Village of Parish: HELLO JOHN

48

00:04:44.940 --> 00:04:46.920

Tom B: Hello. How are you, I'm doing good.

49

00:04:48.300 --> 00:04:48.600

Village of Parish: Yep.

50

00:04:49.200 --> 00:05:04.980

Tom B: grow healthy. That's good. I'm in the report standard stuff that we've completed during the month, you can see on my background, I got the airline actually going down my back, it's reversed for what, that's the one completed.

51

00:05:06.000 --> 00:05:12.210

Tom B: On a couple of emails that I sent you guys. One of them was the condition of the North

52

00:05:13.440 --> 00:05:32.040

Tom B: I have some pictures here when I get from the blue what the condition of it was we couldn't even attach to have a were able to at least give it sort of the airline is this North tag, and it is available if we need to.

53

00:05:33.540 --> 00:05:39.750

Tom B: Be dissolved oxygen since the new on airlines been in without the leaks leaks.

54

00:05:42.720 --> 00:05:45.390

Tom B: And we're also we're also

55

00:05:46.470 --> 00:05:54.960

Tom B: Working on the third floor on newest be wiring insights to go from high to low voltage is quite a task to

56

00:05:57.030 --> 00:05:57.480

Tom B: Complete

57

00:05:58.830 --> 00:05:59.190

Tom B: For

58

00:06:00.930 --> 00:06:10.590

Tom B: The weekend and through today. So hopefully that will be ready by Friday after the plant test it out and then we'll have three blowers online ready to go.

59

00:06:12.240 --> 00:06:15.600

Tom B: The second email that I sent you. Was the condition of the North

60

00:06:16.770 --> 00:06:31.650

Tom B: Station and we've done everything we can do that. Make sure that things are running right it's almost like a bubble gum and duct tape situation we're running on flows for we're not running on the air that we shouldn't running and I have no idea.

61

00:06:32.970 --> 00:06:43.890

Tom B: Or we have no idea how to get it back to we're supposed to be. So I request that we get ahold of Senior Warden have their technicians come out and look at those two

62

00:06:45.420 --> 00:06:50.580

Tom B: Is just texted me he's at the airport and he should be on and about 730

63

00:06:54.960 --> 00:06:58.140

Village of Parish: You go to your give us a list of all the little parts.

64

00:07:01.110 --> 00:07:02.640

Tom B: Yeah yeah

65

00:07:05.910 --> 00:07:06.300

Tom B: I mean,

66

00:07:07.920 --> 00:07:09.990

Tom B: Neil, I think maybe you like to watch

67

00:07:14.610 --> 00:07:15.780

Tom B: Next week or the week.

68

00:07:15.900 --> 00:07:16.410

After

69

00:07:17.520 --> 00:07:18.150

Village of Parish: Wednesday.

70

00:07:18.570 --> 00:07:18.930

Okay.

71

00:07:20.700 --> 00:07:22.590

Tom B: Probably set up for next Wednesday.

72

00:07:24.480 --> 00:07:25.980

Village of Parish: Yeah, that sounds good.

73

00:07:27.660 --> 00:07:30.990

Village of Parish: Because I walked down the other day with the other guy.

74

00:07:31.740 --> 00:07:35.130

Village of Parish: Might know it's gotta be picked up and

75

00:07:35.190 --> 00:07:41.220

Village of Parish: Put into it. Yeah. Yeah. But I want to get kind of done before the snow comes in.

76

00:07:42.690 --> 00:07:43.950

Village of Parish: The middle and then

77

00:07:45.450 --> 00:07:48.630

Village of Parish: I got another container down there for the word

78

00:07:49.530 --> 00:07:50.100

Tom B: Okay, good.

79

00:07:52.140 --> 00:07:54.120

Village of Parish: I want to get the one out before I get the other one.

80

00:08:00.570 --> 00:08:01.500

Village of Parish: Is the North Point.

81

00:08:02.640 --> 00:08:04.320

That President operation.

82

00:08:06.150 --> 00:08:07.920

Tom B: Is the tank that as you're looking at

83

00:08:09.360 --> 00:08:15.330

Tom B: The rate by the driveway and it's not an operation. It's right now it's it's being used as a whole.

84

00:08:17.310 --> 00:08:22.560

Village of Parish: So this rest in poor condition is something new that wasn't observed previously.

85

00:08:23.010 --> 00:08:24.180

Tom B: No, actually.

86

00:08:25.980 --> 00:08:27.300

Tom B: Looking all that stuff there.

87

00:08:29.160 --> 00:08:31.020

Tom B: And I've got some pictures of that once you pull the

88

00:08:33.300 --> 00:08:33.780

Tom B: Bands.

89

00:08:34.830 --> 00:08:37.590

Tom B: And I think Neil seem to so

90

00:08:39.330 --> 00:08:42.810

Tom B: I'm thinking that might be looking at changing the airline to

91

00:08:43.890 --> 00:08:45.630

Tom B: Change the air to the to the

92

00:08:47.310 --> 00:08:48.840

Tom B: Other tank in their

93

00:08:50.250 --> 00:08:52.200

Tom B: Mission work with the airlines.

94

00:08:59.910 --> 00:09:04.320

Tom B: Maybe what we got coming down the down the road with the engineers, we got

95

00:09:06.060 --> 00:09:07.410

Tom B: Together we keep us

96

00:09:09.630 --> 00:09:14.310

Village of Parish: Probably will wait until next spring smooth at all.

97

00:09:16.020 --> 00:09:16.350

Village of Parish: Times.

98

00:09:17.490 --> 00:09:19.050

Village of Parish: So we'll probably do that, thanks for

99

00:09:22.920 --> 00:09:23.760

Village of Parish: All that good stuff.

100

00:09:25.320 --> 00:09:31.080

Village of Parish: Did you get a copy of this email that came from veil that we get as a DC regarding our

101

00:09:32.100 --> 00:09:34.560

Village of Parish: Our non compliance.

102

00:09:35.310 --> 00:09:36.360

Tom B: Compliance letters.

103

00:09:36.780 --> 00:09:37.110

Yeah.

104

00:09:44.370 --> 00:09:47.700

Tom B: I think we talked about that. I'm not sure if we have a response.

105

00:09:49.950 --> 00:09:50.160

Village of Parish: For

106

00:09:52.230 --> 00:09:53.220

Village of Parish: A few resources.

107

00:09:55.980 --> 00:10:07.860

Village of Parish: Resources for we supposed to be going through all these resources in terms of maintaining the treatment plan or is this information that you guys are availing yourself though.

108

00:10:08.970 --> 00:10:23.760

Tom B: I don't know i don't i don't think i've got a copy of that one. I got the one where they stated that we we were not compliant, but everything was okay. And he just asked me to

109

00:10:24.480 --> 00:10:32.640

Tom B: Which I didn't respond back as to what we've done. Okay, what this. This is something new. This is something that maybe

110

00:10:34.050 --> 00:10:36.090

Tom B: I don't think I got that was that Russia.

111

00:10:36.870 --> 00:10:52.650

Village of Parish: Technical Assistance webinar series. And then there's who was intended for the webinar and a whole bunch of listings of different resources that are available. And I just, you know, the, basically, this stuff is kind of out of our league, but you

112

00:10:53.850 --> 00:10:54.150

Tom B: Can

113

00:10:54.810 --> 00:10:55.830

Village of Parish: Put it in your mailbox.

114

00:10:56.400 --> 00:10:57.480

Village of Parish: Something you haven't seen

115

00:10:58.020 --> 00:10:59.280

Tom B: Okay, yeah.

116

00:11:00.930 --> 00:11:05.670

Tom B: Okay, Ken. Ken is here, but he needs a secret.

117

00:11:19.020 --> 00:11:20.280

Village of Parish: Monthly Report.

164

00:14:58.230 --> 00:14:58.830

Village of Parish: You can always

165

00:15:00.090 --> 00:15:02.220

Village of Parish: Look at all the army under care.

166

00:15:03.510 --> 00:15:06.480

Village of Parish: I'm back there. Yep. So

167

00:15:07.710 --> 00:15:18.270

Village of Parish: Everybody should have received my report and rebel box. If you notice, it's a little thinner. This month I did not include all the extra summaries of the residences and

168

00:15:19.230 --> 00:15:31.890

Village of Parish: Stuff like that. If you need to see them. I have a copy of them here tonight or can even have them Evelyn, you'll have them and I sent the full reports also to the mayor, as well as the superintendent.

169

00:15:33.300 --> 00:15:43.860

Village of Parish: Just see what are some of the other members on the talented didn't really look anyway, so. But if anybody does or anybody has any questions, you know where to find me.

170

00:15:45.660 --> 00:15:45.780

Village of Parish: You

171

00:15:48.150 --> 00:15:54.270

Village of Parish: Can put in your pocket if they want right yeah I know somebody was you know why.

172

00:15:55.560 --> 00:16:02.850

Village of Parish: Didn't you if somebody wants them. I will certainly put them in their box on none of the town. Did you can always get them. Like I said from the clerks.

173

00:16:04.290 --> 00:16:06.990

Village of Parish: But if you wish to have your own I'll be glad to give them, you know,

174

00:16:12.570 --> 00:16:25.470

Village of Parish: I like to say that I like to see what's happening and how much progress. So I appreciate that. Yes, if anybody's interested in September building permits for \$2,000

175

00:16:27.450 --> 00:16:27.930

Village of Parish: Yes.

176

00:16:31.410 --> 00:16:43.020

Village of Parish: Ever seen an increase in the last month because of colon or decrease or any kind of the whole year I'm up in permit numbers up almost 70 and the average is about 40

177

00:16:45.150 --> 00:16:50.790

Village of Parish: So we're doing, but they're smaller products. Yeah, other than the biggest one we have is the first public library.

178

00:16:51.810 --> 00:16:56.670

Village of Parish: And that started if anybody noticed across the street. Looks like they're doing something about it yesterday.

179

00:16:58.680 --> 00:17:02.100

Village of Parish: So that's a good thing. And that's mainly

180

00:17:03.390 --> 00:17:08.550

Village of Parish: Small little projects sheds backs everything that everybody was holding they were

181

00:17:09.660 --> 00:17:11.340

Village of Parish: You know, doing our own little projects know

182

00:17:15.090 --> 00:17:17.160

Village of Parish: Alright any questions.

183

00:17:18.810 --> 00:17:20.670

Village of Parish: I'm making motion we accept the

184

00:17:22.320 --> 00:17:25.230

Village of Parish: Zoning enforcement officers that report.

185

00:17:28.620 --> 00:17:29.010

Village of Parish: Right.

186

00:17:31.380 --> 00:17:31.830

Village of Parish: Well,

187

00:18:02.820 --> 00:18:19.170

Village of Parish: The TV offices are still operating at a 50% occupancy level, which means Watertown offices only allowed to have 50% of the staff in the opposite any given time 100% of the staff are working full time. But the other half that love to be in what office working from home.

188

00:18:20.610 --> 00:18:27.750

Village of Parish: And as you can see from it. Like here we are traveling to meetings. Happy work with you on all your projects.

189

00:18:28.860 --> 00:18:39.060

Village of Parish: Together as executive order, allowing remote meetings and public hearings, by means such as zoom has been extended until November 3 and consumerism in the meeting tonight. So you're doing that service.

190

00:18:40.080 --> 00:18:45.600

Village of Parish: We're in the process are going to be after elections and all that is election day, I believe, is it okay

191

00:18:46.860 --> 00:18:49.470

Village of Parish: To governors and extending them basically a

192

00:18:50.700 --> 00:18:52.710

Village of Parish: Month at a time or 30 days at a time.

193

00:18:54.240 --> 00:19:07.320

Village of Parish: When process scheduling the next seminar every Council of Governments meeting. And in the last month I assist in the village clerk was transitioning or two more modern word processing software when she encountered some problems with

194

00:19:08.430 --> 00:19:10.680

Village of Parish: Microsoft Word. That was incredible very

195

00:19:11.850 --> 00:19:21.480

Village of Parish: Word and not looking to be patched or any funds that might have some women that we just moved forward to leave the office, which is a pre program. And it's the same one that the

196

00:19:22.020 --> 00:19:39.810

Village of Parish: Town Clerk is already successfully transition to so it's the Microsoft Word compatible have been saved in Microsoft Word format. So there should be no problem sharing documents with people they need to be shared. I also want to the mayor was some questions that you have in the course.

197

00:19:41.310 --> 00:19:49.440

Village of Parish: And that is my report, as I walk my trusty on Hammond dimension that I'm you leave the meeting, I can give you a

198

00:19:50.640 --> 00:19:53.340

Village of Parish: Pen polio four or five other side

199

00:19:56.910 --> 00:19:59.130

Village of Parish: Background information for years and years ago.

200

00:20:01.050 --> 00:20:06.600

Village of Parish: So operations at my computer because of its own because its meaning replacement well

201

00:20:07.800 --> 00:20:09.420

Village of Parish: Your computer is in it.

202

00:20:10.770 --> 00:20:23.730

Village of Parish: I think just want to give a nice long. It is one of the older computers, you're currently using. I think it is now the oldest computer. The village is currently using. And it probably would be a good idea to replace it at some point we

203

00:20:25.980 --> 00:20:41.010

Village of Parish: Nobody put money aside from COMPUTERS THIS YEAR. Yes. Could we put money and I have here. Yeah. Yeah. So I think, you know, he really, I mean the demo for the recommendation for you. I would love to do, you know, excellent meeting. Yeah.

204

00:20:45.960 --> 00:20:46.590

Village of Parish: The report.

205

00:20:49.110 --> 00:20:56.850

Village of Parish: Because you didn't have money budgeted for placing the hero. Yes. And we wound up that we didn't have to because we were able to

206

00:20:58.410 --> 00:21:01.740

Village of Parish: repurpose one of the newer fears or three years ago.

207

00:21:03.990 --> 00:21:08.730

Village of Parish: There was no computer that was running Windows seven and I was able to upgrade to Windows 10 so

208

00:21:09.810 --> 00:21:10.500

Village of Parish: They had was

209

00:21:11.550 --> 00:21:12.210

Village of Parish: For Windows

210

00:21:17.190 --> 00:21:20.910

Village of Parish: seven or Windows was you, wasn't it wasn't XP.

211

00:21:23.220 --> 00:21:25.500

Village of Parish: And it was it was running fine, but it was not it.

212

00:21:26.520 --> 00:21:30.810

Village of Parish: wasn't able to be secure because of Microsoft not pouring the old are

213

00:21:32.340 --> 00:21:38.340

Village of Parish: You. I think you guys posted. I think I did a quick Report button 4000 frequently purchase.

214

00:21:43.170 --> 00:21:44.220

Village of Parish: Another this year.

215

00:21:46.680 --> 00:21:49.500

Village of Parish: Yes, zero right next door for expanding your today.

216

00:21:50.580 --> 00:21:50.790

Right.

217

00:21:55.050 --> 00:21:59.970

Village of Parish: New computer premier will take a fraction of that you can continue to use your existing monitor for happy with.

218

00:22:02.910 --> 00:22:06.600

Village of Parish: Where the problem exists, whatever. It's got a mind of its own tonight.

219

00:22:08.910 --> 00:22:17.610

Village of Parish: I will, I will criticize Microsoft, just a little bit on that because some of the problems that the mayor has encountered are not of her making their Microsoft. Thank you. I

220

00:22:17.700 --> 00:22:23.580

Village of Parish: Whenever you whenever you upgrade to a newer version of Windows. Windows has disturbing the tendency to want to

221

00:22:24.000 --> 00:22:29.130

Village of Parish: revert to default applications back to Microsoft application, rather than the other application, you might have

222

00:22:29.790 --> 00:22:49.170

Village of Parish: Designated, for example, we have the hair set up with Adobe Acrobat Reader for PDF documents and several times now, when we've done Windows upgrade its wanted to send PDFs to Microsoft Edge browser, rather than Adobe Acrobat so then we just go to retell it. No, that's not what we want.

223

00:22:50.310 --> 00:23:03.150

Village of Parish: To work again until the next Microsoft upgrade changes things against your wealth. So I'm, I'm a little bit of a critic of Microsoft on that. I don't think they always play well with other software sources.

224

00:23:06.960 --> 00:23:08.550

Village of Parish: Thank you. Any other questions.

225

00:23:11.190 --> 00:23:14.370

Village of Parish: Emotion or making more phones rebirth.

226

00:23:16.260 --> 00:23:16.620

Village of Parish: Also

227

00:23:20.940 --> 00:23:24.300

Village of Parish: Right. Carrie Carrie Bennett with us.

228

00:23:25.440 --> 00:23:25.980

Village of Parish: Papers.

229

00:23:29.670 --> 00:23:48.840

Village of Parish: Yes, thank you for inviting me. I'm Terry vetted. I work with a single County Emergency Management Office and I'm here to encourage you as board to adapt the Sligo county all answered medical mitigation plan that you work very hard as a village.

230

00:23:50.580 --> 00:24:04.710

Village of Parish: Over the last several years we we've received a grant from the county accepted a grant from Viva to hire Barton and low Judas as a consultant around and 2017

231

00:24:05.400 --> 00:24:23.160

Village of Parish: To update the original hazard mitigation plan you worked on with us in 2012 that plan was approved that plan was approved in 2012 and adopted by village and the other municipalities in 2013. This is a plan that

232

00:24:24.330 --> 00:24:38.550

Village of Parish: Focuses on hazards that can impact the town specifically natural hazards, although we didn't look at some technological hazards as well. But the this plan focuses on

233

00:24:39.630 --> 00:24:43.020

Village of Parish: What can happen and how it can

234

00:24:44.850 --> 00:24:46.800

Village of Parish: Impact your village by

235

00:24:48.150 --> 00:24:56.760

Village of Parish: harming people or causing thousands, millions of dollars in damages from things like a flood.

236

00:24:58.500 --> 00:25:07.860

Village of Parish: Tornado or severe wind storm we had, we had a severe wind storm hit the county last a year ago, October 30 October 31

237

00:25:08.940 --> 00:25:22.080

Village of Parish: Didn't do as much damage for us, but certainly did downstate so the mitigation plan sense for for your village worked hard on this. Some projects to help ameliorate those

238

00:25:23.460 --> 00:25:38.220

Village of Parish: Answers. And you thought of four very good ones. One is to provide backup power for both fire hall in this building, there could be shelter locations and disaster, and that would help you protect your people.

239

00:25:39.720 --> 00:25:43.860

Village of Parish: Your. Another one is to develop an action plan for snow clearing and storage.

240

00:25:45.210 --> 00:25:48.690

Village of Parish: We have so much of that can be Nick van winter again.

241

00:25:50.100 --> 00:25:51.450

Village of Parish: Third one is to

242

00:25:54.540 --> 00:26:04.350

Village of Parish: Is it's called stormwater advanced system, rehabilitation and that just helps get storm water out of your way to when floodings

243

00:26:07.410 --> 00:26:26.640

Village of Parish: Imminent. And the last one is to construct a water district to supply critical facilities and residents municipal water. Those are all very, very good mitigation actions and once you approve or adapt the plan by formal resolution you can apply for FEMA funding specifically

244

00:26:28.590 --> 00:26:30.660

Village of Parish: Mitigation funding that will

245

00:26:31.890 --> 00:26:43.290

Village of Parish: Pay for 75% of a project once once the grants approved and as soon as we know of a funding opportunities will let you know we prop. There's probably two or three more.

246

00:26:43.860 --> 00:27:00.420

Village of Parish: Opportunities down the road for for New York state. We haven't seen one for Copa 19 yet and that's it by the minute medication funding opportunities usually follow on the heels of a federal disaster and we made it feel so

247

00:27:01.560 --> 00:27:20.460

Village of Parish: Right now, FEMA has granted conditional approval of the plan. And once your municipality adapts it will become formal for

your municipality, as well as the others that have adapted it doesn't work. You guys are your early on board with adapting to some of the others. The town to the female

248

00:27:21.570 --> 00:27:40.080

Village of Parish: Going to allow snow to be one of our stuff will give money for this year. I think if you're asking for whether the kind of funding, we got 2007 for that giants no star would be possible again event has said no. Yeah, well,

249

00:27:41.670 --> 00:27:45.120

Village of Parish: Yeah but but if it's a disaster that

250

00:27:46.830 --> 00:27:47.400

Village of Parish: I'm

251

00:27:48.450 --> 00:28:05.790

Village of Parish: Really incapacitate you they're pretty they're pretty good about that we we we had, we had a federal declaration for the lakeshore floating around the Lake Ontario in 2017 they did not. I don't even know if the state actually applied for one in 2019

252

00:28:07.140 --> 00:28:08.010

Village of Parish: Record the

253

00:28:09.180 --> 00:28:12.660

Village of Parish: Record was way worse. But the state provided some assistance.

254

00:28:13.680 --> 00:28:18.060

Village of Parish: So he was getting a little stickier with when they declared, but when they declare

255

00:28:19.560 --> 00:28:20.220

Village of Parish: All I knew that.

256

00:28:21.900 --> 00:28:28.260

Village of Parish: Snow wasn't as as as rigorous as you know hurricanes and tornadoes.

257

00:28:29.520 --> 00:28:43.800

Village of Parish: Here's hoping we don't have another record year like that you're you guys got hit as hard as I've ever seen. I'VE NEVER SEEN

ANYTHING LIKE THAT YEAR YOU HAD YOU YOU ABOUT. He had the most snow on the ground that you're have any of the towns in the county

258

00:28:44.940 --> 00:28:48.510

Village of Parish: That was, that was record breaking for the county and there's something

259

00:28:49.800 --> 00:28:53.220

Village of Parish: That that that that lake effect kind of drops down

260

00:28:55.170 --> 00:29:06.420

Village of Parish: We will continue to work with you to review the plan on an annual basis. Take a look, see what's happened under town if there's been an unusual wind storm or something else that's happened or one of your

261

00:29:07.140 --> 00:29:18.240

Village of Parish: Projects doesn't work. Or if you thought of a second one or fourth or fifth one that you want to go. We can help work with you to make sure it's it's

262

00:29:19.590 --> 00:29:35.340

Village of Parish: It's where you needed to be this only deals with the mitigation part of emergency comprehensive emergency planning, you have a separate comprehensive emergency management plan that you opted to

263

00:29:36.690 --> 00:29:43.230

Village of Parish: Work with the town done. So it's a joint comprehensive emergency management plan that covers everything from

264

00:29:45.000 --> 00:29:56.490

Village of Parish: Mitigation preparedness, response recovery. The whole cycle but mitigation and that plan is a very, very tiny piece and actually now refers back to the

265

00:29:57.300 --> 00:30:09.600

Village of Parish: mitigation plan you this. What we're proving today. I'm asking you to approve today is the five year update and then we'll, we'll, we'll have to look at another five year update by years

266

00:30:11.100 --> 00:30:27.120

Village of Parish: But this one, you did a mountain about work the first time around to get on board in the first place. This one we worked hard to make sure the hazards were right, but also this one though the consultant was able to

267

00:30:28.470 --> 00:30:33.660

Village of Parish: Lean out the information for the village and put it in your own document and it's your own antics.

268

00:30:33.960 --> 00:30:47.070

Village of Parish: The entire plan is county website at WWW dot a squiggle county that calm and slash GMO. If you go to our page you'll see a link right on the front page the county's the whole plan.

269

00:30:47.670 --> 00:30:57.120

Village of Parish: What are all of the answers for the municipalities, including the counties around on that page and some additional information and Tom

270

00:31:00.240 --> 00:31:00.570

Tell you

271

00:31:05.640 --> 00:31:06.330

Village of Parish: Know the day

272

00:31:08.820 --> 00:31:12.630

Village of Parish: I don't know what to do. Well, I know the last time we did that.

273

00:31:13.650 --> 00:31:14.370

Village of Parish: There was

274

00:31:15.420 --> 00:31:28.410

Village of Parish: A charging station if you got that in there. We smell it isn't in any of your plans. It's in the county plan garage. The count the county garage is a place for emergency workers to

275

00:31:29.880 --> 00:31:34.590

Village of Parish: To come and hit me check for radio a radioactive materials.

276

00:31:35.490 --> 00:31:45.690

Village of Parish: In our department down to the insert the county. It's a because it's called personnel monitoring center and set the County Highway garage. Okay. Well, hello, just because I know

277

00:31:46.200 --> 00:31:57.690

Village of Parish: You're going to do a downer. But he said the fire department will definitely need to must be the park vironment was going to run down there. It was probably our hazmat guys are repressed plenary convention.

278

00:31:58.380 --> 00:32:16.440

Village of Parish: We actually have a very robust plan in place in our county health department would come in and do the work. And anybody that needed to go through because they've been out working in the field of nuclear power plant accident with would go through. There we go. Yeah, yeah.

279

00:32:19.470 --> 00:32:28.860

Village of Parish: Yeah, we actually have a very good, it's been it's been evaluated by the federal government and the radiological Portugal. Yeah. Um, this past

280

00:32:29.250 --> 00:32:38.160

Village of Parish: A year ago, it came out with high marks. Okay, okay, because I know you and I sit down there and I know what I'm talking around. Yeah, yeah.

281

00:32:38.790 --> 00:32:52.080

Village of Parish: Yep, then actually sits at that whole concept sits in our in the county's radiological emergency preparedness plan which we maintain in our office goes along with our own half defensive emergency management plan or on

282

00:32:53.310 --> 00:32:59.340

Village of Parish: Vacation plan and probably the has county hazmat plan and a whole host of others.

283

00:33:00.570 --> 00:33:13.830

Village of Parish: We have worked very well with with with parish with fire department with the DW school district with you and the towns over the years we have been we've had a wonderful partnership. So I hope that continues.

284

00:33:21.720 --> 00:33:25.950

Village of Parish: Yeah, that's where did the bait that comes consultant, put that together for us.

285

00:33:27.330 --> 00:33:32.190

Village of Parish: If you adopt it, you sign it. You can either email it to me tomorrow, or I'll take with me tomorrow.

286

00:33:33.210 --> 00:33:38.910

Village of Parish: Tonight is either one. Right. You have any questions. Have I answered anything. Let me

287

00:33:42.810 --> 00:33:45.900

Village of Parish: Just turn my back to Jerry

288

00:33:48.030 --> 00:33:51.570

Village of Parish: You have the talent box under my name.

289

00:33:53.760 --> 00:34:00.510

Village of Parish: Out and put yours or we can, you can do that online or I can send you a little happy right here's a copy of the

290

00:34:02.310 --> 00:34:06.660

00:34:30.090 --> 00:34:33.780

Village of Parish: Made a motion that we accept, accept it.

293

00:34:35.370 --> 00:34:36.930

Village of Parish: Sorry, yeah.

294

00:34:40.110 --> 00:34:41.430

Village of Parish: I thought I caught all those

295

00:34:51.630 --> 00:34:52.650

Village of Parish: Thank you very much.

296

00:34:55.080 --> 00:34:58.350

Village of Parish: Oh, it's great to see you. One of my favorite places to come

297

00:35:02.850 --> 00:35:10.050

Village of Parish: You're good. The first time around. Yes, you have good people. I asked questions that which I didn't know where

298

00:35:11.460 --> 00:35:16.650

Village of Parish: They were never suit or no, no, she's, she's only ever folder that

299

00:35:18.810 --> 00:35:22.170

Village of Parish: Is more copies here that we have available to anyone that's interested in

300

00:35:24.720 --> 00:35:30.330

Village of Parish: Yeah, there's copies of fact sheet with the links to the plan, along with the practice of the antics.

301

00:35:31.440 --> 00:35:33.150

Village of Parish: Thank you. Thank you.

302

00:35:35.310 --> 00:35:41.670

Village of Parish: I will take this, but I'll email it right back to you so that you have a copy for your records. How's that

303

00:35:43.110 --> 00:35:44.850

Village of Parish: Thank you very, very much. You

304

00:35:54.210 --> 00:36:04.530

Village of Parish: Are manufactured homes, we get a letter. And I think you get a letter from the accounting department of community development planning.

305

00:36:07.110 --> 00:36:10.560

Village of Parish: Department of development has received a request to review.

306

00:36:11.730 --> 00:36:19.800

Village of Parish: For so to Article section and Amir stage on the law regarding description adoption of state.

307

00:36:21.210 --> 00:36:22.500

Village of Parish: Law and zoning map.

308

00:36:23.970 --> 00:36:25.470

Village of Parish: Like a law and receive

309

00:36:28.590 --> 00:36:29.820
Village of Parish: This file.

310
00:36:30.990 --> 00:36:34.290
Village of Parish: File or four to five different within 30 days.

311
00:36:38.190 --> 00:36:38.640
Village of Parish: Alright.

312
00:36:41.250 --> 00:36:46.020
Village of Parish: So that, so the county had no comments on that on the

313
00:36:47.040 --> 00:36:51.900
Village of Parish: zoning, which is great news that through get on that.
And he's been working

314
00:36:53.790 --> 00:36:57.690
Village of Parish: On that, right. So the next step in the process is the

315
00:36:58.980 --> 00:37:01.020
Village of Parish: Village has to hold a public hearing

316
00:37:03.090 --> 00:37:08.880
Village of Parish: And the most logical time to do that would be at next
month's Village Board meeting.

317
00:37:10.410 --> 00:37:12.900
Village of Parish: So if everybody's on board with that.

318
00:37:14.790 --> 00:37:17.340
Village of Parish: I've written up a resolution.

319
00:37:19.770 --> 00:37:23.610
Village of Parish: For the, for you to set that date.

320
00:37:25.260 --> 00:37:34.500
Village of Parish: That just says, whereas the Village Board is proposing
amendments to the village zoning law and whereas the Village Board is
required by the state. There was lots of hold a public hearing on such
amendments.

321
00:37:35.010 --> 00:37:39.690

Village of Parish: therefore, be it resolved that noise board will call to cheering and 7pm November 18

322

00:37:40.920 --> 00:37:43.890

Village of Parish: I believe is your next you know 2020

323

00:37:46.560 --> 00:37:47.850

Village of Parish: There is that

324

00:37:50.490 --> 00:37:54.120

Village of Parish: We got to put that in a local paper right you have a little bigger anymore.

325

00:37:57.660 --> 00:37:58.290

Village of Parish: And

326

00:38:00.030 --> 00:38:06.180

Village of Parish: Put it on the website. Right. Yes. Yes. And I've got some I got notices.

327

00:38:08.280 --> 00:38:11.010

Village of Parish: I wrote up a notice and I actually

328

00:38:12.930 --> 00:38:21.000

Village of Parish: I set up a zoom meeting which Paul share set up a zoom meeting. I'll share that co host with Paul

329

00:38:22.830 --> 00:38:25.890

Village of Parish: Is all found being here for that hearing as well.

330

00:38:29.370 --> 00:38:34.050

Village of Parish: Maybe we get somebody to come for me. Yeah, might get a comment. Yeah.

331

00:38:35.280 --> 00:38:43.920

Village of Parish: So what yeah what you have to do is put the notice in the newspaper. And that's got up here no later than a of November.

332

00:38:45.030 --> 00:38:49.800

Village of Parish: So I get that right out and I, this is a copy that you sound.

333

00:38:51.270 --> 00:38:52.080
Village of Parish: With a note on it.

334
00:38:53.130 --> 00:39:06.870
Village of Parish: You also have to send notice of the hearing to the Mexico town clerk and the parish town clerk do you can just give it to Kelly. I guess why our counterpart that we're always surrounded by the town.

335
00:39:08.880 --> 00:39:10.050
Village of Parish: Or they will be 500 feet.

336
00:39:11.070 --> 00:39:27.810
Village of Parish: Oh yeah, they're not we're surrounded by the town. Yeah, yeah, I can come to mind. Is it that way. Oh no, I thought it kind of touched. I was looking at the map wrong. I thought the village touched Mexico, but it doesn't. Let's

337
00:39:29.340 --> 00:39:32.760
Village of Parish: Downtown does. Okay, that's good. Then

338
00:39:35.010 --> 00:39:45.030
Village of Parish: Yeah, you're right, we would have to give the power to the town. Yes. Yeah. I thought the villain is closed or the next coast closer, but that saves that's open save your staff.

339
00:39:46.830 --> 00:39:48.300
Village of Parish: So there's a copy for Kelly.

340
00:39:49.920 --> 00:39:59.730
Village of Parish: And you gotta send a copy to be the clerk of the legislature. So here's a copy for Christopher Jones.

341
00:40:02.190 --> 00:40:05.490
Village of Parish: And that is it. So you you send

342
00:40:06.870 --> 00:40:09.720
Village of Parish: Send all that stuff out paper.

343
00:40:11.850 --> 00:40:16.170
Village of Parish: Town a parish and the legislature and

344
00:40:18.600 --> 00:40:31.080

Village of Parish: I can work with Paul to get the copy on the website of the proposed changes the notice on the website. And we've already got a zoom meeting scheduled with the with the zoom ID number.

345

00:40:33.540 --> 00:40:43.410

Village of Parish: Zoom meetings going before the public hearing public yeah yeah and I, yeah, I don't know if you want to, I guess you could just make that the the meeting.

346

00:40:43.920 --> 00:40:55.380

Village of Parish: We could do that public hearing in zoom coverage in the meeting in the same session. Yeah. The 731 zoom meeting, we would do both. Yes. I guess I don't see anything wrong with that.

347

00:40:56.640 --> 00:41:01.260

Village of Parish: We've done that before. Does anybody on the town is knowing their water polo here and then as

348

00:41:04.830 --> 00:41:06.600

Village of Parish: Far as I know they I think somebody

349

00:41:07.740 --> 00:41:15.720

Village of Parish: Else ballot and they are they're having a problem, there's, there's a referendum, but there's a public hearing before the referendum, or is there. Okay. I want to talk

350

00:41:16.380 --> 00:41:28.650

Village of Parish: About meeting next month. I don't know that they don't think they were working with thing to schedule. Right. They just scheduling just make junk comes to conflict. Well, this is our meeting night so right but I

351

00:41:29.670 --> 00:41:37.140

Village of Parish: wouldn't do it then. But on our meeting last week last week. Oh yeah, that's right, I forgot we pick. I think they're having a special meeting tomorrow.

352

00:41:37.740 --> 00:41:42.720

Village of Parish: To discuss where they could have it, I believe. Yeah, she was going to try to get all the school to see if you got there.

353

00:41:43.080 --> 00:42:00.120

Village of Parish: I just got a new associate not nothing scheduled. Yeah. Well, the discussion has progressed a little bit since then. In this respect, the state still has a cap on meeting attendance at 50 so

you're just as capable of having a meeting with capacity 15 the gym, as you are to school, so

354

00:42:01.680 --> 00:42:05.190

Village of Parish: just insane. I figured that out, maybe six foot spacing.

355

00:42:05.670 --> 00:42:11.100

Village of Parish: Or an after you can accommodate 50 people in there which is as many as you're allowed to accommodate anyway so

356

00:42:11.340 --> 00:42:23.340

Village of Parish: I did that calculation. And so they're planning at this point. Okay. Probably just to have an agenda here because it's simpler than going through the school right so now the only question becomes what what is the date that I'm being the writing has

357

00:42:24.390 --> 00:42:35.640

Village of Parish: To have them having a game on and they were having this yeah I don't play or they would avoid having a village board meeting knife, the normal trustees of those so i don't i figured that have. I mean, that's

358

00:42:36.780 --> 00:42:42.150

Village of Parish: The only day they could, yeah. I mean, and we've taken that factor out of the equation now. So, okay. Oh.

359

00:42:43.770 --> 00:42:44.100

Village of Parish: Thank you.

360

00:42:45.630 --> 00:42:45.870

Village of Parish: For

361

00:42:47.790 --> 00:42:50.670

Village of Parish: Sharing yes yeah I'll make a motion, and we

362

00:42:51.750 --> 00:42:54.300

Village of Parish: As a public meeting at seven o'clock.

363

00:43:02.310 --> 00:43:07.950

Village of Parish: Okay, you're all set, then just get those notices out and then we'll, we'll do the hearing.

364

00:43:09.660 --> 00:43:11.220
Village of Parish: Thank you very much. My pleasure.

365
00:43:14.130 --> 00:43:14.640
Village of Parish: Alright.

366
00:43:29.010 --> 00:43:29.730
What's happening.

367
00:43:35.010 --> 00:43:47.850
In town board was kind of wondering why we hadn't done something about it, but I could be a big discussion is waiting sorted out my friend who had and then we'll see where it goes from there, then we will move. Oh, okay.

368
00:43:50.460 --> 00:43:54.120
Village of Parish: Treatment Plant we discussed with nearly anything there.

369
00:44:01.770 --> 00:44:02.250
Village of Parish: We got

370
00:44:04.350 --> 00:44:14.100
Village of Parish: One of the guys and I want to run the other day and we found some more scrap metal kind of stuck into the ground. What are they gonna pull it out, put it into the thing

371
00:44:16.410 --> 00:44:19.590
Village of Parish: There's some plastic this gotta go elbow and would have would

372
00:44:20.820 --> 00:44:22.050
Be, you know, because it's

373
00:44:23.730 --> 00:44:24.570
Village of Parish: Such a mouse.

374
00:44:27.630 --> 00:44:29.070
Village of Parish: To be honest with me. I don't know.

375
00:44:31.680 --> 00:44:38.670
Village of Parish: No, no, no, no. Come over time, some of that stuff. Was there some of that stuff should have been gone by, years ago.

376

00:44:41.310 --> 00:44:49.140

Village of Parish: Where I got it before I got off the board. The first time we need somebody as well. That's what I, that's what I wanted to talk to

377

00:44:52.050 --> 00:44:52.590

Village of Parish: Tom and

378

00:44:56.520 --> 00:44:59.940

Village of Parish: Six weeks on those lines. They're all fixed it was

379

00:45:01.380 --> 00:45:09.360

Village of Parish: Less than we were. Well, yeah. Yeah, but they got that off in it that all done on we got the plane over to the other tank.

380

00:45:10.500 --> 00:45:18.570

Village of Parish: She there's gonna be I think will be a lot of work to kind of be dealt with that I think I secure those are putting anything over that line to keep the snow off.

381

00:45:20.610 --> 00:45:21.210

Village of Parish: No, because it's

382

00:45:22.230 --> 00:45:26.100

Village of Parish: I don't think the way the women are remember the way to Windows

383

00:45:27.720 --> 00:45:28.380

Village of Parish: It's not a better

384

00:45:30.000 --> 00:45:33.090

Village of Parish: And we talked with it for 100 they're fighting over, keep the snow. I

385

00:45:35.880 --> 00:45:38.490

Village of Parish: Replace it with these first come out and she did.

386

00:45:40.020 --> 00:45:48.930

Village of Parish: This all over again, right there. So basically, I don't think we have to worry about that. If it does allow us know we just give timely shovel.

387

00:45:51.870 --> 00:45:52.740

Village of Parish: I don't think so.

388

00:45:58.800 --> 00:45:59.130

Tom B: Okay.

389

00:46:01.020 --> 00:46:01.590

Tom B: So,

390

00:46:09.600 --> 00:46:10.260

Tom B: We're in good shape.

391

00:46:21.330 --> 00:46:21.720

Village of Parish: Oh, yes.

392

00:46:23.010 --> 00:46:25.020

Village of Parish: In fact, he had to shut it off for a few minutes.

393

00:46:26.850 --> 00:46:30.630

I think about a half hour here to shut off. He took that one piece off.

394

00:46:32.040 --> 00:46:32.640

Already there.

395

00:46:34.110 --> 00:46:41.580

Because I didn't quite right and that's why we put a couple of weeks, but he got that back then, he brought that other one back.

396

00:46:43.470 --> 00:46:48.210

Village of Parish: My back and use it on the other side. So we use the using what they can

397

00:46:49.350 --> 00:46:54.390

Village of Parish: All kind of made has to be done on a annual basis or two or three years.

398

00:47:10.320 --> 00:47:10.800

Tom B: Um,

399

00:47:11.940 --> 00:47:15.120

Tom B: I think that that probably will last forever.

400

00:47:17.370 --> 00:47:18.540

Tom B: With with with the

401

00:47:19.770 --> 00:47:20.490

Tom B: Hockey, Field.

402

00:47:26.130 --> 00:47:32.550

Tom B: Leaks, the last one. The reason why I did this because of the soil and it just it all.

403

00:47:35.280 --> 00:47:43.980

Tom B: Gets done in there and I don't ever tested to see if the most corrosive soil when they install the old airline nowadays all airlines, you'd be put a bunch

404

00:48:01.980 --> 00:48:02.910

Village of Parish: Haven't heard anything that

405

00:48:06.870 --> 00:48:07.290

Village of Parish: Resembled

406

00:48:08.460 --> 00:48:08.880

Village of Parish: The letter.

407

00:48:10.410 --> 00:48:16.470

Village of Parish: That you sent them. We have any correspondence with them similar

408

00:48:17.910 --> 00:48:22.050

Village of Parish: Should be doing to participate urgency. So we don't want his time.

409

00:48:23.220 --> 00:48:30.780

Village of Parish: And he sent an email back saying that he was gonna wait till he's gonna wait over that something back yes sorry between the last

410

00:48:32.160 --> 00:48:37.650

Village of Parish: Screen, the non non executive session as one they did have a brief corresponds for he's

411

00:48:38.280 --> 00:48:46.770

Village of Parish: Kind of hand in on nothing really was decided he was waiting on something you see a in Mexico, he was not going to get the building done this year. Right. So it sounds like he's punting

412

00:48:47.700 --> 00:49:03.000

Village of Parish: I think he was hoping to get a lot cheaper than only offered it to Matt and I think you might feel so looking into us at the at the early, early even before the executive board meeting, who's talking about seem to buy more property than a tax sale. Yeah, this

413

00:49:04.050 --> 00:49:09.660

Village of Parish: One property. They're not sure. So I think he was just seeing what to do. Yeah.

414

00:49:11.370 --> 00:49:11.820

Village of Parish: We had a

415

00:49:13.350 --> 00:49:17.490

Village of Parish: phone call from the DC that they came out and chapter sites again.

416

00:49:18.810 --> 00:49:24.000

Village of Parish: Oh, check the wells them in the there's apparently it's still on their agenda so

417

00:49:25.590 --> 00:49:26.640

Village of Parish: Starting with

418

00:49:27.810 --> 00:49:28.470

Chapter one.

419

00:49:30.270 --> 00:49:30.780

Village of Parish: All right.

420

00:49:32.730 --> 00:49:44.430

Village of Parish: Here to put in Valley for phone calls. I finally got somebody that gave me an answer and I wasn't too impressed by God who is Tony where it was Steve.

421

00:49:45.990 --> 00:49:54.750

Village of Parish: But they said yes, we're on the list and then they will get when you get their supplies to when they can get out here, they will put that sign up for that might get done before, when

422

00:49:55.290 --> 00:50:07.920

Village of Parish: We don't have any more accident that intersection. So my name on the list of email addresses so they can when they can't get some overgrown of pepperoni pizza channel partners, it

423

00:50:08.940 --> 00:50:10.050

Village of Parish: Wasn't it was

424

00:50:12.180 --> 00:50:14.580

Village of Parish: The actions there. Yeah, you

425

00:50:16.050 --> 00:50:24.600

Village of Parish: Know via are coming was responding coming back to the station from a call and the chief does happen to see something down at them for partners. So he

426

00:50:25.980 --> 00:50:26.730

Village of Parish: found out it was a

427

00:50:27.060 --> 00:50:28.710

Village of Parish: motor vehicle accident, no injuries.

428

00:50:28.770 --> 00:50:29.640

Village of Parish: The deal

581

01:05:07.980 --> 01:05:14.550

Village of Parish: I had to be to be your contact information. I'll way, he says. It says

582

01:05:16.500 --> 01:05:26.340

Village of Parish: There is a volunteer parish website on there was hers is that one up at night. Yep. Santa technology Paris revised page.

583

01:05:27.450 --> 01:05:30.360

Village of Parish: I think that's going to cause a lot of confusion and she heard

584

01:05:31.440 --> 01:05:31.860

Village of Parish: Agree with

585

01:05:36.240 --> 01:05:37.860

Village of Parish: With some letterhead.

586

01:05:39.810 --> 01:05:41.310

Village of Parish: Doesn't have a whole lot of power.

587

01:05:44.160 --> 01:05:44.670

Village of Parish: It looks like.

588

01:05:47.670 --> 01:05:49.650

Village of Parish: We do need to have our own page.

589

01:05:51.150 --> 01:06:01.770

Village of Parish: The page that supposedly is the village official page, nobody on the official village can do anything. It's not really. I was doing a little bit of research actually

590

01:06:02.550 --> 01:06:04.530

Village of Parish: And I want to see if I can

591

01:06:05.460 --> 01:06:16.650

Village of Parish: Tag Facebook to have to take you down, but without a doubt. I'm gonna have to do a cease and desist first. That's always the first step right yep try a couple letters before you do anything official. It was all

592

01:06:16.860 --> 01:06:25.650

Village of Parish: If we're interested in, we can go. We'll start with the letter, and then I'll keep you guys updated as things go on if I get any responses. And then we can see about strong arming

593

01:06:27.990 --> 01:06:31.350

Village of Parish: It would seem that Facebook will take it down. If it says it's the official page. Yeah.

594

01:06:32.520 --> 01:06:41.280

Village of Parish: I think there's a couple of sworn affidavits a mayor right on our page. We do not support this. I have no power to change this.

595

01:06:42.810 --> 01:06:45.090

Village of Parish: I think I think we've got, I don't think

596

01:06:48.030 --> 01:07:04.110

Village of Parish: We're supposed to be careful what we put on our we're supposed to be very careful. I think we should only put on a, you know, specific details like they were having, you know, village or town, without a doubt, um, you know, the part, you know, what is your body's largest car.

597

01:07:06.630 --> 01:07:16.650

Village of Parish: You know what we did right they got to be other. All right. That's why I said I think we should put on there a link to the page. Yeah. Well, yeah, they can click on it, it'll take them to

598

01:07:17.760 --> 01:07:24.630

Village of Parish: A page and they can look at all the bills bills Credo, whatever. Well, our meetings and minutes and whatnot.

599

01:07:26.520 --> 01:07:36.600

Village of Parish: Right. And on the ability, we can put a pointer to the Facebook. Right, right. So people can like in Arizona. Correct. Because the one thing that Facebook doesn't do well and

600

01:07:37.080 --> 01:07:44.490

Village of Parish: Push information out yesterday on Facebook to see that activity involving the ability to find it through Facebook or the ability

601

01:07:45.000 --> 01:07:52.380

Village of Parish: When pay per se doesn't go out more by people famous change. Right. And I think stuff like, that'd be great to get, like, well, they're really, really worked well together.

602

01:07:53.070 --> 01:08:00.570

Village of Parish: Right. I think we're good for now I'm getting like a large and stuff like that on the street, you know, Christmas lighting, whatever else we

603

01:08:01.620 --> 01:08:04.440

Village of Parish: Don't we don't want is the place now.

604

01:08:08.040 --> 01:08:20.430

Village of Parish: Know what's what's not official. We just wanted as a brand. We just wanting official sound resonance. Another there is a page right now. They called Build your parish on Facebook. So it's called the

605

01:08:22.110 --> 01:08:26.760

Village of Parish: Designated as a governmental entity look at if you do a search on filters.

606

01:08:28.710 --> 01:08:29.790

Village of Parish: That I just saw

607

01:08:31.410 --> 01:08:32.040

Village of Parish: The ways

608

01:08:34.590 --> 01:08:35.250

Village of Parish: To perish.

609

01:08:36.270 --> 01:08:37.650

Village of Parish: Oh, yeah.

610

01:08:38.850 --> 01:08:43.020

Village of Parish: Number one agency right shouldn't do, because it's not run by anybody in

611

01:08:46.080 --> 01:08:49.860

Village of Parish: Your parish greater know another one that was

612

01:08:53.070 --> 01:08:54.480

Village of Parish: One that says one we're talking

613

01:08:58.380 --> 01:08:59.130

Village of Parish: To grandma.

614

01:09:01.080 --> 01:09:02.850

Village of Parish: Yes. Yeah, yeah, yeah.

615

01:09:11.340 --> 01:09:11.550

Village of Parish: From

616

01:09:13.770 --> 01:09:25.680

Village of Parish: The last post was April 30 2019 but it does come up when people search for her. There's also parish at the place. Yeah, yeah.

617

01:09:27.330 --> 01:09:27.930

Village of Parish: There's a couple

618

01:09:29.340 --> 01:09:29.580

Village of Parish: Ways.

619

01:09:31.500 --> 01:09:32.220

Village of Parish: One is

620

01:09:35.670 --> 01:09:42.990

Village of Parish: Towns picture at the time. Right, yeah. That way, in a manner as far as I'm miserable. They even have the builders website on here.

621

01:09:45.300 --> 01:09:48.450

Village of Parish: Yeah, there's an argument that we can make us. We have to the

622

01:09:49.530 --> 01:10:01.770

Village of Parish: Work that they are supporting themselves to be a government entity, not a government entity. So again, it's going to take a little while. It's gonna be, it's gonna be emails contact. Let's look at our

623

01:10:03.450 --> 01:10:08.760

Village of Parish: Success. I think I didn't do the other one civilian parents revised page.

624

01:10:10.320 --> 01:10:12.750

Village of Parish: I'm actually also I think that's a lot online, gentlemen.

625

01:10:19.440 --> 01:10:24.600

Village of Parish: Alright, that's alright so what I've given you is nuggets and nibbles that comes from the

626

01:10:25.410 --> 01:10:40.020

Village of Parish: Cornell roads program and made some copy paste from good our head of the article, best practices for using social media like kind of went through it and try to highlight 1000 words and get your social media posting regardless

627

01:10:41.190 --> 01:10:47.790

Village of Parish: Of the message. Consider presenting it in a visual thing when we had all these issues with our Greg's and

628

01:10:48.270 --> 01:10:54.570

Village of Parish: Recent stuff those pictures would have been good posted. So now, in the future, whatever post pictures we can post

629

01:10:55.050 --> 01:10:59.640

Village of Parish: All the better and selves. What we're doing now, we've got the project as the wastewater plant.

630

01:11:00.210 --> 01:11:17.700

Village of Parish: The information on that and pictures will be good insurance posts to spread awareness and damage flushing wives in the pipes and then damage the pipes and console. We've been through all that. So this kind of information out there is so Alicia not

631

01:11:19.170 --> 01:11:20.580

Village of Parish: Today, not what it used to be.

632

01:11:22.350 --> 01:11:24.120

Village of Parish: A little bit. You're always going to have

633

01:11:26.130 --> 01:11:34.890

Village of Parish: Because you got you got people that think, oh, this is too distant on the liquid down the drain.

634

01:11:38.190 --> 01:11:38.610

Village of Parish: By

635

01:11:39.780 --> 01:11:42.960

Village of Parish: By degradable people think guy regrettable, we

636

01:11:44.070 --> 01:11:46.410

Village of Parish: Know that that doesn't, that's not what God

637

01:11:49.560 --> 01:11:52.320

Village of Parish: Says, many create an effective ways public professional

638

01:11:54.570 --> 01:12:07.920

Village of Parish: But interesting article prepare a two way street down. So you're saying that we're going to get feedback, including complaints of budget commentary on social media can be distressing institute a written policy.

639

01:12:08.910 --> 01:12:12.240

Tom B: To help you be prepared to address these situations, you're

640

01:12:12.930 --> 01:12:19.680

Village of Parish: In control the social media commentary can be moderated by you and social media page administrator

641

01:12:22.320 --> 01:12:28.950

Village of Parish: Policy did, didn't take a couple of years ago for every seminar on it and Watertown

642

01:12:29.820 --> 01:12:39.750

Village of Parish: What your social media or local government company. Yeah, I'm guessing some of the material from that might be up on the website contract. Okay. Because that was I went that one.

643

01:12:40.260 --> 01:12:51.330

Village of Parish: That one I like it was good. It was telling you what you couldn't couldn't do you know you have to be careful where where he was an official you could do some things that you keep to yourself.

644

01:12:52.800 --> 01:12:54.540

Village of Parish: I'm like some like the table in that

645

01:12:55.680 --> 01:12:57.180

Village of Parish: Right, so

646

01:12:58.290 --> 01:13:09.420

Village of Parish: Kind of fallacies and social media page profiles, there's no confusion about you, what you will and will not tolerate good information for us to implement and keep that in mind.

647

01:13:10.680 --> 01:13:12.660

I thought it was a good article printing out

648

01:13:14.520 --> 01:13:15.060

That's what

649

01:13:20.220 --> 01:13:27.870

Village of Parish: We're talking about the on Christmas decoration. Yes, great always sends us this information supplemental information regarding

650

01:13:28.470 --> 01:13:37.800

Village of Parish: When we're doing it when they're going up and coming down analysis on the data. So that's been submitted to go here and sure enough things. Okay, so when are we going to put them up.

651

01:13:39.180 --> 01:13:39.420

Village of Parish: On a

652

01:13:42.360 --> 01:13:43.410

Village of Parish: Friday or Saturday. Yeah.

653

01:13:44.790 --> 01:13:47.010

Village of Parish: Whenever I remember I did you guys

654

01:13:49.980 --> 01:13:51.960

Village of Parish: Busy I know it is very busy.

655

01:13:54.870 --> 01:14:04.050

Village of Parish: Right library requests. They contacted us as to what we're we're standing on Halloween. They want to do a Halloween dragged through

656

01:14:04.890 --> 01:14:14.850

Village of Parish: And we want to know we have a problem with that we allow it. And I guess too long. That would we we have any concerns with trick or treating down

657

01:14:15.690 --> 01:14:27.060

Village of Parish: And I think that we show. I like to point out our villages or towns are doing and they're making an earlier in the day from like three to five or four to six night aisense wonderful and it shouldn't get sick. Yes. Yeah.

658

01:14:28.680 --> 01:14:43.230

Village of Parish: I think with the Colbert, and how unsafe our streets are and they are you know I walk all the times they're dangerous. I think this is such a good idea for all kinds of reasons. So I think that we should make it mandatory that they Trick or treat.

659

01:14:44.550 --> 01:14:46.950

Village of Parish: Sex here. I think they

660

01:14:50.130 --> 01:14:52.320

Village of Parish: Get people off the streets. No.

661

01:14:57.570 --> 01:15:00.510

Village of Parish: Sex and that's what I think they're asking to there has to be

662

01:15:02.490 --> 01:15:02.790

In

663

01:15:04.920 --> 01:15:05.550

Village of Parish: Good standing

664

01:15:14.280 --> 01:15:16.140

Village of Parish: With this for the library that's

665

01:15:18.600 --> 01:15:20.580

Village of Parish: Right there. My neighbor precious very

666

01:15:22.290 --> 01:15:35.610

Village of Parish: She actually has a she, she has a nice little pit there, you know, steel pet she lights up and she's just out there with her with her kids and in costume and

667

01:15:36.480 --> 01:15:45.690

Village of Parish: A lot of times if you know the director, but the one guy told him, roll down the window and a little kid goes like this and she ended them but

668

01:15:46.920 --> 01:15:51.360

Village of Parish: At that time, that wasn't, you know, things are not just yours this year.

669

01:15:56.220 --> 01:16:05.820

Village of Parish: The library drive in well then that's what they were asking permission for what they're saying for the library themselves and have

670

01:16:06.930 --> 01:16:19.500

Village of Parish: Station out there, so the kids could just drive up and being candid camera. Okay so emotion or make emotional when they're going to do all his driveway and turn around and I'll just pull up alongside

671

01:16:20.880 --> 01:16:27.540

Village of Parish: traffic that's coming now because we because it can be. We can designate we doesn't make

672

01:16:28.950 --> 01:16:31.530

Village of Parish: Sure that they see on tertiary even

673

01:16:32.970 --> 01:16:39.810

Village of Parish: Did that. Yeah, but, you know, we can also get permission from the county

674

01:16:40.830 --> 01:16:47.550

Village of Parish: Sheriff, they have to obey him anyways if we're going to do that. Well, we're not doing anything. No. Yeah.

675

01:16:48.630 --> 01:16:49.140

Village of Parish: Well,

676

01:16:51.660 --> 01:16:54.510

Village of Parish: Yeah, they should sell 69 and keep an eye on search

677

01:16:55.530 --> 01:16:56.250

Is kind of hard.

678

01:16:57.810 --> 01:17:01.110

Village of Parish: To come up to your street and then continue on 69 yeah we could

679

01:17:02.130 --> 01:17:07.980

Village of Parish: All the transit is congested should be on Church Street one on one, you know,

680

01:17:10.890 --> 01:17:18.960

Village of Parish: This is Karen and I hold the Sheriff's Department as far as having somebody for trouble. Well goodness for husbands up there. Maybe somebody's

681

01:17:24.270 --> 01:17:27.300

Village of Parish: Got to do it because there's no parking lot disco seriously returning

682

01:17:29.370 --> 01:17:35.490

Village of Parish: In the parking lot anyway. Go on the street, so they will be talking, we're talking about

683

01:17:36.780 --> 01:17:36.990

Village of Parish: Yeah.

684

01:17:38.160 --> 01:17:46.500

Village of Parish: Yeah, and they've got a sidewalk in front. You don't even have to be the parking lot just catch them on the sidewalk and send them off. If they organized themselves well enough.

685

01:17:54.570 --> 01:17:56.550

Village of Parish: So that no one has any time. Yeah.

686

01:17:58.320 --> 01:18:00.000

Village of Parish: Just like the church when they had their

687

01:18:02.250 --> 01:18:04.890

Village of Parish: pulled pork dinner you drive up

688

01:18:06.540 --> 01:18:09.870

Village of Parish: They bring it up to you. Give them a reminder, a parking lot, isn't it.

689

01:18:11.100 --> 01:18:17.130

Village of Parish: No, I don't know, there's a, I guess, a parking lot or not to drag your driveway.

690

01:18:18.540 --> 01:18:33.960

Village of Parish: Yeah, but this would be the same on Church Street. There's not a lot through traffic that's going to be conducting anything there you know 69 yeah well keep it in front of the library on that sidewalk. That's why they can go right through me. Not one year, they've now been put double

691

01:18:35.790 --> 01:18:40.740

Village of Parish: Driveway they have people going on both sides, just to get them to keep a make

692

01:18:41.790 --> 01:18:47.880

Village of Parish: 1669 eight was his library asked him to do it just for the library or they talk more on the line.

693

01:18:49.230 --> 01:18:49.980

Village of Parish: Migraines.

694

01:18:51.990 --> 01:18:57.420

Village of Parish: Village, I can't. No one said anything are only allowed one trick or treaters important sex.

695

01:18:58.560 --> 01:19:05.220

Village of Parish: Cold and say, and say, well, I think we should ever resolutions to how what we want to allow them to develop endorsed by the village.

696

01:19:05.640 --> 01:19:14.610

Village of Parish: Is you saying that, yeah, people will be out later. But we've endorse the fact that they can be beaten down by six. Oh, man. Finally, this year is on a Saturday and on the

697

01:19:15.000 --> 01:19:23.310

Village of Parish: Normal day year where it's been a Monday, your regular work and they don't get out to buy a home till 530 quarter six, you're telling you will be off by six yeah 15 minutes to do it.

698

01:19:29.040 --> 01:19:31.980

Village of Parish: This year, we should think about doing that all you can do.

699

01:19:34.170 --> 01:19:38.130

Village of Parish: We've decided we're gonna do is we're just gonna make bags and some will

700

01:19:39.270 --> 01:19:41.490

Village of Parish: Describe it. Yeah, and just sit back and look

701

01:19:43.980 --> 01:19:44.250

Village of Parish: I know

702

01:19:49.740 --> 01:20:01.230

Village of Parish: I think the fireman should be putting them together. I'm still going through at the fire hall. So why are they on the street. We are we are designated safety zone. So if anyone wants to get the candy. Check us out by the fire station.

703

01:20:02.490 --> 01:20:07.950

Village of Parish: Station, you got them all over there and also your. No, no, no.

704

01:20:09.330 --> 01:20:09.810

Village of Parish: Why not

705

01:20:13.230 --> 01:20:17.640

Village of Parish: I'll put my candy in there, rather than coming to my door and walk in the street. I think

706

01:20:19.110 --> 01:20:25.500

Village of Parish: We could do this. I could do this on a Saturday afternoon Saturday afternoon. Okay.

707

01:20:27.900 --> 01:20:31.350

Village of Parish: A small, you know, Donner, we got 10 days to put this together.

708

01:20:33.030 --> 01:20:47.490

Village of Parish: Down here at the park. Okay. And, you know, tell people that we will, you know, we set it up to, we're not really close together, but then have a parade of the kids going around.

709

01:20:48.390 --> 01:21:00.510

Village of Parish: You know, right there, don't want people like a whole folks. Yeah. Well, this is one way of seeing the kids. There's also a map of what houses are given up and either share

710

01:21:01.620 --> 01:21:02.070

Village of Parish: Yeah, it's

711

01:21:03.420 --> 01:21:03.840

Village of Parish: Really

712

01:21:07.290 --> 01:21:09.570

Village of Parish: Yeah, and they actually released and that

713

01:21:11.370 --> 01:21:20.880

Village of Parish: Was supposed to context. I didn't know somebody was talking about ground like they actually had a map out yo houses, she was taking names and addresses.

714

01:21:24.540 --> 01:21:33.810

Village of Parish: What I miss what I miss since the school drop what I mentioned, it is the kids come around to all the buildings in their Halloween costumes.

715

01:21:34.860 --> 01:21:36.930

Village of Parish: dirt on you know everywhere.

716

01:21:48.000 --> 01:21:49.050

Village of Parish: We see the shorts.

717

01:21:50.370 --> 01:21:58.350

Village of Parish: Are so cheap to make. Yeah, it's all over. It's going to be as organized as everybody says, but I thought maybe not first chairman.

718

01:21:59.730 --> 01:22:14.070

Village of Parish: Like you're saying this Saturday, remember during the first year, they asked us, you know, the user gym but the fire departments were bigger we can you know so but they started up by the gas station walk down Main Street. Yeah.

719

01:22:15.330 --> 01:22:15.900

Village of Parish: Turned up

720

01:22:18.480 --> 01:22:19.170

Village of Parish: Yeah. Deb's

721

01:22:20.940 --> 01:22:22.620

Village of Parish: Went down union Street.

722

01:22:24.630 --> 01:22:44.790

Village of Parish: Station or refresh the dining hall right on one year they met at the park. Yeah, they did it was at the actual Halloween. I prayed. He did end up fried and then they went to the park tomorrow part. And again, little setup here different vendors

723

01:22:49.110 --> 01:22:51.720

Village of Parish: Because I know that we had a call.

724

01:22:52.890 --> 01:23:04.050

Village of Parish: I made sure that they call the state police to see, you know, could could read and the clothes off the road for about five minutes 10 minutes and there was no problem. No.

725

01:23:05.070 --> 01:23:09.060

Village of Parish: I think there was a State Police and Frank and a county police in the back.

726

01:23:11.220 --> 01:23:15.510

Village of Parish: And you can request the parade on every rescue them this crowd coming from Ellen.

727

01:23:16.980 --> 01:23:29.820

Village of Parish: Yeah, yeah, I remember that day that when you need it. That way we were on the tail end of the sphere Williamstown is doing a tracking treat kids off mate do their trick or treating it the car trunk.

728

01:23:36.180 --> 01:23:46.620

Village of Parish: What does wonderful question. I was just so that will what the library just have like a tree when trying to be trying by being in the in

729

01:23:48.090 --> 01:23:51.900

Village of Parish: The ocean, you know, they're gonna have more people of faith and

730

01:23:58.380 --> 01:23:59.880

Village of Parish: Sarah problem with that and

731

01:24:01.740 --> 01:24:03.450

Village of Parish: Most mission to go with that. Just to have

732

01:24:07.890 --> 01:24:14.760

Village of Parish: A certain time or just let them know do a doula till I felt like we should set some hours issue. I think

733

01:24:15.870 --> 01:24:22.590

Village of Parish: I can force it. But yeah, I mean, are you going to get the word out 10 days and enforce it then. Yeah.

734

01:24:24.090 --> 01:24:24.270

Village of Parish: Your

735

01:24:26.040 --> 01:24:27.810

Village of Parish: Mother does

736

01:24:30.240 --> 01:24:31.140

Village of Parish: Not like him anyway.

737

01:24:33.870 --> 01:24:34.230

Village of Parish: He said,

738

01:24:40.560 --> 01:24:41.910

Village of Parish: Just saying I am

739

01:24:44.190 --> 01:24:56.610

Village of Parish: Usually the one for recommendation. Oh, yeah. I mean, really, am I sharing my story last year, all the lights went out at eight o'clock sharp. What do you nobody

740

01:24:59.400 --> 01:25:00.870

Village of Parish: Gives me advice.

741

01:25:02.490 --> 01:25:05.520

Village of Parish: No, I think I get some people. So I found this

742

01:25:06.780 --> 01:25:12.210

Village of Parish: Interesting notion of just allowing do we want caveats knowledge library Tuesday will

743

01:25:15.090 --> 01:25:20.490

Village of Parish: Fighting it like a four or five is it's given them permission. The okay from earlier in

744

01:25:21.510 --> 01:25:22.350

The show desire.

745

01:25:23.490 --> 01:25:31.560

Village of Parish: I mean, the fact that there will be people there, that's really good terms with the library is kind of exciting hours they leave at six looks like it's done.

746

01:25:39.300 --> 01:25:41.730

Village of Parish: spoke up soon. I think we should put something on the paper.

747

01:25:49.980 --> 01:25:52.620

That would have to get it in by noon tomorrow.

748

01:25:53.790 --> 01:25:57.750

Camden as a recommendation and like you said we can't endorse or

749

01:26:00.300 --> 01:26:08.670

Village of Parish: Just we recommend the trick or treating this year the bell at this time. What do you want to say for this picture. Yeah. Order such

750

01:26:14.490 --> 01:26:15.120

An emotional

751

01:26:17.010 --> 01:26:17.850

Recommendation

752

01:26:21.300 --> 01:26:24.720

Village of Parish: Also, or he from the library trustee to nominate

753

01:26:25.980 --> 01:26:30.840

Village of Parish: Me to notice to a five year don't want to thank you. Sorry.

754

01:26:33.240 --> 01:26:46.500

Village of Parish: Five year term as trustee beginning January 1 2020 21 she will replace a senior people timer. Who's retiring for the board at the end of the current term so

755

01:26:47.940 --> 01:26:48.510

Village of Parish: It is very

756

01:26:50.040 --> 01:26:52.560

Village of Parish: Biased I am very

757

01:26:54.000 --> 01:26:54.360

Village of Parish: Monday.

758

01:26:55.680 --> 01:26:58.980

Village of Parish: What's that, I said. She said, Mr. Potato Head on Monday. Oh.

759

01:27:00.330 --> 01:27:07.740

Village of Parish: It's good need is just for everyone because you know in people's feelings. If you don't, I mean, just notice go ski Amy much easier.

760

01:27:08.850 --> 01:27:17.520

Village of Parish: As like my last name. Exactly. It's just easier. Yeah, everyone. You can tell. Okay. And there's just one just one person.

761

01:27:19.290 --> 01:27:21.120

Village of Parish: I recommend me to chapter

762

01:27:25.920 --> 01:27:26.160

Right.

763

01:27:29.010 --> 01:27:29.580

Village of Parish: Right, right.

764

01:27:32.760 --> 01:27:35.730

Village of Parish: Yeah, because she's on the board on that.

765

01:27:38.790 --> 01:27:49.260

Village of Parish: Tomorrow, they have the fencing up at the library tomorrow or first shovels on hoopla and so people want to be in there for all the excitement show up tomorrow and it

766

01:27:51.510 --> 01:27:53.550

Village of Parish: Was very aggressive this library.

767

01:27:54.690 --> 01:28:08.070

Village of Parish: Morning board, but that has sequence of events and the whole project on and it continues. So you're interested, you can hear it. Well, we gotta, we gotta wash it got now.

768

01:28:10.260 --> 01:28:10.620

Village of Parish: Yeah.

769

01:28:16.830 --> 01:28:18.090

Village of Parish: They don't, they knew they were

770

01:28:19.110 --> 01:28:24.330

Village of Parish: Going to be in progress. Wasn't sure when I was know that we're waiting for instructions.

771

01:28:27.000 --> 01:28:30.120

Village of Parish: It makes. So who's gonna who's going to do the first show

772

01:28:31.980 --> 01:28:33.120

Village of Parish: Probably you're frozen.

773

01:28:38.760 --> 01:28:41.850

Village of Parish: Chips we've submitted to the work that was done in the

774

01:28:43.320 --> 01:28:45.420

Village of Parish: Road drive and

775

01:28:46.590 --> 01:28:52.830

Village of Parish: I submitted as I was informed to do. And as it turned out it was wrong.

776

01:28:53.850 --> 01:29:06.570

Village of Parish: Because the highway department got word after the fact that we only have 80% of our winner recovery 80% of our paid and percent of our chips. So by doing that we

777

01:29:08.160 --> 01:29:23.130

Village of Parish: Are already at Dan Metallica investment from CHIPS funding that he would redo my submission. According to the book work 80% because a coven we're only getting allowing for send it to us.

778

01:29:24.000 --> 01:29:30.150

Village of Parish: Was the to use up all your paid user value when the recovery and then go into chips, but apparently they

779

01:29:30.810 --> 01:29:43.800

Village of Parish: They have a different system. They want us to apply. So he's going to read to my submission and if that according to what he's going to do, we should be monthly phone thousand \$800. No, you did.

780

01:29:46.350 --> 01:29:54.150

Village of Parish: That we own part of it and the county owns or Amina found owns resident right campaign. They're part of

781

01:29:55.650 --> 01:29:56.610

Village of Parish: That was divided out

782

01:29:57.810 --> 01:30:08.880

Village of Parish: Well, I just wanted to make sure and asking to 13 113,100 and I submitted for that hopefully we'll get

783

01:30:10.230 --> 01:30:13.080

Knocked off when we're done with the 12,000

784

01:30:15.510 --> 01:30:15.810

Village of Parish: Chips.

785

01:30:21.240 --> 01:30:22.200

Village of Parish: We started out

786

01:30:27.480 --> 01:30:35.130

Village of Parish: Our percentages and that was changed was because of Kobe. And then they know what their next worried recovery.

787

01:30:36.420 --> 01:30:49.650

Village of Parish: Was talking about that if they let us use 80% that means we're lucky 20% so hopefully we can have that still and I can take that away that I don't know the word hasn't come in yet.

788

01:30:51.660 --> 01:30:52.080

Village of Parish: Time.

789

01:30:54.390 --> 01:31:05.070

Village of Parish: Will basically got everything all all done though anyways. Right. Yes. And we had next year. Craig said to put some money in the budget for work to be done ditching down on that.

790

01:31:06.990 --> 01:31:09.960

Village of Parish: Which is similar kind of that would be great point. I didn't

791

01:31:11.040 --> 01:31:15.330

Village of Parish: Have a problem. And so now it's time to do it again. Also, the

792

01:31:17.940 --> 01:31:18.990

Village of Parish: What I just the edge with

793

01:31:20.550 --> 01:31:21.810

Village of Parish: The trees over on

794

01:31:23.460 --> 01:31:30.660

Village of Parish: Union we're supposed to have those out, then it would look like we're down about four or five threes and we're going to get with

795

01:31:31.110 --> 01:31:46.230

Village of Parish: Craig was going to assist and he went to invoice. They weren't they weren't able to do it went to enroll Western row said wait and see what residual do maybe griddle. We haven't heard anything you know i know i'm not sure where we're at. Well, I know money was

796

01:31:48.480 --> 01:31:53.220

Village of Parish: Good good hires Nelson Nelson Nelson Nelson was down there. The other

797

01:31:53.700 --> 01:32:03.030

Village of Parish: Two guys are down. No, I can tell you right now, Nelson is going to be doing work in our area realtor nitpicks, I got a letter about a train part of my house and they want to basically now. Okay, so they

798

01:32:03.630 --> 01:32:14.190

Village of Parish: And that tree is way worse than my tree. So I don't see why they don't do that they don't, they're not kind of goes down unless the homeowner is getting back to them and giving them permission.

799

01:32:16.800 --> 01:32:23.430

Village of Parish: Because it says in the letter I got from them that they only give you one chance to do a quick free of charge. Okay, so if they

800

01:32:25.020 --> 01:32:25.800

Village of Parish: Don't you worry about that.

801

01:32:28.680 --> 01:32:30.150

Village of Parish: Anymore my tree. I have a ball.

802

01:32:31.350 --> 01:32:37.200

Village of Parish: But if they offered to cut the tree on the past they will offer and they won't pay for it. So,

803

01:32:38.340 --> 01:32:41.790

Village of Parish: On sure miss his mother because she keeps contact me. He wants it done.

804

01:32:43.980 --> 01:32:44.070

Village of Parish: Owner

805

01:32:45.540 --> 01:32:57.540

Village of Parish: And but I'm saying is that if they offered it and say, three, four years ago and they declined it they're not going to do it again, thinking about just what they have to and leave the rest of it. It's not the problem. They offered

806

01:32:58.650 --> 01:33:11.310

Village of Parish: That's where I read the letter. Well, yeah, we made the makeup line down. It is as much preparation, because I couldn't care less. I say it all the way down. But they said they can only take it down to the bottom of the

807

01:33:13.140 --> 01:33:14.640

Village of Parish: Lines as family.

808

01:33:17.010 --> 01:33:30.810

Village of Parish: And they wonder why they ask permission for you to have everything done all the way, but because I couldn't get the state. I guess my wife doesn't want to place a purchase order leader so tall.

809

01:33:33.990 --> 01:33:34.950

Village of Parish: Alright, so

810

01:33:43.260 --> 01:33:49.290

Village of Parish: Legally in our bylaws, they still homeowners response to down the line.

811

01:33:51.690 --> 01:33:52.140

Village of Parish: The line.

812

01:33:54.150 --> 01:33:55.560

Village of Parish: She owns. Okay.

813

01:33:57.090 --> 01:33:57.600

Village of Parish: No.

814

01:33:58.770 --> 01:34:07.920

Village of Parish: No, no, we don't. We really don't want center on the road. Actually you paying for the center of that role. Whether you want to and I got that. Okay.

815

01:34:09.930 --> 01:34:12.390

Village of Parish: All right, so legally

816

01:34:13.410 --> 01:34:27.810

Village of Parish: It's in the state right away, they can take it, but she's saying its own line of basically of adverse approximately half an hour after the hair is half on the state or village or whatever, right away and have a homeowner's property.

817

01:34:30.270 --> 01:34:37.950

Village of Parish: In there along with him and know she's wrong because okay the sidewalk, is that our sidebar.

818

01:34:39.210 --> 01:34:40.380

Village of Parish: This person right

819

01:34:41.520 --> 01:34:43.260

Village of Parish: No trees are on the other side of that side.

820

01:34:45.600 --> 01:34:51.630

Village of Parish: I miss I miss Parker know going down new three. I'm not sure they didn't. They might be

821

01:34:54.210 --> 01:34:57.090

Village of Parish: A little treat our I didn't pay attention like for the sidewalks.

822

01:34:59.640 --> 01:35:01.560

Village of Parish: Well, yeah, the side welcomes our church history.

823

01:35:02.880 --> 01:35:03.600

Village of Parish: And then perhaps

824

01:35:05.220 --> 01:35:07.800

Village of Parish: By Gary, where do you treat them.

825

01:35:11.580 --> 01:35:12.060

Village of Parish: Right.

826

01:35:13.920 --> 01:35:28.290

Village of Parish: Other anything else for new business. We have a concern with lights at the top of the stairs. We need light bulbs replacements and I don't know. So we're local that you have them. We can't get them here at the hardware store. So

827

01:35:29.580 --> 01:35:32.700

Village of Parish: You don't carry my yeah that was that anyone

828

01:35:33.810 --> 01:35:35.280

Village of Parish: Sampling my own stuff.

829

01:35:36.660 --> 01:35:39.510

Village of Parish: So I'll just to church, what they look like.

830

01:35:42.960 --> 01:35:43.230

Village of Parish: To

831

01:35:45.360 --> 01:35:48.060

Village of Parish: Light bulbs for a tabular stairs.

832

01:35:51.300 --> 01:35:54.630

Village of Parish: Trigger like buy gas ruin, like all day long.

833

01:35:55.740 --> 01:35:56.880

Village of Parish: Yeah, they sell them down, they're

834

01:35:57.960 --> 01:35:58.200

Village of Parish: Not

835

01:36:00.360 --> 01:36:07.620

Village of Parish: Actually beginning then took them down there. And they said, no, you can't get them. That's just what are all those before we leave. I

836

01:36:09.060 --> 01:36:11.760

Just picked up some led placements for

837

01:36:15.180 --> 01:36:18.210

Village of Parish: Them, I can do some searching. I'll see. Oh well.

838

01:36:23.940 --> 01:36:24.480

Be making

839

01:36:30.900 --> 01:36:36.840

Village of Parish: It look right. Nothing else for business. Yes, coming to share worker.

840

01:36:37.980 --> 01:36:39.660

Village of Parish: Employees here. Yeah, that's my number one, the

841

01:36:40.770 --> 01:36:41.700

Village of Parish: First, if you know

842

01:36:43.740 --> 01:36:50.580

Village of Parish: I already sent checks about two weeks ago for the general fund because I'm almost out right they have not convenient. So there's only nine checks left

843

01:36:51.720 --> 01:36:59.730

Village of Parish: So there was 10 vouchers to be paid, and I pulled my personal I was putting in for reimbursement for making your bank from

844

01:37:00.090 --> 01:37:14.490

Village of Parish: Before I posted penalties or something. Yeah. So I pulled that doctor. Now I have enough checks to pay your vendors, the people that we can put mine in next month. So that's why I skipped from 80 to 82 of the numbering process when it goes my now.

845

01:37:16.980 --> 01:37:24.390

Village of Parish: Yeah, so that's why they have jumped on that sequence. They. Yeah, no, no amount of checks, they didn't commit the excuse me anymore.

846

01:37:25.980 --> 01:37:38.910

Village of Parish: Okay, good part is the accounting system had an up a program update, which I got an email from Williamson, and I worked on with a Friday we clean like because I also do libraries book so

847

01:37:39.330 --> 01:37:50.250

Village of Parish: That's totally separate on my computer right so both of those are updated at once the same time and the Williamson has added some

848

01:37:51.570 --> 01:37:59.340

Village of Parish: At least three different areas of new reports of think they've got they've added a section where you can calculate interest. I haven't played with it, but

849

01:37:59.880 --> 01:38:08.280
