1

00:03:50.220 --> 00:03:52.100  
Village of Parish: It's like travel

2

00:03:52.220 --> 00:03:54.890  
Village of Parish: uh parking lots and roadways,

3

00:03:55.220 --> 00:04:07.139  
Village of Parish: theatrical productions of any portion of the park that is not used for part. So this is that page was forwarded to you so that you can look for to that if you're interested in your information on the details of that

4

00:04:08.510 --> 00:04:17.839  
Village of Parish: all right. Continuing on our reports. Mr. Holt is not with us, so we'll go to the sewer plant, Report the Camden Group.

5

00:04:28.930 --> 00:04:36.990  
Village of Parish: The coverage is consistently high. Still.

6

00:04:37.230 --> 00:04:38.780  
Village of Parish: Um! The

7

00:04:38.920 --> 00:04:46.549  
Village of Parish: I thought of that this morning with this or yesterday with the storm that we had,

8

00:04:46.560 --> 00:05:06.780  
Village of Parish: because we haven't had as many.

9

00:05:37.650 --> 00:05:49.970  
Village of Parish: We want to be able to go in the garage and work time that we need to change from a small hole into the bucket. It's an easy fix. Yeah,

10

00:06:04.700 --> 00:06:11.760

Village of Parish: the the E one months that we've pulled out,

11

00:06:12.020 --> 00:06:13.400

Village of Parish: and they have

12

00:06:15.850 --> 00:06:21.089

Village of Parish: to our Cleveland associates. We found A. E. One

13

00:06:21.540 --> 00:06:23.090

Village of Parish: he's here today.

14

00:06:58.180 --> 00:07:04.179

Village of Parish: Um! We got a new one's left. We. We have three rooms. Okay.

15

00:07:04.350 --> 00:07:07.650

One of those is through Ag with any more,

16

00:07:30.800 --> 00:07:35.290

Village of Parish: I mean, until you found this guy. But they're the only people.

17

00:07:35.300 --> 00:07:41.390

Village of Parish: Well, then they've got the corner of the market. No wonder

18

00:07:41.400 --> 00:07:49.620

Village of Parish: these also lives in an area that they have around a thousand P. One pumps. If we have ground a rural way of twenty two.

19

00:08:16.840 --> 00:08:19.009

Village of Parish: I haven't got done it. I'm not.

20

00:08:19.300 --> 00:08:26.590

Village of Parish: Did they tell me I can't bow uh grass for another two weeks? All right. But is that one going to all the way down to the crick done yet?

21

00:08:26.600 --> 00:08:28.990

Village of Parish: No, no, he haven't done that yet.

22

00:08:57.750 --> 00:09:11.480

Village of Parish: And this particular setup where I post the name. You put a checkmail, and you're saying not way near the list. So if the motivation ever was, there's no one right there. It's not going to be that

23

00:09:24.400 --> 00:09:25.689

Village of Parish: so that it will back

24

00:09:25.700 --> 00:09:26.930

Village of Parish: hang on the board.

25

00:09:26.940 --> 00:09:40.989

Village of Parish: So who does that installation? And you haven't done that way? He hired it person. He hired someone to do it that way.

26

00:10:04.220 --> 00:10:04.790

Village of Parish: So

27

00:10:34.430 --> 00:10:36.890

Village of Parish: that's ours. We go,

28

00:10:36.900 --> 00:10:50.289

Village of Parish: and, in fact, there's only takes a price and put it back in the first jump together. But all we get is the subdivision. It's a proof all they said. Five hundred and twenty-two

29

00:10:50.300 --> 00:10:52.189

Village of Parish: How far is he out of the room?

30

00:11:01.200 --> 00:11:04.589

Village of Parish: It's great um same time,

31

00:11:04.600 --> 00:11:07.389

so he'll probably need a station down by his house.

32

00:11:18.800 --> 00:11:20.790

Village of Parish: He's right next to that. He'd be a lot right.

33

00:11:20.800 --> 00:11:21.790

Village of Parish: Yes,

34

00:11:21.800 --> 00:11:25.390

Village of Parish: and then he's right next to the woods, and there's a roll going back.

35

00:11:41.420 --> 00:11:42.989

What's the call? Call, please.

36

00:11:43.000 --> 00:11:46.109

You guys raised it.

37

00:11:52.500 --> 00:11:55.189

Village of Parish: I don't remember anything

38

00:11:55.200 --> 00:11:57.699

Village of Parish: I don't either, so

39

00:12:01.240 --> 00:12:07.930

Village of Parish: we had to. We had to repair that. That's done to the

40

00:12:08.150 --> 00:12:17.870

Village of Parish: generated on mark on the transfer switch, I believe wasn't working. Actually, it's stuck on,

41

00:12:17.890 --> 00:12:24.729

Village of Parish: and we were almost like that. A tremor was running. It was up because the bridge project

42

00:12:57.180 --> 00:13:01.609

Village of Parish: you call me two and a half hours that you're saying, cause the hard code is in terms of that.

43

00:13:01.620 --> 00:13:06.160

Village of Parish: That's the

44

00:13:07.610 --> 00:13:14.889

Village of Parish: that's another one, though we talk about, you know a check out on that curve.

45

00:13:14.900 --> 00:13:29.760

Village of Parish: Yes,

46

00:13:30.200 --> 00:13:38.160

Village of Parish: it's just that. It's all you know corruption, but it does to prevent other people from across the street that it was based on that

47

00:13:39.370 --> 00:13:48.390

Village of Parish: forever. We have a problem here.

48

00:13:48.400 --> 00:13:51.990

Village of Parish: What is it? But it's It's It's Stop

49

00:13:52.000 --> 00:13:53.340

Village of Parish: nightly.

50

00:14:09.330 --> 00:14:12.329

Village of Parish: Um to your certifications.

51

00:14:12.790 --> 00:14:17.890

Village of Parish: Okay? So he sent an email back. It didn't sound like he got what he wanted.

52

00:14:17.900 --> 00:14:20.090

Village of Parish: No, but Ian said he was taking care of it,

53

00:14:20.100 --> 00:14:33.859

Village of Parish: so everybody's got what they will have from right.

54

00:14:44.100 --> 00:14:48.689

Village of Parish: Who's right, or who the sale is it no longer there? But Valerie is,

55

00:14:53.300 --> 00:14:56.649

Village of Parish: and I said, No, it's bail, he.

56

00:14:59.540 --> 00:15:12.190

Village of Parish: And then remember, whenever you address anything to her, it's valid with an a

57

00:15:12.200 --> 00:15:18.190

Village of Parish: hey? I'm the same way with my name, So I get it.

58

00:15:18.200 --> 00:15:20.700

Village of Parish: Okay,

59

00:15:21.380 --> 00:15:35.890

Village of Parish: that works. And she was promoted to this position, or where did she come from? Was she always working there?

60

00:15:35.900 --> 00:15:54.990

Village of Parish: And then you move over to doing the

61

00:15:55.000 --> 00:16:09.489

Village of Parish: so. Where is well, the same capacity.

62

00:16:09.500 --> 00:16:18.460

Village of Parish: So our correspondence Won't: Be with him anymore.

63

00:16:18.600 --> 00:16:20.060

Village of Parish: Okay,

64

00:16:20.590 --> 00:16:24.199

Village of Parish: Um, you need to ask for approval.

65

00:16:24.520 --> 00:16:26.010

Village of Parish: Pulling out the sledge.

66

00:16:31.590 --> 00:16:32.590

I

67

00:16:32.600 --> 00:16:50.670

Village of Parish: price like that.

68

00:16:51.680 --> 00:16:53.690

Village of Parish: Uh, I want to mention something else.

69

00:16:53.700 --> 00:17:01.780

Village of Parish: Also, I don't know American. We got this. We got the letter back now,

70

00:17:01.960 --> 00:17:10.579

Village of Parish: approving the extension to the such driving medical investment in the

71

00:17:15.450 --> 00:17:19.590

Village of Parish: files, the new Valerie, when they the

72

00:17:19.599 --> 00:17:33.090

Village of Parish: she's not gonna have a bit about any of these.

73

00:17:33.180 --> 00:17:40.109

Village of Parish: Who was the group above the Dc. And they were the ones that were

74

00:17:40.470 --> 00:17:44.090

Village of Parish: pushing the Dec. Who was pushing us

75

00:17:44.100 --> 00:17:47.590

Village of Parish: down the food chain.

76

00:17:47.640 --> 00:17:51.460

Village of Parish: I couldn't remember who was above the east scene.

77

00:17:51.490 --> 00:18:00.389

Village of Parish: They have all the paperwork they're very neat, and we're looking for and needing Arians taking care of.

78

00:18:00.400 --> 00:18:01.940

Village of Parish: Okay, Okay,

79

00:18:02.820 --> 00:18:13.790

Village of Parish: I knew I had those pages that we talked about. You said, Keep until later. Try and find them later. I found them. How are we doing on our

80

00:18:13.800 --> 00:18:20.889

Village of Parish: grant? We'll find out who should be calling around the Okay.

81

00:18:20.900 --> 00:18:22.590

No, it's coming,

82

00:18:22.600 --> 00:18:23.789

Village of Parish: are you

83

00:18:23.800 --> 00:18:26.960

Village of Parish: Media? We're not. We?

84

00:18:27.320 --> 00:18:31.189

Village of Parish: Well, you know you can borrow any one without the other.

85

00:18:31.200 --> 00:18:40.790

You can lend us to us. We can pay you back one dollar a day

86

00:18:40.800 --> 00:18:46.110

Village of Parish: when they pay you on Tuesday.

87

00:18:49.600 --> 00:18:52.689

Village of Parish: No, I think we're We're building our own.

88

00:18:52.700 --> 00:19:06.580

Village of Parish: That is past all of our uh speedy sampling platform.

89

00:19:06.910 --> 00:19:09.309

Village of Parish: We're not wasting our numbers, So

90

00:19:39.200 --> 00:19:40.430

Village of Parish: yeah,

91

00:19:40.440 --> 00:19:42.190

Village of Parish: they can't take it to the same spot.

92

00:19:43.300 --> 00:19:46.139

I'm: a really helpful

93

00:19:48.960 --> 00:19:50.000

Village of Parish: Okay.

94

00:19:50.010 --> 00:20:03.610

Village of Parish: And the mowing is done outside the fence as well as inside.

95

00:20:04.260 --> 00:20:12.420

Village of Parish: And Nobody's young about that yet, Right?

96

00:20:24.500 --> 00:20:26.810

Village of Parish: Who? Uh?

97

00:20:26.820 --> 00:20:30.089

Village of Parish: Well, the county used. I mean, the town used to do it.

98

00:20:34.460 --> 00:20:35.390

Village of Parish: Okay,

99

00:20:35.400 --> 00:20:37.140

Village of Parish: then. Um

100

00:20:38.820 --> 00:20:41.210

Village of Parish: dog did it for a while. Yeah,

101

00:20:41.900 --> 00:20:45.590

Village of Parish: we don't have to have anybody in the tractor to do that.

102

00:20:45.600 --> 00:20:48.689

Village of Parish: No, you would. We would have to. I would have

103

00:20:48.700 --> 00:20:55.990

Village of Parish: where he doesn't have to go down and put the more on to the back of a tragedy, but that shouldn't bother them.

104

00:20:56.000 --> 00:21:08.350

Village of Parish: You wouldn't have to do anything. I mean. You just have to just put it down there and go down and take it back off again.

105

00:21:25.600 --> 00:21:27.400

Village of Parish: I remember that we could stop in there.

106

00:21:27.410 --> 00:21:29.610

Village of Parish: Yeah, he didn't

107

00:21:33.920 --> 00:21:37.349

Village of Parish: this time to do that is in uh June and July.

108

00:21:37.440 --> 00:21:40.680

Village of Parish: all right. Anything else for came to group questions or comments.

110

00:21:46.160 --> 00:21:50.040

Village of Parish: I mean, I don't think that we accept Camden Group is a

111

00:21:50.510 --> 00:21:51.890

Village of Parish: since reported,

112

00:21:51.900 --> 00:21:53.490

Village of Parish: and we they have recorded you

113

00:21:53.500 --> 00:21:57.440

Village of Parish: alright, a second all in favor.

114

00:22:03.090 --> 00:22:07.110

I'm sorry,

115

00:22:17.990 --> 00:22:19.670

so you can add stuff down here.

116

00:22:20.810 --> 00:22:32.410

Village of Parish: All right. Codes report In the month of August we're doing building permits doing inspections property maintenance violations and re-inspections. I've been in

117

00:22:32.440 --> 00:22:44.209

Village of Parish: contact with Dss regarding some property issues, and the Health Department has also been in contact with the Zba about a property, and some suspects the health farmer a very accepted system.

118

00:22:44.220 --> 00:22:59.259

Village of Parish: One of our drawings with him. I have been mating residents and contractors in the office in the field, also working on expired building permits, also working on the violation list, trying to close out what violations there are. So I can start a new list.

119

00:22:59.270 --> 00:23:14.319

Village of Parish: The building permits one permit renewal, eleven building property inspections, eight letters since the expired permits to staff work, order and for property maintenance violations. Billing permit phase two hundred and fifteen dollars, twenty cents.

120

00:23:14.870 --> 00:23:16.589  
Village of Parish: He had a um

121

00:23:16.600 --> 00:23:28.250  
Village of Parish: last-minute conference workshop in Watertown that he wasn't able to make a meeting tonight. So I apologize for not being here, and this information there

Village of Parish: hold the same emergency to expire it to the dynamics, and it also a very to be available for operating effort,

129

00:24:04.400 --> 00:24:07.200  
and all along the best

130

00:24:27.480 --> 00:24:29.159  
Village of Parish: and uh,

Village of Parish: and that was appreciated assistance we had from the people on that. All right. Questions, comments, or motion.

132

00:24:55.880 --> 00:24:57.890

00:25:10.000 --> 00:25:12.010

Village of Parish: No, sewer.

136

00:25:12.020 --> 00:25:14.929

Village of Parish: I'm not going to tell me. It's like that.

137

00:25:15.930 --> 00:25:19.590

Village of Parish: Does he even have to hook up by the law. It does.

138

00:25:19.600 --> 00:25:26.049

Village of Parish: Anybody that builds anything. Anything that comes in the parish has to be a

139

00:25:26.200 --> 00:25:28.289

I had a happier with this.

140

00:25:28.300 --> 00:25:35.870

Village of Parish: I didn't think that was it in the positive book. I still want to.

141

00:25:35.920 --> 00:25:37.790

Village of Parish: Yeah, i'm back to the

142

00:25:37.800 --> 00:25:47.340

Village of Parish: but isn't it doesn't he have a house there right what i'm getting at is this house on the sewer line. No, also his house is needed.

143

00:25:47.350 --> 00:25:54.189

Village of Parish: Oh, don't ask me all right. I was just curious. I don't know if that's enough.

144

00:25:54.200 --> 00:25:55.210

Yeah,

145

00:25:55.330 --> 00:25:58.589

Village of Parish: I don't know why we didn't force me to

146

00:25:58.600 --> 00:25:59.289

Village of Parish: her now.

147

00:25:59.300 --> 00:26:02.139

Village of Parish: Uh, because it's my perfect.

148

00:26:02.150 --> 00:26:03.169

Village of Parish: I think it's

149

00:26:03.260 --> 00:26:04.489

Village of Parish: that i'm a situation.

150

00:26:04.500 --> 00:26:05.390

Yeah,

151

00:26:05.400 --> 00:26:08.160

Village of Parish: so it's my

152

00:26:08.610 --> 00:26:10.170

Village of Parish: he.

153

00:26:10.560 --> 00:26:12.000

Village of Parish: It is halfway

154

00:26:12.030 --> 00:26:15.320

outside of the road from the connection to the bus. He's like,

155

00:26:15.360 --> 00:26:23.630

Village of Parish: okay, next number two,

156

00:26:23.650 --> 00:26:26.099

Village of Parish: and but as far as

157

00:26:26.440 --> 00:26:29.089

Village of Parish: it's definitely within.

158

00:26:29.100 --> 00:26:31.930  
Oh, yeah.

159  
00:26:31.940 --> 00:26:34.899  
Village of Parish: So who's the responsibility to see to it that he does.

160  
00:26:53.010 --> 00:26:58.790  
I would think between the two, and they can work that out.

161  
00:26:58.800 --> 00:27:00.190  
Village of Parish: I don't think so, but

162  
00:27:00.200 --> 00:27:04.960  
Village of Parish: the last slide for us to be in the US that used to us.  
I remember your question.

163  
00:27:05.320 --> 00:27:10.069  
Village of Parish: It's pretty final connection for you looking at the  
maps that couldn't find a new session,

164  
00:27:11.130 --> 00:27:18.209  
Village of Parish: and they weren't going through. I think these you from  
this side of the world where they elected it.

165  
00:27:18.220 --> 00:27:20.290  
Village of Parish: I thought there was a pipe on both sides of the road  
there.

166  
00:27:29.540 --> 00:27:34.780  
Village of Parish: Yeah, there is a house behind it, I mean gone on the  
highway.

167  
00:27:34.790 --> 00:27:39.420  
Village of Parish: We didn't know isn't There,

168  
00:27:39.430 --> 00:27:43.519  
Village of Parish: Wait a minute. I'm. I'm: I might be.

169  
00:27:43.670 --> 00:27:49.839  
Village of Parish: There's another. But yeah, that would be. I believe  
that would be pretty on our powerful great case of it.

170

00:27:49.850 --> 00:27:50.590

Village of Parish: Yeah,

171

00:27:50.600 --> 00:27:52.030

Village of Parish: she said. That.

172

00:27:52.040 --> 00:27:55.540

Village of Parish: Okay, uh, the next one I wrote is, uh,

173

00:27:56.030 --> 00:27:57.490

Village of Parish: yeah,

174

00:28:07.100 --> 00:28:23.990

Village of Parish: I'm: Sorry.

175

00:28:24.000 --> 00:28:25.740

Oh, no.

176

00:28:26.130 --> 00:28:32.890

Village of Parish: You got three houses beyond you, plus. You got three houses below him.

177

00:28:32.900 --> 00:28:35.010

Village of Parish: Yeah, where are they?

178

00:28:35.220 --> 00:28:36.989

Village of Parish: Nobody knows it.

179

00:28:37.000 --> 00:28:42.350

I thought that we discussed this, and it was the consensus was that they were hooked on the pipe, ran down

180

00:28:42.910 --> 00:28:47.089

Village of Parish: down the hill, went to the top of the station and pumped back up on the other side of the room.

181

00:28:47.100 --> 00:28:59.089

Village of Parish: Yeah, I thought that, too. I'm pretty sure that's what we had discussed, and that was the consensus.

182

00:29:07.930 --> 00:29:11.489

Village of Parish: I didn't I wasn't may not work at me. I didn't say that

183

00:29:11.500 --> 00:29:12.490

Yay Rox,

184

00:29:14.900 --> 00:29:33.279

so we need to get on to the codes officer to work with the Camden group sort of this out, Probably all right,

185

00:29:33.620 --> 00:29:50.290

Village of Parish: because it's gone on long enough, and nothing's gotten done so well. I think the easiest way to find somewhere up the road like by Gym. Towels, so we can send something down through the line, so we can track where the line is if we don't know where it is. We got to find a way to try it,

186

00:29:50.300 --> 00:30:00.470

Village of Parish: I think,

187

00:30:15.780 --> 00:30:20.909

but the thing of it is they can't run it. They didn't run everyone across the road.

188

00:30:20.980 --> 00:30:25.789

Village of Parish: That's why we thought that that they ran back down the hill.

189

00:30:25.800 --> 00:30:28.590

Yeah into the conversation.

190

00:30:28.600 --> 00:30:30.120

Yeah,

191

00:30:30.520 --> 00:30:34.890

Village of Parish: because number one, they wouldn't. They wouldn't allow that. Otherwise we would get it.

192

00:30:34.900 --> 00:30:44.989

Village of Parish: Railroad Street, South Railroad. She could have gone right into the main flight. It's been down. They didn't say no. It was only going to run so many things across,

193

00:30:45.000 --> 00:30:46.390  
Village of Parish: and it's hypothesis

194  
00:30:46.400 --> 00:30:49.789  
Village of Parish: shouldn't the Camden group have a map of all this out there

195  
00:30:49.800 --> 00:30:54.149  
Village of Parish: they should have, but I don't know if they can red it

196  
00:31:06.900 --> 00:31:09.890  
Village of Parish: as far as the manual purpose of showing up where the things are at

197  
00:31:11.240 --> 00:31:16.989  
Village of Parish: speaking of animal problems, this one over here that you did last year. It needs to be done.

198  
00:31:17.000 --> 00:31:36.139  
Village of Parish: I talked to um. I talked to um. I talked to the town supervisor, and he said, before we do anything to wait, because when they are done with the bridge

199  
00:31:36.150 --> 00:31:46.780  
Village of Parish: he thinks that he either he will talk to them about fixing it, or they will come and fix it. So I hope it's not too late,

200  
00:31:47.120 --> 00:31:55.880  
Village of Parish: because he's doing roadwork. I don't know why, whether he knows them, that they wouldn't come and do it.

201  
00:31:55.890 --> 00:32:07.489  
Village of Parish: I'm not sure but he said not to pursue it, not to book anybody until we know, so I can give him another call and see if he spent any headway with that.

202  
00:32:14.900 --> 00:32:25.580  
Village of Parish: But will that take us through the winter and secure it.

203  
00:32:25.710 --> 00:32:31.779  
Village of Parish: Now I want to know if there's a patches of black top that we'll put down on the street

204

00:32:31.810 --> 00:32:41.919

Village of Parish: in the area of we're talking about. Thanks for manual, all that kind of like chemical work. We just did this password right?

205

00:32:42.810 --> 00:32:48.009

Village of Parish: We We looked at three weeks, or whatever, and it was. It does now,

206

00:32:48.020 --> 00:32:52.489

Village of Parish: but actually their work sort of lasted longer than that. I mean it should have been permanent.

207

00:32:52.500 --> 00:32:55.290

Village of Parish: We haven't had a winner since they did it.

208

00:32:59.410 --> 00:33:06.170

Village of Parish: You are there. There's one edge of it that sits up high and still gonna get

209

00:33:07.810 --> 00:33:12.989

Village of Parish: okay. I mean some winter guy in May. He's down to May he up? I don't know which ways can I go

210

00:33:13.000 --> 00:33:13.900

there?

211

00:33:14.850 --> 00:33:17.529

Village of Parish: Make sink down the route, and not be an issue in our time?

212

00:33:18.210 --> 00:33:24.669

Village of Parish: Yeah, I mean it may be the case, for I just think that's going to be different. That's some surplus. I'll show you what's going on with this.

213

00:33:25.620 --> 00:33:26.740

Village of Parish: You're talking to me

214

00:33:27.190 --> 00:33:37.100

Village of Parish: could be. I'm not sure what he was thinking. But I can check with him, man. Let's see if he's made any headway of progress on that.

215

00:33:37.380 --> 00:33:39.300

Village of Parish: Okay,

216

00:33:41.410 --> 00:33:42.610

Village of Parish: All right.

217

00:33:42.620 --> 00:33:47.259

Village of Parish: The candid and group, the Pm. Schedule and contract.

We know we've got the

218

00:33:47.910 --> 00:33:53.330

Village of Parish: daily operations duties, preventative minute and maintenance program.

219

00:33:53.770 --> 00:33:55.350

Village of Parish: And

220

00:33:56.680 --> 00:33:59.599

Village of Parish: okay. We had a chance to look it through.

221

00:34:01.500 --> 00:34:05.090

Village of Parish: It seemed to be a long time coming, but we finally have it.

222

00:34:15.080 --> 00:34:17.100

Village of Parish: Which to the comments

223

00:34:17.750 --> 00:34:19.790

Village of Parish: we're going to

224

00:34:19.800 --> 00:34:24.689

Village of Parish: wait till we got this before we looked at the contract renewal,

225

00:34:24.699 --> 00:34:27.290

Village of Parish: and hopefully, you've looked over the contracts, and he can

226

00:34:27.300 --> 00:34:29.690

Village of Parish: concerns or questions about the contract.

227

00:34:29.699 --> 00:34:30.790  
Yes, I did.

228  
00:34:30.800 --> 00:34:35.809  
Village of Parish: Okay. I forgot what it was We should have had them addressed while they were here.

229  
00:34:38.889 --> 00:34:41.040  
Village of Parish: I guess the only thing that I

230  
00:34:49.889 --> 00:34:52.049  
Village of Parish: they do what they want to do,

231  
00:34:59.580 --> 00:35:01.389  
Village of Parish: but they want more to one

232  
00:35:09.600 --> 00:35:11.689  
Village of Parish: unless I misunderstood what he said.

233  
00:35:11.700 --> 00:35:21.279  
Village of Parish: I think that's what I heard a Messiah. I think it's more of, you know, giving it, putting it on there, and somebody here going in to Honest with you. But

234  
00:35:21.380 --> 00:35:23.130  
Village of Parish: for Polynomial is easy.

235  
00:35:23.270 --> 00:35:26.700  
Village of Parish: Oh, you got this back up to it. Three point here

236  
00:35:29.020 --> 00:35:30.040  
Village of Parish: she's here.

237  
00:35:32.050 --> 00:35:33.299  
Village of Parish: It's

238  
00:35:38.110 --> 00:35:42.149  
Village of Parish: everything that needs to be worked on.

239  
00:35:43.440 --> 00:35:51.810

Village of Parish: They don't do it. You gotta hire somebody to do that, and I don't know if other companies do that. I mean, I don't know if everybody

240

00:35:51.940 --> 00:35:54.179

Village of Parish: it's it out.

241

00:35:55.900 --> 00:36:11.689

Village of Parish: I really couldn't tell you, because I really Don't. The only one that I know of is that atoms, and most of the and most of the village of the Atoms. They do most of the stuff themselves because they got a dop.

242

00:36:11.700 --> 00:36:24.900

Village of Parish: They got an operator who does, and far as I know, the operator does. Most of the long, you know. Make sure stuff. Is that done, and do all the testing and all that. So I'm: not really sure.

243

00:36:25.520 --> 00:36:26.540

Okay.

244

00:36:27.860 --> 00:36:38.909

Village of Parish: The only way we'd probably be able to know is by contacting other contractors and see if we want to make a comparison.

245

00:36:38.920 --> 00:36:49.399

Village of Parish: And I gave everybody a list of all the contractors that would be considered, and it looks like a Camden group is the only one that has more than two

246

00:36:51.240 --> 00:36:52.770

Village of Parish: to our

247

00:36:59.840 --> 00:37:04.500

Village of Parish: I mean they do. I think they had twenty, two, twenty, three

248

00:37:04.550 --> 00:37:06.390

Village of Parish: places I did

249

00:37:06.400 --> 00:37:08.509

Village of Parish: where most of these only have one or two.

250

00:37:09.470 --> 00:37:10.689

Village of Parish: It's

251

00:37:10.700 --> 00:37:13.389

Village of Parish: so I don't. I don't know.

252

00:37:15.370 --> 00:37:16.970

Village of Parish: What is it you are on with this.

253

00:37:17.410 --> 00:37:20.210

Village of Parish: What is it you want them to do?

254

00:37:21.180 --> 00:37:23.699

Well, I'm on the tricks where it is broken.

255

00:37:32.540 --> 00:37:34.100

Village of Parish: Okay,

256

00:37:34.810 --> 00:37:37.240

Village of Parish: they come in and they charge us

257

00:37:37.560 --> 00:37:39.099

Village of Parish: to put it in

258

00:37:40.780 --> 00:37:42.829

Village of Parish: is that part of the contract.

259

00:37:43.050 --> 00:37:45.750

Village of Parish: I could not, according to the contract. I've never seen it,

260

00:37:45.760 --> 00:37:47.889

Village of Parish: for the contract,

261

00:37:47.900 --> 00:37:49.189

Village of Parish: is it?

262

00:37:49.200 --> 00:37:50.300

How are you not here,

263

00:37:50.720 --> 00:37:56.129

Village of Parish: but the contract says that they're not responsible for me. They're not responsible for anything that breaks down.

264

00:37:56.190 --> 00:37:57.830

Village of Parish: We are favored,

265

00:37:59.060 --> 00:38:02.739

Village of Parish: but if they put it in they charge it They're running it.

266

00:38:05.140 --> 00:38:06.339

Village of Parish: Okay,

267

00:38:06.350 --> 00:38:11.960

Village of Parish: Theoretically, we could take our tragedy and pull it out and tell them.

268

00:38:12.360 --> 00:38:14.069

Village of Parish: Bring your own down

269

00:38:14.970 --> 00:38:16.560

to clean that better.

270

00:38:16.960 --> 00:38:18.270

Village of Parish: Sure

271

00:38:20.170 --> 00:38:23.369

Village of Parish: I mean. But why would you want to do that?

272

00:38:23.620 --> 00:38:25.040

Village of Parish: Whoa,

273

00:38:25.770 --> 00:38:28.340

Village of Parish: you know. But what I'm saying is

274

00:38:28.350 --> 00:38:30.020

Village of Parish: when I were construction

275

00:38:30.540 --> 00:38:32.579

Village of Parish: there were certain things

276

00:38:32.790 --> 00:38:38.890

Village of Parish: that you did, and you didn't do okay. If this says if i'm a laborer.

277

00:38:39.320 --> 00:38:40.830

Village of Parish: Okay,

278

00:38:41.300 --> 00:38:44.729

Village of Parish: no, I had to pick up. Not just my

279

00:38:45.230 --> 00:38:53.230

Village of Parish: uh. I had to pick up stuff that was dropped out of the people. You you understand what i'm saying,

280

00:38:53.550 --> 00:39:05.559

Village of Parish: you know. Of course I didn't mind because I got extra money for that, because I

281

00:39:05.920 --> 00:39:08.290

Village of Parish: is there a subcontractor

282

00:39:09.140 --> 00:39:22.400

Village of Parish: and a subcontractor says in the law that they're responsible for all for their equipment and stuff? They need to do the job

283

00:39:23.570 --> 00:39:29.170

Village of Parish: what they're bothering the about borrowing our tractor.

284

00:39:29.730 --> 00:39:46.790

Village of Parish: So I don't know. I mean the contracts to, you know, and i'm not good on contracts, or I'm not going to say. But that's my biggest complaint about the contract, said. I think that they were supposed to do. The loans only take, and the new contract has taken that out.

285

00:39:46.800 --> 00:39:48.120

Village of Parish: Yeah.

286

00:39:48.130 --> 00:39:55.290

Village of Parish: So now we are responsible, whereas before, when they move the lawn, they charge us to three hundred dollars to remember that one,

287

00:39:55.300 --> 00:39:58.699

you know, every time they,

288

00:39:58.810 --> 00:40:01.699

Village of Parish: if it was very constantly, why were we paying it?

289

00:40:03.160 --> 00:40:09.590

Village of Parish: Because otherwise you wouldn't do it. I asked this contract two years ago. Your contract

290

00:40:09.600 --> 00:40:12.369

Village of Parish: I never get it, because I want to know if I was in there or not.

291

00:40:12.380 --> 00:40:18.690

Village of Parish: That's what you have a copy of the new one. Yes, I asked for one two years ago, when we took my three years ago,

292

00:40:18.700 --> 00:40:28.060

Village of Parish: but when we first got looking against Leon, but Leon made promises to them that nobody knows about.

293

00:40:28.700 --> 00:40:30.050

Village of Parish: No, it's

294

00:40:30.060 --> 00:40:33.740

Village of Parish: I mean, I like it. I don't get it right. I think you get a good job,

295

00:40:34.140 --> 00:40:41.140

Village of Parish: but when you ask him something, he says I already got it, so he wouldn't tell you everything that was going on.

296

00:40:41.690 --> 00:40:44.360

Village of Parish: You don't understand what i'm saying. I understand that,

297

00:40:44.600 --> 00:40:50.889

Village of Parish: and they had. They had said that it was our responsive. But at the time they had said that was our responsibility.

298

00:40:50.900 --> 00:40:53.490

Village of Parish: But did you know it was in the contract when we were paying them,

299

00:40:53.500 --> 00:41:04.790

Village of Parish: not the language that it was there. So I mean in theory, if it was in contract, and we wrote that we can actually go back

300

00:41:04.880 --> 00:41:17.509

Village of Parish: if we could. We paid them for a service that was in the contract under contract, and we paid them for it because they killed it. We should technically get that money back if it was contract.

301

00:41:17.940 --> 00:41:21.920

Village of Parish: So we gave them. Let's say one thousand dollars over the course of the year.

302

00:41:21.930 --> 00:41:25.680

Well see. They say they do it. They say they do maintenance.

303

00:41:25.740 --> 00:41:26.830

Village of Parish: Okay,

304

00:41:26.930 --> 00:41:30.719

Village of Parish: Now to me, maintenance is going on.

305

00:41:37.920 --> 00:41:41.179

Village of Parish: Yes and no, we can, hey? Really? That would come down

306

00:41:41.720 --> 00:41:49.000

Village of Parish: making sure the door works sure. But they're going to come back and say that they maintain the plan. The plan is part of the plan.

307

00:41:49.430 --> 00:41:53.090

Village of Parish: That's part of the building, and there's you. Can. You could say here,

308

00:41:53.100 --> 00:41:57.319

Village of Parish: argue this at the other either way on that one.

309

00:41:57.410 --> 00:42:05.010

Village of Parish: I'm just saying we raised in the brook because it was our building right, and they're gonna say the doors to us, because it's our building.

310

00:42:05.110 --> 00:42:11.190

Village of Parish: See where i'm going with this, Neil. No. All we fixed you just said we fixed the roof because it's our building

311

00:42:11.200 --> 00:42:12.290

Village of Parish: all right,

312

00:42:12.300 --> 00:42:15.590

Village of Parish: but it's our building. We should fix the doors.

313

00:42:15.600 --> 00:42:18.990

Village of Parish: Yeah, okay, and only I agree with that.

314

00:42:19.000 --> 00:42:20.319

Village of Parish: But

315

00:42:20.810 --> 00:42:25.489

Village of Parish: they says that they are maintaining the property.

316

00:42:25.670 --> 00:42:27.319

Village of Parish: I don't think it's up there.

317

00:42:27.330 --> 00:42:30.009

Village of Parish: Huh? Does it save properties,

318

00:42:30.020 --> 00:42:33.590

Village of Parish: or does it say the plant? I'm pretty sure it's a plan, I think.

319

00:42:33.600 --> 00:42:40.890

Village of Parish: Well, I'll be the longest part of the plane in it?

320

00:42:40.900 --> 00:42:47.749

Village of Parish: Oh, so in other words, we don't have to mow our on, because it's not part of the building

321

00:42:48.960 --> 00:42:49.890

Village of Parish: what

322

00:42:49.900 --> 00:42:53.919

Village of Parish: we don't have to move our on, because it's part of this building

323

00:42:54.510 --> 00:42:56.080

Village of Parish: I don't understand.

324

00:42:56.350 --> 00:42:58.910

Well, they don't have to mobile on

325

00:42:58.920 --> 00:43:01.290

because they're there to run the plant, though.

326

00:43:01.630 --> 00:43:05.029

Village of Parish: Yeah, but she says the grass has got to be more

327

00:43:06.070 --> 00:43:07.890

Village of Parish: So that's our responsibility.

328

00:43:07.900 --> 00:43:10.590

Why is that ever? Is it our property?

329

00:43:10.600 --> 00:43:13.460

Village of Parish: Yeah, it's our responsibility.

330

00:43:15.930 --> 00:43:21.820

Village of Parish: Well, then, I guess uh you would have to define property, maintenance versus both.

331

00:43:21.830 --> 00:43:22.490

Village of Parish: It's a.

332

00:43:22.500 --> 00:43:40.500

Village of Parish: And then when you on the then you, I I don't want you to define what exactly there is to find it is maintain a plant, and that's the same thing that's gonna come down to when they're fixing uh something in the line. The line is on part of the plant plant is the plant. The line is the sewer line.

333

00:43:40.780 --> 00:43:46.290

Village of Parish: Yeah, that's why it is part of the equipment of the plan. It's not part of the plan

334

00:43:46.300 --> 00:43:47.630

Village of Parish: that that's what I mean.

335

00:43:47.840 --> 00:43:50.390

Village of Parish: Planting the building structure,

336

00:43:50.400 --> 00:43:55.690

Village of Parish: the plan for a plant being the tanks anything that's out for the flowers, et cetera.

337

00:43:55.700 --> 00:44:03.220

Village of Parish: So, in other words, you're telling me that they don't have to do anything to these pumps up here. That's what i'm telling you that what they would tell you.

338

00:44:03.260 --> 00:44:05.690

Village of Parish: I'm not telling you. I'm telling you that's what they will tell you.

339

00:44:05.700 --> 00:44:09.290

Village of Parish: Why would they go? Because he's already said it before.

340

00:44:09.300 --> 00:44:20.779

Village of Parish: Well that these are not that they do that as a courtesy. That's why they That's why they hire out to you. That's why they hire out to do it because it's not part of maintaining the

341

00:44:20.790 --> 00:44:21.899

Village of Parish: well.

342

00:44:21.910 --> 00:44:25.910

Village of Parish: You guys do what you want, because I ain't gonna be on the board next year, anyway.

343

00:44:26.020 --> 00:44:33.970

Village of Parish: I'm just telling you that we've had these conversations, and that's basically the just. All I know is when we we did a

344

00:44:34.030 --> 00:44:37.439  
Village of Parish: building downtown series.

345  
00:44:37.770 --> 00:44:39.089  
Village of Parish: Okay,

346  
00:44:40.580 --> 00:44:46.810  
Village of Parish: it says that you must clean every. You must have everything picked up every day.

347  
00:44:46.870 --> 00:44:47.689  
Village of Parish: This

348  
00:44:47.700 --> 00:44:48.390  
Village of Parish: Okay,

349  
00:44:48.400 --> 00:44:53.869  
Village of Parish: that means anything to something. I want it to be picked up out of the way, and then the the long-needing low. You had it more

350  
00:44:53.980 --> 00:44:57.260  
Village of Parish: because we were the contractors for that building

351  
00:44:58.030 --> 00:45:01.860  
Village of Parish: is that the same thing. No, we're in our building.

352  
00:45:01.870 --> 00:45:03.740  
Village of Parish: No, it's not our building

353  
00:45:04.070 --> 00:45:14.879  
Village of Parish: Where' you running, grading the building. It's our responsibility. Their responsibility is to maintain,

354  
00:45:16.170 --> 00:45:21.649  
Village of Parish: make sure. Okay, running properly, soldier than our. So all these fines are we getting

355  
00:45:21.740 --> 00:45:24.690  
Village of Parish: for certain things? We should give it back to them then, right

356

00:45:25.110 --> 00:45:28.360

Village of Parish: they can't control the plan of being forty years old,

357

00:45:30.710 --> 00:45:34.089

Village of Parish: but they are responsible to make sure that that plant is

358

00:45:34.100 --> 00:45:35.919

Village of Parish: working properly,

359

00:45:36.300 --> 00:45:47.209

Village of Parish: and they're working. They can only maintain it if it needs to be upgraded. It becomes like us if it needs to be on there because of age comes back to us.

360

00:45:49.560 --> 00:45:52.370

Village of Parish: They can only do so much with what they're working with.

361

00:45:53.160 --> 00:46:01.550

Village of Parish: I think we've got a rock. I think we're better off chiefly car one guy just to do all the

362

00:46:01.770 --> 00:46:05.129

Village of Parish: of course the guy says one building you can't. You know

363

00:46:05.210 --> 00:46:11.680

Village of Parish: who in just one building It wouldn't pay him enough, because they only work four hours a day, but they don't look for hours a day down there.

364

00:46:12.090 --> 00:46:15.390

Village of Parish: The only other option would be to hire a full-time.

365

00:46:15.400 --> 00:46:19.060

Village of Parish: Well, that's what I mean. We had on before But Leon got rid of

366

00:46:19.260 --> 00:46:31.139

Village of Parish: that, that the guy that did it. He did all that.

367

00:46:31.500 --> 00:46:36.590

Village of Parish: The only way to go around that would, if we're not going to use, say the camming group or some other.

368

00:46:36.600 --> 00:46:38.980

But they said, You see, this is what i'm talking about.

369

00:46:39.090 --> 00:46:47.339

Village of Parish: They should be. When something breaks they should tell us so we can fix it, but a lot of time they'll do it,

370

00:46:47.630 --> 00:46:49.590

Village of Parish: he says. Well, that's all right, for now,

371

00:46:49.600 --> 00:46:53.170

Village of Parish: then, when it really breaks, it costs us more money.

372

00:46:53.620 --> 00:47:00.490

Village of Parish: You understand what i'm saying. If they come here and tell us if this broke and the Gary regions are right right now, we should, as A.

373

00:47:00.500 --> 00:47:03.889

Village of Parish: If they don't tell us that you just said they told us that

374

00:47:03.900 --> 00:47:06.239

after no, he didn't Tell me

375

00:47:06.460 --> 00:47:17.709

Village of Parish: the the the guy that come down to to check them. He said. We should have a maintenance thing out here every year, but he says Cabinet Group only have them come down every five years or four years,

376

00:47:17.720 --> 00:47:21.929

Village of Parish: and he's when I told me that that was jury right? Not the canvas.

377

00:47:23.020 --> 00:47:26.750

Village of Parish: But can he definitively say that it was a Canada group of Jerry.

378

00:47:27.970 --> 00:47:29.339

Village of Parish: Yeah,

379

00:47:29.630 --> 00:47:34.909

Village of Parish: because they were the only ones that allowed to be supposed to be in the box. They're the only ones that got to keep.

380

00:47:36.650 --> 00:47:39.379

Village of Parish: But when I was a Jerry. That's the

381

00:47:40.080 --> 00:47:41.389

Village of Parish: all right.

382

00:47:41.900 --> 00:47:44.870

Village of Parish: Three years ago, four years ago,

383

00:47:46.930 --> 00:47:49.250

Village of Parish: just before I got off the board the first time

384

00:47:49.800 --> 00:47:51.870

that was more than three or four years ago.

385

00:47:53.390 --> 00:48:01.989

Village of Parish: No, i'm not right. I only been on this this time. This is my third term, so that's two, four, six,

386

00:48:02.400 --> 00:48:04.589

and I was up for two terms.

387

00:48:04.600 --> 00:48:07.639

Village of Parish: Yeah, okay, ten years ago. Thank you.

388

00:48:09.240 --> 00:48:14.390

Village of Parish: But my point my point is that none of that is put in the contract.

389

00:48:14.400 --> 00:48:18.079

Village of Parish: It says the you like maintenance,

390

00:48:20.850 --> 00:48:22.890

Village of Parish: classify lightning mystery,

391

00:48:23.110 --> 00:48:24.770

Village of Parish: and have them classified.

392

00:48:24.880 --> 00:48:29.779

Village of Parish: No, no, no, i'm asking you no, because I didn't write the contract.

393

00:48:29.800 --> 00:48:41.290

Village of Parish: They wrote the contract, so it's going to be in their It's we're here to

394

00:48:41.300 --> 00:48:46.560

Village of Parish: That's what a contract is about is to make an agreement between two parties.

395

00:48:53.260 --> 00:49:01.709

Village of Parish: We need to.

396

00:49:02.260 --> 00:49:09.049

Village of Parish: My language needs to be changed, and then we should find out what is acceptable to both sides,

397

00:49:09.350 --> 00:49:15.979

Village of Parish: and I think that would be a a separate meeting, that if that's what we want to do. And I think we need to have a separate meeting just for that to go over

398

00:49:16.210 --> 00:49:26.400

Village of Parish: the language that we want. Then we can go and have our lawyer drop another contract that just maybe mutual ground, and go back and forth

399

00:49:26.950 --> 00:49:28.590

Village of Parish: that that's really how you know

400

00:49:30.770 --> 00:49:34.410

Village of Parish: that what you guys want to do, or do you want to assign a contract?

401

00:49:39.370 --> 00:49:40.789

Village of Parish: I think we should talk a little?

402

00:49:40.800 --> 00:49:43.810

We should talk to him. But I don't think it's going to do any good,

403

00:49:43.820 --> 00:49:46.270

Village of Parish: because they already said Go with somebody else anymore.

404

00:49:46.550 --> 00:49:48.670

Village of Parish: They are a told us that

405

00:49:48.840 --> 00:49:50.989

Village of Parish: you don't like our contract or some place else

406

00:49:51.000 --> 00:49:53.910

Village of Parish: we're talking to some other group.

407

00:49:54.070 --> 00:49:57.659

Village of Parish: There were a couple on the list. There's a few in the area. Yeah.

408

00:49:58.140 --> 00:50:11.289

Village of Parish: See what they have to say, and if it's the same, then we haven't gotten any further head. If it's more to our liking them, I mean it doesn't hard to make phone calls trying to reach an agreement with them. At least

409

00:50:11.950 --> 00:50:19.509

Village of Parish: let's make some phone calls and try and see what the language is with some others.

410

00:50:27.260 --> 00:50:28.319

Village of Parish: She

411

00:50:34.010 --> 00:50:38.439

Village of Parish: okay. Our records room in the basement is,

412

00:50:38.760 --> 00:50:57.539

Village of Parish: and contents have been transferred in, and, thanks to Jackie and her husband and our student assistant, that work with Jackie. I'm waiting to get the job completed. Thank you.

413

00:50:57.550 --> 00:51:00.039

Thank you. Thank you. And your husband.

414

00:51:00.080 --> 00:51:00.689

Three

415

00:51:00.700 --> 00:51:08.990

Village of Parish: and everything's in that room now, because of the town. We're not even working in the middle of the boxes. So I think I put an iron stuff to go to the library.

416

00:51:09.000 --> 00:51:11.000

Village of Parish: Okay and done.

417

00:51:28.080 --> 00:51:30.029

I noticed

418

00:51:30.040 --> 00:51:32.690

you matter how you want?

419

00:51:32.700 --> 00:51:33.700

Village of Parish: I you

420

00:51:50.590 --> 00:52:02.590

Village of Parish: Okay. Now you have the shelving units you need.

421

00:52:02.600 --> 00:52:06.990

Village of Parish: Oh, yeah, that's right. It'll be a big savings right there for space.

422

00:52:07.000 --> 00:52:09.690

Alright? Well, thank you on that one.

423

00:52:09.700 --> 00:52:24.049

Village of Parish: Oh, the bank of the humidifier! Would you anything to give me up still have not heard from Leon is waiting as well for that number. He's supposed to be back in there starting this week or next, to finish his end of everything.

424

00:52:24.540 --> 00:52:25.990

Alright,

425

00:52:26.000 --> 00:52:28.939

we got the feedback. Yeah,

426

00:52:29.070 --> 00:52:30.670  
Village of Parish: we have a key.

427  
00:52:42.200 --> 00:52:46.189  
Village of Parish: We got two keys now, and when Leon's done with his, then we'll have.

428  
00:52:46.200 --> 00:52:48.970  
Village of Parish: Or did you make copy for the one for the bank.

429  
00:52:49.280 --> 00:52:52.539  
Village of Parish: That's what i'm talking about. Yeah,

430  
00:52:52.550 --> 00:52:56.400  
Village of Parish: it is. It's not like the one we got on the door. Here

431  
00:52:56.590 --> 00:52:58.660  
Village of Parish: It's just that It's okay.

432  
00:52:59.110 --> 00:53:01.960  
Village of Parish: So why? Just because it says, do not duplicate

433  
00:53:02.040 --> 00:53:03.089  
Village of Parish: here,

434  
00:53:03.100 --> 00:53:04.989  
Village of Parish: so you can have them. You can have them do the same.

435  
00:53:11.350 --> 00:53:12.189  
Village of Parish: It's.

436  
00:53:12.200 --> 00:53:13.680  
Yeah, but they

437  
00:53:13.750 --> 00:53:16.190  
Village of Parish: but they're authorized.

438  
00:53:16.200 --> 00:53:24.489  
Village of Parish: Yes, it's an odds. First place, you can't take these key down to the hierarchy. That's what I said. You can't take those keys down,

439

00:53:24.500 --> 00:53:28.690

Village of Parish: and you said, you can't have them copy. Well, you can copy them. But it's going to cost you about

440

00:53:28.700 --> 00:53:32.840

Village of Parish: forty-five dollars a piece. He's twenty-five or thirty bucks.

441

00:53:33.820 --> 00:53:35.089

Village of Parish: Oh, yeah,

442

00:53:35.280 --> 00:53:41.079

Village of Parish: all right. So he's near it. Completion

443

00:53:41.110 --> 00:53:50.809

Village of Parish: all right, and we haven't heard about the dehumidifier yet. Is he waiting for Rock to give him that he called me last week to see if i'd heard from him.

444

00:53:50.930 --> 00:54:04.589

Village of Parish: I don't know why I don't know how the details. I guess that's

445

00:54:04.600 --> 00:54:11.140

Village of Parish: so. You mind you wait a little bit of walking or biking. I don't know either. Take one out to get into trash.

446

00:54:33.880 --> 00:54:44.649

Village of Parish: He, Jessie, doesn't remember anything he he doesn't remember anything. Nobody's stuff to take care of one another. Then, apparently

447

00:54:45.120 --> 00:55:00.089

Village of Parish: All right, New York. Forward. We just had our public meeting. Applications will be due and submitted on by Friday afternoon.

448

00:55:01.060 --> 00:55:04.700

Village of Parish: Let's see here for that, sir.

449

00:55:05.140 --> 00:55:08.750

Village of Parish: Revitalization project that we're working on,

450

00:55:09.840 --> 00:55:14.360  
Village of Parish: maybe, and I said, a quote

451  
00:55:14.660 --> 00:55:23.050  
Village of Parish: um application has been extended to the fourth of October. So we need to get this information back to Amanda,

452  
00:55:23.190 --> 00:55:28.159  
Village of Parish: and a diagramal way We got the quote, for

453  
00:55:28.440 --> 00:55:43.790  
Village of Parish: there is seventy-seven fifty-three, seven thousand seven hundred and fifty-three, minus the five thousand that we get from Nicer to so we're left with about two thousand seven hundred and forty-three,

454  
00:55:43.800 --> 00:55:47.950  
Village of Parish: and it's charging station.

455  
00:55:47.970 --> 00:55:59.359  
Village of Parish: Ah was just discussed about putting it over or putting one in a Mill Street site, and that will can and will be included in the New York forward,

456  
00:55:59.370 --> 00:56:10.840  
Village of Parish: the price will be the same, and we won't get any reimbursement from nicer to, so we're covered that way. If we want to go that direction, and we need.

457  
00:56:12.390 --> 00:56:22.619  
Village of Parish: Let's see a roll call. Vote to go with the bid that was given by plug-in.

458  
00:56:22.940 --> 00:56:23.990  
Village of Parish: We were

459  
00:56:24.000 --> 00:56:30.089  
Village of Parish: and then terrible. Okay, You know where that, you know.

460  
00:56:30.100 --> 00:56:32.730  
Village of Parish: You know where the poll is. Okay

461

00:56:33.220 --> 00:56:34.279

Village of Parish: about

462

00:56:35.420 --> 00:56:36.990

Village of Parish: anything.

463

00:56:37.000 --> 00:56:38.589

Village of Parish: Triangle of that,

464

00:56:38.600 --> 00:56:40.380

Village of Parish: And they're going to put it right there.

465

00:56:40.600 --> 00:56:41.839

Village of Parish: Okay,

466

00:56:42.270 --> 00:56:43.359

Village of Parish: she's

467

00:56:44.100 --> 00:56:55.010

Village of Parish: probably have to use a concrete in a concrete pad and put it in a so that we can leave a dirt, or we can pay it, or whatever we need to do.

468

00:56:55.530 --> 00:57:06.639

Village of Parish: Does this go in? Stop! I'm. Putting a tank through pad down? I believe it's right there about electric utility incentives.

469

00:57:14.800 --> 00:57:20.100

Village of Parish: I think that's also because we talked about it.

470

00:57:25.250 --> 00:57:27.669

Village of Parish: You really can't park in front of it. Anyways,

471

00:57:27.700 --> 00:57:30.519

Village of Parish: it's parking in front of it. You're not going to be able to

472

00:57:30.720 --> 00:57:34.529

Village of Parish: what it is. Here's the station right here

473

00:57:34.630 --> 00:57:36.490

Village of Parish: and There's two

474

00:57:42.890 --> 00:57:49.380

Village of Parish: right, but it's number two charge system, so it's going to take eight hours

475

00:57:49.610 --> 00:57:51.280

Village of Parish: to charge it for.

476

00:57:52.690 --> 00:57:56.489

Village of Parish: Now, how does this system that they're going to be putting in it? Is it?

477

00:57:56.500 --> 00:57:58.990

Village of Parish: Have like a credit card reader on it?

478

00:57:59.000 --> 00:57:59.990

Village of Parish: Okay,

479

00:58:00.000 --> 00:58:10.889

Village of Parish: yeah. So the way Amanda explained it to me is um. This company? There's an half that it's up to the app. We determine what the prices they will pay for.

480

00:58:10.900 --> 00:58:11.490

Village of Parish: Okay,

481

00:58:11.500 --> 00:58:13.199

Village of Parish: I was just curious. I would.

482

00:58:13.380 --> 00:58:16.989

Village of Parish: Yeah. So they

483

00:58:17.000 --> 00:58:25.490

Village of Parish: right. So the the way men explain it was, they pull up. They aren't even allowed to plug in until their credit card info is in the app.

484

00:58:25.500 --> 00:58:26.430

Village of Parish: Okay.

485

00:58:26.770 --> 00:58:28.690

Village of Parish: But if they did plug in it wouldn't,

486

00:58:28.700 --> 00:58:38.989

Village of Parish: it wouldn't do anything to be with the credit Correct. Yeah. Now we don't have any bullets protected or right. That's not listed, and well no. There is two, six and four yards included,

487

00:58:39.000 --> 00:58:41.990

Village of Parish: two to six inch.

488

00:58:42.000 --> 00:58:48.739

Village of Parish: Where do you see the six inches around diameter from the side?

489

00:58:49.150 --> 00:58:51.090

Village of Parish: You said, There's two six inch full.

490

00:58:51.100 --> 00:58:53.530

Village of Parish: Yeah, they do have them on that yup

491

00:58:57.540 --> 00:58:59.000

Village of Parish: on my life,

492

00:58:59.010 --> 00:59:04.490

Village of Parish: just above the in of utility.

493

00:59:04.500 --> 00:59:07.189

Village of Parish: Oh, we're both fine.

494

00:59:07.200 --> 00:59:14.900

Village of Parish: Thank you all right. So we need a i'll call Vote on that to go with this quote it was given:

495

00:59:22.200 --> 00:59:28.490

Village of Parish: We've got to get that condition before we.

496

00:59:28.500 --> 00:59:33.309

Village of Parish: In the end we end up with two sites, so

497

00:59:34.160 --> 00:59:37.089

Village of Parish: I don't have it. Is there a poll on that right here?

498

00:59:37.100 --> 00:59:38.509  
Village of Parish: Yes, okay,

499

00:59:38.620 --> 00:59:46.789  
Village of Parish: yeah. And these guys said that they weren't clear if we may be able to get away with them,

500

00:59:46.800 --> 01:00:04.930  
Village of Parish: Grab a lot there. But the electric portion of this, that ten thousand and eight hundred credit may be void if they require it to be paid, so we just put it in the forward as paid. So you don't have to worry about it.

501

01:00:09.580 --> 01:00:11.790  
Village of Parish: Oh, I do. Roll. Call out. Okay,

502

01:00:11.800 --> 01:00:12.759  
me again.

503

01:00:16.020 --> 01:00:17.750  
Village of Parish: Trustee Lauer.

504

01:00:19.990 --> 01:00:22.729  
Village of Parish: You Um

505

01:00:23.550 --> 01:00:24.950  
Village of Parish: Yes,

506

01:00:25.630 --> 01:00:29.189  
Village of Parish: Trustee Wellatock. Yes. Trustee Chatterton.

507

01:00:29.200 --> 01:00:31.779  
Village of Parish: Yes, Trustee Murphy. Yeah,

508

01:00:34.250 --> 01:00:35.609  
Village of Parish: thank you.

509

01:00:36.320 --> 01:00:41.129  
Village of Parish: All right. Going on with the water committee.

510

01:00:41.230 --> 01:00:45.840

Village of Parish: We've had two meetings, the third one coming up on Monday,

511

01:00:46.030 --> 01:00:48.510

Village of Parish: a third of October,

512

01:00:48.750 --> 01:00:50.520

Village of Parish: and

513

01:00:52.850 --> 01:00:54.919

Village of Parish: we have had

514

01:00:54.980 --> 01:00:57.629

Village of Parish: It's a pretty consistent attendance, I think

515

01:00:57.860 --> 01:01:02.609

Village of Parish: not an overwhelming crowd, but it's those that are interested have shown up,

516

01:01:02.880 --> 01:01:04.450

Village of Parish: and

517

01:01:05.450 --> 01:01:06.990

Village of Parish: what else

518

01:01:07.950 --> 01:01:11.439

Village of Parish: we had the minutes in those two meetings,

519

01:01:11.860 --> 01:01:15.419

Village of Parish: and we'll be meeting with Mexico next week.

520

01:01:15.600 --> 01:01:22.990

Village of Parish: Jackie, you're coming to. That is anybody else coming in this Thursday the twenty ninth at once.

521

01:01:23.000 --> 01:01:26.230

Village of Parish: Yes, I think i'm coming. I I knew that

522

01:01:26.430 --> 01:01:34.589

Village of Parish: I knew that but day twenty eight at the Mexico village hall.

523

01:01:34.600 --> 01:01:35.390

Village of Parish: Okay,

524

01:01:42.900 --> 01:01:46.179

Village of Parish: Dave Yup and Jackie,

525

01:01:53.100 --> 01:01:59.790

Village of Parish: you there be there. Mexico. That's right. You were telling a second.

526

01:01:59.800 --> 01:02:01.519

Village of Parish: Yes,

527

01:02:02.590 --> 01:02:05.849

Village of Parish: All right. Anything else for old business.

528

01:02:06.560 --> 01:02:09.379

Village of Parish: What is this from Greg?

529

01:02:09.790 --> 01:02:23.319

Village of Parish: Memorials All right, going on with the new business that's part concerns the vandalism that's taken place, and recent has been unfortunate, and why they have done

530

01:02:24.050 --> 01:02:29.030

Village of Parish: food, I guess we don't know. But to to face the Vet Park

531

01:02:29.180 --> 01:02:39.160

Village of Parish: is unfortunate. Cannonballs were just disarrayed and flagged down.

532

01:02:39.320 --> 01:02:42.149

Village of Parish: That's not that park. Okay,

533

01:02:48.720 --> 01:02:50.420

Village of Parish: i'm not to play

534

01:02:50.670 --> 01:02:53.810

Village of Parish: um spray painting being done,

535

01:02:54.010 --> 01:02:55.830  
Village of Parish: we had um

536

01:02:56.710 --> 01:03:11.089  
Village of Parish: company from Rome. I think it was Kellogg from Rome that came out and took care of that because of the material that it was they wanted to make sure it was done properly, which is good. So we appreciate their services.

537

01:03:11.100 --> 01:03:12.430  
Umhm: Yeah.

538

01:03:12.700 --> 01:03:20.300  
Village of Parish: Now there was for the Spray painting at the Key Bank. We have a quote of five hundred dollars to have that cleaned up.

539

01:03:21.010 --> 01:03:30.980  
Village of Parish: That was from the Pete. Yeah. Piano race. Yep. Race,

540

01:03:33.690 --> 01:03:35.589  
Village of Parish: i'm. Sure it's going on here.

541

01:03:35.600 --> 01:03:38.790  
Village of Parish: I have not heard back from the insurance company yet.

542

01:03:40.900 --> 01:03:43.090  
Yeah, I'm sure they're

543

01:03:43.600 --> 01:03:52.760  
Village of Parish: they had a person of interest. But last I knew they still hadn't been able to track him down

544

01:03:57.500 --> 01:04:03.349  
Village of Parish: all right. I'm. Going on the village clock at the library.

545

01:04:03.480 --> 01:04:18.689  
Village of Parish: We have pricing that this is the previous company that we had been in contact with, and told us that to do it originally and get it back to its restoration would be next to impossible financially.

546

01:04:18.700 --> 01:04:19.890  
Village of Parish: Yes,

547

01:04:19.900 --> 01:04:21.390

and

548

01:04:21.400 --> 01:04:26.959

Village of Parish: the information now is kind of the question of whether it's two-faced or four-faced

549

01:04:27.240 --> 01:04:32.579

Village of Parish: it's to face It's about twenty seven thousand for face to be fifty thousand

550

01:04:38.000 --> 01:04:51.600

Village of Parish: would be needing to be reconstructed there's a lot of maintenance that needs to be done before they can actually put something in place. What is there would be

551

01:04:51.840 --> 01:05:04.199

Village of Parish: put in a museum, or whoever somebody wants maybe up there with where everything else is. If we're going to have a clock there, it's kind of a village

552

01:05:05.250 --> 01:05:13.270

Village of Parish: knowledge emblem. It would be nice to have something working rather than just something standing there, not functioning properly.

553

01:05:14.240 --> 01:05:21.159

Village of Parish: So we've got a purchase agreement, I think. Did they get copies of this or not okay.

554

01:05:21.170 --> 01:05:39.029

Village of Parish: Um scope of the work. Install a new four-phase Victorian model clock cast iron cast aluminum head with header panels lettered in gold. Personalized and customer specification clock it be mounted on a cast aluminum post

01:07:48.340 --> 01:07:50.140

Village of Parish: while the Charter Doesn't assert me that it was a great to them a charter system.

Village of Parish: check that out

581

01:09:12.970 --> 01:09:16.579

Village of Parish: twenty-six, one thousand nine hundred and twenty six  
is when this was

582

01:09:17.819 --> 01:09:19.629

Village of Parish: anybody else more together,

583

01:09:21.590 --> 01:09:23.149

Village of Parish: it's a

584

01:09:24.300 --> 01:09:29.859

Village of Parish: well. Then, i'll say we won't do anything until some  
lawyers take care of.

585

01:09:45.479 --> 01:09:47.279

I'm. On my head.

586

01:09:49.120 --> 01:09:51.130

What are you doing here?

587

01:09:56.290 --> 01:09:57.629

Village of Parish: This is our first.

588

01:09:58.730 --> 01:09:59.389

Village of Parish: Is that the

589

01:09:59.400 --> 01:10:02.469

Village of Parish: or there was a proof by a State Education Department.

590

01:10:03.300 --> 01:10:04.740  
Village of Parish: Take a look

591  
01:10:14.310 --> 01:10:17.719  
Village of Parish: table for him.

592  
01:10:18.320 --> 01:10:34.390  
Village of Parish: Well, then, what happens? Well, and there's still, I guess the village in the library need to talk, because this this New York forward still gives the library to do what they want, the funding to do what they want. They just need to tell us what the

593  
01:10:35.090 --> 01:10:36.340  
with that

594  
01:10:38.340 --> 01:10:42.689  
Village of Parish: Well, all I know is, last time we sat down

595  
01:10:42.700 --> 01:10:44.540  
Village of Parish: discuss that clock

596  
01:10:44.550 --> 01:10:47.700  
Village of Parish: the library Would not

597  
01:10:48.340 --> 01:10:51.849  
Village of Parish: they want it? The original

598  
01:10:51.940 --> 01:10:55.899  
Village of Parish: where it was in one thousand nine hundred and twenty-six.

599  
01:10:55.920 --> 01:11:10.389  
Village of Parish: They can't afford it.

600  
01:11:10.400 --> 01:11:16.190  
Village of Parish: Well, yeah, well, i'm just well, I mean is it is it right? Somebody said. It's routing for. Basically

601  
01:11:16.200 --> 01:11:20.389  
Yeah, it's going to be at some point it's going to become. I'm say three.

602  
01:11:20.400 --> 01:11:34.689

Village of Parish: They're not even, or it will make it through the winner. So they have to do something, because if it falls on somebody who's walking down the street, and they're in claiming that it's theirs. And we're coming in, Sars at that point. If you say no, it's yours.

603

01:11:34.700 --> 01:11:36.289  
I'm sure.

604

01:11:36.300 --> 01:11:40.489  
Village of Parish: So maybe we need to take the initiative. And

605

01:11:40.560 --> 01:11:43.989  
Village of Parish: because now you you do that you're putting yourself a whole

606

01:11:44.000 --> 01:11:44.790  
Village of Parish: legal,

607

01:11:44.800 --> 01:11:47.129  
then they will act, though.

608

01:11:47.430 --> 01:11:52.389  
Village of Parish: Well, it's just that we need. If that's the case, and it's that bad. Then, yeah, or something usually done,

609

01:11:52.400 --> 01:11:56.889  
Village of Parish: because we can't wait till something happens right.

610

01:11:57.900 --> 01:11:59.580  
It's on the sidewalk.

611

01:11:59.900 --> 01:12:10.990  
Village of Parish: We could say that it is an unsafe,

612

01:12:11.000 --> 01:12:12.089  
you know.

613

01:12:12.100 --> 01:12:16.089  
I think That's the only way. I think that's the only way we can get action on it right now.

614

01:12:16.100 --> 01:12:17.439

Village of Parish: Well, great,

615

01:12:17.450 --> 01:12:23.890

Village of Parish: you know they want to fight the desires and the neat. If you guys want to fight that it's the villages.

616

01:12:23.900 --> 01:12:28.100

Village of Parish: No, I i'm not going to get on it, you know, as far as I'm Chris if they want it.

617

01:12:28.200 --> 01:12:47.490

Village of Parish: Okay? Well, then, if it's theirs and it's i'm safe. Then something needs to be done with it before somebody does that sixty-nine so, then the liar. If they're going to claim it, they have ownership of it. Then the the lawyer needs to put it in writing that if something does happen to make our possession of the responsibilities.

618

01:12:47.500 --> 01:12:48.090

Yeah,

619

01:12:48.100 --> 01:12:49.860

Village of Parish: not us, right?

620

01:12:50.600 --> 01:12:59.689

Village of Parish: Because, like you're saying it's gonna be back and forth when something does happen, it's gonna be. No, we don't know that we've been fighting with this.

621

01:12:59.700 --> 01:13:00.750

Yes, you know.

622

01:13:00.760 --> 01:13:02.260

Village of Parish: Exactly.

623

01:13:03.230 --> 01:13:05.199

Village of Parish: Okay. Maybe i'm wrong.

624

01:13:05.750 --> 01:13:09.410

Village of Parish: I'm on all. Now it's worth checking out. Thanks so much.

625

01:13:09.420 --> 01:13:16.289

Village of Parish: All right, and welcome. Sign on sixty nine. Tom had a picture of our new welcome sign. Did it get mounted?

626

01:13:16.300 --> 01:13:17.999

Village of Parish: It's time to give them all the time

627

01:13:22.970 --> 01:13:24.489

Village of Parish: on the front porch.

628

01:13:24.500 --> 01:13:29.940

Village of Parish: What's on the side of the garage? So it's ready to put up.

629

01:13:29.950 --> 01:13:32.529

I know someone wants something.

630

01:13:32.690 --> 01:13:38.599

Village of Parish: Oh, that's right we were having to it.

631

01:13:39.740 --> 01:13:41.880

Village of Parish: It's not how to do that.

632

01:13:43.420 --> 01:13:48.089

Village of Parish: What if you just put it up and let her go, put the it come again,

633

01:13:49.860 --> 01:13:52.220

Village of Parish: or doesn't she want to do. Come again.

634

01:13:52.450 --> 01:13:53.670

Village of Parish: Um

635

01:13:54.960 --> 01:13:59.819

Village of Parish: can't put welcome on both sides. No, that's the fastest. There's a second to your life.

636

01:14:02.470 --> 01:14:04.489

Well, I want to say, What does that have it on the backs?

637

01:14:04.500 --> 01:14:14.290

Village of Parish: It doesn't. There's nothing on the back side of it would be a bad idea. Yeah,

638

01:14:14.300 --> 01:14:15.450

Village of Parish: yeah.

639

01:14:15.460 --> 01:14:17.259

Village of Parish: So where you on Friday

640

01:14:17.920 --> 01:14:20.590

uh after your meeting

641

01:14:20.600 --> 01:14:22.889

with with Canada.

642

01:14:25.540 --> 01:14:28.300

Village of Parish: I have my daughter right, in fact.

643

01:14:28.430 --> 01:14:40.890

Village of Parish: All right. Thank you for getting that done and getting the sign made, anyway, so hopefully it'll get up sooner or later. Board vacancies. The Cba is Mr. Borlan. We get a feedback from him.

644

01:14:40.900 --> 01:14:41.490

Not yet,

645

01:14:41.500 --> 01:14:49.389

Village of Parish: all right and planning board, Carol Dwyer, and you're willing to assume that position again. All right. Very good. Thank you.

646

01:14:49.400 --> 01:14:51.780

Village of Parish: I'll make a motion that we accept.

647

01:14:51.790 --> 01:14:53.490

Village of Parish: Sure. Okay,

648

01:14:53.500 --> 01:15:02.290

Village of Parish: And this other Mr. Boylean, Mr. Boyle. Well, we have to talk to Mr. Borland because his term expired last year.

649

01:15:02.420 --> 01:15:08.490

Village of Parish: And who's been doing it this year he's still doing it, but it was never verified that he wanted to,

650

01:15:08.500 --> 01:15:12.529

Village of Parish: so we still have to check with him. Otherwise we have to put an ad out,

651

01:15:13.720 --> 01:15:23.789

Village of Parish: but we will do. We have a second for Carol.

652

01:15:23.800 --> 01:15:26.690

Village of Parish: Don't let it go to your feet

653

01:15:26.700 --> 01:15:37.550

Village of Parish: all right, Library

654

01:15:38.230 --> 01:15:39.389

Village of Parish: afterwards.

655

01:15:39.400 --> 01:15:40.520

It's night.

656

01:15:40.650 --> 01:15:44.960

Village of Parish: It's going to be starting with the player, the that can be different.

657

01:16:25.330 --> 01:16:26.860

Village of Parish: Okay,

658

01:16:27.390 --> 01:16:34.389

Village of Parish: this is for the library.

659

01:16:34.400 --> 01:16:42.790

Village of Parish: Yes,

660

01:16:42.800 --> 01:16:45.070

Village of Parish: no. Two of them are safe,

661

01:16:46.060 --> 01:16:48.390

Village of Parish: all right. What about the roads that are in Paris

662

01:16:48.400 --> 01:16:50.389

that you know those

663

01:16:50.400 --> 01:16:57.590

Village of Parish: no good. Montgomery is a

664

01:16:57.600 --> 01:17:00.789

Village of Parish: Union church or village, if those are no Billings. But

665

01:17:00.800 --> 01:17:03.790

Village of Parish: writer shriek is not bestowed on any.

666

01:17:03.800 --> 01:17:05.089

Village of Parish: Okay but the the

667

01:17:05.100 --> 01:17:08.389

Village of Parish: the village roads they want to pay on those roads as well.

668

01:17:08.400 --> 01:17:12.289

Village of Parish: I think that would be our decision. I guess it doesn't. Wait here.

669

01:17:12.300 --> 01:17:14.790

Village of Parish: It comes off

670

01:17:14.800 --> 01:17:18.290

Village of Parish: right as long as they don't put next to you.

671

01:17:20.570 --> 01:17:21.590

Village of Parish: Yeah, sure.

672

01:17:21.600 --> 01:17:29.100

Village of Parish: What time is this start? What? What what roads do they want to shut down?

673

01:17:51.900 --> 01:17:53.119

Village of Parish: Yeah, Okay,

674

01:18:02.100 --> 01:18:14.889

Village of Parish: All right. So that's on for the tent ninth of October. Anything else for no business.

675

01:18:14.900 --> 01:18:16.890

Village of Parish: Yeah,

676

01:18:16.900 --> 01:18:30.319

Village of Parish: I make a motion that we accept fivek running

677

01:18:31.150 --> 01:18:51.650

Village of Parish: Alright, dates to remember. October third is our next board meeting nineteenth. It's our monthly board meeting over nineteenth, November eleventh. That's day uh service, eleven Am. And December eight quarter, one bills to be paid, our general

678

01:18:51.660 --> 01:18:56.289

Village of Parish: in the amount of six thousand nine hundred and eighty, one dollars and seventy five cents,

679

01:18:56.300 --> 01:18:58.190

Village of Parish: and make a motion with data.

680

01:18:58.200 --> 01:18:59.610

Village of Parish: I'll second it.

681

01:19:09.170 --> 01:19:10.990

Village of Parish: I second everything

682

01:19:11.000 --> 01:19:13.089

Village of Parish: for somebody. Second

683

01:19:13.100 --> 01:19:17.189

Village of Parish: the T. And A. So on. Bothers forty, three to fifty, two,

684

01:19:17.200 --> 01:19:21.349

Village of Parish: no speech, three hundred and twenty, six dollars and seventy percent

685

01:19:26.750 --> 01:19:36.289

Village of Parish: Anything else before we are.

686

01:19:36.300 --> 01:19:38.489

Village of Parish: It's like all right.

687

01:19:38.500 --> 01:19:42.639

Village of Parish: We'll save it for you next time put it in your folder.  
There you go.

688

01:19:42.920 --> 01:19:45.929

Village of Parish: I'll make it to one this man.

689

01:19:46.760 --> 01:19:48.589

Village of Parish: No, you can hear it.

690

01:19:48.600 --> 01:19:55.289

I don't know if that's anything you're interested in. But I

691

01:20:06.200 --> 01:20:07.779

what are you gonna be down there?

692

01:20:09.850 --> 01:20:12.790

Village of Parish: Thank you for coming.

693

01:20:14.400 --> 01:20:16.380

Village of Parish: We got it.

694

01:20:19.550 --> 01:20:20.339

It's like you's actually.
