Village of Parish: You can operate without water and so.

34

00:06:18.390 --> 00:06:23.790

Village of Parish: What we did this this month was we had for the North metro station and i'm not.

35

00:06:24.870 --> 00:06:30.450

Village of Parish: completely sure part of the vibration work that's been done that bridge.

36

00:06:32.580 --> 00:06:32.820

Village of Parish: The.

37

00:06:34.050 --> 00:06:34.860

Village of Parish: control system.

38

00:06:37.710 --> 00:06:38.550

Village of Parish: Now that happens.

39

00:06:40.680 --> 00:06:44.760

Village of Parish: doesn't run it fills that live station and the.

40

00:06:47.220 --> 00:06:48.180

Village of Parish: Across the street kids.

41

00:06:50.370 --> 00:06:52.830

Village of Parish: caster come in with with a.

42

00:06:54.210 --> 00:06:55.980

Village of Parish: truck sweeper.

43

00:06:59.160 --> 00:07:09.660

Village of Parish: Gentlemen that big back and check cleared the construction area clean the tank completely out and install temporary sniper bail on this incoming.

44

00:07:11.430 --> 00:07:21.390

Village of Parish: um it didn't have one, no, no, no, it was there, it was it was right it off it's all that stage so.

45

00:07:22.980 --> 00:07:32.640

Village of Parish: They got the measurements down they got they got one in there that works, I have a stainless steel something that's not so they're looking into.

46

00:07:35.130 --> 00:07:43.740

Village of Parish: So far, and we noticed that the plan, since we clean that mistake out, we had a guy inside, I think I sent you a picture of the guy.

47

00:07:45.180 --> 00:07:50.970

Village of Parish: But he's down there he cleaned it all we need only the protocols for their for a confined space.

48

00:07:52.350 --> 00:07:53.040
Village of Parish: To meter.

49
00:07:54.150 --> 00:07:56.220
Village of Parish: tripod you slipped into a harness.

50
00:07:57.990 --> 00:08:12.330
Village of Parish: What Mike is notice that the plant, since you didn't clean that out that one station at tomatoes, the grid and the grid room is decreased into the plants have all the better still heavy but.

51
00:08:13.440 --> 00:08:22.740
Village of Parish: Then I sent you a proposal to clean the other too much stations North rap know South barrel, and the church street one they have never been.

52
00:08:23.490 --> 00:08:35.250
Village of Parish: But there they get credit for them this forever no i've never been out is that something that's supposed to be in a regular maintenance okay sure yeah I, I think, I think.

53
00:08:35.730 --> 00:08:46.350
Village of Parish: That should be done every five years, or something will heal and what we've been doing since we started our cruise control program we've been a natural way to the.

54
00:08:47.310 --> 00:08:57.480
Village of Parish: radio stations at 22 grinder stations in the system we've also added recent prospects in the in the middle of stations, but even still there's still.

55
00:08:58.530 --> 00:09:03.480
Village of Parish: All that stuff just gets accumulated in the Bible that takes and just just.

56
00:09:04.740 --> 00:09:08.940
Village of Parish: Like each one of those sweepstakes divorce so.

57
00:09:11.940 --> 00:09:12.090
I.

58
00:09:13.140 --> 00:09:15.660
Village of Parish: believe we conquer everything over to the deal.

59

00:09:16.770 --> 00:09:18.930

Village of Parish: talked about that last month or right.

60

00:09:20.160 --> 00:09:21.780

Village of Parish: A little better I kind of have.

61

00:09:25.380 --> 00:09:31.680

Village of Parish: something to say I can never get it right so run a little better, but it's still coming in, so it's still.

62

00:09:32.970 --> 00:09:33.480

Village of Parish: Heavy.

63

00:09:35.130 --> 00:09:37.170

Village of Parish: Because of the grinder stations.

64

00:09:39.690 --> 00:09:47.970

Village of Parish: it's all round up, then it gets ground up in the loop station gets rid of the woods discusses ground up and then it's sent to the plan and it's all over it's like a what I call a milkshake.

65

00:09:48.450 --> 00:09:54.840

Village of Parish: And it's hard to process of nutrients so, but what i'd like to do is get that South can't pump out and it's not cheap.

66

00:09:56.190 --> 00:10:03.480

Village of Parish: And you realize that self tape to go into that what comes into this deployment version goes into that South chain, we mix it.

67

00:10:04.080 --> 00:10:13.710

Village of Parish: area and then total the cabinet to the north tank and then process it and what it's called an equalization tank it's good stuff so i'm a lover.

68

00:10:14.190 --> 00:10:29.640

Village of Parish: And that's a long term we're looking for room for for wintertime this a new process, they don't do that now going into the summer we don't know yeah it's not it's not being done now, but that that would be, it would be a helpful solution to before the upgrade.

69

00:10:30.930 --> 00:10:45.600

Village of Parish: What this what holiday number is yeah that's the one holiday that would that would take all the liquid that's in that tank the

aeration the zone one song to the digestion to clarify will be just a movie fl and we've cleaned it into the guys That was good.

70

00:10:46.980 --> 00:10:53.640

Village of Parish: We did clean the north, where will the station when we had the problem would be pure oil.

71

00:10:55.290 --> 00:10:56.070

Village of Parish: As you recall.

72

00:10:57.720 --> 00:11:08.070

Village of Parish: Now you said, this should be done every five years incentive schedule that you maintain on planners this I think so, and I think we've got a number, now that we should probably start putting that in the budget, you know and.

73

00:11:09.570 --> 00:11:16.470

Village of Parish: it'd be identified that as it as an item that we would use particularly just for that.

74

00:11:17.520 --> 00:11:26.460

Village of Parish: purpose, so we look into the tank I would say, every five years, but you know we keep a track of it in five years, comes out in four years we look five years.

75

00:11:26.790 --> 00:11:33.120

Village of Parish: It looks like it's good, and then we could cite it to the next year, but we've already added the budget will already have in the budget for next year.

76

00:11:33.390 --> 00:11:48.630

Village of Parish: The following year, so much that would be put aside that would be identified just for that purpose, God doesn't mean the maintenance schedule yeah everything you said a pop up that yeah you know we do we we don't, but we still have the PM schedule budget for the.

77

00:11:50.400 --> 00:11:53.280

Village of Parish: fall that long it will just keep keep.

78

00:11:54.660 --> 00:12:04.740

Village of Parish: good economic sense, and I think if we can stick to a schedule of some sort so that things don't get out of hand randomly and stuck there and we know.

79

00:12:05.370 --> 00:12:16.260

Village of Parish: we've got to put a sign no charge or no, no it's a better idea was this problem with the North, through our that didn't get back to fuller's building at all, yes.

80

00:12:16.860 --> 00:12:28.710

Village of Parish: or no, I heard anything from him i'm sure in the previous time I did yeah I think he would have if there was any and he did come over he's very nice gentleman.

81

00:12:29.460 --> 00:12:42.090

Village of Parish: very, very patient he understands what's going on he's he's not happy with the bridge construction, because this is affecting his building so i'm pretty sure that there's a.

82

00:12:43.230 --> 00:12:46.320

Village of Parish: lot of vibration and every because.

83

00:12:47.400 --> 00:12:49.080

Village of Parish: You know, not even anymore.

84

00:12:50.280 --> 00:12:51.240

Village of Parish: they're all working a little.

85

00:12:53.940 --> 00:12:54.630

Village of Parish: bit on the Florida.

86

00:12:57.120 --> 00:13:02.970

Village of Parish: Florida yeah there's there's probably two or three people in there now yeah one of them was in.

87

00:13:05.040 --> 00:13:09.780

Village of Parish: The closet for this construction there's no I know it's before Cobra.

88

00:13:10.890 --> 00:13:15.960

Village of Parish: date the server for a moment, probably found out that they get to everything they do right.

89

00:13:21.780 --> 00:13:23.160

Village of Parish: that's true I wish I could.

90

00:13:25.800 --> 00:13:28.410

Village of Parish: do come up sitting at home watching a truck.

91

00:13:31.800 --> 00:13:32.640

Village of Parish: driver from home.

92

00:13:33.840 --> 00:13:46.260

Village of Parish: One of the things I wanted to point out also did fail this month or or Morgan was a little elevated and that that was taken before.

93

00:13:47.460 --> 00:13:55.110

Village of Parish: We could mean that they're that out, we just after we had the issues with the air we built more solids and we're trying to.

94

00:13:56.250 --> 00:13:57.330

Village of Parish: get everything come back.

95

00:13:58.500 --> 00:13:59.100

Village of Parish: We just need to.

96

00:14:00.840 --> 00:14:05.010

Village of Parish: start again so that's what we should be looking forward.

97

00:14:07.740 --> 00:14:07.980

Village of Parish: We will.

98

00:14:20.130 --> 00:14:20.640

Village of Parish: Much better.

99

00:14:25.980 --> 00:14:34.830

Village of Parish: Now you need this proposal, signed in return back to you know the PM the pod revised fill up here get those get those.

Village of Parish: I was just curious I was estimated 45,000 down there now travel time in.

121

00:17:38.490 --> 00:17:47.610

Village of Parish: Two days, two charts and while there's the truck they bring the big rig to be strong haulers and bring it.

122

00:17:49.020 --> 00:17:50.550

Village of Parish: Is live stations in one they're.

125

00:18:00.450 --> 00:18:02.490

Village of Parish: still affected by the range.

135

00:19:15.780 --> 00:19:26.970

Village of Parish: By doing that and sound the same start to use that as a baseline as an eq basin, which then should allow us to process everything easier because we have over.

136

00:19:28.110 --> 00:19:28.710

Village of Parish: Hopefully.

137

00:19:30.360 --> 00:19:34.290

Village of Parish: We don't have all that rain coming a little bit slower.

138

00:19:37.950 --> 00:19:39.990

Village of Parish: yeah we went from.

139

00:19:44.280 --> 00:19:45.150

Village of Parish: Within the beginning was national changing get the first goals were down at night.

141

00:19:55.920 --> 00:19:58.620

142

00:20:00.840 --> 00:20:01.710

Village of Parish: within four days and.

143

00:20:04.890 --> 00:20:05.220

00:30:01.980 --> 00:30:02.580
construction.

00:30:03.720 --> 00:30:06.060
Village of Parish: One came from from that one operating.

215
00:30:07.680 --> 00:30:10.770

Village of Parish: restoration.

222
00:31:41.790 --> 00:31:43.470
Village of Parish: Revised printing.

223
00:31:47.580 --> 00:31:57.780

Village of Parish: is for you, as a result, run out of those i'd be happy to provide you with more are available via reprinting ran I ran out of the first printing.

224

00:31:58.380 --> 00:32:14.220

Village of Parish: And we went to get it printed and i'm sure you've heard because of common problems that have been in the publishing industry with availability of paper and ability to get print jobs, like that, because of the shortage of paper, but we were in last if we get some more computer off so.

225

00:32:15.420 --> 00:32:19.620

Village of Parish: The total Commission currently has an opening for projects specialist.

226

00:32:20.790 --> 00:32:27.840

Village of Parish: applications are open until September 1 and more information is available on the website Community July 29 pikeville times.

227

00:32:28.710 --> 00:32:35.130

Village of Parish: And you already know about the New York forward grant program we've been assisting all the communities and the reason that we're interested in.

228

00:32:36.120 --> 00:32:43.440

Village of Parish: applying for that it's selling an interesting program it's basically a scaled down version of the existing downtown revitalization initiatives.

229

00:32:44.130 --> 00:32:57.240

Village of Parish: such as the city, the speaker take advantage of and what they decided is is they can scale down to make the scale more appropriate for smaller rural communities and get out more words that way as well, so.

230

00:32:59.100 --> 00:33:06.990

Village of Parish: This is their first time through with the movie or forward program they are currently anticipating that they'll do it again.

231

00:33:07.470 --> 00:33:13.260

Village of Parish: Next year, but this first year they're doing a lot of feeling our way through the process to see how it works and.

232

00:33:13.830 --> 00:33:25.650

Village of Parish: What they're trying to accomplish is being accomplished by the way they have program setup so could very well be there's changes between this year and program does come around again.

233

00:33:26.790 --> 00:33:37.140

Village of Parish: Next year, one of the very good things that you did is you got your application man, and what that does is the applications are due on September 23.

234

00:33:37.680 --> 00:33:49.140

Village of Parish: But getting your letter of intent and means you're getting consulting time was consultants that will help you talk through the possibilities and see what kind of a fit, you are the Program.

235

00:33:50.070 --> 00:33:58.200

Village of Parish: That may be that you'll find that you're not ready to apply this year and we do some more work to be more ready for next year, but that's.

236

00:33:58.680 --> 00:34:05.970

Village of Parish: Like so that's the advantage of the early part of the processes you're going to get some additional insights that will help you.

237

00:34:06.240 --> 00:34:17.310

Village of Parish: shape that any application, you may make before the actual application date so it's kind of like having a collection of partner to help you through this process so that's that's extremely useful.

238

00:34:18.870 --> 00:34:30.150

Village of Parish: So what's the New York firm program the mission just released a new issue paper on regulating your turn and.

239

00:34:31.560 --> 00:34:32.310

Village of Parish: Talk to of that.

240

00:34:33.540 --> 00:34:34.740

Village of Parish: paper for you.

241

00:34:42.420 --> 00:34:43.440

Village of Parish: Last night.

242

00:34:44.670 --> 00:34:48.780

Village of Parish: As we will county has a new Visitors guide brochure outside.

243

00:34:58.350 --> 00:34:59.130

Village of Parish: that's all I.

244

00:35:07.560 --> 00:35:08.100

Village of Parish: accepted this.

245

00:35:10.860 --> 00:35:11.280

Village of Parish: paper.

246

00:35:13.170 --> 00:35:13.680

Village of Parish: with you.

247

00:35:15.810 --> 00:35:19.260

Village of Parish: Okay unfinished business, there is the question.

248

00:35:22.050 --> 00:35:23.580

Village of Parish: What happens when I couldn't find a.

249

00:35:25.020 --> 00:35:25.710

Village of Parish: pole barn.

250

00:35:32.970 --> 00:35:33.240

Village of Parish: here.

251

00:35:34.500 --> 00:35:34.740

Oh.

252

00:35:37.080 --> 00:35:38.760

Village of Parish: Richard anything about that.

253

00:35:44.940 --> 00:35:46.470

Village of Parish: Alright street corner.

254

00:35:47.940 --> 00:35:48.960

Village of Parish: For gifting.

255

00:35:50.190 --> 00:35:53.850

Village of Parish: going to get the village, the corner of the street.

256

00:35:57.180 --> 00:35:58.020

Village of Parish: and

257

00:36:03.450 --> 00:36:05.310

Village of Parish: You have to take.

258

00:36:08.730 --> 00:36:09.540

Village of Parish: Something.

259

00:36:11.490 --> 00:36:13.650

Village of Parish: i'm not sure what purpose of.

260

00:36:15.390 --> 00:36:19.800

Village of Parish: what's going to cost us, we have worked a lot, we have to have somebody follow.

261

00:36:21.690 --> 00:36:22.350

Village of Parish: we're gonna we're.

262

00:36:23.670 --> 00:36:34.260

Village of Parish: gonna probably blocked after something to make it usable in the winter season and soil and grass over then it could be a problem, but.

263

00:36:36.240 --> 00:36:37.830

Village of Parish: always get the next to us.

264

00:36:40.800 --> 00:36:43.260

Village of Parish: isn't there are some zoning or something that.

265

00:36:45.480 --> 00:36:45.870

Village of Parish: So we.

266

00:36:49.860 --> 00:36:55.770

Village of Parish: know there are some issues or let's see said something about issues that you're here with us.

267

00:36:58.530 --> 00:36:59.100

Stephen Ganetis: I am.

268

00:37:07.860 --> 00:37:08.580
Stephen Ganetis: Can you guys hear me.

269
00:37:19.020 --> 00:37:19.380
Stephen Ganetis: Now.

270
00:37:32.970 --> 00:37:33.360
Stephen Ganetis: Hello.

271
00:37:40.740 --> 00:37:41.100
Stephen Ganetis: Okay.

272
00:37:42.450 --> 00:37:44.340
Village of Parish: Speakers around 100.

273
00:37:45.630 --> 00:37:46.710
Village of Parish: Hearing anything.

274
00:37:47.640 --> 00:37:48.180
Stephen Ganetis: anything at all.

275
00:37:54.900 --> 00:37:55.740
Stephen Ganetis: How about now.

276
00:38:00.150 --> 00:38:00.780
Stephen Ganetis: How about now.

277
00:38:01.290 --> 00:38:02.340
Village of Parish: Oh, we can hear you now.

278
00:38:02.640 --> 00:38:04.530
Stephen Ganetis: There we go all right good here.

279
00:38:06.300 --> 00:38:09.900
Stephen Ganetis: Alright, so questions regarding the property yes.

280
00:38:12.360 --> 00:38:14.070
Village of Parish: yeah didn't You say there are some restrictions.

281
00:38:15.780 --> 00:38:22.830

Stephen Ganetis: I wasn't aware of any restrictions for this particular property i'll have to look into the exact zoning I just said that.

282

00:38:23.640 --> 00:38:38.460

Stephen Ganetis: We would have to I think what were the restriction one was back when we were granting the easement this one's a little bit different, this is a different topic in that there's basically a house this guy wants to give us.

283

00:38:39.330 --> 00:38:40.020

Village of Parish: Oh there's no house.

284

00:38:42.660 --> 00:38:44.430

Stephen Ganetis: It well there was one at one point.

285

00:38:46.050 --> 00:38:47.580

Stephen Ganetis: According to Google maps, at least.

286

00:38:49.500 --> 00:38:53.040

Village of Parish: I just couldn't remember exactly your email sent it out and he said some about that property.

287

00:38:53.790 --> 00:39:05.910

Stephen Ganetis: Well, I think the issue is we'd have to pay for all of the transcript transcribing costs and things like that so that's he's gifting it to us, but we need to pay to get into RNA so.

288

00:39:07.260 --> 00:39:07.800

Stephen Ganetis: it's.

289

00:39:10.290 --> 00:39:17.160

Stephen Ganetis: I not entirely sure of the exact cost as of right now i'm wondering, and Mr command is just going to do, like a simple property transfer.

290

00:39:17.490 --> 00:39:28.650

Stephen Ganetis: I don't think we're doing anything crazy like title insurance or anything like that, so the cost should be relatively minimal, but it's still do we want just random property a.

291

00:39:29.970 --> 00:39:30.420

Village of Parish: Right.

292

00:39:31.920 --> 00:39:34.770

Village of Parish: I mean it's fairly close for those parking.

293

00:39:35.340 --> 00:39:36.720

Stephen Ganetis: No you're completely right.

294

00:39:37.620 --> 00:39:39.090

Village of Parish: Now we don't.

295

00:39:39.270 --> 00:39:41.820

Stephen Ganetis: have a perfect spot for an electrical.

296

00:39:43.080 --> 00:39:45.300

Stephen Ganetis: One of those ev chargers we've been talking about.

297

00:39:45.900 --> 00:39:49.080

Village of Parish: and make a better location we're getting it.

298

00:39:52.170 --> 00:39:52.470

Just right.

299

00:39:58.260 --> 00:40:01.020

Village of Parish: Okay, for some reason that there was a somewhere.

300

00:40:02.400 --> 00:40:03.780

Village of Parish: I can't remember exactly it was.

301

00:40:04.500 --> 00:40:08.820

Stephen Ganetis: i'll look into it, to see if I did say something, but to be honest, when I first brought I.

302

00:40:09.150 --> 00:40:15.180

Stephen Ganetis: i'm having a little bit of difficulty remember when I first brought this up, I don't think there was any sort of poison pill or anything here attached.

303

00:40:15.720 --> 00:40:24.120

Stephen Ganetis: That we should worry about, but I will redouble my effort look at, but it probably a good idea to decide that barring a poison pill, would you guys accept it.

304

00:40:25.140 --> 00:40:30.510

Village of Parish: Oh, you said there's an understanding that there might be a code issue with this property may want to give some leniency.

305

00:40:31.320 --> 00:40:36.450

Stephen Ganetis: yeah so it's my understanding that I think he's gotten hit for like over brush or something like that.

306

00:40:36.840 --> 00:40:46.230

Stephen Ganetis: And since it's since we'd be given taken the property and it's taken us a little bit of time to decide i'd say it's probably not necessarily fairly he gets hit with the full.

307

00:40:47.250 --> 00:40:52.890

Stephen Ganetis: amount of the code issue but that's me i'm not a i'm not part of the government here i'm just offering suggestions.

308

00:40:53.520 --> 00:40:54.870

Village of Parish: As about what about that okay.

309

00:40:57.210 --> 00:40:57.900

Village of Parish: That makes more sense.

310

00:40:59.940 --> 00:41:02.100

Village of Parish: Outstanding just one.

311

00:41:05.010 --> 00:41:07.980

Village of Parish: person whoa whoa whoa whoa.

312

00:41:10.320 --> 00:41:12.840

Village of Parish: can be done anything about it, we were.

313

00:41:13.860 --> 00:41:14.040

Village of Parish: We.

314

00:41:15.570 --> 00:41:15.960

Village of Parish: Were.

315

00:41:17.970 --> 00:41:18.570

Village of Parish: Making laws.

316

00:41:24.420 --> 00:41:26.250

Village of Parish: So we do like an emotion.

317

00:41:30.990 --> 00:41:42.090

Village of Parish: Yes, I mean, do you think we need to enter the factory yeah we can put the station where it's more visual market, I mean so fast that i've ever parking on the sidewalk.

318

00:41:43.980 --> 00:41:44.250

00:41:57.030 --> 00:41:59.130

Village of Parish: Absolutely, the blacktop.

322

00:42:02.040 --> 00:42:03.960

Village of Parish: that's some serious money or if there's.

323

00:42:07.950 --> 00:42:08.760

Village of Parish: Something here.

324

00:42:09.840 --> 00:42:11.430

Village of Parish: Someone was i'd be a little cheaper.

325

00:42:12.720 --> 00:42:19.380

Village of Parish: than black hat on as it works in the winter and then somebody goes know we could do without knowing melons right.

326

00:42:21.810 --> 00:42:25.680

340

00:43:21.510 --> 00:43:23.250

343

00:43:35.400 --> 00:43:35.880

Village of Parish: expiration date or 722 it's been extended to January 20 to 2023 so the point is.

346

00:43:57.090 --> 00:43:59.580

Village of Parish: That are still all right.

347

00:44:02.310 --> 00:44:04.650

Village of Parish: i'll see if I can get my kidding me like the Bush down.

348

00:44:06.030 --> 00:44:07.170

Village of Parish: So I hope you'll.

349

00:44:10.140 --> 00:44:11.100

Village of Parish: see that are you know.

350

00:44:12.330 --> 00:44:18.270

Village of Parish: And he said makes mainly ins, for example, and take it from our responsibility to keep knockout.

351

00:44:20.730 --> 00:44:22.920

Village of Parish: Others for dollar so we don't.

352

00:44:24.510 --> 00:44:27.090

Village of Parish: We don't you don't want weeds grow our.

353

00:44:30.630 --> 00:44:32.220

Village of Parish: scoring works really well for that.

354

00:44:35.220 --> 00:44:41.970

Village of Parish: Right um I don't know what I did I jumped around I guess the camden group contract, we know.

355

00:44:43.200 --> 00:44:55.140

Village of Parish: That was do may and look it over and basically it's pretty much the same as what previous thing except there was the last point that he had.

356

00:44:56.610 --> 00:44:57.120

Village of Parish: Is.

357

00:44:58.830 --> 00:45:07.140

Village of Parish: I want to know what the deal, why they want to show us a PM schedule says, right in the contract and they can't give me one is, for one, even if it.

358

00:45:08.520 --> 00:45:12.900

Village of Parish: Is when we make that will will prove it and will sign it once we get the.

359

00:45:14.700 --> 00:45:15.420

Village of Parish: emotional now.

360

00:45:16.620 --> 00:45:25.470

Village of Parish: i'm good with the fact that they would just tell me when we haven't had the manpower we haven't done instead of getting smaller and everyone is on their.

361

00:45:27.000 --> 00:45:30.570

Village of Parish: wall and we can put up signing it until we get it so.

362

00:45:31.770 --> 00:45:35.190

Village of Parish: It doesn't frighten the contract that they do it and they shouldn't have a start doing.

363

00:45:35.580 --> 00:45:43.860

Village of Parish: It should have a schedule How often do six months every year or every five years, what did work that's done, we should have a checklist well that's what I view is saying every day.

364

00:45:44.790 --> 00:45:57.930

Village of Parish: For that one right but not everything everything and i'd like to see the chart so we have a chart here and we can keep

checking on yes is getting done, though it's not getting done, and if we have issues well wants because somebody didn't do that.

365

00:45:59.460 --> 00:46:07.110

Village of Parish: Why why can't you just go on to the next one, I don't want to be like curious say we're not we're not.

366

00:46:08.160 --> 00:46:10.410

Village of Parish: so hard to say, well, you don't know.

367

00:46:12.900 --> 00:46:16.260

Village of Parish: Well yeah I am if you want that I say we're.

368

00:46:17.790 --> 00:46:21.900

Village of Parish: Going you know will prove it, the site once we get that.

369

00:46:24.180 --> 00:46:31.110

Village of Parish: And we'll post, you know we can post it to whatever retailer when we get the PM scheduled yeah.

370

00:46:40.200 --> 00:46:41.250

Village of Parish: yeah i'm surprised.

371

00:46:46.320 --> 00:46:50.190

Village of Parish: You didn't include was the last item which was.

372

00:46:52.290 --> 00:46:52.680

Village of Parish: On.

373

00:46:53.910 --> 00:46:57.090

Village of Parish: which I thought that was an issue that we have discussed.

374

00:46:58.350 --> 00:46:59.850

Village of Parish: And that was.

375

00:47:07.980 --> 00:47:10.590

Village of Parish: teacher for them, so any other way.

376

00:47:13.680 --> 00:47:16.020

377

00:47:17.610 --> 00:47:22.290

Village of Parish: It was the only facing different in there is some other number of things, but.

378

00:47:24.990 --> 00:47:25.230

Village of Parish: From.

379

00:47:26.760 --> 00:47:29.250

Village of Parish: keep getting stuck with these means problems.

380

00:47:30.360 --> 00:47:35.760

Village of Parish: recently been this way.

442

00:55:32.130 --> 00:55:33.510

Village of Parish: Neil networks, the.

443

00:55:36.510 --> 00:55:39.990

Village of Parish: plugins person who is give us a.

444

00:55:42.630 --> 00:55:56.220

Village of Parish: quote what it would cost, to put it over there at the by the Church, but enough in his church and now that we have this other property, we can do both or have to quote on doing that parking lot.

445

00:55:57.840 --> 00:56:15.120

Village of Parish: Less new one, the new date and not sure what's most efficient and in most effective if we wanted to in different locations, or just want in this location and up till now it's been located at a church near the church Jason to the town are.

446

00:56:17.580 --> 00:56:27.900

Village of Parish: busy or whatever so right now that's a little quote will be, and it will be implemented with that location at the present time.

447

00:56:29.190 --> 00:56:42.540

Village of Parish: To get the information back with more questions, but for night right now that's where it was supposed to be, and they said they get back email them on them, and they should be, because I.

448

00:56:43.590 --> 00:56:45.000

Village of Parish: haven't heard anything back yet.

449

00:56:46.440 --> 00:56:46.800

Village of Parish: Yes.

450

00:56:48.720 --> 00:56:50.790

Village of Parish: No men.

451

00:56:51.870 --> 00:56:52.740

Village of Parish: still waiting.

452

00:56:54.360 --> 00:57:01.020

Village of Parish: Did Dr Neil say if they said that will occasionally worker power was closing off or anything like that.

453

00:57:03.090 --> 00:57:11.190

Village of Parish: you're supposed to them yeah he did meet with them and there wasn't any issues and that only was a quick little meeting and it worked well.

454

00:57:11.850 --> 00:57:22.350

Village of Parish: And he seemed to be pleased with what he heard and interaction he hasn't been I don't know what we have any kind of issues with this location for connecting in.

455

00:57:22.950 --> 00:57:34.980

Village of Parish: Trade for it, or we have it better, maybe more power over a mistake that we went over there, or maybe closer to do a poll or something okay well, maybe.

456

00:57:45.900 --> 00:57:51.630

Village of Parish: I are here for a while, give them out actually i'll send an email tomorrow see if I get a response from them and then.

457

00:57:53.790 --> 00:57:55.230

Village of Parish: put it in the streets like.

458

00:58:00.870 --> 00:58:02.100

Village of Parish: cancel park.

459

00:58:03.390 --> 00:58:11.130

Village of Parish: Sign we had Kathy our dice with a nice update on the site looks very good and appreciate her efforts on that.

460

00:58:12.840 --> 00:58:17.580

Village of Parish: You have a welcome sign out by tom's house that we want to have addressed.

461

00:58:19.260 --> 00:58:27.390

Village of Parish: Week i'll probably get to it next week, I hope I love vacation so he's on vacation but.

462

00:58:29.130 --> 00:58:44.220

Village of Parish: That would be good, so that one done and one ago tree trimming Greg was supposed to come in and do some or were saying they would they would have the numbers that they were supposed to do and I.

463

00:58:46.560 --> 00:58:50.460

Village of Parish: should have been, it would be nice for world will.

464

00:58:52.830 --> 00:58:53.490

Village of Parish: Bring over.

465

00:58:54.900 --> 00:58:58.320

Village of Parish: and asked me if I can meet with him, I said yeah she's gonna call him.

466

00:58:59.640 --> 00:59:04.140

Village of Parish: So he's pretty busy with doctors appointments for that whatever anyways.

467

00:59:05.610 --> 00:59:24.390

Village of Parish: There was a concern with getting a tree trail because he was walking me speed sign and I had spoke to the town man, they were going to be thinking about it, so they may trim some of the tree is risen to the top and maybe the Channel from the bottom.

468

00:59:25.980 --> 00:59:29.580

Village of Parish: be nice to get turned back so I.

469

00:59:30.780 --> 00:59:31.260

Village of Parish: can do and.

470

00:59:32.730 --> 00:59:34.260

Village of Parish: that's the post office basically.

471

00:59:37.710 --> 00:59:40.710

Village of Parish: What I had my truck I wanted to take the shuttle.

472

00:59:43.320 --> 00:59:45.660

Village of Parish: didn't say no, you do know.

473

00:59:48.210 --> 00:59:49.170

Village of Parish: The whole tree down.

474

00:59:50.430 --> 00:59:51.720

Village of Parish: The whole \$3 last.

475

00:59:53.190 --> 00:59:55.410

Village of Parish: Long as it's not to touch any bar oh.

476

00:59:58.050 --> 00:59:58.290

yeah.

477

01:00:02.460 --> 01:00:05.490

Village of Parish: He can't you don't touch it I gotta bring your truck over.

478

01:00:06.960 --> 01:00:09.270

Village of Parish: There you go that's called glad you.

479

01:00:15.480 --> 01:00:21.930

Village of Parish: mentioned leaves or that patient as well Oh well, you mentioned recently added a critical part.

480

01:00:23.310 --> 01:00:30.150

Village of Parish: Of the station no he didn't tell me he doesn't sound that number, we need to learn music in the park or.

481

01:00:32.730 --> 01:00:40.620

Village of Parish: anything until they have more information is wants to run more leads on calls for lights Christmas lights and stuff like that that's what that is okay.

482

01:00:41.010 --> 01:00:50.040

Village of Parish: i'll that because I know he's talking about that one run more leads on some of these calls, so you can have some of these extra lights, we got for Christmas and start.

483

01:00:52.830 --> 01:00:54.120

Village of Parish: Company sure that's what it was about.

484

01:00:58.530 --> 01:01:00.120

Village of Parish: Probably the Christmas light.

485

01:01:05.790 --> 01:01:06.150

Village of Parish: leaves.

486

01:01:08.910 --> 01:01:29.190

Village of Parish: Right records room transfer we've made contact with the individual who's going to assist with making the transfer and you're going to meet with them tomorrow nine in the morning and, hopefully, you can move boxes and shelving whatever needs to get done with everything.

487

01:01:30.270 --> 01:01:39.000

Village of Parish: Right let's use them up as best we can, we can serve reason why we don't before of this stuff down there on to a digital database.

488

01:01:43.620 --> 01:01:52.260

Village of Parish: there's no law says we can't do that right, we can actually back a lot of that up onto a database electric database is it secure.

489

01:01:53.580 --> 01:02:00.510

Village of Parish: Last yep and then we can actually get rid of the physical copies not have to keep them the basis on which.

490

01:02:01.260 --> 01:02:15.420

Village of Parish: keeps you have to keep two years right women excited they're bad people right exactly so i'm just curious there's a reason why we're not doing us, plus a priority, I think it actually cheaper, because it gives us more room down there.

491

01:02:17.430 --> 01:02:19.890

Village of Parish: For internal the records to look right.

492

01:02:21.510 --> 01:02:22.410

Village of Parish: consists of scanning.

493

01:02:24.210 --> 01:02:29.370

Village of Parish: scanning and a high definition scanner whatever make sure it's good quality scan.

494

01:02:30.390 --> 01:02:43.620

Village of Parish: And then certain there's certain things you have to keep for a lot longer a lot of the stuff that we have down there, we can actually get rid of and free up so much room downer there's some things that have to be in hard copy, yes I don't know exactly what has been.

495

01:02:46.320 --> 01:02:52.710

Village of Parish: The problem now but there's a lot of that that we don't need a hard copy of it, we have the digital copy which.

496

01:02:54.360 --> 01:02:54.840

Village of Parish: Yes.

497

01:02:58.980 --> 01:02:59.730

Village of Parish: or phrases.

498

01:03:01.980 --> 01:03:04.380

Village of Parish: A lot of something you can just download out to us.

499

01:03:08.700 --> 01:03:09.510

Village of Parish: let's look at our.

500

01:03:11.490 --> 01:03:20.130

Village of Parish: Digital versions, you need to make sure they're going to continue to be accessible to us in the future right so that's where you come in.

501

01:03:23.490 --> 01:03:24.570

Village of Parish: Right and help.

502

01:03:26.160 --> 01:03:34.860

Village of Parish: me figure out what we need to do this permanent and nature, yes, you know my new computer doesn't even have a CD rear.

503

01:03:36.000 --> 01:03:38.820

Village of Parish: Rear end and out so everything I have on that.

504

01:03:40.050 --> 01:03:43.710

Village of Parish: If I didn't have my own little plug into it, it would be last.

505

01:03:45.030 --> 01:03:57.690

Village of Parish: problem that you run into with changing formats over the years and permission documents hundred year old document on paper, the paper is about I can probably feel really.

506

01:03:58.770 --> 01:04:10.980

Village of Parish: proud of your digital file hundred years, and now, are we going to be able to know right, but if it's all into one database it's easy when we have this upgrade updates all of it yeah.

507

01:04:11.550 --> 01:04:20.850

Village of Parish: So, as long as you're constantly adding to it which we shouldn't be it's always going to be updated so should never be 100 year old are.

508

01:04:21.930 --> 01:04:22.470

Village of Parish: Good.

509

01:04:24.750 --> 01:04:32.880

Village of Parish: Things rather know adobe acrobat well adobe be around or will not be a transition in the documents to maintain those.

510

01:04:34.890 --> 01:04:50.190

Village of Parish: you'll need multiple copies, because if you have only one copy will thurs degradation of media and again you lost your standard

so yeah I know there's the state says there's a certain way to do it, I just know that we can do it.

511

01:04:51.270 --> 01:04:58.290

Village of Parish: doesn't possible right well I think that's all we didn't get that one breath and I applied for, because I think they are leaning towards us.

512

01:05:01.200 --> 01:05:13.650

Village of Parish: Do it to an external hard drive, along with flash drives so technically they all had a copy it cannot be every month and then everybody has a copy, so that if something happens there's multiple copies.

513

01:05:15.300 --> 01:05:17.370

Village of Parish: Right I just think it's something we should really know.

514

01:05:20.790 --> 01:05:26.340

Village of Parish: How can you be sure, like you said that down the road what equipment, you will need to.

515

01:05:28.470 --> 01:05:30.780

Village of Parish: Access it would.

516

01:05:31.980 --> 01:05:33.870

Village of Parish: It what we're doing now.

517

01:05:35.220 --> 01:05:36.600

Village of Parish: that's part of the challenge.

518

01:05:37.830 --> 01:05:53.400

Village of Parish: The challenge of the same way as long as we're constantly adding to it any files on data should theoretically up itself when you update you know, and this is just theory, though, because i'm knowledge i'm not a you know tech was here but.

519

01:05:54.480 --> 01:06:04.200

Village of Parish: If you have adobe reader and they update the file version, when you upload the next one it's going to update that file and read it right that's the way it works now it.

520

01:06:04.800 --> 01:06:19.710

Village of Parish: may or may not go there, so you're absolutely right they they basically obsolete, the oldest of the file formats when they update the file formats do more and better sometimes the abandoned own file formats.

521

01:06:21.030 --> 01:06:36.330

Village of Parish: We break those maybe from obsolete before like Microsoft programs so that having everything that PDF is most likely the best option, but I won't say almost six, as you have a PDF.

522

01:06:40.890 --> 01:06:41.370

Village of Parish: just looking.

523

01:06:43.140 --> 01:06:46.770

Village of Parish: For something is this addressing your records yeah business.

524

01:06:48.360 --> 01:06:54.240

Village of Parish: As to even go into digital equipment on so that would be different than half that stuff no.

525

01:06:56.520 --> 01:07:03.060

Village of Parish: Very good, Tom screens now if you gotta go down there and look up something very computer savvy.

526

01:07:04.830 --> 01:07:05.100

Village of Parish: In a.

527

01:07:06.450 --> 01:07:17.340

Village of Parish: format that can potentially be more searchable find that, as you type in a search word and it's going to search all that, and you know stocking supposed two hours you know.

528

01:07:18.780 --> 01:07:32.850

Village of Parish: What if we expense, the time then put it on or apparatus to do it time to time, but I guess expensive media or possibly buying online store of his.

529

01:07:35.070 --> 01:07:40.320

Village of Parish: destination storage is going to be yeah I think I might call a base or something.

530

01:07:41.490 --> 01:07:42.210

Village of Parish: Based on.

531

01:07:43.890 --> 01:07:44.820

Village of Parish: Their resume.

532

01:07:46.470 --> 01:07:47.940

Village of Parish: But yeah.

533

01:07:48.960 --> 01:07:50.670

Village of Parish: just become another budget item.

534

01:07:52.170 --> 01:07:53.490

Village of Parish: Budget depends.

535

01:07:54.810 --> 01:07:58.050

Village of Parish: yeah if it's something I work on when I have time.

536

01:08:00.210 --> 01:08:02.730

Village of Parish: Or we can get you know price seniors that needed.

537

01:08:04.860 --> 01:08:05.580

Village of Parish: service.

538

01:08:11.400 --> 01:08:12.750

Village of Parish: Ours scanning stuff.

539

01:08:14.760 --> 01:08:15.090

Village of Parish: Right.

540

01:08:22.830 --> 01:08:23.820

Village of Parish: Right well.

541

01:08:24.870 --> 01:08:35.190

Village of Parish: So hopefully this person will show up tomorrow and using to the fullest and get whatever transfer this began and completed all right anything else for.

542

01:08:37.470 --> 01:08:40.500

Village of Parish: One other item that has been.

543

01:08:41.520 --> 01:08:42.240

Village of Parish: discussed.

544

01:08:43.590 --> 01:08:55.500

Village of Parish: In the office is our front door exterior the front doors looking for and I thought we replace the door in the nose and formulating replace the whole.

545

01:08:56.400 --> 01:09:04.980

Village of Parish: whole section of it, because the word parts are starting to break down, and I suppose it's been recorded few years.

546

01:09:05.700 --> 01:09:25.470

Village of Parish: So that's another item that we're looking at to get pricing and some just exactly how much that would cost, but right now we have got very far with it, but if you've been in and out the door is needing some attention so hopefully we can address that and the parents are, the better.

547

01:09:26.910 --> 01:09:30.420

Village of Parish: So there's nothing else, we will go on to.

548

01:09:32.700 --> 01:09:42.300

Village of Parish: Gender here September 21 of next month, the board meeting and the is a quarterly joint boards we didn't have the last Joint so.

549

01:09:43.050 --> 01:09:57.210

Village of Parish: don't know if there's a need for this one I haven't spoken with town supervisor, you have any concerns, let me know and they don't have any made this business that meeting as well, but I saw some something from the town.

550

01:09:58.290 --> 01:10:08.880

Village of Parish: to cultivate issues we need to look at our roadways cannot wrap up anything for this webinar that we need to be addressed analysis will be one winner yeah.

551

01:10:10.140 --> 01:10:16.560

Village of Parish: Because that really shouldn't be on them to tell us as part of their you know okay we're responsible for the maintenance of cool.

552

01:10:17.850 --> 01:10:29.910

Village of Parish: But if they don't tell us about we can't fix it right, so if there's any concerns on there and they need to tell us that's really not which can be done over email or phone calls here.

553

01:10:39.180 --> 01:10:39.570

Village of Parish: alright.

554

01:10:40.800 --> 01:10:48.330

Village of Parish: we're going to their payment of bills paid, while I came up with \$3,748 13 such that we will.

555

01:10:49.800 --> 01:10:49.980

Village of Parish: walk.

556

01:10:54.480 --> 01:10:54.720

Village of Parish: That.

557

01:10:57.960 --> 01:10:58.290

Village of Parish: stuff.

558

01:11:01.110 --> 01:11:09.150

Village of Parish: It was \$3,748 and 13 cents and my calculation on my phone make sure you pay that.

559

01:11:10.560 --> 01:11:11.010

Village of Parish: Sorry.

560

01:11:12.900 --> 01:11:16.680

Village of Parish: that's from the Center of his brain activity account that's not my strength.

561

01:11:19.050 --> 01:11:28.440

Village of Parish: General fund about 237 to 55 and the amount of \$11,029 and 42 songs was so good.

562

01:11:29.580 --> 01:11:36.450

Village of Parish: And so we're fine i'll just 32 to 48 and \$46,609 and 20 cents.

563

01:11:38.280 --> 01:11:38.790

Village of Parish: So, again.

564

01:11:40.380 --> 01:11:46.800

Village of Parish: DNA function surgeons important to me thousand 735 hours, maybe.

565

01:11:48.510 --> 01:11:49.200

Village of Parish: It wasn't a bad.

566

01:11:59.430 --> 01:12:00.630

Village of Parish: guys take care.

567

01:12:01.980 --> 01:12:02.700

Village of Parish: Three months.

568

01:12:12.120 --> 01:12:12.450

Village of Parish: Just.

569

01:12:14.010 --> 01:12:14.970

Village of Parish: Reading us and stuff like.

570

01:12:19.470 --> 01:12:22.410

Village of Parish: That just would make everybody's life so much easier.
