

Note: These are not minutes. What follows is the output of automated transcription from an audio/video recording from Zoom. Although the transcription is fairly accurate, in some cases it is incomplete or inaccurate due to inaudible passages or transcription errors, and in some cases, words spoken by one participant may be inaccurately attributed to another. It is posted as an aid to understanding the proceedings at the meeting, but should not be treated as an authoritative record. If you should need clarification on something said and cannot hear it, please contact the village clerk.

1

00:00:10.920 --> 00:00:20.070

Village of Parish: United States of America and to the Republic for which it stands one nation under God indivisible with liberty and justice for all.

2

00:00:27.600 --> 00:00:29.190

Village of Parish: Right, can you real calm, please.

3

00:00:31.620 --> 00:00:32.610

Village of Parish: Okay, you explain it.

4

00:00:33.630 --> 00:00:41.220

Village of Parish: fell off the board members and myself, your Perkins present just email chatters.

5

00:00:42.360 --> 00:00:45.600

Village of Parish: trustee Jacqueline Murphy, while i'm here but i'm not trustee.

6

00:00:49.380 --> 00:00:52.500

Village of Parish: it's not trustee what is the tale I don't know if i'm just.

7

00:00:54.270 --> 00:00:58.680

Stephen Ganetis: Jackie i'm happy to say you most certainly are a trustee as for Albany.

8

00:00:59.340 --> 00:01:01.950

Village of Parish: is so everything was filed with Albany.

9

00:01:02.130 --> 00:01:05.820

Stephen Ganetis: It doesn't need to be filed with Albany because we're going to have the special election.

10

00:01:06.300 --> 00:01:09.030

Stephen Ganetis: They said there's no reason to record anything.

11

00:01:09.240 --> 00:01:14.730

Stephen Ganetis: or provide them with anything because there's no need, because all we need is the mayor to appoint.

12

00:01:15.030 --> 00:01:24.540

Stephen Ganetis: The two individuals and any other issues are then cured by having the special election within a quote unquote reasonable amount of time which has been defined.

13

00:01:24.930 --> 00:01:40.710

Stephen Ganetis: By New York State law as a period of no more than 365 days, which is why it works out so great, because we just piggyback on to the next special election, the next regular election we add the special election and it doesn't cost any one any more money.

14

00:01:44.130 --> 00:01:45.480

Village of Parish: New York state anyway.

15

00:01:45.960 --> 00:01:55.020

Stephen Ganetis: We do not need to file it for an appointment in this situation, as per Albany I am happy to recheck but based upon my conversations with the individual.

16

00:01:56.070 --> 00:01:59.340

Stephen Ganetis: It was a lady that you send me to Jackie who told me that it was a okay.

17

00:02:00.450 --> 00:02:02.220

Village of Parish: All right, I will send you what I have.

18

00:02:03.420 --> 00:02:03.930

Stephen Ganetis: Please do.

19

00:02:04.860 --> 00:02:08.130

Village of Parish: We have to make an appointment for them tonight.

20

00:02:08.370 --> 00:02:18.150

Stephen Ganetis: No, and that was so that was another thing apparently your appointment could have just been in a dark room by yourself, it did not need to be recorded at all, we just did it.

21

00:02:18.150 --> 00:02:19.230

Stephen Ganetis: For the safety sake.

22

00:02:20.100 --> 00:02:29.340

Stephen Ganetis: That was your your power as a mayor is to a point individuals to fill the blank spots, so no worries according Albany.

23

00:02:29.940 --> 00:02:33.930

Village of Parish: We don't need to make any appointment tonight and for those two individuals.

24

00:02:34.110 --> 00:02:36.150

Stephen Ganetis: Your email was the appoint.

25

00:02:43.200 --> 00:02:46.890

Village of Parish: People in the call as you've probably already guessed.

26

00:02:47.730 --> 00:02:49.110

Stephen Ganetis: village attorney is.

27

00:02:49.200 --> 00:02:50.340

Village of Parish: On the zoom session.

28

00:02:51.240 --> 00:03:01.170

Village of Parish: Tom bullard is on the zoom session and there's a person whose name I don't recommend that man's Amazonian astonishing zoom sessions.

29

00:03:04.290 --> 00:03:04.560

Village of Parish: finished.

30

00:03:05.940 --> 00:03:08.100

Village of Parish: trustee David wilcock, no, no.

31

00:03:09.450 --> 00:03:11.010

Village of Parish: interest you Thomas our.

32

00:03:13.380 --> 00:03:13.980

Village of Parish: audience and.

33

00:03:16.950 --> 00:03:17.700

Village of Parish: Our kirkland.

34

00:03:42.210 --> 00:03:42.690

Village of Parish: Very good.

35

00:03:45.450 --> 00:03:49.890

Village of Parish: Alright Approval of the Minutes i'm making motion we approve the Minutes.

36

00:03:50.970 --> 00:04:03.000

Village of Parish: Before we go there, fire Oh yes, I mentioned this last month to house and again under agents unfinished business we don't have it recorded primary priority communications.

37

00:04:03.570 --> 00:04:19.770

Village of Parish: indicated, there waiting a purchase order before proceeding with any further work that that further work has been approved in the past by the board for pursue it wasn't in the original contract, so it should be entered into the notes, if the Board has to approve them for them to continue.

38

00:04:22.140 --> 00:04:31.050

Village of Parish: To the next phase of the project, keeping it keeping know for secure building security here oh.

39

00:04:32.880 --> 00:04:41.160

Village of Parish: yeah I thought we I thought we did we did, but I didn't get a minute oh that's what i'm saying headed in a minute, and it needs to be on it is okay.

40

00:04:42.900 --> 00:04:43.590

Village of Parish: she's got deck.

41

00:04:49.980 --> 00:04:51.690

Village of Parish: I think, make a note here and then.

42

00:04:53.310 --> 00:04:54.570

Village of Parish: That it was approved last month.

43

00:04:55.710 --> 00:05:03.030

Village of Parish: Right yeah it was approved two months ago and it should have been under last month and it didn't, so we should have it in a minute.

44

00:05:08.430 --> 00:05:10.380

Village of Parish: I think that was was anything else.

45

00:05:11.760 --> 00:05:14.610

Village of Parish: That we emotions, the meal and Jackie.

46

00:05:16.860 --> 00:05:17.460

Village of Parish: approved.

47

00:05:20.520 --> 00:05:29.910

Village of Parish: Right first communications any items have been forwarded to the board, I also have a memo here for municipal solutions.

48

00:05:31.050 --> 00:05:44.310

Village of Parish: That it's born and just do this is a reminder 140,000 refunding 2008 Secretary installment bonds and that was the one that was.

49

00:05:45.570 --> 00:05:49.980

Village of Parish: Keeping yeah they had the ongoing for so long we'll be done with it.

50

00:05:51.390 --> 00:06:09.120

Village of Parish: yeah they wouldn't, let us pay it off early night, so we will soon be finished with that so Kevin i'll be making that payment hundred 13,000 principle and 1558 and interest and that will be finished in short order, another year and we'll be all set with that which will be good.

51

00:06:10.470 --> 00:06:22.890

Village of Parish: um I reported last month or chips was 34,579 45 cents and I didn't have all the totals with a winner recovery payment and.

52

00:06:24.060 --> 00:06:32.430

Village of Parish: three categories dad, and so it comes to a total of 48,200 so we have a nice little for us, and I still jump to work with.

53

00:06:34.980 --> 00:06:37.920

Village of Parish: Most other municipalities ready no big deal for us.

54

00:06:41.580 --> 00:06:49.770

Village of Parish: We don't have anything that needs they're supposed to do some work over on the only thing we've got going on edge would might have met her where that's.

55

00:06:51.570 --> 00:06:52.320

Village of Parish: Where they're at because.

56

00:06:53.790 --> 00:06:57.000

Village of Parish: you're talking to Craig about him, so I don't know where it's.

57

00:07:01.920 --> 00:07:08.550

Village of Parish: Alright, continuing legislated a whole system here, so our CIO report can.

58

00:07:13.290 --> 00:07:13.830

Village of Parish: Call.

59

00:07:15.000 --> 00:07:16.170

Village of Parish: don't confuse but.

60

00:07:17.220 --> 00:07:18.660

Village of Parish: Some dates in our court was.

61

00:07:19.890 --> 00:07:21.960

Village of Parish: So April dates on there and Tom.

62

00:07:24.870 --> 00:07:25.530

Village of Parish: Tom.

63

00:07:26.940 --> 00:07:27.330

Village of Parish: Your.

64

00:07:27.360 --> 00:07:28.470

Tom Bullard: turn, is it me.

65

00:07:28.680 --> 00:07:29.040

Tom Bullard: Is it.

66

00:07:31.980 --> 00:07:32.220

Tom Bullard: alright.

67

00:07:34.740 --> 00:07:44.130

Tom Bullard: A couple of things that we've gone through with the bridge project we're concerned that there was enough, you know we wanted to make sure that the generator.

68

00:07:44.550 --> 00:08:00.390

Tom Bullard: had enough fuel in it, in case that outage they're planning to move tower in there, they said the outage last probably maybe two hours but that's national grid and so that could be two days as far as i'm concerned, but we, we got that straightened out.

69

00:08:04.440 --> 00:08:05.400

Village of Parish: You get that straight no.

70

00:08:06.000 --> 00:08:13.980

Tom Bullard: yeah okay yeah yeah both both units are topped off of the the one at the plants good but that's not going to be affected by the outage.

71

00:08:15.600 --> 00:08:33.300

Tom Bullard: I spoke with I sent the mayor out an email request today for Greece control, we got a better price on Greece control compared to the last time we bought it we saved about I don't know I don't know mayor was of this but 400 400 \$600.

72

00:08:33.630 --> 00:08:34.590

Tom Bullard: yeah that.

73

00:08:34.710 --> 00:08:36.180

Village of Parish: 460 something like.

74

00:08:36.180 --> 00:08:42.360

Tom Bullard: That yeah that that's our saving so that's true of Maryland biochemical.

75

00:08:43.800 --> 00:08:56.040

Tom Bullard: and the last thing was that see the plants coming around we're getting better the air is good, I think, and we're passing our our tests now.

76

00:08:57.360 --> 00:09:09.000

Tom Bullard: We should at the plant and it's doing well it's coming back to where it's almost normal The other thing is that Leon down on South railroad is building a house.

77

00:09:09.510 --> 00:09:17.760

Tom Bullard: yep I stopped, and I saw them today, I saw the contractor today and we discussed his book in the store into the system.

78

00:09:18.690 --> 00:09:26.520

Tom Bullard: i'm not i'm not feeling familiar with a request through the through the villages to what they should do, but i'm sure that Leon does and.

79

00:09:27.510 --> 00:09:46.230

Tom Bullard: So he gets added to the sewer billing process, but the contractor is where what he has to do, I will inspect it before he gets hooked up before they actually go online so other than that everything I think is running well.

80

00:09:47.400 --> 00:09:51.180

Village of Parish: Good because, once you inspect what you expect that goes on the books.

81

00:09:51.810 --> 00:10:05.430

Tom Bullard: Okay, not yet as long as that that process is beyond me, I just want you guys to be aware that I will inspect it to make sure that it meets all the requirements according to our local sure law.

82

00:10:05.880 --> 00:10:19.290

Tom Bullard: And so far he had the contractor seems to be very knowledgeable and he's got a subcontractor that does nothing but sure hookups so we'll be in good shape early and we'll be in good shape.

83

00:10:21.900 --> 00:10:26.970

Village of Parish: With the pool bar and we're hoping for yeah yeah so what's the holdup on that.

84

00:10:28.440 --> 00:10:28.980

Village of Parish: The.

85

00:10:29.010 --> 00:10:29.640

Pope.

86

00:10:30.720 --> 00:10:32.250

Tom Bullard: i'm not familiar.

87

00:10:32.580 --> 00:10:38.700

Village of Parish: North railroad yeah yeah it's it's it's getting to it because it's across the street.

88

00:10:39.780 --> 00:10:41.400

Village of Parish: So that's why he's kind of like.

89

00:10:42.810 --> 00:10:48.030

Village of Parish: he's dragging his feet here yeah he's kind of well, I guess, maybe I don't need it.

90

00:10:49.290 --> 00:10:54.540

Village of Parish: So what is things and first of all I think he's just going someplace else, or you.

91

00:10:56.220 --> 00:10:56.400

Village of Parish: know.

92

00:10:59.340 --> 00:10:59.850

Tom Bullard: He still.

93

00:11:00.900 --> 00:11:04.320

Tom Bullard: He still has to pay the store a great.

94

00:11:07.200 --> 00:11:07.380

Village of Parish: Day.

95

00:11:08.070 --> 00:11:16.260

Tom Bullard: Even if it's not hooked up according to the shore law is that he's a partial with a building on it he's got to pay the shore right he knows that, too, I think.

96

00:11:18.090 --> 00:11:21.720

Village of Parish: A lot of that place, we should have.

97

00:11:23.220 --> 00:11:27.030

Village of Parish: or he wasn't doing the other you went to do another should add him into the.

98

00:11:34.080 --> 00:11:35.640

Village of Parish: name is Trevor.

99

00:11:36.750 --> 00:11:37.800

Village of Parish: You know the name time.

100

00:11:38.310 --> 00:11:39.120

Tom Bullard: No, I don't.

101

00:11:39.570 --> 00:11:42.960

Village of Parish: I don't either Kevin might know I just went up there and I.

102

00:11:45.330 --> 00:11:50.430

Village of Parish: looked at it for them, and you know you have to push under the road.

103

00:11:51.600 --> 00:12:08.520

Village of Parish: To get to it doesn't come this way on this side, not that far off it does, yes, but not that far up to home, so um, so I think you'd have to push on the road, and you know put in a grinder or he have to do you know.

104

00:12:09.660 --> 00:12:15.570

Village of Parish: extend the main to be able to get down to to where it is gravity going back down to the pump station.

105

00:12:17.040 --> 00:12:18.030

Village of Parish: doesn't go that far.

106

00:12:19.590 --> 00:12:21.120

Village of Parish: Okay, was two houses passionate.

107

00:12:23.010 --> 00:12:38.460

Village of Parish: If they're already on the other side it's the other way oh so yeah he's like in the spot, where the line here, and it was line over there and his area has not been in front of it Okay, so this isn't it unfortunate.

108

00:12:40.470 --> 00:12:45.750

Village of Parish: We need approval for that Greece purchase 1745.

109

00:12:47.040 --> 00:12:47.700

Village of Parish: or that's just.

110

00:12:47.820 --> 00:12:52.470

Tom Bullard: What I think the Board should be aware of the fact that I would like the board to approve.

111

00:12:52.500 --> 00:12:53.790

Village of Parish: That purchase for the grief that.

112

00:12:53.820 --> 00:12:59.250

Tom Bullard: Then the last through up to June of 2023.

113

00:13:00.000 --> 00:13:03.060

Village of Parish: Well that's that's in the budget right yeah.

114

00:13:03.210 --> 00:13:04.320

Tom Bullard: It is in the budget is.

115

00:13:04.350 --> 00:13:07.260

Tom Bullard: I don't put that in the bud hundred grease control.

116

00:13:07.800 --> 00:13:08.760

Village of Parish: yeah okay.

117

00:13:15.540 --> 00:13:16.200

Village of Parish: i'm.

118

00:13:22.860 --> 00:13:23.340

Village of Parish: Sorry.

119

00:13:24.900 --> 00:13:27.030

Village of Parish: we're we're are we on that third lower.

120

00:13:29.190 --> 00:13:43.110

Tom Bullard: The call casters if the company, I mean it's at the at the factory I haven't heard anything back from Kester, so I will call them tomorrow because i've got another project I need them to look into.

121

00:13:44.160 --> 00:13:47.790

Village of Parish: The one that's grow we haven't got the other one backs.

122

00:13:48.810 --> 00:13:58.950

Tom Bullard: The one yeah the new one, the new ones, gone and that's it that's at the factory for them, but the one that had the wire problem was.

123

00:13:59.640 --> 00:14:03.570

Tom Bullard: fixed by auburn armature and brought back and it's running right now.

124

00:14:04.920 --> 00:14:09.840

Village of Parish: So we're still have the brand new units it let that 40 seconds.

125

00:14:10.260 --> 00:14:11.070

Tom Bullard: Right that's.

126

00:14:11.490 --> 00:14:12.420

Tom Bullard: that's the one that.

127

00:14:12.450 --> 00:14:15.060

Tom Bullard: That Speck of the factory that we should be getting.

128

00:14:16.260 --> 00:14:18.540

Tom Bullard: I will call I will call Eric tomorrow.

129

00:14:19.230 --> 00:14:19.950

Village of Parish: All right, thank you.

130

00:14:21.570 --> 00:14:25.590

Village of Parish: If we get bonuses and know call it all sorted out.

131

00:14:26.670 --> 00:14:34.200

Tom Bullard: not yet right now i'm not concerned at this point because the emergency generator at the main limitation is full.

132

00:14:35.220 --> 00:14:37.230

Tom Bullard: And I don't know what they're gonna do that project that.

133

00:14:38.610 --> 00:14:48.000

Tom Bullard: I I called the engineer, and he didn't know, I guess, or the waiting for mega-mall octave schedule with with.

134

00:14:49.110 --> 00:14:57.000

Tom Bullard: verizon or well they're all running around they they got to move the wires and the telephone Poles before they start the bridge project so.

135

00:14:57.450 --> 00:14:59.700

Tom Bullard: i'm not sure, but we are prepared.

136

00:14:59.820 --> 00:15:03.480

Tom Bullard: And ready and they can do it tomorrow we don't care, no.

137

00:15:04.650 --> 00:15:08.070

Village of Parish: getting started, we still get to that station that we absolutely have.

138

00:15:09.030 --> 00:15:10.650

Village of Parish: The one is rich.

139

00:15:12.120 --> 00:15:12.300

Tom Bullard: Oh.

140

00:15:12.330 --> 00:15:13.620

Tom Bullard: Even right yeah.

141

00:15:14.280 --> 00:15:15.600

Village of Parish: We still get to it, we have.

142

00:15:15.600 --> 00:15:24.840

Tom Bullard: To oh yeah yeah that's, the devil is one of the things I explained to the engineer that I need to be able to get access to that, to make sure it's running and before they before they.

143

00:15:25.320 --> 00:15:30.750

Tom Bullard: Take the power out, they are going to call me and we'll have a person there to make sure everything's working good.

144

00:15:33.480 --> 00:15:37.470

Village of Parish: Did you hear anything back from candy been getting your outages.

145

00:15:37.830 --> 00:15:38.520

Tom Bullard: All know.

146

00:15:39.750 --> 00:15:47.760

Tom Bullard: that she had pass it on to the engineering group, but I noticed that there was several national greed tracks out in the area last week.

147

00:15:48.480 --> 00:15:50.820

Village of Parish: and hopefully they're looking into it.

148

00:15:51.150 --> 00:15:52.680

Tom Bullard: So yeah I hope so.

149

00:15:54.030 --> 00:15:56.700

Tom Bullard: It probably has gone out in the last 10 minutes as it.

150

00:15:57.780 --> 00:15:58.230

Village of Parish: Right.

151

00:16:00.090 --> 00:16:00.420

Village of Parish: yeah.

152

00:16:04.230 --> 00:16:04.770

Village of Parish: See.

153

00:16:06.570 --> 00:16:07.830

Village of Parish: I spoke to him.

154

00:16:08.970 --> 00:16:09.540

Tom Bullard: and

155

00:16:12.960 --> 00:16:27.960

Village of Parish: He updated the project for the sewer based on the consent order so hopefully that that all had to spy June 24 so he's got all of that in, and then we just wait and you know, hopefully.

156

00:16:29.400 --> 00:16:31.980

Village of Parish: I don't know whether they'll do it well, this is an election year right.

157

00:16:33.570 --> 00:16:42.870

Village of Parish: No yeah for the governor yeah yeah for the governor usually, when it's election year, we find out if we got grants before election day.

158

00:16:44.460 --> 00:16:55.230

Village of Parish: So it's not like we don't find out after like five years, usually usually we will So hopefully we'll find out before election day.

159

00:16:56.490 --> 00:16:59.940

Village of Parish: But if I were a betting man i'd say we're probably.

160

00:17:03.240 --> 00:17:06.210

Village of Parish: So there's two there's two ways to do this, sometimes they do early.

161

00:17:08.040 --> 00:17:11.250

Village of Parish: And then extinct chewed up by October November, let you know.

162

00:17:12.270 --> 00:17:15.510

Village of Parish: Sometimes they would select the budget so, then you don't know until like July.

163

00:17:17.040 --> 00:17:21.900

Village of Parish: let's hope that that vocal is pushing a lot of money out there and get people to vote for.

164

00:17:25.620 --> 00:17:27.060

Village of Parish: A whole week we know by November but.

165

00:17:30.690 --> 00:17:32.880

Village of Parish: As far as that power outage.

166

00:17:37.020 --> 00:17:41.880

Village of Parish: From namer we have received \$22,813.

167

00:17:43.980 --> 00:17:46.890

Village of Parish: I suggested, maybe they want to consider.

168

00:17:48.120 --> 00:17:48.300

Village of Parish: With.

169

00:17:49.770 --> 00:17:51.090

Village of Parish: me we're responsible.

170

00:17:52.260 --> 00:17:53.550

Village of Parish: Where it goes i'm not sure.

171

00:17:54.570 --> 00:17:55.320

Village of Parish: That we get that.

172

00:17:56.970 --> 00:17:57.240

Good.

173

00:18:01.470 --> 00:18:05.640

Village of Parish: We have a contract renewal, that will be coming up.

174

00:18:07.140 --> 00:18:07.710

Village of Parish: Soon, he said, you.

175

00:18:08.730 --> 00:18:12.270

Village of Parish: know she said that there was a data will be expiring that.

176

00:18:14.430 --> 00:18:17.910

Village of Parish: You did yesterday so some emailing it to do.

177

00:18:20.160 --> 00:18:21.300

Yesterday melted.

178

00:18:26.400 --> 00:18:26.790

Village of Parish: Really.

179

00:18:28.140 --> 00:18:29.820

Village of Parish: doesn't change much except from.

180

00:18:33.510 --> 00:18:35.340

Village of Parish: 8% inflation.

181

00:18:36.990 --> 00:18:38.460

Village of Parish: So we're at now eight and a half.

182

00:18:39.600 --> 00:18:47.040

Village of Parish: And there's one other there's one other thing, the only other thing that changed as i've added this to all my contracts, will you see you know surprised.

183

00:18:48.210 --> 00:18:52.170

Village of Parish: All the countries that have ended up a non solicitation of our employees.

184

00:18:53.670 --> 00:18:56.190

Village of Parish: so that you can steal our employees, because.

185

00:18:58.320 --> 00:18:59.460

Village of Parish: They were what they pay here.

186

00:19:03.750 --> 00:19:04.200

Village of Parish: Oh boy.

187

00:19:06.870 --> 00:19:08.640

Tom Bullard: I wish you would have told me about that.

188

00:19:12.090 --> 00:19:13.710

Village of Parish: A couple a couple tried.

189

00:19:14.100 --> 00:19:19.980

Village of Parish: In the past two years, so I put that last year I put the contracts.

190

00:19:21.090 --> 00:19:28.590

Village of Parish: And the reason is because there are no certified operators out there, so you know people are are getting desperate and.

191

00:19:30.360 --> 00:19:35.820

Village of Parish: yeah and and every once in a while I do a short term contract like i'll do.

192

00:19:36.330 --> 00:19:44.220

Village of Parish: A short term contract for like a year just to help somebody get through or help them train their employees around the city of auburn and we're.

193

00:19:44.580 --> 00:19:53.280

Village of Parish: going to short term contract to help get one or two of their people up to snuff so that they can pass their certification exams and and take over the.

194

00:19:54.030 --> 00:20:05.490

Village of Parish: phone bill and and one client decided they were going to instead of wait until we got one of their people up and running, I guess, they figured they try to go after mine instead so so no, no, no.

195

00:20:06.720 --> 00:20:08.370

Village of Parish: So that's why you'll see.

196

00:20:15.060 --> 00:20:16.230

Village of Parish: Anything else for.

197

00:20:18.900 --> 00:20:20.190

Village of Parish: emotion, we accept their.

198

00:20:21.750 --> 00:20:22.560

Village of Parish: Report.

199

00:20:27.690 --> 00:20:28.290

Village of Parish: codes.

200

00:20:30.060 --> 00:20:33.450

Village of Parish: Man very busy love building building.

201

00:20:34.860 --> 00:20:35.940

Village of Parish: Training complaints.

202

00:20:40.500 --> 00:20:48.000

Village of Parish: State energy training and the views on may 3 and also a training class and.

203

00:20:49.110 --> 00:20:49.830

Village of Parish: Control.

204

00:20:51.090 --> 00:20:54.840

Village of Parish: has been a lot of building France and fine, are you today i'm doing.

205

00:20:56.430 --> 00:20:57.540

Village of Parish: I have also worked.

206

00:20:59.850 --> 00:21:09.030

Village of Parish: On the main street or garden and see structure owner has a fight for a DEMO permit and will be removing three structures from this property.

207

00:21:09.750 --> 00:21:28.770

Village of Parish: The property owner and also provides me with a special report from a contractor and will not continue with a good DEMO I also have been in contact property maintenance for me trailer parks trailer park and, lastly, regarding this section, you will want to line up.

208

00:21:30.750 --> 00:21:44.820

Village of Parish: May building permits guide building inspections 22 just because I could see finals five and one property maintenance violations from April till now seven maintenance two sections are.

209

00:21:46.200 --> 00:21:53.400

Village of Parish: corrected violations three in process violations to open violations to.

210

00:21:55.530 --> 00:21:56.370

Village of Parish: Find five.

211

00:21:57.510 --> 00:21:58.920

Village of Parish: Was from it's for.

212

00:22:00.960 --> 00:22:04.920

Village of Parish: Every incremental letters three penalties for May.

213

00:22:06.330 --> 00:22:11.910

Village of Parish: \$36 and cents mileage one of the two miles and pointed.

214

00:22:21.540 --> 00:22:22.230

Village of Parish: For DEMO.

215

00:22:30.930 --> 00:22:31.350

Village of Parish: Right now.

216

00:22:33.180 --> 00:22:33.840

Village of Parish: Oh.

217

00:22:36.480 --> 00:22:37.080

Village of Parish: Radio.

218

00:22:41.220 --> 00:22:42.180

Village of Parish: quaker now.

219

00:22:43.350 --> 00:22:44.250

Village of Parish: I get it right.

220

00:22:48.030 --> 00:22:52.680

Village of Parish: And he says i'm safe structure and he just went on so.

221

00:22:54.120 --> 00:22:56.820

Village of Parish: Now logmein closed out but doesn't say structures.

222

00:22:59.160 --> 00:23:01.080

Village of Parish: And then now here at the red house.

223

00:23:02.520 --> 00:23:04.860

Village of Parish: yeah they've been they've been written up also.

224

00:23:06.540 --> 00:23:24.120

Village of Parish: Do not me or wheat or no, no, they got various files like trash everywhere dead chickens and there's a whole my cousin when we talked about last record to waste traveling yeah speaking of the victim.

225

00:23:25.980 --> 00:23:31.620

Village of Parish: village law you're not supposed to have chickens or fire mammals in the middle there's limits right.

226

00:23:32.700 --> 00:23:36.570

Village of Parish: But yet there's a couple of houses get to their next.

227

00:23:38.160 --> 00:23:43.080

Village of Parish: Call read that they stole the neighbors chickens and safety, so I guess it's.

228

00:23:43.950 --> 00:23:45.240

Village of Parish: Turning this mentioned last.

229

00:23:45.990 --> 00:23:53.040

Stephen Ganetis: Year pretty sure that the village fallout chickens my concern comes down to 30 they reach into the nuisance aspect.

230

00:23:55.140 --> 00:23:56.550

Village of Parish: As long as they don't become a.

231

00:23:56.550 --> 00:23:57.150

nuisance.

232

00:23:58.350 --> 00:24:05.640

Stephen Ganetis: Now granted dead chickens lying in a pile of trash that's probably a nuisance, I think that it's pretty reasonable to assume.

233

00:24:09.000 --> 00:24:14.460

Stephen Ganetis: That address so yeah check and make sure they're not dress I stopped their.

234

00:24:18.300 --> 00:24:18.780

Village of Parish: trash.

235

00:24:20.040 --> 00:24:25.320

Village of Parish: All along the route, but I think really and our driveway.

236

00:24:27.570 --> 00:24:35.490

Village of Parish: you're supposed to be a victim getting a victim so i'm assuming stuff is accumulating outside because they're getting more.

237

00:24:37.980 --> 00:24:39.480

Stephen Ganetis: has been there for over a year.

238

00:24:40.980 --> 00:24:42.720

Stephen Ganetis: Right across the street from themselves.

239

00:24:43.230 --> 00:24:44.160

Stephen Ganetis: yeah that's been there.

240

00:24:45.090 --> 00:24:45.480

huh.

241

00:24:47.070 --> 00:24:47.520

Stephen Ganetis: yeah.

242

00:24:50.430 --> 00:24:54.600

Village of Parish: sure way back in the 60s, you could have chicken the one.

243

00:24:55.650 --> 00:25:04.620

Village of Parish: place at chickens was a business, and you have a fire and other match that's all gone and once you're done, you can get checked in and.

244

00:25:05.850 --> 00:25:06.030

Village of Parish: and

245

00:25:07.110 --> 00:25:09.030

Village of Parish: give you a list of and what you can I.

246

00:25:10.050 --> 00:25:11.040

Village of Parish: should have horses oh.

247

00:25:12.060 --> 00:25:16.560

Village of Parish: No, you can't have Oh yes, horses are classified transportation.

248

00:25:18.120 --> 00:25:19.800

Village of Parish: You don't hear the room form.

249

00:25:22.020 --> 00:25:22.950

Village of Parish: I looked it up the.

250

00:25:23.910 --> 00:25:30.960

Stephen Ganetis: hearing is all we need is a situation where perhaps there's so many chickens, you could use like a Cork, you could use them to try to carry something.

251

00:25:31.560 --> 00:25:32.400

Village of Parish: yeah you could.

252

00:25:32.970 --> 00:25:34.530

Stephen Ganetis: I feel like there's some precedent here.

253

00:25:36.390 --> 00:25:36.900

Village of Parish: I just.

254

00:25:38.670 --> 00:25:39.900
Village of Parish: don't have room for anything.

255
00:25:43.230 --> 00:25:46.140
Village of Parish: Okay correct anything I got.

256
00:25:48.390 --> 00:25:48.660
Village of Parish: Was.

257
00:25:49.950 --> 00:25:50.880
Village of Parish: either going to be a big.

258
00:25:53.730 --> 00:25:54.510
Village of Parish: Help yes.

259
00:25:56.460 --> 00:25:57.330
Village of Parish: Oh yeah okay.

260
00:25:59.280 --> 00:26:02.010
Village of Parish: See to a Communist so sewer sector.

261
00:26:06.210 --> 00:26:06.630
Village of Parish: I thought.

262
00:26:07.740 --> 00:26:08.160
Village of Parish: That was.

263
00:26:10.800 --> 00:26:11.370
Village of Parish: bodybuilding.

264
00:26:13.080 --> 00:26:14.610
Village of Parish: Webster she's.

265
00:26:18.330 --> 00:26:23.280
Village of Parish: painting he makes your dinner, like the landlord responsible for.

266
00:26:25.050 --> 00:26:25.530
Village of Parish: Children.

267
00:26:29.220 --> 00:26:29.760

Village of Parish: For his.

268

00:26:32.550 --> 00:26:33.900

Village of Parish: code enforcement officers.

269

00:26:36.150 --> 00:26:36.810

Village of Parish: And I second.

270

00:26:42.900 --> 00:26:44.790

Village of Parish: My report in front of you.

271

00:26:47.100 --> 00:26:57.810

Village of Parish: Reviews items with you i've worked with the village to identify computers printers and accessories, but you can no longer be retained and inventory as a retained no further use.

272

00:26:58.710 --> 00:27:09.390

Village of Parish: Lots of this was either broken with less repair as much value as possible working order for there are functionally unusable as one example.

273

00:27:10.830 --> 00:27:15.450

Village of Parish: Is we have several general parallel printer general come.

274

00:27:16.860 --> 00:27:17.190

Village of Parish: Okay.

275

00:27:22.890 --> 00:27:38.820

Village of Parish: We have several printer parallel printer cables and nobody is connected up printers for parallel James for probably over a decade now ever make an external USB or wireless So those are the some of the things that we pulled out and.

276

00:27:41.940 --> 00:27:44.280

Village of Parish: Clean shake hands on the back.

277

00:27:46.650 --> 00:27:53.700

Village of Parish: There were no there's more space up in the balcony now and what's there is more likely to be useful.

278

00:27:55.560 --> 00:27:56.700

Village of Parish: The database advancement all around.

279

00:27:58.020 --> 00:28:00.810

Village of Parish: I placed an order for computers for the village clerk Bella.

280

00:28:01.080 --> 00:28:11.460

Village of Parish: treasure and the wastewater treatment plant i'll be working with those officials in the next month, because those units in service I also ordered a battery backup unit for the building security system recommended by the vendor.

281

00:28:12.210 --> 00:28:21.330

Village of Parish: This order has been received in total one small glitch they wanted to be extremely quickly I learned on Monday and it started driving Tuesday in 160.

282

00:28:21.870 --> 00:28:29.910

Village of Parish: So the problem with that is is the purchases on credit with terms of net 30 and i'm thinking that you might be able to pay for it at your.

283

00:28:31.170 --> 00:28:37.740

Village of Parish: July meeting but that's more than 30 days a ways off you approved it, then the vendor would definitely be getting money.

284

00:28:38.790 --> 00:28:39.090

Village of Parish: and

285

00:28:40.350 --> 00:28:49.860

Village of Parish: So i'll leave you to figure out what to do about that, out of us to address it, I can also contact the vendor and say i'm going to do it in the old days over, and it may not be a big deal.

286

00:28:51.000 --> 00:29:01.530

Village of Parish: You know that you don't need to worry, I will check with them, and I will let you know what they say I suppose that the worst you could probably have a five minute meetings.

287

00:29:02.580 --> 00:29:07.890

Village of Parish: On Monday or Wednesday night approved the bill.

288

00:29:09.450 --> 00:29:15.270

Village of Parish: How much it is yes, I do, I presented that to the village mayor and the treasure.

289

00:29:16.740 --> 00:29:17.250

Village of Parish: On Monday.

290

00:29:19.650 --> 00:29:20.340

Village of Parish: With her but.

291

00:29:22.500 --> 00:29:27.120

Village of Parish: I was just going to send you \$3,000 should make a motion to.

292

00:29:28.170 --> 00:29:30.900

Village of Parish: make a motion to pay that bill yeah second.

293

00:29:34.650 --> 00:29:35.190

Village of Parish: approve the.

294

00:29:38.250 --> 00:29:42.030

Village of Parish: 30 at 630.

295

00:29:43.980 --> 00:29:46.080

Village of Parish: I have presented that to you.

296

00:29:47.370 --> 00:29:49.590

Village of Parish: My email it to you they're.

297

00:29:51.420 --> 00:29:52.350

Village of Parish: Not even opening up.

298

00:29:54.090 --> 00:29:56.190

Village of Parish: In the month So yes, you should have.

299

00:29:58.830 --> 00:30:04.800

Village of Parish: We already we already got it no she has she told us what it was for me.

300

00:30:06.930 --> 00:30:07.920

Village of Parish: I need any more detail.

301

00:30:09.180 --> 00:30:11.190

Village of Parish: I have to add that, to the to the general fund that.

302

00:30:12.780 --> 00:30:14.040

Village of Parish: He gave you yeah okay.

303

00:30:15.270 --> 00:30:16.920

Village of Parish: He gave you the educational so you.

304

00:30:18.930 --> 00:30:19.140

know.

305

00:30:21.210 --> 00:30:21.540

Village of Parish: Coming.

306

00:30:23.010 --> 00:30:25.110

Village of Parish: out of office supplies and Kevin you want the belt.

307

00:30:26.700 --> 00:30:28.080

Village of Parish: you're gonna have to put it back into.

308

00:30:29.190 --> 00:30:30.000

Village of Parish: edit mode before.

309

00:30:32.040 --> 00:30:32.580

Village of Parish: We already.

310

00:30:34.650 --> 00:30:42.600

Village of Parish: yeah well, you have to say right but i'm Okay, yes Jackie Jackie second.

311

00:30:43.620 --> 00:30:49.650

Village of Parish: This is what you put on my desk I think yes Okay, because it says quote confirmation, I see the year has community.

312

00:30:50.880 --> 00:30:52.920

Village of Parish: next question one one right in back of.

313

00:30:54.210 --> 00:30:56.370

Village of Parish: Your office yeah I know I saw.

314

00:30:57.780 --> 00:30:58.170

Village of Parish: Okay.

315

00:30:59.760 --> 00:31:03.360

Village of Parish: Technically it's supposed to be an invoice but that's i'm not sure where the invoices at.

316

00:31:04.170 --> 00:31:20.280

Village of Parish: All I can check and see if the okay male viewer and the babies don't be coming in physical mail i'm not sure how it handles that even though we didn't accept it, we can begin to put it in for next month's bill right now, could it be late yeah.

317

00:31:21.360 --> 00:31:31.470

Village of Parish: Oh yeah, however, if somebody makes a motion to accept this amount for payment that makes me so that I can say it yeah we did it we did.

318

00:31:40.500 --> 00:31:43.350

Village of Parish: goodnight goodnight to you later alligator.

319

00:31:46.290 --> 00:31:46.950

Other bill.

320

00:31:48.840 --> 00:31:50.520

bill today or.

321

00:31:51.810 --> 00:31:57.540

The town and really email addresses how much each entity does.

322

00:31:59.850 --> 00:32:09.870

Village of Parish: paying less than the town is paying because they're making us more email addresses and you are and that's for consideration that makes meetings on my credit card.

323

00:32:11.010 --> 00:32:11.700

Village of Parish: it's already coming.

324

00:32:13.740 --> 00:32:16.950

Village of Parish: back to my pocket I can wait till the July that's no problem at all.

325

00:32:18.870 --> 00:32:21.120

Village of Parish: planning for the 2023 to get.

326

00:32:22.350 --> 00:32:26.100

Village of Parish: underway and plans are returned turning stone for next year.

327

00:32:27.690 --> 00:32:40.500

Village of Parish: Everybody seemed pretty pleased with the turning stone and actually turned out the traditional date that we headed at Jefferson Community College and the bass mark wasn't available and.

328

00:32:41.610 --> 00:32:46.500

Village of Parish: select kind of nudge them towards a return to turning stone as well, so.

329

00:32:49.140 --> 00:32:51.600

Village of Parish: One thing i'll let you know unofficially, is that.

330

00:32:53.190 --> 00:32:54.150

Village of Parish: Some people.

331

00:32:55.260 --> 00:33:01.830

Village of Parish: This year, actually stayed in terms of installing the night before, because that put them right there they could.

332

00:33:02.760 --> 00:33:15.060

Village of Parish: go right to the conference in the morning, without having to worry about a driver and I found out last night that somebody looked at the weather forecast last minute decision to book a room in the vicinity of turning songs with.

333

00:33:17.460 --> 00:33:20.190

Village of Parish: That they was rugged so.

334

00:33:21.210 --> 00:33:31.830

Village of Parish: We are looking next year, possibly doing something The night before the conference and we're also looking at the possibility of getting a locker rooms reserved.

335

00:33:34.200 --> 00:33:43.290

Village of Parish: So we're looking into that and, again, as we find out more about that will put the other was interesting saying we're by a bunch of people.

336

00:33:45.750 --> 00:33:48.180

Village of Parish: we're continuing to make them nervous COMP.

337

00:33:49.470 --> 00:34:03.930

Village of Parish: plans are for a meeting in early July and we're sitting at dinner meeting with speakers as the other towns with the government, no reason to at least once a year, with the plans of right now we're looking at the Thursday July 7 seal waterline and.

338

00:34:05.370 --> 00:34:12.570

Village of Parish: It would be a dinner meeting and Senators will be covering the cost for the two representatives from each Member municipality.

339

00:34:14.070 --> 00:34:23.760

Village of Parish: In addition to routine cognizant of the seeker day will be picking up on initiatives fashion positive nurturing and developing studies and implementation of senators.

340

00:34:25.260 --> 00:34:34.350

Village of Parish: More information to come on us, but at this point, we need to know, this is an important thing you need to know that we at least one, preferably to at least one from the village encourage.

341

00:34:35.280 --> 00:34:44.400

Village of Parish: representation from all I mean is healthy and this is going to cost us money certainly we've been meeting it encourage the gym or the LM all of our.

342

00:34:45.420 --> 00:34:50.310

Village of Parish: Billing or something, and that is not meeting until waters and it's also.

343

00:34:51.330 --> 00:34:55.410

Village of Parish: dinners with people, so we want to make sure that we have people turning out, so we have.

344

00:34:56.430 --> 00:35:03.960

Village of Parish: A forum at the meeting, so we can conduct that business and since we have a speaker coming in, we want to make sure that you know the speaker we've got coming.

345

00:35:04.590 --> 00:35:12.450

Village of Parish: traveling and distance to be there has people to talk to, so if this does not work for you.

346

00:35:12.900 --> 00:35:19.440

Village of Parish: Let me know no over there will be more information on this because I don't know yet what the rsvp date is going to be.

347

00:35:19.980 --> 00:35:28.080

Village of Parish: Sure there's a date by which we need to get our reservations and i'm probably gonna be going up until after tomorrow we'll talk about that and find out what that is but.

348

00:35:28.950 --> 00:35:35.070

Village of Parish: Basically, if I knew that nobody was going to be able to attend from parish then we'd probably have to take a look at making another round of.

349

00:35:35.970 --> 00:35:41.400

Village of Parish: Either reschedule at the end of July or beginning of August, or whatever date we can get everybody together.

350

00:35:42.240 --> 00:35:50.250

Village of Parish: Since we're making special arrangements for those meetings we really do need that confirmation that that's it, we do have something prepared, how many municipalities.

351

00:35:50.910 --> 00:36:03.930

Village of Parish: Representative nine total and what we're this is going to be it's going to be a joint meeting between North shore and sound rivers and nurture you have central square button or openstack in Cleveland and the seminaries group includes.

352

00:36:04.710 --> 00:36:15.960

Village of Parish: Albion and boy or well Parish on encourage don't share the total of nine meters municipality to for me to them, so that would be a team that would be great if we have a team there.

353

00:36:17.280 --> 00:36:28.770

Village of Parish: You really post Monday quorum so like you're saying we need at least one Member municipality, we prefer to in parishes and go to the best about turning out the mayor and jackie's typically been our.

354

00:36:29.100 --> 00:36:42.270

Village of Parish: Second, represent the second representative can be anyone you designate doesn't matter we know we're getting it can be anybody else but jackie's been a steadfast of attending meetings investment, we definitely appreciate your participation in the past.

355

00:36:44.220 --> 00:36:45.870

Village of Parish: I don't know that they've worked on jealous.

356

00:36:47.670 --> 00:36:48.900

Village of Parish: Calendar yet so.

357

00:36:51.540 --> 00:36:53.760

Village of Parish: I only have a wedding on the 27th or.

358

00:36:55.110 --> 00:37:09.450

Village of Parish: eighth time for the summer so i'll be following up on that, but I wanted to throw it out there that we were, this is something we're really do need a commitment from people as well before the meeting actually takes place so make sure that all our money is being spent.

359

00:37:11.040 --> 00:37:13.440

Village of Parish: that's all and that you'll be hearing more about that in the near future.

360

00:37:14.970 --> 00:37:31.560

Village of Parish: The county's made plans for the next shared services meeting for Thursday June 23 from six to 7:30pm at the Center for construction, technology and innovation lexical one of the topics plan for the agenda broadband deployment to the county and.

361

00:37:33.120 --> 00:37:39.840

Village of Parish: meeting together has been written a lot more counties in the region to try to get things moving forward with broadband because.

362

00:37:40.290 --> 00:37:59.820

Village of Parish: Recent times have shown us that broadband and then people these days are as for students or individual medical appointments there's all kinds of things that broadband is an important element, and so you would like to see, and they told us they want more white.

363

00:38:02.550 --> 00:38:03.720

Village of Parish: meeting on Thursday.

364

00:38:05.310 --> 00:38:17.490

Village of Parish: And then, finally I received information on august's old home day and that information been posted to the tangled web sites and that's all I have for tonight we are going to have a wendy's.

365

00:38:18.750 --> 00:38:21.510

Village of Parish: vectors I noticed the fire boasted right outside the door they're.

366

00:38:22.560 --> 00:38:24.990

Village of Parish: Holding work and we under sex.

367

00:38:27.480 --> 00:38:28.470

Village of Parish: triumphant return.

368

00:38:32.700 --> 00:38:34.080

Village of Parish: We accept pause report.

369

00:38:40.470 --> 00:38:40.830

Thank you.

370

00:38:44.280 --> 00:38:50.310

Village of Parish: We have amanda Zani with us from nicer welcome amanda.

371

00:38:51.840 --> 00:39:03.030

Amanda Mazzoni (she/her): yeah just, just to clarify i'm actually with this essentially or regional planning and development board, but I am a contractor two nights sorta so we're we're hired by them to.

372

00:39:03.450 --> 00:39:17.490

Amanda Mazzoni (she/her): do some outreach to municipalities on their clean energy communities program but just, just to clarify some people have have certain feelings about nicer to, and I am not actually with Nice so.

373

00:39:18.780 --> 00:39:35.970

Amanda Mazzoni (she/her): yeah but I was asked to attend today's meeting by mayor Perkins to explain that the village has received or been awarded a \$5,000 grant through this program the clean energy communities Program.

374

00:39:36.720 --> 00:39:55.920

Amanda Mazzoni (she/her): by participating completing a couple of the actions like converting your street lights to LEDs and your code officer attendings that the energy code trainings and so now we have to work to explain tonight sort of what you plan to use that grant for.

375

00:39:57.030 --> 00:40:09.000

Amanda Mazzoni (she/her): It does eventually come as just a check to the village, but they want to ensure that the funds are being used for a clean energy project of some sort.

376

00:40:09.690 --> 00:40:21.510

Amanda Mazzoni (she/her): So they do have an application process that I will help the village work through to again just explain to them what what project is what the project is that you plan to use that money for.

377

00:40:23.010 --> 00:40:33.540

Amanda Mazzoni (she/her): So mayor Perkins and I had spoke about how there had been interest by the village to install an electric vehicle charging station.

378

00:40:34.260 --> 00:40:51.000

Amanda Mazzoni (she/her): That is one of the eligible uses of the funds other communities have used the funds to do things like make energy efficiency improvements in their buildings, adding insulation if they if you have any.

379

00:40:52.440 --> 00:41:03.690

Amanda Mazzoni (she/her): Like lighting that hasn't been upgraded to led, yet I know mayor Perkins mention that your buildings have been upgraded but there's any outdoor lighting that hasn't been done yet like maybe on the outside of buildings.

380

00:41:04.230 --> 00:41:11.730

Amanda Mazzoni (she/her): That would be eligible other communities have used the funds for converting to electric lawn equipment.

381

00:41:12.810 --> 00:41:30.090

Amanda Mazzoni (she/her): or or paying for an energy audit of one of their municipal facilities to kind of get a better sense of how you could make your building more efficient so there's a lot of things that you could do with the money but it just has to have that clean energy element to it.

382

00:41:31.740 --> 00:41:39.960

Amanda Mazzoni (she/her): So mayor Perkins asked me to come to just discuss this with the board so you're all aware of the opportunity here and.

383

00:41:40.530 --> 00:41:59.700

Amanda Mazzoni (she/her): You know, try to come up with some ideas for the use of this grant we have until the beginning of August to submit the

application to nicer to explain what you plan to use the money for so we have a little bit of time, but not, not a whole lot of time, so.

384

00:42:00.720 --> 00:42:11.940

Amanda Mazzoni (she/her): i'd be curious to hear if any of you have thoughts at this time and or, if you have any questions for me to to get started thinking about what project you'd like to use the money for.

385

00:42:14.400 --> 00:42:14.880

Village of Parish: Something.

386

00:42:16.800 --> 00:42:38.010

Village of Parish: fun to it, so that we can discuss any ideas if you've got some I don't have any ideas i've kind of been oh I don't have any ideas I was talking to the wastewater and they wondered if using solar at the pumping station or generating sites, if that would be something we could use.

387

00:42:38.010 --> 00:42:41.190

Village of Parish: For that is in heaven the generator stop.

388

00:42:41.610 --> 00:42:42.150

Tom Bullard: Well we're.

389

00:42:42.180 --> 00:42:50.940

Tom Bullard: we're thinking also Mer that the stations, the limitations that don't have battery backup we may be able to install.

390

00:42:52.230 --> 00:42:53.250

Tom Bullard: Solar on those.

391

00:42:54.630 --> 00:43:01.140

Amanda Mazzoni (she/her): yeah solar is definitely something that these funds could be used towards i'll just make the the.

392

00:43:01.770 --> 00:43:07.080

Amanda Mazzoni (she/her): clarification that it's if the solar is owned by the municipality, that is eligible.

393

00:43:07.320 --> 00:43:16.230

Amanda Mazzoni (she/her): There are certain situations where you could enter into an agreement with somebody else who owns the solar array and you're you're just paying them for the power generated.

394

00:43:16.560 --> 00:43:29.580

Amanda Mazzone (she/her): That doesn't qualify because there's no cost to you up front to have one of those agreements, but if you're you know buying a little solar generator solar part of a generator solar.

395

00:43:30.030 --> 00:43:40.710

Amanda Mazzone (she/her): system that powers, the generator and that's how are the village owns it that that would be eligible So yes, that that sounds like it would probably work.

396

00:43:42.000 --> 00:43:46.530

Tom Bullard: i'll have a little chat with our engineer and see what we need to do to make that happen.

397

00:43:47.640 --> 00:43:48.000

Tom Bullard: sure.

398

00:43:49.020 --> 00:43:56.310

Village of Parish: sounds because it might be the possibility between that and the electric punk I mean this lecture car.

399

00:43:58.320 --> 00:44:01.650

Village of Parish: Because I don't want anybody guys electric cars, and I know that.

400

00:44:03.420 --> 00:44:10.590

Village of Parish: tesla's been in contact with me about putting stations overeducated Chris film yeah yeah so I don't know you guys are.

401

00:44:12.030 --> 00:44:19.410

Village of Parish: Currently, those are just for their vehicles, whereas the sale and anybody, that would be the advantage because I was thinking if they're doing it there, why are we doing.

402

00:44:19.920 --> 00:44:30.840

Village of Parish: Why would we bother but apparently Those are just for their vehicles were as far as could be for anybody that wants, what about installation within this building anybody know the quality or well we go this.

403

00:44:32.610 --> 00:44:54.720

Village of Parish: way up the garden, we put up we put a lot in it does exist, so we know that wouldn't be anything we want so yeah when we put the roof on Okay, we just we just yeah we put it right up to the beat all

right, so any other areas where we can do be energy efficient utilize this and funding.

404

00:44:56.490 --> 00:44:57.120

Village of Parish: And if we.

405

00:44:58.200 --> 00:45:06.900

Village of Parish: were going to go with the one suggested, maybe that's going to cover the cost of but we've got to change it, the lights are.

406

00:45:08.430 --> 00:45:09.120

Village of Parish: There already.

407

00:45:11.100 --> 00:45:11.910

Village of Parish: I believe they are.

408

00:45:14.070 --> 00:45:14.820

Village of Parish: So yellow.

409

00:45:16.980 --> 00:45:19.140

Village of Parish: Part of it well, the month.

410

00:45:22.380 --> 00:45:30.690

Village of Parish: When there was only one working there is kind of a yellowish color light, so it is energy that led.

411

00:45:32.190 --> 00:45:32.970

Village of Parish: me so.

412

00:45:34.260 --> 00:45:40.320

Amanda Mazzoni (she/her): yeah so led LED lights can sometimes look yellow but they're they're not.

413

00:45:40.440 --> 00:45:58.080

Amanda Mazzoni (she/her): That orange yellow color that you might be used to with the high pressure sodium lights, so if it's like more orange than yellow I would say it hasn't been converted to led, but if it's like a soft yellow closer to white than it probably is an led.

414

00:45:59.160 --> 00:46:05.310

Village of Parish: Because I believe they change them on when you're annoying change them over Thank you change your mom.

415

00:46:05.790 --> 00:46:06.180

yeah.

416

00:46:07.230 --> 00:46:09.330

Village of Parish: Those are not the parks.

417

00:46:09.510 --> 00:46:23.760

Amanda Mazzoni (she/her): yeah you're right when when national grid switched over your streetlights technically street lights are separate from park lights there they're not built the same way and so national grid has different programs for interest rates.

418

00:46:25.020 --> 00:46:31.590

Amanda Mazzoni (she/her): So I don't know if you did those percolate separately, but I have been included with the streetlights.

419

00:46:32.400 --> 00:46:32.790

Village of Parish: That came.

420

00:46:33.990 --> 00:46:36.750

Village of Parish: Back well, let me see one.

421

00:46:38.160 --> 00:46:42.630

Village of Parish: infield Richard not working yeah someone can feel.

422

00:46:46.500 --> 00:46:46.860

Village of Parish: Like.

423

00:46:48.000 --> 00:46:52.710

Village of Parish: there's a couple of narrow I don't know they probably they got the one on the flag.

424

00:46:53.970 --> 00:46:58.560

Village of Parish: which I know is not solar as my facility things led.

425

00:46:59.910 --> 00:47:07.890

Village of Parish: it's a journey to buy it's like it's like a six month over in combat fire yeah yeah they need to be replaced.

426

00:47:08.940 --> 00:47:14.520

Village of Parish: So that's another project, we can all right, so if we go UCLA.

427

00:47:15.750 --> 00:47:21.810

Village of Parish: get those put in there alright so we've got some options that we can yeah there's only two parks, that we have.

428

00:47:22.980 --> 00:47:33.420

Amanda Mazzoni (she/her): So good idea to just get a rough quote for the cost of these projects that we're discussing and then you know assess you know our air.

429

00:47:33.960 --> 00:47:51.780

Amanda Mazzoni (she/her): Or the lighting projects going to equal \$5,000 or is the is this project or the wastewater treatment plant and equal 5000 or do we need both them together, you know as one way over and then kind of Judge based on those quotes what makes most sense.

430

00:47:53.100 --> 00:47:54.360

Amanda Mazzoni (she/her): My recommendation.

431

00:47:56.550 --> 00:47:58.050

Village of Parish: sounds that sounds good to me.

432

00:48:00.060 --> 00:48:13.590

Amanda Mazzoni (she/her): I will say that if it does take us a little bit longer to get those quotes, there is the option to request a two month extension for the application deadline that i've never seen nicer to reject that.

433

00:48:14.310 --> 00:48:21.240

Amanda Mazzoni (she/her): That request, so you know tech technically the beginning of August is when we're supposed to get the information in but.

434

00:48:21.510 --> 00:48:33.480

Amanda Mazzoni (she/her): If we're getting you know end of July, and we still haven't been able to get the quotes, then we could push it another couple of months down the road if we have to, but you know, of course, the sooner the better, but.

435

00:48:34.800 --> 00:48:41.730

Amanda Mazzoni (she/her): You know just just so you're all aware, we don't have to panic if it doesn't come through as quickly as we might expect.

436

00:48:43.050 --> 00:48:47.670

Village of Parish: All right, well any other questions very good Thank you amanda.

437

00:48:47.910 --> 00:48:53.310

Amanda Mazzoni (she/her): Thank you, Sir, no problem, thank you all and, and let me know as you gather those quotes.

438

00:48:53.940 --> 00:49:00.150

Amanda Mazzoni (she/her): What you're thinking, and of course i'll check in probably in a couple weeks with you mayor Perkins and see how things are going.

439

00:49:00.900 --> 00:49:02.550

Village of Parish: All right, very good.

440

00:49:02.910 --> 00:49:03.360

Amanda Mazzoni (she/her): All right.

441

00:49:03.900 --> 00:49:05.460

Village of Parish: Questions if not thank you.

442

00:49:08.100 --> 00:49:08.970

Village of Parish: Alright, so.

443

00:49:09.090 --> 00:49:11.190

Village of Parish: Thank you, thanks to.

444

00:49:11.490 --> 00:49:12.150

Village of Parish: Think about.

445

00:49:12.180 --> 00:49:16.410

Village of Parish: and possibilities to go with utilizing the funds that we've.

446

00:49:17.850 --> 00:49:24.450

Village of Parish: allowed to you and to our advantage so might as well take advantage of having that.

447

00:49:25.860 --> 00:49:28.020

Village of Parish: Money it's kind of free money to use.

448

00:49:29.430 --> 00:49:29.910

Village of Parish: All right.

449

00:49:33.120 --> 00:49:35.100

Village of Parish: let's see unfinished business.

450

00:49:36.300 --> 00:49:48.240

Village of Parish: You had a copy of the cyber security policy that we put in our handbook folder and you should have a copy of it and read it through.

451

00:49:48.870 --> 00:49:55.950

Village of Parish: familiarize yourself with that and then that will go into your our policy folders we have with all the others, this is it.

452

00:49:56.310 --> 00:50:11.580

Village of Parish: A suggestion from an office a suggestion and strong endorsement from nightmare that this be included in our our handbook we have this kind of a policy, so this be along with all the others that are included in there.

453

00:50:14.160 --> 00:50:17.130

Village of Parish: read through them and nourish yourself.

454

00:50:20.430 --> 00:50:23.520

Village of Parish: See red power outages.

455

00:50:24.600 --> 00:50:35.970

Village of Parish: We were discussing that i've often when we talked about the sewer and time and I have been in contact with candy to try and see what's happening with it, and hopefully these numbers of outages.

456

00:50:36.870 --> 00:50:46.830

Village of Parish: And experiencing will be diminished and why they're happening, we haven't had any feedback So hopefully there'll be less than the future.

457

00:50:48.450 --> 00:50:52.230

Village of Parish: feel bidding we had some confusion trying to get.

458

00:50:54.090 --> 00:51:01.170

Village of Parish: A handle on who's delivering what I think Tom didn't you go for needing some fuel and.

459

00:51:02.370 --> 00:51:03.030
Village of Parish: Know come.

460

00:51:04.200 --> 00:51:11.910
Tom Bullard: yeah what what I did was I contact the number that you gave him because you talk to them and they didn't know exactly where the unit was and.

461

00:51:12.510 --> 00:51:26.190
Tom Bullard: And right the girl, I talked to says we don't even have an account with you, and it was it was it was just a cluster so right now we've got a we will go through both these with the two names that you gave me and we'll.

462

00:51:26.220 --> 00:51:26.880
Tom Bullard: Make sure that.

463

00:51:26.940 --> 00:51:36.480
Tom Bullard: You know that from here on out and the other The other thing that we could possibly do is just go back and look at the billing that we must have been paying for it so.

464

00:51:37.200 --> 00:51:37.500
So.

465

00:51:39.540 --> 00:51:43.650
Village of Parish: The building here or heating oil here is no co whereas East all.

466

00:51:45.150 --> 00:51:46.590
Village of Parish: This one is under noko.

467

00:51:47.040 --> 00:51:54.450
Village of Parish: yeah plant with the propane and Carol they tell me is with me or veto so.

468

00:51:55.020 --> 00:52:02.040
Village of Parish: yeah I guess yeah Kevin would you happen to know rick Moran does do that propane Yes, they have kerosene down there.

469

00:52:02.490 --> 00:52:04.560
Village of Parish: Diesel diesel.

470

00:52:05.730 --> 00:52:06.120

Village of Parish: Okay.

471

00:52:09.420 --> 00:52:11.340

Village of Parish: Remember it easily but pro.

472

00:52:14.160 --> 00:52:14.880

Tom Bullard: Well they've been.

473

00:52:15.360 --> 00:52:16.170

Tom Bullard: In happen.

474

00:52:16.380 --> 00:52:21.060

Tom Bullard: somebody's been topping it off and they've got the code to get into the plan so.

475

00:52:22.530 --> 00:52:33.570

Tom Bullard: i'll check with both see so make sure that they'll give me then they'll probably give me a contact and we'll set it up if it's Morocco weren't you know they they have a code they know how to get in.

476

00:52:34.740 --> 00:52:34.980

Village of Parish: So.

477

00:52:35.040 --> 00:52:35.820

Tom Bullard: We should be all right.

478

00:52:36.480 --> 00:52:39.300

Village of Parish: All right, there was some confusion alone never again will get.

479

00:52:39.600 --> 00:52:40.080

Village of Parish: to know.

480

00:52:41.880 --> 00:52:42.960

Village of Parish: All right, the work is.

481

00:52:43.350 --> 00:52:56.400

Village of Parish: Key bank building is still under way, I talked to Leon and he suggested that because none of the windows open and the building is closed, that we need a dehumidifier down there.

482

00:52:58.080 --> 00:53:04.020

Village of Parish: That or possibly fans to circulate the year he was going to check with them.

483

00:53:05.340 --> 00:53:05.880

Village of Parish: Thanks.

484

00:53:08.130 --> 00:53:27.870

Village of Parish: Randy no Sir are brought and see what he suggested that haven't heard back from Leon as to what his suggestion or ID were in between him and Brock but i'm not sure why there's moisture down there there's no water anymore, but.

485

00:53:28.980 --> 00:53:30.600

Village of Parish: yeah but it's being sealed up and.

486

00:53:33.450 --> 00:53:43.530

Village of Parish: Then it can open any window can open anyone because they put those new windows in and they're sealed tight, so what they had when they were in their key bank would have had.

487

00:53:44.610 --> 00:53:45.420

Village of Parish: Your condition here.

488

00:53:46.980 --> 00:53:57.540

Village of Parish: They get AC they didn't open with those is there an AC unit there I don't know nobody's even identify if it was it was saying that.

489

00:53:58.680 --> 00:54:05.460

Village of Parish: I don't think it was sinful, but I think it was one or two might have any ghosts but they might not have been where the public to see them the redmond like on there.

490

00:54:06.690 --> 00:54:13.230

Village of Parish: or something I don't know so Liam get back and let us know after they've confirmed the two of them and.

491

00:54:14.940 --> 00:54:16.230

Village of Parish: see what they come up with.

492

00:54:17.550 --> 00:54:34.830

Village of Parish: snow prayer communications i've been in touch with them and they said they'll begin working on getting the exterior cameras

and in here dishes judicial chamber and our security cameras are needed and previously discussed.

493

00:54:36.060 --> 00:54:49.320

Village of Parish: All right, anything else for the unfinished business business so what's going on with the artist has anyone got in touch with you because they were supposed to the deadline was may 15 has anyone been in touch with the Clerk for what the audience.

494

00:54:50.280 --> 00:54:54.840

Village of Parish: From the letters are sent out to the people that are potential use auditing for us.

495

00:54:55.440 --> 00:54:59.490

Village of Parish: And they were supposed to get back and you would think that at least they would send us a letter saying.

496

00:54:59.940 --> 00:55:11.280

Village of Parish: No, with no regrets that they can have you heard anything I haven't heard anything but I didn't know what to look for either I can go back through emails C is for daughters Okay, who they were sent to.

497

00:55:13.050 --> 00:55:13.410

Okay.

498

00:55:16.380 --> 00:55:20.250

Village of Parish: Alright, so what's our law from virtual meetings.

499

00:55:26.820 --> 00:55:27.420

Village of Parish: Virtual meeting.

500

00:55:29.850 --> 00:55:32.640

Village of Parish: Last month Oh yes, as of.

501

00:55:33.120 --> 00:55:34.500

Coming up very soon.

502

00:55:36.090 --> 00:55:38.760

Village of Parish: What this has to do with is your ability to have.

503

00:55:39.840 --> 00:55:44.100

Village of Parish: Officials like trustees attend remotely via zoom.

504

00:55:45.600 --> 00:56:00.990

Village of Parish: As as may be needed strongly encourage you to do it only when needed, and not just as a matter of convenience, but soon you'll have them along to basically want to do that, that law would coverage through of July 1 2024.

505

00:56:02.040 --> 00:56:10.980

Village of Parish: I gave you information on the market resulting you need your the weather immediately yeah I remember, now the reason that the attorneys do so.

506

00:56:12.120 --> 00:56:19.290

Village of Parish: I think it's a good idea to only because we had a meeting with David Rogers daughter so it's kind of Nice for something like that to.

507

00:56:20.250 --> 00:56:32.850

Village of Parish: him he could do it at home, so we bring that in as a law or you need to pass a local law, you need to pass a policy to go along with it and how you apply the law and i'm looking.

508

00:56:33.900 --> 00:56:46.740

Village of Parish: there's a sample policy around and i'm looking for something that could be adapted to a municipality so by the time you launch phase, we can have a policy that you can pass at last night, no I brought it up to them last night.

509

00:56:47.820 --> 00:56:47.910

Village of Parish: I.

510

00:56:52.110 --> 00:56:52.560

Village of Parish: got a little.

511

00:56:54.360 --> 00:56:58.590

Village of Parish: steep so on see this too long to piece here on the Steve.

512

00:56:59.820 --> 00:57:00.540

Stephen Ganetis: Yes.

513

00:57:03.750 --> 00:57:05.190

Village of Parish: Do we can you.

514

00:57:06.870 --> 00:57:08.730

Village of Parish: figure out a power see perhaps for us.

515

00:57:09.240 --> 00:57:19.620

Stephen Ganetis: yeah but Paul was nice enough to send me over a model, one so just to be clear, the board would like me to adapt the model, one for the villages purposes.

516

00:57:19.950 --> 00:57:20.670

Village of Parish: Yes, please.

517

00:57:21.300 --> 00:57:22.200

Stephen Ganetis: consider it done.

518

00:57:23.460 --> 00:57:24.840

Village of Parish: For you, but.

519

00:57:25.050 --> 00:57:26.310

You need to do offer.

520

00:57:29.250 --> 00:57:36.660

Village of Parish: Heaven I think you also trustees a letter so i'm still waiting for it because I was requesting two or three months of all for you to send it.

521

00:57:37.410 --> 00:57:53.580

Village of Parish: Is because the question was asked to do what you were so i'm still waiting for it what's that letter I don't want, we can talk about that, right now, what he knows me from my desk no it's not a desk somebody had to give a reason for.

522

00:57:54.810 --> 00:58:00.300

Village of Parish: request the Clerk and to begin was told to write a letter for her request.

523

00:58:01.650 --> 00:58:21.450

Village of Parish: And so I thought, if she has to have a request he needs to get it list his reason why he felt he should have the same thing, and you know I know what would you like me to send back the email you sent to me and I don't want to talk about this girl we go, we had to go and special.

524

00:58:23.190 --> 00:58:25.650

Village of Parish: I think that's I have another.

525

00:58:27.630 --> 00:58:32.040

Village of Parish: way more on that water next month, because I know what wouldn't pass right now.

526

00:58:33.330 --> 00:58:34.560

Village of Parish: What water to go.

527

00:58:35.580 --> 00:58:46.980

Village of Parish: we're not holding on water, I think we need to get the wastewater treatment plants, I guess, agree with you, I know you probably do better right you your board member you hear that right, but.

528

00:58:47.400 --> 00:58:57.630

Village of Parish: I don't think we can throw too much out to the public have you didn't have a problem wanting to raise our rates to \$50 a quarter during the budget things and it just you know.

529

00:59:01.230 --> 00:59:14.550

Village of Parish: If you're going to say you're going to look out for your constituent you need to do it all everything he didn't it's not happening here, you know I plan to probably you know you don't want to race, the rotor written so right yeah so.

530

00:59:15.780 --> 00:59:18.360

Village of Parish: But I know we have to but i'm just saying that um.

531

00:59:20.220 --> 00:59:25.800

Village of Parish: I spoken to a lot of people in this village and there they all know what goes on down here.

532

00:59:26.970 --> 00:59:31.410

Village of Parish: You know they they know what do they know what the guy.

533

00:59:33.720 --> 00:59:38.400

Village of Parish: Alright, so we better move on well boy seems to be the concern because we've.

534

00:59:39.990 --> 00:59:45.390

Village of Parish: we've gone through the budget we recently because we needed those assets in the sewer.

535

00:59:47.130 --> 00:59:47.910

Village of Parish: Okay, and.

536

00:59:49.410 --> 00:59:52.620

Village of Parish: i'll go through new business new business.

537

00:59:54.540 --> 01:00:05.190

Village of Parish: there's no sense in letting it fester so it needs to be expressed if there's concerns so all right well the appointments we've already discussed that was done earlier.

538

01:00:06.000 --> 01:00:20.760

Village of Parish: But we need to remember that taking a position those postcards need to be signed this in 30 days so nobody comes to you or the Clerk desert remember make sure you get those signs nets for all with everyone is a physician.

539

01:00:22.500 --> 01:00:24.690

Village of Parish: clerk residency requirement.

540

01:00:27.000 --> 01:00:32.550

Village of Parish: We had information that was two options from Steve that.

541

01:00:34.650 --> 01:00:35.760

Village of Parish: You need to appoint.

542

01:00:37.080 --> 01:00:51.180

Village of Parish: The clerk is a person from making an exception to law rather than changing our local law you're giving the two options and preferably the first.

543

01:00:51.870 --> 01:00:56.730

Village of Parish: The whereas this is gone down, therefore, be resolved with the parent village of Parish.

544

01:00:57.270 --> 01:01:06.060

Village of Parish: The county of a swig honest in your career by grants and exception for security answer to allow her to serve as a village clerk despite her failure that.

545

01:01:06.480 --> 01:01:19.620

Village of Parish: She is not live in the town or village of Parish and be it further emotion, to adopt this resolution, so I think that would probably be easiest and best way to go, rather than trying to change our local laws.

546

01:01:20.850 --> 01:01:26.880

Village of Parish: The resolution to waive the residency requirement, allowing trudy service, I think we had to change the law.

547

01:01:27.570 --> 01:01:43.290

Village of Parish: Because I know because this is this temporary because it sounds on the paper, this is a temporary temporary I don't know that's the thing can be a sermon is, we want to be why doesn't have to be temporary, she will be in position was David At first it was temporary.

548

01:01:44.730 --> 01:01:59.010

Village of Parish: She was filling in know it nowhere, so people need to be straightforward, so what is going on and stop playing games down here, but what we know from we have nobody in the village of wanted it right, nobody wants to.

549

01:02:00.780 --> 01:02:10.050

Village of Parish: try to do that will save us trouble down the road it's I don't think it's wise for us to have people outside of the village in the Community stepping to look like.

550

01:02:11.100 --> 01:02:14.100

Village of Parish: And I think that we leave that I think are you talk to anybody.

551

01:02:15.210 --> 01:02:22.680

Village of Parish: And the villages around as we go county, and that is pretty much what they've all decided that they will pass a law to have.

552

01:02:23.730 --> 01:02:34.440

Village of Parish: town or village quarter live inside the woman's of us, we will county and that's what they all have done because I got on the phone and many of them well that's what they've done, they can make.

553

01:02:36.390 --> 01:02:43.560

Village of Parish: If we have someone right from our own community for not from our own community she's away right that's what we not changing the law we're making.

554

01:02:44.250 --> 01:02:55.440

Village of Parish: changes the law, but you don't have a have a whole hearted person when you get somebody from Mexico somebody from pasting somebody from who knows where coming in here and doing our local business.

555

01:02:56.040 --> 01:03:03.840

Village of Parish: Whereas, if you have a resident here we have tax issues come up or financial issues, on her part and.

556

01:03:05.040 --> 01:03:06.870

Village of Parish: that's why we're making an exception.

557

01:03:08.760 --> 01:03:10.590

Village of Parish: make an exception until we find.

558

01:03:12.780 --> 01:03:18.120

Village of Parish: So if we don't change the local law, we always go back to the fact we have someone that is longer.

559

01:03:22.710 --> 01:03:24.690

Village of Parish: Okay, even a comment.

560

01:03:27.180 --> 01:03:33.600

Stephen Ganetis: Either options perfect I drafted both so quite simply it's up to the board of design, I think.

561

01:03:35.190 --> 01:03:36.150

Stephen Ganetis: yay democracy.

562

01:03:36.990 --> 01:03:39.060

Stephen Ganetis: happy to do whatever you guys order me too.

563

01:03:46.320 --> 01:03:50.250

Village of Parish: I think in the wisest decision is to make an exception for it.

564

01:03:51.420 --> 01:03:57.210

Village of Parish: That way we haven't opened it up to somebody from who knows where somewhere in the Community and the county.

565

01:03:59.640 --> 01:04:03.210

Village of Parish: I think if their heart is in the Community they're going to look after their community.

566

01:04:05.190 --> 01:04:12.900

Village of Parish: Okay, that just go on to the next thing is, we bring this up next next month when we got the other two people here.

567

01:04:16.080 --> 01:04:17.370

Village of Parish: We can let it go stay.

568

01:04:19.590 --> 01:04:35.490

Stephen Ganetis: yeah they shouldn't be as long as everyone agrees, at least right now that the position can remain vacant pending about the action has been made its table that's on a per discussion will put on for next month there should be no issues with setting up a stopgap.

569

01:04:36.660 --> 01:04:37.560

Village of Parish: Thank you all right.

570

01:04:43.230 --> 01:04:44.880

Village of Parish: i'm Williams law.

571

01:04:46.380 --> 01:04:47.460

Village of Parish: we've got two.

572

01:04:48.840 --> 01:04:56.880

Village of Parish: contracts that came in the software support and tax collection, so those were the tasks listen listen no right.

573

01:04:58.740 --> 01:05:07.800

Village of Parish: yeah that was it didn't this wasn't no Okay, do you have data in front of us already yeah right now get those signed in.

574

01:05:08.970 --> 01:05:09.990

Village of Parish: If those return.

575

01:05:11.340 --> 01:05:18.840

Village of Parish: Shared services all right, Paul already mentioned that meeting and June 23 at four c's.

576

01:05:20.010 --> 01:05:22.170

Village of Parish: And if you're interested in attending.

577

01:05:23.850 --> 01:05:25.080

Village of Parish: is available.

578

01:05:26.550 --> 01:05:29.160

Village of Parish: All right, anything else, something.

579

01:05:29.490 --> 01:05:30.390

Stephen Ganetis: something's mirror.

580

01:05:32.310 --> 01:05:40.740

Stephen Ganetis: So I received a letter from attorney Bob good and who is representing head when see polar the second.

581

01:05:41.250 --> 01:05:47.760

Stephen Ganetis: And, apparently, he is looking to transfer some document some property over to the village as a gift.

582

01:05:48.270 --> 01:05:53.580

Stephen Ganetis: I just received the documentation in the mail today I haven't had a chance to really look it over very much until I.

583

01:05:54.330 --> 01:06:02.970

Stephen Ganetis: Just now, so I will be providing a little report to everyone, but just wanted to let everyone know that we have some documentation regarding a gift of property to the village.

584

01:06:03.300 --> 01:06:21.900

Stephen Ganetis: That i'll be circulating by email probably tomorrow and i'll be dropping this off at the village for signatures, I believe, only the mayor probably hasn't signed but just wanted to let everyone know about the gift to the village specifically to 950 East Main Street village of Parish.

585

01:06:23.940 --> 01:06:25.830

Village of Parish: At your House now.

586

01:06:25.950 --> 01:06:36.750

Stephen Ganetis: I have no idea you guys know this so much better than I do, I have a horrible sense of direction, so I will do a Google map search and due diligence before I send my email.

587

01:06:40.350 --> 01:06:42.360

Village of Parish: Oh, he wants to give back joss.

588

01:06:43.890 --> 01:06:45.480

Village of Parish: stone lot yeah what would.

589

01:06:47.400 --> 01:06:47.820

Village of Parish: they like.

590

01:06:49.020 --> 01:06:51.510

Village of Parish: to learn something yeah I think it is, I think.

591

01:06:56.190 --> 01:06:57.960

Village of Parish: actually come to the House on.

592

01:07:00.390 --> 01:07:00.990

Village of Parish: The way here.

593

01:07:02.010 --> 01:07:11.670

Village of Parish: too small too small, no, you can you can, according to the planning board we've got a year to put a house and.

594

01:07:12.420 --> 01:07:24.090

Village of Parish: By using the same footprint yeah there was a two story House there so somebody could do it was connected and they could put a two story House there, but it has to be done within a year.

595

01:07:25.110 --> 01:07:25.950

Village of Parish: If somebody wants to do.

596

01:07:29.730 --> 01:07:31.890

Village of Parish: Something else for business.

597

01:07:32.340 --> 01:07:34.320

Village of Parish: New business me know yes.

598

01:07:37.650 --> 01:07:45.090

Village of Parish: it's that time of the year again what time of year again Annual Report time Oh, and I have just completely obviously just completed.

599

01:07:45.450 --> 01:08:00.780

Village of Parish: My monthly reports, for me, so I need authorization to see around those overdrawn accounts to the best of my abilities, I think some of them i'll try to get as many as I can, I might not get them all,

while the state's going to live with it, so I need authorization to do that.

600

01:08:02.040 --> 01:08:04.620

Village of Parish: Only has an annual thing and I second.

601

01:08:05.850 --> 01:08:18.810

Village of Parish: And if you notice on the monthly bank statement reports, the monies that we transfer over the 3065 by transferred from the checking account to the appropriate funds for that code.

602

01:08:19.320 --> 01:08:31.560

Village of Parish: And also transfer the 6005 thousand from generals checking over to read one was audit and one is the I believe the future Community infrastructure upgrading CD.

603

01:08:32.910 --> 01:08:39.720

Village of Parish: Okay, those monies were transferred, you know I did get a general term like baseball to the bank, so they transferred from here to here.

604

01:08:40.950 --> 01:08:47.040

Village of Parish: But in order to get the computer to reflect it it didn't come off with a budgetary because I didn't write a check.

605

01:08:48.090 --> 01:08:56.580

Village of Parish: That with, then I have to do something else within the year i'm not sure what pounds so it's easy to just meet you john doe from checking to this account ever go.

606

01:08:57.600 --> 01:09:08.610

Village of Parish: So it has been the money seven transfers Okay, well, I had a quick question for you and I would guess person means a lie is I will have more money in our budget, people will get more taxes from letters.

607

01:09:10.050 --> 01:09:10.410

Village of Parish: yeah.

608

01:09:13.440 --> 01:09:20.370

Village of Parish: The get quarterly sales tax from the county so i'm not I thought I saw so.

609

01:09:21.570 --> 01:09:25.770

Village of Parish: First of all, I don't know what the gases, I know, yes Preston already put 50 bucks in my car today out.

610

01:09:27.540 --> 01:09:33.900

Village of Parish: What it was my understanding that the 16 cents New York state sales tax on yes was.

611

01:09:35.010 --> 01:09:36.780

Village of Parish: relieved starting in king.

612

01:09:38.100 --> 01:09:49.200

Village of Parish: county Pasco county has a other outside the city of a sweet as a 12 cents yes tasks that is supposed to be we be but.

613

01:09:51.000 --> 01:09:51.420

Village of Parish: I.

614

01:09:52.680 --> 01:09:59.010

Village of Parish: was like 1616 and problems like 28 cents i'm thinking you think 28 cents off of your gifts that you've got.

615

01:10:01.590 --> 01:10:11.370

Village of Parish: The problem is that they bought it high and they're not going to drop it until they get their money back when they bought in high gear and then they'll drop it so.

616

01:10:12.240 --> 01:10:19.830

Village of Parish: Probably, for instance there's a sales tax in there, somewhere, we get sales tax from the county or quarterly basis Okay, so it also reminds me.

617

01:10:21.690 --> 01:10:35.280

Village of Parish: If you also looked on my monthly report on the general fund the heroes and \$19,000 other if you look on the monthly report not not transactional.

618

01:10:36.540 --> 01:10:45.840

Village of Parish: Or it shows you from other governments 19,000 some change yeah that was from last year he came in this fiscal year, yes, so we did get it.

619

01:10:47.460 --> 01:10:49.500

Village of Parish: came in in June disaster one from.

620

01:10:50.730 --> 01:10:51.990

Village of Parish: Know it's the it's the.

621

01:10:53.100 --> 01:11:04.920

Village of Parish: In November, when you guys certify the on pay property taxes we sent them the county for real every to town county tax bill yeah that's the money that came finally and it didn't make it here ready and may 31.

622

01:11:07.980 --> 01:11:11.940

Village of Parish: And also, we didn't get the stuff takes of bank of the dimer.

623

01:11:12.990 --> 01:11:17.400

Village of Parish: \$22,000 check for the appropriate malfunction at the plant.

624

01:11:21.630 --> 01:11:22.350

Village of Parish: that's an insurance for.

625

01:11:24.810 --> 01:11:35.370

Village of Parish: Anything else under the business meal, would you be interested in checking on the led lighting for the parks to see what is and what isn't an existence, and I can check on it.

626

01:11:36.090 --> 01:11:44.730

Village of Parish: i'm not very good when it comes to it yeah I can see that they probably are probably not it probably just regular.

627

01:11:45.420 --> 01:11:58.620

Village of Parish: Okay cuz I remember changing the one couple of years ago and it was the old the old standard yeah all right so we'll have to get some electric so we gotta get I gotta get do we have an electric guy.

628

01:12:00.300 --> 01:12:02.190

Village of Parish: Probably in the rolodex is a name.

629

01:12:03.810 --> 01:12:05.160

Village of Parish: Anybody know someone else.

630

01:12:06.570 --> 01:12:16.800

Village of Parish: One there that we usually call their electrical work I know my trusty hogan was on the board, he asked if we had a schematic for electrical at the canfield I did pull it I believe it's still in the.

631

01:12:17.040 --> 01:12:25.380

Village of Parish: office oh good the schematic will get medical system yeah because it's a couple of our because when we're getting that fixed i'll get those bugs fixed.

632

01:12:28.410 --> 01:12:29.070

Village of Parish: Right.

633

01:12:30.270 --> 01:12:41.010

Village of Parish: Dates to remember we've got July 20 so next board meeting and August six this the whole home days I don't know of any other activity that might be going on.

634

01:12:43.470 --> 01:12:45.900

Village of Parish: that's on our schedule for the summer.

635

01:12:47.370 --> 01:12:48.780

Village of Parish: holidays, going to be done and.

636

01:12:50.130 --> 01:13:00.480

Village of Parish: As I understand it is you know right and the partners for years ago we offer the firefighters offer the farmer's field, to put it there, because it will hold more.

637

01:13:00.960 --> 01:13:14.310

Village of Parish: lot more room and more parking in the bathroom, but that was the concern with them, because they said that they were going to have to go off into the street, where, if that would make a lot more sense, a lot of life after build the bridge.

638

01:13:16.230 --> 01:13:24.120

Village of Parish: You know can't block everybody, but we offer them for years ago and never heard of many changes security yeah.

639

01:13:24.990 --> 01:13:38.430

Village of Parish: We don't we don't block off the streets anything over North areas, even though it's still not shut down there's going to be blocked from Tulsa that way yep going down the block itself, this year, they want to block South so now.

640

01:13:39.750 --> 01:13:42.750

Village of Parish: yeah i'm okay who's doing this now.

641

01:13:43.800 --> 01:13:51.810

Village of Parish: Shannon Shannon masters and should work, so they need to talk to the fire chief for somebody to see if they.

642

01:13:52.920 --> 01:14:12.420

Village of Parish: don't want to relocate it because it's no visibility nation, they don't want to come down to the fire department, the only visibility is a thing was it could be thicker well yeah I agree with Johnny said they're more vendors yeah the only the only three we block off canfield drive.

643

01:14:13.680 --> 01:14:14.820

Village of Parish: that's, the only way everybody.

644

01:14:16.320 --> 01:14:18.120

Village of Parish: garble garble drive is.

645

01:14:22.170 --> 01:14:27.000

Village of Parish: not on the agenda that's not what they're looking at they're looking at South road no.

646

01:14:27.780 --> 01:14:43.890

Village of Parish: No, no, they can't well, they want to block that off that's what their intent is there you gotta call the county is their intense call the county saying go over to the fireman's field where they go yeah but maybe the county is going to say no, you can't block it off.

647

01:14:45.780 --> 01:14:49.320

Village of Parish: Well they'll have to make an alternate decisions, and this is their game now well.

648

01:14:50.520 --> 01:15:06.240

Village of Parish: i'm just bringing up what what you know because they tried to block it off a couple years ago and he said find out what they gonna have to call the county and find out what's wrong they're playing there's no parking I mean it oh yeah gorilla you know.

649

01:15:07.560 --> 01:15:15.150

Village of Parish: The only the only reason they had the blacktop is because they all the vendors used to bring their cars in there and we parked them in there.

650

01:15:16.080 --> 01:15:26.730

Village of Parish: Then doing it for years, but yeah like this is well no I know we made the offer, and I was on the town board, and I think that's I think that's great gun because, because then.

651

01:15:27.720 --> 01:15:40.650

Village of Parish: We can ask if we can use our parking lot for parking and let him be hard to redirect them to the fire field field know put some signs out there to change it, they don't want.

652

01:15:42.030 --> 01:15:42.480

Village of Parish: To stop.

653

01:15:43.710 --> 01:15:53.910

Village of Parish: Yes, okay now you on that committee was on the committee last year when they start on two years or on the subtle was brought up in a one there we go.

654

01:15:54.540 --> 01:16:02.820

Village of Parish: It is a high visibility, but it's also congested is there, like a whole lot they said they're getting a whole lot more vendors out there, and if you got a lot of.

655

01:16:04.410 --> 01:16:05.040

Village of Parish: overhead.

656

01:16:06.270 --> 01:16:07.170

Village of Parish: I think i'm not.

657

01:16:08.640 --> 01:16:17.400

Village of Parish: sure if they're washing cars, they can do whatever they want I hate to see him lose customer so because congestion.

658

01:16:18.840 --> 01:16:19.680

Their game, yes.

659

01:16:21.390 --> 01:16:23.790

Village of Parish: Payment of bills general fund.

660

01:16:25.920 --> 01:16:33.180

Village of Parish: The computer equipment purchases, yes, wonderful 44,000 28,000 pairs that included in our.

661

01:16:34.200 --> 01:16:48.690

Village of Parish: Hunters one to 19 and the amount of \$28,865 and nine cents and make emotion, we suck that what were your vouchers one through 20 1990s Okay, that would make it 20 okay oops.

662

01:16:54.240 --> 01:17:02.670

Village of Parish: Already super fun walters one to 11 mnemonic \$20,781 and 60 cents and make a motion we pay that.

663

01:17:06.540 --> 01:17:13.770

Village of Parish: DNA found about this one lunch or nine \$1,816 and three cents make emotion, we pay that.

664

01:17:18.630 --> 01:17:18.870

Village of Parish: They.

665

01:17:23.670 --> 01:17:25.260

Village of Parish: make a motion we're going.

666

01:17:34.380 --> 01:17:34.860

Village of Parish: All right.

667

01:17:35.910 --> 01:17:36.570

Village of Parish: You guys next.

668

01:17:41.370 --> 01:17:46.470

Village of Parish: Time Thank you looks Nice, I see that I see the school finally put up their banners.

669

01:17:49.800 --> 01:17:50.250

yesterday.

670

01:17:56.340 --> 01:17:57.270

Tom Bullard: good night all.

671

01:17:59.160 --> 01:18:00.240

Village of Parish: Have a nice evening.
