Tom Bullard: Before we already.

25

00:03:05.370 --> 00:03:09.510

Tom Bullard: Going okay we're passing not permit.

27

00:03:25.260 --> 00:03:37.620

Tom Bullard: In this cold all the stations are mixing all that stuff awesome is creating like a milkshake which is normal for Parish and we're just dealing with numbers walking down and it's hard to keep track.

40

00:04:41.610 --> 00:04:42.120

Tom Bullard: been trying to keep up with that the only complaint that I have is that the town does a flower get used to used to come down and Paul both both.

43

00:04:55.590 --> 00:05:10.710

Tom Bullard: One way or the other key at the end of the world, all they do now right and stop the backup ago, so my friend going outside the best declare that area with the show more toward working well.

44

00:05:11.760 --> 00:05:18.390

Tom Bullard: it's getting the job done when we got functional, but the good thing is it's almost mark so let's go away.

45

00:05:20.190 --> 00:05:21.000

Tom Bullard: Any question.

46

00:05:23.370 --> 00:05:25.230

Tom Bullard: i'll speak to him okay.

47

00:05:43.980 --> 00:05:46.860

00:05:48.870 --> 00:05:51.900

Parish Village Board: Supervisor, who had no really no.

49

00:05:53.520 --> 00:06:04.560

Parish Village Board: knowledge, no, no now she really hadn't got anything to say about the highway department, except how much money they got as far as the all this other stuff is supposed to be crazy.

50

00:06:05.970 --> 00:06:10.530

Parish Village Board: he's responsible for everything that he's right there shouldn't be that much more effort.

51

00:06:11.940 --> 00:06:15.660

Parish Village Board: that's what i'm saying I got a hunch he said something that one of the guy he's.

52

00:06:16.860 --> 00:06:17.130

Parish Village Board: well.

53

00:06:19.620 --> 00:06:19.980

Tom Bullard: connected.

54

00:06:21.630 --> 00:06:22.410

Tom Bullard: Alright, so.

55

00:06:25.500 --> 00:06:25.890

Tom Bullard: Thank you.

56

00:06:27.870 --> 00:06:28.530

Parish Village Board: Thank you.

57

00:06:30.180 --> 00:06:31.980

Parish Village Board: make a motion we report.

58

00:06:33.870 --> 00:06:41.970

Tom Bullard: Still, looking at the budget from can I sent you the questions that budget questions that we had from our meeting I had a couple questions that need to be answered by the board.

59

00:06:41.970 --> 00:06:51.660

Parish Village Board: So yeah Those are some some that we had from our last meeting and then again we'll be going over the server budget before done wrong.

60

00:06:53.700 --> 00:07:02.010

And then I also had said, the information previously, we got another notice about the CD BG funding which is up for.

61

00:07:03.300 --> 00:07:06.090

public hearing on Monday night he will be with us.

62

00:07:07.830 --> 00:07:28.770

Parish Village Board: Over that and then we had a notice from can air from town today regarding the grinder prompts for 22 pounds 25 grand or stations have one new in the box at the plant and there's no all units are they said we're just gonna buy two.

63

00:07:29.790 --> 00:07:36.420

Parish Village Board: or three overs that can't be rebuilt, and apparently they need to have five record.

64

00:07:40.290 --> 00:07:43.830

Parish Village Board: yeah that's where we had three three new ones and too old to say.

65

00:07:45.510 --> 00:07:45.840

Parish Village Board: Okay.

66

00:07:48.750 --> 00:07:59.820

Parish Village Board: All right, and then I also had the information regarding cyber security from water treatment facility control over that so that's something that we need to be continuing my.

67

00:08:01.500 --> 00:08:03.390

Parish Village Board: plan and you need.

68

00:08:04.500 --> 00:08:05.280

Parish Village Board: Both security.

69

00:08:06.990 --> 00:08:07.590

Security.

70

00:08:10.590 --> 00:08:13.290

Parish Village Board: yeah I didn't have that candy report.

71

00:08:25.980 --> 00:08:27.540

Parish Village Board: him yes.

72

00:08:28.890 --> 00:08:38.610

Parish Village Board: i'll give you my January 2021 reports on i'll just sum it up real quick, we did three new building permits to zoning permits.

73

00:08:39.780 --> 00:08:51.030

Parish Village Board: permits were closed out 16 building inspections were performed at one violation was corrected by Pat dawn will once again be my deputy in 2021.

74

00:08:52.170 --> 00:09:04.680

Parish Village Board: In January, we continue doing our fire safety inspections and coming in February we're doing our other inspections arm and these include the mercantile.

75

00:09:06.360 --> 00:09:15.600

Parish Village Board: and business and other words basically you're working Tyler grocery stores in your businesses are like your law offices and insurance companies.

76

00:09:16.680 --> 00:09:33.990

Parish Village Board: will do them in the spring, and then the fall will do the yearly inspections of the places where people assemble our public assemblies churches this you know the village place so do them in the fall We broke them down into two separate areas to make it easier for everybody.

77

00:09:35.310 --> 00:09:43.980

Parish Village Board: In January and tended to town and village monthly meetings, as well as the planning board I also attended the talents organizational meeting.

78

00:09:44.910 --> 00:09:55.470

Parish Village Board: And in January seven fire safety re inspections were performed with three passing and for failing and one new inspection was completed and that failed.

79

00:09:56.490 --> 00:10:09.570

Parish Village Board: I traveled 35.1 miles During January and the revenues for January building permits brought in \$450 in funding permits were \$50 for a total of 500.

80

00:10:11.010 --> 00:10:12.660

Parish Village Board: Good any questions.

81

00:10:15.510 --> 00:10:19.140

Parish Village Board: nope I think we accept your report is ready.

82

00:10:20.220 --> 00:10:25.650

Parish Village Board: Okay fantastic she made enough money this month to pay to pay you now.

83

00:10:33.930 --> 00:10:34.470

Parish Village Board: Thank you.

84

00:11:10.140 --> 00:11:11.580

Parish Village Board: Other true trustees.

85

00:11:18.990 --> 00:11:26.610

Parish Village Board: As, as you can see from my report, one of the things on my to do list tomorrow is replacing toner in my printer.

86

00:11:28.080 --> 00:11:36.300

Parish Village Board: Her is copy that I gave Jackie was good, with the other ones that are a little bit fans, so I will be doing that, tomorrow, but it's legible.

87

00:11:37.020 --> 00:11:45.360

Parish Village Board: The total Commission offices still operating at a 50% occupancy level less than that actually in a practical sense because they're trying to minimize occupancy but nobody's working full time.

88

00:11:45.900 --> 00:11:56.670

Parish Village Board: out of their homes, if they're not in the watertown office and available to do any work, you need to do the governor is an executive order for authorizing zoom has been extended through February 26.

89

00:11:57.870 --> 00:12:03.060

Parish Village Board: already been talked to the Mayor about doing something on that, next Monday for the village board.

90

00:12:04.920 --> 00:12:12.060

Parish Village Board: State committee on open government held virtual foil which is freedom of information law training on February 11 and recording of that webinar.

91

00:12:12.480 --> 00:12:21.420

Parish Village Board: Is upon their website, a lot of the earlier one which was pretty interesting on open meetings, and that was very yeah that was an eye opening open meetings yep.

92

00:12:22.770 --> 00:12:30.360

Parish Village Board: Good last one we just did as a next one of my list has to do a timer we did a webinar on the employee issues associated with nightmare, I said in.

93

00:12:30.780 --> 00:12:39.540

Parish Village Board: The Mayor and help her with that and computer computer issues afterwards and I thought that was very interesting because basically would have to do it there's there's this growing body of.

94

00:12:40.290 --> 00:12:49.170

Parish Village Board: Law and orders and judicial decisions and advisories and recommendations all having to do with how you treat your.

95

00:12:49.860 --> 00:12:59.220

Parish Village Board: Employees with corporate or having to do with quarantine issues, which is something I wasn't really thinking about much, but there are a quarantine issues coming out with your order to.

96

00:13:00.060 --> 00:13:10.620

Parish Village Board: Know quarantine at home, how does an employer handle that, and this was covered in the summer workshop and it's always good to learn, yes, yes, thank you bye.

97

00:13:12.450 --> 00:13:12.780

Parish Village Board: Now.

98

00:13:13.980 --> 00:13:17.460

Parish Village Board: I can't help i'd be happy to help you with that we can do that.

99

00:13:18.720 --> 00:13:26.490

Parish Village Board: Sometimes the things I help the mayor when sometimes these things don't work as automatic is are supposed to and i'm happy to do it.

100

00:13:28.170 --> 00:13:37.980

Parish Village Board: So Oh, and I should mention some of this involves registry and getting like a user login with nightmare, if you don't already have one.

101

00:13:38.400 --> 00:13:45.390

Parish Village Board: The Mayor can can set you up I think she's the one that has to authorize additional users, but again I can help you with that if you need to add additional people.

102

00:13:45.720 --> 00:13:53.850

Parish Village Board: Because we went with that setting things up to the Mayor so that she could check on it and see what was there, and when when we sat through the.

103

00:13:54.690 --> 00:14:03.450

Parish Village Board: workshop, they said it would be up later, but of course any webinars in London yep immediately, but we went through the process of getting the mayor set up as users, so that.

104

00:14:04.020 --> 00:14:15.750

Parish Village Board: She can check on it later and watch it again if she wanted to, along with other like bonus material reference material and links and so on, they were going to offer, but again didn't have it up right then.

105

00:14:18.660 --> 00:14:27.060

Parish Village Board: I have, as we discussed in the past, I now have for your recommendation for a replacement computer for the mayor, it would be a refurbished.

106

00:14:27.570 --> 00:14:32.160

Parish Village Board: Lenovo from tiger direct and tom's on the session I made reference to you, Tom that.

107

00:14:32.610 --> 00:14:39.750

Parish Village Board: Both Tom and I have had prior experience with tiger direct and we can both as to the quality of their products have been very satisfied.

108

00:14:40.410 --> 00:14:47.370

Parish Village Board: And then under \$160 plus shipping and handling it's less than half the price of a new unit, and it should work for you just as well.

109

00:14:47.970 --> 00:14:57.750

Parish Village Board: I checked into the work with your existing monitoring speakers which saves you some additional money, it does come with a keyboard and a mouse, although your current keyboard and mouse will probably continue.

110

00:14:57.780 --> 00:15:00.120

Parish Village Board: To work just run you can throw the ones in the shop as a.

111

00:15:00.120 --> 00:15:00.540

Spare.

112

00:15:01.980 --> 00:15:05.880

Parish Village Board: i'd be happy to help the mayor with getting this order as additional benefit.

113

00:15:06.420 --> 00:15:16.470

Parish Village Board: You shouldn't be able to get this on net 30 terms, so we can get this on order, and you can before your next village board meeting and here's the information about machine it's really.

114

00:15:16.980 --> 00:15:24.630

Parish Village Board: Pretty pretty powerful machine on the Internet is powerful, is what I have on my desktop that I use day to day, so when those time professional.

115

00:15:25.530 --> 00:15:38.940

Parish Village Board: eight eight gig of Ram it's a one terabyte hard drive it's a pretty it's a really a lot more computer than you need right now, but it all, that also means that it should work for the next several years, so there is happy I make.

116

00:15:39.990 --> 00:15:43.290

Parish Village Board: This deal with a bunch of them talked about take months to make her back the.

117

00:15:44.460 --> 00:15:56.700

Parish Village Board: Last two pages, is the thing we need to go through to set up an account and that's just not a lot of complex information to

get shipped so we to Georgia oh that's right i'm happy to happy to help you and again.

118

00:15:58.110 --> 00:16:11.220

Parish Village Board: Thank you, Tom for reminding me about tiger direct because I haven't dealt with them, recently, but like I said i've had probably decades by now have satisfactory experiences with ordering from the menu that I really, really hard make.

119

00:16:12.540 --> 00:16:12.990

Parish Village Board: sure.

120

00:16:14.160 --> 00:16:21.480

Parish Village Board: i'd have to look that up there in the US, but other than that I would have to go to the website and check what's a first name.

121

00:16:22.020 --> 00:16:25.050

Parish Village Board: refurbished means it's not brand new it might be one that.

122

00:16:25.740 --> 00:16:32.610

Parish Village Board: You can follow to a couple different categories refurbished computers, sometimes they call them refurbish when they're just like manufacturers over homes.

123

00:16:32.940 --> 00:16:41.760

Parish Village Board: They had a model your computer they've had a couple extra and into the model here the changeover they just their mouth to somebody who sells them afterwards.

124

00:16:42.420 --> 00:16:51.030

Parish Village Board: Sometimes refresh or ones that somebody else bought there was something wrong with it, they say back some of the card the card or a new hard drive.

125

00:16:52.200 --> 00:16:59.760

Parish Village Board: updated to pastors be handling they bring they bring it up, make sure that everything they usually have a.

126

00:17:00.720 --> 00:17:10.230

Parish Village Board: Your camera depends on and I did take a look and see what this one is but usually and usually these things that they don't work if they don't work they don't work right out of the box.

127

00:17:11.370 --> 00:17:16.920

Parish Village Board: very seldom have I seen a computer that failed didn't fail within the warranty period.

128

00:17:17.700 --> 00:17:30.630

Parish Village Board: So yeah they basically take it and they go through it fix anything that needs to be fixed sometimes computer to get returns just because people didn't want it and decided now that's not what I liked I wanted to be a little bit more of a machine or whatever so.

129

00:17:32.310 --> 00:17:37.740

Parish Village Board: that's what refurbished means it's not a brand new machine but it's one that's been gone through and verified to be up to spec.

130

00:17:38.430 --> 00:17:43.200

Parish Village Board: And it's supposed to be like new condition so so the keyboard if you got the keyboard.

131

00:17:43.770 --> 00:17:51.390

Parish Village Board: On this case, we really use your keyboard you'd be using the Dell keyboard with Lenovo computer but that's an okay thing they're interchangeable.

132

00:17:51.840 --> 00:18:03.870

Parish Village Board: And the keyboard and mouse they ship with it and very well be a generic mouse and keyboard but, again, that doesn't really matter as long as to working keyboards so that's what that's what refurbished means.

133

00:18:06.180 --> 00:18:19.470

Parish Village Board: I think that's all I have to report on that tonight and so that would give me another reason to go from sitting there with my computer out in order and work through your issue with your final access Jackie made the motion and a second.

134

00:18:22.080 --> 00:18:22.470

Parish Village Board: Very.

135

00:18:23.610 --> 00:18:24.060

Parish Village Board: Good.

136

00:18:25.350 --> 00:18:36.840

Parish Village Board: in touch with you about that Okay, for you go yet some information about security information from boy you're just going to tell you a little bit more about that.

137

00:18:37.770 --> 00:18:46.470

Parish Village Board: Because I am price tag associated with now which might refer back on your heels, and so i'm looking for good other examples of how you can accomplish the same thing.

138

00:18:47.250 --> 00:18:54.900

Parish Village Board: I talked to the Mayor recently about what the town of Western room is doing what they do is, and it would work great for your little gym here.

139

00:18:55.260 --> 00:19:05.190

Parish Village Board: Is it basically have a video doorbell hit the button and there's cameras there, and whoever has the monitor, probably in the clerk's office and see what it is they can talk to it.

140

00:19:05.790 --> 00:19:15.720

Parish Village Board: They can buzz them in to let him after he doing somebody who shouldn't be in or who's making a delivery or something like that they're not to get up well you don't have to wrap on the window to get their attention.

141

00:19:16.170 --> 00:19:22.020

Parish Village Board: And then they don't have to click around and out the door and open a door that you just bust you in.

142

00:19:22.590 --> 00:19:30.390

Parish Village Board: And the the system that West Monroe has also involves a keyless system has keep OPS, and your car I guess.

143

00:19:30.930 --> 00:19:40.110

Parish Village Board: And they're programmable so the one that you get if you have it, and they decided no tomorrow we're not Neil, and they can reprogram it so you can't go in.

144

00:19:40.620 --> 00:19:50.670

Parish Village Board: or they might have it, such that you can only go in certain during certain times because, like I said, the key fobs I can keep using get in the building, but maybe they don't want.

145

00:19:51.270 --> 00:19:58.140

Parish Village Board: midnight, maybe you only want them in between nine and five and and the system keeps a log of everybody who's in.

146

00:19:59.640 --> 00:20:02.160

Parish Village Board: The House is individual and if they decide to.

147

00:20:03.840 --> 00:20:11.730

Parish Village Board: change a little thing yeah sure job now tell me about that side shape I know that's exact shape of US mineral hands, because I know they're small What about Paul.

148

00:20:12.270 --> 00:20:24.600

Parish Village Board: If someone comes and you let them in a look normal But then when they get in there and they really ballistic and well that's The other thing that was when I was looking into to image panic buttons that we're talking about.

149

00:20:25.530 --> 00:20:29.760

Parish Village Board: that's it that's a separate separate subject but, but what the rules are coming into that too.

150

00:20:30.390 --> 00:20:36.240

Parish Village Board: I don't know what's been talking about that I don't know what the price tag is on that and I can tell you I went when I.

151

00:20:36.630 --> 00:20:41.220

Parish Village Board: I saw them when they were putting it in this and I got to find out more about this and they're really happy with it.

152

00:20:41.730 --> 00:20:58.800

Parish Village Board: Right check back with him a little bit later and said how much does this cost it's \$1,000 oh that's why I say, maybe, maybe it's a really good solution, but maybe that's not in your face right now well we're in a we're in our association under budget.

153

00:21:02.460 --> 00:21:09.630

Parish Village Board: found out later, there are other video doorbell types of things that i'm looking for other examples that might be.

154

00:21:10.710 --> 00:21:18.150

Parish Village Board: From there to your pocket on the inspectors are here the panic button was the issue they want us to address the media, then.

155

00:21:18.510 --> 00:21:30.090

Parish Village Board: We can look at something I can I can certainly tell you I don't know if you have a search on the panic button, I can certainly tell you who West Monroe used, and you can check with them and see if they're satisfied, but at least there's a lead of yeah another possible source okay.

156

00:21:31.890 --> 00:21:43.140

Parish Village Board: So yeah here have any other solutions, I know there are other video doorbell sources I just don't know if a lot of bottom or executive what they do, or if you could send them to your to you know.

157

00:21:43.890 --> 00:21:48.180

Parish Village Board: A phone yeah but but, at the very least something like a video doorbell would.

158

00:21:48.750 --> 00:21:56.640

Parish Village Board: ring the bell you can see what was and yeah maybe they would have to get up and go around collection if they determine that are an authorized person.

159

00:21:57.180 --> 00:22:05.670

Parish Village Board: wouldn't get you all those nice smartphone features, but again it's a lot less money, so the big thing right now is, as you do kind of have a bottleneck right now that.

160

00:22:06.630 --> 00:22:12.240

Parish Village Board: When you come to the municipal building you gotta lean over in the knock on window and hopefully there's something in there that here.

161

00:22:13.020 --> 00:22:20.790

Parish Village Board: Tonight I was out in the cold for a couple minutes until genki came along, because I know Kevin and I heard yeah he just walked up the kitchen yeah.

162

00:22:21.540 --> 00:22:26.850

Parish Village Board: Why, I had time to get that computer out older it up and started it up so that was exactly immediate.

163

00:22:27.510 --> 00:22:32.010

Parish Village Board: And I had no verification than anybody knew I was there, so that's why I figured I might as well start.

164

00:22:32.520 --> 00:22:42.300

Parish Village Board: Setting on my computer I didn't know how long it was going to be for all I knew you're all out in this meeting room and make i'm sure that more trustees is going to come along, because this was 630 and I figured.

165

00:22:42.720 --> 00:22:48.360

Parish Village Board: i'm sure not everybody's there yet so some of you let me in eventually and it wasn't it's not a bad night out.

166

00:22:50.160 --> 00:22:52.950

Parish Village Board: i'm not complaining getting cheap let you in about the same time Kevin.

167

00:22:54.750 --> 00:22:55.380

we're looking at.

168

00:22:58.440 --> 00:23:03.600

That as well, probably for the board yeah and then we can add this to our agenda is.

169

00:23:04.800 --> 00:23:11.940

Parish Village Board: To add a number of things that we're trying to figure out which direction we're going to go yeah, thank you for that, and then the integration.

170

00:23:12.960 --> 00:23:24.540

Parish Village Board: Of all I still have it on my to do list to get you connected with somebody from total that was working on the Community group, I think it was on a they were looking for grants where i'm so i'm still looking for any available money for you.

171

00:23:25.620 --> 00:23:25.860

and

172

00:23:27.030 --> 00:23:49.620

Parish Village Board: Not so much a purchase of one, but it was like when you go to in the spelling and then one of the wastewater plant so that's three which everybody, please add layers okay and do possible grants or remember if you're probably George Okay, my friend George George George yeah.

173

00:23:51.480 --> 00:23:58.020

Parish Village Board: Anyway, i'm i'm working on that i'll come up with anything good thanks Okay, thank you, thank you very much.

174

00:24:05.760 --> 00:24:06.660

Parish Village Board: Second emotion.

175

00:24:08.340 --> 00:24:09.270

Gary Thank you.

176

00:24:14.910 --> 00:24:20.790

Parish Village Board: For emergency plan so being done and Jackie now get our heads together and going for that.

177

00:24:21.900 --> 00:24:22.620

Parish Village Board: short order.

178

00:24:23.640 --> 00:24:24.990

Parish Village Board: And Dubai and first today.

179

00:24:26.370 --> 00:24:36.540

Parish Village Board: Not pressing this week, but we'll get to that budget meetings scheduled January 25 ah wonderful another preventing and then i'm wanting our public hearing.

180

00:24:37.920 --> 00:24:44.070

Parish Village Board: and learning our CD big application so, but then on your agenda six o'clock.

181

00:24:45.180 --> 00:24:46.890

Parish Village Board: So all of our budget discussion.

182

00:24:48.450 --> 00:24:49.860

Parish Village Board: All keeping building.

183

00:24:52.080 --> 00:24:52.560

Parish Village Board: here.

184

00:24:53.640 --> 00:24:57.990

Parish Village Board: Find out what's happening here waiting for the chapter looked at.

185

00:25:00.720 --> 00:25:01.950

Parish Village Board: don't think it's been done.

186

00:25:04.800 --> 00:25:06.300

Parish Village Board: Well, I don't know nothing about freezing.

187

00:25:08.760 --> 00:25:11.520

Parish Village Board: cold, he was in just got quarantine.

188

00:25:13.980 --> 00:25:19.950

Parish Village Board: The day that they call it the one that did the other word okay i'll give them a call tomorrow to.

189

00:25:21.690 --> 00:25:22.380

go down and.

190

00:25:26.970 --> 00:25:37.740

Parish Village Board: track status, we will get the trouble paying the bill bill was in the stuff in there right so when you get that shifted back and then the boys are gonna.

191

00:25:38.850 --> 00:25:44.970

Parish Village Board: put that on auction international auction auction the national and.

192

00:25:46.260 --> 00:25:50.790

Parish Village Board: Where is it now kneel down into the right right.

193

00:25:52.290 --> 00:25:54.240

Parish Village Board: yeah so back because.

194

00:25:56.190 --> 00:26:03.690

Parish Village Board: We got to build the date the bill, I mean we authorize building up so once he deserves his check and we can take it down.

195

00:26:06.930 --> 00:26:07.740

Parish Village Board: weight, I think.

196

00:26:09.870 --> 00:26:10.290

Parish Village Board: would be.

197

00:26:12.720 --> 00:26:14.070

Parish Village Board: Great yeah.

198

00:26:27.990 --> 00:26:30.900
Steve Ganetis: evening, good evening any.

199
00:26:31.140 --> 00:26:34.020
Parish Village Board: any headway with our social media Facebook.

200
00:26:34.770 --> 00:26:41.370
Steve Ganetis: nope still have to wait a little bit longer I sent the cease and desist right before our last meeting.

201
00:26:42.540 --> 00:26:58.560
Steve Ganetis: Not quite enough time for me to start progressing you're supposed to wait like 3045 days something like that so nothing new with Facebook, the bigger issue was all very thing with the building access but we went through that mayor so that was our fun.

202
00:27:01.200 --> 00:27:01.950
Well, thank you.

203
00:27:04.350 --> 00:27:07.920
Steve Ganetis: Anything else that we need to ask or Stephen or.

204
00:27:10.800 --> 00:27:12.240
Parish Village Board: Concerns anything.

205
00:27:13.500 --> 00:27:14.310
Parish Village Board: Legal for.

206
00:27:15.690 --> 00:27:17.460
Parish Village Board: The water bottle.

207
00:27:22.290 --> 00:27:26.880
Parish Village Board: Did you get the information regarding on the water situation that I forwarded.

208
00:27:27.930 --> 00:27:30.150
Steve Ganetis: Yes, I did, that the email so.

209
00:27:32.130 --> 00:27:45.660
Steve Ganetis: The issue is whether it's whether it's legal or not, the remedy would be allowing a person who didn't have to vote it's not like it would invalidate the vote or anything like that it's.

210

00:27:49.560 --> 00:28:05.250

Steve Ganetis: Just because it's wrong doesn't mean that it's worth fighting I haven't done this, the full on research of it, yet and i'm happy to do so if you'd like me to just seemed like it was it wouldn't have any effect whatsoever on anything I just kind of seemed a little nitpicky.

211

00:28:09.390 --> 00:28:12.960

Parish Village Board: don't see where that would be illegal, I mean work those taxes.

212

00:28:12.960 --> 00:28:15.180

Parish Village Board: And she told me she gotta have.

213

00:28:15.900 --> 00:28:22.500

Parish Village Board: A driver's license well that's well government still government right.

214

00:28:23.670 --> 00:28:33.390

Steve Ganetis: there's an argument about having picture ID being a issue of disenfranchisement for people who are don't have have as much access to.

215

00:28:33.900 --> 00:28:48.360

Steve Ganetis: finances and things of that nature, so it could be a violation of the voters Rights Act I haven't looked into it just yet, but again, the remedy is most likely just for allowing them to let this person vote versus invalidating everything.

216

00:28:51.630 --> 00:28:59.160

Parish Village Board: use for residents site that's what i'm saying yeah I mean I you know if somebody lives in this village or town.

217

00:29:00.990 --> 00:29:02.520

Parish Village Board: Just over the border.

218

00:29:03.600 --> 00:29:05.760

Parish Village Board: and trying to come into.

219

00:29:07.770 --> 00:29:08.490

Steve Ganetis: A very verified.

220

00:29:09.120 --> 00:29:21.570

Steve Ganetis: They typically verify addresses and things of that nature, you have to provide some sort of evidence that you live here in that you know your name, and you know your address that's usually the check that we do for general voting.

221

00:29:22.350 --> 00:29:33.900

Steve Ganetis: picture ids probably I don't think it's correct my understand it's been a little bit since i've done con la, but I think that it would be a violation of the voters Rights Act as it currently stands.

222

00:29:37.830 --> 00:29:40.710

Parish Village Board: Okay, thank you, thank you.

223

00:29:42.570 --> 00:29:43.980

Nothing else for openness.

224

00:29:46.200 --> 00:29:51.360

And our water project vote town supervisor has it scheduled march 1.

225

00:29:52.530 --> 00:30:04.230

Parish Village Board: And committee members for the Boards de de from the village and then village committee members was Doug and we have.

226

00:30:04.890 --> 00:30:16.440

Parish Village Board: vacancy because the other person is no longer available addresses so we'll need to find someone to fill in that space, you know if someone that wants to serve in that position.

227

00:30:18.120 --> 00:30:19.830

Parish Village Board: I don't have any name offhand some.

228

00:30:20.940 --> 00:30:24.150

Parish Village Board: need to get somebody I don't know you haven't even been called upon.

229

00:30:32.850 --> 00:30:35.490

Parish Village Board: That job will be at the fire department.

230

00:30:39.180 --> 00:30:40.050

Parish Village Board: First of March.

231

00:30:41.370 --> 00:30:42.600

Parish Village Board: Williamson law book.

232

00:30:49.170 --> 00:30:56.700

Parish Village Board: Support contract law for software yeah we are we trying to the.

233

00:31:12.570 --> 00:31:13.080

Parish Village Board: Most.

234

00:31:16.320 --> 00:31:16.830

Parish Village Board: emotion.

235

00:31:18.120 --> 00:31:18.840

Parish Village Board: emotion one.

236

00:31:19.980 --> 00:31:22.980

Parish Village Board: teenagers are you ready the country.

237

00:31:24.240 --> 00:31:26.670

Parish Village Board: How many most you know we knew the country.

238

00:31:29.070 --> 00:31:29.490

Thank you.

239

00:31:45.090 --> 00:31:45.690

Parish Village Board: don't lose it.

240

00:31:49.980 --> 00:31:54.990

Parish Village Board: Oh, none of our facilities inspection we had done a number 30.

241

00:31:56.490 --> 00:32:03.600

Parish Village Board: Security and systems tombstones on talking about with them, Paul regarding security mechanisms.

242

00:32:04.620 --> 00:32:23.130

Parish Village Board: So i'm going hartford boiler we had a two year production completed in February 8 and that's it will be back in two years to actually comes from two years and found a validly inches in need of repair so when they don't come to check out the bank you.

243

00:32:24.240 --> 00:32:25.080

Parish Village Board: will look at our.

244

00:32:26.670 --> 00:32:26.940

Parish Village Board: Look.

245

00:32:27.960 --> 00:32:28.680

Parish Village Board: Around there's.

246

00:32:29.820 --> 00:32:33.870

Parish Village Board: Nothing that can get two birds one stone and maybe get that taken care.

247

00:32:35.880 --> 00:32:49.320

Parish Village Board: basement work we have Mr Iraq working on the basement I think he did the previous work on the record term so he's willing to I know we go work on that and all you do is a bill.

248

00:32:50.490 --> 00:32:56.310

Parish Village Board: Okay, so he's gonna work on the basement flooring as well as the wreckage from expansion.

249

00:32:58.350 --> 00:33:09.210

Parish Village Board: So that'll be a good job and long way to jump it's needed to be done, I don't like now, but it's been pretty simply whenever i've been down there so persevere major improvement.

250

00:33:10.740 --> 00:33:14.040

Parish Village Board: Anything else yeah I have one.

251

00:33:17.220 --> 00:33:21.450

Parish Village Board: We need a, we need to pull out for mowing the.

252

00:33:24.180 --> 00:33:28.020

Parish Village Board: swordplay now without what I was.

253

00:33:29.970 --> 00:33:42.540

Parish Village Board: going to do is somebody going to write it down for me because i'm a terrible and writing oh my God, I have a lawyer, I say all the return twice a week okay.

254

00:33:45.600 --> 00:34:00.540

Parish Village Board: I realized that maybe in August we won't need it twice a week but, but then we don't also we're going to have to put in

there that we needed weed whacking around the fence and they got to do the inside, and the outside.

255

00:34:01.680 --> 00:34:04.530

Parish Village Board: area around the fence and then twice a year.

256

00:34:05.700 --> 00:34:07.650

Parish Village Board: They have to take the.

257

00:34:11.370 --> 00:34:22.140

Parish Village Board: jag and go all the way down to the creek and megan use our tractor for that now we have a tractor down there for morning, do you want to use it.

258

00:34:23.370 --> 00:34:26.340

Parish Village Board: And the other thing that I need.

259

00:34:27.480 --> 00:34:29.040

Parish Village Board: put it in some kind of a word.

260

00:34:33.810 --> 00:34:36.150

Parish Village Board: lawyer can help us with, that is.

261

00:34:38.010 --> 00:34:42.060

Parish Village Board: You want to do it with your more and you want to do with our more how much is gonna cost.

262

00:34:43.860 --> 00:34:44.610

Parish Village Board: per season.

263

00:34:46.890 --> 00:34:53.130

Parish Village Board: Okay, but I don't wanna I don't want what we did last year, every time we turn around they didn't want to do it anymore.

264

00:34:54.330 --> 00:34:54.570

Parish Village Board: So.

265

00:34:56.070 --> 00:34:56.760

Parish Village Board: I don't know who.

266

00:34:57.810 --> 00:35:01.230

Parish Village Board: Who can do the hedgehog anybody knows how to run it.

267

00:35:02.670 --> 00:35:07.710

Parish Village Board: yeah we need something to experience, I mean I know what that looks like so.

268

00:35:08.820 --> 00:35:10.530

Parish Village Board: Basically I call it a try.

269

00:35:15.120 --> 00:35:15.570

Okay.

270

00:35:17.100 --> 00:35:21.690

Parish Village Board: So basically I gotta do it no special skills, you know.

271

00:35:25.980 --> 00:35:27.660

Parish Village Board: can run the hedgehog yeah.

272

00:35:29.970 --> 00:35:31.290

Parish Village Board: You don't have any because.

273

00:35:32.940 --> 00:35:43.800

Parish Village Board: You want to use ours, or do you want to use your own would be that we have different price for using you know, and we need to know, and I would like it to do it.

274

00:35:44.880 --> 00:35:45.570

By.

275

00:35:49.890 --> 00:35:52.020

Parish Village Board: By the by the season.

276

00:35:53.520 --> 00:35:57.870

Parish Village Board: season, sometimes that are longer sometimes your shoulder we go by the season.

277

00:35:58.920 --> 00:36:00.840

Parish Village Board: Instead of by each anymore.

278

00:36:01.980 --> 00:36:02.220

Okay.

279

00:36:03.510 --> 00:36:07.170

Parish Village Board: I don't know how they want to do that and i'm not sure what I think.

280

00:36:08.670 --> 00:36:12.060

Parish Village Board: that's the same as snow plowing he do it by the season or do better, Dr.

281

00:36:14.670 --> 00:36:16.260

Parish Village Board: Well, know that the day going I don't.

282

00:36:17.280 --> 00:36:22.290

Parish Village Board: know I mean commercial yeah you hire somebody to guide for the staging environment by.

283

00:36:23.610 --> 00:36:29.370

Parish Village Board: Rather hire and by the season, the contract sign I don't believe they can get out of it.

284

00:36:30.750 --> 00:36:31.560

Parish Village Board: I might be wrong.

285

00:36:34.650 --> 00:36:35.280

Parish Village Board: These two.

286

00:36:37.170 --> 00:36:37.890

Parish Village Board: words to live.

287

00:36:39.870 --> 00:36:40.470

Steve Ganetis: I am here.

288

00:36:42.270 --> 00:36:42.630

Parish Village Board: Oh.

289

00:36:44.040 --> 00:36:49.530

Parish Village Board: hey if we have somebody sign it by the season, can they walk out in the middle of it.

290

00:36:50.490 --> 00:36:57.000

Steve Ganetis: So that would be a breach of contract it's realm the remedies are pretty simple first you can Sue them for.

291

00:36:57.750 --> 00:37:04.710

Steve Ganetis: The damages So if you were to take it up yourself and just do that you would Sue them for either a pro rata share.

292

00:37:05.070 --> 00:37:23.190

Steve Ganetis: For how much let's say they would you hire them for three months they did it for two years, so them for one third of the amount, you could also hire another company and Sue them for the price difference various ways in which you can go for breach of contract so well litigated.

293

00:37:24.360 --> 00:37:28.350

Steve Ganetis: Plenty of remedies, so if someone were to breach there's all sorts of things we can do.

294

00:37:30.720 --> 00:37:41.550

Parish Village Board: Is there any with the one i'm trying to say is we're redoing a contract for the tour to have a mold in a full season.

295

00:37:42.840 --> 00:37:48.870

Parish Village Board: So there'll be designate, your season what from what to what well, she said.

296

00:37:50.040 --> 00:37:58.230

Parish Village Board: If we have an early season, maybe going from from April, we have a late season when they're not doing it until June.

297

00:37:59.310 --> 00:38:04.680

Parish Village Board: But if I put season in there would echo that part of the.

298

00:38:06.720 --> 00:38:12.240

Steve Ganetis: I think you wouldn't want to just put season, I think you'd want to do like growing season, or something of that nature, because it could be.

299

00:38:12.240 --> 00:38:13.350

Parish Village Board: spraying could be something.

300

00:38:15.030 --> 00:38:23.160

Steve Ganetis: i'd have to look into a similar language that's used i'm sure I could just take a look at a couple landscaping companies and kind of cheat and take a look at their stuff.

301

00:38:24.090 --> 00:38:33.120

Steve Ganetis: But Okay, no need to reinvent the wheel, the lawyers are basically just legalized plagiarism we steal everyone else's stuff and away we go.

302

00:38:37.020 --> 00:38:38.190

Parish Village Board: I do mind by mall.

303

00:38:39.150 --> 00:38:40.230

Parish Village Board: You know you're.

304

00:38:41.400 --> 00:38:48.750

Parish Village Board: Not everybody season, because, especially in the commercial account if you do start early yeah I want to be compensated for.

305

00:38:49.410 --> 00:39:05.400

Parish Village Board: That if we end up and we have a dry August yeah and we don't have them all yeah, then I don't know I mean you have to trust your you know your contractor, not tomorrow and it's dry um but that way you're always paying your contractor what he's worth.

306

00:39:06.600 --> 00:39:18.630

Parish Village Board: And you you're not paying above and beyond what he's worth So if you do season and your season technically is 10 moles or whatever number you come up with, and the only most for why would you meet him.

307

00:39:19.680 --> 00:39:21.210

Parish Village Board: When he's only doing the work for for.

308

00:39:22.410 --> 00:39:30.000

Parish Village Board: And that's just what a commercial account because I mean there's a maximum like I have a maximum of four miles per month.

309

00:39:31.140 --> 00:39:41.580

Parish Village Board: So come June, when the grass is growing like crazy, sometimes it gets a little long but i'm still only Mon four times i'm not going to end up with five times or six times.

310

00:39:42.060 --> 00:39:57.540

Parish Village Board: Because it's a commercial lot nobody's really going to pick it apart, you know somebody that are not something that sent out the product line, looking at the grass, you know, being a little bit too high, so you're guaranteed that for the Max anything under that and then.

311

00:39:58.620 --> 00:40:12.090

Parish Village Board: The charge by the mo Oh, and I get I make sure that that person gets paid once a month to so he's not he's not taken all my money at the beginning of the season and run or maybe where you have to take on the Court.

312

00:40:13.110 --> 00:40:24.180

Parish Village Board: If he works, you know, then you pay him on the work is done every month, and that works out so that he's getting a little bit of money, instead of Orlando Now let me ask you another question, you know.

313

00:40:25.230 --> 00:40:35.250

Parish Village Board: also going to have you in there, they go do these two girls two trips down to the creek Okay, the hedgehog we've got the hedgehog and we have to change it.

314

00:40:36.990 --> 00:40:43.230

Parish Village Board: Now, would you do, would you do something like that, well, we do have to say, well, I can't use your tractor.

315

00:40:45.120 --> 00:41:01.710

Parish Village Board: I wouldn't use somebody else's equipment personally Okay, because my liability my insurance, I have no idea where that you know that edge has been I don't know if it's going to throw something up I don't know anything yeah I mean for me.

316

00:41:05.040 --> 00:41:05.940

which you may.

317

00:41:07.110 --> 00:41:09.420

Parish Village Board: I would advise to do is pay somebody by the hour.

318

00:41:10.710 --> 00:41:13.170

Parish Village Board: so that he can run the equipment you already own.

319

00:41:14.370 --> 00:41:19.830

Parish Village Board: Americans wellman team, not a breaks down now you've got an issue, well, I do know that.

320

00:41:21.210 --> 00:41:32.310

Parish Village Board: One reason people don't want to use that particular tractor we have done or not, the Kabbalah Kabbalah is fine, but that's wrong try to de Vega I don't even know well, we got a.

321

00:41:35.880 --> 00:41:36.810

Parish Village Board: Long garden.

322

00:41:37.920 --> 00:41:43.620

Parish Village Board: Which is I don't know why they thought that to be doing, because I would never about that Oh, when you buy something like that, for my yard.

323

00:41:44.490 --> 00:41:54.390

Parish Village Board: I don't know how big of a line you're looking at I don't know why don't we look we've got a pretty good sign, because you got them all inside and outside of the gate.

324

00:41:56.550 --> 00:41:58.620

Parish Village Board: Once it normally takes somebody to do that.

325

00:41:59.880 --> 00:42:10.080

Parish Village Board: And, once again, it will use your time, or is it take longer than it is somebody coming in with a commercial margin that gives a 72 inch cotton, I can get in there right right.

326

00:42:13.290 --> 00:42:15.390

Parish Village Board: I think, with that one that we were.

327

00:42:16.560 --> 00:42:17.940

Parish Village Board: Talking about two and a half, three hours.

328

00:42:19.110 --> 00:42:22.290

Parish Village Board: samia Sonia 36 inch cut right.

329

00:42:23.430 --> 00:42:26.250

Parish Village Board: Okay, so you can cut out by a third or so.

330

00:42:27.930 --> 00:42:31.950

Parish Village Board: And it depends on how many obstacles like I said, if you know it depends on what you have there.

331

00:42:33.330 --> 00:42:33.930

Parish Village Board: it'll hard.

332

00:42:35.430 --> 00:42:42.720

Parish Village Board: yeah I mean like I said, you can put it out to you got a couple times you gotta go around right you, you can put that out to bid and maybe you can hear somebody.

333

00:42:43.530 --> 00:42:56.640

Parish Village Board: To go do it twice with your own equipment that hedgehog and if if that's what you're looking for well that's that's only because in the shade, we got to keep that one area, all the way down to the creek.

334

00:42:58.650 --> 00:42:59.040

Parish Village Board: mall.

335

00:43:00.180 --> 00:43:19.680

Parish Village Board: To be done every month, no, no, no, that only has to be, I think we get away with that twice a year yeah right Okay, but then they don't want it around the also the insurance company wants to outside the fence okay you ever been done this role playing know what he said.

336

00:43:22.170 --> 00:43:32.190

Parish Village Board: Yes, and that's what i'm saying so you mean it's it's just better well I think Doug Doug was saying something so i'm going to see a once I get this.

337

00:43:32.610 --> 00:43:40.080

Parish Village Board: Once I get a contract pretty right setup i'm going to go to him, because if you did it per mo and then you said i'm going to pay you.

338

00:43:40.950 --> 00:43:52.890

Parish Village Board: \$200 to run our hedgehog to do that twice a year, you can put that in the contract as well, oh okay see what i'm saying so you don't and that way you're guaranteed to get it done twice if that's how you're looking for or no are.

339

00:43:54.690 --> 00:44:02.940

Parish Village Board: We looking to have the whole thing oh inside the outside right the turning right weed whacking know.

340

00:44:04.560 --> 00:44:14.670

Parish Village Board: That somebody could bid that you know all the data well usually people will build in a bit well going down and looking at it and then last year, we have like four or five to.

341

00:44:17.370 --> 00:44:24.030

Parish Village Board: 10 a guy today we're actually about to roll more down and molded the charges 150 bucks for that.

342

00:44:25.050 --> 00:44:25.560

Parish Village Board: And that's.

343

00:44:27.360 --> 00:44:37.890

Parish Village Board: How, you know they brought their own more how many hours did it take one the grass got long did take him for hours, I mean no I don't think he took a dialogue because they had a they had a nice 62 inch.

344

00:44:39.060 --> 00:44:40.110

Right okay.

345

00:44:41.280 --> 00:44:41.520

Now.

346

00:44:42.600 --> 00:44:43.650

Parish Village Board: Once again it's still.

347

00:44:44.700 --> 00:44:56.730

Parish Village Board: I realized last year was hard, because we were doing a lot of work down there right, and so they have a lot of stuff done up, and right now that adds to the mass and that's you know yeah but.

348

00:44:58.740 --> 00:45:12.510

Parish Village Board: For them to have their own machine and ours, we supply it we had issues that we supplied it, and then they were always breaking the blades and they're breaking it and everything else you're better off honestly if you just have a garden tractor like Assad.

349

00:45:14.460 --> 00:45:27.360

Parish Village Board: Scrapping that or whatever you gonna do it i'd pay somebody to go in there and do it because now it's gonna be their insurance they're gonna you know so something goes wrong it's their had a connect your headache when.

350

00:45:29.910 --> 00:45:35.430

Parish Village Board: Everything would be there as it might be a little more expensive than just paying somebody \$14 an hour to do it.

351

00:45:36.090 --> 00:45:42.420

Parish Village Board: Once you get rid of your headaches with your equipment and everything else that way they'll come in with all their weed whacker everything.

352

00:45:43.260 --> 00:45:49.920

Parish Village Board: They will take care of you know you got to pay for them so there's an array of this when I read up this contract.

353

00:45:50.760 --> 00:46:06.930

Parish Village Board: i'm going to put on there you supply your own right it's going to be you want you're going to know it don't even tell me what about me your moment that's your contract you're going to maintain this property to these facts, you know, like I said four times a month Max.

354

00:46:09.180 --> 00:46:12.870

Parish Village Board: Twice you know or as needed but the Max is for you write that in there.

355

00:46:15.900 --> 00:46:17.880

Parish Village Board: Because there are some areas.

356

00:46:18.930 --> 00:46:27.690

Parish Village Board: That actually needs to be weak leg one two weeks because right next to the tanks yeah and you can have a weed whack every every time oh yeah.

357

00:46:28.500 --> 00:46:44.730

Parish Village Board: Look around the things, especially because sometimes that right, and you can also put in there, that you can fire them at any time for their performance Okay, I mean that way you don't have to worry about that seasonal and pay on early you pay them once a month.

358

00:46:45.930 --> 00:46:52.530

Parish Village Board: And like I said Max four times and just write down to the needs, but you can quit that at any time, because you don't like their performance.

359

00:46:55.650 --> 00:46:56.790

Parish Village Board: Okay, thank you.

360

00:47:03.780 --> 00:47:06.810

Parish Village Board: So much attention same position for.

361

00:47:09.870 --> 00:47:10.440

Are we looking at.

362

00:47:14.730 --> 00:47:16.260

Parish Village Board: Oh sorry.

363

00:47:19.860 --> 00:47:20.580

Parish Village Board: You don't need it.

364

00:47:27.720 --> 00:47:32.490

Parish Village Board: Our artists we're going to need to put out our feeds for them and.

365

00:47:33.690 --> 00:47:39.540

Parish Village Board: I guess we just want to go with the previous company or go around and get.

366

00:47:40.890 --> 00:47:43.920

Parish Village Board: You we like working with but we'll see what pricing yes and.

367

00:47:48.360 --> 00:47:49.830

Parish Village Board: If you go with the same company.

368

00:47:50.910 --> 00:47:52.560

Parish Village Board: know what.

369

00:47:53.850 --> 00:47:57.360

Parish Village Board: You know what you know we haven't had done in two years right.

370

00:47:59.310 --> 00:48:04.830

Parish Village Board: Okay, so the previous company if we heard the same company don't have all that information.

371

00:48:06.270 --> 00:48:07.650

Parish Village Board: And they won't have to ask us.

372

00:48:10.740 --> 00:48:15.900

Parish Village Board: The information that they did an article years ago, and this is all the figures, and this is all about.

373

00:48:16.920 --> 00:48:27.150

Parish Village Board: You know these are the next year, so yeah but but, but they have to go back yeah someone would have to go back and see Okay, are they you know.

374

00:48:28.500 --> 00:48:31.620

Parish Village Board: Because it's like balancing your checkbook.

375

00:48:32.940 --> 00:48:35.370

Parish Village Board: Make sure, everything is you know.

376

00:48:36.540 --> 00:48:39.420

Parish Village Board: But you know if they do a play on it.

377

00:48:42.750 --> 00:48:42.990

Parish Village Board: But.

378

00:48:44.730 --> 00:48:47.730

Parish Village Board: You know, sometimes i'm not really opi knows.

379

00:48:50.310 --> 00:48:54.690

Parish Village Board: check that out, I, I know that one we had took forever to get it back to.

380

00:48:56.790 --> 00:49:01.200

Parish Village Board: Work so yeah weapons negative aspect about it, but other than that.

381

00:49:03.750 --> 00:49:09.330

Parish Village Board: All right, anything else for new business so we're making good progress or dates to remember.

382

00:49:11.310 --> 00:49:25.950

Parish Village Board: The one thing or joining meeting nice first or special water boat yeah fire Hall, they love them is our joint board meeting at 7pm here in the building to be in charge of that one.

383

00:49:26.910 --> 00:49:38.580

Parish Village Board: chair that march 16 storage election day from noon to nine and as church and we'll have signs out for that another 117 board meeting.

384

00:49:39.690 --> 00:49:50.550

Parish Village Board: 7pm here and the water meeting and budget meetings as we progress through that and that has to be voted on.

385

00:49:51.750 --> 00:49:59.670

Parish Village Board: presented and voted so we'll have a public hearing on march 17 I should have been on there too, but we haven't reached that point yet.

386

00:50:03.240 --> 00:50:04.590

Parish Village Board: All right, i'm gonna build.

387

00:50:05.790 --> 00:50:14.970

Parish Village Board: General fund authors 130 321 46 and the amount of \$12,801 and 37 seconds baby lotion and we did it.

388

00:50:18.390 --> 00:50:29.910

Parish Village Board: for fun authors 87 to 98 minus \$24,708 and 63 cents make emotional they did.

389

00:50:32.490 --> 00:50:33.540

Parish Village Board: Their favor and.

390

00:50:35.070 --> 00:50:41.160

Parish Village Board: Nothing this or that service and the TNT cons and falters at 3399.

391

00:50:42.630 --> 00:50:47.220

Parish Village Board: To \$2,405 an eight times, make a motion would be there.

392

00:50:48.870 --> 00:50:49.860

Parish Village Board: All right, anything else.

393
