Village of Parish 2: Here and I've been here.

2

00:00:23.250 --> 00:00:24.180

Village of Parish 2: Almost 40 years

3

00:00:26.070 --> 00:00:27.630

Village of Parish 2: For some people, and telling them so

4

00:00:32.490 --> 00:00:34.140

Village of Parish 2: The point is I really

5

00:00:35.850 --> 00:00:36.180

Village of Parish 2: Enjoy.

6

00:00:38.460 --> 00:00:39.180

Village of Parish 2: Say the same

7

00:00:58.410 --> 00:00:58.860

Village of Parish 2: Well, thank you.

8

00:01:42.510 --> 00:01:46.560

Village of Parish 2: Okay. I thought that was already established. No, no. Yeah.

9

00:01:49.740 --> 00:01:50.730

Village of Parish 2: Yeah shakes and

10

00:01:51.750 --> 00:01:52.440

Village of Parish 2: I'm like mushroom.

11

00:01:55.710 --> 00:01:56.610

Village of Parish 2: Mushroom, mushroom.

12

00:02:00.300 --> 00:02:03.360

Village of Parish 2: Yeah, yeah. If you do nutrients. Yes.

13

00:02:07.230 --> 00:02:07.650

Village of Parish 2: I must

14

00:02:25.320 --> 00:02:26.070

Village of Parish 2: Harassment

15

00:03:28.350 --> 00:03:29.850

Village of Parish 2: Thank you very much. Sorry. Thank you.

16

00:03:33.060 --> 00:03:33.300

Village of Parish 2: For

17

00:03:35.010 --> 00:03:37.350

Village of Parish 2: Your question. Let me try it.

18

00:03:39.570 --> 00:03:39.990

Village of Parish 2: Man was

19

00:03:49.560 --> 00:03:50.280

Village of Parish 2: Trying to get me.

20

00:03:55.980 --> 00:04:34.380

Village of Parish 2: 10 year program. Good enough.

21

00:04:36.810 --> 00:04:40.830

Village of Parish 2: Well, I was thinking on the Christmas lights.

22

00:04:43.260 --> 00:04:47.190

Village of Parish 2: In your program, you know, by so many every year from next

23

00:04:51.240 --> 00:04:53.430

Village of Parish 2: Was that still all around.

24

00:04:55.650 --> 00:05:06.030

Village of Parish 2: Well, we were talking about putting right you know all the way down Java road and put some on North very road and some down

25

00:05:10.290 --> 00:05:11.100

Village of Parish 2: Alright. History

26

00:05:12.840 --> 00:05:15.030

Village of Parish 2: Across in this House, how many

27

00:05:18.330 --> 00:05:20.820

Village of Parish 2: What I'm doing every other bowl.

28

00:05:21.900 --> 00:05:28.920

Village of Parish 2: And I think you're 15 them all together. For now I got five forum Morris couldn't be covered here.

29

00:05:30.300 --> 00:05:35.610

Village of Parish 2: So I think there's, I know there's 12 on my studio to do the whole street.

30

00:05:36.750 --> 00:05:41.040

Village of Parish 2: Down the railroad tracks and the Moodle badly.

31

00:05:42.180 --> 00:05:45.840

Village of Parish 2: I figured, there's 123 going out late

32

00:05:48.360 --> 00:05:50.700

Village of Parish 2: And I don't know if you want to go any farther.

33

00:05:51.990 --> 00:05:52.740

Village of Parish 2: North or South

34

00:05:55.290 --> 00:05:56.100

Village of Parish 2: Or east or west.

35

00:05:57.330 --> 00:05:57.690

Village of Parish 2: Okay.

36

00:05:59.760 --> 00:06:01.290

Village of Parish 2: Well, no, I

37

00:06:01.770 --> 00:06:04.230

Village of Parish 2: Wish we could do a couple of cross

38

00:06:04.410 --> 00:06:04.860

The bridge.

39

00:06:16.830 --> 00:06:17.280

Bridge.

40

00:06:18.720 --> 00:06:21.420

Village of Parish 2: Well, we could put one on the corner where

41

00:06:22.530 --> 00:06:22.770

Village of Parish 2: You

42

00:06:24.150 --> 00:06:24.870

Village of Parish 2: Are you tonight.

43

00:06:26.430 --> 00:06:30.720

Village of Parish 2: Correct there with a creationist I figure out when they're

44

00:06:35.670 --> 00:06:42.630

Village of Parish 2: About the corner before. No, no, that's a quarter I made you want if you want to try. All right.

45

00:06:43.860 --> 00:06:45.870

Village of Parish 2: Before this before that.

46

00:06:47.010 --> 00:06:48.840

Village of Parish 2: Okay guys, I just don't

47

00:06:51.690 --> 00:07:04.650

Village of Parish 2: Know what to do in the second bladed they run their first of all, you asked him, will you vote. And they said, no, this is your liking you lost your work. You can point right to Cumberland County.

48

00:07:08.430 --> 00:07:11.640

Village of Parish 2: I tried out a couple times to do that right

49

00:07:21.660 --> 00:07:22.650

Decided to smile on

50

00:07:24.360 --> 00:07:24.690  
The sheet.

51

Village of Parish: Suffering.

68

00:10:14.010 --> 00:10:19.740

Village of Parish: This is happening outside of our parish community and not set up the word

69

00:10:20.970 --> 00:10:25.020

Village of Parish: Also, I forgot to tell you, information that comes to me and

70

00:10:27.600 --> 00:10:29.310

Village of Parish: Updates, and

71

00:10:30.660 --> 00:10:32.070

Village of Parish: The site to their

72

00:10:35.850 --> 00:10:43.860

Village of Parish: Founded because it so you're aware of those sites and it continues to increase the concern, so

73

00:10:51.390 --> 00:10:52.050

Village of Parish: As a result of

74

00:10:53.070 --> 00:10:59.010

Village of Parish: What is happening with the numbers, the curling will be closer is close with public

75

00:11:01.860 --> 00:11:03.270

Village of Parish: Not with us.

86  
00:12:02.280 --> 00:12:02.910  
Village of Parish: Good evening.

87  
00:12:22.980 --> 00:12:25.830  
Village of Parish: I think that all this stuff in between. I might not have been able to hear you.

88

00:12:27.570 --> 00:12:28.650  
Village of Parish: Speak a little bit here.

89  
00:12:29.460 --> 00:12:30.180  
Tom B: Hi guys.

90  
00:12:34.200 --> 00:12:38.340  
Tom B: I will try to keep safe. This is my third meeting of the week.

91  
00:12:44.190 --> 00:12:46.920  
Tom B: I'll be looking for the wastewater plant.

92  
00:12:48.510 --> 00:12:55.800  
Tom B: Yes. All right, listen, I'm not December 4 I sent a request to get see we're

93  
00:12:56.970 --> 00:12:57.300  
Tom B: Looking

94  
00:12:59.640 --> 00:13:10.140  
Tom B: At this for \$5,780 and that takes care all the maintenance and all the seasons. What's the minute that they will use to bring the state.

95  
00:13:11.520 --> 00:13:13.800  
Tom B: That we have the main list.

96  
00:13:16.230 --> 00:13:19.560  
Tom B: Is not running off of the trading off.

97  
00:13:21.480 --> 00:13:26.160  
Tom B: Which means that goes wrong. We will be mainly

98  
00:13:27.990 --> 00:13:29.130  
Tom B: Because it will overflow.

99  
00:13:34.140 --> 00:13:47.880  
Tom B: Last time, he was here. They do the maintenance was 2015 or bring them in, because they are the Gordon rock system and get everything back the way it's supposed to be. This is a good annual check

100  
00:13:48.930 --> 00:13:49.980  
Tom B: Request at the border.

101

00:13:53.760 --> 00:13:55.140

Tom B: Alright, so

102

00:13:56.340 --> 00:13:57.420

Tom B: The budget for this year.

103

00:13:59.730 --> 00:13:59.940

Tom B: For

104

00:14:01.620 --> 00:14:01.890

Tom B: Sure.

105

00:14:04.470 --> 00:14:06.000

Tom B: We're keeping up with the

106

00:14:07.020 --> 00:14:08.010

Tom B: Permits where

107

00:14:09.180 --> 00:14:09.690

Tom B: We've been

108

00:14:11.370 --> 00:14:18.570

Tom B: Fighting because we're getting a lot of silence. So the last couple weeks you're gonna find the mix records.

109

00:14:19.830 --> 00:14:20.640

Tom B: Just this week.

110

00:14:22.950 --> 00:14:25.680

Tom B: One way. Hi. I'll be treated for filaments.

111

00:14:27.630 --> 00:14:41.880

Tom B: And we just don't know. I was thinking that we might have to put some more like an automatic outside of the factory over there in the middle to see what they're sending us a good idea.

112

00:14:42.900 --> 00:14:44.340

Tom B: What's coming through. So

113

00:14:54.450 --> 00:14:54.930

Tom B: Keep those

114

00:14:57.930 --> 00:14:58.680

Tom B: Questions.

115

00:15:02.430 --> 00:15:02.970

Equipment.

116

00:15:04.680 --> 00:15:07.260

Service proposal, your name is

117

00:15:20.580 --> 00:15:21.810

Tom B: Sign it and send it to me.

118

00:15:23.550 --> 00:15:24.180

Okay.

119

00:15:25.350 --> 00:15:30.750

Tom B: And then I'll sign it and I'll sign over up by your name and then we'll send it off to Mitch

120

00:15:33.660 --> 00:15:36.780

Tom B: I can pick that up tomorrow if that's possible, because

121

00:15:37.800 --> 00:15:37.980

Tom B: Today,

122

00:15:40.260 --> 00:15:40.800

Tom B: Um,

123

00:15:43.080 --> 00:15:45.570

Tom B: Yeah, I can. I can stop my mom.

124

00:15:47.580 --> 00:15:48.570

Tom B: Or somebody who's gonna be there.

125

00:15:59.550 --> 00:16:00.720

Something. Did you know

126

00:16:02.850 --> 00:16:05.460

Village of Parish: That those are rolled down Jillian.

127

00:16:06.990 --> 00:16:15.990

Village of Parish: Hundred and \$20 put them down there or minus \$303 is. That's what we got for the that's what they give us for the metal

128

00:16:17.100 --> 00:16:33.480

Village of Parish: And the other one was 150 and 207 50 and we have a charge that we had a mother was to \$204 and 74 cents.

129

00:16:35.880 --> 00:16:40.050

Village of Parish: Which I thought was pretty good. They gave us 300 \$303 for the

130

00:16:43.620 --> 00:16:44.070

Tom B: Wash

131

00:16:45.300 --> 00:16:46.710

Tom B: Me clean up the place for free.

132

00:16:49.200 --> 00:16:53.370

Village of Parish: It's about it costs about \$204 but even as to

133

00:16:54.390 --> 00:16:55.800

Village of Parish: You know, compare what they could charge

134

00:16:56.400 --> 00:16:58.110

Village of Parish: Yeah, so I know we've done pretty

135

00:17:19.170 --> 00:17:19.380

Oh,

136

00:17:50.700 --> 00:17:51.150

Village of Parish: Right.

137

00:17:54.330 --> 00:17:55.560

ian.yerdon: I may or this is the end

138

00:17:56.640 --> 00:18:07.410

ian.yerdon: I was just, I was just wondering, I apologize. I can't see the agenda, but would now be a good time to talk about the proposed treatment plant project and giving up their mind later on.

139

00:18:11.370 --> 00:18:21.030

ian.yerdon: Okay. Well, good evening. So I've got some good news and I've got some bad news. And then I've got another round of good news. So

140

00:18:23.040 --> 00:18:40.110

ian.yerdon: The funding application for the proposed project at the wastewater treatment plant was submitted to the environmental facilities corporation back in September with the accompanying engineering report and environmental report.

141

00:18:41.700 --> 00:19:00.000

ian.yerdon: The good news is that the environmental rapport and the engineering report. We're both approved by the FCC and our project is listed on the annual intended use plan for through the state's program.

142

00:19:01.410 --> 00:19:07.590

ian.yerdon: The bad news is, is that obviously this has been a very challenging year

143

00:19:08.700 --> 00:19:14.460

ian.yerdon: For the state and based on recent feedback that I received

144

00:19:15.930 --> 00:19:27.600

ian.yerdon: There's not a whole lot of dollars that have been allocated at the state level for funding for projects such as this for this year so

145

00:19:28.380 --> 00:19:39.930

ian.yerdon: As you may or may not be familiar with the intended use plan. Basically what happens is FC gets your project they review your project and they score your project.

146

00:19:40.560 --> 00:19:45.930

ian.yerdon: And then they set what's called the funding line. And if your project is about that funding line.

147

00:19:46.470 --> 00:19:55.380

ian.yerdon: You're funded and if it's below that funding line. You are not funding for that fiscal year. So unfortunately funding line is very high.

148

00:19:56.340 --> 00:20:05.220

ian.yerdon: This year, and again, I think that's due to just the circumstances of the state and the budget and the world right now.

149

00:20:05.700 --> 00:20:22.230

ian.yerdon: And so our project is below the funding line at this point in time through the state's program. But what that means is that we will not know if we're going to get funded through the states program at this point until next year and the next go around.

150

00:20:24.420 --> 00:20:36.360

ian.yerdon: The other round of good news is that we're not out options. So the project has successfully been submitted to USDA Rural Development.

151

00:20:37.080 --> 00:20:49.230

ian.yerdon: So it's currently in review through their program. And the good news with their program is that it's a revolving door program. So it's not a once a year offer

152

00:20:50.130 --> 00:21:00.330

ian.yerdon: They can provide funding offers year round. So I'm hopeful that within the next couple months, based on the submission that was provided to them.

153

00:21:00.840 --> 00:21:11.850

ian.yerdon: Will will get word back, whether or not you know the project will be funded through their program and what they are offer maybe the other good news is that

154

00:21:12.930 --> 00:21:21.780

ian.yerdon: Through our submission to the state. We also submitted the villages income survey. So as far as the state's concerned.

155

00:21:22.410 --> 00:21:33.660

ian.yerdon: That income survey is good from for five years from the date that it was completed. So they have, we have to tweak a few things. I'm still working on that.

156

00:21:34.290 --> 00:21:46.920

ian.yerdon: But it looks like the state is going to accept your income survey. So what that means is that, you know, we're locked in to the value of that median household income.

157

00:21:47.430 --> 00:21:59.610

ian.yerdon: Through the end of 2022 so you know that income survey was completed in 2017 obviously five years from now is 2022. So what that means is that, you know, we're still

158

00:22:00.660 --> 00:22:10.650

ian.yerdon: You know, in good shape, should our project fall above you know the funding line in future fiscal years through the state's program.

159

00:22:11.010 --> 00:22:11.700

Well, the good news.

160

00:22:14.040 --> 00:22:17.730

Tom B: Funny that attended use when I'm there until we get funded.

161

00:22:18.030 --> 00:22:19.380

Tom B: We don't have to resubmit that

162

00:22:19.500 --> 00:22:20.430

Tom B: Which is a big deal.

163

00:22:20.880 --> 00:22:27.930

ian.yerdon: That's correct. Yep. So we're on there for life until we tell them to take the project off, which obviously we're not going to do that.

164

00:22:28.680 --> 00:22:38.970

ian.yerdon: And, you know, we're just gonna keep fighting. I mean, well, obviously, you know, the plants not getting any younger and, you know, we'll keep pleading our case to the state.

165

00:22:40.110 --> 00:22:48.300

ian.yerdon: You know the other avenue for funding through the state is there. We have program which now that you're listed on the intended use plan.

166

00:22:48.720 --> 00:22:57.090

ian.yerdon: You know you can submit a funding application for that program. Unfortunately, this year, they did not have the we have program.

167

00:22:57.990 --> 00:23:07.920

ian.yerdon: In in the year 2020 however what we're being told is that they will bring it back for next year. So we still have avenues.

168

00:23:08.580 --> 00:23:20.790

ian.yerdon: To receive funding and good good funding packages for the project. We just, you know, we're not able to, you know, based on the circumstances score high enough, this go around.

169

00:23:21.930 --> 00:23:31.350

ian.yerdon: Through the ESC program. But like I said, well, we'll keep moving forward and keep keep fighting. And, you know, trying to get the project funded

170

00:23:34.020 --> 00:23:40.770

ian.yerdon: resubmit next year we qualify for UFC, we don't even have to read. We don't even have to resubmit

171

00:23:41.520 --> 00:23:48.450

ian.yerdon: At like Tom said we're already on the list. So every year the state evaluates how much money they have.

172

00:23:49.230 --> 00:23:59.970

ian.yerdon: And then, and then based on that. That's so they adjust their funding line. So for example, this year, the funding line is that 45

173

00:24:00.510 --> 00:24:07.260

ian.yerdon: So if you have, if your project scores above 45 points, then you're able to be funded. If you're below that.

174

00:24:08.190 --> 00:24:14.340

ian.yerdon: You know you're, you have to wait until the funding line changes the villages project score score 34

175

00:24:15.120 --> 00:24:28.860

ian.yerdon: So again, that funding line is very high. This year, just, you know, based on the circumstances. So in as as things occur at the plant.

176

00:24:29.520 --> 00:24:39.300

ian.yerdon: And as for, you know, further correspondence takes place between DC and the village, you know all that we can submit amendments to

177

00:24:40.050 --> 00:24:52.770

ian.yerdon: The program, you know, to further justify. You know why there's a need for the you know the village to be funded, but we don't have to resubmit an application where we're, we're good. We're in that that's good news.

178

00:24:54.420 --> 00:25:05.160

Tom B: And I'm not mistaken as far as the federal government coming through in the next couple of years with some funding back to the state. So I think we're going to be in good shape in the future.

179

00:25:16.830 --> 00:25:20.880

ian.yerdon: Okay, I'm gonna I'm gonna bow out before I before the snow starts flying

180

00:25:23.880 --> 00:25:27.900

ian.yerdon: I'm in the I'm in my office. I'm not at home. So I got, I still gotta drive a little ways

181

00:25:30.180 --> 00:25:30.600

Village of Parish: Good night.

182

00:25:31.050 --> 00:25:31.740

ian.yerdon: See you later.

183

00:25:35.010 --> 00:25:35.430

All right.

184

00:25:37.260 --> 00:25:37.950

Question.

185

00:25:39.240 --> 00:25:42.810

Village of Parish: I'm make a motion that we accept the report.

186

00:25:50.760 --> 00:25:51.990

motions of such the

187

00:26:14.490 --> 00:26:14.910

Thank you.

188

00:26:17.820 --> 00:26:22.110

Yes. Here's my following on November, the fourth

189

00:26:23.160 --> 00:26:25.020

Village of Parish: For the building permits were issues.

190

00:26:28.770 --> 00:26:38.250

Village of Parish: building inspection report six violations version one zoning permits was issued for sure. And then also

191

00:26:38.280 --> 00:26:39.570

In the middle of other

192

00:26:43.980 --> 00:26:51.540

Village of Parish 2: Nice, or many years was finally cleaned up and this property was really sweet. Okay. Real Property option that they have every year.

193

00:26:54.300 --> 00:26:54.900

Village of Parish 2: For cleaning

194

00:27:26.640 --> 00:27:28.080

One was on Ellen road.

195

00:27:29.610 --> 00:27:35.790

That one is still there. They're trying to apply for a six month use permit through the planning board.

196

00:27:37.980 --> 00:27:49.890

And the other one was at the end of county route 26 record turns into West Monroe and that RV has been taken care of and is no longer appetite.

197

00:27:51.360 --> 00:27:56.490

Also in November, my deputy night we started a few sections.

198

00:27:58.080 --> 00:28:03.180

We did seven at ease in November. I'll all of them failed their initial inspection.

199

00:28:04.440 --> 00:28:07.590

Village of Parish: Got to respect within 30 days approximately

200

00:28:09.210 --> 00:28:20.160

Village of Parish: What we're doing this year also all public assemblies are now being measured with new occupants signs being given out to those businesses that need them.

201

00:28:20.910 --> 00:28:32.820

Village of Parish: And these haven't been done since probably 2014 so it's just good to go in and give them numbers that know things change a little bit. So what we did that we're starting to do that this year as well.

202

00:28:34.230 --> 00:28:44.070

Village of Parish: And also, November I attended the town. The village and the planning board leanings. I was also got my yearly harassment training done. Thanks, Jackie.

203

00:28:47.670 --> 00:28:52.410

Village of Parish: 112.3 miles and the revenues are as follows.

204

00:28:53.520 --> 00:29:07.920

Village of Parish: \$1,217 and D sensibilities permits \$30 in zoning for a total of 1247 point at for the month. Sounds good. That is the end of my report.

205

00:29:08.970 --> 00:29:10.710

Village of Parish: I have a question. Sharia.

206

00:29:11.760 --> 00:29:15.030

Village of Parish: Why are the planning board in law who they don't mean

207

00:29:16.200 --> 00:29:19.830

Village of Parish: Regulation planning board issues special use permit.

208

00:29:21.210 --> 00:29:32.940

Village of Parish: So a normal zoning permit, I can issue. Yeah. What a six month RV special use permit is their job that is right on the zoning rules for special use permit. Okay.

209

00:29:37.860 --> 00:29:40.500

Village of Parish: Any other questions. No, I

210

00:29:42.210 --> 00:29:44.460

Village of Parish: Make a motion that we accept to the park.

211

00:29:49.140 --> 00:29:49.740

Village of Parish: Ranger.

212

00:29:51.780 --> 00:29:58.680

Village of Parish: We had three identified violation description and we set aside for that.

213

00:29:59.700 --> 00:30:00.120

Village of Parish: So,

214

00:30:01.260 --> 00:30:02.580

Village of Parish: We're talking about the lady that

215

00:30:04.080 --> 00:30:05.940

Village of Parish: They came around with. Oh.

216

00:30:10.590 --> 00:30:14.790

Village of Parish: No, those are not. Those are just ones during our annual

217

00:30:17.850 --> 00:30:19.950

Village of Parish: All public facilities are done every year.

218

00:30:21.510 --> 00:30:23.730

Village of Parish: Which includes the gym and this area.

219

00:30:24.990 --> 00:30:30.150

Village of Parish: All businesses, other than that have to be done in a minimum over every three years.

220

00:30:30.810 --> 00:30:42.540

Village of Parish: And apparently trying to get them done willing to so we alternate every other year for some businesses. So some areas. The building done like the opposite is we're not done this year, just the place where public assembles okay

221

00:30:46.140 --> 00:30:46.590

Village of Parish: Oh,

222

00:30:48.480 --> 00:30:49.500

Oh, okay.

223

00:31:25.050 --> 00:31:25.380

Thank you.

224

00:32:01.260 --> 00:32:06.030

Village of Parish: Triangle Commission offices are operating at a 50% occupancy level.

225

00:32:09.000 --> 00:32:14.880

Village of Parish: Watertown based app or at any given time, half the staff. There's a lot of time and effort working from home.

226

00:32:15.750 --> 00:32:31.770

Village of Parish: Actual occupancy maybe lower these days because we've been encouraging staff to operate from home as much as possible to avoid exposure and they can, and so on. So occupancy actually might be able to more than 50% right now, even though we're allowed

227

00:32:33.990 --> 00:32:41.220

Village of Parish: To staff continue to be available for meetings with their municipality, either in person or via zoom it is joining us tonight.

228

00:32:42.600 --> 00:32:55.830

Village of Parish: Again there is executive order, allowing your meetings and public hearing by means such as zoom has been extended through January 1 and extended a month by month basis, happy to help you with any upcoming meetings zoom

229

00:32:57.330 --> 00:33:03.420

Village of Parish: Centers counsel governance on Friday, November 20 at the LB are just the building and

230

00:33:04.500 --> 00:33:12.930

Village of Parish: Everybody pretended you have any suggestions for the next meeting time degradation or subjects that would increase your opportunity, you're interested in attending, let us know.

231

00:33:13.860 --> 00:33:22.350

Village of Parish: Thanks, Dad. Right now our next meeting will be in early 2021 which may change depending on the circumstances of whether we can meet me what we have to read about

232

00:33:23.490 --> 00:33:28.680

Village of Parish: One thing I didn't mention this, but I'll be passing along to you for consideration that feature meeting.

233

00:33:30.060 --> 00:33:36.840

Village of Parish: Is that you are part of the salmon rivers counsel governance through an interim minister or dream that basically even that that

234

00:33:37.500 --> 00:33:50.580

Village of Parish: Sets the ground rules on how we work together and those need to be renewed once every five years. And as it happens less we've done about five years old. So we're coming up on the time that it's true. We certainly have copies of the

235

00:33:52.350 --> 00:34:04.830

Village of Parish: New international agreement with the materials for the November 20 meeting and we approve that, and basically it's an agreement. We're working under now except for their new data or run adopted by the

236

00:34:05.250 --> 00:34:11.070

Village of Parish: Salmon nervous group. So I'll pass along copies of that to all of you. So you can have it. Take a look at our

237

00:34:12.090 --> 00:34:26.580

Village of Parish: Next month's meeting to connect. I find them to be. That would be fine. It's not. Not a big rush type of thing. And I want to make sure that everybody's familiar with it uncomfortable with before we take action on the soundboard ability board levels.

238

00:34:28.110 --> 00:34:39.360

Village of Parish: We are in the process of implementing a contractor to assist in my meeting Sanders area. So if you have anybody in mind what evil and interested in starting that function you happy to hear potential candidates.

239

00:34:40.740 --> 00:34:47.880

Village of Parish: And then last but not least, subjective public employer health emergency plans came up in a neighboring town board meeting, and those lines of

240

00:34:48.390 --> 00:34:58.560

Village of Parish: Times that that money, starting in early 2021 I have for you today, just getting into tonight. A copy of The Times article on film October 23 about that that outlines

241

00:34:59.070 --> 00:35:08.970

Village of Parish: Some of the elements that are involved in it. I don't have a copy of the plan template, but I will wrap that up tomorrow morning and Tokyo is

242

00:35:09.900 --> 00:35:18.150

Village of Parish: organizing a webinar if it will be on Tuesday and 29 years already signed up for that matter. I think it's going to be a good one.

243

00:35:18.630 --> 00:35:29.760

Village of Parish: People that are involved in that are some of the people involved in developing template, which is basically a fill in the

blanks type of thing on how to create a plan for if there's a band under have

244

00:35:30.990 --> 00:35:39.690

Village of Parish: Anything like mine through. Now, what are your contingency plans you know where your positions and who is essential. And what's your background and

245

00:35:40.590 --> 00:36:00.420

Village of Parish: How do you report and honey attract all types of things. So I think that would be good. It's on the 29th at three o'clock. And that's the player I packed up on the other side of my report here is information about the public, public employer mandatory emergency planning requirement so

246

00:36:02.280 --> 00:36:04.230

Village of Parish: reported seeing myself.

247

00:36:06.180 --> 00:36:08.160

Village of Parish: And that's all I have for you for tonight.

248

00:36:11.070 --> 00:36:13.080

Village of Parish: The motion that we accepted before

249

00:36:16.110 --> 00:36:17.220

Village of Parish: And

250

00:36:18.510 --> 00:36:19.140

Village of Parish: I'm terrible

251

00:36:20.220 --> 00:36:20.640

Thank you.

252

00:36:36.960 --> 00:36:37.170

Matthew Johnson: Yeah.

253

00:36:37.200 --> 00:36:38.850

Matthew Johnson: I'm here. Hi, everybody.

254

00:36:43.110 --> 00:36:53.700

Matthew Johnson: Good evening. Yeah. So the, the only thing left to do on this is to vote on it and adopt that if you choose to do so, this evening, you're free to do that.

255

00:36:58.470 --> 00:37:00.690

We made the resolution and move forward.

256

00:37:14.040 --> 00:37:18.540

Village of Parish: You decide that. And what do we need to do with it. Well, based on Belen put it on file.

257

00:37:19.380 --> 00:37:22.110

Matthew Johnson: Yes, that's, that's got to be signed.

258

00:37:23.250 --> 00:37:29.220

Matthew Johnson: By the mayor and there's a spot at the bottom of page two, where she would sign

259

00:37:30.810 --> 00:37:33.960

Matthew Johnson: And that a copy of that gets filed

260

00:37:35.490 --> 00:37:38.970

Matthew Johnson: With the town clerk and then a copy gets sent to Albany.

261

00:37:40.020 --> 00:37:51.300

Matthew Johnson: And I've, I have sent an email to the mayor with the address in all the need to. It's a DC address so that a copy gets sent to the DC and Albany.

262

00:37:55.110 --> 00:37:55.620

To me.

263

00:37:56.640 --> 00:37:58.200

Matthew Johnson: Yes I email.

264

00:37:59.520 --> 00:38:05.400

Matthew Johnson: Check your email tomorrow and that address will be in your email. Okay.

265

00:38:11.460 --> 00:38:13.800

Village of Parish: So we need an emotion to passes.

266

00:38:17.190 --> 00:38:17.820

Matthew Johnson: Yes.

267

00:38:22.200 --> 00:38:23.220

Village of Parish: No, we need emotion.

268

00:38:24.990 --> 00:38:25.770

Village of Parish: Emotion on there.

269

00:38:30.270 --> 00:38:30.930

Village of Parish: And

270

00:38:32.460 --> 00:38:34.350

Village of Parish: All the paperwork.

271

00:38:44.310 --> 00:38:46.170

Village of Parish: Is this the report that we have

272

00:38:47.310 --> 00:38:52.980

Matthew Johnson: Yes, that's the that's part three of the seeker environmental assessment for

273

00:38:55.590 --> 00:39:00.150

Village of Parish: What they need to do tonight. Matt is to adopt the zoning. Correct, yes.

274

00:39:03.750 --> 00:39:05.190

Village of Parish: We have to do both of them that

275

00:39:06.150 --> 00:39:14.340

Matthew Johnson: Oh, the only thing you need the motion for is to adopt the zoning. You don't need a motion for the secret that's already been done.

276

00:39:18.240 --> 00:39:18.630

Okay.

277

00:39:22.410 --> 00:39:22.710

What

278

00:39:28.920 --> 00:39:30.090

Village of Parish: Emotions already been made.

279

00:39:42.150 --> 00:39:43.800

Village of Parish: Thank you. You're welcome.

280

00:39:44.850 --> 00:39:49.440

Village of Parish: We will get these hey this part three signed and sent back to you, man.

281

00:39:50.940 --> 00:39:57.690

Matthew Johnson: I'M A copy goes in the in the village clerks files and a copy goes to Albany.

282

00:39:59.730 --> 00:40:01.230

Matthew Johnson: So I don't need a copy

283

00:40:06.030 --> 00:40:21.690

Matthew Johnson: And then the next thing we need to do is file. The we need to fill out the, the local law filing form and send the law to Albany, but we can do that. You don't have to do anything about that tonight. We can do that over the next few days.

284

00:40:23.370 --> 00:40:28.170

Matthew Johnson: I can, I can contact. I can contact you and we can we can get that done.

285

00:40:30.510 --> 00:40:35.400

Matthew Johnson: With it with the help, maybe with the help of Steve can add us who I see is on here tonight to

286

00:40:37.200 --> 00:40:43.860

Village of Parish: Right, okay. American ask a question. Yeah, what Matt, what is this law, becoming the force.

287

00:40:45.150 --> 00:40:57.150

Matthew Johnson: When it when it's filed in Albany. When we will do the local law filing form and send that into Albany. So hopefully that can take place over the next few days.

288

00:40:59.310 --> 00:40:59.700

Village of Parish: Okay.

289

00:40:59.760 --> 00:41:01.950

Matthew Johnson: Thankfully, okay. Yeah.

290

00:41:05.670 --> 00:41:07.020

All right, any other questions.

291

00:41:10.500 --> 00:41:12.750

Thank you. Is there anything else we need to know

292

00:41:15.570 --> 00:41:16.230

Matthew Johnson: For tonight.

293

00:41:16.920 --> 00:41:18.420

Village of Parish: Okay. Very good. Thank you.

294

00:41:19.860 --> 00:41:23.760

Matthew Johnson: So Yep, good, good, good, good to have that done, finally. Yes, thanks.

295

00:41:26.550 --> 00:41:27.540

Alright, you

296

00:41:34.080 --> 00:41:35.820

Matthew Johnson: See the water project is the next

297

00:41:38.640 --> 00:41:42.270

Day was supposed to be honest, I don't think there's much action happening on that.

298

00:41:44.370 --> 00:41:45.690

Village of Parish: They seem to be in a rush to get

299

00:41:46.800 --> 00:41:50.700

Village of Parish: Doesn't seem to have done anything or called on anything.

300

00:41:53.850 --> 00:41:57.630

Village of Parish: There was a public hearing on the 12th or on the second of December.

301

00:41:59.010 --> 00:42:17.580

Village of Parish: Regarding the status of the project and then it will go to the town board tomorrow to see we're out progressivism where an addict goes to the community to about one that will take place. I guess they have another public hearing on set. If it goes back to the back to the residents for

302

00:42:19.200 --> 00:42:23.910

Village of Parish: The board tomorrow will decide where it goes. And what happens that point.

303

00:42:27.060 --> 00:42:29.700

Village of Parish: Any questions or comments in the answer.

304

00:42:35.010 --> 00:42:48.720

Village of Parish: Library construction. Jackie, how they go in there for very long one, or the one we haven't had a meeting some sort of this we last saw it and I just think every day there for the town with that needs to be pretty well knows,

305

00:42:50.100 --> 00:42:54.000

Village of Parish: What did they do in it'll actually be done and open any ideas.

306

00:42:57.270 --> 00:42:58.080

Village of Parish: Every question.

307

00:42:59.670 --> 00:43:03.660

Village of Parish: Who's, who's gonna sign up on the construction

308

00:43:05.070 --> 00:43:06.360

Village of Parish: Sector that should be

309

00:43:10.710 --> 00:43:20.010

Village of Parish: Responsible for all okay because we're, we're, we're responsible for that we own the building. Right. I don't know, we'll know.

310

00:43:23.580 --> 00:43:28.050

Village of Parish: What I mean I'm just asking these questions because I want to know.

311

00:43:35.280 --> 00:43:36.990

Village of Parish: So now it's on our property.

312

00:43:38.280 --> 00:43:38.580

Oh,

313

00:43:43.830 --> 00:43:51.780

Village of Parish: Yeah I know, basically, what I'm going to read you know I think legally responsible.

314

00:44:02.370 --> 00:44:02.970

Pointed out

315

00:44:05.760 --> 00:44:07.530

Steve Ganetis: Well, Steve, are you, I am here.

316

00:44:09.660 --> 00:44:13.770

Steve Ganetis: Okay, so for so they are tenant.

317

00:44:26.130 --> 00:44:26.850

Steve Ganetis: Dave He

318

00:44:31.470 --> 00:44:33.090

Steve Ganetis: What is the situation with the life

319

00:44:34.770 --> 00:44:36.450

Steve Ganetis: You're breaking out. We can't really hear, hear

320

00:44:37.470 --> 00:44:39.390

Village of Parish: That bad. Yeah.

321

00:44:40.050 --> 00:44:45.150

Steve Ganetis: Yeah, you guys are breaking up to, unfortunately. Okay, well I'll email the mayor, then

322

00:44:46.080 --> 00:44:46.470

Okay.

323

00:44:50.970 --> 00:44:56.130

Sort of, okay, financially, we're not responsible. We own the building. Yes.

324

00:44:57.690 --> 00:44:58.410

On themselves.

325

00:45:03.060 --> 00:45:04.590

Village of Parish: Alright trucks.

326

00:45:06.330 --> 00:45:09.990

Village of Parish: Apparently it's still sitting on at the garage. And we probably have

327

00:45:12.240 --> 00:45:25.140

Village of Parish: About that. Last time I talked to him down there. He told me that it was all set up for one break any of new Cal before it was kind of stuck. And then it would have to be driven around to get the emissions pass

328

00:45:26.610 --> 00:45:31.560

Village of Parish: Out and talk to them. So we decided to do. We're just going to put it up for sale.

329

00:45:33.630 --> 00:45:34.080

Village of Parish: I don't know.

330

00:45:36.660 --> 00:45:37.950

Village of Parish: Okay, we decided that

331

00:45:39.060 --> 00:45:47.700

Village of Parish: That wasn't there for them or I told him to stop everything everybody did after it all. I have it send them off to have some some talk time zones. You talk to some sun.

332

00:45:49.590 --> 00:45:51.480

Village of Parish: I don't think he's diving license. Yeah.

333

00:45:52.860 --> 00:45:54.780

Village of Parish: But we should get it out of there. Yeah.

334

00:45:57.120 --> 00:45:57.690

Village of Parish: Scrapping

335

00:46:01.320 --> 00:46:08.280

Village of Parish: Well, we can take it back down. Yeah. Yeah. But all registered everything right, but it's got playful.

336

00:46:10.350 --> 00:46:11.760

Took the insurance off of it.

337

00:46:13.350 --> 00:46:14.280

Village of Parish: I believe he did

338

00:46:15.870 --> 00:46:17.250

Village of Parish: I'm not sure because

339

00:46:19.470 --> 00:46:21.270

Village of Parish: Insurance is telling the truth. I'm not

340

00:46:25.890 --> 00:46:27.570

Village of Parish: Just hope they don't cast around

341

00:46:30.780 --> 00:46:32.310

Village of Parish: I'll follow you, but I driving

342

00:46:33.420 --> 00:46:34.620

Village of Parish: DAYS ARE OVER WITH buddy.

343

00:46:35.670 --> 00:46:37.290

Village of Parish: It's only league looking at COC

344

00:46:42.750 --> 00:46:52.470

Village of Parish: Okay, stored at the plant until we see a lot of state is their ability to do that one. Yeah. Like, what was it,

345

00:46:54.390 --> 00:46:55.950

Village of Parish: Yeah, we almost 600

346

00:46:57.240 --> 00:47:01.590

Village of Parish: We need to pay that, for we get another or is he going to be finding the sake, Mother. All right. Oh no, I mean,

347

00:47:03.270 --> 00:47:06.420

Village of Parish: They've been pretty good. I mean, he seems pretty decent honor

348

00:47:07.440 --> 00:47:15.240

Village of Parish: I just have, yes. You know, it's been down there for how many months now. Yeah, but they should get another reward so kindly for that one. Well,

349

00:47:16.380 --> 00:47:19.380

Village of Parish: Bob Wilson allows a night like

350

00:47:20.790 --> 00:47:25.500

Village of Parish: Tonight talking. I don't get it down there when we get yeah okay

351

00:47:28.980 --> 00:47:29.430

Village of Parish: I think

352

00:47:32.220 --> 00:47:33.240

Village of Parish: I actually, I think.

353

00:47:34.620 --> 00:47:38.550

Village of Parish: Doug brought it up and he told me he drove it

354

00:47:40.650 --> 00:47:49.800

Village of Parish: To see what was wrong with it. Well, he's driven it so I it goes down the road brain is trying to build our own last mining is this tribal just one breaks hang up so we can drive

355

00:47:54.450 --> 00:47:54.660

I'll

356

00:47:55.800 --> 00:47:56.370

Village of Parish: Start out

357

00:48:00.450 --> 00:48:00.810

Here.

358

00:48:02.190 --> 00:48:06.030

Village of Parish: Let's get the key. Yeah, he's already do it on Monday.

359

00:48:12.030 --> 00:48:12.390

Village of Parish: Years.

360

00:48:13.980 --> 00:48:16.200

Village of Parish: Five years of report cards I probably good.

361

00:48:19.440 --> 00:48:25.710

Village of Parish: Well be getting the bill. We haven't already received such. And I don't think we have

362

00:48:26.820 --> 00:48:28.050

Village of Parish: One last time I knew

363

00:48:30.750 --> 00:48:31.800

Village of Parish: They were still to discuss

364

00:48:34.980 --> 00:48:35.820

Village of Parish: Or yeah

365

00:48:39.720 --> 00:48:44.160

Village of Parish: The internet. I mean, you know, just to say, Oh, yeah.

366

00:48:45.420 --> 00:48:48.870

Village of Parish: How much we don't 4000 as is

367

00:48:53.280 --> 00:48:55.290

Village of Parish: We all sex. Yeah.

368

00:48:56.490 --> 00:48:59.700

Village of Parish: How much profit there alright continuing

369

00:49:04.350 --> 00:49:04.860

Village of Parish: See

370

00:49:06.090 --> 00:49:10.740

Village of Parish: The IoT no parking crosswalks I've been in touch with

371

00:49:12.540 --> 00:49:16.770

Village of Parish: The IoT, and I put the crosswalks in for us down here.

372

00:49:17.880 --> 00:49:19.650

Village of Parish: In front of our building.

373

00:49:20.670 --> 00:49:21.480

And

374

00:49:23.130 --> 00:49:26.490

Village of Parish: The shop there before in an intersection, the four corners.

375

00:49:27.720 --> 00:49:43.050

Village of Parish: But the problem seems to be that nobody's aware of those crosswalks and traffic hasn't slowed down tracking remember solo la called the do T and get on to the gentleman that is has been assisting us and listening to our concerns.

376

00:49:44.160 --> 00:49:51.450

Village of Parish: And told them that now the signs are up crosswalk Syrian but nobody's paying attention and it would be good if we had some flashing lights.

377

00:49:52.080 --> 00:50:03.120

Village of Parish: He said if Dan. You're supposed to go. And when the crosswalks when there's not near so he is working on getting those lights for us at CERN.

378

00:50:03.720 --> 00:50:11.400

Village of Parish: Concern on to another person who's supposed to call back and and hopefully see to it that we get the lights and

379

00:50:12.300 --> 00:50:27.240

Village of Parish: This time they it down their agenda to be completed and I have one other person is supposed to call us and discuss it again and see about getting lesson, but he was surprised that they weren't installed at the same time that the walking in the lines women.

380

00:50:28.710 --> 00:50:41.610

Village of Parish: Also the no parking in front of the pizza place I'm apparently we're on Mexico's agenda to get that in the sign mounted, but I haven't heard from Mexico and

381

00:50:42.660 --> 00:50:52.230

Village of Parish: Think it was somebody over here is going to call Mexico and it would get that taken care of the nice to get it done before winter with the snow plowing and also

382

00:50:53.220 --> 00:51:03.690

Village of Parish: They have been addressed and in the works. But you get the crosswalk right there is a no standing side here for that is up. Yeah, but nobody follows it.

383

00:51:04.290 --> 00:51:16.560

Village of Parish: It's right in front of the Dog Groomers place. Oh yeah, from there to the corner it's there but you can't see it because there's always vehicles in front of them and they just, they don't follow it. So I know it's there. I saw the other day.

384

00:51:17.610 --> 00:51:34.470

Village of Parish: Back. Yeah, it says no stealing from here to corner. Okay, says no standing right with our parking most, the most thing anymore parking really standing is you can't even supposedly stop there and let people out. That's what standing basically is

385

00:51:36.600 --> 00:51:38.640

Village of Parish: Barking is when you leave your vehicle on attendance.

386

00:51:40.320 --> 00:51:48.120

Village of Parish: But when they're being rude to have. I mean, it's The NOSE day unnecessary or is it just a no parking that we want.

387

00:51:49.380 --> 00:51:56.700

Village of Parish: Was the family can be painted anything. I think if you added another sign because the distances so long, people will see about her.

388

00:51:59.310 --> 00:52:00.150

Village of Parish: People are lazy.

389

00:52:03.720 --> 00:52:08.970

Village of Parish: Yeah, exactly. And nobody's gonna enforce it, because the business. Well, yeah.

390

00:52:10.890 --> 00:52:11.490

Village of Parish: But if it

391

00:52:13.110 --> 00:52:28.560

Village of Parish: Doesn't make sense concern that comes to an accident. Then there's vehicles there and there's a problem could be being a, you know, an officer that crash and how they write them tickets for no standing there is already there. If there are if they if they stay there. Right.

392

00:52:30.360 --> 00:52:30.780

Village of Parish: Yeah.

393

00:52:31.860 --> 00:52:32.370

Village of Parish: All right.

394

00:52:33.390 --> 00:52:42.750

Village of Parish: Anyway, is going on St decorations Christmas Neil's been busy getting the new ones in and working on getting them up and

395

00:52:44.190 --> 00:52:52.200

Village of Parish: Down the larger here we go try our best. Okay, great. Um, you asked me a look, see what you know.

396

00:52:54.480 --> 00:52:59.100

Village of Parish: If we buy toys here I think is about 10 years to do the whole village.

397

00:53:00.480 --> 00:53:03.750

Village of Parish: For a year. I want you to find here, whichever you know

398

00:53:04.920 --> 00:53:07.230

Village of Parish: I want to use half of the money this year.

399

00:53:08.310 --> 00:53:08.790

Okay.

400

00:53:10.950 --> 00:53:11.430

So,

401

00:53:25.980 --> 00:53:28.860

Village of Parish: Six \$6 and somebody says,

402

00:53:30.660 --> 00:53:33.630

Village of Parish: Okay. I actually had \$2,000

403

00:53:37.710 --> 00:53:40.170

Village of Parish: For purchase of to that was too.

404

00:53:44.040 --> 00:53:44.610

Village of Parish: Now,

405

00:53:46.740 --> 00:53:55.140

Village of Parish: Listen, all depends on what we get and how much is gonna cost, but most of this stuff runs between 400 and \$600

406

00:53:57.030 --> 00:54:00.810

Village of Parish: I think one of those were was for something, and the other one was five something

407

00:54:04.920 --> 00:54:09.600

Village of Parish: But if we, you know, if we buy so many every year.

408

00:54:11.610 --> 00:54:20.790

Village of Parish: You know, within 10 years. What have we have most of most of parents done on our payroll notice railroad a three part of

409

00:54:22.650 --> 00:54:23.610

Village of Parish: Writers three

410

00:54:24.930 --> 00:54:26.370

Village of Parish: Four years ago to start again.

411

00:54:27.450 --> 00:54:31.800

It really has to be just a continual thing replacement, you know,

412

00:54:36.390 --> 00:54:37.200

Village of Parish: I don't know.

413

00:54:38.820 --> 00:54:41.490

Village of Parish: Some of the we were talking about getting real

414

00:54:42.750 --> 00:54:49.470

Village of Parish: It. We're going to put up have no one's like we okay like right across the street here between

415

00:54:50.550 --> 00:54:51.000

Village of Parish 2: Bigger

416

00:54:52.050 --> 00:54:53.790

Village of Parish: Than any other pole.

417

00:54:54.960 --> 00:54:57.660

Village of Parish: We put one in front of the library.

418

00:54:59.130 --> 00:54:59.520

Village of Parish: National

419

00:55:05.340 --> 00:55:24.900

Village of Parish: During next almost to the end of the library and we put one there. Then we're going on on the corner writer and 69 on that side and think there's room for one more there. And then there's room for one more between that one in the other one. And we were I was looking

420

00:55:26.160 --> 00:55:29.190

Village of Parish: And I know they should have been one corner of

421

00:55:30.840 --> 00:55:31.980

Village of Parish: The at one

422

00:55:33.960 --> 00:55:36.960

Village of Parish: Point across, across from him. There's another poll there.

423

00:55:38.010 --> 00:55:39.120

Village of Parish: And that's what he

424

00:55:41.910 --> 00:55:54.360

Village of Parish: Would drive. I know I'm terrible 321 there, we might be able to put, you know, after we get my you might want to put that down a little private, even though it's a demo.

425

00:55:56.820 --> 00:56:01.710

Village of Parish: And we have invited on every street, please. When we figure those guys. But once I was, you know, we got

426

00:56:03.600 --> 00:56:06.240

Village of Parish: Here, like three hours a day on our own. We're glad

427

00:56:07.470 --> 00:56:08.430

Village of Parish: You're on that road.

428

00:56:09.900 --> 00:56:10.680

Village of Parish: In front of your house.

429

00:56:16.530 --> 00:56:17.730

Village of Parish: Oh, we're going to get

430

00:56:19.020 --> 00:56:26.250

Village of Parish: I think Craig and I were talking that will get William. William can come over the bucket again and track them out mine.

431

00:56:27.360 --> 00:56:27.690

Village of Parish: But

432

00:56:29.310 --> 00:56:34.020

Village of Parish: Where we get Niagara log in. I'll put the links down some more leads and

433

00:56:35.430 --> 00:56:38.910

Village of Parish: And I noticed someone on the border that now I don't know who

434

00:56:39.960 --> 00:56:40.800

Village of Parish: Did I had no

435

00:56:42.690 --> 00:57:04.440

Village of Parish: Way they had a setup. I had to have one of the court entity to prom. The other interested in free wrong, but you'll, you'll get all that you can't buy them in the store you I don't know who put it up or did it. But imagine a foreigner pull one out. They put it into that.

436

00:57:07.170 --> 00:57:09.510

End in two years now.

437

00:57:14.490 --> 00:57:27.900

Village of Parish: Okay, this year, though the summer, I think what figure out how many we're going to go and we'll put up some extra ones. So when we do it the new things. We can just hang them right up, you know,

438

00:57:29.250 --> 00:57:34.170

Village of Parish: Because I made is going to be cheaper if we are they do five

439

00:57:35.190 --> 00:57:37.350

Village of Parish: Than it is by doing cool

440

00:57:41.280 --> 00:57:44.610

Village of Parish: Rhonda you buy it. So many get yeah

441

00:57:46.110 --> 00:57:50.370

Village of Parish: But, but I really don't know. Well, we might get some after Christmas sales come in and

442

00:57:55.110 --> 00:58:03.900

Village of Parish: There was an issue with the down at the park for the Christmas tree and the lighting and all that was a fear is that just something that we're supposed to

443

00:58:04.350 --> 00:58:13.650

Village of Parish: Know we paid for that. It's taken care of every year that when they plugged in the Christmas tree is I was not enough order the wrong outlet or something, you know, I think, Doug was

444

00:58:15.210 --> 00:58:16.350

Village of Parish: Well, basically.

445

00:58:21.510 --> 00:58:27.480

Village of Parish: But basically, what it is is that they, they, we have a pulled down one of the

446

00:58:28.620 --> 00:58:29.610

Village of Parish: Holes coming down.

447

00:58:32.940 --> 00:58:35.850

Village of Parish: That the breakers are a little backed it

448

00:58:37.380 --> 00:58:38.940

Village of Parish: Will break it down for the

449

00:58:41.940 --> 00:58:42.630

Village of Parish: flagpole.

450

00:58:44.550 --> 00:58:53.040

Village of Parish: Once for the sign in front and then the and then there's two back to court there that you can plug in, in the quarter go down there.

451

00:58:53.850 --> 00:59:12.210

Village of Parish: And I put a we put a dawn to dusk light on switch on, so the light on all the time. Yeah, can we pay for that if it is taking care of them. As far as I know, it was all taken care of. From the baby will do and I put it on there. I'll be pushed a switch on, okay.

452

00:59:15.270 --> 00:59:17.160  
Village of Parish: Other than that, I'm not sure. Sure.

453  
00:59:23.850 --> 00:59:28.710  
Village of Parish: I do know that I do know that they don't take the light down during the summer.

454  
00:59:30.030 --> 00:59:30.930  
And

455  
00:59:31.980 --> 00:59:45.390  
Village of Parish: That it's going to cause a problem here before too long because what will happen is the tree will start going around the chords and the lights. You know, you know what those

456  
00:59:48.030 --> 00:59:48.180  
Village of Parish: Are

457  
00:59:52.470 --> 00:59:52.740  
Yeah.

458  
00:59:54.030 --> 00:59:55.200  
Village of Parish: But they don't want to take them down.

459  
01:00:00.420 --> 01:00:01.800  
Village of Parish: Carson one, it does. And so

460  
01:00:04.170 --> 01:00:07.320  
Village of Parish: All right, social media 16

461  
01:00:08.850 --> 01:00:09.780  
Village of Parish: Facebook issue.

462  
01:00:12.450 --> 01:00:12.690  
Village of Parish: To

463  
01:00:12.900 --> 01:00:13.530  
Steve Ganetis: Me, try again.

464  
01:00:15.510 --> 01:00:16.650  
Village of Parish: Try and see how we go.

465

01:00:21.420 --> 01:00:21.960

Steve Ganetis: Sounds good.

466

01:00:24.150 --> 01:00:31.260

Steve Ganetis: All right. No, not yet. I have sent several communications to the individual not heard back

467

01:00:31.770 --> 01:00:45.210

Steve Ganetis: Bout to do my probably after Christmas, I'll do a regular uncertified cease and desist and go forward. That way, at that point, then I will get everything going and potentially had to do a copyright claim which will be fun.

468

01:00:47.670 --> 01:00:48.150

All right.

469

01:00:50.430 --> 01:00:55.920

Village of Parish: Which one is this again social media, Facebook, yeah. What were you originally

470

01:01:04.260 --> 01:01:04.620

Steve Ganetis: How

471

01:01:05.760 --> 01:01:08.520

Steve Ganetis: To answer the question regarding the library property now.

472

01:01:12.870 --> 01:01:27.600

Steve Ganetis: So my understanding of how logos. If we we own the property and attendant makes improvements we get the improvement. So them doing all this stuff that is only benefiting us

473

01:01:30.990 --> 01:01:31.560

Village of Parish: Very good.

474

01:01:32.580 --> 01:01:33.930

Village of Parish: Well, responsible

475

01:01:35.220 --> 01:01:36.210

Village of Parish: To sign off on it.

476

01:01:37.680 --> 01:01:42.000

Steve Ganetis: What do you mean by sign off, good to have work complete order or what exactly

477

01:01:42.000 --> 01:01:44.550

Village of Parish: Referring to work with order.

478

01:01:45.390 --> 01:01:49.860

Steve Ganetis: Work completed order would probably still be the tenant since they're the ones who Commission, the work

479

01:01:50.610 --> 01:02:03.300

Steve Ganetis: They're the ones who had to get I'm assuming they're the ones who had to get the insurance for the for the workers. They're the ones who had to sign the contracts. So I don't think we need to sign off. I think that's up to them.

480

01:02:05.970 --> 01:02:09.000

Village of Parish: Okay, there was a sign off on it though. We still have to pay

481

01:02:10.560 --> 01:02:11.760

Village of Parish: Insurance on the new building.

482

01:02:14.280 --> 01:02:14.580

Village of Parish: Are

483

01:02:14.640 --> 01:02:15.090

Well,

484

01:02:17.040 --> 01:02:20.040

Steve Ganetis: Understood. We own the building. But don't we passed the insurance costs on to them.

485

01:02:21.870 --> 01:02:22.140

Yeah.

486

01:02:24.420 --> 01:02:27.900

Village of Parish: We don't pay the insurance for that. Oh, I'm sorry. Okay.

487

01:02:28.320 --> 01:02:29.880

Steve Ganetis: Very, very common to make the 10th.

488

01:02:29.970 --> 01:02:33.930

Steve Ganetis: pay the insurance. The town PC insurance for us for us as well.

489

01:02:34.980 --> 01:02:35.370

Village of Parish: All right.

490

01:02:39.810 --> 01:02:40.560

Village of Parish: Okay, thank you.

491

01:02:42.270 --> 01:02:42.690

Steve Ganetis: Steve.

492

01:02:44.610 --> 01:02:46.740

Village of Parish: Thanks for looking after that.

493

01:02:47.670 --> 01:02:48.810

Steve Ganetis: Hopefully will make some

494

01:02:48.870 --> 01:02:52.380

Village of Parish: Progress on this Facebook concern is that on the agenda.

495

01:02:53.790 --> 01:02:56.400

Village of Parish: Alright, continuing tree removal. We had a

496

01:02:58.260 --> 01:03:14.580

Village of Parish: Concern union and Church Street to cheery countries were taken out by grid and one remain that still need come down and leaves town has a blush and taking it down course which was good.

497

01:03:15.720 --> 01:03:22.590

Village of Parish: She received the bill and the Kelly is or will be hopefully removing the stumps.

498

01:03:23.880 --> 01:03:27.630

Village of Parish: So I haven't heard from in a county but Craig was saying so.

499

01:03:29.340 --> 01:03:30.930

Village of Parish: The last last we've heard

500

01:03:33.120 --> 01:03:47.130

Village of Parish: 'em. Last month I had brought up the issue or concern about a DS and I'm not sure where we were going to go with that. And we wanted to pursue that eye contact company for

501

01:03:48.510 --> 01:04:01.560

Village of Parish: The one that had sent me the information I think there's other companies that is to us. And what's involved with that and I haven't heard back and get a response from him. What is he eating.

502

01:04:03.180 --> 01:04:14.070

Village of Parish: Oh, the family right and had been brought up years ago and George was here and he said he had contacts and information out. But it didn't go anywhere. So

503

01:04:14.730 --> 01:04:35.880

Village of Parish: As I said, I received an email and mentioned it to you folks as to whether you want to pursue it. And I had written down company asking for further information I think training is involved. And this can be expensive, but it's whether we want to pursue that you have these event. Mr Bell.

504

01:04:39.330 --> 01:04:46.350

Village of Parish: I know the fire department, how we got the 1200 \$75 yeah one for

505

01:04:49.110 --> 01:04:50.400

Village of Parish: I think the fire department tell

506

01:04:56.310 --> 01:04:58.710

Village of Parish: Me, why are you here in the building. I don't know.

507

01:05:00.810 --> 01:05:01.170

Village of Parish: Whether

508

01:05:03.630 --> 01:05:05.280

Village of Parish: It's a good idea. Sure.

509

01:05:06.390 --> 01:05:08.130

Village of Parish: Somebody's having a heart attack. What it really

510

01:05:10.080 --> 01:05:16.230

Village of Parish: Was it was before you wait for somebody else. You know, most of 911 workers can walk you through it as

511

01:05:18.420 --> 01:05:21.510

Village of Parish: Well, no. The only thing is, is that means that

512

01:05:22.590 --> 01:05:31.620

Village of Parish: Probably the young lady a bear moves at court, she probably had to learn how to use it curry Kelly phones with a demonstration in training video.

513

01:05:35.190 --> 01:05:38.400

Village of Parish: Yeah, yeah. Don't use your manual

514

01:05:40.980 --> 01:05:43.800

Village of Parish: One for adults and children.

515

01:05:48.300 --> 01:05:50.220

Village of Parish: Yeah, I'm sure it's step by step with the video.

516

01:05:51.960 --> 01:05:54.840

Village of Parish: Night. I do think you probably some halfway decent idea to have

517

01:05:56.010 --> 01:06:00.390

Village of Parish: In the building. So even if you have people in the gym using it, whatever, something happens.

518

01:06:02.040 --> 01:06:04.830

Village of Parish: There's that you know goes to the wall, Kevin.

519

01:06:05.970 --> 01:06:07.710

Village of Parish: break the glass right your

520

01:06:10.020 --> 01:06:12.570

Village of Parish: Most of them have an alarm bell sent off and you open

521

01:06:14.340 --> 01:06:15.540

Village of Parish: This one isn't know

522

01:06:16.620 --> 01:06:18.090

Village of Parish: Until we look at it.

523

01:06:21.330 --> 01:06:22.560

Village of Parish: American a the

524

01:06:25.110 --> 01:06:31.200

Village of Parish: Associated to get alarmed down once you open a second I'm going to automatically dispatches el

525

01:06:33.750 --> 01:06:35.280

Village of Parish: Chapo moves often riches.

526

01:06:36.780 --> 01:06:39.150

Village of Parish: Or has to be a nurse. Yeah.

527

01:06:40.800 --> 01:06:42.990

Village of Parish: Just like our partners.

528

01:06:45.060 --> 01:06:51.390

Village of Parish: That kind of stuff people to do the fires which is here, your own room.

529

01:06:55.290 --> 01:06:58.980

Village of Parish: Yes, sometimes contact information there versus just

530

01:07:00.000 --> 01:07:00.600

Google that

531

01:07:05.250 --> 01:07:06.270

Village of Parish: Probably not a bad idea.

532

01:07:09.390 --> 01:07:14.850

Village of Parish: You know, there's a lot of public thing people doing something again, you know, something happens, they could save somebody's life.

533

01:07:19.740 --> 01:07:21.330

Village of Parish: Alright, well, we'll continue with them.

534

01:07:26.160 --> 01:07:30.870

Village of Parish: All right. Other stuff fire agenda, you know, business.

535

01:07:32.340 --> 01:07:36.060

Village of Parish: We didn't actually supervisors office and draft.

536

01:07:37.260 --> 01:07:38.580

Village of Parish: Very nice, very

537

01:07:39.960 --> 01:07:41.670

Village of Parish: Good should help and then

538

01:07:43.200 --> 01:07:47.190

Village of Parish: You're always working on sour. Yeah. On the basement now.

539

01:07:52.530 --> 01:08:08.310

Village of Parish: Hey, did you find out about your. Yeah, I was gonna say, did you want me to look into again those exciters anywhere between 70 like 150 bucks for a programmable thermostat seven day program well that it can be changed, you know, any point today for. It's called whatever

540

01:08:09.960 --> 01:08:16.830

Village of Parish: About that. So, I mean, I can grab one and been stolen. There's usually only a couple of wires. I'd have to we'll see what's up there.

541

01:08:18.780 --> 01:08:21.960

Village of Parish: Just to see what behind it for wiring and

542

01:08:23.340 --> 01:08:27.120

Village of Parish: Just really just basic there's usually like two or three wires and

543

01:08:28.680 --> 01:08:32.940

Village of Parish: Then there's a couple. I can double a battery or something that, you know, seeking

544

01:08:34.260 --> 01:08:36.060

Village of Parish: Give it program. Once you want. You said it.

545

01:08:37.260 --> 01:08:37.770

Village of Parish: Oh, good.

546

01:08:38.910 --> 01:08:41.880

Village of Parish: Debate and see if I did that one right

547

01:08:45.210 --> 01:08:51.510

Village of Parish: Hey, I want. And I just want make sure what wherever we have. So it's compatible.

548

01:08:52.740 --> 01:08:54.390

Village of Parish: And you have the number four.

549

01:08:55.800 --> 01:09:03.030

Village of Parish: Don't know grab one from that one. Okay, thank you. Yeah. You see them going on new business some

550

01:09:04.140 --> 01:09:05.580

Village of Parish: preventive maintenance quote

551

01:09:09.480 --> 01:09:12.270

Village of Parish: See for replacement parts to sign a return

552

01:09:21.120 --> 01:09:32.010

Village of Parish: Sharing services December 11 we had a meeting the shared services that was doomed and the church, the chairperson of this meeting.

553

01:09:33.600 --> 01:09:41.850

Village of Parish: We have to meet twice a year, supervisors and there's rather Kelly around throughout the state. Everybody has to do it for the governor

554

01:09:42.900 --> 01:09:45.240

Village of Parish: And we have to submit a plan.

555

01:09:47.100 --> 01:09:58.800

Village of Parish: Each year, we've submitted plans and haven't had a belt because of the code with this year, we haven't met, and this is why we met in December on the 11th.

556

01:10:00.120 --> 01:10:10.320

Village of Parish: We were given three options we can develop a new plan. We could submit the old plan or just send in the report and do coated. We weren't doing anything.

557

01:10:12.000 --> 01:10:28.950

Village of Parish: The consensus was that we will submit the plans that are already written up in in the works resubmit those and hope to see that where we don't have those plans you have been submitted and nothing's happened and been put on the back burner and so

558

01:10:30.240 --> 01:10:39.300

Village of Parish: Those plans to be resubmitted and then we have another meeting before the end of the year, they have to be a public hearing has to be held.

559

01:10:40.860 --> 01:10:49.470

Village of Parish: And he will share that public hearing and think we'll probably get beat by zoom, but that will be on December 2017

560

01:10:51.780 --> 01:11:01.800

Village of Parish: And he'll hold those public wherever you need review. If you said you'll do three on the same day. Okay, so I'm not sure what the time sorry isn't so good information.

561

01:11:03.300 --> 01:11:15.090

Village of Parish: We had to either submitted plan by the end of the year, or no plan and just report stating that that was the case. Do the coven or resubmit the plans and what we submitted to plan was

562

01:11:15.630 --> 01:11:24.540

Village of Parish: For the water project and water. Water Project that's already ongoing so that was submitted last year and not going to be resubmitted again.

563

01:11:26.880 --> 01:11:42.810

Village of Parish: So that's the kind of things have happened at the county level and I forwarded to the information that I had on that and then instructions for the full panel meeting on the 23rd will be meeting again. So I forwarded it to you, important meeting.

564

01:11:43.890 --> 01:11:52.140

Village of Parish: Because it has to have a forum and order the difference, both through as to what we're going to do in submitting to the state. So it's really a

565

01:11:53.640 --> 01:12:03.480

Village of Parish: Candidate call as to whether anybody's going to chime in and be have a quote and be in attendance. So it's kind of urgency stressing you and make sure

566

01:12:04.530 --> 01:12:06.660

Village of Parish: That made that form, get the sun to the state.

567

01:12:08.430 --> 01:12:15.870

Village of Parish: So if you're interested. I said forward to you that information interested in listening in finding out what's happening.

568

01:12:18.450 --> 01:12:21.030

Village of Parish: So that's it. The shared services.

569

01:12:22.260 --> 01:12:31.800

Village of Parish: The year stressing governor wants us to do all these ships service actually parish has done quite well. But unfortunately when the governor came in. We had a whole list of

570

01:12:32.430 --> 01:12:39.720

Village of Parish: Sharing services that we're doing the kind of those counted into start from the day he put out the order. So now we had to

571

01:12:41.100 --> 01:12:54.000

Village of Parish: Think of ways to share you do joint services. So our project is one that we are involved with the presentation. We also have the court some additional the other shared services with the highway departments or

572

01:12:55.980 --> 01:13:09.450

Village of Parish: We share services and then we're supposed to share with other municipalities and rather than buying a huge piece of equipment and they can buy it together and then share it. So that's basically what the governor's looking for

573

01:13:10.500 --> 01:13:11.550

Village of Parish: Along those lines,

574

01:13:13.200 --> 01:13:13.620

Village of Parish: All right.

575

01:13:14.700 --> 01:13:16.620

Village of Parish: Nine our facilities inspection.

576

01:13:18.030 --> 01:13:26.070

Village of Parish: We had an inspection on the 30th. And I don't think we did to ban and then there were two items of concern.

577

01:13:26.610 --> 01:13:40.320

Village of Parish: And suggested that the municipality require all contractors and service providers conducting business, on behalf of the madness Valley to provide certificates of insurance with appropriate limits of coverage general liability.

578

01:13:41.340 --> 01:13:41.730

Village of Parish: Can

579

01:13:43.080 --> 01:13:45.840

Village of Parish: change at any time. No worries, heavy

580

01:13:48.810 --> 01:13:51.060

Village of Parish: I know a lot of people want to work for the

581

01:13:52.260 --> 01:13:54.570

Village of Parish: For I guess about it for one reason.

582

01:13:56.190 --> 01:14:00.900

Village of Parish: This about it. I may be wrong but this is dolly easy require

583

01:14:02.010 --> 01:14:05.730

Village of Parish: Liability Insurance and disability insurance and my right.

584

01:14:07.170 --> 01:14:19.290

Village of Parish: Most of the time to do the pageant. Yes. Okay. Well, most guys that do this work, go have this little Billy because they were by themselves. Yes. Not required if they were kind of sounds

585

01:14:21.030 --> 01:14:22.140

Village of Parish: But I was

586

01:14:23.250 --> 01:14:33.000

Village of Parish: One of the instructors that we have here saying, yeah, don't care, we work by himself. He's gonna have to have somebody to carry stuff upstairs for emerging, you know,

587

01:14:34.200 --> 01:14:38.280

Village of Parish: Like, I don't know. So if the guy works by himself. He doesn't have to have

588

01:14:41.880 --> 01:14:50.040

Village of Parish: So she just there in a contract and favorite parody. So I think they're already do that. And those contracts and agreements.

589

01:14:52.140 --> 01:15:00.090

Village of Parish: Signed before they begin also in the absence of security features and to improve security in the village or in the search office.

590

01:15:00.570 --> 01:15:17.610

Village of Parish: To install a panic alarm system both areas as to common shares to some of the place, discreetly and kind of emergency, so that security system is something that will be needing to look at and have installed within the building here for the courts and for the clerk.

591

01:15:18.630 --> 01:15:19.800

Village of Parish: Is there an officer here.

592

01:15:21.780 --> 01:15:24.420

Village of Parish: Is there an officer president during court. Yes.

593

01:15:27.960 --> 01:15:28.290

Village of Parish: Okay.

594

01:15:29.820 --> 01:15:30.060

Village of Parish: There's

595

01:15:31.260 --> 01:15:32.250

Village of Parish: There's one out there.

596

01:15:33.840 --> 01:15:52.140

Village of Parish: Were things for them to go through a detector well. Exactly. Yeah. And everyone in here, as far as I know. Now that's what I was talking about. I don't really know for sure because I've never come down when they have Courtney anything she was pushing with the panic button.

597

01:15:53.610 --> 01:16:04.590

Village of Parish: See a couple years ago. This one gentleman was quite upset that he had they wouldn't do what he wanted to do another. Oh, and then. Oh, OK. I thought you said in the Court did say the corner.

598

01:16:06.270 --> 01:16:23.790

Village of Parish: There are two officers here. In fact, so much necessary. And I think to get on here and I don't think she was aware of that fact. You're just saying that needs to be security priest for the wards and the clerks gotcha crazy to say that was true.

599

01:16:26.460 --> 01:16:27.570

Village of Parish: Alright key bank.

600

01:16:29.730 --> 01:16:33.240

Village of Parish: Mr fuller got in touch with me and was

601

01:16:35.160 --> 01:16:44.460

Village of Parish: Attacked and I'm not sure what he was upset about other than the municipal overlay for the manufactured homes.

602

01:16:45.690 --> 01:16:50.430

Village of Parish: Parker that we got out there. But along the way. He was also suggesting

603

01:16:52.410 --> 01:16:56.730

Village of Parish: That he could or would like to purchase the bank back

604

01:16:57.870 --> 01:16:58.500

Village of Parish: And

605

01:16:59.640 --> 01:17:13.110

Village of Parish: He will knows the condition. I'm not sure what he was in don't last but knows the name need to prepare and would like to buy it back to the dollar that we purchased it for

606

01:17:15.120 --> 01:17:15.540

Village of Parish: So,

607

01:17:16.710 --> 01:17:20.760

Village of Parish: The board decided he said he wants to fix it up and give it to the store.

608

01:17:21.780 --> 01:17:22.230

Village of Parish: I don't think

609

01:17:23.490 --> 01:17:29.490

Village of Parish: I mean, we don't have the money. No, no, no. I told a lot, they're

610

01:17:30.690 --> 01:17:31.140

Village of Parish: Saying

611

01:17:34.080 --> 01:17:42.150

Village of Parish: What I'm saying is that he said he's going to give it back to the circle society. Okay, well let you let she puts it in writing.

612

01:17:44.790 --> 01:17:55.290

Village of Parish: I think he's already got a buyer for and you're going to fix it up and sell it and sell it to him and not even give it a day or rent it out i don't think i don't think i don't know

613

01:17:57.090 --> 01:17:57.360

Village of Parish: I don't

614

01:17:59.580 --> 01:18:02.190

Village of Parish: Know what they're doing. Done. Everybody behind me with a pig. No.

615

01:18:03.570 --> 01:18:03.810

Village of Parish: No.

616

01:18:06.000 --> 01:18:10.980

Village of Parish: No, no. Well, I feel in logging in, because all

617

01:18:12.360 --> 01:18:12.600

Village of Parish: These

618

01:18:17.430 --> 01:18:17.970

Village of Parish: People down

619

01:18:26.250 --> 01:18:28.260

Village of Parish: What they're not getting the rubber

620

01:18:33.270 --> 01:18:38.130

Village of Parish: Duck was supposed to be checking in there and then you said it was longer but

621

01:18:39.930 --> 01:18:41.520  
Village of Parish: This is since it's got

622  
01:18:45.060 --> 01:18:47.490  
Village of Parish: Here. Mark Fields in a big

623  
01:18:50.130 --> 01:18:50.580  
Village of Parish: Green.

624  
01:18:52.170 --> 01:18:53.430  
Village of Parish: So that right off.

625  
01:18:54.660 --> 01:18:55.200  
Village of Parish: Water

626  
01:19:00.390 --> 01:19:01.020  
Village of Parish: Yes, yeah.

627  
01:19:02.220 --> 01:19:02.400  
Village of Parish: That's

628  
01:19:07.860 --> 01:19:09.720  
Village of Parish: Very true. Yeah.

629  
01:19:11.730 --> 01:19:17.460  
Village of Parish: Even say property. I was talking to jack yesterday you got accused for

631  
01:19:27.900 --> 01:19:30.030  
Village of Parish: We're going to do nothing yet.

632  
01:19:31.980 --> 01:19:34.470  
Village of Parish: I kind of want to think a little bit of an answer.

633  
01:19:38.610 --> 01:19:39.030  
Village of Parish: I will say,

634

01:19:42.690 --> 01:19:43.410  
Village of Parish: I wouldn't say give it

635  
01:19:45.090 --> 01:19:47.850  
Village of Parish: Right back. He wants to buy it back or down, yeah.

636  
01:19:52.080 --> 01:19:52.890  
Village of Parish: There's one more thing.

637  
01:19:55.200 --> 01:19:55.590  
Village of Parish: Monday.

638  
01:19:56.700 --> 01:19:57.090
