Village of Parish: 20 years it's was a 15 year old boy.

63

00:09:26.100 --> 00:09:31.230

Village of Parish: own, it must be around whole nine so yeah it's always must come through on nine.

64

00:09:34.800 --> 00:09:36.420

Village of Parish: ish just beat Oregon.

65

00:09:42.420 --> 00:09:47.040

Village of Parish: Their cancellation we're doing board meeting there were only three their.

66

00:09:48.090 --> 00:09:48.990

Village of Parish: Supervisors.

67

00:10:18.270 --> 00:10:19.380

Village of Parish: is on the screen here.

68

00:10:21.300 --> 00:10:22.680

Village of Parish: Again Harris.

69

00:10:23.040 --> 00:10:23.580

Ken Scherrieble: A couple.

70

00:10:24.750 --> 00:10:27.390

Ken Scherrieble: times here too, oh good.

71

00:10:34.440 --> 00:10:35.970

Ken Scherrieble: We got a lot of work to do.

72

00:10:40.080 --> 00:10:40.650

Ken Scherrieble: So.

73

00:10:41.850 --> 00:10:53.670

Ken Scherrieble: One of the correspondence I don't know if you've passed that out yet what's from the Dec they did an inspection and an inspection report and then we got.

74

00:10:55.560 --> 00:10:59.910

Ken Scherrieble: notice that they're going to take us with a consent order.

75

00:11:01.500 --> 00:11:15.780

Ken Scherrieble: They have to have their legal department put all that, together, and we had a meeting regarding the timing of the consent order at try to get that memorialized what what a consent order does just so you understand is that it.

76

00:11:17.040 --> 00:11:17.730

Ken Scherrieble: It kind of.

77

00:11:18.780 --> 00:11:30.180

Ken Scherrieble: A it helps us get money which is one of the problems we've had for the longest time because we haven't had a consent order, be it sets out of time table to kind of do everything and D, it helps us.

78

00:11:31.560 --> 00:11:45.090

Ken Scherrieble: With all of the engineering and putting us up higher on the state's radar and then the federal government's radar to to get us that funding and then it actually it's an odd thing it's called the consent order but it actually protects us.

79

00:11:46.260 --> 00:11:59.430

Ken Scherrieble: From the potential of suits from others, rather than the EPA, but from suits from common folks fishermen, whatever that that say we're polluting the waterway.

80

00:12:00.420 --> 00:12:15.900

Ken Scherrieble: And then gives us time to fix everything, so this on negotiations, there will be i'm sure some kind of fine, however, will i'm sure the fine a very large portion of the fine will be.

81

00:12:18.630 --> 00:12:25.530

Ken Scherrieble: A investment in the plant so let's just pick a number for for the sake of argument let's say okay you've got a \$50,000 fine.

82

00:12:26.700 --> 00:12:38.610

Ken Scherrieble: But we're going to make you put \$48,000 into your plan and you'll send us a check for \$2,000 something like that, so that all becomes part of the order and.

83

00:12:39.420 --> 00:12:48.960

Ken Scherrieble: Then it allows us to start going after funding we get we get better points by having a consent order crazy system but it's the system we have.

84

00:12:50.730 --> 00:12:57.240

Ken Scherrieble: And then we've got we've got a bunch of short term work, we have to do as you know, Neil on that that tank and we're going to present a plan.

85

00:12:58.290 --> 00:13:17.370

Ken Scherrieble: And again, the reason that we kind of didn't do all of this was because, by presenting this plan and putting all the plan together we'll be able to send this part of the consent order will be able to seek funding for the short term plan need.

86

00:13:18.120 --> 00:13:20.430

Ken Scherrieble: The short term plan so even though we're going to have to spend money.

87

00:13:20.790 --> 00:13:24.240

Ken Scherrieble: We may be able to get reimbursed for that money because, as part of the consent water.

88

00:13:25.860 --> 00:13:36.090

Ken Scherrieble: So it's just a bizarro system it's the system we have it makes me nuts, but it is we are where we are and we know we got to play by their rules and.

89

00:13:37.350 --> 00:13:47.460

Ken Scherrieble: and, hopefully, in the in you know, two to three years will will first do the short term stuff over the next you know, probably six months and then in the next three years or so Ian.

90

00:13:47.970 --> 00:13:54.570

Ken Scherrieble: was able to get us the planning grant, which is good and part of that probably came or the fact that we had a notice of violation letter.

91

00:13:55.020 --> 00:14:07.980

Ken Scherrieble: So we finally get some more points for that now we've got the consent order that'll stick at us more points to go after the bigger funding so hopefully in three to five years will actually have a new facility with some some grant dollars to help us and.

92

00:14:09.270 --> 00:14:11.250

Ken Scherrieble: Then i'll be able to breathe a sigh of relief.

93

00:14:13.260 --> 00:14:17.370

Village of Parish: Well, he said he's gonna try to keep her find to a minimum, so what is the average.

94

00:14:18.330 --> 00:14:19.320

Time so.

95

00:14:20.400 --> 00:14:31.920

Ken Scherrieble: I would not be surprised to see a \$25,000 fine with say 10% of that in a in a payment to the Dec and the rest of it put towards your facility.

96

00:14:32.940 --> 00:14:36.000

Ken Scherrieble: I would, I would imagine, I wouldn't be surprised to see something like that.

97

00:14:36.900 --> 00:14:39.690

Village of Parish: Go on the South team, we got that.

98

00:14:41.280 --> 00:14:42.300

Village of Parish: I heard you have problems.

99

00:14:44.460 --> 00:14:45.450

Village of Parish: And you pulled it out.

100

00:14:47.490 --> 00:14:47.760

Ken Scherrieble: You.

101

00:14:48.540 --> 00:14:49.140

Ken Scherrieble: address that.

102

00:14:49.620 --> 00:15:04.290

Tom B: Oh no it didn't didn't have any problems with it it's the shaft was broken, so we had to pull it out, so that we could get you know, an idea of what it's going to take to replace it build a new one, I mean the motor was shot shot shot.

103

00:15:05.070 --> 00:15:11.490

Tom B: It was off its thing in the bottom so it's at the contractors right now they're looking at it.

104

00:15:12.300 --> 00:15:12.690

Okay.

105

00:15:13.710 --> 00:15:15.240

Village of Parish: I know that's gonna cost is quite a bit.

106

00:15:16.410 --> 00:15:16.860

Tom B: quick.

107

00:15:16.920 --> 00:15:17.220

Yes.

108

00:15:19.170 --> 00:15:28.470

Tom B: Just to make sure that everybody realizes that any improvements that we do or try to do to the plant will have to be tied into the long term, I mean we just.

109

00:15:29.160 --> 00:15:33.510

Tom B: throw money into getting this because, because otherwise we're just throwing money away so.

110

00:15:33.960 --> 00:15:52.500

Tom B: i'll be meeting with the engineer on Tuesday and we'll be going over some of the things that we need to get set up so that we can do some of these short term fixes to get the plant up to snuff as much as we can and that'll all be tied into the long term fixes.

111

00:15:56.010 --> 00:15:59.370

Ken Scherrieble: yeah we don't want to make a short term fix that spends a lot of money and.

112

00:15:59.400 --> 00:16:03.750

Ken Scherrieble: Then doesn't do anything to go towards long term fix because that we don't want to waste that money.

113

00:16:04.620 --> 00:16:16.470

Ken Scherrieble: And the Dec understands that, and you know they made it very clear on the call that we don't want you wasting money we want to a good plan that does a short term fix that ties into the long term right.

114

00:16:16.800 --> 00:16:17.640

Village of Parish: That sounds good, I.

115

00:16:19.050 --> 00:16:28.290

Village of Parish: mean are we able to tie this might spend this arm into this hospital I am from a mental game, as long as we're right in the plan or wherever.

116

00:16:29.160 --> 00:16:29.490

Tom B: yeah.

117

00:16:30.060 --> 00:16:48.900

Tom B: From the plan right it's a possibility that, if this fixing that arm is going to be beneficial to the long term that's to me and other projects that we've done we've been able to go back get that funding for that we've spent renewed I mean reimbursed.

118

00:16:50.220 --> 00:16:50.520

Village of Parish: alright.

119

00:16:56.130 --> 00:16:58.620

Village of Parish: guys have a time frame on one they're gonna have that arm off.

120

00:16:59.790 --> 00:17:01.590

Village of Parish: off the back to you.

121

00:17:03.360 --> 00:17:10.500

Tom B: know I don't I don't have a time frame on that might my concentration right now is to make sure that we're meeting permit with the plant that's running right now.

122

00:17:11.880 --> 00:17:27.720

Tom B: They have the like I said, they have the the shaft and everything i'll reach out to them next week with the engineer to see exactly what we

may not we may not even fix that we may be treating the south plan is something else so we'll have to see.

123

00:17:28.380 --> 00:17:29.880

Tom B: Oh we'll keep you posted.

124

00:17:30.810 --> 00:17:41.700

Ken Scherrieble: yeah I was gonna I was gonna say we don't want to fix it right away, we want to, we want to have the plan with the short term and have it be part of the short term fix again with our im funding.

125

00:17:42.150 --> 00:17:42.660

Village of Parish: So I guess.

126

00:17:43.500 --> 00:17:47.310

Village of Parish: Okay, I was just curious if there was any you know they got back yet.

127

00:17:54.690 --> 00:17:56.520

Village of Parish: been good been doing good.

128

00:18:00.060 --> 00:18:02.340

Village of Parish: Make emotion that we accept there was.

129

00:18:09.480 --> 00:18:10.950

Ken Scherrieble: Anything else for us this evening.

130

00:18:12.690 --> 00:18:15.480

Village of Parish: I don't have anything else you answer my question.

131

00:18:16.470 --> 00:18:18.810

Ken Scherrieble: Thank you very much y'all have a wonderful night.

132

00:18:21.750 --> 00:18:23.070

Ken Scherrieble: You to have a great holiday.

150

00:20:48.840 --> 00:20:49.980

Village of Parish: had another commitment to.

151

00:20:55.920 --> 00:20:59.190

Village of Parish: Look, for a new person up to.

152

00:21:00.300 --> 00:21:04.050

Village of Parish: be considering that was OK process but.

153

00:21:05.340 --> 00:21:06.210

Village of Parish: Considering that.

154

00:21:07.770 --> 00:21:09.420

Village of Parish: motion that we accepted report.

155

00:21:24.960 --> 00:21:38.790

Village of Parish: First, the state has a new federally funded low income housing assistance program it's not just water is water and sewer where it's targeted at low income households that are in arrears on their payments.

156

00:21:40.080 --> 00:21:47.640

Village of Parish: payments of 20 \$500 for qualifying water or sewer households are up to 5000 if you have both communities and then both.

157

00:21:48.450 --> 00:21:58.320

Village of Parish: payments are made directly to the service provider to cover arrears person in arrears as make the application, but the money doesn't know for their hand goes directly to.

158

00:21:59.010 --> 00:22:06.870

Village of Parish: Which home to where information is included in the letter that I provided you from the State Department of public service non state website.

159

00:22:07.500 --> 00:22:17.610

Village of Parish: And I want to pass that last up, as is and creaminess valve ecosystem getting out the word, the public and i'd be happy to put that on your website, if you would like a small.

160

00:22:18.690 --> 00:22:19.020

Village of Parish: Around the.

161

00:22:21.450 --> 00:22:24.780

Village of Parish: Word out to the public that they can get some help with anything there.

162

00:22:28.590 --> 00:22:40.080

Village of Parish: I guess minutes for the village mayor's most flexibility treasures computers they've been received, and I have installed them on the clerks and triggers to here and i'll be doing the mayor's next.

163

00:22:41.640 --> 00:22:56.550

Village of Parish: I also ordered two additional webcams you get approved, which have been installed on the mayor's computer of the prior existing again that we had is scheduled to be installed on security wastewater treatment plant, I talked to them about that today and.

164

00:22:57.570 --> 00:23:08.400

Village of Parish: Tomorrow, and I asked the creditor he indicated, he did not need a webcam on his computer at this time, if you that are changes, of course, you might want to reconsider that but if it's.

165

00:23:09.630 --> 00:23:10.320

Village of Parish: needed once.

166

00:23:11.730 --> 00:23:15.330

Village of Parish: A while we've been talking about computer issues.

167

00:23:16.590 --> 00:23:28.470

Village of Parish: You can clerks and the traders computers are both about a month shorter being five years, hopefully you're not time flies like just in the last changeover on those and I checked.

168

00:23:29.880 --> 00:23:39.240

Village of Parish: Her computer than not slowing down recently, so I looked at the see well just how old, are they and it turns out, they were five years old, so.

169

00:23:40.320 --> 00:23:46.800

Village of Parish: The key thing is the computer is being slow, for me, really need to do something about eating them up the productivity of the.

170

00:23:47.220 --> 00:24:02.160

Village of Parish: park in the 30 years, two years in the same boat terrible lot about same time as I ever fallen would probably be a good idea to replace both of those computers, so I checked with the treasure tell me that there is enough money in the current fiscal year budget.

171

00:24:05.580 --> 00:24:06.960

Village of Parish: Which is around \$1,000.

172

00:24:08.880 --> 00:24:14.820

Village of Parish: More than you're used to pay, but when the supply chain issues mature Tortilla chips that you've all heard about in the news.

173

00:24:16.290 --> 00:24:18.510

Village of Parish: Well that's that's not helpful.

174

00:24:19.680 --> 00:24:32.340

Village of Parish: So I wanted to talk to you about replacing this fiscal year compare on them i'm also recommending budgeting money in 2022 23 just for your upcoming working on the budget.

175

00:24:33.390 --> 00:24:49.200

Village of Parish: or ensure for replacement of the computer at the wastewater treatment plant because it's old and as low as it appears, are hear what they have is probably the hand me down from the village player or reject the claim to be sent it down with the wastewater treatment plan.

176

00:24:50.250 --> 00:25:06.030

Village of Parish: So there's is even older and slower so for the next fiscal year would probably be a good idea to look at replacing it down there as as well as I mentioned that to you were talking about the same amount of money, probably about \$1,000 for the computer and.

177

00:25:08.190 --> 00:25:23.760

Village of Parish: So I just want to mention that easy to work that into your budget, and if you do want to go ahead and learn years for the work right here i'd be happy to get those on for for you i'm making emotion that we get the two computers for the Court and.

178

00:25:25.590 --> 00:25:27.450

Village of Parish: who's your treasure treasure.

179

00:25:29.250 --> 00:25:30.900

Village of Parish: yeah you got it that's awesome.

180

00:25:32.820 --> 00:25:33.660

Village of Parish: On that computer right.

181

00:25:38.130 --> 00:25:38.460

Village of Parish: yeah.

182

00:25:39.810 --> 00:25:40.920

Village of Parish: There is very happy with.

183

00:25:47.460 --> 00:25:49.740

Village of Parish: You made a motion seconded.

184

00:25:51.120 --> 00:25:51.870

Village of Parish: Okay.

185

00:25:53.340 --> 00:25:56.700

Village of Parish: i'll move things forward on that report and our system.

186

00:26:01.170 --> 00:26:02.160

Village of Parish: So next.

187

00:26:03.300 --> 00:26:04.380

Village of Parish: Our next budget.

188

00:26:05.700 --> 00:26:13.530

Village of Parish: They want what you want one with one more for the wastewater That would be a different budget that's holding the sewer pipe it which I also talked about.

189

00:26:14.460 --> 00:26:18.390

Village of Parish: He wasn't sure they were in shape to be able to do it in this I don't think we are.

190

00:26:19.260 --> 00:26:31.560

Village of Parish: But it'd be a good thing for next year next immigrant can actually add the sewer line aligning the support button, it says office equipment that we everything is not the office supplies yeah there really isn't.

191

00:26:32.580 --> 00:26:42.720

Village of Parish: The budget line point nine are for the bigger ticket more durable things that are good for more than one year these supplies minus point four.

192

00:26:43.140 --> 00:26:55.590

Village of Parish: And that's more for things of transients use like less than one year and supplies and dues and subscriptions and paper and ink and stuff like that consumables numbers.

193

00:26:57.390 --> 00:26:59.880

Village of Parish: By movies most 35.

194

00:27:00.900 --> 00:27:02.760

Village of Parish: So that would be a good addition to your book and.

195

00:27:04.170 --> 00:27:18.780

Village of Parish: Then, finally, the timing was really good, because the webcam arrived, the day that the air had etc consent quarter conference calls make, and so, because that's like interferes with breaking it down.

196

00:27:20.880 --> 00:27:27.270

Village of Parish: fall on that worked out really well and I was happy to help them here and that's all I think that.

197

00:27:29.610 --> 00:27:40.680

Village of Parish: Did you bring us down for us the katie broom reach out to those students and planning gaps for the village, maybe katie drop them off for some time.

198

00:27:41.700 --> 00:27:41.760

Village of Parish: To.

199

00:27:43.650 --> 00:27:47.100

Village of Parish: Work on work on your monitor town in here okay.

200

00:27:49.200 --> 00:27:55.980

Village of Parish: Okay katie and said that if you were to pick him up grandma grandma so she must have done it but anyways let's.

201

00:27:57.300 --> 00:27:57.660

Village of Parish: talk.

202

00:27:58.860 --> 00:27:59.130

Village of Parish: About.

203

00:28:00.180 --> 00:28:01.290

Village of Parish: How would they be.

204

00:28:03.450 --> 00:28:04.710

Village of Parish: gotten them yeah again.

205

00:28:06.420 --> 00:28:08.940

Village of Parish: Oh Okay, he didn't have a knowledge of.

206

00:28:12.270 --> 00:28:14.670

Village of Parish: Because it was Kelly trading and on my desk.

207

00:28:15.840 --> 00:28:18.300

Village of Parish: From keep the mayor yeah never.

208

00:28:19.620 --> 00:28:26.670

210

00:28:41.760 --> 00:28:42.420

Village of Parish: All this all.

211

00:28:47.010 --> 00:28:49.080

Village of Parish: emotion that we accept pause report.

212

00:28:59.250 --> 00:29:00.360

Village of Parish: There are boring.

217

00:29:23.940 --> 00:29:24.480

Village of Parish: boring.

218

00:29:27.000 --> 00:29:27.600

Village of Parish: damaged.

219

00:29:29.640 --> 00:29:30.360

226

00:30:16.320 --> 00:30:28.440

Village of Parish: Labor and materials to complete the scope of work stated above timeframe work to start for working stack finish to completion, approximately three months time remember Labor part.

227

00:30:29.460 --> 00:30:35.520

Village of Parish: Far more of a constant material also final price which isn't as bestest.

228

00:30:37.410 --> 00:30:37.860

Village of Parish: bestest.

229

00:30:39.420 --> 00:30:42.930

Village of Parish: To be done prior to the work, beginning in the village to be responsible.

Village of Parish: Okay that's fine.

244
00:31:50.910 --> 00:31:52.110
Village of Parish: i'll make a motion that.

245
00:31:53.670 --> 00:31:54.540
Village of Parish: We give them a bit.

246
00:32:05.340 --> 00:32:07.050

00:32:55.050 --> 00:32:55.770

Village of Parish: Green building.

256

00:32:56.940 --> 00:32:57.810

Village of Parish: Great yeah.

257

00:33:00.270 --> 00:33:01.380

Village of Parish: did a half or a quarter.

258

00:33:03.630 --> 00:33:06.450

Village of Parish: could be for i'm not sure I put my I don't remember.

259

00:33:07.860 --> 00:33:23.520

Village of Parish: I know so it's a fraction on a PC going on and we advertise for audit and still haven't any response on that so probably have to pursue see what we can get who can get to get that completed.

260

00:33:24.900 --> 00:33:27.270

Village of Parish: will be completing another year in short order.

261

00:33:30.060 --> 00:33:33.750

Village of Parish: Our alarm security system, you guys.

262

00:33:35.100 --> 00:33:35.550

Village of Parish: Never.

263

00:33:37.140 --> 00:33:37.440

Village of Parish: Never.

264

00:33:39.690 --> 00:33:40.650

Village of Parish: heard anything back.

265

00:33:42.210 --> 00:33:43.800

Village of Parish: On all the warning.

266

00:33:46.290 --> 00:33:48.690

Village of Parish: message you know, on Wednesday.

267

00:33:54.960 --> 00:34:02.340

Village of Parish: or benchmarking resolution with has previously tracking your energy usage and before that and amanda and.

268

00:34:03.120 --> 00:34:13.200

Village of Parish: From there she'll give us instructions as to how to pursue it I haven't heard anything oh definitely yes, so that will be for next benchmarking for.

269

00:34:13.980 --> 00:34:24.090

Village of Parish: Getting funds from nicer and then I didn't get a notice of a code is meeting in February we had done was been a 10 one in then.

270

00:34:24.870 --> 00:34:42.360

Village of Parish: He had a conflict so that didn't work out for this for 2021 and then a scheduled for February that hopefully maybe the new codes person can turn into the right there will be more next year, so she hasn't given us a day she just told me that was one of.

271

00:34:43.560 --> 00:34:44.970

Village of Parish: The possible they could attend.

272

00:34:46.080 --> 00:35:00.420

Village of Parish: Planning board, we still have a vacancy and that's been advertised as well if the candidate heaven if they own property in the village and making a Member says, my understanding, as long as a village resident.

273

00:35:02.670 --> 00:35:04.500

Village of Parish: owning property doesn't make you less.

274

00:35:05.790 --> 00:35:14.370

Village of Parish: So they own property and live here just own property they live, just over the border from the villains, but the whole property also individually.

275

00:35:18.420 --> 00:35:27.090

Village of Parish: I mean, yes, yes and gotten back to me okay well on the cva you have Mr borland who does live on software was through who actually that's.

276

00:35:28.530 --> 00:35:33.690

Village of Parish: Probably the splits both town and village, but he's the House and his house is actually in the village.

277

00:35:35.100 --> 00:35:37.320

Village of Parish: By the survey, I believe, because he's hooked up the sewer.

278

00:35:38.880 --> 00:35:41.220

Village of Parish: that's on South street 69.

279

00:35:43.500 --> 00:35:47.160

Village of Parish: I don't know if that was my it was my understanding it's almost as long as they were a village resident.

280

00:35:48.360 --> 00:35:52.110

Village of Parish: What they define us resident yeah i'd have to ask Mr Davis.

281

00:35:54.300 --> 00:36:04.950

Stephen Ganetis: I think you're probably save as long as they're paying taxes, but I can take a look at the exact municipal law to see exactly how its defined as resident, but I don't think there's a domiciled requirement.

282

00:36:06.420 --> 00:36:20.130

Stephen Ganetis: I upon looking on there, I have to so my tentative answer is they're probably good to go if they own property and pay taxes, but I will confirm and have an answer back once I take a look to see if resin is actually legally defined for you guys.

283

00:36:23.940 --> 00:36:27.900

Village of Parish: So just one person, then, if that works for done.

284

00:36:29.370 --> 00:36:33.030

Village of Parish: You know why don't know will they need a they have a.

285

00:36:36.000 --> 00:36:43.530

Village of Parish: We have no alternative, currently, so I need to know it might not be a bad idea, because any event that myself or.

286

00:36:44.280 --> 00:36:58.890

Village of Parish: The new person coming in cannot attend for a meeting, for any reason or extended beatings this person can step up and go have the board, we still have an operating costs from the from the town or village.

287

00:36:59.970 --> 00:37:04.920

Village of Parish: village village, the town, so the town is looking for its own alternates also.

288

00:37:06.240 --> 00:37:11.040

Village of Parish: Because there's town board town physicians also three three town to village.

289

00:37:13.110 --> 00:37:19.530

Village of Parish: To 3D to board three town to village both sides are looking for ultimate it's my understanding.

290

00:37:25.200 --> 00:37:26.820

Village of Parish: that some people.

291

00:37:27.930 --> 00:37:33.360

Village of Parish: find out that the system knows to capacities, we know anyone, we can.

292

00:37:35.910 --> 00:37:37.860

Village of Parish: involve most people on the.

293

00:37:39.660 --> 00:37:43.320

Village of Parish: Communications out there in cyberspace, it might like to participate.

294

00:37:47.700 --> 00:37:47.970

At.

295

00:37:49.650 --> 00:37:53.910

Village of Parish: All right, continuing medical road property with that Steve.

296

00:37:55.590 --> 00:38:07.290

Stephen Ganetis: We told Mr canet that everything is a okay he's drafting things up and once he's finished drafting is going to send it to everybody, so we are approval has been given the balls in his court.

297

00:38:07.800 --> 00:38:17.820

Stephen Ganetis: Okay, good and we don't have to do anything else for quite some time because holidays are coming and unless you're a family law lawyer like myself you're probably not doing too much work.

298

00:38:19.830 --> 00:38:21.180

Village of Parish: All right, thank you.

299

00:38:21.900 --> 00:38:32.790

Stephen Ganetis: No offense to Mr canet amazing lawyer, but it's just a stereotype for lawyers around the holidays, that you don't ever scheduled trials or motions do right before Christmas.

300

00:38:36.330 --> 00:38:36.870

Village of Parish: Right.

301

00:38:38.670 --> 00:38:40.230

Village of Parish: Continuing your banners if.

302

00:38:41.670 --> 00:38:46.680

Village of Parish: you're responsible in this major decisions for the spring or not yeah.

303

00:38:48.150 --> 00:38:53.430

Village of Parish: i'm going to do that January, February i'm going to call the guy up to.

304

00:38:56.190 --> 00:38:56.550

Village of Parish: Try to.

305

00:38:57.930 --> 00:38:58.560

Village of Parish: figure it out.

306

00:39:00.000 --> 00:39:00.480
Stephen Ganetis: pleasure.

307

00:39:02.460 --> 00:39:11.220
Village of Parish: Because I think I think we're gonna I still have a little bit in this year's budget, but I think next year we're going to have to kind of maybe great at.

308

00:39:15.030 --> 00:39:17.280
Village of Parish: What they should look good with that setup for.

309

00:39:19.050 --> 00:39:25.920
Village of Parish: All right, anything else on any of those items or other items to be discussed under old business unfinished business.

310

00:39:27.420 --> 00:39:43.950
Village of Parish: If not we'll move on to new business or budget meetings we're going to look at our schedule for next year, and because of the January 17th holiday and there's a sense of starting before so begin on January 24 of that works Monday night as we've done in the past.

311

00:39:45.630 --> 00:39:50.640
Village of Parish: Is that the fourth Monday of the month Oh yes, mining board way right for me.

312

00:39:52.080 --> 00:39:54.570
Village of Parish: Probably for us it's just organized unless you want to.

313

00:39:55.050 --> 00:40:02.670
Village of Parish: change it, but we could just meet in the office and just kind of get organized and look at rather whereas usually the first meetings just kind of getting organized and.

314

00:40:03.000 --> 00:40:09.720
Village of Parish: deciding what direction we want to go, unless you want to wait till February so much, and that would be February salad with.

315

00:40:11.760 --> 00:40:16.980
Village of Parish: That first meeting we're just trying to get organized and figure out what I want to do general or.

316

00:40:18.390 --> 00:40:19.500
Village of Parish: One is Daniel so.

317

00:40:20.640 --> 00:40:24.900

Village of Parish: First of all, first of all, we could do that to go 31st.

318

00:40:27.600 --> 00:40:33.990

Village of Parish: Year on the fourth one oh right okay so change that to the 31st 6pm.

319

00:40:35.400 --> 00:40:38.160

Village of Parish: Next week okay and.

320

00:40:40.140 --> 00:40:47.940

Village of Parish: It gets us under way and we have to have it done by the let's see 15th of April public hearing, knowing the 15th of April yeah.

321

00:40:49.590 --> 00:40:54.780

Village of Parish: And I think it has to be in place by May 1 because it isn't you're stuck with the last.

322

00:40:56.280 --> 00:40:58.200

Village of Parish: Budgets discussed at a budget workshop.

323

00:41:07.980 --> 00:41:37.710

Village of Parish: 2022 elections December 20 2021 is the first day and individually sign independent nominated petitions candidates to pick up the papers from the Clerk.

Village of Parish: I don't, why are we, where we abolish.

328

00:42:19.980 --> 00:42:26.400

Village of Parish: We always have in the past, really need for registration day, do we need one level and I don't.

329

00:42:27.450 --> 00:42:38.580

Village of Parish: Think, so I mean you just have to pay elections factors for often I mean I don't think that many people would come here to register to vote, most of it be registered already anyways.

330

00:42:42.330 --> 00:42:49.980

Village of Parish: They could get this, what I do we have registration in the office or in them to come in there.

331

00:42:51.060 --> 00:42:51.540

Village of Parish: We go.

332

00:42:53.190 --> 00:42:56.490

Village of Parish: Okay i'll make emotion and then we abolish.

333

Village of Parish: Large 50 points seven or 25 to watch their.

336

00:43:34.110 --> 00:43:34.530

Village of Parish: favorite.

Village of Parish: that's just the unpaid taxes we have.

340

00:44:21.090 --> 00:44:23.100

Village of Parish: already gone to county than right okay.

341

00:44:24.690 --> 00:44:25.110

Village of Parish: Cleaning person what's happening with that well I just I talked to her today and she can start January and she's going to come in, like next week and i'll show her stuff to do you know what her.

343

00:44:41.700 --> 00:44:44.880

Village of Parish: But i'm i'm really thinking that two people should give as.

344

00:44:46.770 --> 00:44:49.350

Village of Parish: I spoke to that guy at the state controllers Brent.

345

00:44:50.910 --> 00:45:02.430

Village of Parish: State comptroller's office and Syracuse he says, we can take roadies from the contingency incorporating the possum all that and due to the fact that the coven, this is a health issue, neither of those places place early.

346

00:45:04.290 --> 00:45:13.770

Village of Parish: So we're going to raise your salary that would you say well at least ever minimum wage yeah yeah they are it's already in the budget at 1040.

347

00:45:17.460 --> 00:45:20.040

Village of Parish: Not this year you can't you've got down line into the hall.

348

00:45:21.450 --> 00:45:27.030

Village of Parish: Lisa we can take money out of our content we've got 1400 dollars left in the current.

349

00:45:33.390 --> 00:45:36.390

Village of Parish: People they want to turn it down our hair mineral.

350

00:45:37.980 --> 00:45:40.770

Village of Parish: 1315.

351

00:45:43.680 --> 00:45:50.430

Village of Parish: Oh yeah we can budget for next fiscal year for an increased rate yeah this year to break our budget.

352

00:45:54.780 --> 00:45:58.410

Village of Parish: you've got i've got lines in the whole already and i'm only 655 months into the budget.

353

00:46:00.450 --> 00:46:08.040

Village of Parish: What what How did the budget because Ben was working five days a week yeah that's what did they budgeted him at 1040 an hour.

354

00:46:09.390 --> 00:46:11.730

Village of Parish: That lines, not in the whole yet i've got other lines that are in.

355

00:46:13.500 --> 00:46:21.570

Village of Parish: The end of the year to move things around because I can't file a report with a negative number, it has to be zeroed out or zero to the best of my abilities.

356

00:46:24.480 --> 00:46:26.220

Village of Parish: So many days a week, and she didn't work.

357

00:46:28.020 --> 00:46:34.320

Village of Parish: Well, I didn't know I mean I thought you'd work with vendors, but you know if the money's not there, then.

358

00:46:38.490 --> 00:46:43.740

Village of Parish: You know, we can easily or maybe till we get to the.

359

00:46:47.970 --> 00:46:49.020

Village of Parish: End of the fiscal year.

360

00:46:51.390 --> 00:47:07.590

Village of Parish: To get to a minimum, at least, I mean I don't know you we can you can chance yeah i'm agreeing, you can transfer from a consensus from but there's only 1400 left in there, because I transferred money twice already to cover trust you can check jewels for stuff that wasn't budgeted for.

361

00:47:09.300 --> 00:47:10.170

Village of Parish: The janitors.

362

00:47:27.240 --> 00:47:27.630

Village of Parish: office.

363

00:47:30.660 --> 00:47:34.800

Village of Parish: We need the money they should take it from somewhere somebody's.

364

00:47:39.900 --> 00:47:41.130

Village of Parish: already been quick to begin with.

365

00:47:47.280 --> 00:47:48.180

Village of Parish: He was against the.

366

00:47:49.590 --> 00:47:57.120

Village of Parish: mayor just asked him tough, you know when there was a holiday to you know take advantage of the last weekend got to do some.

367

00:47:57.900 --> 00:48:10.290

Village of Parish: housecleaning and stuff and he he took offense and said that you know he's the best we've ever had and that offended him, he said, you know that this place has never been so cleanest when he's done it and.

368

00:48:12.810 --> 00:48:23.370

Village of Parish: Okay, as of December so i'm sorry as of November 30 there was 1600 and \$41 left on the janitorial services line that's as of November.

369

00:48:24.720 --> 00:48:29.280

Village of Parish: 1616 4160 you only budgeted 2750.

370

00:48:31.050 --> 00:48:33.900

Village of Parish: You spent 1100 and \$8 and 40 cents okay.

371

00:48:37.230 --> 00:48:55.140

Village of Parish: And you might have been for December you're going to take \$100 a bag because that's going to have Dr 400 so you're down to 1541 as a December 620 \$6 a month.

372

00:48:57.030 --> 00:48:58.740

Village of Parish: She comes in one day a week.

373

00:49:01.950 --> 00:49:03.120

Village of Parish: No, I got that the same.

374

00:49:05.310 --> 00:49:09.930

Village of Parish: You know you're wanting to air or is going away, there was no way.

375

00:49:13.350 --> 00:49:14.430

Village of Parish: I think it's 1350.

376

00:49:15.960 --> 00:49:18.210

Village of Parish: Starting January know starts.

377

00:49:19.620 --> 00:49:25.740

Village of Parish: Oh yeah I think it's currently 13 yeah it's kind of a quote at the end of this year it's going to go up to 3050 yeah you.

378

00:49:26.880 --> 00:49:32.670

Village of Parish: Know starting December 31 well because because it went and part of that's silly.

379

00:49:33.390 --> 00:49:50.970

Village of Parish: give everybody 15 bucks minimum wage New York City is already there but and a couple of other counties, but the rest of the state is dependent upon the Commissioner of Labor to set the rate in October, so in October he's here she set the rate to become 1350.

380

00:49:52.020 --> 00:50:00.240

Village of Parish: and December 31 of this year base with which is, which is basically getting ready to understand why was budgeted so long because.

381

00:50:00.780 --> 00:50:22.020

Village of Parish: Like Ben was working he was working five days a week, like hour and a half full day, so this page was like getting \$10 and I only do it like two and a half hours a week right, where he was getting

it five days a week, so his paychecks was every you know put down for every week.

382

00:50:23.130 --> 00:50:28.350

Village of Parish: Those hours you see what I mean yeah I understand what you say, he was he was getting like.

383

00:50:29.670 --> 00:50:39.090

Village of Parish: 10 hours a week pushy pushy also got extra we're doing a lot if that was a separate line item to well yeah but i'm just saying right.

384

00:50:39.720 --> 00:50:57.750

Village of Parish: So i'm not seeing my fault, there you know be extra money there from September to the summer, when i've only been doing it, you know for two and a half hours a week, where he was doing it like anywhere from eight to 10 hours a week that's like 1620 hours every two weeks.

385

00:50:58.770 --> 00:51:07.110

Village of Parish: yeah Oh, they saw the number that is left in that budget by that by four weeks a month per second one says, I love or half hours.

386

00:51:08.310 --> 00:51:12.720

Village of Parish: A week but we get real estate pay this person that minimum wage porter.

387

00:51:15.570 --> 00:51:15.990

Village of Parish: Which.

388

00:51:17.040 --> 00:51:21.480

Village of Parish: is essentially just say just one day or every or at least two.

389

00:51:23.100 --> 00:51:25.140

Village of Parish: Oh definitely not on Monday that.

390

00:51:31.170 --> 00:51:36.690

Village of Parish: You probably see if you look on the on the department Labor is website there's a little sentence.

391

00:51:37.110 --> 00:51:42.840

Village of Parish: municipalities are net not out to the minimum wage, understand that Kevin That was why he was probably even slept at 1040.

392

00:51:43.530 --> 00:51:51.030

Village of Parish: Well, I mean, then, then someone can go find someone they'll do it cheaper than that, I mean i've talked to for people.

393

00:51:51.420 --> 00:52:04.440

Village of Parish: And they just laughed at me when I told him what we were being paid for this DEMO because a lot of them have more for other businesses one girl in Mexico, she said \$20 an hour that's right get \$20 an hour.

394

00:52:06.150 --> 00:52:12.990

Village of Parish: No yeah I mean I think some housecleaning here and they give me \$22 and i'll definitely to 50 and I will help.

395

00:52:14.610 --> 00:52:16.860

Village of Parish: i'm not arguing, and then just tell me.

396

00:52:20.700 --> 00:52:21.270

Village of Parish: Real Estate.

397

00:52:22.380 --> 00:52:22.620

yeah.

398

00:52:24.240 --> 00:52:24.540

it's just.

399

00:52:25.710 --> 00:52:29.160

Village of Parish: Not today's economy or way things have changed.

400

00:52:31.350 --> 00:52:33.060

Village of Parish: But I asked we're stuck with a budget that.

401

00:52:34.440 --> 00:52:35.910

Village of Parish: They can pay somebody to.

402

00:52:39.090 --> 00:52:43.980

Village of Parish: Do a paper, so I just meant, for you know four and a half hours a week, one day a week.

403

00:52:47.640 --> 00:52:49.290

Village of Parish: In July, what will the option here.

404

00:52:50.550 --> 00:52:51.300

Village of Parish: Two hours.

405

00:52:52.560 --> 00:52:57.810

Village of Parish: And how much they write for two hours, I can make payments now but.

406

00:53:01.890 --> 00:53:02.220

Village of Parish: yeah.

407

00:53:03.510 --> 00:53:09.960

Village of Parish: But the same point, you might want to spend some you know just once a week for five hours now do a good job, as opposed to doing it.

408

00:53:11.190 --> 00:53:11.970

Village of Parish: Half assed job.

409

00:53:16.530 --> 00:53:18.720

Village of Parish: Okay that's my thought on that one.

410

00:53:20.730 --> 00:53:22.290

Village of Parish: We can discuss that more.

411

00:53:24.870 --> 00:53:26.400

Village of Parish: When we do our budget meeting.

412

00:53:37.080 --> 00:53:38.010

suggestions.

413

00:53:49.290 --> 00:53:53.430

Village of Parish: Like four hours a week and then like.

414

00:53:55.110 --> 00:53:57.750

Village of Parish: How much good she what what could they.

415

00:53:58.890 --> 00:54:01.590

Village of Parish: Be without breaking the thing what could be.

416

00:54:06.390 --> 00:54:14.040

Village of Parish: as hard as hard to figure I don't know what she can I, you know, some people can do lots of things in four hours, and some people take some.

417

00:54:15.240 --> 00:54:22.530

Village of Parish: Eight hours to do what some people can do it for hours depends on the person, you have well, the thing is there's a lot of people have a lot of services.

418

00:54:25.110 --> 00:54:32.790

Village of Parish: Right that's the supervisors office, the clerk's office, so those see me in every day, no.

419

00:54:33.840 --> 00:54:37.590

Village of Parish: Clear shot because somebody scenario baskets per day.

420

00:54:38.700 --> 00:54:44.280

Village of Parish: Right, some of us do some surfaces and they don't get a lot of usage, every day, so the.

421

00:54:46.380 --> 00:54:52.380

Village of Parish: gym doesn't get to the end of every day, and what I don't like when Ben was doing everything is it you know.

422

00:54:54.840 --> 00:55:05.550

Village of Parish: We almost recyclables in offices and Ben why you don't think everything together oh doesn't matter Michael Butler and she said, if I put it in boxes or bank, so I have a lot of people grocery bags.

423

00:55:05.910 --> 00:55:19.410

Village of Parish: So I recycle all the papers, they came from all the offices work and we're done with just sewing everything he had like four or five things the garbage dump there were usually I have one bag of garbage rest I recycle because you didn't know how to read the.

424

00:55:21.150 --> 00:55:23.070

Village of Parish: ar ar ar PA.

425

00:55:26.310 --> 00:55:28.110

Village of Parish: can't use any of that for planning.

426

00:55:29.460 --> 00:55:33.660

Village of Parish: Well, that was going to be used for.

427

00:55:34.830 --> 00:55:46.020

Village of Parish: The wastewater treatment plan you're able to squeeze a lot of that I don't know we can use it for a budgetary items like this, I don't I haven't seen any people okay.

428

00:55:47.610 --> 00:55:54.120

Village of Parish: i'm sorry I haven't seen that part yeah I just know this water sewer and Internet Internet infrastructure.

429

00:55:55.440 --> 00:55:56.490

Village of Parish: At least privileges.

430

00:55:57.870 --> 00:56:01.080

Village of Parish: Now if they've modified it I haven't gotten anything and running it so they have.

431

00:56:02.130 --> 00:56:04.710

Village of Parish: Maybe a portion says if you're saying Cobra this.

432

00:56:05.880 --> 00:56:11.970

Village of Parish: First budget meeting we'll talk to you know, because that will be because you're gonna have to.

433

00:56:13.260 --> 00:56:14.250

Village of Parish: kevin's gonna have to.

434

00:56:15.630 --> 00:56:18.360

Village of Parish: figure out what we need to actually plan right now.

435

00:56:20.430 --> 00:56:32.130

Village of Parish: here's another thing that the product to need that with a new highway superintendent they don't know if he's gonna clean out here, or anything and we're going to do if we get snow one stuff we're Craig is the one that.

436

00:56:32.490 --> 00:56:39.450

Village of Parish: You know, we plow as much as he could and then each other, it culminated shovel what was left, but with a new guy.

437

00:56:40.110 --> 00:56:50.220

Village of Parish: I know i've heard rumors and stuff that he's not going to do much if he doesn't have to so I don't know if he's gonna clear up front here for us or not really nice sidewalk or the cloud.

438

00:56:51.540 --> 00:56:57.570

Village of Parish: Rather, pay is still pay their taxes, I am I understand that, but you know someone will have to.

439

00:56:58.320 --> 00:57:09.960

Village of Parish: speak to him to do, I mean the library or trying to look to things they don't know if you even you know Bob with the library before, so I mean i'm just throwing it out there was brought to me that.

440

00:57:12.060 --> 00:57:19.800

Village of Parish: They have these cuttino concern something in there for you resignation and goats do some of the work for you outside.

441

00:57:22.710 --> 00:57:27.930

Village of Parish: Because no fans me who have I can you know, we do have that track your time ago.

442

00:57:29.700 --> 00:57:41.010

Village of Parish: sort of way, which is a town tragic yeah i'm a snowblower on it, so we have to, we can always use that to clean clean the sidewalk and you know.

443

00:57:42.330 --> 00:57:45.600

Village of Parish: Or you want to put me down there after you finish.

444

00:57:48.450 --> 00:57:50.070

Village of Parish: Here, why not.

445

00:57:54.000 --> 00:57:54.240

Village of Parish: I you.

446

00:57:55.710 --> 00:57:57.210

Village of Parish: Know i'm not doing it right.

447

00:57:59.070 --> 00:58:02.010

Village of Parish: I look, I mean that's I mean, are you going to do it.

448

00:58:03.270 --> 00:58:05.910

Village of Parish: I can't do it unless I resign oh.

449

00:58:07.050 --> 00:58:07.380

Village of Parish: Why.

450

00:58:08.550 --> 00:58:12.840

Village of Parish: Because we're not supposedly we're not allowed to do that stuff are we.

451

00:58:15.180 --> 00:58:15.960

Village of Parish: get paid.

452

00:58:16.410 --> 00:58:18.540

Stephen Ganetis: To do we just can't get paid for it so.

453

00:58:19.590 --> 00:58:21.090

Village of Parish: You know i'm like well.

454

00:58:22.140 --> 00:58:27.600

Stephen Ganetis: No, you should not bond here i'm not saying in any way, shape or form that i'm just saying what the rules are.

455

00:58:30.720 --> 00:58:32.670

Village of Parish: Worse comes to worse, I can probably go.

456

00:58:33.690 --> 00:58:34.290

once in a while.

457

00:58:35.310 --> 00:58:44.460

Village of Parish: To find a janitor I can't even imagine that, if we put out the answer anyone to you know come with their snow shovel or something I don't know anyone around that you know.

458

00:58:45.960 --> 00:58:48.900

Village of Parish: I do yeah there's a woman that quinsey.

459

00:58:51.150 --> 00:58:54.180

Village of Parish: poster she gets out she showed double J.

460

00:58:56.130 --> 00:59:03.570

Village of Parish: doesn't she works at the post office, no, no post office has contractor clean out that one's a enterprises.

461

00:59:04.650 --> 00:59:08.070

Village of Parish: On, for I saw the post office barrel out there, doing that.

462

00:59:09.900 --> 00:59:11.610

Village of Parish: Well, they may do it.

463

00:59:12.660 --> 00:59:19.590

Village of Parish: Because most of these people that show or clean out driveways, and so they want to do, unless you delete readings or snowing.

464

00:59:20.490 --> 00:59:34.560

Village of Parish: So he got me an extra snow on the ground yeah but are they going to do it, or do they want to follow to we're going to take the want you have to hire them to follow to a mess with angel or they're just going to comment, if you want them to shovel well.

465

00:59:35.610 --> 00:59:42.180

Village of Parish: I don't know given me yeah if they have the contract about post office and then go out and they'll shovel but.

466

00:59:42.540 --> 00:59:54.150

Village of Parish: Are they going to come here and you say Oh, we don't need you to plow but we just want you to shovel because the cloud, you know cloud right up to the road site, we just need it cleared from the road up until the building.

467

00:59:56.280 --> 01:00:03.120

Village of Parish: Well, depends on whether it after sidewalks of course they're going to they're going to do it all the way to the sidewalk.

468

01:00:04.260 --> 01:00:08.280

Village of Parish: When they follow the road it's right up to the site off know craig's don't.

469

01:00:09.870 --> 01:00:14.100

Village of Parish: Know keep flows from the sidewalk up here to like the garbage barrel.

470

01:00:15.120 --> 01:00:15.930

Village of Parish: Or you mean the.

471

01:00:17.430 --> 01:00:19.770

Village of Parish: county clouds on the sidewalk you.

472

01:00:21.360 --> 01:00:32.760

Village of Parish: disciple will be on the edge of the road, right up yeah but they don't they don't do the sidewalk tours I know practice used to do the sidebar create this the length of the same.

473

01:00:34.140 --> 01:00:35.640

Village of Parish: As what i'm saying yeah.

474

01:00:36.750 --> 01:00:43.350

Village of Parish: The highway department doesn't go come that far old they only going to do certain amount shoulder to shoulder.

475

01:00:44.940 --> 01:00:48.360

Village of Parish: Okay, so it this new guy not going to.

476

01:00:50.130 --> 01:00:56.550

Village of Parish: Ask before we get all in a tough about well yeah but i'm just saying I mean you know.

477

01:01:00.360 --> 01:01:02.160

it's always assumptions.

478

01:01:04.230 --> 01:01:04.470

based.

479

01:01:06.450 --> 01:01:08.250

Village of Parish: gotta remember, we also have you.

480

01:01:12.780 --> 01:01:16.080

Village of Parish: know I got that we got to get them.

481

01:01:17.730 --> 01:01:22.770

Village of Parish: yeah you know you still gotta wait asked, and so, when they say.

482

01:01:23.880 --> 01:01:35.010

Village of Parish: that they should be willing to do that, since we are taxpayers in towns and they said that area that they follow the talent rowan's draw and so they're.

483

01:01:36.480 --> 01:01:41.520

Village of Parish: The only power I got that but what we're talking about the sidewalk in front of the door right.

484

01:01:43.020 --> 01:01:49.110

Village of Parish: it's all the news X yeah but so you bought because the town.

485

01:01:50.250 --> 01:01:51.270

Village of Parish: officer as.

486

01:01:52.380 --> 01:01:54.060

Village of Parish: Well, so I don't think we're gonna be.

487

01:01:59.940 --> 01:02:10.410

Village of Parish: Looking at the screen situation, maybe in find out these apia era P phones can be used in that direction that would be that would help relieve some of that concern.

488

01:02:11.520 --> 01:02:15.600

Village of Parish: Alright, continuing then is there anything else on your new business address and.
