, LEGALLY according to our bylaws. That's her problem.

517

01:02:02.970 --> 01:02:04.920

Village of Parish: Doesn't make any difference as part of her

518

01:02:05.940 --> 01:02:06.270

You know,

519

01:02:09.240 --> 01:02:24.150

Village of Parish: Operate is it up. It's on the, I think it was plan is probably too close to the line. And that's a matured and now it sits on both sides of the line. So who's responsible lunch or the town or the villager the homeowner

520

01:02:25.620 --> 01:02:26.700

Village of Parish: Stable, Steve, can you

521

01:02:27.900 --> 01:02:30.420

Village of Parish: shed any light on that or where do we go with this.

522

01:02:32.250 --> 01:02:41.370

Steve Ganetis: We're going to contact her to see if we can split the costs. Because my understanding is, we are going to be liable. The way everything is said I was, I need to take a little bit more of a

523

01:02:42.000 --> 01:02:49.440

Steve Ganetis: Bull on racers to give you a definitive answer, but upon the general understanding of everything. It sounds like we're going to be liable for it.

524

01:02:49.620 --> 01:02:52.170

Village of Parish: Why are we going to be liable for what is in our file.

525

01:02:53.160 --> 01:02:55.830

Steve Ganetis: Our bylaws don't control how

526

01:02:57.990 --> 01:03:00.720

Steve Ganetis: The possession of property. So in other words, trees or property.

527

01:03:01.770 --> 01:03:03.450

Steve Ganetis: If we want them removed.

528

01:03:04.470 --> 01:03:09.510

Steve Ganetis: Typically, the person who wants the action done is going to be responsible for it. Plus, the way I've

529

01:03:09.570 --> 01:03:11.070

Steve Ganetis: Been described. I thought that it

530

01:03:11.070 --> 01:03:18.480

Steve Ganetis: Was kind of on both the property and generally speaking with a municipal action if it's on the property owner and the

531

01:03:20.040 --> 01:03:24.150

Steve Ganetis: The municipality than the municipality usually ends up stuck with it.

532

01:03:24.630 --> 01:03:27.420

Village of Parish: You know, even though she's the one who wants it down.

533

01:03:29.640 --> 01:03:32.490

Steve Ganetis: Again, I don't have a definitive answer just yet.

534

01:03:33.000 --> 01:03:33.480

Village of Parish: I

535

01:03:34.140 --> 01:03:40.560

Steve Ganetis: Asked him, don't know it's not dumb questions to Fantastic question. The fact that's so fantastic. I don't have the answer right now.

536

01:03:40.740 --> 01:03:40.980

Yeah.

537

01:03:45.030 --> 01:03:53.220

Steve Ganetis: Yeah. Well, that's the thing. I think we, I tell you what, man. I'm going to send an email with just some more pertinent questions to kind of just get a bit more of a rundown.

538

01:03:53.640 --> 01:04:01.560

Steve Ganetis: To get exactly where it is. So I can get my head around it a little bit more. And I'll work on a definitive answer to hopefully have before the next board meeting.

539

01:04:04.170 --> 01:04:07.050

Steve Ganetis: Because I feel like we've talked about a bunch of times. We've hemmed and hawed

540

01:04:07.290 --> 01:04:11.970

Steve Ganetis: Maybe it's time for me to actually do the legal research and get a definitive answer. So we don't have to

541

01:04:12.540 --> 01:04:13.110

Steve Ganetis: keep guessing.

542

01:04:14.460 --> 01:04:16.500

Village of Parish: Thank you. Thank you. Thank you.

543

01:04:16.710 --> 01:04:23.070

Steve Ganetis: I'll be expecting and annoyingly long email with way too many questions within the next few days. Well, thanks.

544

01:04:24.390 --> 01:04:24.990

Steve Ganetis: My pleasure.

545

01:04:27.180 --> 01:04:32.550

Village of Parish: Just been very patient very cordial with it. So I think it gives us to

546

01:04:33.840 --> 01:04:35.610

Village of Parish: Work with her on it, rather than

547

01:04:36.540 --> 01:04:39.030

Steve Ganetis: Well that makes my job much easier if we just

548

01:04:39.030 --> 01:04:39.540

Steve Ganetis: Want to

549

01:04:40.110 --> 01:04:53.040

Steve Ganetis: If we just want to split the cost with her and send her a nice letter instead of doing a legal research that's a possibility.

Especially since my gut and a lot of the law seems to be suggesting that we'd have to put the full bill anyway. Yeah.

550

01:04:54.420 --> 01:05:01.530

Steve Ganetis: So I can do the research and find out a definitive answer. Or we can just get it done. Yeah.

551

01:05:04.620 --> 01:05:18.330

Village of Parish: All right, I'll get back in touch with her and see her for her feelings that are if we just split the cost on it and leave it that way. And of course, we don't know what the cost is going to be totally get that sorted out, but

552

01:05:20.220 --> 01:05:26.550

Steve Ganetis: Since it's gonna be we're gonna have to follow the proper bidding rules because it's going to be over a certain amount. So there's that.

553

01:05:28.110 --> 01:05:28.770

Okay.

554

01:05:35.850 --> 01:05:36.300

Village of Parish: Or left

555

01:05:39.300 --> 01:05:39.720

Village of Parish: Corner.

556

01:05:43.980 --> 01:05:49.650

Village of Parish: That okay very different on the one side and then the guy put the

557

01:05:51.150 --> 01:05:52.380

Village of Parish: Supervisor for

558

01:05:55.620 --> 01:06:07.560

Village of Parish: Water trapping there for the water wouldn't go all the way down. So we ran over to the other one. And then over the bank. He gave us all of our time on that on the really hard time

559

01:06:09.390 --> 01:06:15.600

Village of Parish: Resident saying yes I'm surprised that she's been on the phone than that.

560

01:06:17.370 --> 01:06:19.980

Village of Parish: Well, maybe he needed the guy to live there anymore. I don't

561

01:06:22.380 --> 01:06:24.120

Village of Parish: Mean that her husband. Yeah.

562

01:06:26.220 --> 01:06:26.790

Village of Parish: When he died.

563

01:06:30.090 --> 01:06:30.510

Village of Parish: He was

564

01:06:35.070 --> 01:06:38.070

Village of Parish: Sorry, but I didn't know. I don't know the fun. I think

565

01:06:42.120 --> 01:06:42.810

Village of Parish: She was doing

566

01:06:44.100 --> 01:06:45.120

Village of Parish: That's all right. Okay.

567

01:06:46.560 --> 01:06:53.910

Village of Parish: All right, any other issues. We had one that's been ongoing with the supervisors office and

568

01:06:55.710 --> 01:07:13.920

Village of Parish: We had a individual that will pursue this and hopefully get it done early December horses are dropping the ceiling and the supervisors office. Okay. And finally got somebody do that yeah that Liam Neeson. No, no.

569

01:07:15.540 --> 01:07:19.710

Village of Parish: We will address that concern and hopefully be done with it.

570

01:07:21.450 --> 01:07:22.050

Village of Parish: Today,

571

01:07:23.130 --> 01:07:25.770

Village of Parish: It won't be the first is beginning of December will it's

572

01:07:28.680 --> 01:07:29.430

Village of Parish: About the solar

573

01:07:30.690 --> 01:07:33.060

Village of Parish: You can start that. And those are feeling

574

01:07:34.230 --> 01:07:37.500

Village of Parish: Always the same guy. Okay. All right.

575

01:07:40.110 --> 01:07:50.970

Village of Parish: And we've been waiting on individuals that so they would assist us when they get down to some emotion. They've been procrastinating and putting it off. And this is why it's gone into

576

01:07:51.570 --> 01:08:00.420

Village of Parish: November, December I wanted it done the summer when the weather was good for that into the cold season and I didn't have them and

577

01:08:01.800 --> 01:08:14.130

Village of Parish: Trying to get in touch with them and I'm getting calls back to us just didn't happen so often. Hopefully now early December will have this done and taking care of them may have to put in a

578

01:08:15.900 --> 01:08:22.260

Village of Parish: Thermostat would you call them program a program or a one year program or whoever puts it in knows how to do it.

579

01:08:24.570 --> 01:08:27.990

Village of Parish: For for the upstairs offices.

580

01:08:29.160 --> 01:08:37.020

Village of Parish: In her office on that front corner. Yeah, I know where she is. Yeah, this is your turn it down it in the evening.

581

01:08:38.400 --> 01:08:39.780

Village of Parish: You can set it to turn it around.

582

01:08:41.610 --> 01:08:47.160

Village of Parish: And then you just turn up nine to five. That was the supervisor of the marathon and I leverage you will have he

583

01:08:47.760 --> 01:09:01.350

Village of Parish: Here, I'm here, you know, nine to five is the hours, you can set it so that if it's like a holiday weekend. It's not going to come on and that you could just go on the app and open the app up and tear it off.

584

01:09:03.000 --> 01:09:05.820

Village of Parish: In the building. It's real easy to use.

585

01:09:06.120 --> 01:09:06.810

Jacquie'Murphy: Yeah, there

586

01:09:06.930 --> 01:09:07.560

Jacquie'Murphy: Are nice

587

01:09:10.410 --> 01:09:10.920

Village of Parish: Email from

588

01:09:12.060 --> 01:09:12.930

Village of Parish: Her daughter's

589

01:09:14.970 --> 01:09:16.770

Village of Parish: Know why you're on board.

590

01:09:18.870 --> 01:09:20.250

Village of Parish: I knew there was a reason with Brad.

591

01:09:22.950 --> 01:09:23.550

Village of Parish: He has

592

01:09:25.230 --> 01:09:26.910

Village of Parish: Water, he just like we did on the right.

593

01:09:28.500 --> 01:09:28.950

Yes.

594

01:09:31.290 --> 01:09:38.370

Village of Parish: And he might be zoned out right because it was probably a safe zone for their, their mistake here in the thermostat in the awesome stuff.

595

01:09:40.290 --> 01:09:42.660

Village of Parish: So we'll be good to have it completed.

596

01:09:44.460 --> 01:09:46.590

Village of Parish: Problem off of reminds me, Jackie.

597

01:09:48.180 --> 01:09:51.120

Village of Parish: Get somebody to return that he and

598

01:09:53.580 --> 01:09:57.600

Village of Parish: Saturday or Sunday morning or whatever.

599

01:10:00.390 --> 01:10:02.250

Jacquie'Murphy: Yeah, that just grab it.

600

01:10:02.670 --> 01:10:08.430

Jacquie'Murphy: They're not going to do anything in gym, they're just going to grab their stuff and put it out in the parks.

601

01:10:09.390 --> 01:10:09.750

Oh,

602

01:10:12.360 --> 01:10:12.990

Village of Parish: Okay.

603

01:10:13.620 --> 01:10:14.850

Jacquie'Murphy: And they won't be here alarm.

604

01:10:16.800 --> 01:10:19.620

Village of Parish: Well, I didn't. I thought you said that they were going to

605

01:10:20.760 --> 01:10:21.300

Village of Parish: Do something

606

01:10:22.500 --> 01:10:26.940

Jacquie'Murphy: How they're going to take their, their equipment out of their all their all their decoration.

607

01:10:27.270 --> 01:10:29.160

Village of Parish: That's on the second floor. Yeah.

608

01:10:32.010 --> 01:10:33.510  
Village of Parish: Down. Yeah.

609

01:10:41.970 --> 01:10:44.700  
We can we can look

610

01:10:45.840 --> 01:10:46.230  
Somewhere.

611

01:10:49.230 --> 01:10:51.960  
Village of Parish: All right. Anything else for business unfinished.

612

01:10:54.450 --> 01:10:54.870  
Village of Parish: Business

613

01:10:57.810 --> 01:11:04.740  
Village of Parish: I received this automated external defibrillators we had discussed it years ago come

614

01:11:05.820 --> 01:11:15.510  
Village of Parish: On board. Yeah. When George with the codes officer. He presented it to us. And I don't know I asked for pricing on it. Do you know anything about those

615

01:11:16.050 --> 01:11:24.450  
Village of Parish: I do not is George was talking about being that he was in the fire company could probably get them for us to training and all yada yada yada for us and that never happened.

616

01:11:25.170 --> 01:11:37.080  
Village of Parish: So I got an email and just kind of made the inquiry and asked them to send us a priceless. But I think George. It said that we needed training in order to use these

617

01:11:37.320 --> 01:11:47.580  
Village of Parish: New words, we are, we're probably calls where we're counting out. Okay, let's see if they can guide you in the right direction. Okay then call the fire department to

618

01:11:51.210 --> 01:11:52.440  
Village of Parish: About 1200 dollars.

619

01:11:53.790 --> 01:11:55.170  
Village of Parish: For felt brand.

620  
01:11:58.200 --> 01:11:59.970  
Village of Parish: That wasn't sure why we need

621  
01:12:02.370 --> 01:12:16.440  
Village of Parish: Well, that was just another point, we need them as their sufficient reason to invest. So, then those people that are trading may not be here. So, you know, for the event occurred and how, how much is involved.

622  
01:12:18.000 --> 01:12:34.650  
Village of Parish: In having them. So that's something to think about. Differential interested in that. And if not, then that's fine too. But then, as I said, I did get the information presented. But what I'm getting old to 91 now you're the exception.

623  
01:12:40.380 --> 01:12:41.400  
Village of Parish: Hello. Okay.

624  
01:12:43.350 --> 01:12:44.430  
Village of Parish: All right. Um,

625  
01:12:45.600 --> 01:12:51.660  
Village of Parish: I received a grant from a municipal solutions provider regarding the principal and interest payments due

626  
01:12:53.040 --> 01:13:07.380  
Village of Parish: Date, which should be in December 20 all channels to pay payment of zero principal and \$2,014 interest to keep a motion to Kevin make them a major ocean. The

627  
01:13:09.540 --> 01:13:10.050  
Jacquie'Murphy: Second,

628  
01:13:10.680 --> 01:13:16.320  
Village of Parish: Thank you Jackie our favor. All right, this is Terry van payment for the wastewater.

629  
01:13:20.400 --> 01:13:21.690  
Village of Parish: Too late now, why

630

01:13:24.510 --> 01:13:32.310

Village of Parish: Time just one of those things that we could have paid off. I was two years ago, but keeping one a while right so always condemn us choice to me.

631

01:13:33.030 --> 01:13:41.940

Village of Parish: Alright community activities for Christmas. I haven't heard anything and I don't know if there's anything planned at the present time, and if it sounds like it probably

632

01:13:42.600 --> 01:13:51.390

Village of Parish: Isn't going to be anything worth coming by the way things are happening. So you hear of anything. Let us know and posted on our bulletin board.

633

01:13:53.700 --> 01:14:02.040

Village of Parish: And I don't know, there's a senior dinner over at the drive through with the school tomorrow, but apparently school and closed up so

634

01:14:04.560 --> 01:14:07.230

Jacquie'Murphy: So I haven't heard anything yet, you're still on.

635

01:14:07.710 --> 01:14:09.780

Village of Parish: You. I mean, am

636

01:14:13.350 --> 01:14:15.840

Jacquie'Murphy: I free paper.

637

01:14:18.240 --> 01:14:18.690

Village of Parish: Yeah.

638

01:14:19.140 --> 01:14:20.310

Jacquie'Murphy: What the heck was

639

01:14:23.400 --> 01:14:41.160

Village of Parish: All right. Anything else for new business, I need the trustees to find you on this Justin's getting to find a certification. You have to send to us, we'll call me for the capsule and all for this one, unpaid taxes. What's left. We do this every year.

640

01:14:42.270 --> 01:14:44.130

Felony so if the sentence. Yeah.

641

01:14:48.450 --> 01:14:53.340

Jacquie'Murphy: Tomorrow morning and you can call me and let me know no one's there and I'll come down and sign everything

642

01:14:54.750 --> 01:14:55.080

Jacquie'Murphy: Okay.

643

01:14:59.790 --> 01:15:00.330

All right.

644

01:15:01.980 --> 01:15:11.340

Village of Parish: November, December 10 or joint board meeting and town supervisor will be in charge. And then we have a scheduled our quarterly wastewater meeting.

645

01:15:12.480 --> 01:15:13.500

Village of Parish: on hold for a while.

646

01:15:15.660 --> 01:15:17.340

And things are going. This

647

01:15:19.410 --> 01:15:19.980

Village of Parish: Summer School

648

01:15:21.780 --> 01:15:22.800

On the board meeting.

649

01:15:35.490 --> 01:15:36.300

Jacquie'Murphy: I'm sorry.

650

01:15:39.030 --> 01:15:39.900

Village of Parish: No fun

651

01:15:40.920 --> 01:15:42.900

Village of Parish: Belgian Dodgers.

652

01:15:44.340 --> 01:15:51.930

Village of Parish: 83 \$87,567 and 70 cents.

653

01:15:53.730 --> 01:15:55.050

Village of Parish: And make a motion with a that

654

01:15:55.440 --> 01:15:55.740

Jacquie'Murphy: All right.

655

01:15:57.900 --> 01:15:59.190

Village of Parish: Thank you, sir. Fun.

656

01:16:00.300 --> 01:16:14.010

Village of Parish: So fun Walters 58 to 65 \$7,009 and five cents.

657

01:16:15.180 --> 01:16:17.190

Jacquie'Murphy: Right. I make a motion we pay those bills.

658

01:16:18.060 --> 01:16:20.370

Village of Parish: You got to be. Yeah. Nice.

659

01:16:22.680 --> 01:16:24.060

Village of Parish: Oh Reisman charges.

660

01:16:27.600 --> 01:16:28.200

Service.

661

01:16:31.980 --> 01:16:40.080

Village of Parish: 32 to 60 and the amount of thousand

662

01:16:42.090 --> 01:16:44.670

Village of Parish: \$98 and 61 cents.

663

01:16:45.390 --> 01:16:46.890

Jacquie'Murphy: I didn't make a motion we pay them.

664

01:16:48.450 --> 01:16:49.050

Village of Parish: Thank you.

665

01:16:50.610 --> 01:16:51.660

Village of Parish: All right. Anything else

666

01:16:59.610 --> 01:17:06.150

Village of Parish: Okay, so you want to make a decision. And what I order right yeah we'll have a look.

667

01:17:08.250 --> 01:17:09.930

Village of Parish: Yeah, bring it in. I wanna

668

01:17:10.980 --> 01:17:14.490

Village of Parish: I want to try to order them. Yeah. Right. Okay.

669

01:17:15.150 --> 01:17:16.830

Jacquie'Murphy: You have any preference, Tom.

670

01:17:18.150 --> 01:17:18.540

Know,

671

01:17:20.760 --> 01:17:23.040

Village of Parish: Why they go on the telephone poles. That's all.

672

01:17:24.390 --> 01:17:24.750

Village of Parish: Right.

673

01:17:28.530 --> 01:17:34.680

Village of Parish: Opposed to taking them later and either put them on a new polls.

674

01:17:36.450 --> 01:17:39.240

Village of Parish: Or only going to take them down and give them to us and we

675

01:17:41.790 --> 01:17:42.180

Village of Parish: Only

676

01:17:45.660 --> 01:17:46.170

Village of Parish: I know

677

01:17:47.850 --> 01:17:49.050

Village of Parish: As far as I know.

678

01:17:50.130 --> 01:17:54.750

Village of Parish: The only thing I don't all bowls are replayed little

679

01:17:56.790 --> 01:17:58.260

decorations on the old phones.

680

01:18:01.980 --> 01:18:05.760

Village of Parish: Can walk when they cut the top of that up. They moved over to the new

681

01:18:07.560 --> 01:18:09.300

Village of Parish: Value brackets brackets.

682

01:18:10.530 --> 01:18:13.980

Village of Parish: You know, they put them over to the new ones because that's where the

683

01:18:15.390 --> 01:18:18.900

Village of Parish: Lion comes down everything transferred. Yeah.

684

01:18:20.340 --> 01:18:25.290

Village of Parish: You can change room to the old one, because then we would add have a longer lead

685

01:18:27.180 --> 01:18:36.630

Village of Parish: Understand what I'm saying, Okay, you got to pause right here, right, because that was always cut down here. Okay, so removed.

686

01:18:38.310 --> 01:18:40.710

689

01:18:58.860 --> 01:18:59.760

Village of Parish: That way, nobody

690

01:19:00.960 --> 01:19:09.510

Village of Parish: Coming out coming out, right, so hand holding the old decoration know only him break a holding the class.

691

01:19:10.530 --> 01:19:11.730

Village of Parish: What was holding the light

692

01:19:13.230 --> 01:19:16.440

Village of Parish: Switch over night. Already did all that

693

01:19:20.340 --> 01:19:22.740

Village of Parish: But we do have bracket on there.

694

01:19:24.330 --> 01:19:26.160

Village of Parish: For the flag and

695

01:19:27.660 --> 01:19:33.210

Village of Parish: I know somebody said they were going to take it down and give it to us when I talked to each other. We're going to take them and put them under

696

01:19:34.500 --> 01:19:38.280

Village of Parish: You Paul I don't know exactly what's going to happen with that.

697

700

01:20:02.610 --> 01:20:05.400

Village of Parish: I just wanted to make sure that was in the records.

701

01:20:08.400 --> 01:20:10.410
