Village Treasurer: Is a dog.

25

00:02:38.040 --> 00:02:43.200

26

00:02:43.560 --> 00:02:49.470

Paul Baxter: A member of the village border in a pitch or whether they're a member of the public. And if they remember the public

60

00:04:56.130 --> 00:04:56.670

President

61

00:05:01.050 --> 00:05:01.500

Neil Chatterton: Okay.

62

00:05:06.240 --> 00:05:08.190
Village Clerk: No, I said trustee Murphy did night.

63
00:05:08.190 --> 00:05:11.430
Village Clerk: All day. I'm sorry. And we also are the other people

64
00:05:11.940 --> 00:05:15.060

65
00:05:15.390 --> 00:05:17.460

66
00:05:21.780 --> 00:05:23.040
Paul Baxter: And Paul back through soon. Yes.

67
00:05:25.980 --> 00:05:26.370
Village Treasurer: Three extra

68
00:05:28.200 --> 00:05:35.160
Village Treasurer: Okay purposes. A MEETING FOR THE PUBLIC HEARING to present the village financial budget for the fiscal year 2021

69
00:05:36.360 --> 00:05:37.080
Village Treasurer: And

70
00:05:39.150 --> 00:05:50.250
Village Treasurer: I don't presume you have copies, but Kevin's on board to address the concerns that we have, we have two versions. One is with the vehicle included in the budget and the

71
00:05:50.250 --> 00:05:51.120
Neil Chatterton: Cost thereof.

72
00:05:51.540 --> 00:05:52.560
And one without.

73
00:05:55.770 --> 00:05:57.060
Village Treasurer: The Kevin. If you want to

74
00:05:58.500 --> 00:05:59.640
Village Clerk: tell us anything about

75

00:05:59.910 --> 00:06:02.370

Village Treasurer: What you included in here and

76

00:06:02.430 --> 00:06:03.300

Village Treasurer: He's just gone through

77

00:06:04.050 --> 00:06:06.930

Neil Chatterton: And we both had a look at this made a

78

00:06:07.020 --> 00:06:08.250

Village Treasurer: Few little changes, but

79

00:06:09.300 --> 00:06:24.300

Village Treasurer: The major. Yeah. Can you hear me cuz I'm on. I'm on the speakerphone down in the office here. So, okay, you can hear me. Let me if you can't hear me. Let me know, okay, I'm going to do our version one is like the man said the budget as we worked on in our budget workshops

80

00:06:24.300 --> 00:06:34.380

Village Treasurer: With no appropriations for the vehicle in either the sewer or the general. So here goes. This is version one everything stayed. Everything was

81

00:06:35.070 --> 00:06:42.750

Village Treasurer: Like we're discussing the budget workshops. When I did make some minor changes, I'm flipping through my crapping out so give me a minute when I get to the page.

82

00:06:44.550 --> 00:07:01.260

Village Treasurer: Also the columns. Where were we were doing our budget workshops, how the modified and adopted budget columns were screwed up that has been fixed. It says me that had Keaton something in the wrong sequence, which is worth two columns out. So all that being said,

83

00:07:02.040 --> 00:07:04.440

Neil Chatterton: When that fix was instituted with

84

00:07:04.500 --> 00:07:05.730

Village Treasurer: The Help from Liam's involved book.

85

00:07:07.290 --> 00:07:16.920

Village Treasurer: The account code as an alpha 149 0.12 which is coded as moaning at the X key bank that

86

00:07:18.330 --> 00:07:33.330

Village Treasurer: Expenditure line is now on your gen on the general fund budget incident was not on our paperwork. When we did our budget workshops, I find it at \$50 expenditures as a 229 20 with \$36 and 40 cents.

87

00:07:34.080 --> 00:07:35.010

Village Clerk: As change one

88

00:07:38.820 --> 00:07:47.850

Village Treasurer: Moving on to the soup. I'm still in the general fund. So moving on to the sewer fees for the building's expenditure code a as an alpha 162 0.48

89

00:07:49.260 --> 00:07:49.770

Village Treasurer: We had

90

00:07:50.850 --> 00:07:52.710

Village Treasurer: Marked it up at 1866

91

00:07:53.850 --> 00:07:55.290

Village Clerk: In our budget workshops, but

92

00:07:55.860 --> 00:08:04.770

Village Treasurer: Since we did not raise the sewer fees. I took 622 which is an annual rate, times two locations, which is our expanded to the as up to

93

00:08:04.770 --> 00:08:08.130

Village Treasurer: 29th of 20 1200 and \$44 I

94

00:08:09.570 --> 00:08:12.180

Village Treasurer: Made a post, but to change on that line.

95

00:08:12.840 --> 00:08:17.070

Jacque Murphy: To read 1351 350 made that change.

96

00:08:27.030 --> 00:08:27.840

Village Treasurer: And ensures

97

00:08:29.610 --> 00:08:31.320

I'm checking through my coffee.

98

00:08:37.560 --> 00:08:41.280

Village Treasurer: Okay, moving on to revenues on the same general fun

99

00:08:42.810 --> 00:08:43.680

Neil Chatterton: I funded

100

00:08:43.740 --> 00:08:52.890

Village Treasurer: Interest in earnings, which is revenue code. A is an alpha 2401 that's the money we get on a savings account with the

101

00:08:53.190 --> 00:08:54.060

Neil Chatterton: And the general fund.

102

00:08:55.350 --> 00:08:57.210

Village Treasurer: Revenue as of 229 was

103

00:08:57.210 --> 00:09:00.750

Neil Chatterton: 673 64 I find it at

104

00:09:00.750 --> 00:09:01.830

Village Treasurer: 300 even

105

00:09:03.180 --> 00:09:04.920

Village Treasurer: Okay, also because of that.

106

00:09:05.940 --> 00:09:10.080

Village Treasurer: Fixing of my prayers screw up the audit reserve interest account line.

107

00:09:10.500 --> 00:09:13.110

Village Clerk: As an alpha 2404 revenue line.

108

00:09:13.530 --> 00:09:15.450

Village Treasurer: Is now in the general fund budget.

109

00:09:17.070 --> 00:09:22.650

Village Treasurer: Revenues to as up to 2920 wer was \$8 and 14 cents.

110
00:09:23.310 --> 00:09:25.920
Village Treasurer: So I funded that one gets the meeting it at about

111
00:09:25.920 --> 00:09:27.030
Village Treasurer: \$12 but

112
00:09:27.180 --> 00:09:29.280
Village Treasurer: We're getting about \$1 a month, roughly

113
00:09:30.420 --> 00:09:31.290
Neil Chatterton: So that, that's in

114
00:09:31.350 --> 00:09:34.590
Village Treasurer: Addition and change to that general fund version one

115
00:09:38.940 --> 00:09:39.900
Village Clerk: Being all said

116
00:09:42.570 --> 00:09:46.650
Village Treasurer: Appropriated acquire a total appropriations back to that.

117
00:09:46.710 --> 00:09:47.490
Page.

118
00:09:49.080 --> 00:09:50.010
Neil Chatterton: Is now.

119
00:09:51.180 --> 00:09:53.490
Village Treasurer: It is now standing at

120
00:09:54.960 --> 00:09:55.170
Village Treasurer: Here.

121
00:09:58.860 --> 00:10:01.890
Village Treasurer: Soul appropriations for the general fund proposed right now.

122
00:10:01.890 --> 00:10:04.350
Village Treasurer: Without any vehicle insurance on the general

123

00:10:04.350 --> 00:10:05.850

Village Treasurer: Fund is

124

00:10:06.000 --> 00:10:12.000

172694 170 2694

125

00:10:13.680 --> 00:10:20.310

Village Treasurer: That compares to the 188 698 of last year. So we're down about 8% which is kind of good.

126

00:10:23.160 --> 00:10:25.650

Village Treasurer: Since our in our property taxes to

127

00:10:26.910 --> 00:10:29.160

Village Treasurer: tax levy 90509

128

00:10:30.750 --> 00:10:38.190

Village Treasurer: And including those changes I made on the revenue side projected revenues 152592

129

00:10:39.210 --> 00:10:57.870

Village Treasurer: And since we obviously didn't bring in in our friends won't be looking to bring in enough revenue to meet our expenditures. It's going to take \$20,102 out of the appropriated fund balance to bounce it off making the balanced budget 172694 on the general fund that is without

130

00:10:59.430 --> 00:11:00.870

Village Treasurer: Insurance for the supercharger

131

00:11:03.750 --> 00:11:09.960

Village Treasurer: On that part and assist those numbers reflect and not having the vehicle. Okay. Yes, ma'am.

132

00:11:11.250 --> 00:11:14.010

Village Treasurer: All right. No questions. I don't see

133

00:11:15.360 --> 00:11:19.980

Village Treasurer: Right glass or okay version, this is the version one with the sewer.

134

00:11:23.160 --> 00:11:27.330

Village Treasurer: Everything I was, yes, we worked on it in in the budget workshop

135

00:11:28.350 --> 00:11:28.800

Village Treasurer: Second,

136

00:11:30.240 --> 00:11:32.070

Village Treasurer: The bathroom, we had with can

137

00:11:34.020 --> 00:11:35.370

Village Treasurer: Couple of comments were made.

138

00:11:39.270 --> 00:11:40.980

Neil Chatterton: Specifically at home.

139

00:11:41.010 --> 00:11:43.650

Village Treasurer: I was able to get the word diesel on the fuel line.

140

00:11:44.010 --> 00:11:46.890

Neil Chatterton: Fuel auto line for the for diesel is now in parentheses.

141

00:11:49.980 --> 00:12:06.420

Village Treasurer: And and I was also able to find in the account or the account controls accounting manual a expenditure code for the proposed VT CONSENT ORDER. It is now on your

142

00:12:09.240 --> 00:12:26.490

Village Treasurer: Section of the debt service at geo thing golf 978 0.6 calling it NYS Dec consent order principles and I fronted it at \$1,000 I believe that's what we were kicking around anticipating 1000 FOR THE CONSENT ORDER.

143

00:12:28.320 --> 00:12:29.640

Village Treasurer: So that has been added.

144

00:12:32.490 --> 00:12:33.090

Neil Chatterton: Those for the

145

00:12:33.180 --> 00:12:33.690

Only

146

00:12:35.850 --> 00:12:37.260

Village Treasurer: Except for that minor change on

147

00:12:37.320 --> 00:12:39.300

Village Treasurer: Adding the word diesel fuel oil.

148

00:12:40.110 --> 00:12:44.100

Village Treasurer: The only major change with 1000 to the D have for the VTT consent order.

149

00:12:44.970 --> 00:12:45.630

Neil Chatterton: Which brings

150

00:12:45.720 --> 00:13:04.800

Village Treasurer: Our appropriation down the sewer bill without the vehicle, who are funding other 2176105 \$176,105 that compared to last year or the current fiscal year of 176 703

151

00:13:06.960 --> 00:13:08.070

Village Treasurer: And there was no

152

00:13:08.100 --> 00:13:09.480

Village Treasurer: I did not have to make any

153

00:13:11.820 --> 00:13:17.400

Village Treasurer: Adjustments on revenue because we're not raising the sewer bill. We did not lower it so we have to do the same and

154

00:13:18.480 --> 00:13:22.140

Village Treasurer: Interest in earnings. We get kind of gets made it on and that's

155

00:13:25.230 --> 00:13:27.600

Village Treasurer: Oh, I see a mistake. I didn't catch last night.

156

00:13:28.470 --> 00:13:28.710

Well,

157

00:13:31.170 --> 00:13:34.530

Village Treasurer: Yeah, because when I had that correction.

158

00:13:35.100 --> 00:13:37.410

Neil Chatterton: Done to screw up taken to correct

159

00:13:37.440 --> 00:13:39.480

Village Treasurer: How I keep something wrong here.

160

00:13:39.780 --> 00:13:40.680

Neil Chatterton: Now added

161

00:13:41.160 --> 00:13:43.410

Village Treasurer: Under the revenue column, the

162

00:13:43.920 --> 00:13:49.200

Village Treasurer: wastewater treatment plant future system upgrade interest that now shows on your budget sheet.

163

00:13:50.400 --> 00:13:53.490

Village Treasurer: So far we have heard \$17 and 50 cents.

164

00:13:54.540 --> 00:14:00.480

Village Treasurer: I did not see that last night. So I would propose maybe funding that one at \$20

165

00:14:03.180 --> 00:14:03.900

Village Treasurer: To get some it

166

00:14:05.160 --> 00:14:07.410

Village Treasurer: Or we can leave it at zero, your choice.

167

00:14:09.840 --> 00:14:12.060

Neil Chatterton: On the revenue side anything over anything

168

00:14:12.210 --> 00:14:14.520

Village Treasurer: A negative on revenues is good. Yeah.

169

00:14:15.630 --> 00:14:15.930

Village Treasurer: So,

170

00:14:21.480 --> 00:14:22.110

Village Clerk: That's where we

171

00:14:22.140 --> 00:14:22.800

Stand on that.

172

00:14:24.510 --> 00:14:25.980

Village Treasurer: I found one. One thing that I missed

173

00:14:33.570 --> 00:14:33.930

Neil Chatterton: All right.

174

00:14:37.320 --> 00:14:37.650

Neil Chatterton: Okay.

175

00:14:39.210 --> 00:14:40.230

Neil Chatterton: proposal on that.

176

00:14:45.450 --> 00:14:45.780

Neil Chatterton: We

177

00:14:45.990 --> 00:14:48.000

Village Treasurer: Don't do that during the public hearing doing

178

00:14:49.050 --> 00:14:55.080

Village Treasurer: Any moment. You can do that on the your actual board meeting, right, if you're all good. Right.

179

00:14:58.440 --> 00:15:04.860

Village Treasurer: You have the budget and what's being presented and these two that were presented are under the idea of no vehicle.

180

00:15:06.900 --> 00:15:21.720

Village Treasurer: And then we'll get into plan to version two. So any questions on those. And he said he and I have copies of these for availability. If we don't vote tonight. You can look them over and we can still have to set up a special meeting.

181

00:15:22.770 --> 00:15:31.980

Village Treasurer: Again to meet to vote if we don't decide tonight. So, all right. If there's no questions. He'll take a look at version two. Okay.

182

00:15:33.780 --> 00:15:36.630

Village Treasurer: And this is they can refer to their old copies. Correct.

183

00:15:38.310 --> 00:15:50.130

Village Treasurer: Yes. And then we put in any changes were made last week that we were going to implement. So we do have something in front of them are could have that are on the version went into copies that

184

00:15:51.420 --> 00:16:05.250

Village Treasurer: The master. I'll say master and you have the copy that we can offer that tonight. OK. OK, so moving on to the general fund proposed budget, which is version two, which does include the vehicle.

185

00:16:06.360 --> 00:16:11.130

Village Treasurer: And along with version two of the sewer fund also includes the vehicle folks there was

186

00:16:15.300 --> 00:16:27.870

Village Treasurer: Again, in addition to what I had already touched on for version one, the thunder special items vehicle insurance. A is an alpha 191 0.42

187

00:16:28.560 --> 00:16:31.980

I funded that when it 300

188

00:16:35.070 --> 00:16:41.910

Village Treasurer: That we had previously funded it at and we had spent as of 229. So that's the one.

189

00:16:41.970 --> 00:16:45.990

Village Treasurer: One time shot insurance bill. We had spent 250

190

00:16:47.610 --> 00:16:48.600

Village Treasurer: So far this year on it.

191

00:16:49.080 --> 00:16:56.100

Village Treasurer: Now is that compared. So that's the vehicle insurance comes in on that main I'll say main unified bill from Jenkins in

192

00:16:57.300 --> 00:17:05.280

Village Treasurer: June or July depending when they get it to us. And this vehicle at 1910 is Hawaii insurance. Yes, ma'am. Okay.

193

00:17:08.610 --> 00:17:08.940

Alright.

194

00:17:11.250 --> 00:17:12.090
Village Treasurer: So I can see my

195
00:17:13.230 --> 00:17:14.700
Village Treasurer: General general

196
00:17:19.650 --> 00:17:20.970
Village Treasurer: How the registration is

197
00:17:22.020 --> 00:17:24.780
Village Treasurer: Is I put that on the sewer suicide. Okay.

198
00:17:25.980 --> 00:17:28.290
Village Treasurer: So with the addition of the

199
00:17:29.910 --> 00:17:36.030
Village Treasurer: Vehicle to the general fund for \$300 that brings our proposed.

200
00:17:36.480 --> 00:17:37.860
Appropriations.

201
00:17:38.970 --> 00:17:39.990
Village Treasurer: Up to

202
00:17:42.480 --> 00:17:45.420
Village Treasurer: 172994

203
00:17:46.290 --> 00:17:48.270
Village Treasurer: Which compared to last year of the

204
00:17:48.390 --> 00:17:50.370
Village Treasurer: 188698 is

205
00:17:50.640 --> 00:17:52.260
Village Clerk: 8.32% less

206
00:17:53.790 --> 00:17:55.470
Village Treasurer: Still on there. What was last year.

207
00:18:04.710 --> 00:18:06.330

Village Clerk: Now, is that the only expense than

208

00:18:06.330 --> 00:18:07.560

Village Treasurer: That we have for the truck is that

209

00:18:07.560 --> 00:18:10.110

Village Treasurer: Registration on the general

210

00:18:10.500 --> 00:18:13.200

Village Treasurer: Insurance version. Okay.

211

00:18:30.060 --> 00:18:32.400

Village Treasurer: Alright any questions this point.

212

00:18:34.440 --> 00:18:34.770

Village Clerk: Now,

213

00:18:35.010 --> 00:18:38.010

Village Treasurer: Let's take a look at anything sewer Harry version to

214

00:18:43.290 --> 00:18:46.140

Village Treasurer: The idea of keeping the vehicle. Yep.

215

00:18:48.060 --> 00:18:48.690

Village Treasurer: Okay.

216

00:18:50.070 --> 00:18:54.930

Village Treasurer: Moving on to version two sewer are proposed to her budget, which does include the vehicle.

217

00:18:57.780 --> 00:18:58.680

Village Treasurer: That and

218

00:19:00.240 --> 00:19:00.690

Getting their

219

00:19:05.220 --> 00:19:09.300

Village Treasurer: Registration okay so on the sewer budget.

220

00:19:10.740 --> 00:19:12.300

Village Treasurer: If you choose to keep the vehicle.

221

00:19:12.600 --> 00:19:14.340

Doug Houghton: This is the following items that would be

222

00:19:14.370 --> 00:19:27.360

Village Treasurer: Worth the items that were funded vehicle fewer maintenance to Zen golf 813 0.461 \$500 because that's what we have spent less had put in last year's budget.

223

00:19:31.230 --> 00:19:33.420

Village Treasurer: We have not spent any eight so far.

224

00:19:35.220 --> 00:19:39.900

Village Treasurer: vehicle insurance G 813 0.462

225

00:19:41.520 --> 00:19:46.350

Village Treasurer: Masters budget 400 repeated that 400 we had spent

226

00:19:46.410 --> 00:19:51.840

Village Treasurer: 350 7.321 time unified build something

227

00:19:53.070 --> 00:19:55.290

Doug Houghton: Yeah. Again tablet in the general

228

00:19:55.320 --> 00:19:59.220

Village Treasurer: What was the vehicle in the general we we had 300 in the general

229

00:19:59.490 --> 00:20:01.260

Doug Houghton: Or what you're going to turn

230

00:20:01.530 --> 00:20:04.740

Village Treasurer: Okay, now again insurance again yes because we were

231

00:20:06.450 --> 00:20:07.890

Doug Houghton: Traditionally Historically it's been

232

00:20:07.890 --> 00:20:11.490

Village Treasurer: split between the village and between village that I'm sorry between

233

00:20:11.880 --> 00:20:13.290
Neil Chatterton: General and sewer because

234

00:20:13.770 --> 00:20:21.720
Village Treasurer: It would be the rationale, it was explained. When we first started this was it's running down village street to get to the facility. Okay, Jason.

235

00:20:23.160 --> 00:20:37.560
Village Treasurer: Okay. Is it one bill that we received from Jenkins, you have, ma'am. Okay. And then the registration is another 300 registration. This is a line item we take a big bite and it's called vehicle registration.

236

00:20:38.640 --> 00:20:39.600
Village Clerk: Do you think golf.

237

00:20:39.810 --> 00:20:45.450
Village Treasurer: 813 0.463 of the city.

238

00:20:46.740 --> 00:20:47.370
Doug Houghton: Are probably

239

00:20:49.530 --> 00:20:49.770
Doug Houghton: Friends.

240

00:20:52.470 --> 00:20:52.650
Doug Houghton: If

241

00:20:53.130 --> 00:20:54.300
You decide to login

242

00:20:56.940 --> 00:21:01.290
Village Treasurer: Again, and wondered if that little creatures logged in as making his voice.

243

00:21:02.700 --> 00:21:03.090
Doug Houghton: Okay.

244

00:21:03.750 --> 00:21:05.430
Village Clerk: Okay so vehicle registration was

245

00:21:05.460 --> 00:21:07.290

Village Treasurer: headed for the amount of \$300

246

00:21:08.910 --> 00:21:09.270

Doug Houghton: Then

247

00:21:10.020 --> 00:21:13.110

Village Treasurer: At the last meeting when Ken was mentioned talked about

248

00:21:14.340 --> 00:21:16.080

Village Treasurer: A three for permit.

249

00:21:16.740 --> 00:21:20.160

Neil Chatterton: So there was now another new line item to the

250

00:21:22.560 --> 00:21:24.750

Village Treasurer: Least for this version of urgent.

251

00:21:25.680 --> 00:21:26.820

Doug Houghton: It's called permit.

252

00:21:26.850 --> 00:21:30.870

Village Treasurer: To haul municipal wastewater and I didn't know what else to call it.

253

00:21:31.560 --> 00:21:32.880

Doug Houghton: So I just now. G.

254

00:21:33.480 --> 00:21:46.230

Village Treasurer: Using golf 8130492 and again from my hand nope handed to me by the mayor of anticipated expenditure \$365

255

00:21:51.240 --> 00:21:52.830

Village Treasurer: Dogs. Yeah.

256

00:21:53.490 --> 00:21:54.090

Doug Houghton: Is there.

257

00:21:55.410 --> 00:21:56.460

Doug Houghton: Anything like that.

258

00:21:57.690 --> 00:22:00.420

Village Treasurer: If we paid that in the past or not. Where did that come from.

259

00:22:01.620 --> 00:22:03.900

Neil Chatterton: I'm sorry. Well, I can do that in

260

00:22:05.250 --> 00:22:16.590

Village Treasurer: The 365 to haul the municipal wastewater with the truck and I didn't wasn't aware that we had previously in the budget or did it come from somewhere else.

261

00:22:17.970 --> 00:22:20.400

Doug Houghton: I'm not. I don't know where would have come from.

262

00:22:21.900 --> 00:22:22.140

Doug Houghton: It.

263

00:22:24.030 --> 00:22:26.490

Doug Houghton: What's it under the truck or the

264

00:22:28.590 --> 00:22:39.210

Village Treasurer: Well, it hasn't been in the budget in the past and other last meeting. I don't know if you were there. He threw that out that there's a permit fee of 365 just all

265

00:22:41.250 --> 00:22:42.210

Neil Chatterton: The wastewater.

266

00:22:42.900 --> 00:22:45.300

Village Treasurer: That would be if we keep the truck, then we'd have to pay this

267

00:22:45.330 --> 00:22:47.010

Doug Houghton: Moment. All right. Yeah.

268

00:22:47.610 --> 00:22:50.070

Doug Houghton: That's something that we've never done before.

269

00:22:51.840 --> 00:22:52.590

Neil Chatterton: We've always

270

00:22:54.330 --> 00:22:55.500

Doug Houghton: We always just hold it.

271

00:23:00.450 --> 00:23:02.160

Doug Houghton: I don't know if anybody knew that

272

00:23:04.770 --> 00:23:08.280

Doug Houghton: I don't know if anybody knew you had to have a permit, but apparently not.

273

00:23:09.870 --> 00:23:11.130

Doug Houghton: And I don't know where

274

00:23:11.520 --> 00:23:12.900

Doug Houghton: And came up with it so

275

00:23:16.200 --> 00:23:25.740

Village Treasurer: I was going to get in touch with them today, and I didn't have the opportunity to but I had never heard of it before and wasn't aware that we had any kind of seems to

276

00:23:26.670 --> 00:23:27.690

Neil Chatterton: Be hauling so

277

00:23:29.160 --> 00:23:39.780

Village Treasurer: did mention that he kind of was like getting over it in past years, and may have had to leave because he had an emergency at his house. So he might not have been at that. Okay. Yeah, and it could have been

278

00:23:40.980 --> 00:23:41.670

Village Treasurer: I heard

279

00:23:42.060 --> 00:23:48.360

Doug Houghton: I heard it was everyone can mention that, but I don't know if it's legitimate.

280

00:23:50.880 --> 00:23:53.250

Doug Houghton: You know, I have no way to

281

00:23:56.370 --> 00:23:57.060

Doug Houghton: Look it up.

282

00:23:58.890 --> 00:23:59.970

Doug Houghton: Yeah, okay.

283

00:24:01.980 --> 00:24:03.630

Village Treasurer: Any specific bill like that either.

284

00:24:04.560 --> 00:24:05.850

Village Clerk: I just wanted to with something they

285

00:24:05.850 --> 00:24:09.180

Village Treasurer: paid out of Camden fees or something, I don't know.

286

00:24:13.200 --> 00:24:14.430

Village Treasurer: I don't think he was a that

287

00:24:17.730 --> 00:24:18.210

Neil Chatterton: Might be

288

00:24:22.620 --> 00:24:23.040

Neil Chatterton: Man.

289

00:24:29.970 --> 00:24:30.480

Village Treasurer: Kevin is

290

00:24:34.050 --> 00:24:36.420

Village Treasurer: Basically, with the addition of those expenditures

291

00:24:38.310 --> 00:24:39.870

Neil Chatterton: And taking into account the revenue.

292

00:24:39.870 --> 00:24:40.740

Village Treasurer: That was already

293

00:24:42.330 --> 00:24:45.510

Village Treasurer: Loaded in from version one and transferred over to version two.

294

00:24:46.800 --> 00:25:00.000

Village Treasurer: Are projected revenues is going to be on an \$70,031 and because we're taking in. Now we're spending more 15. Basically, it will be taking

295

00:25:01.020 --> 00:25:07.290

Village Treasurer: proposing to take \$7,639 away from the appropriated fund balance to make our

296

00:25:07.680 --> 00:25:18.630

revenue is equal to 17767077

297

00:25:19.650 --> 00:25:29.670

Village Treasurer: Taking. How much did you say on your copy merits, on page eight, okay oh yeah 776 39. Yes, ma'am. Okay.

298

00:25:38.400 --> 00:25:41.160

Village Treasurer: So that's a through the the summary of the changes.

299

00:25:42.480 --> 00:25:44.760

Village Treasurer: Made and the justice for

300

00:25:45.810 --> 00:25:49.560

Village Treasurer: The suit the vehicle in both the tour and jump in general fund budget.

301

00:25:51.000 --> 00:25:52.140

Doug Houghton: Or we known as version you

302

00:25:59.070 --> 00:25:59.700

Doug Houghton: Actually

303

00:26:00.690 --> 00:26:05.700

Village Treasurer: From the version one version to get 177 and 176 it's

304

00:26:07.320 --> 00:26:09.450

Village Treasurer: Not making major significant differences.

305

00:26:13.200 --> 00:26:22.590

Village Treasurer: Are you on summer general and looking into the sewer okay one version one versus version two without without with a vehicle or without the vehicle.

306

00:26:23.790 --> 00:26:24.510
Village Treasurer: To get to my face.

307
00:26:28.860 --> 00:26:28.920
Doug Houghton: It.

308
00:26:32.250 --> 00:26:32.760
Doug Houghton: Seems have

309
00:26:32.910 --> 00:26:38.340
Village Treasurer: Had more extensive list. Yeah. Once yeah my version one says 176105

310
00:26:38.340 --> 00:26:44.220
Village Treasurer: Per per region right yeah the version 177 678 yeah

311
00:26:46.260 --> 00:26:47.190
Doug Houghton: If you add up the

312
00:26:48.030 --> 00:26:48.780
Village Treasurer: Difference being

313
00:26:49.920 --> 00:26:50.820
Doug Houghton: The vehicle.

314
00:26:51.270 --> 00:26:53.220
Village Treasurer: Insurance high maintenance.

315
00:26:54.690 --> 00:26:56.220
Village Treasurer: Things like 1565

316

453

00:36:44.370 --> 00:36:45.390

Steve Ganetis: Is that

454

00:36:46.920 --> 00:36:47.430

Steve Ganetis: Can you hear me.

455

00:36:47.910 --> 00:36:48.090

Yes.

456

00:36:49.140 --> 00:36:51.690

Steve Ganetis: Mr Ganja still looking over

457

00:36:52.560 --> 00:37:03.450

Steve Ganetis: Some of the modifications regarding the alternate and whether we want to specifically put something regarding the treasure. My apologies. The town clerk as receiving the money as opposed

458

00:37:03.690 --> 00:37:06.900

Steve Ganetis: As opposed to just unambiguously just saying the town.

459

00:37:08.340 --> 00:37:09.510

Steve Ganetis: Or ambiguously saying that

460

00:37:09.720 --> 00:37:13.620

Steve Ganetis: So we're still waiting for Mr canal to approve all that

461

00:37:14.130 --> 00:37:17.610

Steve Ganetis: Obviously, things are a little bit strange his office blows down

462

00:37:17.970 --> 00:37:22.380

Steve Ganetis: I've been fully laid off so don't have as many of us do.

463

00:37:23.100 --> 00:37:24.990

Steve Ganetis: And the same as going for the

464

00:37:25.020 --> 00:37:29.550

Steve Ganetis: Lease which Mr canal is currently working on

465

00:37:30.630 --> 00:37:31.890

Steve Ganetis: To get a first draft.

466

00:37:31.890 --> 00:37:32.520

Jacquie Murphy: Done.

467

00:37:32.760 --> 00:37:35.280

Steve Ganetis: Because he said he had a similar least that he did

468

00:37:35.610 --> 00:37:37.950

Steve Ganetis: And that should have everything we need. Once I have

469

00:37:38.100 --> 00:37:38.850

Steve Ganetis: The first draft.

470

00:37:39.150 --> 00:37:39.900

Steve Ganetis: I'll take a look

471

00:37:40.740 --> 00:37:47.940

Steve Ganetis: Well obviously hemmed and hawed figure out what's best for I'll figure out what's best for the village, and then get you guys a draft, as soon as I have it.

472

00:37:51.450 --> 00:37:52.080

Neil Chatterton: Those two

473

00:37:52.950 --> 00:37:56.100

Village Treasurer: Is in the village screaming San Jose.

474

00:37:57.480 --> 00:37:57.990

Doug Houghton: Yeah.

475

00:38:00.210 --> 00:38:01.170

It sounds like

476

00:38:02.310 --> 00:38:04.950

Steve Ganetis: We did everything we need to the village is done.

477

00:38:05.400 --> 00:38:07.680

Steve Ganetis: We just need to wait for the town.

478

00:38:07.830 --> 00:38:08.460

Village Treasurer: To

479

00:38:09.150 --> 00:38:11.490

Steve Ganetis: Go through it. That's just my interpretation.

480

00:38:12.390 --> 00:38:12.960

Steve Ganetis: I don't know, Mr.

481

00:38:13.230 --> 00:38:15.030

Steve Ganetis: has different view. I don't think he would

482

00:38:15.330 --> 00:38:16.050

Jacquie Murphy: But will

483

00:38:17.160 --> 00:38:18.150

Easily figure in

484

00:38:19.470 --> 00:38:22.680

Steve Ganetis: Politics is probably just printing out a document at this point. So,

485

00:38:26.310 --> 00:38:29.370

Village Treasurer: Well, from our point of view, then for the Ima do we

486

00:38:30.450 --> 00:38:31.710

Jacquie Murphy: Go ahead and approve our

487

586

00:45:47.790 --> 00:45:50.430

Village Clerk: The court, the

591

00:46:01.350 --> 00:46:02.970

Neil Chatterton: Putting the horse behind a car to get

592

00:46:05.430 --> 00:46:07.110

00:46:37.770 --> 00:46:38.220
We're doing

600
00:46:41.610 --> 00:46:45.960
Jacquie Murphy: So they've already had their phone, and they signed all this stuff. Everyone I don't

601
00:46:46.170 --> 00:46:49.170
Village Clerk: I don't think that people find them for this year.

602
00:46:50.400 --> 00:46:51.540
Jacquie Murphy: You sure what did we

603
00:46:52.320 --> 00:46:53.880
Neil Chatterton: What did we don't have a bunch of good

604
00:46:55.170 --> 00:46:55.530
Neil Chatterton: Yeah.

605
00:46:55.590 --> 00:47:02.820

00:47:04.410 --> 00:47:04.740
Village Clerk: Well,

607
00:47:06.270 --> 00:47:09.420
Village Clerk: I don't, I didn't want you to have a cover letter signed on the dates.

608
00:47:10.770 --> 00:47:11.190
Village Treasurer: Right.

609
00:47:14.490 --> 00:47:14.640
Neil Chatterton: Well,

610
00:47:18.270 --> 00:47:25.200
Jacquie Murphy: You can check her just like everybody else over we think we just did it recently, and on the final. We did five years ago.

611

00:47:26.520 --> 00:47:27.480

Village Clerk: Right, right.

612

00:47:29.100 --> 00:47:32.070

Village Treasurer: I know why we will usually do the organizational meeting so

613

00:47:34.590 --> 00:47:36.420

Village Clerk: This is what we've done in the past at this

614

00:47:36.420 --> 00:47:36.930

Village Treasurer: Time we

615

00:47:37.260 --> 00:47:40.980

Neil Chatterton: Have done it at the organizational meeting so well to it's done there.

616

00:47:42.300 --> 00:47:43.080

620

00:47:54.120 --> 00:47:56.280

Neil Chatterton: Will do Netherlands there. And then we go look.

621

00:47:56.280 --> 00:48:00.390

Neil Chatterton: At it and then we can sign it, then yeah, I was in. That's all right.

622

00:48:01.830 --> 00:48:01.980

Neil Chatterton: Yeah.

623

00:48:02.430 --> 00:48:13.680

Village Treasurer: Well, that's what you need to do right if you don't have the folders you need to look them over and I don't contents haven't changed from last year. So just a matter of reviewing what the contents are

624

00:48:15.210 --> 00:48:19.560

Village Treasurer: But they should be in your possession. And if they're not, then you'll have to get them right

625

00:48:20.880 --> 00:48:21.840

Neil Chatterton: We live in America.

626

00:48:24.210 --> 00:48:25.200

America, you don't mean

627

00:48:27.690 --> 00:48:29.130

Doug Houghton: That's a good idea. But as long as you

628

00:48:29.130 --> 00:48:33.840

Village Treasurer: Know what the contents are aware of it. That's all that matters. And you've looked them over.

629

00:48:35.520 --> 00:48:35.760

Village Treasurer: Here.

630

00:48:37.350 --> 00:48:37.680

Village Treasurer: All right.

631

00:48:38.640 --> 00:48:40.350

Neil Chatterton: All right, any other questions.

632

00:48:42.030 --> 00:48:44.130

Village Treasurer: If not, is there a motion to adjourn.

633

00:48:45.720 --> 00:48:46.050

Village Treasurer: I make

634

00:48:46.110 --> 00:48:47.790

Neil Chatterton: No, wait a minute, I got one question for you.

635

00:48:49.110 --> 00:48:49.560

Jacquie Murphy: Okay.

636

00:48:51.900 --> 00:48:57.480

Neil Chatterton: The bills are going to be acceptable for us to look at when we come in during the, during the next couple of weeks.

637

00:48:58.860 --> 00:49:01.230

Neil Chatterton: So we can sign them, you know, like we can beat them.

638

00:49:02.880 --> 00:49:03.240

Jacquie Murphy: Yes.

639

00:49:04.350 --> 00:49:04.620

Paul Baxter: Okay.

640

00:49:05.310 --> 00:49:11.340

Paul Baxter: Except this. This is just a journey and the organizational meeting, we're moving on. After this to the regular monthly meeting.

641

00:49:12.360 --> 00:49:14.970

Neil Chatterton: But we are. Oh, I'll make a motion, we do. Yeah.

642

00:49:15.300 --> 00:49:18.300

Paul Baxter: Yeah, we're just, we're gonna start getting out of the organizational meeting at this

643

00:49:18.300 --> 00:49:20.100

Paul Baxter: Point. So it's still getting up to go

644

00:49:21.450 --> 00:49:21.870

Village Treasurer: Okay.

645

00:49:22.020 --> 00:49:24.510

Neil Chatterton: Yeah okay, fine. I'm bank emotionally

646

00:49:26.730 --> 00:49:28.500

Village Treasurer: Violation during this month, the underground airline continues to leak badly there to call out for three plays for the month from

700

00:53:38.160 --> 00:53:58.380

Village Treasurer: Of record composite samples were completed on the 11th day of March, maintaining MLS us snow removal is needed shoveling only started daily log books at the for Lyft stations general maintenance has performed continued housekeeping influence area well cleaning started

701

00:53:59.490 --> 00:54:01.170

Village Clerk: Daily disinfection of lab.

702

00:54:01.170 --> 00:54:13.140

Village Treasurer: Areas doors and door handles to new grinder pumps have been approved for the order June one, and have three grand or pumps that need to be looked at one works, but has been rebuilt twice.

703

00:54:14.340 --> 00:54:23.730

Village Treasurer: I think this probably enhance their current future projects fix the airlines to the tank clean up the tank. Number two, and replace the parts as needed.

704

00:54:24.510 --> 00:54:36.930

705

00:54:38.250 --> 00:54:42.300

Village Treasurer: Alright. So in a sense, probably in your mailbox is if you don't have in front of you.

706

00:54:43.440 --> 00:54:47.310

Village Treasurer: So would you want to wait on them. Make a motion to accept.

707

00:54:49.560 --> 00:54:51.720

Neil Chatterton: Make a motion we accept meal.

708

00:54:56.580 --> 00:54:57.420
Village Treasurer: A second to them.

709

00:55:02.430 --> 00:55:12.900
Village Clerk: Okay, I just want to make a comment here that before the charges for all these call outs that they did like on the weekends or after hours or stuff in this last time.

710

00:55:13.290 --> 00:55:24.330
Village Clerk: They did like three call outs. After the mayor had spoke to them and Doug said something we were charged for all this stuff and then funny that they did three call outs and they didn't charge us a thing.

711

00:55:30.960 --> 00:55:32.070
Village Treasurer: Because they were charging

712

00:55:32.070 --> 00:55:44.400
Village Clerk: \$60 60 or \$65 an hour. I think \$65 an hour before for all these call outs and then when something was said to them about we thought this was part of

713

00:55:45.750 --> 00:55:55.290
Village Clerk: You know, our fourth over \$4,000 a year, you know, what do we get for this money. And now, lo and behold, they didn't charge us for these last three call ups.

714

00:55:57.930 --> 00:55:58.440
Neil Chatterton: And so

715

00:55:59.130 --> 00:56:15.060
Village Clerk: I don't know if you know be, you know, if we had hadn't said anything if we'd still be charged or I don't know if this policy is something they're going to keep up with or we won't be charged or I don't know why.

716

00:56:15.450 --> 00:56:16.320
Neil Chatterton: I wouldn't tell you

717

00:56:18.150 --> 00:56:19.860
Village Treasurer: I would tell you just think about

718

00:56:19.860 --> 00:56:20.760
Doug Houghton: That for a while.

719

00:56:23.040 --> 00:56:23.310

Village Treasurer: Yeah.

720

00:56:24.000 --> 00:56:28.770

Neil Chatterton: Waiting to a new send us a bill that we can question.
Okay.

721

00:56:33.450 --> 00:56:36.180

Village Treasurer: Did he said there was no bill or he is holding it off
and

722

00:56:36.180 --> 00:56:37.770

Village Treasurer: Making one they consolidated.

723

00:56:39.900 --> 00:56:40.590

Village Clerk: Only just

724

00:56:41.430 --> 00:56:44.250

Village Clerk: Just put no charge. They wrote down all the call out

725

00:56:44.250 --> 00:56:45.720

Village Clerk: So no chance but they put

726

00:56:47.220 --> 00:56:48.510

Village Treasurer: Zero for the charge

727

00:56:50.160 --> 00:56:51.540

Neil Chatterton: Well, maybe he's looking at his

728

00:56:53.880 --> 00:57:03.390

Neil Chatterton: Yeah. Well, no, maybe he's looking at his contract and
figure out that yeah some of that stuff was in there that we were
complaining about. I don't know.

729

00:57:03.690 --> 00:57:03.990

Village Treasurer: I didn't

730

00:57:09.990 --> 00:57:10.950

Village Treasurer: I don't know either. I

731

00:57:11.010 --> 00:57:12.330

Village Clerk: Wanted to bring that up. Oh, we

761

00:59:49.080 --> 00:59:51.150

Village Treasurer: River Council government report.

762

00:59:52.230 --> 00:59:53.250

Village Treasurer: Very good, thank you.

763

00:59:53.790 --> 00:59:54.480

Village Treasurer: Read them for

764

00:59:55.020 --> 00:59:58.470

Paul Baxter: Sure, hopefully all of the trustees.

765

00:59:58.560 --> 01:00:01.110

Paul Baxter: Have a copy of my report. And if they don't, I

766

01:00:01.320 --> 01:00:03.930

Paul Baxter: Perhaps you could run a copy and put it in your boxes because it's

767

01:00:04.530 --> 01:00:10.560

Paul Baxter: Kind of long this month, and it has a couple web addresses in it that you find useful for some upcoming teleconferences

768

01:00:11.580 --> 01:00:12.480

Paul Baxter: First, I'll start.

769

01:00:12.840 --> 01:00:13.230

Jacquie Murphy: One in

770

01:00:13.260 --> 01:00:16.290

Village Clerk: Each of their backs is Paul, thank you for

771

01:00:16.860 --> 01:00:17.820

Village Clerk: Happy and each other.

772

01:00:19.620 --> 01:00:22.680

Paul Baxter: Very good. I really appreciate that. Um,

773

01:00:23.010 --> 01:00:34.950

Paul Baxter: So I'll just hit the high points on this. The if you're not getting the total times span especially valuable THE LAST TWO ISSUES ON MARCH 27 and April 10 because we had a lot of coverage about resources about the coven

774

01:00:35.760 --> 01:00:42.270

Paul Baxter: 19 pandemics. So if you're not getting it. And you'd like to get it, let me know and we'll make sure we get added and added into the list.

775

01:00:43.290 --> 01:00:50.160

Paul Baxter: Another thing that you should know is that if you don't have it or you want to take a look at it before you run down to the village.

776

01:00:50.550 --> 01:01:00.960

Paul Baxter: Offices to pick up your copy. It is also available on the toggle website at the under the publications menu. All the current issues are there. So, and the past issues as well.

777

01:01:02.190 --> 01:01:09.630

Paul Baxter: Conditioned employees are still working full time, but we're currently each working out of our homes, not out of the tunnel offices, so

778

01:01:10.230 --> 01:01:18.990

Paul Baxter: The distribution of the toggle times is currently electronic only for anybody who might have been getting it by mail. We don't have the capacity to do that right

779

01:01:18.990 --> 01:01:19.590

Paul Baxter: Now, so

780

01:01:21.210 --> 01:01:22.470

Paul Baxter: The toggle

781

01:01:22.500 --> 01:01:23.430

Paul Baxter: Commission does

782

01:01:23.550 --> 01:01:25.560

Paul Baxter: Have a page up on the website.

783

01:01:25.650 --> 01:01:26.760

Paul Baxter: About resources.

784

01:01:27.210 --> 01:01:28.830

Paul Baxter: Having to do with covert 19

785

01:01:30.150 --> 01:01:31.200

Paul Baxter: As you know, the

786

01:01:33.510 --> 01:01:36.720

Paul Baxter: Local government conference was cancelled due to media restrictions.

787

01:01:36.870 --> 01:01:38.250

Paul Baxter: Established in response

788

01:01:38.250 --> 01:01:47.130

Paul Baxter: To the covert 19 pandemic. There's an announcement about the cancellation on the toggle website and we posted as much information.

789

01:01:47.700 --> 01:01:48.540

Paul Baxter: As we could

790

01:01:49.050 --> 01:01:54.780

Paul Baxter: About the conference in conference presentations on the website under training.

791

01:01:56.370 --> 01:01:59.250

Paul Baxter: As you can understand when we have a session coming up on

792

01:01:59.730 --> 01:02:00.840

Paul Baxter: March 26

793

01:02:00.960 --> 01:02:03.480

Paul Baxter: Of our presenters have done presentations.

794

01:02:03.480 --> 01:02:03.660

Neil Chatterton: And

795

01:02:03.720 --> 01:02:04.500

Paul Baxter: Gotten a prepared.

796

01:02:05.070 --> 01:02:08.640

797

01:02:08.970 --> 01:02:10.320

Paul Baxter: Presentations and any other

798

01:02:10.740 --> 01:02:13.620

Paul Baxter: Materials with us so we could put it up on the website.

799

01:02:14.760 --> 01:02:29.940

Paul Baxter: And we have done that, under the training item on the tequila website. So take a look at that. That's good. Not only just for 2020 but past years of the local government conference we have material up from those as well. So you might see something that you'd like to

800

01:02:30.450 --> 01:02:31.290

Paul Baxter: Take a look at and

801

01:02:31.380 --> 01:02:33.240

Paul Baxter: Feel free to take advantage of that resource.

802

01:02:35.310 --> 01:02:36.780

Jacquie Murphy: In response to the

803

01:02:36.780 --> 01:02:42.930

Paul Baxter: Covert nine teen pandemic, the associated restrictions on meeting size and the

804

01:02:44.010 --> 01:02:47.610

Paul Baxter: Executive Order relaxing provisions of the state. Open Meetings law.

805

01:02:48.240 --> 01:02:54.900

Paul Baxter: The toggle Commission established a zoom account which we're using right now to host the village of parish.

806

01:02:55.500 --> 01:02:57.600

Village Clerk: And the Commission itself is going

807

01:02:57.600 --> 01:03:05.010

Paul Baxter: To be using it. They're meeting next Monday at 10 o'clock to 1130 and the information about how to get

808

01:03:05.010 --> 01:03:08.310

Paul Baxter: To it is in the report that is waiting for you in your box.

809

01:03:08.730 --> 01:03:11.520

Paul Baxter: Or online on the type of a website.

810

01:03:11.760 --> 01:03:12.150

Neil Chatterton: Get to it.

811

01:03:12.450 --> 01:03:14.460

Paul Baxter: Just like you did with this there'll be an

812

01:03:14.940 --> 01:03:22.080

Paul Baxter: Email to go to. And there's a meeting ID and you can phone in if you don't want to go and buy a computer and

813

01:03:22.980 --> 01:03:33.720

Paul Baxter: Headwaters to toggle Commission's annual report is now out in the mail. And if you haven't gotten it again, let me know, because if you haven't we probably need to update your contact information.

814

01:03:35.010 --> 01:03:41.850

Paul Baxter: Excuse me, I will have additional copies available once the current work and travel restrictions return closer to normal.

815

01:03:43.020 --> 01:03:46.260

Paul Baxter: And in between. If you don't have a physical copy and you're interested in looking

816

01:03:46.260 --> 01:03:46.530

Paul Baxter: At it.

817

01:03:46.860 --> 01:03:48.150

Paul Baxter: That also is available on the

818

01:03:48.150 --> 01:03:49.140

Paul Baxter: Tequila website.

819

01:03:51.360 --> 01:03:54.240

Paul Baxter: On to a couple different workshops taking place Laird.

820

01:03:54.240 --> 01:03:56.280

Paul Baxter: Petri from the comptroller's office is

821

01:03:56.280 --> 01:03:58.350

Paul Baxter: Going to be doing a webinar on

822

01:03:58.410 --> 01:04:00.600

Paul Baxter: April 28 from three to 5pm

823

01:04:01.140 --> 01:04:05.940

Paul Baxter: About reserve funds and long term municipal financial planning.

824

01:04:06.450 --> 01:04:19.080

Paul Baxter: And this was one of the presentations that was originally scheduled for the March 26th local government conference and there's a link in the report that is in your inbox that lets you get to that.

825

01:04:20.160 --> 01:04:28.260

Paul Baxter: So you can join up with it. There is a link and a password to get into that. Or you can again join by phone, and there's an access code there as well.

826

01:04:29.340 --> 01:04:40.110

Paul Baxter: And other conference taking place sooner than that, next Wednesday, April 22 there's going to be a workshop on citing large scale as in utility scale not

827

01:04:40.350 --> 01:04:41.640

Paul Baxter: How homeowner scale.

828

01:04:42.360 --> 01:04:43.320

Paul Baxter: solar projects.

829

01:04:43.710 --> 01:04:46.350

Paul Baxter: That one's going to run from 130 to 3pm and it's

830

01:04:46.350 --> 01:04:47.250

Paul Baxter: Going to be conducted

831

01:04:48.120 --> 01:04:55.050

Paul Baxter: By people from Barton and Judas, the engineering firm and the law firm of Castello Cooney, and Iran and

832

01:04:55.500 --> 01:04:58.830

Paul Baxter: More information on that can be found in last Friday's plugin times

833

01:04:59.580 --> 01:05:06.270

Paul Baxter: We are looking for pre registration for that session. And there's a link in your report on how to pre register.

834

01:05:07.530 --> 01:05:10.860

Paul Baxter: And then last but not least, something I brought up at

835

01:05:10.860 --> 01:05:14.160

Paul Baxter: The last joint meeting, but we need to this.

836

01:05:14.460 --> 01:05:15.240

Paul Baxter: Gus both

837

01:05:15.810 --> 01:05:18.120

Paul Baxter: With the Village Board and the town board.

838

01:05:19.440 --> 01:05:22.650

Paul Baxter: I mentioned about the possibility of moving your email hosting

839

01:05:23.040 --> 01:05:27.570

Paul Baxter: From the service you're with right now, which is GoDaddy hosting services.

840

01:05:27.960 --> 01:05:30.120

Paul Baxter: That hosts your website and then be a slight

841

01:05:30.600 --> 01:05:38.040

Paul Baxter: savings to the town and the village. By doing so, but there'd be a little bit of disruption. Because everybody would

842

01:05:39.150 --> 01:05:40.920

Paul Baxter: Keep the same email addresses.

843

01:05:41.400 --> 01:05:42.090

Paul Baxter: But they'd be gone.

844

01:05:42.330 --> 01:05:43.830

Paul Baxter: Different machines. So I'd have to get

845

01:05:43.830 --> 01:05:45.870

Doug Houghton: You into traction and how to get you seen

846

01:05:45.900 --> 01:05:48.360

Paul Baxter: Either by your email program.

847

01:05:48.900 --> 01:05:49.350

Or

848

01:05:50.700 --> 01:05:52.980

Paul Baxter: By going to the different web address

849

01:05:54.690 --> 01:06:01.320

Paul Baxter: Those are the major pluses and minuses of this cost savings would be on the order of about \$65 a year.

850

01:06:02.340 --> 01:06:03.240

Neil Chatterton: But since there's one

851

01:06:03.300 --> 01:06:06.420

Paul Baxter: I thought I would mention it to you in case both you and the village.

852

01:06:06.450 --> 01:06:11.730

Paul Baxter: Are interested. Now this is something that both you and the to both you and the town are interested in

853

01:06:13.440 --> 01:06:18.360

Paul Baxter: You would both have to want to do this because you're sharing the same at Pepperidge dash ny.us

854

01:06:19.230 --> 01:06:26.070

Paul Baxter: Domain name so that one stays the same. And we had to have all those addresses pointing to one place or the other so

855

01:06:26.460 --> 01:06:37.980

Paul Baxter: The town is going to be talking about it tomorrow night. But I thought I would mention that to you. I didn't seem to get a lot of enthusiasm about making that change for the small cost savings when we talked about it before but

856

01:06:39.360 --> 01:06:40.230

Paul Baxter: I know the town's talk

857

01:06:40.560 --> 01:06:43.110

Paul Baxter: So I thought I would bring it up to you that that

858

01:06:43.170 --> 01:06:45.000

Paul Baxter: That is, is happening.

859

01:06:45.330 --> 01:06:45.630

And

860

01:06:46.770 --> 01:06:47.370

Paul Baxter: In case you

861

01:06:49.980 --> 01:06:50.580

Village Treasurer: Have to do it.

862

01:06:51.600 --> 01:06:52.770

Village Treasurer: You don't have to do it because your

863

01:06:52.830 --> 01:06:54.870

Paul Baxter: Your email is both going to the

864

01:06:54.900 --> 01:06:56.130

Paul Baxter: At parish deaths.

865

01:06:56.190 --> 01:06:57.630

ny.us

866

01:06:59.910 --> 01:07:01.920

Paul Baxter: Place that handles that email so

867

01:07:02.280 --> 01:07:04.380

Paul Baxter: So yeah, if you didn't do. We've

868

01:07:04.740 --> 01:07:07.110

Paul Baxter: We've got to probably stay with what we've got now.

869

01:07:09.900 --> 01:07:14.580

Paul Baxter: And I think that's all I have for you tonight. There was something else. I did that. Oh, I know.

870

01:07:17.160 --> 01:07:21.540

Paul Baxter: There was something else I was going to mention to you, but I don't have written down. So if it occurs to me, I'll mention it later. But

871

01:07:22.140 --> 01:07:23.220

Paul Baxter: That's it for now.

872

01:07:25.470 --> 01:07:26.520

Jacquie Murphy: Okay, good.

873

01:07:28.350 --> 01:07:29.160

Village Clerk: Yeah, I am.

874

01:07:29.580 --> 01:07:34.170

Jacquie Murphy: I was asked to ask you to put down on our website that

875

01:07:35.970 --> 01:07:37.830

Jacquie Murphy: Is open on Tuesday, I guess.

876

01:07:39.900 --> 01:07:42.240

Paul Baxter: The other thing. Thanks. Thank you.

877

01:07:43.170 --> 01:07:46.830

Paul Baxter: Dave Dave Sperling gave me a call and that was the other thing I wanted to ask you about

878

01:07:47.220 --> 01:07:47.940

Paul Baxter: It and that's

879

01:07:48.450 --> 01:07:50.010

Paul Baxter: Dave Sperling called me earlier.

880

01:07:50.430 --> 01:07:56.700

Paul Baxter: And said that he'd gotten gotten back to him that the parish food pantry was closed. He said, No, it's open.

881

01:07:57.090 --> 01:08:04.470

Paul Baxter: And so he said, well, maybe, maybe you can put that up on the municipal websites. I said, I will talk to them about it because in the past.

882

01:08:04.860 --> 01:08:14.160

Paul Baxter: Normally, we've kept the municipal websites primarily focused on what the municipality itself is doing and community groups, but in this case it, given that it's an emergency situation.

883

01:08:14.520 --> 01:08:18.240

Paul Baxter: And given that it seems very much in the public interest for the citizens of

884

01:08:18.510 --> 01:08:19.950

Paul Baxter: Both the town in the village.

885

01:08:20.280 --> 01:08:34.380

Paul Baxter: To know that there is a food pantry available to them. It seems like this would be a good time to make an exception to that rule and put that up on the village website, but I wanted to talk to you about it first. So if that sounds Okay I would put something up on the village website.

886

01:08:37.470 --> 01:08:39.690

Village Treasurer: present circumstances, it wouldn't be a problem.

887

01:08:40.530 --> 01:08:41.670

Village Treasurer: Right where can

888

01:08:43.500 --> 01:08:45.300

Paul Baxter: people starving and so on. Yeah.

889

01:08:46.740 --> 01:08:49.500

Jacquie Murphy: Okay, thank you. If that sounds good. I will do

890

01:08:49.500 --> 01:08:50.220

Neil Chatterton: That yes

891

01:08:51.840 --> 01:08:52.110

Village Treasurer: Yes.

892

01:08:53.340 --> 01:08:53.640

Village Treasurer: Yes.

893

01:08:56.130 --> 01:08:58.080

Village Treasurer: Kevin, there is a

894

01:08:58.380 --> 01:09:07.830

Village Treasurer: Mobile pantry Chuck will be at the fire station parking lot on the 21st. I believe they're coming at one o'clock. It's going to be a drive thru only for what gatherings.

895

01:09:10.410 --> 01:09:19.470

Village Treasurer: For what mobile food pantry truck entry. Okay. Mobile truck AMP is coming to the fire station parking lot on the 21st, I believe.

896

01:09:24.720 --> 01:09:26.070

Neil Chatterton: You can get the information that's

897

01:09:26.070 --> 01:09:27.960

Village Treasurer: Available, I would post that as well.

898

01:09:28.320 --> 01:09:30.060

Paul Baxter: That's good information for the public to have

899

01:09:30.690 --> 01:09:31.020

This

900

01:09:33.600 --> 01:09:33.930

Village Clerk: Okay.

901

01:09:34.380 --> 01:09:37.650

Village Treasurer: And the accessibility. The food pantry. This is over at the church.

902

01:09:38.070 --> 01:09:38.700

Paul Baxter: Yeah, and

903

01:09:40.860 --> 01:09:51.000

Paul Baxter: The other detail that he mentioned is for people to stay in their cars and they would come out to the car. So I will, I will put that as part of the mention that the food pantry is open.

904

01:09:58.590 --> 01:10:00.720

Paul Baxter: In front of me, but he did send me the information

905

01:10:02.310 --> 01:10:02.910

Paul Baxter: And so on.

906

01:10:07.680 --> 01:10:08.250

Village Treasurer: Sounds good.

907

01:10:08.700 --> 01:10:09.210

Paul Baxter: Very good.

908

01:10:17.490 --> 01:10:18.420

Neil Chatterton: Motion for false

909

01:10:18.750 --> 01:10:19.260

Report.

910

01:10:20.640 --> 01:10:22.890

Neil Chatterton: Make a motion to accept Paul's report.

911

01:10:28.650 --> 01:10:28.830

Village Clerk: You

912

01:10:30.330 --> 01:10:35.160

Village Treasurer: Know for the discussion grievances their concerns will go on with unfinished business.

913

01:10:36.810 --> 01:10:55.320

Village Treasurer: I don't want to make this too lengthy, but in this meeting, but we did talk with carp, and the insurance situation was something that needs was going to be directed to the town for insurance coverage and they just want a small section blocked off.

914

01:10:56.520 --> 01:11:02.490

Village Treasurer: And I don't know if we've heard from anybody heavily Evelyn in terms of that. The town is what carpets done

915

01:11:03.780 --> 01:11:04.260

Jacque Murphy: Who they've

916

01:11:05.280 --> 01:11:06.450

Jacque Murphy: Got to forget about it.

917

01:11:08.460 --> 01:11:14.820

Jacque Murphy: Okay. Forget it, because it's too much of a hassle. We did not realize that what all was involved.

918

01:11:16.440 --> 01:11:17.100

Neil Chatterton: Right.

919

01:11:18.090 --> 01:11:19.230

Village Clerk: You wouldn't think it would be that

920

01:11:19.230 --> 01:11:23.640

Village Treasurer: Complicated, but I'm sure the fire. Fire Department they willing to be of assistance.

921

01:11:25.350 --> 01:11:25.860

Neil Chatterton: If we can

922

01:11:26.580 --> 01:11:30.660

Village Treasurer: Volunteer their services, I guess they've been available in the past, if need be,

923

01:11:32.490 --> 01:11:33.750

Neil Chatterton: Carpet also discussed

924

01:11:33.750 --> 01:11:37.920

Village Treasurer: About bringing or putting up welcome signs and banners.

925

01:11:39.240 --> 01:11:48.180

Village Treasurer: Throughout the village, and I don't know what kind of welcome center. We're talking about whether they were the road signs, but I had eye contact from

926

01:11:48.750 --> 01:12:05.460

Village Treasurer: A pw one of the teachers at the school wants to put up graduation signs banners for the students that are graduating and a manner of which to include the students because they're out of school have them do some kind of design work and submit it to

927

01:12:06.000 --> 01:12:08.370

Village Treasurer: A local company who will do the banners.

928

01:12:08.400 --> 01:12:23.880

Village Treasurer: Make the banners and mount the banners that company is donating to about \$2,000 for 10 banners to be placed. They were going to put them around a p AMP W Omar parish in Williamstown, but

929

01:12:24.390 --> 01:12:34.380

Village Treasurer: They've they think they're going to persuade the kids to put them just in parish that would take 10 banners around somewhere in the village of parish.

930

01:12:35.220 --> 01:12:51.600

Village Treasurer: And they will put the brackets up in mount the banners and spoke to Matt Hill. He's anxious to get this underway and wonder didn't wanted to have the board, be aware and ask if it was okay for them to do it. So is there any feedback on that.

931

01:12:59.070 --> 01:12:59.460

Village Treasurer: Yes.

932

01:13:01.080 --> 01:13:09.000

Village Treasurer: Okay, and they figured they'd like to get him up about May or June and I asked about taking them down. He wasn't sure. And I said, well, maybe it'd be good to put them

933

01:13:09.390 --> 01:13:25.860

Village Treasurer: On campus in September, when the kids all return back to campus and they will be generic one such that they can put them up every June there every, every year, if they wanted to either here in the village or wherever they want but I thought it was a good idea.

934

01:13:25.860 --> 01:13:27.840

Neil Chatterton: And I said I would present it to sports and

935

01:13:27.840 --> 01:13:29.610

Village Treasurer: Neil's made emotion. Is there a second

936

01:13:30.810 --> 01:13:31.500

Village Treasurer: All parking

937

01:13:33.510 --> 01:13:34.020

Village Treasurer: All right.

938

01:13:35.640 --> 01:13:37.320

Village Clerk: I would just, I would just think

939

01:13:39.120 --> 01:13:44.790

Village Clerk: I would just think that the is the wonder that they don't put up a couple like an El Mar Williamstown

940

01:13:46.170 --> 01:13:47.940

Village Clerk: You know just what they thought they get better.

941

01:13:48.480 --> 01:13:50.370

Village Treasurer: At here, but I don't think

942

01:13:50.460 --> 01:13:52.350

Village Treasurer: I understand. I understand that.

943

01:13:53.130 --> 01:13:54.150

Village Clerk: Right, but

944

01:13:54.210 --> 01:13:57.450

Village Clerk: I mean they're, you know, like you say they are graduates from

945

01:13:57.900 --> 01:13:59.400

Village Clerk: Mr. Williams own tool.

946

01:13:59.430 --> 01:14:09.720

Village Clerk: They're not as big as parish, but I think I just think, you know, they should rethink that a little bit and at least have a couple of each of those towns privileges. Now, they may

947

01:14:09.960 --> 01:14:19.350

Village Treasurer: They may go in that direction, but they haven't got that to that point, they just wanted to get the permission to do it if they're going to be doing right and it

948

01:14:19.980 --> 01:14:31.020

Village Treasurer: Was on board with it. So I didn't see any problem with them and they still have some time that they can get their act together and sort of L out how they're going to ask the kids.

949

01:14:32.310 --> 01:14:33.630

Doug Houghton: And then the company is willing

950

01:14:33.630 --> 01:14:42.060

Neil Chatterton: To make money and I guess there are durable banner that would last for a couple years, quite a few years, he said five to 10 years so whatever material. They're using

951

01:14:43.680 --> 01:14:44.940

Village Treasurer: We have everyone on board as

952

01:14:47.700 --> 01:14:49.380

Jacquie Murphy: Ever right

953

01:14:51.900 --> 01:14:52.230

Neil Chatterton: Yeah.

954

01:14:54.090 --> 01:14:54.420

Doug Houghton: Yeah.

955

01:14:54.690 --> 01:14:55.710

Village Treasurer: Okay, good, thanks.

956

01:14:58.470 --> 01:15:10.020

Village Treasurer: Is the water project zoom conference me in a meeting and we had minutes submitted from that I'm seeing to have a problem with the water people

957

01:15:11.040 --> 01:15:25.950

Village Treasurer: And NASA, who's from the stance up in Watertown, the town parish has received proposals for the joint water project for the proposals from the engineering firms that one proposal received was from the town grant writer and they've submitted those

958

01:15:27.300 --> 01:15:27.810

Neil Chatterton: And

959

01:15:27.840 --> 01:15:39.420

Village Treasurer: The information is coming comes to the town supervisor and to the town board, but nothing seems to be getting to the to the village board. So I'm trying to

960

01:15:40.080 --> 01:15:51.660

Village Treasurer: Sort out why. And I've spoken to him twice about it and then haven't made any headway, and hopefully they supposed to be with us in June, if that meeting transpires and hopefully they'll bring us their binders.

961

01:15:52.620 --> 01:16:02.070

Village Treasurer: And NASA bird has invited you to a town of parachute water project proposal review. We've received four or five proposals.

962

01:16:02.070 --> 01:16:04.080

Village Treasurer: Here, if you are interested in having look at

963

01:16:04.110 --> 01:16:12.540

Village Treasurer: Some of them are about 30 pages and summer 25 maybe 40 pages. Nice and sick, but there is a

964

01:16:13.620 --> 01:16:15.180

Village Treasurer: Waterfall proposal review.

965

01:16:15.300 --> 01:16:20.190

Village Treasurer: On Thursday, April 30 at 7pm to 8:30pm

966

01:16:21.330 --> 01:16:21.930

Village Treasurer: And

967

01:16:22.140 --> 01:16:36.360

Village Treasurer: His description. Good morning. I've scheduled a zoom meeting April 30 at 7pm to review the proposals are received by the town of Paris drink water project is five proposals received in total for these received from engineering firms and what fifth proposal.

968

01:16:36.840 --> 01:16:37.980

Village Treasurer: Was from the town grant

969

01:16:37.980 --> 01:16:39.480

Village Treasurer: Writer Jay grasso

970

01:16:39.780 --> 01:16:40.440

Village Treasurer: G AMP G.

971

01:16:41.130 --> 01:16:44.160

Village Treasurer: Proposals can be downloaded at the share Bates.

972

01:16:44.640 --> 01:16:54.000

Village Treasurer: Link below. It should be noted that at the time of the proposals I know public knowledge and should not be shared with the public. The meeting on the 30th will be in executive

973

01:16:54.570 --> 01:17:03.300

Village Treasurer: Session due to the meeting being for contract negotiations. Now, I'm not sure about that. And if that is a possibility or Executive Session.

974

01:17:04.650 --> 01:17:18.480

Village Treasurer: The zoom link below, be used to enter the meeting on the 30th, the meeting can be entered from a computer or phone, tablet, there will be a password associated with the meeting for security reasons, cell phone number to call into the meeting. If you're unable to gain access to the computer.

975

01:17:19.950 --> 01:17:27.240

Village Treasurer: If you're interested, these kinds of this information will be in your mailbox. If you want to join in on this meeting again a

976

01:17:27.840 --> 01:17:29.280

Village Clerk: Computer probably similar to what

977

01:17:29.280 --> 01:17:47.430

Village Treasurer: We're doing now and that is on the 30th at 7pm. And that's about the only information we did get on the water. There's one that request for proposals that went out earlier, and that's what we're getting back. Now we have a proposal here from C to D.

978

01:17:49.590 --> 01:17:51.480

Village Treasurer: GMO to Y mo.

979

01:17:52.680 --> 01:17:54.480

Village Treasurer: Tom perish from

980

01:17:55.860 --> 01:17:56.700

Village Clerk: PCA

981

01:17:57.840 --> 01:17:58.800

Neil Chatterton: Watertown

982

01:17:59.880 --> 01:18:02.400

Village Treasurer: g&g that was Jay graph. So,

983

01:18:03.570 --> 01:18:04.200

Neil Chatterton: And

984

01:18:04.410 --> 01:18:15.960

Village Treasurer: From Miller engineering. So those are available here. If you're interested, and they if they're on site Kelly has a man hurts, she was going to send it to me and haven't yet received on the

985

01:18:16.170 --> 01:18:19.380

Village Clerk: Computer, so I don't have that information on

986

01:18:20.220 --> 01:18:25.950

Village Treasurer: On the computer to forward it to anybody but that's where we're at with the water project at the present time.

987

01:18:27.720 --> 01:18:36.270

Village Treasurer: All right, going on anything other that needs to be addressed. The other thing was I had was the IMA since these already addressed them anything else.

988

01:18:38.040 --> 01:18:39.210

Village Treasurer: That might be interested

989

01:18:40.440 --> 01:18:40.800

Village Clerk: To then

990

01:18:41.940 --> 01:18:44.010

Village Treasurer: Move on to our new business.

991

01:18:46.290 --> 01:18:46.830

Neil Chatterton: And

992

01:18:47.730 --> 01:18:48.480

Village Treasurer: We have a

993

01:18:50.910 --> 01:18:52.950

Village Treasurer: Proposal or contract proposal.

994

01:18:55.650 --> 01:18:56.190

Village Treasurer: Last loss.

995

01:18:57.630 --> 01:18:59.550

Village Clerk: To be signed a contract to be signed and

996

01:18:59.550 --> 01:19:02.430

Village Treasurer: Sent back and that was particularly with three

997

01:19:03.120 --> 01:19:04.800

Village Clerk: Agree to last month he signed up.

998

01:19:04.800 --> 01:19:10.110

Village Treasurer: On that. So if everyone is in agreement to that contract signed and sent it out.

999

01:19:11.280 --> 01:19:15.030

Village Treasurer: To you in your approval for the cost of it.

1000

01:19:20.100 --> 01:19:21.330

Doug Houghton: I'm sorry, maybe

1001

01:19:24.150 --> 01:19:26.730

Neil Chatterton: 1018 okay, baby. Okay.

1002

01:19:26.910 --> 01:19:27.810
Again, maybe

1003
01:19:29.850 --> 01:19:31.920
Village Treasurer: No, okay, 1080

1004
01:19:34.560 --> 01:19:36.870
Neil Chatterton: Make the motion that we do that.

1005
01:19:39.390 --> 01:19:41.130
Village Treasurer: All right. Thank you, Neil, and

1006
01:19:42.360 --> 01:19:43.050
Village Treasurer: I'll talk about

1007
01:19:48.660 --> 01:20:00.090
Village Treasurer: Cyber insurance gave us copies of those and a description of the statement of value and then question whether or not we want to go with cyber liability coverage.

1008
01:20:08.220 --> 01:20:09.210
Village Treasurer: ARE WE FEELING GOOD.

1009
01:20:15.780 --> 01:20:17.550
Village Treasurer: And we decided that that was just a big

1010
01:20:17.550 --> 01:20:19.500
Jacquie Murphy: moneymaker for the insurance company.

1011
01:20:22.140 --> 01:20:23.040
Village Treasurer: In the past, right.

1012
01:20:26.370 --> 01:20:28.650
Village Treasurer: With that philosophy and leave it in

1013
01:20:31.350 --> 01:20:31.800
Village Treasurer: Motion.

1014
01:20:35.130 --> 01:20:36.000
Neil Chatterton: Motion for

1015

01:20:37.440 --> 01:20:38.070
Village Treasurer: School. What

1016
01:20:40.110 --> 01:20:42.210
Village Treasurer: What motion. Have you made. What do we want to vote on

1017
01:20:43.800 --> 01:20:44.880
Village Clerk: We don't want to purchase.

1018
01:20:44.880 --> 01:20:47.490
Jacquie Murphy: A cyber insurance. Okay.

1019
01:20:47.910 --> 01:20:51.390
Village Treasurer: Emotion for no purchase of the liability insurance
second

1020
01:20:53.070 --> 01:20:53.940
Village Treasurer: Yeah I second.

1021
01:20:55.680 --> 01:20:56.220
Neil Chatterton: Second,

1022
01:20:56.610 --> 01:20:57.300
Village Treasurer: All in favor.

1023
01:20:58.500 --> 01:20:58.860
Village Treasurer: Aye.

1024
01:21:01.980 --> 01:21:02.160
Village Treasurer: Usually

1025
01:21:07.830 --> 01:21:08.640
Jacquie Murphy: Wake up, we got

1026
01:21:08.700 --> 01:21:14.190
Village Treasurer: Neil said no. Jackie, no dogs. No, no. Right.

1027
01:21:15.300 --> 01:21:17.160
Neil Chatterton: Correct. All right, and I'll

1028
01:21:18.000 --> 01:21:23.160

Village Treasurer: Go along with that as well. We do not need to subscribe to that.

1029

01:21:24.510 --> 01:21:43.260

Village Treasurer: All right, the vehicle is the next question we need to or the clerk salary included in the budget to be going on a salary, rather than an hour early and that was already included in our budget we discussed in our sessions and put it to a vote is their emotions.

1030

01:21:46.290 --> 01:21:47.400

Neil Chatterton: And make a motion to

1031

01:21:48.000 --> 01:21:49.050

Neil Chatterton: Put on Valerie.

1032

01:21:50.910 --> 01:21:51.930

Jacquie Murphy: Meal second

1033

01:21:53.340 --> 01:21:53.790

Village Treasurer: Talking

1034

01:21:56.760 --> 01:21:57.780

Village Treasurer: And I'll say, we're

1035

01:21:59.460 --> 01:22:00.300

Jacquie Murphy: All in a great hi

1036

01:22:01.110 --> 01:22:01.590

Hi.

1037

01:22:03.330 --> 01:22:03.660

Doug Houghton: Hi.

1038

01:22:03.990 --> 01:22:05.880

Village Treasurer: Thank you, Nicole.

1039

01:22:05.940 --> 01:22:08.310

Village Treasurer: What are we doing with the vehicle. We've got to decide.

1040

01:22:08.370 --> 01:22:10.350

Village Treasurer: So that we can figure out which budget, we're going

1041

01:22:10.350 --> 01:22:12.000

Village Treasurer: To be addressing

1042

01:22:14.130 --> 01:22:20.190

Neil Chatterton: Probably be sending you a little bit either put money into it. Get rid of it or just get rid of it. I don't care.

1043

01:22:21.300 --> 01:22:25.980

Neil Chatterton: That was the discussion. What are we going to do we hadn't made a decision we had the last time we met.

1044

01:22:26.700 --> 01:22:31.800

Neil Chatterton: We were going to make a vote, and it was decided that we'll find out how much it would cost to rehab it

1045

01:22:32.430 --> 01:22:48.630

Neil Chatterton: And keep it versus letting Camden group do the work that has to be done, utilizing a vehicle, but we didn't come to it didn't actually come to a vote for the board to decide one way or another. And that's why we have to budget proposals.

1046

01:22:49.920 --> 01:22:52.920

Neil Chatterton: Out. So what did we did vote on it.

1047

01:22:55.290 --> 01:22:57.870

Neil Chatterton: Before we before we got a hold of.

1048

01:22:59.400 --> 01:23:00.960

Neil Chatterton: The thing about getting rid of the

1049

01:23:00.990 --> 01:23:06.900

Neil Chatterton: Truck. Now if you want to fix it up before you get rid of it, you kind of find out how much it's gonna cost.

1050

01:23:08.760 --> 01:23:09.840

Doug Houghton: could certainly get rid of

1051

01:23:09.840 --> 01:23:09.960

It.

1052

01:23:15.420 --> 01:23:15.720

Neil Chatterton: Any

1053

01:23:15.990 --> 01:23:16.680

Discussion.

1054

01:23:18.420 --> 01:23:19.890

Doug Houghton: Well, let me just say

1055

01:23:21.300 --> 01:23:25.470

Doug Houghton: Five to \$600 to fix it and it could run up to 1000

1056

01:23:30.300 --> 01:23:33.750

Neil Chatterton: So in other words, you're going to try this out. If we have a fixed

1057

01:23:34.830 --> 01:23:36.630

Village Clerk: And try to sell up we've got to get at.

1058

01:23:36.630 --> 01:23:39.840

Neil Chatterton: Least 1500 out of it, right. Whatever.

1059

01:23:40.800 --> 01:23:43.590

Doug Houghton: Whatever we can get. We think we'll get that out of it.

1060

01:23:50.070 --> 01:23:55.200

Jacque Murphy: We have to figure out the insurance and the registration. Is it worth the money to do that.

1061

01:23:56.760 --> 01:23:58.170

Jacque Murphy: Well, no, we don't go to keep it.

1062

01:23:58.290 --> 01:23:59.940

Neil Chatterton: In it.

1063

01:24:03.270 --> 01:24:03.870

Neil Chatterton: Keep it

1064

01:24:05.670 --> 01:24:06.090

Village Treasurer: Wow.

1065

01:24:06.960 --> 01:24:07.740

Neil Chatterton: Look how to use it.

1066

01:24:09.900 --> 01:24:12.510

Jacque Murphy: And I agree with that statement, they're going to use it.

1067

01:24:18.990 --> 01:24:23.760

Neil Chatterton: Don't use it know we already said, you know,

1068

01:24:26.370 --> 01:24:26.640

Village Clerk: What

1069

01:24:27.750 --> 01:24:28.890

Neil Chatterton: Yeah, find it for

1070

01:24:33.960 --> 01:24:38.880

Neil Chatterton: You gonna argue be I mean he gives you got to put your head run against the wall.

1071

01:24:42.870 --> 01:24:53.700

Neil Chatterton: Because he said this, the stuff we got down there. Is it really the public had down or is it really big enough to get all the grease out so they have to hire the guy to come down and do it anyway.

1072

01:24:54.780 --> 01:24:55.410

Doug Houghton: Negative

1073

01:24:57.690 --> 01:25:00.240

Doug Houghton: We have everything we need to get those tanks.

1074

01:25:00.270 --> 01:25:02.130

Doug Houghton: pumped out. Yeah.

1075

01:25:02.640 --> 01:25:04.800

Neil Chatterton: Thanks out but they said the grease won't come out with it.

1076

01:25:06.270 --> 01:25:09.330

Neil Chatterton: It will. That's what he's telling me I don't know.

1077

01:25:12.450 --> 01:25:13.080

Neil Chatterton: The vehicle.

1078

01:25:14.460 --> 01:25:15.000

Village Treasurer: Know I

1079

01:25:17.760 --> 01:25:19.440

Doug Houghton: Know there's a separate pump.

1080

01:25:19.890 --> 01:25:21.300

Doug Houghton: To pump out the tanks.

1081

01:25:21.930 --> 01:25:24.360

Doug Houghton: And if they're using their degrees through the way they

1082

01:25:24.390 --> 01:25:27.000

Doug Houghton: Think they are there shouldn't be a problem.

1083

01:25:34.740 --> 01:25:35.370

Doug Houghton: Well, we

1084

01:25:36.150 --> 01:25:39.600

Jacque Murphy: shouldn't be a problem. But it seems to me like we're having an awful lot of problems.

1085

01:25:41.820 --> 01:25:45.810

Doug Houghton: I think it's, I think those problems are running deeper than what you think.

1086

01:25:47.910 --> 01:25:53.340

Neil Chatterton: That could be why don't we table this donation box. Well, because we have to do it to

1087

01:25:53.580 --> 01:25:54.510

vote on the budget.

1088

01:25:56.370 --> 01:25:57.930

Neil Chatterton: You have to decide what budget, we're going to

1089

01:25:57.930 --> 01:25:58.170

VOTE

1090

01:26:04.950 --> 01:26:09.210

Village Treasurer: Well, we don't have we'll have to have a special meeting if we don't vote on the budget tonight.

1091

01:26:10.230 --> 01:26:10.620

Village Treasurer: But

1092

01:26:11.910 --> 01:26:13.890

Village Treasurer: We can pursue a discussion.

1093

01:26:13.980 --> 01:26:24.570

Village Treasurer: Individually to see where we're going to go with it or just decide now I just tend to think that somewhere down the line. They're going to nickel and diamond on this on the vehicle usage.

1094

01:26:26.940 --> 01:26:27.180

Neil Chatterton: But

1095

01:26:28.680 --> 01:26:29.910

Village Treasurer: Maybe I don't mean

1096

01:26:30.510 --> 01:26:35.400

Doug Houghton: Well, at that point, maybe we should remind them that they push to get rid of the truck.

1097

01:26:43.770 --> 01:26:45.000

Neil Chatterton: Need. He also said that if

1098

01:26:46.530 --> 01:26:51.090

Neil Chatterton: They only usually bump it out once or twice a year at the most.

1099

01:26:52.410 --> 01:26:58.560

Neil Chatterton: Or three days if it goes over three times I goes, Hey, you only told us to do at least twice a year.

1100

01:26:59.820 --> 01:27:00.510

Neil Chatterton: Already

1101

01:27:01.560 --> 01:27:02.820

Neil Chatterton: And I think well push that

1102

01:27:03.900 --> 01:27:04.470

Neil Chatterton: Really struck

1103

01:27:06.180 --> 01:27:06.900

Neil Chatterton: Well, you think, Doug.

1104

01:27:07.980 --> 01:27:09.660

Neil Chatterton: I'm just gonna tell you what your

1105

01:27:09.660 --> 01:27:10.110

Wallet.

1106

01:27:11.310 --> 01:27:13.110

Neil Chatterton: Yes, I know how often

1107

01:27:13.920 --> 01:27:15.810

Village Treasurer: How often do they pump them, Doug, you know,

1108

01:27:17.640 --> 01:27:19.410

Doug Houghton: Well then, thanks for

1109

01:27:20.370 --> 01:27:21.480

Village Treasurer: And that could be

1110

01:27:22.950 --> 01:27:23.370

Village Treasurer: Yes.

1111

01:27:26.040 --> 01:27:27.600

Jacquie Murphy: Since they started us on the

1112

01:27:27.600 --> 01:27:28.380

Doug Houghton: Degree certain

1113

01:27:29.520 --> 01:27:34.860

Doug Houghton: Things have been a lot better. Now if we stay on that regimen, we should be good.

1114

01:27:36.870 --> 01:27:37.200

Village Treasurer: Yeah.

1115

01:27:39.000 --> 01:27:40.560

Jacquie Murphy: Can we talk to that bell

1116

01:27:41.940 --> 01:27:49.170

Jacquie Murphy: Maybe find out a little bit more information about what exactly is happening this. This is very. This is crazy.

1117

01:27:56.880 --> 01:27:58.950

Village Treasurer: I think I would try to get ahold of him.

1118

01:27:59.430 --> 01:28:02.610

Doug Houghton: I just don't think the plants being taken care of the way it should be.

1119

01:28:06.750 --> 01:28:10.800

Neil Chatterton: I agree with that lot of this stuff they've done a long time ago.

1120

01:28:14.400 --> 01:28:18.270

Neil Chatterton: And they're not using and they're not using those consoles. Either way, should be used.

1121

01:28:19.890 --> 01:28:24.750

Neil Chatterton: They put that when they pop it from pains to the dragon beds.

1122

01:28:25.980 --> 01:28:27.360

Doug Houghton: They put a hose out there so of

1123

01:28:27.360 --> 01:28:28.950

Neil Chatterton: Using what they should be using

1124

01:28:29.670 --> 01:28:30.810

Village Clerk: So yeah, I agree with that.

1125

01:28:32.700 --> 01:28:34.110

Village Treasurer: Well, what are they supposed to be as

1126

01:28:35.730 --> 01:28:36.900

Neil Chatterton: Well, my, my

1127

01:28:37.020 --> 01:28:48.210

Doug Houghton: My only point and you can remember the meetings that I made my point there. We spend a lot of money, putting need pumps motors.

1128

01:28:49.230 --> 01:28:53.520

Doug Houghton: So they could use the underground fight the way we should

1129

01:28:54.540 --> 01:29:09.270

Doug Houghton: And if you want to use it if you don't want to use it you know that's it's neither here and there, but we just we spent a lot of money doing it. And I, I just kind of thought that was the way we should have gone

1130

01:29:10.410 --> 01:29:10.590

Neil Chatterton: Yeah.

1131

01:29:12.090 --> 01:29:15.570

Doug Houghton: If not, it is not gonna kill me any

1132

01:29:21.000 --> 01:29:21.510

Neil Chatterton: Sewer bill.

1133

01:29:26.370 --> 01:29:28.050

Neil Chatterton: joke. Okay.

1134

01:29:31.770 --> 01:29:33.480

Neil Chatterton: Okay, we were some of you using direct

1135

01:29:36.750 --> 01:29:39.360

Neil Chatterton: Hello, I wouldn't. Yeah.

1136

01:29:40.170 --> 01:29:41.760

Village Treasurer: And would expect somebody would be

1137

01:29:42.870 --> 01:29:43.170

Village Treasurer: There.

1138

01:29:44.580 --> 01:29:54.390

Village Treasurer: Yeah, if it's there. It's available for them as a topknot to them. They don't have can't hold us responsible for anything that we've left it there for them.

1139

01:29:59.490 --> 01:30:01.440

Neil Chatterton: It was the whole idea of having the truck.

1140

01:30:01.470 --> 01:30:02.340

Village Treasurer: For them to us.

1141

01:30:03.660 --> 01:30:05.370

Village Treasurer: Right. They're saying they don't

1142

01:30:06.030 --> 01:30:06.270

But

1143

01:30:07.290 --> 01:30:09.180

Village Treasurer: I can see any year to they'll say that

1144

01:30:10.530 --> 01:30:12.090

Village Treasurer: Things are different. The scenes different

1145

01:30:12.270 --> 01:30:13.050

Village Treasurer: Pictures different

1146

01:30:14.760 --> 01:30:15.120

Neil Chatterton: All right.

1147

01:30:18.720 --> 01:30:20.340

Village Treasurer: Ryan a preference either which way.

1148

01:30:24.060 --> 01:30:24.630

Village Treasurer: Motion.

1149

01:30:29.250 --> 01:30:30.000

Village Treasurer: Suggestion

1150

01:30:31.110 --> 01:30:34.350

Jacque Murphy: Why this is something for the guys the call because I really

1151

01:30:34.350 --> 01:30:36.210

Jacque Murphy: Am not that knowledgeable

1152

01:30:37.980 --> 01:30:37.980

Jacque Murphy: Yeah.

1153

01:30:43.530 --> 01:30:44.910
Village Clerk: Well, not much.

1154

01:30:45.360 --> 01:31:00.750
Doug Houghton: Not so much the premise of getting the truck fixed. I mean, it could cost you \$1,000 is, is it worth having that tool available because there could be games played later and

1155

01:31:04.980 --> 01:31:07.050
Neil Chatterton: What kind of games do you mean

1156

01:31:08.070 --> 01:31:08.370
Village Clerk: It is

1157

01:31:08.910 --> 01:31:11.130
Neil Chatterton: Not down there. They're going to say they want a truck.

1158

01:31:12.180 --> 01:31:14.880
Neil Chatterton: Down there know yet.

1159

01:31:16.200 --> 01:31:23.520
Doug Houghton: If the truck is not there. And they'll have just called clubs. They do them because it's easier for them.

1160

01:31:24.900 --> 01:31:25.110
Doug Houghton: And

1161

01:31:26.340 --> 01:31:29.400
Doug Houghton: That's okay. It's chose to do the

1162

01:31:36.240 --> 01:31:38.760
Doug Houghton: Right, I personally don't care one way or the other.

1163

01:31:40.260 --> 01:31:40.620
Doug Houghton: Well,

1164

01:31:41.670 --> 01:31:43.350
Neil Chatterton: Then our already made a motion.

1165

01:31:45.300 --> 01:31:46.410
Doug Houghton: Motion to do what

1166

01:31:47.430 --> 01:31:48.480

Doug Houghton: To get rid of the drug.

1167

01:31:53.280 --> 01:31:54.150

Doug Houghton: Make up your mind.

1168

01:32:13.110 --> 01:32:13.920

Neil Chatterton: Nobody's gonna second

1169

01:32:14.400 --> 01:32:16.080

Neil Chatterton: Well, I'm just trying to decide what's the

1170

01:32:16.080 --> 01:32:18.300

Jacquie Murphy: Best record economically for us.

1171

01:32:20.730 --> 01:32:22.230

Village Treasurer: I'm not sure that I know either.

1172

01:32:28.560 --> 01:32:37.770

Doug Houghton: Well, the truck to get it fixed. It's going to let's say any outside of \$1,000 to the registration and insurance would say

1173

01:32:37.830 --> 01:32:45.120

Neil Chatterton: Maybe 400 500 okay you know

1174

01:32:45.150 --> 01:32:46.500

Doug Houghton: It's a matter of

1175

01:32:47.850 --> 01:32:58.410

Doug Houghton: Do you want it there just in case. And we've always paid for it in the past i mean i i couldn't care less if it was, they're not there.

1176

01:33:03.570 --> 01:33:04.860

Jacquie Murphy: Do you think it should be them.

1177

01:33:07.500 --> 01:33:10.260

Doug Houghton: Only because we we bought it as a

1178

01:33:10.770 --> 01:33:12.420

Village Clerk: Tool for the guys to use

1179

01:33:14.160 --> 01:33:18.600

Doug Houghton: I just think you're going to get bit later and rice and saw them.

1180

01:33:19.350 --> 01:33:22.860

Jacque Murphy: So I can't second that motion. Okay.

1181

01:33:22.950 --> 01:33:25.890

Neil Chatterton: No, I will be sent my emotion.

1182

01:33:29.400 --> 01:33:30.150

Doug Houghton: Remember,

1183

01:33:32.940 --> 01:33:35.040

Doug Houghton: This remember it next year to make

1184

01:33:35.400 --> 01:33:37.260

Village Treasurer: A decision as

1185

01:33:37.350 --> 01:33:38.610

Doug Houghton: That's right, yes.

1186

01:33:40.530 --> 01:33:44.640

Village Treasurer: I mean, this isn't a life threatening thing. If we open up that

1187

01:33:45.330 --> 01:33:45.750

Jacque Murphy: I'm making

1188

01:33:46.920 --> 01:33:50.190

Neil Chatterton: I'm making motion that we fix the truck and put it down.

1189

01:33:53.760 --> 01:33:54.300

Village Treasurer: Right now.

1190

01:33:58.980 --> 01:34:03.630

Village Treasurer: See Neil made the motion Jackie. Second. All in favor, and

1191

01:34:11.490 --> 01:34:11.850

Jacquie Murphy: Dogs.

1192

01:34:17.790 --> 01:34:18.720

Neil Chatterton: Good one, nearly

1193

01:34:25.320 --> 01:34:26.760

Neil Chatterton: I wouldn't be say I didn't

1194

01:34:26.820 --> 01:34:27.210

Village Clerk: I didn't

1195

01:34:28.860 --> 01:34:32.310

Neil Chatterton: What did we, what did I do, why don't we break it up know

1196

01:34:34.350 --> 01:34:35.370

Village Clerk: What it was saying.

1197

01:34:38.550 --> 01:34:38.790

Village Clerk: That

1198

01:34:43.530 --> 01:34:44.460

Neil Chatterton: God did you vote.

1199

01:34:46.530 --> 01:34:48.060

Doug Houghton: Yeah, I voted to get it fixed.

1200

01:34:49.980 --> 01:34:58.080

Village Treasurer: Okay. And I did. I agree. Alright, so we'll get it fixed at the present time and keep it at the plant.

1201

01:34:58.260 --> 01:35:07.110

Village Treasurer: And encourage them to use it. See what happens. And then if we aren't getting anything anywhere with it, then we can make this decision next year.

1202

01:35:09.150 --> 01:35:10.200

Village Treasurer: That agreeable.

1203

01:35:10.230 --> 01:35:10.830

Village Treasurer: Sounds right.

1204

01:35:14.880 --> 01:35:16.230

Neil Chatterton: If we can move ahead on this.

1205

01:35:16.230 --> 01:35:17.070

Village Treasurer: Issue anyways.

1206

01:35:18.660 --> 01:35:19.620

Jacquie Murphy: All right. Thank you.

1207

01:35:20.640 --> 01:35:27.450

Village Treasurer: Budget discussion, we need to you need to have copies of the budget to have a look at another meeting or

1208

01:35:28.320 --> 01:35:30.810

Neil Chatterton: Where do you stand on the lucky one to do

1209

01:35:32.940 --> 01:35:36.630

Neil Chatterton: Something you know could reduce the truck. Now, so we do the second

1210

01:35:39.450 --> 01:35:40.530

Village Treasurer: Second version. Right.

1211

01:35:41.100 --> 01:35:43.260

Neil Chatterton: Conversion number, Kevin, are you there.

1212

01:35:44.400 --> 01:35:50.220

Village Treasurer: Okay, so you're hearing what's going on. We'll go with the second version at the present time, then we're keeping the truck.

1213

01:35:57.630 --> 01:35:58.920

Neil Chatterton: look them over and

1214

01:36:00.000 --> 01:36:02.400

Village Treasurer: Are there any questions about the second version that

1215

01:36:03.630 --> 01:36:04.470

Village Treasurer: Can be addressed.

1216

01:36:06.960 --> 01:36:07.770

Neil Chatterton: So I don't have one.

1217

01:36:09.810 --> 01:36:11.040

Neil Chatterton: I'll make a motion we accept

1218

01:36:12.540 --> 01:36:13.230

Neil Chatterton: All second

1219

01:36:15.210 --> 01:36:17.880

Village Treasurer: Second version. Okay. And that's the one with the truck.

1220

01:36:19.140 --> 01:36:22.410

Village Treasurer: Neil made emotion to go with the

1221

01:36:24.300 --> 01:36:25.560

Village Treasurer: budget proposed.

1222

01:36:26.610 --> 01:36:28.380

Village Treasurer: With the vehicle version to

1223

01:36:29.460 --> 01:36:31.890

Village Treasurer: Jackie. Second, is that Doug

1224

01:36:33.780 --> 01:36:34.050

Village Treasurer: Yeah.

1225

01:36:36.240 --> 01:36:37.410

Neil Chatterton: Yeah. All right.

1226

01:36:38.040 --> 01:36:39.180

Village Treasurer: Everybody some favor

1227

01:36:41.130 --> 01:36:41.940

Village Treasurer: Yep.

1229

01:36:45.750 --> 01:36:46.230

Neil Chatterton: Okay.

1230

01:36:49.170 --> 01:36:50.970

Village Treasurer: And you get that recorded. Correct.

1231

01:36:51.840 --> 01:36:52.950

Village Treasurer: Yep, yep.

1232

01:36:54.120 --> 01:36:54.450

Village Clerk: Okay.
