63

00:09:01.590 --> 00:09:01.920

well.

64

00:09:03.930 --> 00:09:10.380

Tom Bullard: James one of our operators has actually developed and built a.

65

00:09:12.120 --> 00:09:26.100

Tom Bullard: hitch attachment to his truck to automatically novel not automatically but hydraulically pull he won pumps up but that that's going to be that's going to be a big help when we have to pull those pumps one when we get out there.

66

00:09:27.540 --> 00:09:43.050

Tom Bullard: The tank as we transferred all the from the let me get this right now we transfer from the north tank to the south tank completely and started over again, and now our mics liquors and our.

67

00:09:43.980 --> 00:09:56.220

Tom Bullard: Our processes are much better now the problem that we have is that we will have we have a lot of lot of like the south tank is full.

68

00:09:56.730 --> 00:10:10.110

Tom Bullard: We need to remove some of those some of that liquid, because the drying beds can handle the amount that that's there i'll be getting some costs back to you before the next meeting and we'll go from there we'll see what kind of.

69

00:10:11.250 --> 00:10:25.890

Tom Bullard: deal we can get by wet hauling which we've done another plants i'm i'm really happy with the way the plant looks it's it's coming around and the grasses the guy the guy does an excellent job let's not lose him he's he's really good and.

70

00:10:26.820 --> 00:10:34.500

Tom Bullard: Other than that, I think, and Ken sends his apologies, he has to be in Ithaca so and i'm saving guests so.

71

00:10:36.240 --> 00:10:38.580

Tom Bullard: that's that's all I got for now.

72

00:10:39.330 --> 00:10:41.580

Village of Parish: Okay that's the one is broken right.

73

00:10:42.000 --> 00:10:50.880

Tom Bullard: Yes, well here's the way I here's the way I remember it the north tank is normal South take a shit so you got North and ash.

74

00:10:59.100 --> 00:10:59.910

Tom Bullard: dogs might get.

75

00:11:03.090 --> 00:11:07.140

Village of Parish: Some in there and go and get the brain, you know Ryan, but.

76

00:11:07.380 --> 00:11:18.360

Tom Bullard: yeah if you if you go down, and you look the south take all cancer full because we pulled that bad stuff that we had in the in the north think over because we just couldn't process that that.

77

00:11:18.840 --> 00:11:36.300

Tom Bullard: was just we were at how the time processing or changed or so we got it we're going to be cleaning, one of the drying bad out next week and then but there's not enough room in the drying best to remove all the liquid that sin those tax so like I said.

78

00:11:38.250 --> 00:11:38.760

Village of Parish: Alright, so.

79

00:11:39.990 --> 00:11:40.260

Village of Parish: here.

80

00:11:41.880 --> 00:11:45.450

Village of Parish: We have a PM schedule, I asked much of all for it.

81

00:11:46.770 --> 00:11:48.540

Village of Parish: So we like.

82

00:11:49.620 --> 00:12:05.310

Village of Parish: And then I still want to know who's back on that property is not enough hooked up to the source is right here in our super loss as he took off, and I know he was here asked questions about I don't want to hear the hardship.

83

00:12:12.240 --> 00:12:13.950

Tom Bullard: jackie's at the one on writer.

84

00:12:17.520 --> 00:12:20.040

Tom Bullard: I she broke up I didn't hear.

85

00:12:22.290 --> 00:12:22.740

Village of Parish: me.

86

00:12:23.580 --> 00:12:32.880

Tom Bullard: Oh okay um I thought that I thought that he was gonna go across the street on that i'm not, but I have no idea.

87

00:12:34.020 --> 00:12:39.330

Village of Parish: Every year, and people are asking questions why like that answer, other than normal.

88

00:12:44.340 --> 00:12:45.300

Tom Bullard: regards railroad.

89

00:12:45.480 --> 00:12:45.840

yeah.

90

00:12:47.760 --> 00:12:52.620

Village of Parish: I thought they were going to come down, you know, he says there's no pipes done in this night.

91

00:12:53.880 --> 00:12:57.390

Village of Parish: No, I thought there was something missing which he got down dorsey.

92

00:12:59.430 --> 00:13:01.890

Village of Parish: counter just said, you know.

93

00:13:02.940 --> 00:13:05.250

Village of Parish: And then, with the discussion, but in the room, who are went.

94

00:13:06.630 --> 00:13:08.490

Village of Parish: up all those other lines also go.

95

00:13:10.620 --> 00:13:17.970

Tom Bullard: Go back to the table back to the north railroad station and then get pumped back the other way, I think.

96

00:13:19.170 --> 00:13:30.960

Tom Bullard: Left to reach out to them and ask him what he's done he's a contractor he's got the equipment, I thought that he had to take care of it, but if he's not paying his fair share we got a contact.

97

00:13:40.620 --> 00:13:48.390

Village of Parish: So you done any other questions on that and Ian where we at with some minerals.

98

00:13:55.320 --> 00:13:58.140

Village of Parish: Thanks for coming you and tanner yeah yeah.

99

00:14:07.980 --> 00:14:08.370

Three minutes.

100

00:14:09.600 --> 00:14:14.520

Village of Parish: Okay, so just a quick update on projects, so what I was hearing.

101

00:14:15.540 --> 00:14:19.770

Village of Parish: or they had a discussion with our word finalize.

102

00:14:21.480 --> 00:14:29.730

Village of Parish: The fact that we're going to update the gloss or the capital project and resubmit the project see.

103

00:14:32.880 --> 00:14:34.770

Village of Parish: We have water revolving fallen.

104

00:14:35.880 --> 00:14:53.460

Village of Parish: Over this next round this year, so we updated those costs we submitted the updated funding application, with the consent order and all the information on June 17 so we're hopeful.

105

00:14:54.480 --> 00:15:05.760

Village of Parish: You know if you guys don't get funded this time i'll one thing I gotta I gotta believe that nobody's perfect sense order is a place it's going to come through um.

106

00:15:07.200 --> 00:15:19.710

Village of Parish: We also got the notification from the mayor regarding the next round of the we have programs that's doing September, we will certainly be sure to submit all the projects to the.

107

00:15:20.760 --> 00:15:23.430

Village of Parish: program I got a oh it's going to be a pre submission.

108

00:15:25.050 --> 00:15:28.410

Village of Parish: But if you recall, when we had our meeting last time.

109

00:15:29.460 --> 00:15:33.120

Village of Parish: You had approved us to move forward and start to design pages.

110

00:15:34.530 --> 00:15:45.390

Village of Parish: So we are you know we've done that, and we started the design, but you know we didn't have our contract ready, yes, behind the updated crossfit right.

111

00:15:46.140 --> 00:15:56.670

Village of Parish: So again, these are just so so recently tonight we're requesting the village approve our contract for the design and construction phase services of the project.

112

00:15:57.180 --> 00:16:04.800

Village of Parish: And i'll just I wanted to just walk down through be really transparent I love these costs are answering questions or an artist now so.

113

00:16:05.910 --> 00:16:09.870

Village of Parish: This is just an act one page out of the contract the.

114

00:16:11.190 --> 00:16:12.540

Village of Parish: Language is.

115

00:16:13.950 --> 00:16:27.090

Village of Parish: standard contract language at all the funding agencies make all the engineering companies use Okay, so it is a 40 page document what you know that language standard.

116

00:16:28.380 --> 00:16:35.070

Village of Parish: I know when I emailed it earlier today and send it to speed as well if you wanted to take a look at it, for whatever reason.

117

00:16:35.670 --> 00:16:43.440

Village of Parish: While flying you know, obviously, the costs are are the important part so preliminary services that 12,500.

118

00:16:43.860 --> 00:16:53.160

Village of Parish: that's what you've already paid us to do the blueberry engineering report okay so as we talked about that gets rolled into the project so that cost is included.

119

00:16:54.000 --> 00:17:12.360

Village of Parish: basic services include both our design and our construction administration services, so you know design phase and then, when the project goes to construction, obviously we have effort during that time for the administration of you know, construction of the project.

120

00:17:13.890 --> 00:17:24.150

Village of Parish: The resident project observation that is our field representative was in the fields full time for the project during the construction period.

121

00:17:24.960 --> 00:17:35.640

Village of Parish: and additional services, which includes permit applications our expenses are survey of the site.

122

00:17:36.480 --> 00:17:44.220

Village of Parish: And record drives once the project is complete so be what's progress to take all the you know any changes that were made.

123

00:17:44.580 --> 00:17:59.820

Village of Parish: You know, we use record rides for you folks are you got most recent circle so So those are the costs outline the total amount is \$506,460 obviously not all of that is design phase.

124

00:18:01.170 --> 00:18:09.870

Village of Parish: lock it on the task at this point in time, as any we haven't sent you guys an invoice yet what you know any invoices that we said until the funding is in place.

125

00:18:10.410 --> 00:18:19.290

Village of Parish: will be paid out of your general fund for now, so that was the discussion we had last time so assuming that the antagonist and seeing here.

126

00:18:21.270 --> 00:18:24.120

Village of Parish: Any questions for me at this point.

127

00:18:27.150 --> 00:18:29.010

Village of Parish: that's what I that i'm sure I always say.

128

00:18:30.450 --> 00:18:31.290

Village of Parish: Checking the CP.

129

00:18:32.790 --> 00:18:40.080

Village of Parish: Last time i'm sure, because I was going to ask you to Iraq, a super super farm yes now do you know.

130

00:18:40.770 --> 00:18:59.010

Village of Parish: Pan how much of an increase this is compared to what we had initially yeah so the original estimate with the summit of the total project cost, but we prepared, it is better that you know, last last go around was 2.4 million are updated cost is 4.1 million.

131

00:19:00.150 --> 00:19:07.290

Village of Parish: So it's a substantial increase but that's just the way the world living projects are you know coming in 15% more.

132

00:19:08.220 --> 00:19:21.510

Village of Parish: one that does, however, is it open it up for more granular you know grant buddy is is the percentage of the overall project and loss well you know again it is what it is, at this point.

133

00:19:22.740 --> 00:19:41.730

Village of Parish: You know we're out of the consent or something so with that increase the applications that you made will also increase you've already increased it so what we said is true So these are the most recent costs, based on the application, we submitted on June 17 okay.

134

00:19:44.460 --> 00:19:58.170

Village of Parish: Then they may may be one more increase before we they may or may not know, but yeah what we you know we included I don't remember exactly what we included for contingency but you know we beefed up our contingency.

135

00:19:58.830 --> 00:20:10.050

Village of Parish: Today, and so you know it's it's a constant struggle in our industry, right now, you know we've done our best to try to keep up with it, and you know producer conservative.

136

00:20:10.650 --> 00:20:18.300

Village of Parish: cost estimate for this so i'm hopeful that it won't but the sooner able to get a daunting out to bid you know, the better.

137

00:20:22.830 --> 00:20:23.610

Village of Parish: Or, as possible.

138

00:20:24.780 --> 00:20:37.050

Village of Parish: So you need these pages sign and return it's up to you, I mean you can do it tonight I did, or if you wanted Steve to take a look through it and get all these warm welcome to send a copy to see.

139

00:20:38.790 --> 00:20:39.240

Village of Parish: hey.

140

00:20:40.890 --> 00:20:41.340

Village of Parish: Steve.

141

00:20:41.730 --> 00:20:45.510

Stephen Ganetis: yep we talked about that earlier when you call me out there.

142

00:20:46.710 --> 00:20:49.230

Village of Parish: Right, then everything looks in order and.

143

00:20:50.010 --> 00:20:56.460

Stephen Ganetis: You get it looks very similar to the last one I didn't see any excuse me, significant changes, besides the price so.

144

00:20:57.930 --> 00:20:59.910

Stephen Ganetis: I didn't really see anything to significant.

145

00:21:00.990 --> 00:21:03.750

Stephen Ganetis: All right, so what supports desire.

146

00:21:04.950 --> 00:21:06.330

Stephen Ganetis: go with it and that's.

147

00:21:06.450 --> 00:21:15.960

Village of Parish: Like we're saying we don't have yes choices not really I say we will go with it okay your emotion more comfortable.

148

00:21:17.160 --> 00:21:19.320

Village of Parish: yeah so as your recital hall tears on.

151

00:21:43.080 --> 00:21:56.910

Village of Parish: So we have a meeting with our subcontractors CRM tomorrow provided with the band all survey information that we did last week, so we went and opened as many panels, we can locate to gather some information from them.

152

00:21:57.690 --> 00:22:10.500

Village of Parish: So the next step is they're going to bring in a company called to true control to do some ultrasonic sounding on the system to flow flow meter you can see if we can pinpoint that areas, areas are backed up.

153

00:22:11.610 --> 00:22:18.810

Village of Parish: just get as much information as we can to get this report done and over the FC for approvals you guys can get \$30,000.

154

00:22:20.610 --> 00:22:21.210

Village of Parish: Five inches or nine inches well yeah I mean those are much easier to access, you know.

160

00:22:52.740 --> 00:22:57.450

Village of Parish: usually find those with a metal detector obviously the ones are paid that those.

161

00:22:58.680 --> 00:23:08.520

Village of Parish: Those I don't I don't think that we have recovered any up all of them, they covered, it should have been up, I thought based I walked beside it appeared that there were.

162

00:23:11.160 --> 00:23:12.030

206

00:28:44.820 --> 00:28:45.240
paper.

207
00:28:50.220 --> 00:28:52.110
Village of Parish: Alright, continuing.

208
00:28:53.130 --> 00:29:13.470
Village of Parish: don't give any presentations grievances funding unfinished business shared services um I wasn't able to attend the shared service June 23 Jackie did go and Jackie is there anything that you want to share I assumed you would offer would say that we.

209
00:29:14.880 --> 00:29:15.810
Village of Parish: didn't say a word.

210
00:29:17.010 --> 00:29:20.010
Village of Parish: All you have to do is follow what i'm saying what.

211
00:29:24.450 --> 00:29:25.950
Village of Parish: Was it brought up or discuss.

212
00:29:27.300 --> 00:29:30.540
Village of Parish: That too much yeah I think I had told them.

213
00:29:32.010 --> 00:29:42.480
Village of Parish: Oh, the previous meeting, which was way back when i'm not even sure what it was that that project hadn't gone through yet so while the taxes.

214
00:29:43.710 --> 00:29:44.310
Village of Parish: Oh okay.

215
00:29:45.990 --> 00:29:46.320
Great.

216
00:29:47.610 --> 00:29:51.360
Village of Parish: So I don't know when the next meeting will be but they'll, let us know.

217
00:29:54.600 --> 00:29:55.020
Village of Parish: Their.

218

00:29:56.100 --> 00:30:01.980

Village of Parish: National Grid power outages time to find anything out about power outages continue in Parish.

219

00:30:02.220 --> 00:30:19.680

Tom Bullard: Though I you know, and I reached out to her again, and she said that she reiterated, or we told me that she turned that over to the engineering department and then that's where that is and you saw in the reports that we continue to have some outages.

220

00:30:20.700 --> 00:30:29.640

Tom Bullard: I don't think as much as we did previous I think they've improved a little bit i'm not sure, but we had a storm that went through and we're okay why don't we.

221

00:30:31.260 --> 00:30:33.630

Village of Parish: We just had our a Monday, so I think.

222

00:30:35.550 --> 00:30:37.110

Village of Parish: Just yeah.

223

00:30:37.440 --> 00:30:39.480

Village of Parish: yeah not at all.

224

00:30:41.070 --> 00:30:49.170

Village of Parish: Because when they switch them over at the main thing they're not coordinating and shutting the one off before they turn the other one is doing.

225

00:30:50.160 --> 00:30:55.440

Tom Bullard: But it was fast right nail, it was like it like a on and then off for often than not.

226

00:30:56.160 --> 00:30:59.550

Village of Parish: right that that also shuts down a lot of pumps.

227

00:31:00.030 --> 00:31:00.540

Tom Bullard: yeah true.

228

00:31:01.830 --> 00:31:05.790

Village of Parish: And cuz my brother he used to have problem.

229

00:31:07.350 --> 00:31:13.050

Village of Parish: Last guy when they did when he worked at least rollers you know I can get it right.

230

00:31:14.250 --> 00:31:18.510

Village of Parish: There is no way you know we didn't set the bumps on Saturday.

231

00:31:18.990 --> 00:31:25.620

Tom Bullard: We didn't have any problems and Monday at the plan so we were Okay, we got a lot of flow but that's that goes without saying so.

232

00:31:26.250 --> 00:31:36.720

Tom Bullard: So far, so good and we're doing real well with the Grid project that they're pylon of crap around the limitation, but at least we're able to get there do our numbers and stuff like that.

233

00:31:38.160 --> 00:31:39.690

Village of Parish: Okay, very good Thank you.

234

00:31:40.080 --> 00:31:40.620

Tom Bullard: Your walk.

235

00:31:43.200 --> 00:31:49.560

Village of Parish: And the fuel is there any issues or problems there, Tom we've got that sorted out that no.

236

00:31:49.560 --> 00:31:52.950

Village of Parish: You know no coast doing their heating oil.

237

00:31:53.370 --> 00:31:59.220

Tom Bullard: True true bolshie yeah I think what we're gonna be fine so far, so good.

238

00:31:59.850 --> 00:32:00.720

Village of Parish: All right, good.

239

00:32:01.380 --> 00:32:02.910

Tom Bullard: till we come to heating season and.

240

00:32:02.910 --> 00:32:04.740

Village of Parish: everybody's calling because there's no.

241

00:32:04.740 --> 00:32:07.920

Tom Bullard: Fuel delivered but yeah we'll be will be left on the left.

242

00:32:09.210 --> 00:32:11.310

Village of Parish: bottom of the barrel all right, thank you.

243

00:32:12.540 --> 00:32:25.590

Village of Parish: um as far as the key bank goes the bank rehab that's getting done Mr Lowe rock has been working on up the last I had heard from him and i've tried to get in touch with them that they were.

244

00:32:26.490 --> 00:32:44.880

Village of Parish: He was requesting either fans or a dehumidifier in the building because of moisture I would hope there's no moisture any more moisture because that's what he's supposed to be solving this problem and whether we can he said he can open the windows because they're all.

245

00:32:46.020 --> 00:32:59.700

Village of Parish: kind of windows that are in the building a sealed so there's no real Aaron are out to eat magnifier to either a dehumidifier or if we want to think about putting fans in, but he suggested a dehumidifier would be good.

246

00:33:04.710 --> 00:33:07.020

Village of Parish: Alright, so I can.

247

00:33:08.850 --> 00:33:09.180

Village of Parish: work.

248

00:33:10.560 --> 00:33:24.600

Village of Parish: Not I haven't even been in touch i've called and I haven't been in touch with him, so I don't know what kind of progress he's making a recent, and I was hoping that he'd give me a call, we could set up something or at least get an update on it, but I haven't heard from him lately.

249

00:33:27.180 --> 00:33:41.190

Village of Parish: yeah pardon this check pending okay just requested to check Oh well, and fair enough them yeah so okay and approve the check and write it but he's got to meet with you to get it okay that sounds good.

250

00:33:48.960 --> 00:34:01.050

Village of Parish: So have them get a dehumidifier that will take care should take care of some of the moisture position the moisture in there yeah no you'd be surprised how much more should really all right well.

251

00:34:02.160 --> 00:34:02.400
based.

252

00:34:03.510 --> 00:34:07.500
Village of Parish: On the nature me know I get this you got it we got a.

253

00:34:09.180 --> 00:34:09.900
Village of Parish: condition.

254

00:34:11.460 --> 00:34:17.160
Village of Parish: But we got one issue that has been do magnifier on it you'd be surprised me.

255

00:34:20.400 --> 00:34:36.210
Village of Parish: Okay, so we'll do that and get an update from him to find out what's happening and kind of progress he's making it was sounding good and what i'd seen last was good, but it was some time ago, so.

256

00:34:37.380 --> 00:34:49.470
Village of Parish: need to hear some more current up to date information priority communications did they finish or they still there came in and do some update are finished with a.

257

00:34:50.130 --> 00:35:07.140
Village of Parish: power outage tripped it all day and tripped again yesterday, we could silence the beat but they get the data coming in clear the code and reset it has something to do with the one in the clerk's office Okay, well then, the word, whatever it sucks office.

258

00:35:08.160 --> 00:35:10.560
Village of Parish: skirt yeah the judges judges.

259

00:35:11.640 --> 00:35:15.300
Village of Parish: And the guy that does that it was on vacation this week all right so.

260

00:35:16.710 --> 00:35:25.470

Village of Parish: They have to come out to do it to well in case if the guy I talked to didn't know Okay, but the guidance on vacation on it does not you're not available okay.

261

00:35:29.250 --> 00:35:29.670

Right.

262

00:35:32.490 --> 00:35:35.190

Village of Parish: Anything else yeah I want to run off this water.

263

00:35:37.620 --> 00:35:44.970

Village of Parish: In general, or to do this, one project on somebody just say, well, we get more times, maybe we have certain.

264

00:35:47.730 --> 00:35:52.680

Village of Parish: stars emotion made to to start the waterproofing to trigger again okay.

265

00:35:54.120 --> 00:35:56.310

You said, your community.

266

00:35:57.870 --> 00:36:05.760

Village of Parish: Then what why believe that we got an awful lot of now last year, saying they wanted 75% of homes.

267

00:36:06.330 --> 00:36:19.110

Village of Parish: things going back in the day right yeah we had a favorite will report from the from the village residents right, so I want to pursue this right, and I think we will be pursuing the water project, and I think it's.

268

00:36:23.970 --> 00:36:29.010

Village of Parish: Such a water grants are available for the water and wastewater treatment okay.

269

00:36:31.050 --> 00:36:31.440

Village of Parish: Very.

270

00:36:32.730 --> 00:36:36.000

Good work like we're getting stuff done.

271

00:36:37.980 --> 00:36:41.460

it's kind of a waste to no one thinks about the town dawn.

272

00:36:42.570 --> 00:36:44.970

that's wasting money on it and not going.

273

00:36:47.100 --> 00:36:47.700

On same thing.

274

00:36:49.170 --> 00:36:55.620

Village of Parish: Maybe we should have a committee representative of the some of the Community members and.

275

00:36:56.250 --> 00:37:06.360

Village of Parish: Chris Sue direction and get this underway and good I like to make sure that Mr Donald is not on that committee, because you don't you don't stop reverse you'll figure on that one.

276

00:37:06.840 --> 00:37:16.680

Village of Parish: he's not an illusion, I always not always but for some reason he seems to be the expert worries tonight, some people have more expertise and certainly some extra.

277

00:37:17.730 --> 00:37:18.930

Village of Parish: He has an attitude and.

278

00:37:20.250 --> 00:37:30.300

Village of Parish: I just have not ever water well he'd be a town resident and anyways for some reason they seem to think that he was going to be involved with us well.

279

00:37:31.500 --> 00:37:51.000

Village of Parish: Because he is why around solicited other towns, asking them if they want to hook up with the Tom ferry show you how how we have the authority to do that later he may just be verbalizing and not doing anything official name of your there for hours, I just want to get one okay.

280

00:37:53.400 --> 00:37:54.720

So we'll just have to.

281

00:37:55.860 --> 00:37:59.040

Village of Parish: I guess planet develop a plan of attack and see where we go.

282

00:38:00.060 --> 00:38:07.470

Village of Parish: see what we're now we're being hit with the wastewater projects which we have to be careful that we don't.

283

00:38:08.880 --> 00:38:13.080

Village of Parish: overextend our residents and do they want this, they want that.

284

00:38:14.190 --> 00:38:18.960

Village of Parish: We always wanted the water or paying over \$100 a month already for what.

285

00:38:20.340 --> 00:38:20.790

I said.

286

00:38:23.970 --> 00:38:27.570

Village of Parish: there's no you didn't like me on here that I don't eat water.

287

00:38:29.220 --> 00:38:31.830

Village of Parish: you're a big exception of it yeah good you got it.

288

00:38:33.240 --> 00:38:41.160

Village of Parish: don't be stupid don't don't buy water and put it in your well because all you're doing is filling everybody else, so I got that.

289

00:38:43.380 --> 00:38:50.340

Village of Parish: yeah Yes, he tipped over there, except for guy crushed down the road from me.

290

00:38:51.450 --> 00:38:56.700

Village of Parish: He brings in water says it outside pumps it into is no.

291

00:38:58.740 --> 00:39:08.550

Village of Parish: way to container well here's a container outside and then he just runs it to his phone counselor him so he got a lot.

292

00:39:10.050 --> 00:39:15.720

Village of Parish: I know what my neighbors a water documentary we deliver for the one that.

293

00:39:19.140 --> 00:39:22.050
Village of Parish: They pay for that as well.

294
00:39:25.350 --> 00:39:37.740
Village of Parish: Many do others don't so and it's unfortunate those that do not kind of really hurt and realize that especially this summer i'm sure that some of them are going dryer will be if they haven't already.

295
00:39:38.910 --> 00:39:41.040
Village of Parish: Get water late.

296
00:39:42.180 --> 00:39:42.840
No, no.

297
00:39:46.860 --> 00:39:48.600
Village of Parish: No, I know, when I.

298
00:39:49.650 --> 00:39:50.400
Village of Parish: see my garden.

299
00:39:52.740 --> 00:39:55.530
Village of Parish: If I go down people not yeah it's dry.

300
00:39:57.060 --> 00:40:00.270
Village of Parish: guardedness right reason why the rest of town doesn't have water that's all.

301
00:40:02.130 --> 00:40:11.070
Village of Parish: Monitoring is flowers I go down that far, and of course I do water Maybe other days, maybe that maybe that's not a good.

302
00:40:15.090 --> 00:40:18.990
Village of Parish: you're on down and he really you know, the next step for the project and.

303
00:40:20.340 --> 00:40:24.210
Like I said before, it's fun Now I understand why.

304
00:40:26.190 --> 00:40:26.520
Village of Parish: We.

305

00:40:27.930 --> 00:40:28.650
Village of Parish: All the way I.

306

00:40:30.000 --> 00:40:46.650
Village of Parish: thought it was really good that, on the application to Radio for information we have, on how much funding yeah yeah how how much the project has cost, but as we've discussed for for that before we have to make a recommendation, yes underwater.

307

00:40:48.630 --> 00:40:58.800
Village of Parish: leanne older kids discussion about that so again not trying to persuade anybody any way all the numbers are the numbers, in our opinion.

308

00:40:59.910 --> 00:41:01.350
Village of Parish: You know number say.

309

00:41:02.730 --> 00:41:04.800
Village of Parish: it's pretty close to water.

310

00:41:08.790 --> 00:41:09.270
So.

311

00:41:11.040 --> 00:41:17.610
Village of Parish: What he's doing karate kid I bet you when they got to is really.

312

00:41:18.780 --> 00:41:38.490
Village of Parish: Here either you install our pipe and then they'll cover this whole operating system, yes, although you know don't send every bills day fix travel well yeah you know the other way is you revise the Bible from now right but generally higher somebody to operate the system so.

313

00:41:41.070 --> 00:41:50.340
You know that's certainly that's certainly an option to go that route, so we talked to the Mexican will be well this thing turned \$25.

314

00:41:53.040 --> 00:41:53.400
And some.

315

00:41:55.260 --> 00:41:56.910
Village of Parish: English my I got wrong direction.

316

00:41:59.550 --> 00:42:06.810

You know they offered a Scotch now they bring in our Community, they just sell slaughter.

317

00:42:07.980 --> 00:42:20.190

Village of Parish: were first one he painting, and everything Oh, who maintains saying Mexico gave us the same option as well yeah there's basically a lot easier to sell it to.

318

00:42:21.270 --> 00:42:23.220

Village of Parish: Someone in Australia great so.

319

00:42:24.990 --> 00:42:30.030

I forget exactly what they said they charge here, though it was I wish I could tell you the spirit.

320

00:42:31.140 --> 00:42:35.490

Village of Parish: yeah but the way I hear over there, the Mexico they don't always take care of their.

321

00:42:36.510 --> 00:42:48.600

Village of Parish: Patients well I don't know he said they've got a pretty strict routine they go wrong they do now, they do, yes, they do that's what he said, well, he said, and I, and I was speaking.

322

00:42:50.190 --> 00:42:52.230

Village of Parish: There I don't remember his name.

323

00:42:55.710 --> 00:43:06.270

But yeah they go around and you guys get strict schedule legal around they maintain order station all their require is make sure the work he said once a year, to make sure everything works, and it was two years ago.

324

00:43:07.290 --> 00:43:07.710

Village of Parish: Okay.

325

00:43:10.680 --> 00:43:20.190

Village of Parish: And again, I would offer that you know if you wanted to talk to somebody else about their experience town in Mexico, we worked for that they buy their water in our.

326

00:43:20.610 --> 00:43:30.000

Village of Parish: have their system upgraded maintained by the village on the counter reason we also work, for they have a district is provided by the school as well, so.

327

00:43:32.430 --> 00:43:40.020

other avenues if you wanted to speak to folks about their experience let, let us know, and we can facilitate that okay.

328

00:43:41.970 --> 00:43:50.010

Village of Parish: What have they done within the village for they're updating, so I don't work for the bones of Mexico, however, I.

329

00:43:51.660 --> 00:43:54.630

worked for the town of school and you don't work for lunch.

330

00:43:55.680 --> 00:44:02.910

My understanding is they do have a pet project to replace all of their hydrants valves throughout the village Mexico.

331

00:44:03.720 --> 00:44:08.820

that's better funded and I just don't know the status of if it's in design or what have.

332

00:44:09.810 --> 00:44:23.790

They also have machine, we plan to replace their water tower the village of Mexico, the big one up on the hill that's like orange and it's got the black calm, so that they're tending to replace that as well.

333

00:44:27.660 --> 00:44:27.900

Right.

334

00:44:30.900 --> 00:44:31.260

Village of Parish: I think it.

335

00:44:32.370 --> 00:44:33.030

was in design.

336

00:44:34.560 --> 00:44:35.160

I could be wrong.

337

00:44:39.690 --> 00:44:40.260

Okay.

338

00:44:41.700 --> 00:44:43.410

Village of Parish: Yes, I have one.

339

00:44:45.780 --> 00:44:50.700

Village of Parish: Last month, he says how about for was going, I wanted to give us a property on the corner.

340

00:44:53.790 --> 00:45:05.250

Village of Parish: I heard them I don't know I get it directly but yes, it was suppose OK so far along the way, now I notice, I think the paper, the other day.

341

00:45:06.300 --> 00:45:06.630

So.

342

00:45:07.650 --> 00:45:12.090

Village of Parish: paper, the other day I remember right said that the town got it.

343

00:45:13.500 --> 00:45:14.700

Village of Parish: town or village.

344

00:45:17.070 --> 00:45:20.550

Village of Parish: Miller, the corner mill street they said.

345

00:45:22.620 --> 00:45:26.730

Village of Parish: No, we didn't we were just talking with some town article.

346

00:45:27.930 --> 00:45:34.320

Village of Parish: I don't know she's just shuttle was in the paper, so I didn't really did this is something I wrote from your meeting.

347

00:45:35.670 --> 00:45:36.000

Village of Parish: yeah.

348

00:45:38.070 --> 00:45:45.150

Village of Parish: Oh Okay, well, we use pen or some other article from someone or might have been from somebody else editorial.

349

00:45:46.380 --> 00:45:48.360

Village of Parish: editorial that's what that's what she.

350

00:45:50.610 --> 00:45:51.990

Village of Parish: Just somebody just gathering.

351

00:45:54.240 --> 00:46:12.780

Village of Parish: While just yet, because I haven't been in touch with him, but I know that somewhere along the way it was mentioned that he would give us this that corner and on the other hand, it said we didn't want it, so you know we voted on it last month I would vote on it yep there we go.

352

00:46:13.980 --> 00:46:19.680

Village of Parish: discussed it, but it's all about me Okay, I thought okay.

353

00:46:20.940 --> 00:46:21.810

Village of Parish: Another.

354

00:46:23.700 --> 00:46:27.570

Village of Parish: They can feel part sign.

355

00:46:28.950 --> 00:46:34.950

Village of Parish: Close date hopefully they've got the paint how fast, they will can't do part yeah assignment.

357

00:46:45.420 --> 00:46:50.430

Village of Parish: And along that line, we need to have that treat trim that we can.

358

00:46:51.960 --> 00:46:52.320

Village of Parish: We can definitely get you into a dual port level to station which I don't know a lot about that, but this is what his response was to mine.

415

00:54:15.240 --> 00:54:26.940

Village of Parish: inquiry the electrical site work is where we need we may need to meet on site determine the best location for the unit and then put together a full turnkey proposal.

416

00:54:27.480 --> 00:54:44.730

Village of Parish: The good news is good national grid is going to point cover 90% of the electrical Labor work capped at 10,800 for dual port station and with the nicer to grant you should be able to install one dual port station for very close to zero dollars.

417

00:54:46.380 --> 00:54:47.010

So that's.

418

00:54:49.590 --> 00:54:58.650

Village of Parish: that's really not very good spot probably buck or anything or everything on there, barely Methodist church on earth yeah.

419

00:55:01.470 --> 00:55:06.930

Village of Parish: wonder ballpark author, yes, yes, now that's another thing is where.

420

00:55:07.440 --> 00:55:19.980

Village of Parish: I guess it'd be up to you, are you guys know best were in that station, the middle and the end or whatever it to identify and then where we draw the electric from this is what Another thing we were talking about this with read from that.

421

00:55:24.600 --> 00:55:38.070

Village of Parish: They may have they may have someone be yeah with me with them and see what they say yes, so so that's going to be Tuesday June, as you get thirsty what's a better day for you to say all right i'm not missing.

Village of Parish: hours of electric car right there's a house on the corner well do they know they.

423

00:55:45.870 --> 00:55:49.050

Village of Parish: know I know the Kennedy got one.

424

00:55:50.280 --> 00:55:55.080

Village of Parish: Now, with these stations, you have one station with to our lungs yes.

425

00:55:57.450 --> 00:56:00.660

Village of Parish: Two cars, second part two part side by side turns voters.

426

00:56:01.920 --> 00:56:03.330

Village of Parish: probably have to take a credit card.

427

00:56:04.410 --> 00:56:15.750

Village of Parish: Okay, then what all those different ones you got ones that you can charge for people use yeah and then there's other ones that basically me a free service go pretty sure.

428

00:56:17.010 --> 00:56:19.680

Village of Parish: Only one will be free services, plus for.

429

00:56:22.620 --> 00:56:23.760

Village of Parish: A company.

430

00:56:28.050 --> 00:56:32.550

Village of Parish: Now we had one that we use for doing things town.

431

00:56:33.570 --> 00:56:34.710

Village of Parish: or village come here, oh.

432

00:56:36.240 --> 00:56:43.320

Village of Parish: Yes, as far as anybody else coming in, I know there's some other communities that have me like churches in.

433

00:56:44.400 --> 00:56:53.130

Part libraries and stuff and they offer a free service to Community for people who have much there's no reason they put in the library, but.

434

00:56:54.180 --> 00:57:04.980

Village of Parish: I was saying, the other Community and I know that that was part of their community service and they basically it's free anybody that lives in the Community it's free.

435

00:57:05.550 --> 00:57:18.270

Village of Parish: Can Park, it has a car, but they don't really know where people live here, whereas with our parking lot to they can Park, there was a library might not make people realize, we have a public parking area yeah.

436

00:57:19.860 --> 00:57:20.040

Village of Parish: yeah.

437

00:57:21.120 --> 00:57:23.460

Village of Parish: yeah This is all apart.

438

00:57:24.660 --> 00:57:27.180

Village of Parish: I thought we had to sign and we're going to get a sign there but.

439

00:57:28.800 --> 00:57:35.040

Village of Parish: i'm appointed been regarding Level two stations do anything about the levels, no I just I last okay.

440

00:57:35.970 --> 00:57:50.280

Village of Parish: Like a mid mid speed i'll say mid speed charging okay there's a level one or Level three is the highest i'm not sure which made us feel you have to know the level when you charge your carrier, can you go to a one, two or three and it doesn't matter.

441

00:57:51.690 --> 00:57:58.980

It doesn't matter to me, I want to just yeah as long as you've got to your to your you've got the charging D in your car where you actually put them right.

442

00:58:01.320 --> 00:58:09.000

Yes, folks are thinking is on the charging station i'm pretty sure it's a universal fit that goes in any electric other than a tesla.

443

00:58:10.020 --> 00:58:23.040

Village of Parish: Right, but any cars go to the station then Level two car the electric car yeah it Christmas putting in a bank of them up there by the propane tank area.

444

00:58:24.240 --> 00:58:31.050

Village of Parish: Pretty tesla's olivia there, it says these Level two stations typically provide 20 to 25 mile range.

445

00:58:31.530 --> 00:58:42.450

Village of Parish: For our charging so they're good for people driving around town and wanting to top off all their good while they're out and about four hours before heading home they faster than using a regular wall outlet.

446

00:58:43.020 --> 00:58:54.150

Village of Parish: which provides three to five mountain range of hours per hour, but slower than Level three fast charging stations which provides 50 to 300 miles.

447

00:58:54.750 --> 00:59:09.750

Village of Parish: Of range per hour per half hour sorry, depending on the vehicle, you have Level three stations are typically best near

highways, where people are taking road trips or need to change charge from empty to for more quickly.

448

00:59:12.480 --> 00:59:12.870

Okay.

449

00:59:14.670 --> 00:59:18.960

If you need that information I can forward it to you i'll send it up to you.

450

00:59:20.760 --> 00:59:22.050

Village of Parish: So um.

451

00:59:23.760 --> 00:59:28.590

Village of Parish: This makes sense, yes, think about come waste your time.

452

00:59:32.310 --> 00:59:38.850

Village of Parish: No, no, they don't they can't do that they won't be able to with this, because you know well know the the guy.

453

00:59:40.230 --> 00:59:42.270

Village of Parish: The guy who owns the apartment building right there.

454

00:59:43.980 --> 00:59:47.280

Village of Parish: yeah apartment building next to the park.

455

00:59:48.660 --> 00:59:57.210

Village of Parish: Where the flower shop used to be in the forest gump okay used to be yeah Well he complained about all that firearm all that snow there right oh.

456

00:59:59.100 --> 01:00:01.320

Village of Parish: yeah no flooded flooded now is big.

457

01:00:03.930 --> 01:00:04.830

Village of Parish: So.

458

01:00:05.850 --> 01:00:06.900

Village of Parish: They don't do that again.

459

01:00:09.510 --> 01:00:17.640

Village of Parish: I didn't see this little thing so they're cute they know about it out and gets if you think something now they go take it down.

460

01:00:19.380 --> 01:00:28.710

Village of Parish: somewhere else Well, no, they they actually got a place right behind the building there, like a dump it in every once while the snow blowing into the.

461

01:00:30.900 --> 01:00:32.340

Village of Parish: Noise swan.

462

01:00:33.930 --> 01:00:36.090

Village of Parish: swan I know I know building.

463

01:00:38.280 --> 01:00:38.700

Village of Parish: mean.

464

01:00:40.320 --> 01:00:46.770

Village of Parish: Tell me, oh okay oh alright alright yeah the drainage well that runs along.

465

01:00:48.060 --> 01:00:51.240

Village of Parish: Okay Okay, do we have a motion to go ahead with this.

466

01:00:52.470 --> 01:00:53.070

Village of Parish: ED.

467

01:00:54.780 --> 01:00:56.370

Village of Parish: Electrical outlet.

468

01:00:57.600 --> 01:00:58.710

Village of Parish: heart yes.

469

01:01:00.810 --> 01:01:04.830

For electrical all right second.

470

01:01:06.600 --> 01:01:17.520

Village of Parish: Second, second all right good Thank you so we get that underway and let's find out what is it might be a you know this station might have to be a free one.

471

01:01:18.660 --> 01:01:19.200
Which i'm not.

472
01:01:20.760 --> 01:01:21.750
Village of Parish: When I asked the guy.

473
01:01:24.270 --> 01:01:27.780
from her yeah yeah because if you guys are gonna be getting ready to.

474
01:01:28.800 --> 01:01:29.250
treasure.

475
01:01:33.030 --> 01:01:38.010
Okay, and I don't think how pros office to go like miscellaneous income
for a separate set of.

476
01:01:39.480 --> 01:01:40.830
conditions to Dan.

477
01:01:43.380 --> 01:01:43.980
Village of Parish: We will.

478
01:01:47.910 --> 01:01:48.720
Village of Parish: credit card.

479
01:01:50.610 --> 01:01:59.130
Village of Parish: And then it'll go to a station where it will go back
to the village and it might automatically put people back into a backlog.

480
01:02:00.930 --> 01:02:01.740
Village of Parish: automatically.

481
01:02:02.970 --> 01:02:16.470
Village of Parish: But still he's still not account hi guys he or follow
on treasures, if you want you to pay charging face they're going to
account for that revenue coming in, somehow, but your purposes also.

482
01:02:17.880 --> 01:02:18.750
Village of Parish: just say reading over your.

483
01:02:20.850 --> 01:02:22.320
Village of Parish: rental or.

484

01:02:23.340 --> 01:02:25.080
rent what do I want to say.

485

01:02:28.320 --> 01:02:29.130
you're having to say.

486

01:02:30.870 --> 01:02:35.340
Village of Parish: Well, they must have other people are doing with Mrs
felons you doing it, I must.

487

01:02:36.630 --> 01:02:39.210
Village of Parish: catch up well so i'm sure there's a way.

488

01:02:40.470 --> 01:02:42.660
Village of Parish: down is extra income.

489

01:02:44.820 --> 01:02:46.800
Village of Parish: They don't like that either i'm trying.

490

01:02:48.450 --> 01:02:48.600
To.

491

01:02:50.820 --> 01:02:57.990
Village of Parish: Get if it's just a couple of bucks a month, whatever
2770 my credit miscellaneous income.

492

01:03:02.190 --> 01:03:10.770
Village of Parish: Well, the lady come to that is just saying gas we
don't get all about the comfortable i'm sure there isn't no New York
City.

493

01:03:12.300 --> 01:03:15.960
Village of Parish: there's already that those have got it going already
so okay.

494

01:03:17.310 --> 01:03:35.400
Village of Parish: All right, can regroup the contract renewals up for
this year so it's a five year agreement, I hear me yeah 22 to 27 and you
had they say they say anything I read it, but I didn't remember.

495

01:03:36.510 --> 01:03:51.840

Village of Parish: They said anything to them, are they going to raise it every year, or just a five year flat rate guarantee no cause for every year five year five year period that has to be and that's what he doesn't have to be.

496

01:03:54.420 --> 01:03:56.820

Village of Parish: It could be added in this day and age as.

497

01:04:00.150 --> 01:04:02.820

Village of Parish: We budgeted what five nine this year.

498

01:04:04.860 --> 01:04:09.420

Village of Parish: yeah and hit offending commences we progressed over the years.

499

01:04:10.440 --> 01:04:30.150

Village of Parish: But i'm just trying to see what kinds of things, there was only a few comments that made the contract any different than previously now one was one was you couldn't solicit their main during the back for a period of two years in your area and get this one.

500

01:04:32.370 --> 01:04:34.410

Village of Parish: Like if I didn't agree with me.

501

01:04:38.400 --> 01:04:40.200

Village of Parish: which I think is to everybody so.

502

01:04:41.580 --> 01:04:42.420

Village of Parish: What are you going to take.

503

01:04:43.650 --> 01:04:45.630

Village of Parish: advantage to that the contract says, I can't.

504

01:04:47.520 --> 01:04:48.210

Village of Parish: You won't say.

505

01:04:52.830 --> 01:04:55.680

Village of Parish: Good to their people you wouldn't have to find another job.

506

01:04:57.150 --> 01:04:57.540

Village of Parish: that's the way.

507

01:04:58.950 --> 01:05:00.690

You want to look at this boy you.

508

01:05:04.170 --> 01:05:08.340

Village of Parish: Make it failure to have either party to basically.

509

01:05:09.480 --> 01:05:10.710

Village of Parish: responsible for running.

510

01:05:12.600 --> 01:05:15.690

Like Dave Turner said, though, we don't have that many options.

511

01:05:18.660 --> 01:05:27.720

Not only getting found me make it a one year contract make that five year angry angry discussed over here bring it up for really chair, we got it, I mean.

512

01:05:29.940 --> 01:05:32.490

Village of Parish: You know, two year every two years.

513

01:05:33.630 --> 01:05:34.530

Village of Parish: any better.

514

01:05:36.630 --> 01:05:39.630

Village of Parish: controllers office they want us to do it every year.

515

01:05:43.980 --> 01:05:44.250

Was the.

516

01:05:47.370 --> 01:05:56.550

Village of Parish: first thing he says it's better maybe five years with you, because then you've got a standardized amount, but then you it's going to grow up.

517

01:05:56.880 --> 01:06:07.620

Village of Parish: The percent approximately which can easily be determined from going yeah I think I did recent move on cost of living and whenever we do our budget yeah that's what I did I went online, the cost of living for.

518

01:06:08.400 --> 01:06:17.580

Village of Parish: Whatever you're looking at any point 9% or whatever the bravery properly disclose personal security, and I think that's what he usually gauges.

519

01:06:19.980 --> 01:06:21.690

one page one page.

520

01:06:23.820 --> 01:06:28.020

But also kind of in the finance world, they will get a five year plans.

521

01:06:31.230 --> 01:06:32.280

Village of Parish: Well, I know that.

522

01:06:34.320 --> 01:06:34.770

Village of Parish: Our.

523

01:06:35.880 --> 01:06:36.930

Village of Parish: garbage guide.

524

01:06:38.070 --> 01:06:45.120

Village of Parish: don't usually know he's nice he's like he quite often doesn't charge an extra.

525

01:06:50.040 --> 01:06:51.030

2166.

526

01:06:52.050 --> 01:07:02.010

Village of Parish: A year for the last four or five years he's been very good, there are the problem being we will put it out to the beta we got SLIM to no answers the last couple years yeah.

527

01:07:03.930 --> 01:07:11.520

Village of Parish: Well, in one year we whoever We took that one year ended up selling it to a Butler anyway so.

528

01:07:13.500 --> 01:07:14.820

Village of Parish: We have to have assigned by.

529

01:07:16.020 --> 01:07:19.080

Village of Parish: They didn't give me a date they just sent it.

530

01:07:20.430 --> 01:07:22.110

out just for reference I don't have it.

531

01:07:24.660 --> 01:07:25.050

yeah.

532

01:07:26.670 --> 01:07:27.420

Village of Parish: table until next.

533

01:07:29.010 --> 01:07:35.010

Village of Parish: Jackie in a sentence, if you want to look at it now or Seamus email yeah cuz I could break.

534

01:07:38.730 --> 01:07:41.550

Village of Parish: It could I did send it off to everybody, but yes, I.

535

01:07:43.260 --> 01:07:45.540

Village of Parish: mean my wife printed okay.

536

01:07:46.620 --> 01:07:48.810

Village of Parish: All right, and she was going to charge you put paper.

537

01:07:50.040 --> 01:07:52.560

Village of Parish: don't print it up here, no I.

538

01:07:55.500 --> 01:07:56.070

Village of Parish: Think you've just.

539

01:07:57.150 --> 01:07:57.390

545

01:08:22.380 --> 01:08:24.690

Village of Parish: Okay, we need to get moving on right.

546

01:08:25.980 --> 01:08:26.430

Village of Parish: Oh yes.

547

01:08:28.560 --> 01:08:31.710

Student person graduated from high schools, I don't want to use a real.

548

01:08:32.940 --> 01:08:33.660

orange warning if.

549

01:08:36.840 --> 01:08:47.400

Village of Parish: You know if there was a letter composed, I thought I wrote a letter and I didn't have time to look so but i'll ask them and final if there was one and what kind of show me.

550

01:08:48.960 --> 01:08:50.460

Facilities has to be a certain.

552

01:08:55.230 --> 01:09:13.710

Village of Parish: level now this one can the individual can help transfer the shelving that we've got now into their room before you know, rather than having to wait for the new shelving anyways I thought we could just just get to know the shelves and I think what if you know how we have right now.

553

01:09:18.060 --> 01:09:19.050

558

01:09:47.760 --> 01:09:57.420

Village of Parish: To, why are they are Brown, not the same, but then they're not the same brown at their uniform round like cardboard box yeah.

559

01:09:58.290 --> 01:10:12.360

Village of Parish: As opposed to white the white and brown banding a banker's box, but the color is i'm going to really manage the size inbox now that are going on the show via type of bars too because you're doing it for records management, so the right word yeah they have.

560

565

01:10:45.690 --> 01:10:49.830

Village of Parish: Whatever every time it gets down into showbiz downstairs.

566

01:10:51.000 --> 01:11:01.230

Village of Parish: Okay what's our we've got to get in touch with this individual and sort out that he can hopefully still have assistance or no worries that or what's happening now.

567

01:11:02.400 --> 01:11:06.570

Village of Parish: And I thought contact was made when i'm not sure where it stands at the present time.

Village of Parish: Should we address 1854 county route 26 or is that her address that's her and.

571

01:11:34.320 --> 01:11:35.610

Village of Parish: Let me see what's closed.

572

01:11:36.780 --> 01:11:39.360

Village of Parish: For so into their account section.

573

01:11:42.540 --> 01:11:51.480

Village of Parish: single county regulated municipalities eight o'clock to 4pm on the six in parish location.

574

01:11:55.950 --> 01:11:58.740

resident and engineer, why would that matter.

575

01:12:00.090 --> 01:12:15.210

Village of Parish: single county contests are especially vince permanent transportation here by a third authorizes the applicant to conduct the above mentioned activity and state highways consistent with federal local law, subject to provision.

576

01:12:17.490 --> 01:12:29.160

Village of Parish: hereby authorizes the applicant to conduct the above mentioned doesn't say county events regulated by the affected municipalities old home days.

577

01:12:30.120 --> 01:12:40.710

A little.

582

01:13:06.570 --> 01:13:09.270

Village of Parish: Little section so she.

583

01:13:10.470 --> 01:13:16.380

Village of Parish: Finally, she said it finally found its way to the right department and she got the approval that she was waiting for I don't know what it's been.

584

01:13:18.030 --> 01:13:18.450

Village of Parish: fun.

585

01:13:19.740 --> 01:13:27.750

Village of Parish: But she said she had this well underway and organized, so we want to change it now, but she said, they are considering it for next year, but that's good too, because now she's they got people.

586

01:13:28.110 --> 01:13:38.520
