Village of Parish: The only thing that I saw on there was that we had the meeting in the building.

10

00:01:19.800 --> 00:01:26.250  
Village of Parish: We didn't have the meeting, and you know here for that class and they'll resist guys invited you don't leave.

11

00:01:28.260 --> 00:01:32.910

Village of Parish: The building is classified okay well, that was the first time I ever saw the village.

12

00:01:35.220 --> 00:01:35.670

Village of Parish: You.

13

00:01:39.510 --> 00:01:42.600

Village of Parish: Know let's be more observant today.

14

00:01:44.400 --> 00:01:47.940

Village of Parish: anyways I I make emotionally accepted.

15

00:01:55.350 --> 00:01:55.800

Village of Parish: Right.

16

00:01:57.450 --> 00:02:05.670

Village of Parish: Communications anything that's been received, I forwarded to you and then we'll address some of those items as we go through the meeting.

17

00:02:08.130 --> 00:02:21.420

Village of Parish: legislator holtz isn't with a sewer plant can thank you oh before we go any town times, the only one on zoom so far Okay, because Steve was going to join us.

18

00:02:22.470 --> 00:02:24.150

Village of Parish: You may come in later alright can.

19

00:02:25.980 --> 00:02:26.340

Village of Parish: Okay.

20

00:02:29.580 --> 00:02:43.740

Village of Parish: So we got issues with I, and I wish we went out tablet with us, I think you drop by for a little while on Neil yeah and there are there are a couple, especially that one.

21

00:02:45.390 --> 00:02:50.310

Village of Parish: We looked at, we need to cover on there yeah I did not going to cover on it, yet okay.

22

00:02:51.330 --> 00:03:01.530

Village of Parish: we're talking about that tonight so okay right because we got to bring it up yeah so we found six areas that we feel we may have.

23

00:03:03.240 --> 00:03:17.850

Village of Parish: Low coming in through the manhole when it rains the biggest one is probably the one across from what's the name of that new place that's that's that's fix was it the school, no, no, no, I did okay right Okay, then there's.

24

00:03:18.990 --> 00:03:27.420

Village of Parish: A question or this one in the margin there swampy and there may be another one in the Marsh but none of us had on our hip waders and really.

25

00:03:27.870 --> 00:03:39.780

Village of Parish: Like going into there, but certainly that that one that we were at it was after the the large storm and it was pretty high, you can see that had probably gone up in.

26

00:03:40.260 --> 00:03:50.670

Village of Parish: A couple of trees down there you see where the watermark ones, and if you look at the if you look straight across it was definitely higher than the manhole so we have.

27

00:03:51.270 --> 00:04:02.730

Village of Parish: We give me a whole liners, there are about \$125 apiece stiff plastic you put you put them in the manhole you put the CAP back on top of it and it stops water from getting in.

28

00:04:03.270 --> 00:04:11.820

Village of Parish: And i've got some goes inside it goes inside oh I probably else I don't know goes inside the cover goes right on top and holds it down.

29

00:04:12.870 --> 00:04:26.250

Village of Parish: And so we see about we identified about six areas where we think we could use that so like I said about \$125 apiece so 7600 and almost.

30

00:04:27.300 --> 00:04:34.650

Village of Parish: feels under the live, then it just yeah just goes underneath the lead it's nothing you don't have to do anything other than pick the lit up put it on put the lid back down.

31

00:04:35.160 --> 00:04:42.390

Village of Parish: staring at it stops stops the flow, so I would suggest the village purchase six to those and we'll put them in.

32

00:04:42.900 --> 00:04:53.940

Village of Parish: And I think I actually have since on the shelf at the warehouse because you know they're plastic their plans they're easy, but I make a motion we do that, yes, we need to have that.

33

00:04:54.510 --> 00:05:04.950

Village of Parish: possibility to solve that problem yeah so we'll get that and we'll put those in those six that were identified and hopefully that'll give us a little relief, because, as you can see.

34

00:05:05.880 --> 00:05:14.310

Village of Parish: We we had in one day 370,000 gallons of the plan well during one one event that one event in July, it was either.

35

00:05:15.570 --> 00:05:16.650

Village of Parish: i'm sorry August.

36

00:05:19.020 --> 00:05:20.370

Village of Parish: Right so.

37

00:05:21.480 --> 00:05:34.710

Village of Parish: So that's a pretty you know significant amount of water from what you're used to doing really we usually don't dry weather close to about 23,000 gallons a day and then for 375.

38

00:05:36.390 --> 00:05:45.390

Village of Parish: Your plate doesn't like it so and when you get that that much water you can't hold the salads and so, then we end up every single salads violations.

39

00:05:46.470 --> 00:05:49.440

Village of Parish: um there were no call us the month of August.

40

00:05:52.110 --> 00:06:01.200

Village of Parish: Then one of the other things we're doing and will probably send some stuff the stuff for next budget, the next budget that this will work done that, within the next budget.

41

00:06:01.980 --> 00:06:12.750

Village of Parish: So um, you know as we grow the company some of the things as you get larger you've got start really paying more attention to seek the safety standards in the ocean all of that good stuff.

42

00:06:13.230 --> 00:06:23.910

Village of Parish: So I now have on staff, a safety expert and so we're starting to safety audits and he's going around all the facilities and so then they'll be an audit.

43

00:06:24.330 --> 00:06:30.450

Village of Parish: And then, with that audit will come suggestions for things that the the should be put into the plant or change the planter.

44

00:06:31.290 --> 00:06:39.150

Village of Parish: Whatever it is so Is that why you know that from the fire department so put in security cameras and stuff yeah stuff like that.

45

00:06:39.630 --> 00:06:49.890

Village of Parish: So so he'll be making recommendations and then we'll be bringing those recommendations to the board, and then you know if we've got the money great if not both we've got it, we can face it into budgets in the future.

46

00:06:52.680 --> 00:06:59.790

Village of Parish: and part of that, as you can just see where our SDS folder cleaned up and up to date for our safety audit so.

47

00:07:01.770 --> 00:07:08.760

Village of Parish: part of what we have to do is any chemical or anything that's outside we've got to make sure that we've got all up to date safety data sheets and all that good stuff and so.

48

00:07:08.970 --> 00:07:16.080

Village of Parish: he's gone through pretty much on a quarterly basis of all the plants, making sure that everything is up to snuff but it's always been kept up to date.

49

00:07:17.460 --> 00:07:18.900

Village of Parish: not as good as it should have been.

50

00:07:21.240 --> 00:07:26.850

Village of Parish: it's one of those things when you're operating a plan to the awkward is you know, every time you get new chemical.

51

00:07:29.640 --> 00:07:40.530

Village of Parish: paperwork ready for work, and you know, have been as good as they should have been so he said he will be full time employee that's his job go around all of our plans, making sure all that's getting that.

52

00:07:42.300 --> 00:07:46.710

Village of Parish: see what did some work on the Left station this month i'm not exactly sure what of times there you fill us in.

53

00:07:48.030 --> 00:07:51.420

Village of Parish: We did prepare the skin arm drive with new input nucleus oil on it.

54

00:07:53.640 --> 00:08:03.450

Village of Parish: yeah oh yeah Okay, so why don't we so you, you told me when we were down Oh, I might have told you what we've done at the plant yes.

55

00:08:04.860 --> 00:08:08.550

Village of Parish: We you know the brighter pump at 59 like every street.

56

00:08:10.080 --> 00:08:12.330

Village of Parish: And then everything else pretty much what we do all the time.

57

00:08:13.410 --> 00:08:17.610

Village of Parish: So you think that quick education out there with your guys's little field trip.

58

00:08:18.690 --> 00:08:24.960

Village of Parish: Actually, he did, and then you know that's The other thing is now my my industrial for treatment.

59

00:08:26.130 --> 00:08:38.790

Village of Parish: person, it was on vacation he's back from vacation and then i'm going to work for him to see if we can get into the school school and the cyber free spirits yeah.

60

00:08:39.960 --> 00:08:45.480

Village of Parish: i'm going to let him take the lead on that because he's very, very good at it, you.

61

00:08:47.070 --> 00:08:58.800

Village of Parish: Know jaan jaan jaan mcgrath who is he does IPP program he's my he's my guy that does all of our additional pretreatment OK OK work, his way in there.

62

00:08:59.370 --> 00:09:10.260

Village of Parish: He knows what to say Okay, because it goes our time with the board, no, no, no, no, but Tom Tom Tom what with us and popped up in the manholes and all that stuff and he's learned a lot.

63

00:09:10.950 --> 00:09:20.700

Village of Parish: that's good it was good for him to be there and see what's happening here, you said it's six six manholes that you're getting lives for now how many do we have.

64

00:09:21.240 --> 00:09:32.700

Village of Parish: A lot more there's a lot more so, these are the six that are most concerned yeah we identified and we're out there popping lives with Tom we're like Okay, the six others seem to be okay at the present time.

65

00:09:33.480 --> 00:09:40.260

Village of Parish: We only got through a small second so with those were the ones that we will we talked about we figure out where the hottest spots.

66

00:09:40.770 --> 00:09:50.790

Village of Parish: So let's start there and see what we get and and then we'll we'll keep going on and we'll just you know, keep working it and see if we find that the others okay right.

67

00:09:52.110 --> 00:09:57.150

Village of Parish: we're supposed to be going on for my analysis, I think it is very, very paved over.

68

00:09:58.500 --> 00:09:59.130

Village of Parish: The questions.

69

00:10:00.540 --> 00:10:02.700

Village of Parish: Did that gets sorted out with see where it's.

70

00:10:04.290 --> 00:10:05.100

Village of Parish: Just we didn't get.

13155323188: Total that we know but.

Tom Bullard: The word actually when she were contacted me I explained to them that there's no don't don't ask me for the billing send it right to apple.

79  
00:10:41.670 --> 00:10:43.500  
Village of Parish: Okay you're not gonna sound check.

80  
00:10:45.750 --> 00:10:47.070  
Tom Bullard: I did, but a bounce.

81  
00:10:51.660 --> 00:10:58.920  
Village of Parish: You get a copy of the letter that we've sent out I did, yes, I made the corrections and tried to stress.

82  
00:10:59.970 --> 00:11:01.980  
Village of Parish: You talk to the engineer.

83  
00:11:03.480 --> 00:11:14.850

Village of Parish: You know whether or not we're going to fix that other tank we're still waiting on I don't know where, if you heard from Ian at all if USD has made an offer, yet.

Village of Parish: them.

87

00:11:41.610 --> 00:11:42.180

Village of Parish: it's pretty.

95

00:12:18.330 --> 00:12:33.930

96

00:12:35.100 --> 00:12:40.830

97

00:12:41.850 --> 00:12:55.110  
Village of Parish: I talked to him or herself and she was going to do a couple of look at a couple more things she wanted to understand woven the projects and stuff so I went through that with her so she should be getting back with you okay good.

98

00:12:56.250 --> 00:13:09.900  
Village of Parish: And we're allowed to put this whole lump sum into this project, so the the thing, she said to me don't you want to make sure we're clear on we can't spend, we can reimburse.

99

00:13:10.320 --> 00:13:28.410  
Village of Parish: We can only spend new money, so I said Okay, so we can clear i'm not clear on that we can't we can't be for anything we've already done, but we can anything new, we need, we can go ahead and put effective date as of the time this money came out or when do we start this record of.

100

00:13:29.520 --> 00:13:44.460  
Village of Parish: Okay, that I see when you when the money came out okay yeah so we can so we get we got the money August 1 anything from August 1 was okay yeah anything after I think before can be applied okay yeah that sounds.

101

00:13:45.600 --> 00:13:46.020  
Village of Parish: Wonderful.

102

00:13:48.150 --> 00:13:51.180  
Village of Parish: But, but we do have that one report that's got to be done.

103

00:13:52.590 --> 00:14:05.790

Village of Parish: And I asked her if she'd be able to put that together for it she's just do that won't be a problem, so reach out to you alright That report was for us to report, we have to, we have to put in a since we haven't used any of the money that.

Village of Parish: that's up and running okay yeah just the one that by October 31 yeah.

105

00:14:15.570 --> 00:14:16.200

Village of Parish: weeks away.

106

109

00:14:41.460 --> 00:14:42.180

Village of Parish: area.

111

00:14:47.880 --> 00:14:48.990

Village of Parish: Where we didn't have a second.

112

00:14:52.650 --> 00:14:58.050

Village of Parish: Payment to that those we definitely need, because that would that the person in the first one look like.

113

00:14:59.430 --> 00:15:07.170

Village of Parish: There was make one to also we're talking about it, we might want a biggie small trench from there over to the.

114

116

00:15:18.750 --> 00:15:30.420

Village of Parish: And I mean because accounting can help you dig a little trench so it yeah well this back it's good to go in there isn't there a lot of water out behind inducements and along the school.

117

00:15:31.440 --> 00:15:34.650

Village of Parish: Air behind the fear part got kind of a swampy area.

118

00:15:36.300 --> 00:15:38.220

Village of Parish: that's right a bad side of the rule yeah.

119

00:15:39.840 --> 00:15:45.150

Village of Parish: But, but that that area to has another manhole that we were going to align also.

120

00:15:46.260 --> 00:15:46.890

126

00:16:26.160 --> 00:16:27.840

13155323188: Their fire safety violations.

127

Village of Parish: And 60 cents and I traveled to 72.9 miles in the month of August.

129

00:16:55.380 --> 00:16:56.220

Village of Parish: As my report.

130

00:16:57.390 --> 00:16:58.170

Village of Parish: Any questions.

131

00:17:10.140 --> 00:17:16.230

Village of Parish: who's demoing anybody in the village or town, this one was.

132

00:17:24.690 --> 00:17:27.240

Village of Parish: freestyle canfield road okay.

133

00:17:32.280 --> 00:17:32.760

Village of Parish: Okay.

134

00:17:36.750 --> 00:17:37.500

Village of Parish: All right, good.

135

00:17:38.700 --> 00:17:38.970

Village of Parish: night.

136

00:17:40.050 --> 00:17:40.560

Village of Parish: Take care.

137

00:17:43.350 --> 00:17:43.800

Village of Parish: All right.

138

00:18:02.220 --> 00:18:03.090

Village of Parish: Because I was.

139

00:18:04.110 --> 00:18:04.950

Village of Parish: recently.

140

00:18:06.120 --> 00:18:11.670

Village of Parish: Recently, have the opportunity to get some giveaway friends on the State fair.

141

00:18:13.080 --> 00:18:15.420

Village of Parish: And I was gonna drop down the fire department.

142

00:18:18.840 --> 00:18:21.090

Village of Parish: I can tell you in just a minute who else has come and.

143

00:18:25.380 --> 00:18:27.000

Village of Parish: gone through the gauntlet there.

144

00:18:29.700 --> 00:18:38.430

Village of Parish: started as an additional people, although I don't know it's really identify them what is it Michael just as Michael I don't know.

145

00:18:40.020 --> 00:18:47.160

Village of Parish: And the other one is a parish a phone number which could be Steve but again said anything yet.

146

00:18:48.990 --> 00:18:50.640

Village of Parish: It make more yes.

147

00:18:51.150 --> 00:18:55.500

Village of Parish: Stephen do they're all good I still get the.

148

00:18:55.740 --> 00:18:57.960

Stephen Ganetis: Internet link to work, so I just called in my phone.

149

00:18:58.560 --> 00:18:59.310

Stephen Ganetis: All right, good.

150

00:19:01.890 --> 00:19:06.120

Village of Parish: luck, my report tonight, as you probably heard the governor signed legislation.

151

00:19:06.120 --> 00:19:11.430

Village of Parish: Which reestablish the municipalities adultery during the pandemic municipal meetings via zoom.

152

00:19:12.300 --> 00:19:19.620

Village of Parish: Unlike the previous establishing have this ability pursuant to executive orders which for inventory, I need is smooth and established by State law.

153

00:19:19.950 --> 00:19:30.570

Village of Parish: And it runs through January 15 and I would just sit in Albany they'll be taking up the subject on a more permanent solution that they have at least a longer term solution than doing it several weeks, at a time as.

154

00:19:31.020 --> 00:19:34.500

Village of Parish: They had been doing previously under the state of emergency and executive works.

155

00:19:35.880 --> 00:19:46.860

Village of Parish: there's been no changing the status of the local government conference for 2022 in establishing rotation on that are still giving options and we're basing that on the feedback from the survey about the conference.

156

00:19:47.970 --> 00:19:49.170

Village of Parish: who participated in that.

157

00:19:50.370 --> 00:20:01.050

Village of Parish: The Commission will have its annual dinner on Thursday October 14 so starting at 530 until waterline all part of \$45 per person with a cash bar and pre registration is required.

158

00:20:01.470 --> 00:20:15.090

Village of Parish: And I have excavation station or anybody who might be interested in attending it went out to the I think the mayor and the Clerk and probably some other people, maybe longer term and so on, but anybody who's interested, we can i'm pretty sure we'll be able to accommodate.

159

00:20:17.190 --> 00:20:21.000

Village of Parish: So i've got copies of the invitation, excuse me if you have any.

160

00:20:22.920 --> 00:20:30.750

Village of Parish: Last month we were talking about the status of the battery backup units on build computers I don't think the mayor's has one and I thought this point.

161

00:20:31.380 --> 00:20:41.400

Village of Parish: Probably good to evaluate the other computers in the village, to see if they have them and how old they are and they're still working and we checked out one the village Christian Peter today and.

162

00:20:42.570 --> 00:20:46.800

Village of Parish: They told me that one of our does go on it doesn't last for long, so it probably needs to have your face.

163

00:20:48.630 --> 00:20:53.730

Village of Parish: And I checked the ups on kevin's computer as well and that one should be replaced as well.

164

00:20:55.140 --> 00:21:02.700

Village of Parish: The only other one that I don't know about is you want to be wastewater treatment plant I seem to recall it when I set up the computer replacements their last time.

165

00:21:03.240 --> 00:21:11.670

Village of Parish: They are only connected to a power strip not to a battery backup so I want to verify that before I ordered them one but i'm going to guess you probably need one for for them as well.

166

00:21:12.150 --> 00:21:22.680

Village of Parish: And those costs under dollars per unit and should last several years there may be shipping out that that I, my research that late enough that I didn't get an answer back on that yet.

167

00:21:23.310 --> 00:21:33.750

Village of Parish: But that's about what we're talking about and we still has to get one additional ones i'm campaigning for the lunch search computer so for that we already have, if you go back.

168

00:21:35.640 --> 00:21:43.890

Village of Parish: Oh yeah yeah little webcams like these here they're not terribly expensive want to mention that that is still pending orders.

169

00:21:46.950 --> 00:22:05.640

Village of Parish: The color laser multifunction printers so on for them Eric first she's in service, right now, because he's connected to an older monochrome laser copier printer fax machine, but we did want to upgrade or when the newer unit is available on the list for that.

170

00:22:06.810 --> 00:22:08.040

Village of Parish: Oh, I guess i'd like you to.

171

00:22:09.180 --> 00:22:12.660

Village of Parish: Consider approving he going ahead ordering a.

172

00:22:13.890 --> 00:22:14.490

Village of Parish: Battery backup.

173

00:22:16.020 --> 00:22:18.000

Village of Parish: I make a motion that we order.

174

00:22:19.860 --> 00:22:22.920

Village of Parish: Before I will say for ya know second.

175

00:22:25.800 --> 00:22:27.030

Village of Parish: favorite man i'm sure.

176

00:22:28.860 --> 00:22:38.820

Village of Parish: And then the last thing I had was, in addition to our team website updates with things like minutes and posting the drink meeting recording some songs that are on the village website.

177

00:22:39.510 --> 00:22:49.290

Village of Parish: At the villages request I posted several items had to do with proper disposal items that would harm the wastewater treatment system, and I have already got some comments here tonight on how graphic it was.

178

00:22:51.060 --> 00:22:56.040

Village of Parish: And then information about the reason coven vaccination clinic because when when.

179

00:22:59.340 --> 00:23:00.060

Village of Parish: that's all I.

180

00:23:01.560 --> 00:23:14.730

Village of Parish: have successful with it, I heard they had a good crowd there, I was up yeah i'll be in town board meeting last night and one of the kind of legislators was their reporting on that apparently they had a good pretty good.

181

00:23:15.990 --> 00:23:23.250

Village of Parish: So we just wash out was again they were given the visor shop okay.

182

00:23:24.630 --> 00:23:36.060

Village of Parish: Well, I guess what they did, which was kind of interesting is everybody shot last night immediately made a follow up appointment for their their second child also the beginning in williamstown so.

183

00:23:38.100 --> 00:23:45.090

Village of Parish: Well then, I make emotionally except both report, you want to ask them a couple classes per week we're looking to get.

184

00:23:46.260 --> 00:23:48.900

Village of Parish: More that everyone is offering more grant money.

185

00:23:50.190 --> 00:23:52.290

Village of Parish: To do anything like that, for us, and.

186

00:23:53.790 --> 00:23:57.570

Village of Parish: we're looking to maybe upgrade or get some repairs done to the gym.

187

00:23:58.860 --> 00:24:12.450

Village of Parish: Well, is where you're interested that we can certainly talk to you and we don't know any possibilities just knowing that you want to do that, yes, every night he's just on the outlook for when they're saying long they were they were to.

188

00:24:13.650 --> 00:24:15.360

Village of Parish: Someone email me and say well.

189

00:24:17.310 --> 00:24:20.790

Village of Parish: They got they got big money down and one of the towns and i'm talking to Tony.

190

00:24:21.420 --> 00:24:32.640

Village of Parish: for something else, now has a paper on that on grants preparedness that you might be interested in taking a look at I can get you a copy of that Okay, but the big thing there is if you're going after grants.

191

00:24:33.600 --> 00:24:42.570

Village of Parish: there's a couple key elements, one is where you get money from the second element is where you plan on doing with the money and how much is it going to cost because.

192

00:24:42.990 --> 00:24:50.490

Village of Parish: You can you know I don't know how many times i've been to a meeting in the Community accountability says well we're interested in grants and I asked him.

193

00:24:51.150 --> 00:24:59.370

Village of Parish: What do you have in mind and do whatever we can get the money for that's too vague, to be very helpful you really have to have an idea.

194

00:24:59.730 --> 00:25:04.470

Village of Parish: What do you want to do with granted we're going to get it and how much we're going to cost because we got.

195

00:25:05.010 --> 00:25:10.170

Village of Parish: Somebody might say, well we've got grant money, but you need to know how much it has to work.

196

00:25:10.440 --> 00:25:20.670

Village of Parish: And know whether the you're asking lines up with what it is they're ready to do, believe it or not, sometimes you might say, well, we need \$10,000 to improve the gym.

197

00:25:21.030 --> 00:25:30.270

Village of Parish: And they'd say well we're looking to give out \$50,000 we're not interested in doing \$10,000 grants different programs have different eligibility targets so.

198

00:25:30.660 --> 00:25:38.490

Village of Parish: You really want to have an idea in advance on the opportunity, how much you're talking about because the sad thing is.

199

00:25:39.030 --> 00:25:45.000

Village of Parish: A lot of grass and trees when they're announced there's a fairly short window between when you hear about it when you get your application.

200

00:25:45.450 --> 00:25:52.890

Village of Parish: And if you don't already know all those things it's probably too late for him for that you might get into it you're from out there is a year from now, but.

201

00:25:53.370 --> 00:26:02.250

Village of Parish: You won't make that grant cycle, they announced tomorrow for moving from village gem you'd really be scrambling to try to get an education and how do we.

202

00:26:02.730 --> 00:26:18.600

Village of Parish: find what it would cost to do the gym you would have to give you need an estimate first before we make an application, I do need to develop estimates in it and it might be something that in some cases, you might need to pay for studies or painter Okay, sir.

203

00:26:19.980 --> 00:26:26.730

Village of Parish: hey for engineers I don't know exactly what it is you're looking for me and maybe paying for engineers to do a reporter.

204

00:26:28.140 --> 00:26:39.120

Village of Parish: Another another tried and true is, if you haven't had you what you're looking to do it's always a good idea to be in touch with your state legislators, or something and Senator.

205

00:26:39.600 --> 00:26:49.440

Village of Parish: Let them know what your needs are, and this is a good time of year to be mentioned in that so then because before long they're going to be working on the next fiscal year budget.

206

00:26:50.490 --> 00:26:51.000

Village of Parish: So that.

207

00:26:52.530 --> 00:27:01.620

Village of Parish: starts on April 1 but while before that, and the governor is putting out her budget in January and before she puts it out in January.

208

00:27:02.250 --> 00:27:12.540

Village of Parish: you've got things feeding into it from you know September, October November, so this is really a good time to renew your discussions and even if you've asked before and didn't get it.

209

00:27:13.350 --> 00:27:22.050

Village of Parish: It doesn't hurt to ask again because it keeps you current in their mind that maybe they weren't able to help you last year or the year before that, but.

210

00:27:22.380 --> 00:27:34.440

Village of Parish: This year, might be different any circumstances whatever so it would probably would be a good idea files needs put some price tags to them if you can and get in touch with your state legislators.

211

00:27:36.420 --> 00:27:37.890

Village of Parish: Thank you.

212

00:27:40.200 --> 00:27:41.550

Village of Parish: Alright motion that way.

213

00:27:45.990 --> 00:27:46.530

Village of Parish: Right.

214

00:27:49.350 --> 00:27:54.090

Village of Parish: Kevin did you want to interject something here, are you ready for me, I can do that now.

215

00:27:57.960 --> 00:28:08.220

Village of Parish: listings a minor housekeeping the I very seldom asked for this at this time of year but i'm not because it's a concern is just he Murphy and her.

216

00:28:09.540 --> 00:28:29.310

Village of Parish: Up to saratoga springs there was not enough money and trustee contractual to curry expensive that build is only 135 left her bills 389 so i'm asking permission to move \$389 from our contingency fund a 1994 up to the trustee contract with 1010 for.

217

00:28:31.470 --> 00:28:33.570

Village of Parish: emotion emotion that we do there.

218

00:28:36.930 --> 00:28:39.000

Village of Parish: A second yeah Thank you.

219

00:28:40.620 --> 00:28:45.900

Village of Parish: The second get written for them out, but then all of this in your journal entry in the car but.

220

00:28:46.500 --> 00:28:54.870

Village of Parish: It won't hit the account until I download and share with me in October for the month of September Okay, thank you for that and we don't very often.

221

00:28:55.380 --> 00:29:07.710

Village of Parish: Have that problem and know nikon has she has to be big dollars know that even don't just use the first time first time attendee struggle with shoved over there yeah which is fine.

222

00:29:09.240 --> 00:29:11.190

Village of Parish: Okay, and as I alluded to, when I was.

223

00:29:12.480 --> 00:29:25.770

Village of Parish: Ken was having discussion i've been in or USD or district title usda rv out and marcy is when sending me email things.

224

00:29:26.790 --> 00:29:32.040

Village of Parish: And I responded to my like I was like I was here last month I responded to one, and she fired back at.

225

00:29:35.370 --> 00:29:39.840

Village of Parish: The pace that i'm showing up front, so it says Cobra yes it is.

226

00:29:41.430 --> 00:29:51.570

Village of Parish: My question was can we use our funds for the project, he said he ever can she's got down there are amounts of Irish I have subsequently recycler engine indicated.

227

00:29:52.050 --> 00:30:13.740

Village of Parish: I have subsequently responded to this page by sending her the general and sewer budgets which I had saved on my computer as a PDF and I had also sent her a copy of a PDF copy of the 2024 he ending 2021 a huge deep so she got that stuff no response back from her yet so.

228

00:30:15.360 --> 00:30:27.480

Village of Parish: I also informed that receive the additional allocation of 89 total allocation of 170 808 of which we have already received or at 904 sorry indicate that to her so, then the next.

229

00:30:29.220 --> 00:30:40.590

Village of Parish: But, as you can see, this responses, based on my response to her of the July 31 balance sheet she requested so as you can see she's doing her calculation and.

230

00:30:42.540 --> 00:30:46.770

Village of Parish: You had correspondence in July or did you get an August 31.

231

00:30:49.980 --> 00:30:51.960

Village of Parish: I sent her stuff in.

232

00:30:53.160 --> 00:31:02.280

Village of Parish: July okay we're actually all August Okay, because she was asking for the July balance sheet, which would not have been a jelly generating so August.

233

00:31:05.160 --> 00:31:05.580

Village of Parish: i'm.

234

00:31:06.630 --> 00:31:10.920

Village of Parish: Going Okay, so, as you can see she's doing her calculations.

235

00:31:12.060 --> 00:31:14.550

Village of Parish: The point that I wanted to bring up to you.

236

00:31:15.900 --> 00:31:20.430

Village of Parish: People ladies included I use guys, but I decided not to use it so.

237

00:31:21.930 --> 00:31:23.370

Village of Parish: Ladies and kneeling.

238

00:31:29.400 --> 00:31:38.460

Village of Parish: For the she's she's concerned, we have excess cash which doesn't like to keep that access, keeping in our bank account, however.

239

00:31:40.170 --> 00:31:53.820

Village of Parish: She jumped down to her like maybe one or two they were sent out for us a bomb your page, I will need a letter from the village that details what those are many funds in the sewer and general funds will be used for otherwise those funds will need to put in the project.

240

00:31:54.840 --> 00:31:56.610

Village of Parish: So that would be up to you guys.

241

00:31:58.140 --> 00:32:11.460

Village of Parish: To decide how much you want to put into this project from your excess cash because I don't want to I don't want to strip us down to where we're just relying on right, yes, you were coming in and Texas coming in don't worry right.

242

00:32:12.510 --> 00:32:20.310

Village of Parish: So, have we do have some of the allocated a little right right, but we can actually this discussion you guys just had.

243

00:32:21.840 --> 00:32:26.100

Village of Parish: kind of gives some of the answer that can put in that letter, now the good part is.

244

00:32:27.420 --> 00:32:37.620

Village of Parish: Here we go, this is the first time i've got to see it, I am not the town supervisors response but However, I did cover comptroller's office I got an answer this afternoon.

245

00:32:38.700 --> 00:32:42.570

Village of Parish: definite answer, maybe, yes, no yes i'm.

246

00:32:44.220 --> 00:32:49.680

Village of Parish: The way that returned my call this is probably about 430 So when I was, I saw the numbers, I was expecting a call.

247

00:32:51.600 --> 00:33:04.140

Village of Parish: I asked her describe the situation, she said, is the sewer the same tax base as the ability to go yes it's the village, we have those fun goes general village sewer.

248

00:33:04.590 --> 00:33:15.000

Village of Parish: She said, is the same tax, but she said yes, she said, as I said, there was always my understanding that general fund could not be used to deal with the sewer.

249

00:33:15.630 --> 00:33:21.180

Village of Parish: We used to do that at one time, because as soon as always short of money that Mr would have to refund a general before the fiscal year.

250

00:33:22.350 --> 00:33:28.290

Village of Parish: And then we got into where we are now we're in things going on one fiscal year living on right well um.

251

00:33:28.860 --> 00:33:39.840

Village of Parish: She said because it's the same text based in this situation, yes, you can use your general funds to put towards a project so.

252

00:33:40.710 --> 00:33:55.170

Village of Parish: That is part of the board's decision, how much they want to take from general fund quick towards this project, commerce, they want to take out of the sewer i'll say savings and sorrow at this project, in addition to our arc of funds and the funding, we had already set up for him.

253

00:33:57.030 --> 00:33:58.080

Village of Parish: I think that's going to.

254

00:33:59.190 --> 00:34:02.430

Village of Parish: be based on what you think.

255

00:34:04.560 --> 00:34:15.960

Village of Parish: and be comfortable with taking money out right without hurting us to right okay right, I think you are recommend what you think.

256

00:34:16.860 --> 00:34:31.290

Village of Parish: Is it coming from general yes into the sewer yeah typically towards this project and we already have some in the store, they can be applied toward that project right and we don't want to deplete that account either.

257

00:34:33.120 --> 00:34:36.270

Village of Parish: The sewer savings that would be going to help because that's where our.

258

00:34:36.690 --> 00:34:51.720

Village of Parish: inbound service go to sin collect interest and I transferred quarter we to take a month ago, so like Neil said, we

probably, we need a wise recommendation from you in order to base our decisions on I mean we could say go.

259

00:34:52.740 --> 00:35:07.980

Village of Parish: Otherwise, so probably numbers from you as to what sounds good, and makes it feasible for us to still function and yet so put some into there now, the more we put in does that affects.

260

00:35:08.610 --> 00:35:25.320

Village of Parish: The decision from these other companies are the angles, that are going to be giving us grants correct, I mean it the better we, the more we put in the book Yes, this is this is for a grant not hip not a long, not a cpt va right.

261

00:35:26.340 --> 00:35:26.670

This is.

262

00:35:27.960 --> 00:35:30.390

Village of Parish: That was my question, this is for a grant.

263

00:35:31.410 --> 00:35:38.850

Village of Parish: I think that we're looking at, but we can apply it anywhere whatever is recommended to okay um.

264

00:35:40.110 --> 00:35:43.560

Village of Parish: So this cup so again now, my answer back is going to be.

265

00:35:44.640 --> 00:35:50.640

Village of Parish: kind of what can discuss with the sewer so Okay, I know we're rehabbing stuff at the plane okay.

266

00:35:50.940 --> 00:36:00.090

Village of Parish: Is there something else out in the i'll say the field, the man bowls of the grander pump stations, the big pump stations that we should be using some of the or heck even.

267

00:36:00.930 --> 00:36:06.870

Village of Parish: We even God forbid at that one of those transmission pipes and he was out and you have to replace it.

268

00:36:07.800 --> 00:36:15.330

Village of Parish: Now we want that to happen yeah well that's what we that's what we need, we need to tell her now whether we're saving X number of thousands for.

269

00:36:15.840 --> 00:36:30.090

Village of Parish: anticipated okay emergency, such as this is that's where you come in and tell us that this is what we need, what you would be a wise decision to keep this much in reserve so that leaves this much, and yet we can put toward this.

270

00:36:30.810 --> 00:36:34.020

Village of Parish: I could have done the same ideas from thinking is very good, prior to the general.

271

00:36:35.370 --> 00:36:39.480

Village of Parish: right there anything you know that we need to improve.

272

00:36:40.680 --> 00:36:44.940

Village of Parish: We do has building yeah we do have capital improvement set aside.

273

00:36:46.620 --> 00:36:47.130

Village of Parish: A general.

274

00:36:48.330 --> 00:36:48.690

Village of Parish: thing on.

275

00:36:56.220 --> 00:37:02.610

Village of Parish: yeah Okay, that would be an anticipated use a rat race replacing existing doorways to make it more efficient door right.

276

00:37:06.450 --> 00:37:09.570

Village of Parish: Well, no, they have those to we had some stuff put aside.

277

00:37:11.670 --> 00:37:17.640

Village of Parish: Here we have a future Community infrastructure upgrade on the general fund that's infrastructure upgrade for.

278

00:37:18.600 --> 00:37:31.470

Village of Parish: sissies you had to replace sidewalks I don't quit sidewalks in along Main Street, to make it more beautiful I don't know that would be something yeah because otherwise she's not she's well she's already count that as a negative that she can't touch oh good good.

279

00:37:33.660 --> 00:37:34.350

Village of Parish: Already you.

280

00:37:36.210 --> 00:37:47.610

Village of Parish: Get stuff like that now, and like replacing the main doorway because I was getting arrested away yeah anyway so that's the purpose, we need to save X number of thousands, for that, for the door shine right.

281

00:37:49.080 --> 00:38:03.210

Village of Parish: boys replacing the are we upgrading boilers are we are upgrading heating system or an AC do we have to pay anything more for the records manager and probably right, yes, no maybe maybe it's I don't think we paid put the electrical.

282

00:38:06.090 --> 00:38:08.250

Village of Parish: director overhead.

283

00:38:10.560 --> 00:38:17.520

Village of Parish: Okay, so we need to finish paying off our records management room, we need to put in the doorway and so those are things if you're going to cover lives and hey.

284

00:38:17.760 --> 00:38:26.490

Village of Parish: We need to have we are allocating X number of thousands for these purposes and holding X number thousands for any emergencies building.

285

00:38:28.500 --> 00:38:33.360

Village of Parish: dissipated issues and concerns yeah yeah because I really don't want to strip us down.

286

00:38:34.620 --> 00:38:39.000

Village of Parish: I think that's what she's looking at their Wer were just forced to live on.

287

00:38:40.020 --> 00:38:41.460

Village of Parish: On it yeah.

288

00:38:42.630 --> 00:38:47.730

Village of Parish: that's not a good idea, no, no, he also wants, she must.

289

00:38:49.050 --> 00:38:56.130

Village of Parish: Take she also trying to see if you're doing the books, I mean if you do have this stuff is put aside, you know.

290

00:38:57.180 --> 00:38:57.690

Village of Parish: Oh yeah no.

291

00:38:59.130 --> 00:39:00.660

Village of Parish: longer need it, we can yeah.

292

00:39:01.710 --> 00:39:13.980

Village of Parish: We I think we have roughly 10 fiscal years worth of savings which has not raised any serious competition come here is questioning from the conference office yet.

293

00:39:14.970 --> 00:39:21.720

Village of Parish: On previously so where will the money come forward and on it yeah outside on it that's the audit reserve.

294

00:39:22.290 --> 00:39:32.700

Village of Parish: reserve Okay, can we go to the second step separate bank okay okay good to see that was why such a you know okay okay all right, so I guess back to my court.

295

00:39:33.510 --> 00:39:42.150

Village of Parish: In the balls market maker recommend make recommendations and then we know better, how to move ahead you very much Kevin unless you give me some other answer yeah.

296

00:39:43.650 --> 00:39:46.950

Village of Parish: yeah much she gives you different instructions for.

297

00:39:48.000 --> 00:39:50.430

Village of Parish: Your attention, thank you very good Thank you.

298

00:39:53.190 --> 00:40:04.170

Village of Parish: All right, well done ad was filed a request an extension, because the csv people federal level.

299

00:40:05.370 --> 00:40:19.020

Village of Parish: made a report reporting change requirements so if you look if anybody's to look at the tna fun in the Annual Report they're going to see see rose, because the gas be gsb people.

300

00:40:20.250 --> 00:40:21.570

Village of Parish: want to report it out of.

301

00:40:23.100 --> 00:40:32.550

Village of Parish: Your governmental lines so we've been at this for our general fund so I had to balance they wanted it has to be reported on the liabilities column in the.

302

00:40:33.030 --> 00:40:44.250

Village of Parish: General funds or under a specific code, so I had to balance it off there and says so, and that's why it's not a T amp a section on the report if you are okay.

303

00:40:45.300 --> 00:40:51.960

Village of Parish: But can report was filed what i've been I put my safety, I did it for my own legal notice going door.

304

00:40:53.610 --> 00:41:03.660

Village of Parish: So we have been fine now what happens down the road months a year we apply for maybe cdb for sidewalks.

305

00:41:04.320 --> 00:41:13.260

Village of Parish: Okay that's a separate got this that won't impact any of although workings and thinking and procedure what we're doing here it.

306

00:41:13.770 --> 00:41:24.540

Village of Parish: It shouldn't because, like I said the village has had to prior CD big one, with the second round for our grammar pump station or the main the main pump station and some work at the plant.

307

00:41:25.500 --> 00:41:31.860

Village of Parish: And we had another CD DVD for reuse of the previous what is now via services building the previous elementary school.

308

00:41:33.030 --> 00:41:37.500

Village of Parish: The way that works, the CBD is you pay your bills up front now actually.

309

00:41:39.150 --> 00:41:52.440

Village of Parish: Those get approved get paid trustees signs off on paperwork paperwork it's set up the CDC and charge people and they send you money back down so when we get it that's the one who can blueprint for.

310

00:41:54.600 --> 00:42:05.040

Village of Parish: you're paying you're paying your bills for that and then sending up your stuff to see to ghire and they send the money back down yeah but I thought it was funny it's always a delay, I have a group and you use.

311

00:42:05.550 --> 00:42:13.950

Village of Parish: A black and they said it wasn't the hell that CBD is always a few eight inbound revenue coming back at you to pay the bills.

312

00:42:15.660 --> 00:42:30.360

Village of Parish: You have the ability to gather mark designed form you send them up the chain chain sums back down with some money, then you can pay the bills it's always like doing process, but I don't think that would impact I don't think that would affect.

313

00:42:32.670 --> 00:42:39.750

Village of Parish: If you get an interview with later for sidewalks that's funny people's problems they are not problems that would be on them what they would.

314

00:42:41.790 --> 00:42:42.450

Village of Parish: We don't know whether.

315

00:42:43.470 --> 00:42:49.500

Village of Parish: I was just thinking about can we get water my time with get this roadworks, then we might as well get the sidewalks and then worry about it later.

316

00:42:50.040 --> 00:43:00.780

Village of Parish: I mean we waited how long to get sidewalks pending on these other things and it's not happening so and, probably, by the time they CBD agreed do it we've kind of get them okay in the water, so.

317

00:43:02.550 --> 00:43:16.440

Village of Parish: You know, to happen down the road and I did I also on these are my family thought it sounded very good piece of information I got from the conference office, it says that are they conference off the car if you go to the.

318

00:43:18.390 --> 00:43:19.590

Village of Parish: festival rl.

319

00:43:20.970 --> 00:43:23.010

Village of Parish: are saying they're ready and different name for.

320

00:43:27.060 --> 00:43:27.600

Village of Parish: My history.

321

00:43:28.740 --> 00:43:29.100

Village of Parish: or.

322

00:43:30.720 --> 00:43:38.760

Village of Parish: They can be traced in interest bearing account, however, you do not have to report that he was do the Treasury Department.

323

00:43:40.080 --> 00:43:48.270

Village of Parish: As if you would have to do it for something else, so I know you had a discussion, so it was going to put another anger will show me in writing.

324

00:43:49.500 --> 00:43:54.870

Village of Parish: So I did find it in kind of writing from a conference office under a headline of something else.

325

00:43:57.090 --> 00:43:58.890

Village of Parish: They can be pretty interesting accounts.

326

00:44:00.600 --> 00:44:02.580

Village of Parish: Are for funds to a new account.

327

00:44:03.840 --> 00:44:05.010

Village of Parish: Hopefully, he came out of it.

328

00:44:06.990 --> 00:44:10.230

Village of Parish: So thank you for all that work and input.

329

00:44:12.480 --> 00:44:22.560

Village of Parish: Alright, continuing our info unfinished business keeping building I don't think received any information from little rock yet and we know that it's kind of going down.

330

00:44:25.020 --> 00:44:26.670

Village of Parish: So we can anticipate this.

331

00:44:28.050 --> 00:44:48.690

Village of Parish: coming in, even if we had numbers, we could be thinking about be good all right, our water project and our agreement, Mr can add us if we made any headway there we get a quote from the town, which is good out, so we can progress with that.

332

00:44:52.230 --> 00:44:57.870

Stephen Ganetis: Yes, we should be able to progress at this point with moving forward with the warrior project we have him on record.

333

00:44:58.380 --> 00:45:14.100

Stephen Ganetis: agreeing that we can move forward also spoke spoke to Mr Russell yesterday, who is feeling a lot better, thankfully, and he mentioned up once again his opinion is that the water project is dead and that there's nothing stopping us from moving forward again.

334

00:45:14.220 --> 00:45:15.330

Village of Parish: sounds encouraging.

335

00:45:15.960 --> 00:45:16.320

So.

336

00:45:18.060 --> 00:45:28.230

Stephen Ganetis: I think we have enough to go forward let's do that in the meantime I might get a little informal thing from Mr can and just releasing us from all liabilities or something like that.

337

00:45:28.530 --> 00:45:38.520

Stephen Ganetis: But it does we've got enough that if we were to go to court for them, saying that we've destroyed water district one we have so much evidence that I would they would not be a problem.

338

00:45:39.120 --> 00:45:53.820

Stephen Ganetis: So, again it's not everything I want, but it is close with all how long and teeth point, this was this is by far the we have enough, we have enough i'm happy to give my rubber stamp and go ahead okay.

339

00:45:54.330 --> 00:45:55.230

Village of Parish: Very good, thank you.

340

00:45:56.370 --> 00:45:58.770

Stephen Ganetis: My pleasure pass that on to Ian.

341

00:45:58.770 --> 00:46:00.870

Village of Parish: So he knows where we're at with that as well.

342

00:46:02.490 --> 00:46:03.120

Village of Parish: All right.

343

00:46:05.460 --> 00:46:09.060

Village of Parish: Now i'm or alarm security system, those.

344

00:46:09.390 --> 00:46:11.220

Village of Parish: Copies were sent to the board members.

345

00:46:12.300 --> 00:46:18.900

Village of Parish: All right, we've got three pricing is here, one from watertown more here, it says.

346

00:46:21.030 --> 00:46:28.410

Village of Parish: deck communications only complex and pride or priority connections and.

347

00:46:29.790 --> 00:46:32.400

Village of Parish: Other significant difference in pricing.

348

00:46:34.110 --> 00:46:37.020

Village of Parish: Right screen monitor ups power supply.

349

00:46:38.460 --> 00:46:51.540

Village of Parish: Honeywell control panel keyboard buttons monitoring 35 per month \$35 per month, I think that was almost similar to what we had said, with the \$36 per month.

350

00:46:52.710 --> 00:46:53.220

Village of Parish: So.

351

00:46:56.310 --> 00:47:00.600

Village of Parish: Sorry, to do the intercom bother for the backend transfer over \$99.

352

00:47:03.090 --> 00:47:04.140

Village of Parish: back you don't hurt.

353

00:47:08.430 --> 00:47:10.950

Village of Parish: Around the other, to make entrance 199.

354

00:47:13.710 --> 00:47:22.560

Village of Parish: Right, the only reason I say that you know, the other day, when I went out there, I was like well right because it's our group, you know.

355

00:47:23.730 --> 00:47:27.390

Village of Parish: Nobody ever takes care of it when it's way slippery.

356

00:47:28.980 --> 00:47:33.840

Village of Parish: Less we use it, it is no back there isn't yes, yes, being okay.

357

00:47:35.250 --> 00:47:44.100

Village of Parish: With the steps himself yeah for real because a green green stuff Are they in safe order.

358

00:47:45.450 --> 00:47:49.650

Village of Parish: Safe okay just must over when masa and because.

359

00:47:53.580 --> 00:48:01.140

Village of Parish: they've got to be safe and then working if we ever needed him for emergency says you're looking from the outside, no okay.

360

00:48:04.380 --> 00:48:05.370

Village of Parish: So shooting.

361

00:48:09.060 --> 00:48:17.940

Village of Parish: So their emotion on any of this or where do we get the head head the time to look them over and make some comparisons here.

362

00:48:19.170 --> 00:48:19.710

Village of Parish: and

363

00:48:35.730 --> 00:48:42.450

Village of Parish: Panic buttons for clerk and the judge to wireless as a one for the clerks then.

364

00:48:44.190 --> 00:48:46.470

Village of Parish: For each clerk for each core.

365

00:48:48.000 --> 00:48:51.660

Village of Parish: To band wireless buttons for clerk and judge.

366

00:48:53.280 --> 00:48:54.960

Village of Parish: Are all installed.

367

00:48:58.380 --> 00:49:00.450

Village of Parish: That sounds like only two though doesn't.

368

00:49:03.720 --> 00:49:04.740

Village of Parish: cover page for.

369

00:49:05.760 --> 00:49:14.460

Village of Parish: Water can stand communications three bad ones in the control panel and keypad to 59 and 35 a month.

370

00:49:18.120 --> 00:49:19.920

Village of Parish: versus over a little only 25.

371

00:49:21.210 --> 00:49:21.810

Village of Parish: What is it good.

372

00:49:29.850 --> 00:49:31.620

Village of Parish: Kevin three phones.

373

00:49:55.920 --> 00:49:59.760

Village of Parish: Were the cameras just gonna ask where would we install the cameras.

374

00:50:00.840 --> 00:50:02.790

Village of Parish: When the Court ruling one at the entrance.

375

00:50:08.190 --> 00:50:15.480

Village of Parish: yeah you're gonna say yeah one thing towards the front door probably one all.

376

00:50:21.360 --> 00:50:31.560

Village of Parish: Right, what do you mean maybe the judge would have some input on where the other one can go terms of the courtroom like maybe returning back to work through studying mm hmm.

377

00:50:33.390 --> 00:50:34.980  
Village of Parish: yeah I do, then.

378  
00:50:40.590 --> 00:50:43.080  
Village of Parish: Probably give a better idea, so you.

379  
00:50:44.430 --> 00:50:51.990  
Village of Parish: Whatever does the job yeah yeah there will be some suggestion that is the goal by.

380  
00:50:55.950 --> 00:50:57.120  
Village of Parish: location right.

381  
00:51:24.390 --> 00:51:25.620  
Village of Parish: The other one was way out of.

382  
00:51:28.620 --> 00:51:29.280  
Village of Parish: numbers.

383  
00:51:31.320 --> 00:51:32.640  
Village of Parish: And monthly was last but.

384  
00:51:33.690 --> 00:51:35.010  
Village of Parish: Everything else is more.

385  
00:51:45.450 --> 00:51:46.530  
Village of Parish: camera one camera.

386  
00:51:51.750 --> 00:51:52.140  
Village of Parish: one.

387  
00:51:54.240 --> 00:51:54.690  
Village of Parish: camera.

388  
00:51:55.950 --> 00:51:59.460  
Village of Parish: It looks kind of a Steve Steve was that.

389  
00:52:08.820 --> 00:52:10.050  
Village of Parish: The holdups wedges.

390  
00:52:16.410 --> 00:52:17.700

Village of Parish: There was a guy from Cicero.

391

00:52:23.760 --> 00:52:26.610

Village of Parish: Another version of the panic button so case of this photo.

392

00:52:28.770 --> 00:52:29.220

Village of Parish: Excellent.

393

00:52:32.280 --> 00:52:36.990

Village of Parish: Well that's the same thing is, I would think that would be the same as a panic free.

394

00:52:38.370 --> 00:52:38.970

Village of Parish: repeater.

395

00:52:41.310 --> 00:52:42.810

Village of Parish: panel with Keith head.

396

00:52:43.950 --> 00:52:44.280

Village of Parish: and

397

00:52:59.850 --> 00:53:00.990

Village of Parish: Such a distinction.

398

00:53:02.880 --> 00:53:03.150

Village of Parish: here.

399

00:53:04.830 --> 00:53:08.820

Village of Parish: On this one, and this one from system.

400

00:53:10.020 --> 00:53:15.540

Village of Parish: would be an annual fee of 300 a year, plus \$25 a month.

401

00:53:18.870 --> 00:53:27.210

Village of Parish: in advance, because it says they annually in vain under 325 a month.

402

00:53:31.470 --> 00:53:33.750

Village of Parish: Additional 25 a month.

403

00:53:47.310 --> 00:53:49.080

Village of Parish: no idea what this stuff is here.

404

00:53:51.270 --> 00:53:53.760

Village of Parish: i'm sure it has something to do with the cameras.

405

00:53:55.710 --> 00:53:57.990

Village of Parish: Security panel and devices.

406

00:54:00.450 --> 00:54:05.490

Village of Parish: Now there's No one from two cameras, instead of just one.

407

00:54:14.370 --> 00:54:15.930

Village of Parish: They also have an eight channel.

408

00:54:20.820 --> 00:54:22.860

Village of Parish: In there in the air.

409

00:54:39.240 --> 00:54:42.120

Village of Parish: i'm sure it all has something to do with the setup and.

410

00:54:47.640 --> 00:54:58.680

Village of Parish: I think this one consistent sounds like a big your outfit that would go for a bigger place other than what our needs are a little extra little village.

411

00:55:01.170 --> 00:55:10.200

Village of Parish: Step plays a dozen has done a lot of them and that's a pallet ease around smaller municipalities i'd be more understanding, where we're coming from.

412

00:55:11.760 --> 00:55:14.460

Village of Parish: One from step communications.

413

00:55:17.040 --> 00:55:26.910

Village of Parish: some kind of power to voice over the ethernet so that's I figured all this stuff has to do with the Internet, which I am i'm not closed, but I don't know what they're talking about here.

414

00:55:28.410 --> 00:55:31.080

Village of Parish: it's like the repeater i'm sure there's.

415

00:55:34.560 --> 00:55:35.250

Village of Parish: Some.

416

00:55:36.480 --> 00:55:40.320

Village of Parish: emotion and what we'd like to do, or what we want, I think.

417

00:55:41.550 --> 00:55:44.910

Village of Parish: Cable it until until these two guys you.

418

00:55:49.500 --> 00:55:51.210

Village of Parish: Know they're more savvy about a.

419

00:55:56.700 --> 00:55:57.360

Village of Parish: way that.

420

00:56:02.580 --> 00:56:04.920

Village of Parish: Neither one around the zone right.

421

00:56:07.980 --> 00:56:08.970

Village of Parish: will table that till.

422

00:56:10.740 --> 00:56:13.170

Village of Parish: We get some input from them.

423

00:56:20.220 --> 00:56:24.900

Village of Parish: Continuing our therapy recovery plan.

424

00:56:25.980 --> 00:56:31.380

Village of Parish: Think we've discussed that and then we will be looking at with the information from Kevin.

425

00:56:32.580 --> 00:56:38.250

Village of Parish: variety of uses for other municipalities there's one that I was telling report today that.

426

00:56:39.540 --> 00:57:02.940

Village of Parish: can be used for a variety of purposes, I think I heard onondaga had a \$25 million project that they want to apply it toward for sports arena sports complex so that was an interesting usage and it's

supposed to benefit their Community because of a growing community and other one had.

427

00:57:04.020 --> 00:57:09.600

Village of Parish: Used 880,000 four door to door campaign to get people to.

428

00:57:10.770 --> 00:57:14.970

Village of Parish: 880,000 to encourage them to get the vaccine.

429

00:57:16.380 --> 00:57:16.950

Village of Parish: So.

430

00:57:18.750 --> 00:57:35.100

Village of Parish: It can be used in any sort of way, whatever that municipality decides that is the most beneficial for their needs, which is a good thing that the communities can be left to make that decision, they have to submit a plan and has to be used by.

431

00:57:38.010 --> 00:57:39.840

Village of Parish: Plants submitted by 24.

432

00:57:43.680 --> 00:57:53.760

Village of Parish: Alright we're basement work records room is pretty well completion and the electrical has been completed sheet rock on the way home.

433

00:57:54.540 --> 00:58:13.320

Village of Parish: sailing is completed, are underway yeah it's almost done, but there was a shuttle he was concerned about in that, and how to if something NASA and how to get to it so he's got banks down there, looking at the situation to move it out of progress.

434

00:58:14.850 --> 00:58:18.180

Village of Parish: And that way he'll just finish the ceiling there and.

435

00:58:19.440 --> 00:58:26.280

Village of Parish: there'll be pushed outside thing and he's going to put up like a metal trough over it will be easy access.

436

00:58:27.510 --> 00:58:31.470

Village of Parish: On something does happen, but there is the main shut up go.

437

00:58:35.850 --> 00:58:36.630

Village of Parish: to one of the pipes.

438

00:58:38.790 --> 00:58:41.070

Village of Parish: is dead shut up shut up.

439

00:58:45.060 --> 00:58:46.740

Village of Parish: Now he's still working on the sheet right.

440

00:58:48.000 --> 00:58:54.030

Village of Parish: We just a little bit more a little bit all right, and then it's got to be painted a room right.

441

00:58:55.290 --> 00:58:59.790

Village of Parish: I know somebody anxious to get things shifted and move so.

442

00:59:01.470 --> 00:59:06.270

Village of Parish: sooner we can get that taken care of all the better right planning board.

443

00:59:07.500 --> 00:59:16.050

Village of Parish: Meeting me members pay the Member which we're playing all right, did we make anywhere at any progress on that Steve.

444

00:59:18.420 --> 00:59:26.430

Village of Parish: kevin's payment we had emotion from the board, and they were going to get payment for Kevin for our represent village representative.

445

00:59:27.420 --> 00:59:36.000

Stephen Ganetis: nope nothing yet I did send an email out to Kevin I want to send a demand letter a nice strongly worded one where I need the exact amount that he is old.

446

00:59:36.450 --> 00:59:45.090

Stephen Ganetis: So once I have that exact figure I can send a very nasty letter for demand a payment and that's the first step towards any claim.

447

00:59:45.480 --> 00:59:54.900

Stephen Ganetis: Unfortunately, a demand letter is a requirement for me to take any sort of legal action so until I have a nice fact filled demand letter I can't do anything yet.

448

00:59:55.170 --> 00:59:55.770

Okay.

449

00:59:58.320 --> 00:59:59.040

Village of Parish: Also.

450

01:00:01.980 --> 01:00:12.720

Village of Parish: The concern with the planning board and money's going to clerk, as stated in the IMA would it be beneficial if we had letters.

451

01:00:14.310 --> 01:00:16.230

Village of Parish: Because the board, made a decision.

452

01:00:17.280 --> 01:00:26.070

Village of Parish: That that's how it's supposed to their supposed to follow the IMA would it be a good or a letter from you directing the trick, is there a treasure to the board.

453

01:00:26.850 --> 01:00:28.170

Stephen Ganetis: isn't speciality that.

454

01:00:28.560 --> 01:00:28.800

Was.

455

01:00:30.300 --> 01:00:46.350

Stephen Ganetis: problematic they're not she's not willing to obey a direct response so direct Vo right in our face that the Mount should be followed, while I don't know if a letter, for me, is going to do anything different.

456

01:00:46.710 --> 01:00:50.760

Village of Parish: But they're in violation to the IMA they are in violation of the.

457

01:00:50.760 --> 01:00:51.360

IMA.

458

01:00:55.380 --> 01:01:11.550

Stephen Ganetis: So the violation fi ma that are recourses we just we can either just let it go or we disband it unfortunately there is not a monetary damage or anything of that nature, we can't Sue them for anything that they're doing here.

459

01:01:13.440 --> 01:01:29.070

Stephen Ganetis: ABS, a court injunction, but the fact that there could be a potentially new supervisor in the next three months, by the time we even got this before a judge there's no end even that i'm not even sure if a judicial order would be enough.

460

01:01:30.570 --> 01:01:41.250

Stephen Ganetis: i'd hate to say it, but I don't think the law can real for something as simple as the transfer of money if someone's not going to respect the law it's kind of hard to enforce it.

461

01:01:42.060 --> 01:01:43.560

Village of Parish: But I think what cassie.

462

01:01:43.830 --> 01:01:48.330

Village of Parish: Steve if we sent the letter, the copy of the IMA like too.

463

01:01:49.440 --> 01:01:59.700

Village of Parish: spicy Annie engage from the planning board and you wrote a letter to say that not to marry and but those not about.

464

01:02:00.330 --> 01:02:04.830

Stephen Ganetis: fame pretty aware of it, when I left when we last person i'm at least.

465

01:02:08.520 --> 01:02:10.740

Stephen Ganetis: I mean i'm this is how about.

466

01:02:13.050 --> 01:02:27.510

Stephen Ganetis: I mean, I can I just I hate to be that I, you know me I tend to tell it like it is, I only to sugarcoat things I don't think it'll have any effect i'm happy to try, but I do not think anything will change meaningfully.

467

01:02:28.680 --> 01:02:31.770

Village of Parish: I agree with that only because i've talked to that one woman and.

468

01:02:32.070 --> 01:02:39.300

Village of Parish: They know what it says yeah know the language of they still know there and violation it's all in how you interpret.

469

01:02:41.220 --> 01:02:42.660

Stephen Ganetis: it's not all how you interpret it.

470

01:02:43.980 --> 01:02:45.240

Village of Parish: What they told me they told me.

471

01:02:46.350 --> 01:02:47.010

Village of Parish: That sounds like.

472

01:02:49.260 --> 01:02:59.250

Stephen Ganetis: yeah so and i'm happy to try to do something, but I very, very, very, very much doubt any chance of success i'd have.

473

01:03:01.320 --> 01:03:01.800

Stephen Ganetis: So.

474

01:03:02.280 --> 01:03:04.350

Stephen Ganetis: hate to be the bearer of bad news, you but i'm.

475

01:03:04.350 --> 01:03:10.950

Stephen Ganetis: not going to sugarcoat things and say oh yeah let's let's give it a go if the odds of success are very, very low.

476

01:03:12.900 --> 01:03:13.290

Village of Parish: yeah.

477

01:03:13.350 --> 01:03:14.790

Village of Parish: He did send it to those couple.

478

01:03:14.790 --> 01:03:25.440

Village of Parish: From planning or just send a letter to them to the members of the board for those, especially those agents, because the on and what's gauges position.

479

01:03:26.790 --> 01:03:34.380

Village of Parish: board member just a member, but he's the one that always seems to grab the money from people well, maybe each of the well.

480

01:03:35.400 --> 01:03:45.930

Village of Parish: me to the board members would need a copy of that just as a reminder of this is what the words of money go out to the good it does is super think it raises the super supposed to go to the Clerk.

481

01:03:46.530 --> 01:03:55.860

Village of Parish: sounds good sounds according to the IMA okay well, maybe we'll do an audit on them, I know, on their books around now.

482

01:03:57.210 --> 01:03:59.940

Village of Parish: Make sure that he didn't wear blondes.

483

01:04:01.380 --> 01:04:02.160

Village of Parish: Can we do that.

484

01:04:04.140 --> 01:04:13.770

Stephen Ganetis: i'd have to look into that I have never done it mean requested a municipal audit for anything okay Sarah what the rights or what the law is off the top my head.

485

01:04:16.710 --> 01:04:22.680

Village of Parish: I was just thinking, because according to one of the classes, that I went to.

486

01:04:24.000 --> 01:04:34.740

Village of Parish: With Paul Paul was a bunch of the watertown they said that was that was one of the things that would raise a red flag.

487

01:04:35.910 --> 01:04:36.630

Village of Parish: You know.

488

01:04:37.860 --> 01:04:54.600

Village of Parish: not paying somebody is a red flag and others, why didn't they pay them because I they pocketing the money themselves, or is it another reason you know I mean he's there he's on the board, you get paid.

489

01:04:56.250 --> 01:04:57.930

Village of Parish: No argument here okay.

490

01:05:00.720 --> 01:05:20.010

Village of Parish: If I may interject as as a village treasurer forget that I am not, this is not me as you're planning for graph but as a village, the village treasure, perhaps the village board could entertain the thought of doing a foil on her current monthly reports.

491

01:05:22.440 --> 01:05:31.170

Village of Parish: there's a line in there for planning a whatever the account has coded it revenue page painting Japan 88,000 something yeah.

492

01:05:32.370 --> 01:05:38.370

Village of Parish: For that, and then on the for planning expenses would be obviously a payroll so would be the.

493

01:05:38.850 --> 01:05:54.570

Village of Parish: A whatever pro they've got it for payroll for planning side because it will tell you just like her, if she's got the same program that I have and lays it out the same way here's your expanded for the year here's your here's what your budget is what you got left.

494

01:05:56.190 --> 01:06:00.210

Village of Parish: same call to gonna be there, good I just thought you just you.

495

01:06:01.590 --> 01:06:01.980

Village of Parish: Just use.

496

01:06:06.570 --> 01:06:13.020

Village of Parish: I don't know I don't understand why this this problem i'm just wondering if a letter a reminder to these.

497

01:06:13.530 --> 01:06:17.130

Village of Parish: Members of the planning board specifically engaged in her.

498

01:06:17.520 --> 01:06:27.870

Village of Parish: That this is what it says this is what's expected and that the town board has made emotion and expect it to be completed, I mean a little bit of a guilt trip, maybe.

499

01:06:28.830 --> 01:06:34.590

Stephen Ganetis: I don't think in any way, shape or form the people on the planning board don't understand.

500

01:06:37.260 --> 01:06:43.920

Stephen Ganetis: Okay i'm happy again i'm happy to do so, but my expectation of success is very, very low.

501

01:06:45.150 --> 01:06:53.250

Village of Parish: I agree with you, do you think if you told them that you know, in the you know this is how it is and.

502

01:06:54.300 --> 01:07:00.810

Village of Parish: Like a copy of the IMA and circle that part of it, and then say if this.

503

01:07:02.310 --> 01:07:03.000

Village of Parish: continues to.

504

01:07:03.750 --> 01:07:04.800

Village of Parish: happen that.

505

01:07:05.820 --> 01:07:08.280

Village of Parish: Further action will be taken or.

506

01:07:09.690 --> 01:07:13.290

Stephen Ganetis: And again, our further action is incredibly limited.

507

01:07:14.430 --> 01:07:29.370

Stephen Ganetis: it's not a whole lot we can do here it's a it's a agreement between two parties there's no, I know that we're talking about money, but there's no monetary damages it's our remedy would be canceling the IMA and i'm not sure we want to do that.

508

01:07:30.990 --> 01:07:32.220

Village of Parish: DJ might not go.

509

01:07:32.280 --> 01:07:35.910

Village of Parish: workout spicy it might you know think twice about.

510

01:07:39.270 --> 01:07:40.140

Village of Parish: hearing, though.

511

01:07:41.160 --> 01:07:44.190

Stephen Ganetis: I mean that's if you guys want me to do it i'm happy to do it.

512

01:07:46.710 --> 01:07:49.620

Village of Parish: You think Kevin without doing any good encouraging.

513

01:07:52.230 --> 01:07:56.820

Village of Parish: And I was sitting there okay now now you're asking us to defeat your planning work.

514

01:07:58.650 --> 01:08:00.630

Village of Parish: I would send it to go scribe the chairman.

515

01:08:01.830 --> 01:08:07.680

Village of Parish: He Sue Simmons he took it back over from our game as a reminder that this is the agreement.

516

01:08:09.840 --> 01:08:17.010

Village of Parish: yeah i'll put some pressure there that might be a good idea to send it to my chair person that's responsible for planning board.

517

01:08:18.390 --> 01:08:19.980

Village of Parish: Is if he's not enough water.

518

01:08:24.450 --> 01:08:29.940

Village of Parish: A copy of the IMA and a letter saying that this is the procedure that's expected to be carried out.

519

523

01:08:52.290 --> 01:08:53.910

584

01:16:32.310 --> 01:16:39.390

Village of Parish: Like I know a lot of them, but you got those got him on every single Pole, and this is the same thing, well, we don't need them in every poll.

585

01:16:41.490 --> 01:16:45.660

Village of Parish: And now the only one that is different, is the one sandy Craig.

586

01:16:46.830 --> 01:16:48.570

Village of Parish: But they have a lot that has.

587

01:16:49.740 --> 01:16:50.430

Village of Parish: Little military.

588

01:16:53.370 --> 01:16:59.070

Village of Parish: According to somebody that cost them almost \$40 well to like they probably hit contribution.

589

01:17:00.900 --> 01:17:16.200

Village of Parish: yeah those those banners aren't cheap items, so if you can get different sources of putting in probably the va or whatever put money in, and then the owner or the the families, probably contributed so that less than the cost for anyone party so.

590

01:17:17.280 --> 01:17:22.080

Village of Parish: All right, those would be looking good if we had something like that, especially come spring and summer.

591

01:17:23.970 --> 01:17:39.240

Village of Parish: Right bangle property, we had a letter from for inquiry from Mr Miller has a letter from Michigan at the office represents Richard and selena Miller leave you spoken to Richard about the personal property owns Jason.

Village of Parish: No structure would be placed on the easement and it would be used for the purpose of ingress and egress only if acceptable to to the board my client would provide survey and bear the expensive document pretense preparation and recording.

597

01:18:35.220 --> 01:18:38.040

Village of Parish: You have questions comments on this contact Mr gonna.

598

01:18:39.660 --> 01:18:54.120

Village of Parish: Basically what he wants he wants us to give us give him a excellently access to his property and remember we discussed this before yeah I know, so I guess it's their discretion, but we want to do with that.

599

01:18:58.320 --> 01:18:59.790

Stephen Ganetis: given me right away.

600

01:18:59.850 --> 01:19:02.130

Village of Parish: He gonna have to you know.

601

01:19:03.480 --> 01:19:03.720

Village of Parish: Take.

602

01:19:04.500 --> 01:19:05.820  
Village of Parish: take whatever he's out.

603  
01:19:06.150 --> 01:19:06.660  
You know.

604  
01:19:07.710 --> 01:19:08.190  
Village of Parish: and

605  
01:19:09.330 --> 01:19:12.000  
Village of Parish: The trees and he takes out he has to give to us.

606  
01:19:13.050 --> 01:19:14.730  
Village of Parish: is actually still our trees.

607  
01:19:16.440 --> 01:19:17.010  
Village of Parish: Legal.

608  
01:19:19.530 --> 01:19:36.000  
Stephen Ganetis: We can request that we keep any product that he's not allowed to remove the trees, or something like that, and the fact that the key aspect is his lawyers doing all the work and we don't have to pay a cent that's what's supposed to happen for these sorts of things.

609  
01:19:37.470 --> 01:19:39.840  
Village of Parish: You didn't probably get a copy of this letter, did you.

610  
01:19:41.370 --> 01:19:43.830  
Stephen Ganetis: did not, which is kind of unusual.

611  
01:19:44.310 --> 01:19:45.060  
Stephen Ganetis: yeah pretty good.

612  
01:19:46.950 --> 01:19:48.120  
Stephen Ganetis: So so basically.

613  
01:19:49.980 --> 01:19:51.030  
Village of Parish: right away right.

614  
01:19:52.260 --> 01:19:56.370

Village of Parish: he's got to maintain it you don't maintain it comes back to us right.

615

01:19:57.750 --> 01:20:05.070

Stephen Ganetis: No, no, then it becomes a code violation really and then, if it continues to be an issue, then we can get it back.

616

01:20:07.980 --> 01:20:08.400

Can we.

617

01:20:10.050 --> 01:20:16.110

Stephen Ganetis: automate you didn't maintain it time to lose it he gets notices and stuff like that.

618

01:20:17.100 --> 01:20:21.090

Village of Parish: Do we designate where that right away goes, or is it up to.

619

01:20:21.840 --> 01:20:22.050

The.

620

01:20:23.490 --> 01:20:26.400

Stephen Ganetis: we're gonna make rooster good and do the work and draft it.

621

01:20:27.510 --> 01:20:32.700

Village of Parish: Right, they will see one down the middle err on the side or is that are often.

622

01:20:33.570 --> 01:20:35.730

Stephen Ganetis: We can make decisions on how that should go.

623

01:20:35.970 --> 01:20:51.060

Stephen Ganetis: Okay, so we have this is a proposal if you if you the letter specifically says, I propose this, I propose and make what's called a counterproposal and adjust it as we would like.

624

01:20:51.780 --> 01:20:52.860

Village of Parish: Yes, okay.

625

01:20:54.120 --> 01:21:05.670

Stephen Ganetis: So don't think that just because he wrote it down it's Gospel we have our opportunity to do a counterproposal or just deny, we can deny do something that says that we have to do it, but.

626

01:21:06.570 --> 01:21:14.520

Stephen Ganetis: If he could probably force it if the situation is he is this situation where the guy is completely locked out of his property right.

627

01:21:15.930 --> 01:21:16.350

Village of Parish: Right yeah.

628

01:21:17.940 --> 01:21:18.750

Village of Parish: yeah so he can.

629

01:21:19.020 --> 01:21:23.760

Stephen Ganetis: He can force it better to do it somewhat on our terms.

630

01:21:25.830 --> 01:21:33.390

Stephen Ganetis: Having him go to a judge and enforce the easement on us, because then the judge decides and then no one's happy.

631

01:21:38.760 --> 01:21:40.440

Village of Parish: Okay, where does that leave us.

632

01:21:43.080 --> 01:21:49.770

Stephen Ganetis: With think about how you'd like this whole thing to look and we can I can draft up a counterproposal okay.

633

01:21:53.640 --> 01:21:56.460

Village of Parish: yeah because I know part of that is believed to zoom.

634

01:21:58.380 --> 01:21:59.850

Village of Parish: You know, part of our property.

635

01:22:01.860 --> 01:22:02.190

Village of Parish: Will.

636

01:22:03.450 --> 01:22:05.010

Village of Parish: get there okay.

637

01:22:07.410 --> 01:22:08.820

Village of Parish: Would you like copies of this.

638

01:22:10.110 --> 01:22:12.510

Village of Parish: makeup isn't given to you in your mailbox.

639

01:22:13.980 --> 01:22:15.240

Village of Parish: i've got a copy that to.

640

01:22:16.290 --> 01:22:18.990

Village of Parish: Steve letter from Mr Gill net.

641

01:22:22.320 --> 01:22:25.080

Village of Parish: Any questions or concerns on that, then.

642

01:22:26.040 --> 01:22:33.660

Village of Parish: We will address that on the next week my dad had a problem with you right away, it was very simple to maintain it.

643

01:22:37.170 --> 01:22:37.530

Village of Parish: Right.

644

01:22:40.350 --> 01:22:50.250

Stephen Ganetis: That being said, meal you do say that, but we could do is, we can literally put a provision of the aim is not maintained.

645

01:22:51.270 --> 01:23:05.910

Stephen Ganetis: To lot to come up with our standard, then you could then, then the easement reverts back to the village, the village, so we could have some fun contract wise and actually drafted in such a way that it would go as you suggest.

646

01:23:06.180 --> 01:23:06.780

Stephen Ganetis: Okay.

647

01:23:07.680 --> 01:23:16.770

Village of Parish: I mean i'll just thinking you know of course ours was just a just a thing for the guy to put his cows, down to the creek.

648

01:23:18.630 --> 01:23:25.230

Village of Parish: We had discussed this previous and that's when the board came up with the idea of the three options and making a purchase.

649

01:23:25.800 --> 01:23:37.410

Village of Parish: yeah but he already said he didn't want to purchase right now, he wants to right away, so we have to address them, so what we gotta do is we got to figure out where his property is.

650

01:23:38.520 --> 01:23:46.260

Village of Parish: No matter what you had in the bands from the last time around, that we went with this so have a look at your map and then.

651

01:23:49.170 --> 01:23:50.760

Village of Parish: Trying your files i'm sure.

652

01:23:53.610 --> 01:23:54.150

Village of Parish: yeah.

653

01:23:55.890 --> 01:23:56.190

Village of Parish: yeah.

654

01:23:57.330 --> 01:24:04.470

Village of Parish: Alright, so we'll address that and i'll get copies of the letter out so you can have something in your hands to make reference to.

655

01:24:06.450 --> 01:24:18.570

Village of Parish: edge with Dr we're still waiting for preventative maintenance to be done on there and I spoke to the town super superintendent and the problem is getting materials.

656

01:24:19.470 --> 01:24:28.710

Village of Parish: and transporting materials to the site so apparently there's a quite a hold up and it's not just our project it's other municipalities that are.

657

01:24:29.760 --> 01:24:31.110

Village of Parish: anxiously waiting for.

658

01:24:32.580 --> 01:24:35.220

Village of Parish: A quarter mile nope not this one.

659

01:24:36.360 --> 01:24:36.810

Village of Parish: So.

660

01:24:39.480 --> 01:24:44.880

Village of Parish: it's kind of a short run, so he's going to put car down and put stone, on top of.

661

01:24:46.260 --> 01:24:51.030

Village of Parish: The oil in there, waiting for the oil products and they said was the problem all.

662

01:24:53.640 --> 01:24:56.220

Village of Parish: Right anything else for all business.

663

01:24:57.630 --> 01:24:58.620

Village of Parish: I did have.

664

01:25:00.240 --> 01:25:06.450

Village of Parish: Contact from do T which I was surprised that they followed up on on our crosswalk and how it's working.

665

01:25:07.110 --> 01:25:17.130

Village of Parish: And it say that we got the crosswalk in this man, he said, the science there, yes we've got the science, but neither of those two are doing any good for the safety of our.

666

01:25:17.700 --> 01:25:29.340

Village of Parish: Pedestrians and our clientele that use the building so i'm hoping to write a letter, maybe if that will try to list kinds of things of why this building.

667

01:25:30.420 --> 01:25:40.110

Village of Parish: is significant because there's so much activity that goes on in here when I started listening, I thought this is well the Center I understand why people kind of hesitate.

668

01:25:40.800 --> 01:25:51.090

Village of Parish: Legally, because you got it all marked down you got those signs up their legal you start walking in there are people supposed to stop right we're not going to because already it.

669

01:25:53.100 --> 01:26:10.230

Village of Parish: But if there, we have to do what we can you have to deal with the idiots and we'll do our best we can, so I think we have time to depart upstairs or downstairs that's why that's why you have to that's why he's gotta stop and look before he crosses because.

670

01:26:11.820 --> 01:26:19.080

Village of Parish: it's not a safe situation and and I explained this to the person so talking to I got a feedback that it was too expensive.

671

01:26:19.950 --> 01:26:30.570

Village of Parish: oil, but there are handicapped person so because we don't have parking facilities they're willing to walk across the street so somehow we've got to get this information out to the.

672

01:26:31.110 --> 01:26:41.040

Village of Parish: Traffic that this is a crosswalk and you've got to stop, and I know i've seen in Mexico, where they have a Cone or something that says a crosswalk and bring some.

673

01:26:42.210 --> 01:26:45.570

Village of Parish: yeah it's a good reminder, but I don't know.

674

01:26:47.130 --> 01:26:50.430

Village of Parish: They have one down here in central square by the.

675

01:26:52.140 --> 01:26:52.890

Village of Parish: Post Office.

676

01:26:54.660 --> 01:26:57.690

Village of Parish: Right now, every once in a while I would put it right in the middle of the room.

677

01:26:59.310 --> 01:26:59.940

Village of Parish: Right.

678

01:27:02.460 --> 01:27:03.420

Village of Parish: Okay, so.

679

01:27:04.710 --> 01:27:06.450

Village of Parish: All right, going on with new business.

680

01:27:08.160 --> 01:27:16.500

Village of Parish: conference of mayors Jackie went to the dinner at the pines and they spent some time talking about the rescue plan.

681

01:27:17.730 --> 01:27:22.860

Village of Parish: Jackie and I met with Kennedy in regarding the sewer and the application of the.

682

01:27:23.880 --> 01:27:32.490

Village of Parish: rescue plan funds that's what we're in and can we're making reference to, and then the deputy will be going to the saratoga call training.

683

01:27:33.960 --> 01:27:40.170

Village of Parish: Next week is up yes yeah the 20th through the 24th that's the training session.

684

01:27:41.280 --> 01:27:41.820

Village of Parish: conference and.

685

01:27:44.460 --> 01:27:47.160

Village of Parish: Anything else to add to that all right.

686

01:27:48.450 --> 01:27:55.680

Village of Parish: The cannabis situation um I gave you a copy of the book launch proposed.

687

01:27:56.760 --> 01:28:04.710

Village of Parish: That we opt out, we follow through on the local law and this really provides us with time to.

688

01:28:05.790 --> 01:28:18.780

Village of Parish: Wait out what the government is kind of there's a lot of confusion and what's happening, and if we step aside opt out, make the local long it gives them time to get their act together than at that time.

689

01:28:19.560 --> 01:28:29.160

Village of Parish: If the Community the residents have to go in that's fine and if nothing happens and we're not harmed by it at all and.

690

01:28:30.870 --> 01:28:41.010

Village of Parish: Forget it properly out well I got the local law here for that and we can we can go in that direction and we can always get back into the later days.

691

01:28:41.580 --> 01:28:54.300

Village of Parish: And it's interesting I found that with the government, usually in this case we're in unless we opt out, usually if you want something you gotta jump in to get whatever you want, so this is just, contrary to what.

692

01:28:55.140 --> 01:29:07.860

Village of Parish: would be a very, very big converting because the Federal Government still says marijuana is illegal just takes is not a several States that's what i'm saying so they get their act together we get.

693

01:29:08.640 --> 01:29:18.450

Village of Parish: laid out and see what happens at the higher levels, and then we can decide with knowledge and with input as to what direction we want to go so.

694

01:29:19.050 --> 01:29:33.000

Village of Parish: I guess, we need to probably have a motion to accept this local loss emotionally accepted all right and we'll put will set up a public hearing for next month's meeting on what is it took her 20th.

695

01:29:36.630 --> 01:29:45.540

Village of Parish: paper will get a notification in the paper and ever public hearing them proceed with the local law.

696

01:29:46.740 --> 01:29:52.260

Village of Parish: see where that takes us but 655 because I read that ended on.

697

01:29:53.520 --> 01:29:59.130

Village of Parish: This Italian paper magazine, and we get Okay, unless I read it wrong.

698

01:30:00.780 --> 01:30:01.860

Village of Parish: we're going to have to.

699

01:30:03.390 --> 01:30:07.020

Village of Parish: provide a place for these people to smoke marijuana.

700

01:30:08.160 --> 01:30:20.670

Village of Parish: In other words, whether we use the park down here, or whether we have a special area and I says no way do we do, we have no smoking violations of the park show already know.

701

01:30:22.230 --> 01:30:31.260

Village of Parish: I thought we had signs that said no, in the park I don't know I know it's trenches to sit there, but as far as cigarette butts you know the ground, I have not seen it.

702

01:30:32.040 --> 01:30:39.810

Village of Parish: But language to us, I don't think we have any other, I think there is always yes, yes, I think there is one if you're going down church street.

703

01:30:40.290 --> 01:30:56.760

Village of Parish: it's a brown issue yeah sign something effect, though no smoking, or something like that, as a village or town handle parkside or I can go park if you don't learn Kenny, what about male pack, are they allowed to smoke out there as well, that's.

704

01:30:58.650 --> 01:31:06.510

Village of Parish: Right, I know it's a challenge, but I just wonder if there's signs out there saying either which way well actually it's a public area.

705

01:31:07.830 --> 01:31:09.570

Village of Parish: Most places you can't smoke.

706

01:31:12.570 --> 01:31:18.180

Village of Parish: Okay right, but what i'm talking about in itself well I can open them.

707

01:31:19.470 --> 01:31:28.140

Village of Parish: So maybe a sign might help during i'm just asking yes public areas, but they may not think that there's a public area.

708

01:31:29.010 --> 01:31:43.290

Village of Parish: I don't know but anyway, the law says that when I read that book it looks like to me if we if we have one in here, we got to provide for provide for and I just assume that do that right.

709

01:31:44.370 --> 01:31:51.750

Village of Parish: yeah I know it was a small ones, so I don't think it speaks well for Community if it if it was a direction we went.

710

01:31:54.000 --> 01:32:02.490

Village of Parish: Okay we'll see what happens down the road, but right now we'll go with our public hearing and see what happens and hopefully that upper levels will get their.

711

01:32:04.890 --> 01:32:10.410

Village of Parish: act together sorted out maintenance, we have a request for a new vacuum cleaner.

712

01:32:11.550 --> 01:32:12.630

Village of Parish: The present one is.

713

01:32:13.650 --> 01:32:19.350

Village of Parish: given up the ghost, so we need to look at getting a new vacuum cleaner.

714

01:32:21.630 --> 01:32:22.200

Village of Parish: Probably.

715

01:32:24.150 --> 01:32:37.770

Village of Parish: fall, cleaning and then building cleaning is trying to get some air through here and sorted out before we start closing up for the winner, because the building will be closed up pretty much for heating and so on, so.

716

01:32:38.880 --> 01:32:43.170

Village of Parish: We need a visa mean emotion on that or just go with that.

717

01:32:45.120 --> 01:32:47.670

Village of Parish: term parking it is part of the box.

718

01:32:50.130 --> 01:32:58.590

Village of Parish: around it, that completely over on the phone data it is emotional you buy him a vacuum cleaner for.

719

01:33:00.300 --> 01:33:00.810

Village of Parish: Three tunes.

720

01:33:05.340 --> 01:33:14.340

Village of Parish: Alright, so a second that will take a look will have Kevin examine the old one for somebody examine the old, are you you're in the closet.

721

01:33:17.220 --> 01:33:27.390

Village of Parish: Once you look at that and find that it is a second hand so it's probably got a lot of mileage to it, so, but we can maybe it's a good backup if we had a good one, too, so.

722

01:33:29.010 --> 01:33:31.620

Village of Parish: Bruce Lewis was here, he did have a brand new.

723

01:33:33.060 --> 01:33:34.680

Village of Parish: What kinda like yeah.

724

01:33:35.820 --> 01:33:36.330

Village of Parish: Okay.

725

01:33:37.980 --> 01:33:38.670

Village of Parish: 10 years.

726

01:33:41.250 --> 01:33:43.500

Village of Parish: Maybe everything will be fine.

727

01:33:48.240 --> 01:33:48.690

Village of Parish: alright.

728

01:33:49.710 --> 01:33:50.760

Village of Parish: So without that.

729

01:33:51.840 --> 01:33:55.620

Village of Parish: Other appointment was given that.

730

01:33:56.880 --> 01:33:58.980

Village of Parish: I have appointments for.

731

01:34:01.980 --> 01:34:13.440

Village of Parish: expire 1231 21 planning board member Kevin Dwyer for the village zoning board Walter borland for the village and those.

732

01:34:14.850 --> 01:34:26.250

Village of Parish: appointments are automatically reappointed unless individual wishes net to secret appointment and, as far as I understand, both of those are willing to take the three appointments and if we're willing to.

733

01:34:27.810 --> 01:34:28.020

Village of Parish: work.

734

01:34:29.850 --> 01:34:36.540

Village of Parish: Oh, you don't want that, then so we won't reappoint you yet right okay you're running through.

735

01:34:37.590 --> 01:34:38.970

Village of Parish: Oh they're two separate.

736

01:34:40.770 --> 01:34:53.610

Village of Parish: Separate complaining they're not two different positions so you don't get why i'm waiting for the election regarding supervisor before I decide on whether you want planning okay.

737

01:34:54.600 --> 01:35:07.050

Village of Parish: All right, how about the zoning board member waterborne make that reappointment is your emotion yeah right for whichever yep and Kevin will be holding off.

738

01:35:10.110 --> 01:35:12.930

Village of Parish: You can't give it up Kevin unless you got to replace my you know that right.

739

01:35:15.330 --> 01:35:17.460

Village of Parish: yeah she did the officer for.

740

01:35:18.750 --> 01:35:19.530

Village of Parish: We can't final.

741

01:35:21.990 --> 01:35:22.260

Village of Parish: yeah.

742

01:35:28.140 --> 01:35:28.710

Village of Parish: Okay.

743

01:35:32.580 --> 01:35:45.360

Village of Parish: All right, Kevin when we you know November 1 Tuesday November, one of your questions and you'll know by then whether or not you're gonna okay Kevin will push you off till November, a lot of pressure yeah.

744

01:35:50.100 --> 01:35:54.000

Village of Parish: Does that impact your position on the board in what way.

745

01:35:55.950 --> 01:35:59.550

Village of Parish: So, why would you not want to be on the board to get paid.

746

01:36:02.280 --> 01:36:04.410

Village of Parish: that's not an issue, you will get paid.

747

01:36:05.670 --> 01:36:06.870

Village of Parish: You have to get paid.

748

01:36:09.870 --> 01:36:13.110

Village of Parish: No that's that's crazy so.

749

01:36:14.520 --> 01:36:14.850

Village of Parish: yeah.

750

01:36:16.140 --> 01:36:27.240

Village of Parish: All right, we'll put you off in November days to remember anything else for all new business that we need to address request to this is kind of just painted you're my you're my desk.

Village of Parish: sinus thunder there is village, yes, we took over this library is i'm going to ask them to.

752

01:36:35.430 --> 01:36:38.070

Village of Parish: decide on Monday room over there.

753

01:36:41.040 --> 01:36:41.610

Village of Parish: Okay.

754

01:36:42.690 --> 01:36:52.890

Village of Parish: They need to complete your files off, to put it in a box take it to them and hear their stuff downstairs and there is stuff downstairs.

755

01:36:54.420 --> 01:37:05.850

Village of Parish: That what the library did to the historian society historical society is here, it is come get it and get it out, no, because the big blizzard upstairs you know will be telling us to do that all.

756

01:37:06.300 --> 01:37:15.780

Village of Parish: right and it happened OK OK circles at the library library of the store to get it out of here when when limit.

757

01:37:17.100 --> 01:37:27.330

Village of Parish: yeah so they are in our library right and they brought it and now it's time to take the light the light break from there yeah sorry about the circle yeah.

758

01:37:28.440 --> 01:37:31.380

Village of Parish: What about it it's still there yeah okay.

759

01:37:33.060 --> 01:37:33.390

Village of Parish: Right.

760

01:37:36.600 --> 01:37:44.640

Village of Parish: Okay, but library got rid of historical so they've made room for their stuff to go over to them correct okay.

761

01:37:45.810 --> 01:37:56.310

Village of Parish: So that would free up your desk plus I, you have a house shelving unit there to put your village stuff on there and give yourself room with juniper to work at your desk.

762

01:37:56.850 --> 01:38:16.710

Village of Parish: give you elbow room at your desk so that you can work at your desk I realized, you have a lot of irons in the fire, but if those go where they belong, it should free you up and give you more elbow room to work all right, and your efforts are appreciated, I mean it's not overlooked.
