Although the transcription is fairly accurate, in some cases it is incomplete or inaccurate due to inaudible passages or transcription errors, and in some cases, words spoken by one participant may be inaccurately attributed to another. It is posted as an aid to understanding the proceedings at the meeting, but should not be treated as an authoritative record. If you should need clarification on something said and cannot hear it, please contact the village clerk.

1

00:00:16.670 --> 00:00:17.779
Village of Parish: But

2

00:00:37.740 --> 00:00:39.200
Village of Parish: well

3

00:00:39.920 --> 00:00:48.040
Village of Parish: thank you for being here. We were hoping we would have more from the community.

4

00:00:48.150 --> 00:00:51.600
Nobody's in so

5

00:00:52.960 --> 00:01:08.309
Village of Parish: but quality versus quantity. So thanks for being here. And hopefully you'll be better informed as to what we're doing and what's about. Make sure you've signed the paperwork in the back,

6

00:01:08.690 --> 00:01:19.020
Village of Parish: and the letters of support is important, and all of this is important to move ahead on what we're trying to do with this New York. Forward,

7

00:01:19.950 --> 00:01:22.660
Village of Parish: um! Just to give you some idea of

8

00:01:22.750 --> 00:01:25.369
Village of Parish: what it's about. Um,

9

00:01:25.860 --> 00:01:27.649
Village of Parish: July Back

10

00:01:27.660 --> 00:01:37.699

Village of Parish: back in July. It wasn't that long ago. But there was an initiative by the Governor to put out about two hundred million dollars across the State

11

00:01:38.070 --> 00:01:42.040

Village of Parish: to move communities ahead and do a system to

12

00:01:42.350 --> 00:01:48.159

Village of Parish: redo their areas, and we can see what's happening over in Oswego, how

13

00:01:48.470 --> 00:01:51.280

Village of Parish: it's taking on a whole different profile,

14

00:01:51.370 --> 00:02:05.889

Village of Parish: which is good. And now what they've done is considered small towns and villages, and that same kind of an aspect. So that's what we're about trying to get some funding to move ahead in that same kind of direction.

15

00:02:06.710 --> 00:02:13.409

Village of Parish: Initially, letters were sent out to local businesses. And then we're going around and

16

00:02:13.460 --> 00:02:21.320

Village of Parish: more individual businesses. We're interested in finding out what's going on and being a part of the program.

17

00:02:21.730 --> 00:02:34.480

Village of Parish: It's basically a funding opportunity for individual businesses, or whatever the need is in our community to help it move ahead and give it a positive profile.

18

00:02:34.540 --> 00:02:46.470

Village of Parish: Unfortunately, at this point we've waited because sixty nine going through. I think that that streetscape they did was back about two thousand, two thousand and two,

19

00:02:46.490 --> 00:02:51.440

Village of Parish: and the State. Dot was going to do some work for us, going through the village,

20

00:02:51.800 --> 00:03:08.560

Village of Parish: and then that fell through a couple of times, I believe, and I know when they came to my driveway, and it was for sure was going to go through. I said, No, it's not going to go through, because it passed it in the past, and they wanted to guarantee me that it would

21

00:03:09.620 --> 00:03:26.289

Village of Parish: anything that we've talked about over the years. It's well they're going to rip it up when they do. Sixty, nine, sixty, nine. It's not even on their agenda anymore for parish. So this is going to give us an opportunity to move a pardon.

22

00:03:27.250 --> 00:03:33.089

Village of Parish: Yeah, we're past that now, right.

23

00:03:33.260 --> 00:03:36.299

Village of Parish: They only had so many uh months

24

00:03:36.710 --> 00:03:53.699

Village of Parish: in order to do it, and if they didn't, they got to start all over. They got to go in and start scratch again, and it's gonna cost them, You know, X amount of money. I don't know why Foolish is spending money for something

25

00:03:53.710 --> 00:04:06.390

Village of Parish: profit to the ground. They should have kept going, I think Sandy hit New York City, and then a lot of the money ended up going down there. And who's Pierre? They can wait. So we're still waiting.

26

00:04:06.400 --> 00:04:24.060

Village of Parish: And in the process of doing all this we've had to initially send a letter of support letter of intent that this is what we are planning and hoping to do. The Regional Economic Development Council covers ten regions.

27

00:04:24.510 --> 00:04:32.590

Village of Parish: The State. We are a part of the central New York region, so the funding that would be

28

00:04:32.690 --> 00:04:38.749

Village of Parish: allocated would be divided among the regions of this in this section.

29

00:04:38.880 --> 00:04:49.889

Village of Parish: Um. We had to submit a description of downtown area focus area that we're looking for key characteristics, the map, size, boundaries, and a variety of other

30

00:04:49.900 --> 00:05:04.670

Village of Parish: um teachers that they were wanting. There's a map up there that um Todd, he's provided, and I just brought it in for us. Thanks, Matt, and that gives you an idea of kind of where we're working at, and it's basically just the village.

31

00:05:04.680 --> 00:05:10.540

Village of Parish: So our concern is for the village area and promoting that and doing what we can with it.

32

00:05:10.660 --> 00:05:16.950

Village of Parish: We had the streetscape from two thousand and two from the do to work with,

33

00:05:18.160 --> 00:05:25.640

Village of Parish: and that helped a lot in in our focus, and what we can kind of springboard from what they had included in there.

34

00:05:26.090 --> 00:05:27.800

Village of Parish: Um,

35

00:05:28.730 --> 00:05:38.489

Village of Parish: we're looking at, and we're hoping for to include in here would be the curbing just to make the downtown section much more appealing. The lighting,

36

00:05:38.500 --> 00:05:51.089

Village of Parish: the facades of the buildings, streetscape curbing, and sidewalks just the things to beautify the immediate area. It does incorporate other businesses in the area. Which is,

37

00:05:51.100 --> 00:06:04.129

Village of Parish: It's quite okay. There was a boundary in which they had allocated. But how strict, and this is a series of letters, so the modifications can be made as long as we go through the stages.

38

00:06:04.590 --> 00:06:15.179

Village of Parish: Um encouraging the upgrade of business, and to visitors, bringing them into the area and help make parish more attractive and more desirable, really

39

00:06:15.270 --> 00:06:17.979
contacted the businesses

40

00:06:18.030 --> 00:06:24.240
Village of Parish: and letters to identify the stakeholders in this, and never We had a good response

41

00:06:24.280 --> 00:06:32.289
Village of Parish: from those that were contacted, and, as I said, word of mouth got around, others were wanting to be participants of it. Of this

42

00:06:32.300 --> 00:06:39.430
Village of Parish: effort to move forward. We did get good response from those that we had initially contacted.

43

00:06:40.100 --> 00:06:50.080
Village of Parish: Um from those businesses. A list of improvements of what they would like to see within their own business or within the community, and then they'd all be compiled.

44

00:06:50.250 --> 00:06:59.429
Village of Parish: It's involved in getting to these points Webinars phone calls, conferencing, phone conferencing, and so on, Which has been

45

00:06:59.440 --> 00:07:25.790
Village of Parish: It's quite valuable putting to get it at this point. And then those kinds of things will continue on as we go on into the next phase we're submitted the letter of intent from that letter of intent. Now we go to the application process and that's where we're at, and that's due next Friday this this Friday, you know, Twenty-three to twenty-one Friday, so that information will be submitted to the Economic Development

46

00:07:25.800 --> 00:07:41.620
Village of Parish: Council for review, and then they'll let us know hopefully on December. And we know better. We're ready. They're in or out. And then and hopefully, and they're hoping as well that this kind of initiative will continue into next year. So

47

00:07:41.630 --> 00:07:49.999
Village of Parish: if we don't, make it, or whatever we don't, include that down the road. These other possibilities can be included

48

00:07:50.920 --> 00:07:58.880

Village of Parish: the twenty third, it's Friday, so that information will be sent off to the State.

49

00:07:59.450 --> 00:08:07.940

Village of Parish: This is context, pricing quotes, and so on. At this point specifics Aren't needed other than the desires of what

50

00:08:07.950 --> 00:08:25.100

Village of Parish: we would like to see happening in terms of cost that will come into the next phase. Once they get a feel for what we're looking for, where we want to go with it, and they'll respond to us and tell him? He asked. Tell us, yes or no, and then we can know where to go from. There.

51

00:08:25.290 --> 00:08:26.780

Village of Parish: Um,

52

00:08:28.880 --> 00:08:35.919

Village of Parish: let's see costs. Eventually It' be submitted, requirements for set forth and specifications.

53

00:08:36.110 --> 00:08:52.969

Village of Parish: Ah, they've been very There's a strict list of kinds of things in compiling all this that we have to adhere to, to meet their requirements and specifications, but knowing that then we design it in languages according to what they're requesting,

54

00:08:53.020 --> 00:09:08.020

Village of Parish: and to get to this point, we've had, as I said a good response from the community. Various individuals and businesses have been quite helpful, and we appreciate the work and effort that Tughill has

55

00:09:08.030 --> 00:09:25.089

Village of Parish: has given us. It's been very helpful, and probably saved us some repetitious work. They've already done that work. So here's a map, and here's what it's available. So that's appreciated Matt, and all been quite helpful for it,

56

00:09:25.140 --> 00:09:27.690

Village of Parish: helping us to get to this point,

57

00:09:28.020 --> 00:09:40.829

Village of Parish: and i'll let Asia or she's our college clerk, and she's kind of a coordinator. When there's they call into the office. You have this and that she's got the answers. So

58

00:09:41.550 --> 00:09:44.290

Village of Parish: we kind of thing to end. So

59

00:09:44.300 --> 00:09:59.519

Village of Parish: we have had some questions about, we find tuning the program. What's involved? We did confirm today because some people have asked, is this three awards throughout the entire State, or because that's a huge group of people.

60

00:09:59.530 --> 00:10:15.400

Village of Parish: And the answer today was, It is three awards, two or three awards per re Dc. So we're only concerned about the Central New York region. We're part of that group, so our chances are a little better, and

61

00:10:15.410 --> 00:10:33.700

Village of Parish: everybody else has also said, You know this has been very quick. We can't get numbers to you. We can't get ideas to you. We understand that they understand that. Um, so all numbers are estimated. It's just to give them an idea of how much funding we would be receiving, we would be needing,

62

00:10:33.710 --> 00:10:43.289

Village of Parish: and what projects we would be looking at. So if you grab it at the front door. That is what our preliminary project list is. So

63

00:10:43.460 --> 00:11:01.540

Village of Parish: the award amounts are two point two, five million or four point five million, and depending on which one we're going, for we need to be three to four million for the two point, two, five award, and five to six million, showing that as the project list for the four point five million.

64

00:11:01.550 --> 00:11:06.309

Village of Parish: So right now we're at four point three. Roughly.

65

00:11:06.530 --> 00:11:14.430

Village of Parish: These are conservative numbers. Some we're not sure of That's okay. So what happens is

66

00:11:14.880 --> 00:11:26.939

Village of Parish: the application is due on Friday, and then they have a month or two to the Red C will then narrow it down to two or three per region, to then

67

00:11:27.210 --> 00:11:36.370

Village of Parish: progress to the planning phase with the State and all sorts of agencies. Our planning committee that has been started within the village,

68

00:11:36.380 --> 00:12:01.090

Village of Parish: and that allows us to go through with them and work out this project list exactly what's needed, exactly what the funding is going to be. You know whether some of our private businesses can put money forth as well. If the village can put money forth as well, um to kind of help that a little bit, and then New York forward to to just be supplementing the project status. So

69

00:12:02.510 --> 00:12:07.130

Village of Parish: does anybody have any questions right now pertaining to the application itself.

70

00:12:10.130 --> 00:12:25.190

Village of Parish: Um. So if you take a look at this list, the main concern is the streetscape project. Um! We do have that from two thousand and two. It will be modified from that. Obviously, because we've made some changes. There's been some changes,

71

00:12:25.250 --> 00:12:40.770

Village of Parish: so we will be working on that. Um! That'll be the biggest thing. And then we worked through some things within the village, and on the other side of eighty, one to kind of help bring in.

72

00:12:40.780 --> 00:12:55.260

Village of Parish: You know what's in the village, because our unique circumstance is, you have to come off of eighty-one into the village, and to know what's here, So you have to drive past the village hall to know what's in the village. So

73

00:12:55.270 --> 00:13:02.230

Village of Parish: we're proposing new signage that will have all that information on it right as you come off eighty, one north,

74

00:13:02.370 --> 00:13:15.110

Village of Parish: so that will help um. There has also been a little bit of discussion about doing something similar, as you're coming off

anyone's south. We don't have this big of an area there, but hopefully we can do it.

75

00:13:15.450 --> 00:13:21.699

Village of Parish: We also want to go through. We have the private

76

00:13:21.710 --> 00:13:40.780

Village of Parish: businesses who want some new work done um to be able to meet village codes and get a little bit of a facelift. You know we've discussed internally, possibly making everything flow together. Um, with similar facades and things like that. And then we want to put

77

00:13:41.020 --> 00:13:51.999

Village of Parish: some time and effort into renovating this building to make it more community ready and just updated to make it more

78

00:13:52.510 --> 00:14:03.170

Village of Parish: for the community and accessible. So that's part of this as well. We have talked about

79

00:14:04.120 --> 00:14:17.139

Village of Parish: a few of the businesses in town updating the facades of those as well, and those are things we weren't able to reach everybody or didn't get response from everybody. That's okay. So

80

00:14:17.150 --> 00:14:28.700

Village of Parish: this list is not definite by any means. So what will happen is in the planning process. The Rdc. Might say, you know we can't do any of the work at

81

00:14:29.110 --> 00:14:38.189

Village of Parish: two thousand nine hundred and fifty. But then the Mayor brought up earlier today. Well, what if we do some improvements at the cemeteries.

82

00:14:38.200 --> 00:14:48.380

Village of Parish: We can add that in as long as it's within that boundary line we can change anything we want during the planning process. So that's a plus.

83

00:14:48.390 --> 00:15:12.459

Village of Parish: We had gone through. There's all sorts of stuff here. Um, if you guys look through it and have any comments between tonight, and tomorrow let me know. Ah, Friday is our pending deadline, so that we want to get everything in there, and we can add to this um before I

submit it on Friday. So if you think of something just going to a call, shoot me an email, and we'll add it to the list.

84

00:15:12.680 --> 00:15:18.729

Village of Parish: I'm just curious. Um,

85

00:15:25.370 --> 00:15:28.450

Village of Parish: Um, It's all arrested.

86

00:15:29.020 --> 00:15:31.399

Village of Parish: Okay, So it's not functional.

87

00:15:31.980 --> 00:15:34.590

Village of Parish: What is its use? Going to be

88

00:15:34.710 --> 00:15:38.250

Village of Parish: right now. We had intended to sell

89

00:15:39.040 --> 00:15:49.090

Village of Parish: there wasn't any bank that was interested, or a credit union that was interested in the building, as is prior to what the state it is now. So

90

00:15:49.100 --> 00:15:59.390

Village of Parish: rather than have it sit empty. The Historical Society was going to use it until it came to someone wanting to purchase it rather than have it,

91

00:15:59.400 --> 00:16:12.180

Village of Parish: and they have no dwelling place right now for the archives of the village anyways, so when it gets done being refurbished, they will probably occupy it unless we find a buyer.

92

00:16:13.200 --> 00:16:17.860

Village of Parish: The building is almost a hundred years old, so

93

00:16:18.190 --> 00:16:20.490

Village of Parish: it would be good to have it as a

94

00:16:21.060 --> 00:16:27.629

Village of Parish: refurbished building and use, maybe by the Historical society rather than sell. The time will tell.

95

00:16:28.250 --> 00:16:29.410

It's it's it's, it's, it's it's it's, it's, it's, it's, it's, it's, it's,
it's, it's, it's,

96

00:16:32.500 --> 00:16:34.419

Village of Parish: she got in here

97

00:16:34.580 --> 00:16:42.889

Village of Parish: replace brook, siding windows and doors on both
apartment buildings. That's Cedar Village.

98

00:16:44.040 --> 00:16:46.230

Village of Parish: Just a cedar building, one

99

00:16:46.240 --> 00:16:53.170

Village of Parish: yeah right. The only the only apartment building that
we heard from was Cedar Village

100

00:16:53.580 --> 00:16:55.080

very teapot,

101

00:16:57.700 --> 00:17:01.710

Village of Parish: and they're going to pay for part of it already.

102

00:17:01.720 --> 00:17:02.640

Village of Parish: Yeah,

103

00:17:03.850 --> 00:17:04.900

Village of Parish: he

104

00:17:05.550 --> 00:17:26.330

Village of Parish: we have from all of the privately owned stuff We have
heard from everybody that they have a number or a percentage they're
willing to put forth towards their projects. So that's a good thing. Um,
because we don't want everything to just say, Hey, We want to stay for at
all. We want to be responsible for some of it. So

105

00:17:26.339 --> 00:17:27.779

that's a good Thank you.

106

00:17:35.420 --> 00:17:37.199

Village of Parish: Anything else.

107

00:17:40.150 --> 00:17:58.449

Village of Parish: Okay. So at the front. Um, we have the attendance list that is separate from our mass letter of support. If you were able to sign that that's great. Um! If you want to write your own letter of support, you're welcome to do that as well. I just see it by noon tomorrow. Um, in order to get it in our location.

108

00:17:59.010 --> 00:18:04.690

Village of Parish: Yeah,

109

00:18:04.700 --> 00:18:09.459

that is the um abandoned house on the other side of Dollar General.

110

00:18:09.470 --> 00:18:11.589

Village of Parish: What it's over by trees and agents.

111

00:18:11.600 --> 00:18:12.789

Village of Parish: Yeah, Okay,

112

00:18:12.800 --> 00:18:14.589

yeah.

113

00:18:14.600 --> 00:18:27.290

Village of Parish: And it is Um, You know, some of these are buildings, you know. That is one that we question ourselves, You know. Why would we be part of that? Um. And that is why we asked, you know. Would you be willing to match

114

00:18:27.300 --> 00:18:29.089

Village of Parish: some of the funds? So

115

00:18:31.600 --> 00:18:34.010

Village of Parish: it's a. And it,

116

00:18:34.020 --> 00:18:39.589

Village of Parish: he said, about twenty six, or is that I don't know what it's on. The sixty, ninth, and something sixty nine.

117

00:18:39.600 --> 00:18:40.590

Village of Parish: Yeah.

118

00:18:41.260 --> 00:18:44.250

Village of Parish: But there is that woody house there also

119

00:18:45.110 --> 00:18:47.589

Village of Parish: I know there's one of sixty-nine that's kind of

120

00:18:47.600 --> 00:18:50.789

Village of Parish: well it's funny i's what I said one and six, and it has nothing to do with it.

121

00:18:50.800 --> 00:18:53.890

Village of Parish: Yeah. Yeah. But there's also

122

00:19:08.000 --> 00:19:11.399

Village of Parish: Yeah,

123

00:19:11.530 --> 00:19:12.580

Village of Parish: Yeah,

124

00:19:14.310 --> 00:19:20.089

Village of Parish: okay, I'm: Just curious. Does anybody have any thing they're thinking about? They want added,

125

00:19:20.410 --> 00:19:21.830

Village of Parish: You know what?

126

00:19:26.410 --> 00:19:31.360

Village of Parish: Okay, and the greater the community input on this,

127

00:19:31.680 --> 00:19:44.089

Village of Parish: the more convincing it is because it's the community that wants it, not just the village offices or the mayor and our officers. It's a community thing that people want.

128

00:19:44.100 --> 00:19:44.590

Village of Parish: You

129

00:19:51.990 --> 00:19:55.600

Village of Parish: maintain them or I. We still want to give it to them.

130

00:19:56.260 --> 00:20:05.589

Village of Parish: That's the language. I think that we have to come up right. We have to figure that out because we know what exists and whether we want to change what exists. No?

131

00:20:05.600 --> 00:20:14.559

Village of Parish: Yeah. Well, if we put in brand new sidewalk, we all, I think we need to contract it out to somebody to plow the sidewalks,

132

00:20:20.020 --> 00:20:31.979

Village of Parish: but that would be something we would look at down the road to see. But that was one of the things we were talking about.

133

00:20:32.020 --> 00:20:34.789

Village of Parish: We did the

134

00:20:34.800 --> 00:20:45.169

Village of Parish: I like fucking, Did I? Yeah, I know I was doing sixty nine. I'm gonna do all that we were talking about hiring, you know.

135

00:20:45.370 --> 00:20:49.990

Village of Parish: But what we were talking about when we were talking about by-in-ch piece of the equipment.

136

00:20:57.100 --> 00:21:00.939

Village of Parish: Do that to maintain them.

137

00:21:00.950 --> 00:21:10.790

Village of Parish: But that was something else we can talk about. Yeah, all right. I was doing that, and that is also one of the things that for the program is, if we go that way

138

00:21:10.800 --> 00:21:23.629

Village of Parish: and say, you know we'll buy the equipment, but the town will take care of it. Technically, that equipment can be covered under the funding. The initial purchase yes, can be covered under the funding depending on what it is. So

139

00:21:23.640 --> 00:21:33.689

Village of Parish: on the corner of Hill Street and Sixty nine, it comes to progression that's going to be as well, anyway.

140

00:21:33.700 --> 00:21:34.290

Yeah,

141

00:21:34.300 --> 00:21:36.790

Village of Parish: So that would be a good use of the

142

00:21:36.800 --> 00:21:37.670

Village of Parish: yeah.

143

00:21:37.970 --> 00:21:41.589

Village of Parish: It came up with a number thirty-five thousand of the paid for that

144

00:21:41.680 --> 00:21:46.790

Village of Parish: that was just one. We threw at it. That's a really low number. You'll spend more than just blacked out.

145

00:21:46.800 --> 00:21:50.500

Village of Parish: Got an idea for me. Then you might want to add one in front.

146

00:21:50.510 --> 00:21:52.470

Okay, I can do that.

147

00:21:52.480 --> 00:21:56.419

Village of Parish: Well, somebody somebody bid on it that way.

148

00:21:56.430 --> 00:21:59.500

Village of Parish: They're going to have it Eat it up at the

149

00:21:59.510 --> 00:22:01.810

Village of Parish: Yeah, it's gonna be thirty-five thousand.

150

00:22:08.700 --> 00:22:10.589

Village of Parish: Oh, yeah. Well, then,

151

00:22:11.320 --> 00:22:15.290

Village of Parish: absolutely. But you're not going to get somebody to Babe, you know.

152

00:22:15.300 --> 00:22:19.690

Village of Parish: Yeah, clearly. A lot Then you want to put chargers in there as well. The chargers alone are going to eat them

153

00:22:19.700 --> 00:22:20.689
Village of Parish: or charge it.

154
00:22:20.700 --> 00:22:22.390
Village of Parish: Well, the way it's listed on here,

155
00:22:22.400 --> 00:22:32.890
Village of Parish: Right? The ev charges. Yeah, adding a second one. So yeah,

156
00:22:32.900 --> 00:22:36.390
Village of Parish: okay, I can do that. That's fine,

157
00:22:36.400 --> 00:22:41.190
right. But that's kind of what this is a blow it doesn't.

158
00:22:41.200 --> 00:22:51.899
Village of Parish: Analyze this. Look at it and give some ideas here, there in around, because we'd rather be way high than count ourselves out. So

159
00:22:55.000 --> 00:23:00.760
Village of Parish: if there's any more input for him, and then that sheet there, let us know, and

160
00:23:00.840 --> 00:23:02.890
Village of Parish: we can add it in.

161
00:23:09.300 --> 00:23:10.889
Village of Parish: We'd love you to. But we're not going to.

162
00:23:10.900 --> 00:23:21.690
Village of Parish: Of course you do basically what's in that? I can email you a copy and you can modify whatever you like.

163
00:23:21.700 --> 00:23:23.789
Village of Parish: Yeah, I will do that.

164
00:23:23.800 --> 00:23:25.690
We get you to let her head on it.

165
00:23:25.700 --> 00:23:27.390

Yeah, first thing in the morning.

166

00:23:31.430 --> 00:23:32.490

Village of Parish: Yeah, right?

167

00:23:32.500 --> 00:23:40.290

Village of Parish: It says, milling in that milling and asphalt the gross phone park on how much of that part? What are they talking about doing? Or was that something that we came up with?

168

00:23:40.300 --> 00:23:45.390

Village of Parish: No, that's what they gave to us?

169

00:24:00.600 --> 00:24:03.950

Yeah, how do you mean the one

170

00:24:04.160 --> 00:24:14.610

Village of Parish: Let's go down here. It's really part of the Oh, it's what it's for here. So I go from the bottom. This is billing an asteroid in the

171

00:24:14.620 --> 00:24:21.690

Village of Parish: Oh, yeah, I didn't go down. I was just curious how much of that were they talking about holding all the back to the woods?

172

00:24:21.700 --> 00:24:25.390

No, I've got to.

173

00:24:25.400 --> 00:24:26.510

Village of Parish: Oh, yeah,

174

00:24:31.300 --> 00:24:37.250

Village of Parish: but I think it's no. I think it's Chris now, but most of the money in it selves

175

00:24:38.340 --> 00:24:39.590

Village of Parish: my job.

176

00:24:39.600 --> 00:24:42.589

Village of Parish: That's me. I'm greedy.

177

00:24:42.660 --> 00:24:44.589

Village of Parish: Yeah, I would ask him how much he's talking.

178

00:24:44.600 --> 00:24:48.090

Village of Parish: Okay. So I've mentioned that that number is pretty low to Honestly,

179

00:24:48.100 --> 00:24:49.070

Village of Parish: okay,

180

00:24:52.980 --> 00:24:54.990

Village of Parish: maybe these numbers are what

181

00:24:55.000 --> 00:24:56.430

Village of Parish: they're going to

182

00:24:56.620 --> 00:24:58.190

Village of Parish: the steaks can't give us.

183

00:24:58.200 --> 00:25:00.189

That's like the one thing I know nothing about,

184

00:25:00.200 --> 00:25:03.189

and not what the practice is going to cost

185

00:25:03.200 --> 00:25:04.190

Village of Parish: all together.

186

00:25:04.200 --> 00:25:12.319

Village of Parish: No, I know. But I mean, you know they're trying to figure out how much things are going to cost. They're looking for a number between a certain age and a certain range,

187

00:25:12.730 --> 00:25:14.810

Village of Parish: You better our shooting high.

188

00:25:23.130 --> 00:25:24.730

Village of Parish: Okay,

189

00:25:31.840 --> 00:25:33.260

Village of Parish: Okay.

190

00:25:33.270 --> 00:25:35.629

Village of Parish: The The problem here here goes

191

00:25:35.800 --> 00:25:46.400

Village of Parish: way of the north of the Arsenal on two thousand and six there, or What's that taking in there? There's some regional development area there

192

00:25:46.570 --> 00:25:54.690

Village of Parish: where we've got the manufactured home development and the potential development.

193

00:25:54.700 --> 00:25:56.510

Village of Parish: Okay,

194

00:25:56.520 --> 00:25:59.540

Village of Parish: Yeah. So there is. Currently, there is nothing

195

00:25:59.550 --> 00:26:05.060

Village of Parish: part of that right there on the list. But we wanted to make sure it was included just in case.

196

00:26:07.430 --> 00:26:12.860

Village of Parish: Yeah, Because once this map submitted, we can't change it so. Yep,

197

00:26:13.650 --> 00:26:14.700

Village of Parish: my

198

00:26:15.150 --> 00:26:17.460

Village of Parish: right. Can you get back there? Yup,

199

00:26:21.370 --> 00:26:25.450

Village of Parish: Now on the South railroads? We've going down to the railroad tracks. We're going to stop before that,

200

00:26:29.870 --> 00:26:31.390

Village of Parish: Andrew. Come.

201

00:26:31.400 --> 00:26:33.599

Village of Parish: Why have you got ideas past that?

202

00:26:34.210 --> 00:26:38.540

Village of Parish: I have a few, but nothing nothing really that important of these one,

203

00:26:38.570 --> 00:26:42.690

Village of Parish: I can extend it out.

204

00:26:42.700 --> 00:26:46.089

Oh, yeah, we're going to do the cemetery.

205

00:26:48.900 --> 00:26:52.889

Village of Parish: What's that?

206

00:26:54.990 --> 00:26:57.389

I'm not part of it in the part of It's not.

207

00:27:18.400 --> 00:27:21.989

Village of Parish: We do not. What's the last time we get into the cemetery?

208

00:27:22.000 --> 00:27:22.750

Village of Parish: Yeah,

209

00:27:32.000 --> 00:27:39.670

Village of Parish: no, I don't know if it's nice, but you can't be extended if it's not on that map.

210

00:27:41.720 --> 00:27:50.289

Village of Parish: I was just going to go down to the railroad tax railroad tracks if you go to the revenue back in the cemetery

211

00:27:50.300 --> 00:27:53.059

cap of the cemetery.

212

00:27:53.080 --> 00:27:58.200

Village of Parish: Yes,

213

00:28:04.600 --> 00:28:07.789

Village of Parish: just in case

214

00:28:18.800 --> 00:28:22.490

the uh

215

00:28:22.500 --> 00:28:26.190

Village of Parish: Okay, who's going to

216

00:28:26.200 --> 00:28:29.039

Village of Parish: the Cemetery Association is on top

217

00:28:30.780 --> 00:28:34.329

Village of Parish: right? There

218

00:28:34.480 --> 00:28:36.030

Village of Parish: will be dry,

219

00:28:36.500 --> 00:28:45.159

Village of Parish: and it goes and it goes up right because Fox is laying in half the old five.

220

00:28:45.170 --> 00:28:48.090

Village of Parish: So Wood view is um in the village, though

221

00:28:48.100 --> 00:28:52.799

Village of Parish: right

222

00:28:53.850 --> 00:28:57.620

Village of Parish: it must be the old.

223

00:28:57.630 --> 00:29:00.390

Village of Parish: Yeah. So

224

00:29:13.550 --> 00:29:18.519

Village of Parish: how do we get the word to these other people that didn't show or it doesn't matter?

225

00:29:26.250 --> 00:29:28.469

Village of Parish: It definitely didn't matter.

226

00:29:34.380 --> 00:29:35.690

This is ever

227

00:29:44.300 --> 00:29:55.990

Village of Parish: and back in two thousand and two. I remember talking about standing up, and we do it. And then they did do it for four years, and we were like, because a long term really made you aside off and run another four years.

228

00:29:56.000 --> 00:30:09.889

Village of Parish: Well, did you do a second? We had to do a

229

00:30:09.900 --> 00:30:12.289

yeah.

230

00:30:12.300 --> 00:30:15.289

Village of Parish: Is that the curbing on the corner,

231

00:30:15.300 --> 00:30:17.580

Village of Parish: and nobody said anything.

232

00:30:17.620 --> 00:30:21.890

Village of Parish: Your did. You put it your okay?

233

00:30:21.900 --> 00:30:25.629

Village of Parish: Because when I called the dot they weren't happy with that.

234

00:30:26.140 --> 00:30:29.889

Village of Parish: They didn't say anything at the time, huh? Right?

235

00:30:29.900 --> 00:30:33.289

Village of Parish: Or they won't.

236

00:30:33.300 --> 00:30:35.180

Yeah,

237

00:30:42.190 --> 00:30:45.489

Village of Parish: because I know I did my cycle. No part of it.

238

00:30:45.500 --> 00:30:55.990

Village of Parish: Yours wasn't a foot or too high, though.

239

00:30:56.000 --> 00:30:58.689

Village of Parish: No, i'm in the,

240

00:31:03.000 --> 00:31:06.879

Village of Parish: and I called them, and they said, you're too far off.
The uh,

241

00:31:07.880 --> 00:31:13.189

Village of Parish: so remain dragged. Yeah, i'm too far off to drag up.
I'm almost two, three, four off.

242

00:31:16.300 --> 00:31:19.570

Village of Parish: I'm like we're my offices. I'm thinking,

243

00:31:24.880 --> 00:31:31.400

Village of Parish: Okay, Anything other questions or inquiries or
comments.

244

00:31:39.620 --> 00:31:42.089

Village of Parish: Oh, she's leaving.

245

00:31:42.100 --> 00:31:43.190

Village of Parish: Oh, yes,

246

00:31:43.720 --> 00:31:46.490

Village of Parish: Yes, yes, please,

247

00:31:49.710 --> 00:31:55.130

Where? Just up here, down there.

248

00:31:55.900 --> 00:31:59.009

Village of Parish: Oh, is my bot like on video right now? Yeah,

249

00:32:03.700 --> 00:32:04.340

The meeting.
