1

00:00:10.019 --> 00:00:12.389

Village of Parish: Like I said it's kind of important and somewhere.

2

00:00:13.410 --> 00:00:14.700

Village of Parish: Water and pushed out.

3

00:00:16.080 --> 00:00:19.410

Village of Parish: The Center of the road you gotta fix it versa, that we can open it up.

4

00:00:26.940 --> 00:00:27.900

Village of Parish: With us using.

5

00:00:37.980 --> 00:00:40.950

Village of Parish: asked to the highways, because even my.

6

00:00:42.390 --> 00:00:42.720

summer.

7

00:00:44.850 --> 00:01:00.660

Village of Parish: So we can either put in my line of work, the plan, and you can see the super triple concrete around that instead of asphalt because right now we have cold patch and i'm afraid to light up when we get done doing that.

8

00:01:02.070 --> 00:01:05.340

Village of Parish: Something more permanent, we could say people brand.

9

00:01:08.610 --> 00:01:10.230

Village of Parish: New song.

10

00:01:12.570 --> 00:01:14.340

Village of Parish: So I prefer the concrete.

11

00:01:15.840 --> 00:01:16.890

Village of Parish: And the bumper and.

12

00:01:19.590 --> 00:01:20.100

Village of Parish: Then there's.

13

00:01:21.630 --> 00:01:27.630

Village of Parish: The question remains is this manhole still now going to be above the great of the road.

14

00:01:28.710 --> 00:01:38.370

Village of Parish: race, the road off, but the customer on it, they can opt in or opt to it right, I just don't know how far off of that you know up, it is yeah oh it's.

15

00:01:40.050 --> 00:01:42.240

Village of Parish: someone like I said we cooked it.

16

00:01:43.560 --> 00:01:45.630

Village of Parish: I mean we'll get it we'll get it to this blush.

17

00:01:51.600 --> 00:01:53.820

Village of Parish: That is called packaging and again.

18

00:01:54.900 --> 00:02:01.350

Village of Parish: Well, as one of the top two towns, who was the road we.

19

00:02:03.600 --> 00:02:04.590

Village of Parish: don't go down.

20

00:02:07.620 --> 00:02:07.980

Village of Parish: That path.

21

00:02:10.470 --> 00:02:10.770

Village of Parish: So.

22

00:02:12.450 --> 00:02:13.530

Village of Parish: we'll do this in two ways.

23

00:02:17.070 --> 00:02:17.880

Village of Parish: I don't bond.

24

00:02:21.150 --> 00:02:22.230

Village of Parish: Okay, with the highway.

25

00:02:26.970 --> 00:02:37.110

Village of Parish: If I was in her position the Moderator of content behind super Bennett directly tomorrow i'm can call my office I don't have a cell phone.

26

00:02:38.280 --> 00:02:48.690

Village of Parish: on the phone with up it upstairs on thurs number, but you can also have that the supervisors office tomorrow, I will be in the kitchen is number three how we can do.

27

00:02:52.770 --> 00:02:54.000

Village of Parish: Something like that yeah.

28

00:02:59.010 --> 00:03:07.260

Village of Parish: Or you can even look at our website, and I believe he I was superintendents solid right there the numbers are exactly.

29

00:03:08.760 --> 00:03:11.040

Village of Parish: So topic tomorrow.

30

00:03:12.270 --> 00:03:12.570

and

31

00:03:15.720 --> 00:03:20.940

Village of Parish: 43 point 500 if we go ahead and move on, so how.

32

00:03:23.100 --> 00:03:23.490

Village of Parish: About.

33

00:03:25.200 --> 00:03:26.820

Village of Parish: We have another one.

34

00:03:31.470 --> 00:03:39.270

Village of Parish: emotion that we would get that one sorry done and look at look at your own words when.

35

00:03:40.350 --> 00:03:42.600

Village of Parish: they're happy to just one, but the blocking.

36

00:03:44.610 --> 00:03:44.970

Village of Parish: The same.

37

00:03:47.070 --> 00:03:47.760

Village of Parish: Time that.

38

00:03:48.840 --> 00:03:49.920

Village of Parish: I thought that was wrong.

39

00:03:58.680 --> 00:03:59.640

Village of Parish: Alright alright.

40

00:04:09.480 --> 00:04:10.110

Village of Parish: Alright cool.

41

00:04:32.610 --> 00:04:42.990

Village of Parish: Yes, all you know what I was going to present today is very similar to walk on can have the same regardless of who's ready to play in capital project general.

42

00:04:44.160 --> 00:04:56.520

Village of Parish: So i'll start with that, first, so we are still you know we were funding for that project applications are in USB rv and usc through the program was submitted last November.

43

00:04:57.240 --> 00:05:06.570

Village of Parish: I put both of those programs on notice about the recent events with the sea and the fact that consent orders and whenever.

44

00:05:07.740 --> 00:05:28.140

Village of Parish: I only saw some of the street is that the rebrand announcements or the end of January, February, so we should go on that pretty simple, I believe, are usually until that order comes through to make an offer also so we're in a good position with.

45

00:05:32.010 --> 00:05:34.680

Village of Parish: Their needs and their balls back and obviously a.

46

00:05:35.970 --> 00:05:42.750

Village of Parish: number of issues that were identified we've had several years now between ourselves.

47

00:05:44.460 --> 00:05:50.970

Village of Parish: To village and etc to you know discussing ongoing issues, the planners is all.

48

00:05:52.200 --> 00:05:55.080

Village of Parish: it's not really any other things are falling apart.

49

00:05:56.670 --> 00:06:01.170

Village of Parish: So the only certainly realize that you know that that's The keys.

50

00:06:04.260 --> 00:06:17.790

Village of Parish: really got to issues you know what is the put that in the southern unit, which would be also saves a lot of money right now to replace something that we're not associated with losers part of the capital improvement projects.

51

00:06:19.530 --> 00:06:21.330

Village of Parish: and obviously on the North.

52

00:06:25.080 --> 00:06:25.320

Village of Parish: side.

53

00:06:27.420 --> 00:06:29.430

Village of Parish: channel that energy errs corona.

54

00:06:31.680 --> 00:06:34.980

Village of Parish: Missing and I see they're not they're not getting up there.

55

00:06:37.590 --> 00:06:37.920

Village of Parish: So.

56

00:06:38.940 --> 00:06:40.350

Village of Parish: Had discussion in the movie.

57

00:06:41.640 --> 00:06:58.140

Village of Parish: And Luckily, there were a rebate so there's really two components to it that's our one is a temporary fence like short term effects okay well you guys can be now there's also the issue that we're actually have, and you know the long term, which is obviously.

58

00:07:05.820 --> 00:07:06.450

Village of Parish: So.

59

00:07:07.560 --> 00:07:10.890

Village of Parish: Luckily, we were able to work with us.

60

00:07:12.150 --> 00:07:15.210

Village of Parish: To have a brief.

61

00:07:16.440 --> 00:07:21.240

Village of Parish: As part of the short term template that's all you have to be.

62

00:07:22.260 --> 00:07:23.580

Village of Parish: Progressive Center.

63

00:07:24.780 --> 00:07:25.080

That.

64

00:07:26.550 --> 00:07:43.020

Village of Parish: You know men could have made us replace the internals in your unit for redundancy perspective leaders also having those you they obviously understand that is you know large financial undertaking for the village or something.

65

00:07:44.520 --> 00:07:48.090

Village of Parish: So that's good news so i'm your.

66

00:07:49.230 --> 00:07:51.180

Village of Parish: That you just sat over today.

67

00:07:52.260 --> 00:08:05.760

Village of Parish: schematic about to depend folks there for for them to review to do a temporary fix on the air delivery system, while it's basically a temporary color would you only have.

68

00:08:06.930 --> 00:08:09.000

Village of Parish: dropped out into the world.

69

00:08:11.430 --> 00:08:17.220

Village of Parish: Basically we're not gonna do anything but graduating with the South for me about.

70

00:08:19.380 --> 00:08:34.440

Village of Parish: The software corrected that are born, we just have to put a new pictures in their career to get correct, how can you see that remember that is I can can register invesco you said yes.

71

00:08:36.180 --> 00:08:42.990

Village of Parish: So similar that are that are so basically you're asking us at this point.

72

00:08:44.190 --> 00:08:53.370

Village of Parish: you're going to destiny, so I know talking with returns group you're supposed to do the work so.

73

00:08:55.590 --> 00:08:58.830

Village of Parish: it's just a matter I guess for our thoughts.

74

00:09:00.390 --> 00:09:00.780

Village of Parish: yeah.

75

00:09:02.850 --> 00:09:05.160

Village of Parish: So so so that's that.

76

00:09:08.040 --> 00:09:09.870

Village of Parish: shiny white all this.

77

00:09:11.310 --> 00:09:15.420

Village of Parish: As kind of nurturing settlers want to help mouse one more points for.

78

00:09:19.140 --> 00:09:19.530

Village of Parish: That.

79

00:09:49.440 --> 00:09:52.290

Village of Parish: we're ready, we have them when I do.

80

00:09:54.540 --> 00:09:54.870

Village of Parish: It.

81

00:10:04.710 --> 00:10:05.430

Village of Parish: What makes.

82

00:10:07.110 --> 00:10:18.000

Village of Parish: For because we are, we are, we are only going to get this much you bear with this that's correct yeah so you only get a certain percentage and that's all the time, the median household income will know.

83

00:10:21.330 --> 00:10:30.000

Village of Parish: It just it just affects how the projects, they can find them, you know it's not going to increase the amount of revenue and get.

84

00:10:31.410 --> 00:10:32.550

Village of Parish: You know if.

85

00:10:34.170 --> 00:10:40.860

Village of Parish: You know if somebody wants to be the same thing just, hopefully, that means your project, you know I mean you're going to get.

86

00:10:43.200 --> 00:10:43.980

Village of Parish: you're gonna get funded.

87

00:10:46.650 --> 00:10:54.690

Village of Parish: Because that's going to be the other aspect of it so owners are going to say no, you have to have your long term fix done by this whatever.

88

00:11:00.060 --> 00:11:12.600

Village of Parish: So now, after that that people over on their customers so basically right now the vc wants to know you know, when you say you're going to have the short term fix complete so they can put that in the disorders.

89

00:11:16.110 --> 00:11:17.250

Village of Parish: That being said.

90

00:11:18.870 --> 00:11:20.940

Village of Parish: Some of that money to pay.

91

00:11:22.800 --> 00:11:25.770

Village of Parish: The bill for the for the funding.

92

00:11:27.660 --> 00:11:34.290

Village of Parish: So over the answer to that is I don't know i'm going to have that would be a question for the funding agencies.

93

00:11:35.040 --> 00:11:40.920

Village of Parish: The only reason I hesitate because it's not something that's it is, it is considered, I would say, an emergency repair.

94

00:11:41.490 --> 00:11:51.060

Village of Parish: But it's not something that's being done towards the long term capital project Okay, it is truly just a temporary kind of bandwidth that's yeah so.

95

00:11:51.930 --> 00:11:59.880

Village of Parish: But we can certainly ask the question you know when it is a tug of you know where we get the money phone and you know so you've asked the question.

96

00:12:02.490 --> 00:12:02.910

Village of Parish: Okay.

97

00:12:04.740 --> 00:12:17.280

Village of Parish: A couple of things with your mind and your input, so the second item on the agenda here is the collection system is done so, as you may or may not be aware.

98

00:12:18.300 --> 00:12:28.560

Village of Parish: We submitted the application back, I want to say in May or June of last year for a grant to do infiltration study of your question system.

99

00:12:29.220 --> 00:12:50.490

Village of Parish: So i'm happy to announce that you were successful in receiving and grant so that's actually attach the letter from the FCC indicated that you got a \$30,000 grant to do an I studied Okay, there is a 20% required match for that, which equates to \$6,000.

100

00:12:52.380 --> 00:12:59.550

Village of Parish: Because I believe music people for that if you want all those other analogy that furniture, that is not one yeah what's the name.

101

00:13:01.230 --> 00:13:01.650

Village of Parish: logo.

102

00:13:03.090 --> 00:13:08.970

Village of Parish: Cobra yeah he's got that he can have that in your calculation for.

103

00:13:10.080 --> 00:13:11.070

Village of Parish: Funding Oh, she.

104

00:13:12.840 --> 00:13:13.740

Village of Parish: She counted in her.

105

00:13:14.760 --> 00:13:19.440

Village of Parish: Funding regulation okay so that's been our kids with punches.

106

00:13:20.490 --> 00:13:23.340

Village of Parish: OK so anyway, so that diagnosis or 6000.

107

00:13:24.360 --> 00:13:46.230

Village of Parish: And then whenever I saw well, you might want to do, she sends over I am not see anything on original stuff we had to respond better, what do you guys plan on doing with the rescue okay gotcha so so I mean, I still believe that you can use that that money towards this.

108

00:13:54.390 --> 00:14:04.140

Village of Parish: So anyways you know we put together a contract for consideration to do this study we don't several of them, obviously we work closely with mechanics rooms.

109

00:14:04.770 --> 00:14:14.610

Village of Parish: to identify the problem areas that all reduce this will flow data, you know, probably just for monitoring spring spring is coming up so, how does it.

110

00:14:16.770 --> 00:14:22.890

Village of Parish: Work and they will do some smoke testing CCP will provide their lives.

111

00:14:24.060 --> 00:14:28.080

Village of Parish: In the bunch of lines seen on the call is for this extra large.

112

00:14:31.710 --> 00:14:44.520

Village of Parish: right also is really costing everybody in this village more money, I mean the new name that's wisdom reagan's you're getting you

know excessive flows, you know or any more power, you can just list those out there are no easy to smoke test.

113

00:14:45.540 --> 00:14:45.990

Village of Parish: brings.

114

00:14:49.530 --> 00:14:52.440

Village of Parish: tears tears will tell you that was my I remember correctly.

115

00:14:54.300 --> 00:15:01.230

Village of Parish: yeah yeah definitely right you got it you got \$3,000 and you know grab my sleep so.

116

00:15:02.400 --> 00:15:21.450

Village of Parish: yeah I think you know, obviously it's a good opportunity to do some investigation, so you know our proposal to do that work is \$36,000, which is obviously the 30,000 \$30,000 match, and it will take that as far as far as well we didn't look at it in the system.

117

00:15:22.620 --> 00:15:24.330

Village of Parish: you'll be deliverable for that it's.

118

00:15:25.710 --> 00:15:43.080

Village of Parish: very similar to what we did the wastewater project saying you did a study you know if you're in the areas that we recognize, you know we have in place, in your view of the whole line is you know clothesline replace two sections stuff right either one for it.

119

00:15:44.370 --> 00:15:49.860

Village of Parish: And then we take that and use that for improvement Friday, there was a costco waited.

120

00:15:51.720 --> 00:15:58.590

Village of Parish: To system so it's been several years here, and you know it's a figure 800 bucks a day.

121

00:16:00.510 --> 00:16:01.800

Village of Parish: yeah so I don't know.

122

00:16:11.310 --> 00:16:22.980

Village of Parish: If you're going to want to do that in a targeted way right right right so it's a flow data and it's in the flow data will say Okay, we want to hit these lines, and then we'll hire you know.

123

00:16:30.000 --> 00:16:33.000

Village of Parish: So yeah so I have that, for your consideration, I believe that you.

124

00:16:34.590 --> 00:16:35.400

Village of Parish: will be folks.

125

00:16:37.080 --> 00:16:37.620

Village of Parish: So to.

126

00:16:39.300 --> 00:16:40.350

Village of Parish: get started on.

127

00:16:44.550 --> 00:16:45.660

Village of Parish: Any questions on that.

128

00:16:47.160 --> 00:16:53.340

Village of Parish: so wonderful so much water project, so I know we've been talking about this will walk to.

129

00:16:54.390 --> 00:16:54.960

Village of Parish: The end.

130

00:16:56.010 --> 00:16:56.880

Village of Parish: You know I understand.

131

00:16:58.560 --> 00:17:13.380

Village of Parish: The question in the survey last year to update some interest I laid my eyes on those results, but my understanding is there was a way to you know potentially look at a project, the angel project.

132

00:17:16.170 --> 00:17:18.420

Village of Parish: The IMA with the talent, I think, is then.

133

00:17:19.530 --> 00:17:20.520

Village of Parish: may know invoice.

134

00:17:21.750 --> 00:17:27.450

Village of Parish: So I think you're out of that, I think that was on my screen balls that we had as well that we.

135

00:17:28.620 --> 00:17:35.190

Village of Parish: Live so right now, you know just put it on the table, would be a good time to start thinking about a project.

136

00:17:37.620 --> 00:17:41.460

Village of Parish: You know there's additional money coming hopefully they started finding.

137

00:17:42.510 --> 00:17:48.150

Village of Parish: More projects, I think the villagers had a really good chance of getting funding.

138

00:17:49.650 --> 00:17:50.100

Village of Parish: So.

139

00:17:51.600 --> 00:17:55.230

Village of Parish: You know, obviously gotta go through the same thing I go through.

140

00:17:57.150 --> 00:18:14.190

Village of Parish: Again, for environmental assessment you already know, our our legacy company Bob Bob the burly know at one point 12 years ago in this, you know the project and, obviously, the joint project so.

141

00:18:15.570 --> 00:18:21.600

Village of Parish: yeah we've kind of already started to lay the groundwork for that 12 years ago there's.

142

00:18:22.830 --> 00:18:35.460

Village of Parish: To wire charges, in my opinion, one will be from outlook know transitioning within an hour to get working on that little white lie on the other, would be from Mexico or.

143

00:18:36.540 --> 00:18:45.240

Village of Parish: We worked in Mexico we're cleaning their next one that's just the basic way to the village 116 yeah.

144

00:18:46.710 --> 00:18:47.280

Village of Parish: Just about.

145

00:18:49.590 --> 00:18:51.120

Village of Parish: 200 feet off.

146

00:18:52.740 --> 00:19:05.430

Village of Parish: Right, so we have to go to that they have a better pressure you're the problem I knew him, will we will evaluate all that, as part of the engine for there's truly tangible awkward for us wanting.

147

00:19:06.840 --> 00:19:09.540

Village of Parish: more expensive apparently not going.

148

00:19:10.860 --> 00:19:30.480

Village of Parish: to Mexico we've done the entire term Expo with pylons for IP SEC monitoring, they have not had an issue with it at all, we put it, you know we classify that over to you just actually their job was to use the data that i'll be able to shoot this over class so.

149

00:19:31.680 --> 00:19:32.730

Village of Parish: You always able to.

150

00:19:34.350 --> 00:19:39.120

Village of Parish: Stay us like you know I just knew all the other.

151

00:19:40.170 --> 00:19:59.130

Village of Parish: Exactly exactly so yeah that's that's a con, in my opinion, your locker that they make us up on price because that's what their spec side and that's all want to do is as far as the operation, so you know if you were to come the other way, for you know ultimately goes.

152

00:20:00.960 --> 00:20:09.120

Village of Parish: You know that you consider Those are all things that we were evaluated and say hey look, this is what it's going to cost is click on.

153

00:20:11.790 --> 00:20:12.000

Village of Parish: That.

154

00:20:13.920 --> 00:20:26.940

Village of Parish: So with That being said, I put a proposal together for us to start that process for you folks to do a fundraiser for environmental report and I supposed to do that is 70,005.

155

00:20:33.750 --> 00:20:38.310

Village of Parish: So that's all I got like a teacher an hour later, but.

156

00:20:39.510 --> 00:20:41.280

Village of Parish: i'm ready to take on day.

157

00:20:42.750 --> 00:20:44.490

Village of Parish: or whatever it had a sunset date of January 15 so in general is that close something has to happen to continue to allow you to do that because I think most people would agree that it's been a useful thing.

281

00:35:47.490 --> 00:35:50.640

Village of Parish: About a lot of circumstances where every Sunday.

282

00:35:53.400 --> 00:35:55.080

Village of Parish: and still do a lot of these things.

283

00:35:57.210 --> 00:35:58.260

Village of Parish: So they did.

284

00:35:59.670 --> 00:36:00.990

Village of Parish: notice on.

285

00:36:02.190 --> 00:36:16.410

Village of Parish: Seven days or 15 legislation in place in a new legislation type for date time duration of the property So hopefully this is us for now we've created a folder there and.

286

00:36:17.160 --> 00:36:29.520

Village of Parish: we're handling discussion on changing your thought anyway incorporate things like it's an overview, so there there's been discussion in Albany about changing.

287

00:36:31.050 --> 00:36:33.000

Village of Parish: And if they change their communities all.

288

00:36:34.560 --> 00:36:36.240

Village of Parish: Right and be open these steps.

289

00:36:38.580 --> 00:36:39.270

Village of Parish: outside.

290

00:36:53.340 --> 00:36:53.730

Village of Parish: Of the health.

291

00:37:03.690 --> 00:37:04.080

Village of Parish: night.

292

00:37:26.490 --> 00:37:26.940

Village of Parish: it's been.

293

00:37:27.960 --> 00:37:28.650

Village of Parish: A disaster.

294

00:37:29.790 --> 00:37:33.690

Village of Parish: To September parking peptides becky point I was making originally.

295

00:37:34.920 --> 00:37:47.940

Village of Parish: But the governor has to be specific to zoom is that it authorizes it through the duration of the ultimate urgency the second thing is expanding the current health emergency to the party.

296

00:37:49.260 --> 00:37:58.530

Village of Parish: i'm going to guess given circumstances longer and more federal emergency waiting and will continue to be extended after April 14.

297

00:37:59.340 --> 00:38:14.760

Village of Parish: Whatever whatever date through continuing action by the governor that establishes itself, as long as you keep on doing that for the resume resume resume authorization itself was separate from this and doesn't have a date associated with it.

298

00:38:16.410 --> 00:38:16.650

well.

299

00:38:18.180 --> 00:38:26.730

Village of Parish: Well yeah anyway, the actual result is right now you're going through the 14 February or as long as Governor keeps on going on keeping.

300

00:38:28.620 --> 00:38:29.910

Village of Parish: On going wait.

301

00:38:31.170 --> 00:38:32.880

Village of Parish: A very much like.

302

00:38:38.310 --> 00:38:49.980

Stephen Ganetis: there's no way it's not getting extended the courts are all closing down it's it's women might have a little bit of a backslide March, but February is going to be all zoom yeah no.

303

00:38:51.330 --> 00:38:52.020

Village of Parish: I agree.

304

00:38:56.670 --> 00:38:57.870

Village of Parish: You get a copy of this.

305

00:39:01.980 --> 00:39:09.750

Village of Parish: problem with independence for the city of Albany and I asked whether you come up with a version of that doesn't say city of Austin now.

306

00:39:10.890 --> 00:39:11.190

Village of Parish: let's.

307

00:39:12.210 --> 00:39:15.540

Village of Parish: make another sentence, make a portion of it and.

308

00:39:16.590 --> 00:39:18.060

Village of Parish: let's talk about that real.

309

00:39:20.280 --> 00:39:39.240

Village of Parish: This is the United always people reminder that and I did some research online I listened to both the to the website and on the group that turned out that Robin based on to see if there was like a generic template on your own information right, I did not find one.

310

00:39:41.130 --> 00:39:42.810

Village of Parish: I could probably in.

311

00:39:44.340 --> 00:39:44.940

Village of Parish: order to show.

312

00:39:46.080 --> 00:39:46.290

Village of Parish: them.

313

00:39:47.220 --> 00:39:54.750

Stephen Ganetis: hey Paul do you want to email that to me that is basically what you've been doing with auburn i've got a lot of connections with auburn I might actually be able to help.

314

00:39:55.320 --> 00:39:57.720

Village of Parish: whoa okay Oh well.

315

00:39:58.470 --> 00:40:04.890

Stephen Ganetis: leisure no rush just figured just email me and we can talk about it will not bother people on the meeting i'll see if I could do anything to help you.

316

00:40:07.440 --> 00:40:08.220

Village of Parish: On the show see.

317

00:40:13.980 --> 00:40:15.660

Village of Parish: flyer that auburn did.

318

00:40:17.310 --> 00:40:17.790

Village of Parish: So.

319

00:40:18.870 --> 00:40:21.180

Village of Parish: yeah I can get a copy of that and we'll send it to him.

320

00:40:21.300 --> 00:40:25.950

Village of Parish: we'll see what we can do to I think the original ones in nifty colors so.

321

00:40:27.750 --> 00:40:28.380

Stephen Ganetis: yeah.

322

00:40:29.520 --> 00:40:37.590

Stephen Ganetis: i've got a lot of contacts and Oliver, and so I should be able to if you're worried about like stay on the stand up for someone step on someone's toes i'm.

323

00:40:38.190 --> 00:40:39.660

Stephen Ganetis: i'm fairly certain will be okay.

324

00:40:40.170 --> 00:40:40.350

well.

325

00:40:41.400 --> 00:40:41.970

Village of Parish: that very much.

326

00:40:42.810 --> 00:40:44.520

Stephen Ganetis: My pleasure to talk to you by email for that.

327

00:40:49.050 --> 00:40:49.680

Stephen Ganetis: Was that.

328

00:40:51.510 --> 00:40:54.450

Stephen Ganetis: Tomorrow sounds great Thank you so much.

329

00:41:08.160 --> 00:41:08.370  
All.

330  
00:41:13.590 --> 00:41:14.850  
Key bank going.

331  
00:41:15.930 --> 00:41:17.220  
And we have a.

332  
00:41:18.270 --> 00:41:19.320  
Report from.

333  
00:41:21.270 --> 00:41:23.640  
Village of Parish: Mr RON work we've done.

334  
00:41:26.220 --> 00:41:27.480  
Then Friday we're.

335  
00:41:28.500 --> 00:41:30.240  
going to be and you're out.

336  
00:41:31.500 --> 00:41:34.350  
There that's very practically hundred which.

337  
00:41:36.210 --> 00:41:36.990  
More recent.

338  
00:41:38.010 --> 00:41:40.350  
than bumped up because the path.

339  
00:41:59.790 --> 00:42:00.600  
be taking.

340  
00:42:15.210 --> 00:42:15.600  
Village of Parish: and

341  
00:42:18.450 --> 00:42:19.710  
Village of Parish: We got it got it so he's.

342  
00:42:21.150 --> 00:42:22.800  
Village of Parish: Not even a question.

343

00:42:37.980 --> 00:42:38.490

Village of Parish: we're still.

344

00:42:40.230 --> 00:42:43.350

Village of Parish: trying to get to it right it better.

345

00:42:44.970 --> 00:42:45.450

Village of Parish: We did.

346

00:42:47.340 --> 00:42:48.720

Village of Parish: And we can respond.

347

00:42:51.720 --> 00:42:52.680

When we get home.

348

00:42:55.980 --> 00:42:56.010

Village of Parish: To.

349

00:42:59.550 --> 00:43:00.030

Village of Parish: Our.

350

00:43:02.880 --> 00:43:11.550

Village of Parish: Last 10 years to develop from about 2524 five would be able to separate fiscal year we didn't have enough budget.

351

00:43:13.530 --> 00:43:14.880

Village of Parish: thx chat chat.

352

00:43:22.230 --> 00:43:22.710

Village of Parish: room.

353

00:43:32.880 --> 00:43:39.930

Village of Parish: Very connections supposed to be here tomorrow, Sarah on after the order the book that came in.

354

00:43:43.890 --> 00:43:56.460

Village of Parish: And then we had Michael you know the question, please continue our standards expanded to the external or internal framework so that will be more expensive to do that the girl who hated books.

355

00:43:57.510 --> 00:43:58.080

Village of Parish: Read the.

356

00:44:01.320 --> 00:44:02.250

Village of Parish: title for that.

357

00:44:04.350 --> 00:44:08.640

Village of Parish: And we had an incident where we have the external thing that would be beneficial for.

358

00:44:13.890 --> 00:44:15.120

Village of Parish: The conference.

359

00:44:30.420 --> 00:44:31.470

Village of Parish: that's good to hear that.

360

00:44:38.730 --> 00:44:39.030

Village of Parish: Right.

361

00:44:40.590 --> 00:44:40.920

Village of Parish: We.

362

00:44:42.210 --> 00:44:43.200

Village of Parish: had given me.

363

00:44:44.100 --> 00:44:45.720

probably get on with benchmarking.

364

00:44:46.740 --> 00:44:47.940

Stephen Ganetis: From that from amanda.

365

00:44:49.200 --> 00:44:51.090

Stephen Ganetis: tracking or do you use which.

366

00:44:53.520 --> 00:45:04.350

Village of Parish: We did a case study for for Lester Lester community and pain and written word by thousand dollar grant I know.

367

00:45:07.530 --> 00:45:14.760

Village of Parish: there's a number of items that fall under the category of other nicer qualifying.

368

00:45:16.290 --> 00:45:17.310

Village of Parish: Closed officer.

369

00:45:19.260 --> 00:45:32.730

Village of Parish: For sues the training that will make us look for \$5,000 which really made it into the CV electric vehicle charging station, so we go in different directions, but.

370

00:45:33.630 --> 00:45:45.030

Village of Parish: you've got that information and what the options are and what we know that, but right now looking at the benchmarking and getting the close up with her.

371

00:45:48.630 --> 00:45:49.830

Village of Parish: As a training.

372

00:45:51.270 --> 00:45:51.600

Village of Parish: Call.

373

00:45:54.120 --> 00:46:02.280

Village of Parish: With three of the high hat actions that need us to get on the road we need one more qualified get our.

374

00:46:03.450 --> 00:46:03.960

message.

375

00:46:05.160 --> 00:46:07.560

Village of Parish: To go out there and to do that.

376

00:46:09.690 --> 00:46:11.400

Village of Parish: More as a.

377

00:46:12.420 --> 00:46:13.770

Village of Parish: user friendly.

378

00:46:20.760 --> 00:46:24.930

Village of Parish: day and that that I had a man that potential future.

379

00:46:27.360 --> 00:46:28.290

Village of Parish: nation and.

380

00:46:29.790 --> 00:46:31.950

Village of Parish: develop that direction, what we want to do.

381

00:46:33.120 --> 00:46:33.810

Village of Parish: And what direction.

382

00:46:36.450 --> 00:46:38.580

Village of Parish: And anything like that I will forward on.

383

00:46:39.960 --> 00:46:40.620

Village of Parish: forex.

384

00:46:42.480 --> 00:46:43.350

Village of Parish: Honey board.

385

00:46:44.940 --> 00:46:54.360

Village of Parish: They can see you need approval terrible Dwyer will be taking village, of all things come aboard and we.

386

00:46:55.710 --> 00:46:57.630

Village of Parish: approval from this word to.

387

00:46:59.340 --> 00:46:59.790

Village of Parish: open.

388

00:47:04.650 --> 00:47:05.610

Village of Parish: My own thing.

389

00:47:08.430 --> 00:47:08.820

Village of Parish: Yes.

390

00:47:11.100 --> 00:47:11.640

Right.

391

00:47:13.050 --> 00:47:17.580

Village of Parish: The link later they complete the better, and the response.

392

00:47:19.590 --> 00:47:21.750

Village of Parish: Really meeting someone at 10 seconds.

393

00:47:25.980 --> 00:47:27.120  
Village of Parish: and moving on.

394  
00:47:28.650 --> 00:47:29.250  
Village of Parish: Really.

395  
00:47:32.820 --> 00:47:36.360  
Village of Parish: well into the next budget of about \$12 an hour.

396  
00:47:39.120 --> 00:47:39.480  
Now.

397  
00:47:45.990 --> 00:47:50.190  
Village of Parish: Many people in the lobby and play and we're in the early termination fee.

398  
00:47:51.420 --> 00:47:51.600  
We.

399  
00:47:54.000 --> 00:47:59.610  
Village of Parish: regret have tried to follow once we get the budget with my 16 year old.

400  
00:48:01.530 --> 00:48:05.310  
Village of Parish: yeah we can they get a very serious discussion and.

401  
00:48:06.810 --> 00:48:11.940  
Village of Parish: I talked to them the other things that they work on balancing our work on.

402  
00:48:13.890 --> 00:48:16.680  
Village of Parish: Every job in the android say Oh, you know.

403  
00:48:19.680 --> 00:48:20.460  
Village of Parish: What whatever.

404  
00:48:21.510 --> 00:48:24.420  
Village of Parish: Then everybody was gone.

405  
00:48:26.850 --> 00:48:39.390  
Village of Parish: Well, I mean I would only be four hours a week because that's how we get left in the budget consensual then today we have 1600

dollars left so they were getting \$20 an hour, that would be four hours a week.

406

00:48:40.980 --> 00:48:45.120

Village of Parish: it's remembering funny so again i'm sorry with coursera.

407

00:48:46.590 --> 00:48:48.960

Village of Parish: find someone that are my day.

408

00:48:54.660 --> 00:49:01.560

Village of Parish: i'm doing it to do on Wednesday and then Friday, but I only do it like an hour hour and a half or your life again.

409

00:49:03.180 --> 00:49:14.250

Village of Parish: Can I make a suggestion, maybe you can hire somebody Saturday, or one day a week to perform the duties, so if they come in for four hours and get it done once a week and then.

410

00:49:15.360 --> 00:49:23.160

Village of Parish: That way you're able to get it done cuz I know that's what we do over the set they have the girl, and all the other company that comes in.

411

00:49:23.730 --> 00:49:30.030

Village of Parish: And doesn't like on Saturday when nobody's there and the thing the whole office it's easier for them on a Saturday.

412

00:49:30.780 --> 00:49:46.050

Village of Parish: And then you're paying for the four hours, instead of coming in our here our there it's very hard to get somebody will eventually asked her about you know for our suite for \$20 an hour with then this girl boy thought she's got extra hours not working in Mexico, with offices theater.

413

00:49:47.130 --> 00:49:53.940

Village of Parish: So whoever we get we got together so they take the garbage out for fighting morning that's the thing.

414

00:49:55.410 --> 00:49:55.830

Village of Parish: You know.

415

00:49:57.630 --> 00:50:05.400

Village of Parish: It certainly would be good in all aspects, but we have to have that are the 12 years before the day on Friday morning.

416

00:50:08.070 --> 00:50:12.810

Village of Parish: I usually get six in the editor at 1045.

417

00:50:14.820 --> 00:50:15.720

Village of Parish: Along Main Street.

418

00:50:17.040 --> 00:50:17.400

Village of Parish: No, no.

419

00:50:19.590 --> 00:50:22.920

Village of Parish: We don't see anything go wrong 334 o'clock.

420

00:50:24.450 --> 00:50:24.660

yeah.

421

00:50:26.160 --> 00:50:26.460

So.

422

00:50:27.630 --> 00:50:45.150

Village of Parish: The secular being that stuff finishing off this season, where we're going to need budget from within via net hourly rate for this person that right now, if I did it \$10 an hour and we'll go over that tight budget.

423

00:50:46.800 --> 00:50:47.040

For.

424

00:50:48.240 --> 00:50:53.190

Village of Parish: What really needs to you know factors for this session with focus now when.

425

00:50:54.630 --> 00:50:55.200

Village of Parish: The bathroom.

426

00:51:04.650 --> 00:51:05.610

Village of Parish: We.

427

00:51:08.190 --> 00:51:10.710

Village of Parish: stretch to find someone that will be stepping.

428

00:51:17.640 --> 00:51:18.150

Village of Parish: forward.

429

00:51:28.290 --> 00:51:29.280

Village of Parish: make up the next year.

430

00:51:34.140 --> 00:51:34.710

Village of Parish: All right.

431

00:51:37.980 --> 00:51:38.880

Village of Parish: lesson physicians.

432

00:51:40.230 --> 00:51:42.840

Village of Parish: Are the election.

433

00:51:46.260 --> 00:51:46.950

Village of Parish: February.

434

00:51:49.230 --> 00:51:49.980

election.

435

00:52:02.670 --> 00:52:03.420
